“Doore’s Bananas”

During the 1940s, a talented student named Orman B. Doore created a cartoon version of Bananas the Bear which was a lasting tradition to the Black Bear tradition at Maine.

“O.B.” Doore entered the University in the fall of 1940 as a member of the Class of 1944 and soon began working for the *Maine Campus*. As staff cartoonist during 1940 and 1941, he drew sports illustrations and even a campus tableau entitled “Stag Dance Hangover.”

Although he had once used a scrappy little bear cub in a football cartoon entitled “Presenting the Maine Bears,” it was not until the issue of May 22, 1941, that he introduced the first of a series of recognizable Bananas cartoons.

Doore’s mascot showed warmth, humor and personality. Marching in step with the Maine ROTC Corps, he was a gleeful, spunky character. In the Homecoming cartoon “Familiar Scenes, Familiar Faces,” he chased the rival Bowdoin Polar Bear off the field, and in the issue of December 4, 1941, he attended the Military Ball with roses in hand.

Like many of his “classmates” of the time, Bananas was affected by America’s entry into World War II. As increasing numbers of students went into the service, Bananas also shouldered arms to support the war effort (as shown in the 1943 *Prism*).

Doore left the University during his junior year and later went into business for himself in Auburn (Maine) manufacturing novelty jewelry. However, he brought Bananas back to campus in 1946 when the General Alumni Association asked him to do a new set of drawings for alumni dues notices and fundraising letters. A more mature figure emerged, and at least one of these drawings was still being used by the GAA as late as the 1960s.

According to his sister (Mrs. Nancy Doore Smith ’49), “O.B.” continued to draw cartoons for fun but never pursued cartooning professionally. He eventually accepted a job as a draftsman and illustrator for the Auburn architectural firm of Alonzo J. Harriman Associates, Inc., where he worked for more than twenty years until his death in 1977.

Paul Silverman is named as 13th president at UMO

Dr. Silverman

Dr. Paul H. Silverman, 55, president of the Research Foundation of the State University of New York, has been named the 13th president of the University of Maine at Orono. The appointment was made Tuesday, July 22, at the meeting of the University of Maine Board of Trustees.

Dr. Silverman, who heads up an organization that administers \$180 million in research grants for distribution throughout the 64-campus SUNY system, succeeds Dr. Howard R. Neville as president of UMO. Dr. Neville left last July to assume the presidency of Alfred University.

A teacher, researcher and administrator, Dr. Silverman holds a Doctor of Philosophy Degree in parasitology-epidemiology from the School of Tropical Medicine, University of Liverpool, England, in 1955, and in 1968 was awarded an honorary Doctor of Science Degree from that institution. An expert in tropical diseases, Dr. Silverman served as project director from 1965 to 1976 for the Agency for International Development involving research in malaria

immunity and vaccination. The research laid the groundwork for the development of a successful malaria vaccine.

A graduate of Roosevelt University, Chicago, Ill., Dr. Silverman received a Master of Science Degree from Northwestern in 1951. He has held teaching, research and administrative posts at the University of Illinois, University of Colorado, Temple Buell College, Denver, Colo., and at the University of New Mexico prior to becoming provost for research and graduate studies at the State University of New York Central Administration. He assumed his present position in 1979.

He served from 1974-77 as vice president for research and graduate affairs and professor of biology at the University of New Mexico and in 1969 was a Fulbright Professor of Zoology at the Australian National University. He currently serves on the Board of Governors for the New York Sea Grant College and is a member of the New York State Governor's High Technology Opportunities Task Force.

His appointment at UMO is effective as of Aug. 25, 1980.

Honors students hosted by UMO

The Orono campus had the distinct honor of hosting the first National Collegiate Honors Council summer semester this past July and August. Attending were 14 honors students from across the nation (and Japan) who came to earn nine upper-division credits through what was described as "a cross-disciplinary series of courses introducing some of the most unique and attractive features — natural and cultural — of the region."

Coordinator for the program, and one of its three instructors, was Dr. Samuel Schuman, Ph.D. (Northwestern University), who is director of the Honors Program at UMO. He is the author of numerous articles and four

books on Chaucer, Renaissance Drama, and modern literature.

Joining Dr. Schuman on the faculty for "Maine Coast Summer", as the honors program was called, were Dr. Jean Daigle, a leading scholar and teacher of the history of Acadia and director of Centre D'Etudes Acadiennes at the University of Moncton, Moncton, New Brunswick; and Dr. James Waddell, Ph.D. (University of Pennsylvania), a native of Scotland who has done advanced research in aquatic invertebrate ecology and experimental teaching methods for the biological sciences.

The students — from California,

Washington, Utah, Kansas, Nebraska, Michigan, Minnesota, Iowa, Illinois, Vermont and New York, as well as Japan — took an honors seminar from Dr. Schuman, concerned with various aspects of the Maine experience, from ecology and history through literature, lobstering and current concerns.

From Prof. Daigle the students studied the Acadians, while Prof. Waddell instructed them in the ecology of the Maine coast.

During the group's stay in Maine the students took field trips to Acadia National Park and Mt. Katahdin, and also met with Maine Governor Joseph Brennan.

King deposits novel manuscripts

Stephen King, author of a number of the most famous contemporary horror novels, and a 1970 UMO graduate, has deposited the drafts and final manuscripts of these novels with the UMO Libraries.

Over 10 years ago the author of such best-selling novels as *Carrie*, and the more recent *The Shining*, was a shelver in the UMO Fogler Library while he was a student. King was also a writer for the *Maine Campus*, the UMO

student newspaper, and the author of the widely-read column, "King's Garbage Truck."

Dr. James C. MacCampbell, director of university libraries, said King decided to give the manuscripts to the library during the 1978-79 academic year when he was writer-in-residence in the UMO English department. The eight boxes of books which contain the several different drafts of all King's novels, and a few unpublished short stories, are available for

research use and are stored in the library's Special Collections' archives.

The acquisition of such material from authors is extremely important, both as a means of safe-keeping and for the researcher interested in studying the way an author works. The Fogler Library is also the repository of the works of several other Maine writers, including Dorothy Clarke Wilson, Mary Jane and Mary Ellen Chase, part of whose work is also at Colby College.

Alumni Council taps eight new members

Eight new members have been elected to the Alumni Council of the General Alumni Association for the University of Maine at Orono. These eight individuals will be a part of the 26-member body which sets policy and goals for 58,000 alumni.

Three of the new appointees — all of whom will serve three-year terms, are from the greater Bangor area. They include Margo Floyd Cobb, Class of 1952, general manager of WLBZ Television; James Goff '63, president of WPBC Radio; and Richard W. Sprague '51, vice president of public relations for Bangor and Aroostook Railroad and treasurer for the General Alumni Association.

Other Maine residents named to the Council are James C. Bates '32, M.D., from Eastport, vice president of the Class of 1932; James G. Good '71, Portland attorney with Pierce, Atwood, Scribner, Allen, Smith and Lancaster; and Charles E. Stickney, Jr. '44 of Yarmouth, president and treasurer of Deering Ice Cream Corp.

Also elected to the Alumni Council were teacher Doris E. Spencer '45 of Beverly, Mass., who has been the recipient of Black Bear and Block "M" Awards; and Mark Cohen '54 of Armonk, N.Y., vice president of ABC Television.

Rice named as new editor

Edward P. Rice of Yarmouth, assistant to the director of news services at Bowdoin College for the past two years, has been named the new editor of the *Maine Alumnus*.

Rice is a native of Brookline, Mass., but spent his boyhood in Old Town and Bangor and graduated from Bangor High School in 1966. He has a Bachelor of Arts degree from Northeastern University, majoring in English, and a Master's degree in education from the University of Southern Maine.

For seven years he served as a theatre critic for the *Portland Press Herald* and also wrote regularly on film and the performing arts. He has worked for the *Boston Globe*, as a reporter for the *Worcester, Mass., Telegram* and *Lewiston Daily Sun* and has written freelance

articles for the *Maine Times*, *Maine Sunday Telegram*, *Portland Magazine*, *Maine Running* and the *Portland Independent*.

Rice was the first publicity director for the Maine Lumberjacks, the Pine Tree State's first and only professional basketball team. An avid long distance runner, he completed the 1980 Boston Marathon. As editor of the *Maine Beacon*, the state-wide newspaper for members of the Army National Guard, he has won several individual awards for excellence, including the Dept. of the Army and the Dept. of Defense highest journalism prizes for editing.

Rice is married to the former Cheryl Leavitt, an Auburn native, who is a remedial reading teacher.

Bopping through defenses goes Bouier

Sophomore running back Lorenzo Bouier is having no part in that old adage about "'tis better to give than receive."

Says he: "The thing I learned most from my first year is to just take whatever they (enemy defenses) give me. Don't think about it. Just go!"

