REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of North Yarmouth:

Herewith I submit my second annual report of the schools of the town of North Yarmouth.

Teachers. With the beginning of the fall term Mrs. Evelyn Huston entered upon her third year in the Dunn school, her total experience amounting to fourteen years in school work. This is Mrs. Hayes' second year in Walnut Hill school, and her fifth year of teaching experience. Both Mrs. Huston and Mrs. Hayes are among their neighbors and friends and need no words from me as to their faithfulness in their respective positions. It may be said that for the salaries they receive considering their experience only "home" teachers can be considered.

After two years in the Buxton school Miss Viola Baston resigned at the close of the spring term to enter upon the larger field of home making. Miss Bessie Small of Portland, a graduate of Gorham Normal school, was appointed to this position. Miss Small came to Buxton highly recommended by her teachers and, I am glad to say, is fulfilling our expectations. Of the four teachers in town she is the only normal graduate.

Miss Cora Fox came to the Hicks school in September, Mr. Curtis Hughes resigning after two terms, at the close of the spring term. Miss Fox came to this position with exceptionally favorable credentials. While not a normal school graduate she has had three summer terms of normal training and eight years teaching experience.

In point of numbers this is the most difficult position in town, and it was considered wise to employ an assistant on part time. Miss Myra Chadbourn was so employed for several weeks, when, her health failing, Miss Florence Richards was assigned to the position. Miss Richards, after graduating from North Yarmouth Academy in June, attended Gorham Normal school during the summer, and is demonstrating much natural ability as a teacher. The Hicks neighborhood is certainly to be congratulated upon the efficient leadership of Miss Fox and her enthusiastic assistant. The spirit of this room of forty odd pupils of all grades from sub-primary to eighth inclusive is nothing short of marvelous.

Music. Much to the regret of all interested parties Mrs. LeGrow resigned her position as supervisor of music at the close of the spring term. Too much credit cannot be accorded Mrs. LeGrow for the pioneer work she did for musical instruction throughout the union. It was a pleasure to observe her conducting a class exercise. She was unusually popular with both teachers and pupils.

This is not an easy position to fill owing to the fact that there is much expense involved in the matter of transportation. Local candidates, only, can be considered for this reason. During the summer we had only two applications for the place, and after careful consideration, Mrs. Esther Rowe of Portland was elected on the basis of bi-weekly visits to the schools. It should be understood that this half-time plan was inaugurated solely as a measure of economy.

Mrs. Rowe came to our schools with a special training for supervisory work, and, I am pleased to say is maintaining the former high standard in this department.

The place of music in the public schools is well established. It may be said most emphatically that musical instruction in school is not a "fad" or "frill". The ability to sing adds to the joy of life. There is a truly

uplifting influence in the understanding and appreciation of good music. It was Horace Mann or some other notable educator of his class who said that anyone that was not able to sing should not attempt to become a teacher. This is a strong statement but it is plainly evident that if musical instruction is to meet with even a fair degree of success in the rural schools, one of the first characteristics to be considered in the selection of teachers is the ability to teach this important subject. It is this ability on the part of the regular teacher that will make supervision profitable and I may say successful.

Attendance. The importance of a high standard of attendance has been stressed throughout the year. The records show an encouraging gain in this particular. In any case there is little excuse for tardiness, and, barring illness, absence approaches the inexcusable. Here is a fundamental life lesson for the individual to learn, and the school is a good place in which to begin the practice of punctuality and regularity in attendance upon one's duties. The school register reflects unmistakably the spirit of the school. Here the home influence is most decidedly felt.

Buildings. It is well understood that the physical surroundings of the child at school have a direct bearing upon his educational progress. Every reasonable effort should be made in order that the children shall have a pleasant school home, well lighted with comfortable furniture, clean and attractive. To this end the interior of both the Hicks and Walnut Hill buildings need immediate attention. The walls and ceiling are dingy and out of repair. The budget that will be presented to the citizens at the next annual meeting includes these two items, also an estimated amount for painting the Buxton building. The fences about the Dunn and Walnut Hill

lots are in need of repair also. It is to be hoped that all the buildings can be equipped with electric lights in the near future, which will add greatly to the efficiency of the schools.

Conclusion. I wish to express genuine appreciation for the hearty co-operation I have received from the School Committee and teachers. The earnest purpose of all for the good of the schools has rendered our relations most happy. For this delightful attitude I wish to thank you all.

Respectfully submitted,

SHERMAN GRAVES,
Superintendent.