Which is exactly what last season's freshman sensation did, as he amassed 910 yards rushing, setting an NCAA rookie record. For that feat he was justly accorded the honor of ECAC Rookie of the Year.

"In high school I was a lot faster than most of the people I played against. I could pick my own way. But in college ball everybody is just as fast — and some are faster — than I am. And the hitting is a lot harder. I don't have time to think about what spot I want to go to. I just have to go," the personable native of Hartford, Conn. says.

Bouier is confident that the Black Bears can have a winning season this year, "if we come together and work real hard." Originally Bouier was primarily interested in elementary education but says now that he's also investigating a possible career in business administration. Noting that he's enjoyed his newly-discovered rural experience in Maine, Bouier states that he's finding his academic experience just as rewarding as his athletic one.

Enjoying Bouier's athletic success as much as anyone, of course, is Coach Jack Bicknell. "I'm very pleased with Lorenzo, and I feel this spring he demonstrated that he's capable of becoming a major college running back. You don't expect things of freshmen . . . but you do of second and third year players," Coach Bicknell adds.

"The biggest improvement Lorenzo has made is that he now instinctively runs hard every time he gets the ball. He's got a good body lean; before he ran too upright, but he's improved this year so he can bounce forward from the velocity of a hit and gain an extra yard," the coach states.

He concludes by noting that Bouier "expects good things to happen every time he touches the ball. He's very alert and very aware

of what's going on in front of him . . . the trademarks of a quality back. No longer is he picking his way along, now he runs with reckless abandon."

Lorenzo Bouier has proven, already, he possesses a proficiency for taking every yard he can get. And, indeed, he is giving something back to all his anguished foes . . . lots of headaches!

Hockey team seeks complete Cinderella tale

The question prior to the 1979-80 season was, "Can Maine handle Division One hockey night in and night out?"

The answer was "Affirmative" as the Black Bears nearly pulled off the Cinderella story of the season by making the ECAC playoffs in their first season of Division One competition.

The question for the 1980-81 season is, "Will history repeat itself?"

Head coach Jack Semler's band of freshmen just missed the playoff on the last day of the regular season in UMO's inaugural campaign (1977-78), then proceeded to clinch the number one seeding the following year. Last year, the Bears were bumped from the playoff picture on the final day of the regular season by eventual ECAC champion, Cornell. And Maine has yet to graduate its first senior class.

Semler returns 25 skaters who have won at least one or more letters including the first senior class. "We can improve on last year. Much will depend on the leadership of the upperclassmen and how quickly our new players develop," commented Semler, who has a 55-36-2 record in three seasons at UMO.

All-time career scoring leaders Gary Conn, Joe Crespi, and Brian Hughes give Maine three outstanding centers who have been with the team from the beginning. Senior Jon Leach, the Bears' most versatile forward, and

sophomore Gaetan Bernier, who is coming off an injury, supply quality and depth.

Seniors Bill Demianiuk and John Tortorella head up a hard-working group of wingers. Semler feels that this group must improve its

goal scoring capability to give the Bears a more balanced scoring attack. Junior Rob Zamejc, last season's top assist man, sophomore Michel Vincent, junior Robert Lafleur, and seniors Paul Wheeler and Jamie Logan, give Maine size and speed up front.

All-American Andre Aubut, a junior, heads up a solid group of returning veteran defensemen. Juniors Dwight Montgomery and David Ellis, and sophomore Ken Fagnoli give Maine four top Division One blueliners. Seniors Don Mason, Larry Page, Marc Son, and Brian McKiernan provide depth, and will vie for the last two defensemen positions this fall.

Balanced team effort sought by basketballers

What will the loss of graduated super scorer Rufus Harris mean to the 1980-81 Black Bears?

While head coach Skip Chappelle will be looking to muster the necessary offense to overcome the loss of better than 25 points a game, the University of Maine's winningest basketball coach (126-99, nine years) believes it could push this year's squad toward a more balanced team effort.

"We will have more people involved in our offense, and while we will be a very, very young team, our inside scoring should be much stronger," says Chappelle, who will again be assisted by another former UM standout, Peter Gavett.

Nine veterans, including four players in Maine's starting lineup during the last half of the 1979-80 season, return. ECAC Rookie of the Year Rick Carlisle, a 6-5 pointguard who can score and rebound, will lead Maine's attack. The talented sophomore is expected to join 6-2 senior sharpshooter Jim Mercer in the starting backcourt. Sparkplug Gary Speed, a 6-1 senior who hit several key baskets down the stretch in reserve action last year, and 6-4 sophomore Champ Godbolt, who showed tremendous potential (19 points at DePaul) before sitting out the second half of the campaign, are close behind.

Sophomore Bruce Sumpter and newcomers Kevin Green (10 ppg, 5 assists per game), a 6-3 guard from Natick, Mass., and Jeff Sturgeon (23 ppg and 10 rpg), a 6-4 All-Maine swingman from Old Town (Me.) HS, round out a solid backcourt.

Six-foot-six junior Clay Gunn returns along with 6-5 jumping jack Joe Johnson to give Maine two rebounding centers. Freshman Jeff Cross (17 ppg and 10 rpg), a 6-9 pivot from Newcastle, N.H., is one of several recruits Chappelle feels will have an excellent opportunity to contribute this winter. All three can score inside, complimenting Maine's fine shooting guards.

The forwards could hold the key to Maine's 1980-81 fortunes. Six-foot-six defensive stalwart Dave Wyman and 6-3 sophomore shooter Dan Czerapowicz are the only returnees, both Gunn and Carlisle have played up front. Newcomers, however, are expected to provide a major boost in the front court. Six-foot-six Paul Cook (18 ppg, 9 rpg) of Lubec and 6-7 Mitchell Anderson (16 ppg, 12 rpg) of Westminster, Mass., two standouts from New England Class A prep champion Maine Central Institute, will both get a shot at a starting slot. Also, Sturgeon and Johnson could see action at a forward position.

A well-balanced attack, along with early contributions from newcomers, could make Maine's young Black Bears a solid playoff contender in the nine-team ECAC/North.

UMO's '65 football team: They had that special "it"

Not just talent and coaching, but a charismatic blending that spelled . . . W-i-n-s!

by Ed Rice

Winning football teams aren't wrought solely from amassed talent and skillful coaching.

Obviously these two essential entities will carry a team the length of the field, but what pushes a club consistently over the goal line is something else. That something is a certain "it", an intangible element whose chemistry derives its power not from sheer talent nor the magical concoctions dreamed up in the coach's lab. This "it" is a just-right blending of personalities and skills which gives a team a special character, a kind of coming together that groups such qualities as pride, determination, esprit de corps, second effort and caring into a formula that can only result in victories.

"It" is what UMO's 1965 football team had.

Fifteen years have now passed since that championship season when Coach Hal Westerman's Black Bear squad, featuring such standouts as Dick DeVarney, John Huard, Mike Hodges, Charlie Belisle, Ivan Brawn, Al Riley, and Frank Harney (to name just a few), came within two points of an undefeated season, won the Yankee Conference Title and the Lambert Cup, and went to the Tangerine Bowl. Yet the memories can be summoned quite easily still, for the participant and fan alike.

Talk to any of the individuals associated with that team and that sense of a special feeling quickly returns.

An offensive lineman on the '65 team, now owner of an appliances store in Bucksport, Me., Ivan Brawn remembers this way: "We had something you couldn't quite put your finger on . . . a kind of cohesiveness. We were a bunch of 'no names', a small team that averaged maybe 175-185 pounds per man and played against some very good teams who were often a lot bigger. We beat them with our quickness."

An All-American at UMO who went on to play professional football, outstanding linebacker John Huard attributes the success of the team to "the basic makeup of the club . . . we had people who wouldn't quit, and you can see now that this was carried over into life. So many of the guys are successful in their own right: doctors, lawyers, businessmen, teachers and coaches. We were more than a team, we were like a family. We believed in ourselves and had one goal, to push ourselves to see how good we could become."

Huard, who this past season coached the football team at Acadia University in Nova Scotia to its first-ever national championship, also recalls how very young that team was. "We had a lot of juniors. But in each game we gained experience, and you could see that this

was a group of players working together and striving for excellence. It was a trend you could see coming around . . . a bunch of talented players all coming out at the same time."

Beating the University of Massachusetts, 10-8, in the very first contest of the season was an enormous hurdle cleared, one cited often as the most important victory of the year.

Now an assistant football coach at UMass, diminutive but feisty lineman Mike Hodges remembers just how important the Massachusetts game was. "That game turned things around. In those years the Mass. game was for the Yankee Conference. When we beat those guys we knew we could beat anybody."

That was a change in thinking, on Hodges' part anyway, that came about quite suddenly. Citing a number of early injuries and the inexperience of the team, Hodges laughed as he vividly recalled "sitting in my dorm room just before the season started thinking that this might be Westy's (Coach Westerman) first losing season."

Not a chance. Maine rolled through its schedule, running up large double-digit scores in defeating Boston University (18-7), Vermont (35-6), New Hampshire (48-13), Connecticut (24-6), Rhode Island (36-0), and Colby (42-14) to enter the very memorable Youngstown game with a perfect 7-0 slate.

(Continued on page 8)

Walter Hirst, David Harnum, Douglas Avery, Robert Stolt, Richard DeVarney, Ivan Brawn, and Michael Hodges. Second row, left to right: Tom London, Norman Tardiff, Paul Keany, Paul Pendleton, John Sherry, Dennis Doyle, William Pasquill, John Fahlgren, Gerald Perkins, Fred Lovejoy, John White, John Huard, Charles Belisle, David Sawyer, Paul Smith, Larry Richards, and Dana Mulholland. Third row, left to right: Carl Winslow, Donald White, David Werdin, Charles McDonald, George Wilcox, Keith Kalman, Dennis Carey, William Beaker, Peter Norris, Richard Irons, George Platter, James Goble, Terry Carter, Sumner Wright, Michael Connolly, Carl Fitzgerald, and Coyne Turcotte.

Against the large Ohio contingent the Black Bears crew came unglued . . . temporarily. Field leader and record-setting quarterback Dick DeVarney, now football and baseball coach at Brewer, Me., High School, remembers leaving the field at halftime, the team "having done everything wrong that it possibly could." UMO fell behind by three touchdowns.

Yet when the Black Bears returned to the field, a throng estimated at nearly 7,500 stood and gave the team a prolonged, heartfelt standing ovation.

Hodges remembers being quite baffled. "I ran back onto the field and thought 'What's the matter with these guys . . . don't they know we're behind?'" He quickly added, "It's the only time as a player that I remember a crowd really having an effect on us." DeVarney, too, was equally moved, noting that "the fans were very important. They gave us the inspiration to stay with it."

For Huard moments like this would never be attained again, even when he realized his dream of playing pro ball. "I'd had the fantasy but then I began to realize the hard cold facts about being a pro — being traded, having injuries and operations, and other problems related to the pros. My experience in professional ball (Denver — 4 yrs., New Orleans — 1 yr., and Montreal in the Canadian League — 2 yrs.) is something I wouldn't trade for anything in the world, but I never found the closeness and team feeling that we had at Maine again."

Pulling together just a little harder the Black Bears rallied. Lineman Brawn remembers: "I don't know what happened to us at the start. The intensity just wasn't there. We sort of felt our way around for two and one-half quarters . . . but then we got psyched."

Indeed.

The Black Bears rolled up four second half touchdowns, three of them coming in the short space of eight minutes and ten seconds. The third and final one, the game-winner, came with 6:50 remaining to play. It was a trick play, one worked on in practice, that called for a Frank Harney halfback pass to Norm Tardiff. Unveiled earlier in this game the play had just missed. This time it didn't. With the spectators going into a frenzy, Tardiff raced into the end zone, completing a 51-yard pass and run, giving Maine a dramatic, come-from-way-behind 27-22 victory.

Venerable Maine trainer Wes Jordan (who, contrary to rumor, hasn't held his post since the inception of football at UMO) remembers how Frank Harney's father ran right along the sidelines with his son as the winning touchdown was being scored. During his son's career at Maine Mr. Harney Senior, a former college player himself, was a familiar sight in the first row of the grandstands. From that vantage point he could easily get up, after a play, and run on the adjoining track . . . to work off nervous excitement!

For the affable Jordan, who was actually in his first year as trainer that season, the '65 team is a veritable gold mine of rich memories. Listen.

"All year long Mike Hodges went up against guys much bigger than him. Mike was a little guy . . . weighed no more than 165 pounds. Anyhow, in the Youngstown game Mike went up against a guy who weighed over 100 pounds more than him. That guy's name was William House . . . and he looked like a house! But at halftime they had to take him out of

John Huard, as he appeared—and tackled—as a professional football player.

there. Mike just kept beating him over and over again," Jordan relates with relish.

To Jordan quarterback DeVarney was a very special athlete. "I saw Dick do some things I'd never seen done on a football field. He had some kind of additional sense . . . he could sense when people were around him even when he couldn't see them. I remember once Dick was trapped on a pass play, but he used the official three or four times to duck tacklers. He was dodging tacklers and that poor guy was just caught up in the flow!"

On the subject of Huard, Jordan says simply, respectfully: "John's probably as good a football player as we've had here. Our whole defensive plan was to keep people away from him, and let him make the play."

Another player Jordan respected a great deal was fullback Charlie Belisle, now a doctor in the Portland, Me. area. "I remember when we were going to Florida all the other guys were packing swimsuits and suntan lotion. Charlie packed two suitcases full of books. It didn't come easy for him, but he made all that work pay off." Huard, too, recalls Belisle's perseverance. Says John: "Charlie would study until 2-3 a.m., and then go to church. He would practice with the same devotion. It was unbelievable to watch his dedication, but with people like him on the team you know you're going to be successful."

Tackle Gerry Perkins, long-time football and wrestling coach at Rumford, Me., High School was another of Jordan's favorites. "He was one of the biggest kids on the team, and not that big at that. But I remember him catching an important touchdown pass for us . . . on a tackle-eligible play we worked out especially for him."

Mighty-mite Hodges remembers Perkins as being about the biggest man, but adds "none of us were very big." Still, the former guard looked at the team's size as a plus rather than a minus. "Since the only way I've ever played was in the 160's I didn't look at that as a disadvantage. Maybe if I'd known what it was like to be bigger I would have," he joked. Mike went on to add that the smaller but quicker Maine linemen had more than their share of successes with bigger but slower opponents.

for athletic fundraising in the UMO Development Office. Injured for a goodly part of the season Norris returned to the team and found himself thrust into the proverbial frying pan.

"After our really tough 2-0 loss to Tampa (immediately following the Youngstown game) we were surprised to be selected to go to the Tangerine Bowl," Norris recalls, of Maine's first and only trip to a post-season bowl game. "We thought that loss killed our chances. So there we are, practicing and doing pushups, with snow up to our elbows, in Maine, and then we're suddenly back down in Florida for our second trip there. Unreal!"

At the Tangerine Bowl, East Carolina proved a very rugged foe. Norris remembers: "It was a tough, defensive struggle at 0-0, with a chance for the game to go either way. I was watching from the bench and everything pretty much came to an end for us when DeVarney got hurt for the second time and had to leave for good."

DeVarney's prowess as a player went beyond his ability as a quarterback. He was the team's punter. And when he succumbed to injury it was a nervous Pete Norris the team turned to as DeVarney's kicking replacement. "I was sitting on the bench watching, and then suddenly I was

Charlie Belisle

standing deep in our own territory waiting for the ball to be snapped. I was scared to death!" Norris related comically, crossing his eyes and shaking his hands in a nervous tremble. "I wasn't sure I could catch the ball!"

Let history record, however, that Norris punted admirably — and many times too — that day, averaging nearly 40 yards a kick. Norris went on to set a university record, which still stands, for the best punting average in a season with a 39.4 yards per kick. He was also later named All Yankee Conference defensive end.

The final outcome of the Tangerine Bowl at Orlando, Fla. wasn't pleasant. With DeVarney out Maine couldn't get untracked at all offensively, and finally the outstanding UMO defense withered. The Black Bears lost 31-0.

Against East Carolina DeVarney injured his knee in the first half. Trainer Jordan remembers: "We got him taped up and put back together again, but early in the second half he dislocated his shoulder . . . and that was it." Of DeVarney Jordan says: "He's a class guy. He was very mature, and if there was a way to win he would find it. He had extreme confidence, which separates the good from the great. With Dick the guys knew Maine was gonna put points on the scoreboard.

"Dick probably drove Westy crazy," Jordan continues, laughing, "because the coach likes to be more conservative. But Dick liked to throw and he could do it well."

Huard contends that "as a team we didn't know how valuable Dick was until he graduated. We had a better team, defensively, the next year but we just

didn't have a quarterback who could get us points. We missed him."

Longtime Bangor, Me. media sportscaster George Hale recalls a most prophetic conversation he had with Coach Westerman the evening before the bowl contest. "Westy called me up to his room the night before and said that if anything should happen to 'our little guy' — which is how he always referred to DeVarney — then 'we are finished,' " Hale related. The veteran commentator continued, "And sure enough, almost like a prophecy, DeVarney gets hurt and we more or less folded our tents. . . ."

Hale has praise for many of the others too. "What I remember best about that team was how hard they hit. When they struck you, you didn't bounce right back up. And they played their best when the going was toughest. I think the highlight of the season was the game they lost . . . the 2-0 defeat to a very good Tampa club. Time and time again Tampa moved the ball to the Maine goal line, and time and time again Maine held them from scoring. I remember a guy like Al Riley . . . who just seemed to be running around the field

looking for someone to assassinate. I heard that he later worked as a bouncer for awhile . . . a task he'd be well set to," he says laughing.

"They were a talented but loose team. It's hard to pin them down . . . they had a cohesiveness though," Hale says, noting that when East Carolina's baseball team came this spring to compete at Orono in the Eastern Regionals the school's athletic director enjoyed several conversations with locals on the subject of the '65 Tangerine Bowl rivalry.

Typical of all the men of the '65 team is a reluctance to talk about their individual feats, preferring instead to talk about the abilities of their teammates. A soft-spoken Dick DeVarney talks not about the offense, but the continual outstanding work of the defense. An equally reserved John Huard pinpoints offensive accomplishments. Says DeVarney: "That's the kind of team it was. We knew everybody and cared about everybody. When the offense was on the field, the defense was cheering and helping out. That worked both ways. We were always encouraging each other."

Suggests Trainer Jordan: "Those guys, many of them small town kids, were willing to push that little bit extra. They beat teams that had greater ability because they refused to say 'No!' They just kept going and going."

Coach Westerman, now UMO Athletic Director, has very special feelings, of course, on the subject of the '65 team. "Going to the Tangerine Bowl climaxed a great season that I feel brought together a group of outstanding young men dedicated to the game of football. They were truly a team in every respect, representing the university and the state with high ideals, dignity and sportsmanship.

"The team had that intangible asset that makes a winner. As I observe many of those men today it is easy for me to see why we were successful. It was a rare privilege to be one of their coaches," Westy says.

The feeling is mutual. Notes Ivan Brawn: "Not only did we have a cohesiveness and a family-like unity but we had a coaching staff we deeply respected. We'd have done anything for them."

There's a phrase popular these days that says, simply, "Go for it." UMO's '65 football team is a club that went for it. Got it. And has held it ever since.

DeVarney, escorted by trainer Jordan, comes to the end of a great career.

The Stein Song

It made the world's rafters ring in 1930, but left its author, sadly, with little to sing about.

by Parker Albee, Jr.

Fifty years ago the University of Maine was becoming known around the world with a rapidity enjoyed by no other American university. More precisely, people everywhere were hearing of its shouts that made rafters ring, its loyal Maine men, its happy hours and careless days. For 1930 was the year that Rudy Vallee '25 was singing the *Stein Song*.

Basking in the limelight the university community had every right to be excited and proud. By the spring of 1930 Vallee could report their song to be "Number One all over the country," and "the most popular record and song of the big night clubs of Shanghai, China, Lisbon, Egypt, and . . . in every Oriental port." Not only was their song being popularized by a former Maine student, its lyrics owed their origin to the industry of two other undergraduates a generation earlier: Adelbert Sprague '05 and Lincoln Colcord '04. As University band leader in 1904-5 Sprague had discovered a military march

composed by E. Fenstad which he believed suitable for a campus song. For lyrics he turned to his roommate: "We were preparing a concert program for presentation in Alumni Hall, and I handed one of the band parts of the march *Opie* to Colcord and asked him if it wasn't worthy of some Maine words. He took it down to the piano in the music room and within a half-hour was back with the *Stein Song*. . . ."

Twenty-five years later Sprague and Colcord found their lives affected by the song's success. Both were asked to play a prominent part in the 1930 Commencement weekend. The two friends made their prepared remarks, the band played the song, and the reunion classes sang it as both Paramount and Fox Movietone Newscameras ground away to capture the scene for national coverage.

To a campus in the midst of the Depression this attention fortunately brought more than just fame. That fall's

football season drew crowds of people to town. Harry Paul '32 recalls that not only was the national press anxious for any news from "this little school in Orono" but that people attending games wanted pennants, banners, copies of the *Stein Song* — souvenirs of any variety.

Beneath all the fanfare of these exciting months, however, there was one story of which the public was not aware.

In his home in Searsport that winter of 1930 Lincoln Colcord had read (he owned no radio) of his song's enormous popularity. To his amazement no one had requested his permission to use his lyrics — to say nothing of having mentioned any royalties! The song's publisher was Carl Fischer, Inc. of New York, holder of the copyright on Fenstad's melody — but not on Colcord's lyrics.

Colcord himself had never copyrighted the lyrics of what had been up to now strictly a local campus song. But, neither had he ever signed his lyrics away to

ring!

anyone. He contacted the Fischer firm and made the trip to New York in late March to meet with its representative. There he explained that "since I was everywhere freely credited with the authorship of the lyric, it seemed reasonable that I should be deriving a royalty from it." Following the meeting Fischer's lawyer wrote Colcord that there was "no desire to unduly profit by your work without adequate compensation to you, but, as you may realize, we are already under obligations to pay royalties and it is doubtful whether the song can be successfully exploited with the imposition of any substantial amount in excess of our present commitments."

The author was not encouraged. To his sister he confessed his feeling that "we have a very shaky leg to stand on — no copyright, nothing but a sound moral position."

This pessimism soon proved well founded. When the Fischer firm began to mention actual dollar amounts, the figure was \$200 with a hit at \$350. This for the lyrics of the most popular song of the day! Colcord, who had voluntarily promised Sprague half of any sum he might receive as he felt his friend had had "a real function as one of the creators of

the song," wrote his lawyer in mid-May: "It's really ridiculous for them [the Fischer people] to be haggling over these relatively small sums of money. Why don't they do the thing in a decent way?"

All this time Colcord kept the royalty dispute from a press ever-anxious to scoop a story concerning the *Stein Song*. Naturally, there was speculation as to the wealth accruing to those associated with the song. One industrious reporter from the *New York Sun* telegraphed the author at Searsport: "you are getting rich on *Stein Song* . . . fastest sheet music in history . . . if not too personal may we have details on royalty you receive." Another overly anxious writer filled in these details himself in an article in the *New Yorker* which proclaimed: "the authors of the *Stein Song* are sharing \$10,000 in royalties."

Caught in the midst of the deadlock with Fischer and besieged by the press, Colcord decided to write Rudy Vallee concerning his plight. Surprised and alarmed, the busy entertainer was immediately sympathetic. He telegraphed asking if "one half of my royalties" would "make you happy." Touched by

this unexpected generosity, Colcord replied:

Now you are a brick, old man, and I appreciate the offer more than I can say. I appreciate chiefly the finding of such a point of view in the world today. That's splendid! But I've been through the mill longer than you have, been ground down a lot more; and I tell you, you mustn't be quixotic in this matter. If I had felt that you would consider such a thing for a moment, or would possibly think I was considering such a thing, I would have made the point plainer in my last letter. I'm not out for money, just as money, from this song; I'm just trying to get what ought to be coming to me, what is rightfully mine. If in order to get some return, it would have to come out of your pocket, I wouldn't touch a penny of it with a ten-foot pole! That isn't what I'm trying to work out at all.

What Colcord was trying to work out was a business proposition with the publisher on the basis of what he would have received had he held a copyright. Vallee now joined him in that effort.

Throughout that spring and summer the correspondence between author and singer retained the trust and warmth with which it had begun. Vallee exerted continual pressure upon the Fischer people, as he

explained to Colcord, "to see that you are satisfied, as I would like to feel that there is not one disagreeable feature connected with the popularity of the *Stein Song*." Vallee also struck a personal note, detailing his hectic life and adding "I am barely existing with regard to eating and sleeping, and I never seem to be able to catch up." This sign of despair quickly called forth his correspondent's writing abilities and human qualities. Colcord replied:

I feel like answering the last paragraph of your letter first; it sounded almost like a cry of pain. Here I sit, just above the headwaters of Penobscot Bay, looking out over a range of deep blue water and islands covered with bright spring green, on one of the most divine afternoons God ever dropped on the old world. You know what the Maine coast can be in June, when it gives half a try. Robins feeding their young under the eaves, gulls and fish hawks sailing over the bay, a few schooners drifting across the scene, the air warm yet fresh and invigorating — and nothing but peace all around. No harsh sounds, no harsh people to bother with . . . Pretty soon I'm going to be sailing down around there. Peace, and quiet living. Why should we strain so hard at the leash? Why should we tie ourselves in hard knots and trouble our hearts, when nature offers such scenes as this?

Vallee, urged by Colcord to visit Maine, vacationed in the state that summer and the

two men met for the first time. Colcord may have gained a friend, but he had not made any substantial progress with Fischer. He was particularly frustrated at not being able to obtain any precise figures on how financially rewarding the song had been for the publisher. Without such knowledge he felt it impossible to assert what his share should be. When pressed by his lawyer to decide what amount would be acceptable as a lump sum, he replied "offhand, I should say five thousand." It was June and he was impatient with what he interpreted as stalling by the other side.

His lawyer's request for a \$10,000 lump sum payment resulted in a counter offer of \$1,000. Here the matter stood throughout the summer.

Finally, after several futile attempts with Fischer on Colcord's behalf, Vallee resolved to end the stalemate. In September he wrote Colcord that he desired "a showdown with the attorneys and members of the firm of Carl Fischer" and that it was highly important for Colcord to be there in person. Vallee was willing to take the entire affair under aegis: he would set up the meeting, assure that all would be present, and host his friend in his apartment.

Colcord had just returned refreshed from a month of sailing the Maine Coast. Within a few days he was en route to New York. These past months had been frustrating and he was anxious to settle the matter. At the all-important meeting he abruptly agreed to accept a mere \$3,000. A surprised and disappointed Rudy Vallee described that moment in his autobiography: "They [the Fischer representatives] asked him what he wanted. Before I could stop him he settled for \$3,000."

The behind-the-scenes struggle had ended. The *Stein Song's* author would never receive more than this minuscule percent of the quarter of a million dollars estimated to be the publisher's share. As quickly and quietly as he had come Colcord returned to his beloved Penobscot Bay and all that was far more dear to him than the material benefits which had eluded him in New York.

Parker Albee, Jr. is an associate professor of history at the University of Southern Maine. He is currently doing research on the Lincoln Colcord papers and wishes to thank Brooks Colcord for permission to take quotations from them.

Reunion '80:

Roger Castle receives Pine Tree Award as one big highlight in a weekend jammed full with highlights.

by Nancy Morse Dysart '60

Reunion '80 found 594 alumni and their spouses from all over the world converging on Orono, June 5-8. The Class of 1960 achieved special "long distance" status, with former classmates coming from as far away as Hawaii and Israel.

The presentation of special class gifts and the awarding of the Pine Tree Emblem Alumni Service Award to Roger Castle '21 highlighted the weekend's festivities.

Thursday afternoon the Class of 1930 was treated to a special slide presentation on UMO's history by Dr. David C. Smith, Maine history professor and author of the recent UMO history, *The*

First Century: A History of the University of Maine, 1865 to 1965. Lengyel Gym was the site that evening for the annual Reunion "Pops" Concert by the Bangor Band, the nation's oldest continuous community band.

Traditional class shore dinners on Friday night brought 526 former classmates together in the Fieldhouse. At a special Golden Anniversary Banquet in Hilltop Commons, 60 fifty-year diplomas were presented to members of the Class of 1930 by Acting UMO President Kenneth G. Allen and General Alumni Association President Arthur Nicholson III.

Class meetings and class photo sessions, on Saturday morning, gave alumni an opportunity to elect class

officers and share their experiences and activities since college days.

At the annual meeting of the Senior Alumni Association members voted to contribute \$10,000 to Maine's Merit Scholar Program.

This total represents the largest merit scholar contribution ever made by reunion alumni.

From accumulated funds held by the Student Aid Office there will be given for the 1980-81 year 10 full tuition scholarships to Maine High School Merit Scholars.

Officers for the Senior Alumni Association for the 1980-81 year include: Charles Crossland '17, president; Erdine Besse Dolloff '28, 1st vice president;

Special Student Contribution

The Student Alumni Association of UMO was formed a few years ago as an organization of students devoted to helping other students.

During Reunion '80 the 75-member organization fulfilled this charge and in the process assisted the university in its goal of providing people of the region and state with a badly needed Performing Arts Center.

During the annual meeting of the General Alumni Association, held as part of the 1980 Alumni Reunion, the SAA presented GAA President Arthur Nicholson III with a check for \$500 to benefit the proposed Performing Arts Center at UMO. The money was realized as the result of a student project that provided final examination "Survival Kits" at the end of the 1979 fall semester.

The "Survival Kits" included such items as bags of fruit, soup and snacks which were purchased by parents of students and delivered to the son or daughter, often with a comforting note of support, just prior to the start of final

exams. The kits were delivered to some 2,200 students.

Assisting the SAA with the project was Doug Brown of Doug's Shop 'N Save Stores.

Presenting the check to Nicholson was SAA

President Carrie Dunbar, a junior from Gardiner. The donation, according to Nancy Dysart, assistant director of alumni activities, is the first such contribution to the Performing Arts Center by a student group.

Carrie Dunbar '81 presents check to GAA Pres. Nicholson.

Winning the Pine Tree

Roger C. Castle '21 of Damariscotta, a retired Bell System executive, was the recipient of the Pine Tree Emblem Alumni Service Award for 1980.

Evidences of Castle's service to UMO are found in many places and areas on the UMO campus.

He and his wife established in 1967 a fund through the University of Maine Foundation which provides for an endowed professorship in electrical engineering. In 1973 he and two other alumni established a Gold "M" award which is now presented yearly to a graduating senior who participated in varsity track and field, and who was active in extra-curricular activities.

In addition, the Class of 1923 clock adorning the northwest corner of Memorial

Field House is a product of Mr. and Mrs. Castle's generosity. The Memorial Flagpole at Alumni Field, a gift from the class of 1921, exists as a campus landmark because of the dedicated efforts of Roger Castle.

A graduate of Hebron Academy, Castle obtained his Bachelor of Science degree from the University of Maine and went to New York, where he served for 40 years in the Bell Telephone System in various administrative capacities. As an undergraduate he was a member of the university's track team. During his business career he served as president of the Northern New York Alumni Association in Schenectady.

For several years he served as a member of UMO's Athletic Advisory Board.

Richard FitzMorris '29, two years; and Hortense Bradbury Monaghan '29 and Henry R. Butler '20, three years.

The nominating committee consisted of Kenneth Woodbury '24, Earle R. Webster '27 and Chairman Oscar Wyman '26.

The Class of 1932 champagne luncheon at Hilltop Commons, Saturday, was highlighted by the presentation of the Alumni Block "M" Activities Award to Paul G. and Katherine Whitcomb Butler of Bangor in recognition of their contributions to class activities and alumni programs. The awards to the Butlers marked the first time that such recognition has been given in a joint citation.

Paul Butler '32 is retired from the Bangor Water District where he served as assistant superintendent. His wife, Class of 1931, worked as manager of the Log Cabin Restaurant in Orono and later taught home economics. Both have been involved in volunteer work for the Eastern Maine Medical Center and the First Universalist Church of Bangor.

Following the Alumni Luncheon in the Fieldhouse, the annual meeting of the General Alumni Association began with

special recognition for two members of the Class of 1965.

Honored with Block "M" Awards were Henry L.P. Schmelzer of Boston, Mass., and Henry A. Voss Jr. of Barrington, R.I.

Cited for his efforts on behalf of the Southeastern Massachusetts/Rhode Island Alumni Association and the General Alumni Fund, Voss is vice president and resident manager of the Providence, R.I., office of a major financial counseling firm. He has been state chairman of the Second Century Fund capital campaign in Rhode Island, a member of the Black Bear Club of Rhode Island, and a member of the Black Bear Award selection committee.

A special highlight of the GAA's annual meeting was the presentation by

Carrie Dunbar '82, president of the Student Alumni Association, to GAA President Nicholson of a \$500 check to benefit the proposed Performing Arts Center.

Special Reunion class contributions to the Performing Arts Center and/or UMO scholarships were presented at the Reunion Banquet Saturday night, with the Class of 1930 leading the way by generously giving a \$20,000 gift.

Also at the Reunion Banquet Roger C. Castle of Damariscotta, a 1921 graduate and retired Bell System executive, was presented with the prestigious Pine Tree Emblem Alumni Service Award. The

award, given for the 51st time by the General Alumni Association, is presented in recognition of outstanding service in promoting alumni work on behalf of the university and for acknowledged success in life in a profession, business or public service.

Reunion activities concluded Saturday night with the Reunion Ball, held in the Memorial Gym.

The very "special" guests at Reunion '80 included members of the Golden — 1930 — Anniversary and Silver — 1955 — Anniversary Classes, as well as those of 1932, 1933, 1935, 1940, 1945, 1950, 1960, 1965 and 1970.

Senior Alumni hear about 'The Way We Were' . . . and the way we are now, during Reunion '80

In this, the partial text of a presentation by the Vice President for Student Affairs, the ups and downs of student life provide some interesting comparisons and contrasts.

by **Dr. Thomas Aceto**

How pleased I was when Dr. Crossland asked if I would address the Annual Senior Alumni Breakfast. He explained the nature of the meeting and the fact that many of you have been meeting like this for several years. But as this day drew nearer and I began to reflect on what it was I would talk about, I became just a bit nervous.

I began to think about the total number of alumni meetings each of you has probably attended over the years, and how often you have had to sit and listen to a vice president or a dean tell you about what it's like at the University of Maine today. I now know how Elizabeth Taylor's fifth husband must have felt on their wedding night — I know what I'm supposed to do, but I'm not sure I can make it exciting or interesting!

As the person responsible for students in their out-of-class life at the university, I do know that alumni are particularly interested in the general behavior of students attending the university. Certainly the campus is quieter than it must have been in the late 60's and early 70's, but alumni still worry that today's students aren't nearly as well behaved as they were.

Well, to be sure, some students did drink more than their share of beer this past year, have broken a few windows and kicked a few holes in the dormitory

walls, sneaked a few beers into the football game, and we've even had to suspend a few. But, I know you would really prefer to hear about the really big disruptions that have gone on here.

So let me begin by telling you how the sophomore class voted to defy the president's ban on freshmen hazing. Now when eight students were suspended for conducting an all-night hazing session, the rest of the students didn't like that very much. So they decided to go out on strike for nine days closing down the university.

Ed Rice

Dr. Aceto

It was a real donnybrook — I'll tell you. Faculty members were upset. Board of Trustee members came to the campus. All the state newspapers picked up the story. What's that? You say you don't recall reading about this incident? Well, it's no wonder. You see, this incident didn't happen in 1980 or 1979 — or even 1970. *This incident, the worst student disturbance the campus has ever experienced, occurred in 1909!*

Actually, this wasn't the first report of student disruption, since as early as 1870 or 1871 a so-called "tea-riot" broke out on campus with crockery smashed and much noise in the dining room when the steward refused to provide tea at dinner. Then in 1885, after petitions failed to get action, students went on strike, walking *en masse* to Orono after refusing to eat the food prepared by the steward.

The student misbehavior incident that I like best involved poor Lt. Edgar Howe, a West Point graduate who was hired to conduct weekly inspection of the dormitories in the mid-1880's. His task was to curb student disorder and to stop unacceptable sanitation practices. You see there were no modern plumbing facilities on the campus in 1880's, and on a cold winter night the walk to the centrally-located privies was too arduous. So students used the basement of their dormitories as makeshift privies. Well, Lt. Howe became too strict in his inspections. So the students merely stole all the guns

from the armory, captured Howe and locked him in a basement which had been used as a substitute privy. After one day and a half there, Howe asked for a transfer back to West Point — which was granted!

This story, and the others, are cited in Professor Dave Smith's newly-published history on the University of Maine. Dr. Smith tells of drunken binges and celebrations which often ended with the Bangor-Orono electric trolley being thrown off the tracks and the trolley waiting room building being burned. But, of course, all of this occurred well before anyone in this room attended the university and nothing of this sort happened after the 1909 strike! Unless one happened to be attending the university in 1926 when a serious fracas broke out at the Strand Theatre in Orono and some traveling entertainers were literally run out of town by students. Or unless one just happened to be standing by during one of the Rising Night Activities, the prelude to Main Day, particularly that night in 1930 when sophomore chemists produced some homemade tear gas which caused a fairly bad melee. Or — well, I could go on, but I am reluctant to describe any activity which might in any way embarrass anyone attending this meeting this morning!

A year ago, at this time, the university community was in a state of uncertainty in that Dr. Neville had announced his resignation from the presidency and it was unclear just how the Chancellor was going to proceed to name a replacement. In late July, the Chancellor did announce a search process which has involved alumni representatives and which faculty and students found acceptable. And he also appointed an interim president to serve until the search process was completed. Of course, that person was and is Dr. Ken Allen.

Dr. Allen is now certain to get his name into the Guinness Book of Records for having served the most number of years as an acting president of a college or university — but all kidding aside, he has done an outstanding job for us this year. Emerson once wrote "a college is but the lengthened shadow of its president." I'm sure the shadow of President Boardman and certainly that of President Hauck who followed, was seen and felt by all those who were at the university in that era. In a similar vein, Ken Allen has cast his 'lengthened shadow' in the form of leadership for this fine university during

the past year and he has made his mark. His style has created a reaffirmation of trust in the presidency for many faculty members and students. He has taken the time to listen when that was needed. He has entered into discussion and debate when that was needed. And he has provided a strong sense of direction for the university when that was needed. If there was ever a right man for this difficult task of serving as president of the university during the past year, it was Ken Allen.

While student enrollments grew to 11,574 last fall, possibly the largest enrollment ever, the number of employees remained at just under 2300 (560 faculty, 428 professional and administrative, 1300 classified). Not only have the number of students increased, but we're experiencing greater diversity.

- 33 percent age 24 or older;
- 35 percent increase in part-time enrollment since 1976 (1805 to 2444), whereas full-time enrollment increased only 3 percent in this period (8883 to 9130);
- 20 percent increase in associate degree candidates since last year (1119 to 1343) and Orono has more associate degree candidates than any other campus in the system;
- and 7 percent increase in the number of women enrolled. Women now represent 46 percent of total enrollment and are making their mark in engineering, life sciences and agriculture, and business.

We're also seeing an increasing number of the state's most outstanding

high school graduates enrolling at UMO. For example, the freshman class entering in September will include 14 National Merit Scholars. These are young men and women who represent the top one-half of one percent of all high school seniors and they clearly could attend any college of their choice. Throughout all four classes, the university had 47 National Merit Scholars enrolled this past year — *more than any other public university in New England* and eighth on the private college list behind Harvard, Yale, Dartmouth, Brown, Boston University, Williams and Amherst. The most significant implication of enrolling large numbers of National Merit Scholars is what it says about the quality of education at UMO, as perceived by the outstanding student-scholars.

There are other measures of quality which also contribute to our pride in this fine university. For example, over the past three years, 62 percent of our applicants to medical school have been admitted.

Other measures of academic excellence include the fact that 90 percent of our graduates who take the Professional Engineering Exam obtain a passing score as against the national average of 75 percent. And the average score of 537 on the Graduate Management Aptitude Test achieved by UMO graduates places them as a group in the top 20 percentile of all students taking that exam.

These and other qualitative measures reflect positively on both the excellence of our students and the excellence of our faculty and of our academic programs.

General Alumni Association's 1979-80 Annual Fund Report

From the National Campaign Chairman:

I'm proud to report that the General Alumni Association's Annual Alumni Fund surpassed all previous campaigns and passed its goals of a "Half Million Dollars" making a final total of \$522,720 by June 30, 1980.

The major goal of the Association over the last four years has been to raise increased funds to complete a \$400,000 pledge to the university for the Performing Arts Center. To date, \$250,000 has been given for this purpose. With the success of this campaign, a major gift will be made this fall and hopefully the remaining to follow before Jan. 1, 1981.

Alumni gifts have also supported the association's programs for both students and alumni. The athletic scholarship program has received new increased funding, and reunion gifts increased more than ever before.

Some of the campaign highlights deserve special mention:

- Twenty additional alumni joined the President's Club, giving a total of \$210,026.
- Alumni volunteers made personal appeals to alumni in several major populations centers (for example: Boston, N.Y.C., Long Island, Hartford, Springfield, Portland).
- This year's seniors, the Class of 1980, raised \$21,920 in pledges from 274 members to be paid over the next five years. Their theme was "Eighty for '80" — eighty dollars for the Class of 1980.

I'll conclude by saying that annual giving at UMO passed a milestone this year when the fund went over the "Half Million Dollar" figure. This means that the Annual Fund has increased 92 percent since 1975 — a great achievement to send us into the 1980's.

Presented by,
William D. Johnson '56
National Campaign Chairman

Class Notes

When you send your Christmas notes this year, how about sending one along to your class secretary!

And while we're on the subject of correspondence . . . there is the little matter of address changes. Have you moved? Gotten married? Gotten divorced? Retired? Whatever it is that you've done to rearrange your lifestyle — and address — please send us that new address. The Maine Alumnus can't find you unless you notify us!

In the Class Notes section this month we are featuring some of the class pictures taken at Reunion '80 by Al Pelletier of PICS. The rest of Al's group shots will be included in the Winter Alumnus issue.

Monument Square, left to Kenoza Ave. to 229, brick entrance on right. Or to call on me by continuing on right of monument through lights to base of hill, turning left on Route 113 and following the river, crossing gravel and bridge; turn sharp right, second street left, to white house on knoll on left.

Received a copy of a note through the Alumni office from Montford Patten '15, best remembered by the Class of '16 as a forestry and *Prism* artist. Monty reports his 90th birthday in March and says he flew to Maryland to get his driver's license renewed for the next four years.

A few years ago, he happened to be near the place where Lloyd Houghton '12 (dec.) captured the original "Bananas." "As a forester, Lloyd and I were up there cruising and stayed at the same cabin where he and his brother ran into the old she-bear and two cubs." Hope you make Black Bear Club, Monty. This letter had particular interest for me as Monty and I were roommates for two years.

All friends and classmates traveling over the Mass. Interstate 495 will be welcome to call on the Secretary of '21 by taking Haverhill exit to route 125, Main Street to

No news, well here is my story. I fell in love with a surveying instrument (and still love them) so I took Civil. Then, in the army, they found I could type, so I helped discharge others for nearly a year. I discovered Landscape Architecture, got a degree and a job, lost it, went

to California on a big development, got sent back to Brookline, Mass. Tried teaching at Ohio State for two years, then three more in Groton, Mass.

In 1934 the National Park Service needed me in Missouri. By 1936 I was ready to try skiing as a business. Bought a New Hampshire inn, which went broke just before the war started. Gasoline was too short. Brown University was next, for a year, as housekeeper yet! Then wholesale grocery business in Bangor, which was helped by war shortages until 1953. Worked for a couple of architectural firms until that washed out in 1964.

Retired to Pittsfield near my daughter, Barbara, who has two sons. Daughter Janet married into Park Service in Seattle. With a girl and a boy. They all ski. Now I get hauled up hill to ski down, and walk a bit of golf in summer. Couldn't drive, sold my car and retired to this place where all I need do is go to meals. I was always told to be a good boy and get an aim in life. The latter I never did, but my bosses all liked me and I made lots of friends. So there!!

Ralph V. Sennett writes from Clemson, S.C.: "Always good to hear from you. Sorry to hear that Florence's

Class of 1917

mother is not doing well in the hospital. Too bad that one has to get old. Don't I know it! I am in reasonably good health. Since my wife passed away last year I have taken this apartment and look after myself completely although my daughter is only three miles away, if I should need her. Sorry that I have no news. This is a college town, and is somewhat quiet in the summer, but during the school year I attend all home games of football, basketball and soccer. Clemson has nationally ranked teams in all of these, so we see many good games and spirit is extremely high. I am not going to Maine this summer as I usually do. It is a long trip and gets longer each year!" Ralph's address is: 106 Strode Circle, Clemson, S.C. 29631.

Ralph Wilkins reports that upon his return from Florida on May 10 he found that his home had been burglarized. "Apparently they were frightened away as the loss only ran to \$450. However, they took watches and rings that belonged to our fathers and mothers. I have had my second pacemaker which is now three years old. I am certain that it helps a lot to keep me going. Spent a quiet winter in Florida. Enjoyed it very much.

Faye Merrow writes: "Sorry, but we have no real news for you. We go to Florida in the winter and always try to attend an Alumni Luncheon in St. Pete as well as in Sarasota as we did last winter. Class of '19 is about the oldest one represented and no more than three or four members. Why not join us some year?"

From Cliff Denison in Harrison, Me.: "The most important event recently was to see your picture in the AARP newsletter. Strange that you should be in Gorham. For my wife was in the hospital in Portland, and I stayed with my daughter in Groveville, which you know is only a few miles from Gorham. Margaret is at home now and is doing very well. I retired as an active member of the Harrison Fire Dept. as I thought 53 years was long enough to chase fires. I called Sam Collins in Cape Elizabeth recently but got no news for the *Alumnus*. Sorry I can't help you out, but I do appreciate the effort you make."

I called Cliff Ohnemus in nearby Weston a few minutes ago. He says that he is not feeling at all well. The visiting nurse was there at the time so the conversation was brief.

Florence's mother has been in Mercy Hospital in Portland for over seven weeks. At the age of nearly 99 she underwent a serious operation and seems to be slowly recovering. We have driven over 2600 miles since May 23, the day when Mrs. Day was admitted to the hospital. When in Maine we stay in Gorham where I own a house. It is ten miles west of Portland. I have tried several times to contact Al Sears in Portland without success. I'll try again when I get back to Gorham.

Sorry to note that Iva Barker Bean, who crossed the country to be at our 55th reunion and had great hopes for our 60th, passed away (see "In Memoriam" Summer *Alumnus*).

Talked to Betty Mills Towner today at her cottage in Surry. Her son Edward and wife are expected to help her get settled. Her sister Marguerite Beach's granddaughter is to be married August 2nd, in Wyckoff, N.J., and her husband David Beach will be the officiating clergyman. Betty's new address is: Dunbar Residence, Apt. 539, 135 Putnam Ave., Hamden, Conn. 06517.

21 60-year Reunion, June 1981 Emilie (Kritter) Josselyn 229 Kenoza Avenue Haverhill, MA 01830

I am including three wonderful biographies taken from recent letters of classmates. The first, from George Gns-

burg, begins with his graduation and entrance into the family business (est. 1897), the manufacture of men's sport clothes. "Lee and I were married in 1926. We have a daughter, who has a daughter and two sons, and a son, who is a bachelor and senior editor with Harper & Row. In 1965 urban renewal acquired the business property so I retired, spending the winters in St. Petersburg, Fla. I attend alumni meetings there and in Sarasota, the latter where 157 alumni met in March. Summers, the Castles and Ginsburgs meet in Waterville for lunch, go up to Lakewood to the theater, and to Orono for special Maine occasions."

The second comes to "Em" from Ray Smith. "Graduated after WWI when things were looking up. Dean Hart and Dr. Ale were running the campus with a tight ship. The Stein Song and Hound Dog song were all very popular. Was hired on campus by New York Telephone Company and, on July 5, 1921, left for the 'big city'. A group of graduates had arrived in Bangor and I joined them. Was moved to the N.J. division of the company where I remained for 40 years, retiring in 1961 as Assistant Division Plant Superintendent. While in New Jersey, I met a fine lady who became my wife in 1925. We have two sons, 10 grandchildren and two great-grandchildren. Now we have a condo in Boynton Beach, Fla., (2615 N.E. 1st Court) for wintering and another in Bricktown, N.J., for summering. We get to Maine every opportunity we have."

Last, but not least, from Madelene (Eastman) Cousins: "This is a resume of my very prosaic life, but as I look back, a feeling of great contentment comes over me, even if my waistline has expanded and my red hair has long since faded! I have been privileged to teach school, do secretarial work, and care for my invalid mother. In January, 1950, 'good old Bowdoin' supplied me with that which 'good old Maine' failed to do — the most wonderful husband in the world, with six away-from-home children to boot. Now, 23 grandchildren and 22 great-grandchildren later, I am known as "GG". There has been sunshine and clouds through the years, of course, as for everybody; but 'he' and I have had the joy and privilege of being together during all this time. Enjoying traveling as a hobby, and still retaining memories of former thrilling sights and experiences, especially Canadian and European. The time has come, however, when we're not so very active. Jig-saw puzzles, public bean suppers, and evenings with Lawrence Welk seem to be about our speed these days, and we are content to travel vicariously. So it is and so it has been! See you in '81, the Lord willing."

In other news of classmates, Dot (Hart) Cook's son Dick '51, is with Radio Free Europe, as Deputy Director

Class of 1920

in charge of 15 Iron Curtain countries with the exception of Russia.

Note: For directions to visit Emilie, see Class of '16 column. Emilie is presently recovering from a hospital stay and has been severely crippled with arthritis. F.W.

22 Leslie W. Hutchins

Waban, MA 02168

"Ardis (Lancey) Moore, our Class Treasurer, wrote to me on May 8th, upon her return from Clearwater, Fla., about her winter there, and the delightful surprise party that her friends, relatives and others had prepared for her in celebration of her 80th birthday. A mutual friend of Ardis and mine reported that the party was a grand success with 75 people attending. Congratulations, Ardis, for reaching that young age, 80 years.

Martha D. Chase, who once in a while gets some news for us from the "girls", reports that she is doing well for one past 70, and that most of her time is consumed in caring for her two older sisters.

Ethel (Packard) Harkness, a nearby neighbor had a short but pleasant visit with her son Capt. Vinton O. Harkness Jr. and his lovely wife, Jacky Ewer Harkness. They spent a few days in Maine and returned to Washington, D.C., with memories of their childhood days in Waban. Vinton Jr. has had a long career with the Navy including submarine duties in foreign waters.

23 Ruth (Spear) Rich
Prides Crossing, MA 01965

Our '23 Class was represented by only two members for the Senior Alumni meeting at U.M.O. in June. Virginia Averill Castle was there to enjoy the appreciation and reward the college was giving in honor of her husband, Roger, who has done so many things for the college. We

are proud of him and were delighted to be present at the Field House dinner when the honor was presented by the President.

I hope my classmates will have a pleasant year and will send me some news for my next issue.

24 Ethelyn (Percival) Howard
112 Eastern Ave. Apt. G-2
Augusta, ME 04330

We extend our sympathy to the families of John Felton and Robert Huston who died July 1979 and April 1979 respectively.

Howard Bowen's oldest grandson, Stanley H. Eames, Class of '66 is Editor of *The Record*, a newspaper in New Amsterdam, N.Y. His wife, Nancy Cleaves '66 is Editor of the Women's Page.

Julian Merrill writes that Ivan Pease is in a nursing home in Belgrade. I presume in Maine.

Charles Whitten had an operation on his hip in March and is getting a new ball and joint. He feels much better and can get around better.

Do send me some news for our next column, about your travels, vacation, hobbies, children, grandchildren and even great-grandchildren.

I have just found in my June 1980 *Smithsonian* magazine a letter by Greg Baker about a tramp chair that he and some young relatives used to play in many years ago in Bingham and Moscow, Maine.

What a lot of fun we had at our 55th Reunion! Nineteen members registered; 15 attended our class meeting on Friday night. New officers were elected after we voted to continue as a class for another five years.

Stan Hyde is our new president; "Mac" Sennett, vice president; Velma Oliver, treasurer; and your secretary was re-elected. The class voted to give the reunion class gift to be used for the Performing Arts Center. Bert Pratt '43, assistant director of admissions, UMO, showed color slides and reported on a delightful visit he and his family had at Rudy Vallee's home in Hollywood Hills, in 1979. Thank you, Rudy, for sharing with Bert, that he could share with us. On Saturday, Mary Waterhouse, Joe and Fran Murray joined us for a luncheon. At the Sunday brunch at the PVCC, the Pikes, Bakers, Burtons, Scannell, Velma Oliver and your secretary enjoyed a happy get-together and gab session with classmates.

Attending reunion: Walt Scannell, Ray and Mrs. Burton, Stan and Arelene Hyde, Cliff and Mrs. Irish, Hortense (Bryant) Nelson, Chet and Eunice Baker, Arline Lynch, Bob and Viola Pike, "Mac" Sennett, Harriett (Page) Hume, Mansfield and Kate Packard, Alice (Hill) Hallock and your secretary. Mary Waterhouse, Fran and Joe Murray joined us for Saturday events, and Ex-Prexy, "Bob" Haskell registered for the reunion. Our class did not win any attendance cups but we certainly enjoyed being with each other again.

A few notes gleaned from reunion and notes from those unable to attend. There are more notes for another column. "Mac" Sennett has been elected district governor of Rotary International for 1980-81. "Mac" is retired president of Washington State Teachers College (now U. of Maine at Machias), a blueberry grower in Washington County, and has a grandson at UMO.

Bob Pike is still on his farm, assisted by his son, with 125 Jersey cows.

Art Parmenter "spent January and February in Florida, on Anna Maria Island. Beautiful sand and ocean 200 feet away made good walking and soaking up energy".

Mrs. Gabriel Saxe (Madalene Brackett), "As a widow, I am back in Newton, Mass., where I taught for many years." Aura Coburn, "Each morning I walk the Gulf Beach to keep my blood circulating. I'm distinguished by my plantation straw hat and Malacca stick on the silver ferule of which is the legend 19M25. Think the tourists are starting to point me out — the Senile Senior Citizen of Sanibel." Cobe, we missed you in June.

We are sorry to report the death of Phillip Ehrlich on Apr. 7, 1980. Phil has attended many reunions.

Rufus Sewall was manager of a plantation for 10 years and a hardware salesman for 35; he retired at 73. Has two sons. A granddaughter graduated from West Point Military Academy in May, 1980. Rufus lives in Beaufort, North Carolina.

1980 was not an official reunion year for our class. Nevertheless, the following were registered: William Rich, Leone (Dakin) Nutting, Francis Buzzell, Oscar Wyman, Mary Samways and your secretary.

At the meeting of class secretaries, the talk by Dr. Thomas Aceto, vice president for student affairs, was most informative. Dr. Aceto mentioned: students are now older: 33 percent are over 25; part-time enrollment is increasing; and women now comprise 46 percent of total enrollment. In the past year, 9,800 students were at Orono, and that figure includes 1,000 graduate students. Of the students graduated a year ago, 78 percent found jobs in their fields.

Ansel Creamer is the subject of a photograph and article in the Lincoln County News, May 22. Ansel was employed by the U.S. Bureau of Standards in Washington, D.C., from 1927 to 1955. Now retired, he lives at Nobleboro in the family homestead. The photograph shows Ansel operating an experimental machine to evaluate the resistance to wear of glaze on plates.

Jessie (Wood) Hussey recently attended two graduations: first, that of her granddaughter, Johanna Hussey,

News via the Alumni Office: Amy Adams Green has been active in her local garden club, showing nature slides preceding guided tours in the Mangrove Association known as the Matanzas Pass Wilderness Preserve. She was also re-elected president of the Fort Myers Beach (Fla.) Camera Club. And from Harry Culbertson: "Still working at Arch Gear. Took a two-week vacation in late April. Went to Garden Grove, Calif. to visit my son and his family. Had a very nice visit but the weather wasn't much to brag about. Was cloudy and cool most of the time. Get on the golf course occasionally." Harry, you should have come to Orono for our beautiful reunion weekend. My thanks to the two loyal classmates who answered my appeal for a profile letter. Wish I could include every word.

Harold Barker wrote: "When I make a promise I feel almost legally bound to keep it especially when it's the third time I've made it. This year's reunion is the fourth in succession we've attended. We call it a very pleasant weekend vacation. We found our room at Knox Hall next to my ATO brother Bill Rich '26 and his wife. They welcomed us aboard and the four of us rode the University-supplied buses to the Senior Alumni places of interest and to meals. The weather was wonderful, the bus drivers patient with all slow moving oldsters, the food excellent, and my cards for the bridge games better than usual." Harold taught math and chemistry for 25 years at Norfolk County Agricultural High School in Walpole, Mass. and was then 15 years as head of the Animal Husbandry and Dairy Department. In judging of dairy cattle, beef, sheep, hogs and dairy products his students several times qualified for judging in National FFA contests in Kansas City, Mo. Being responsible for getting 35 boys to and from the contests by train was an added educational experience. Community-wise he served on the Walpole Finance Committee of 15, and as director of Chamber of Commerce, director of the Massachusetts Dairy Technology Society, president of the Mass. Vocational Agricultural Teachers Assoc., etc. Right now the Barkers are looking forward to a visit from their daughter Judith Carducci and grandson David, 10, from Aurora, Ohio. Judy is UMO '56 and has had wide recognition for her work as program coordinator for the Cleveland Veterans Administrations' Alcoholism and Gambling Program. This psychiatric and medical facility has 52 beds for alcoholics and six for compulsive gamblers. Now in retirement, Hal for the past 13 years has worked three days a week for the Walpole Woodworkers Inc. during their busy season as an outside salesman.

Ted Blodgett and his wife Bertha (FSNS '26) are also UMO Reunion vacationers and agree with the Barkers that UMO does a wonderful job for the visiting alumni. Ted was with the U of M Extension Service for 15 years and the Soil Conservation Service for 16 years. That with farming and land surveying has brought him to a well-earned retirement. The Blodgetts have two sons and spend their summers in Springvale, Me. but winters find them enjoying warmer weather in their mobile home at Homstead, Fla.

At our June reunion meeting of personals editors we welcomed our new Alumnus Editor, Ed Rice. One suggestion for news gathering I'm passing to all 27ers. When you issue that newsy Christmas letter to relatives and friends run an extra copy off for me. Please?

At the Pulp and Paper Foundation's banquet held in Orono in April, Curtis Hutchins, Chairman of the Board of the Dead River Paper Company, Bangor, was named recipient of the 1980 Honor Award.

At the annual Exemplary Citizen Dinner held by the Bangor-Brewer Area Management Club at the Bangor Civic Center on May 12, Herbert E. Sargent was honored with the exemplary citizen award for his outstanding activities. In addition to his business interests, as head of one of the state's largest highway construction companies, he has been a long-time supporter of the Old Town Y.M.C.A. and the Boy Scouts. He is a member of the State Y.M.C.A. Executive Committee, of the Board of Directors of the United Way of Penobscot County, of the Old Town United Methodist Church and the Orono-Old Town Kiwanis Club.

Harold Kimball Night was held by Mechanics Lodge, A.F. and A.M. on May 14. Mr. Kimball, who received the Master Mason Degree on May 14, 1930, was presented with a 50-year Grand Lodge Medal.

At the first event held in the new addition to the Augusta Civic Center on May 31, Edmund "Rip" Black was one of seven Maine athletes inducted into the Sports Hall of Fame of Maine. "Rip" was recognized for his achievements as an Olympic hammer thrower.

Our special thanks to Eunice M. Jackson, who on June 6 wrote your correspondent a very interesting letter and enclosed an itinerary of a trip to Yugoslavia from which she had just returned. Eunice wrote that for 42 years she was in the social work profession, taking time out to earn a Master's degree from Tulane and graduate courses at the University of Denver and the University of London, England. After recently having been active as a consultant to the Health Department in Pittsburgh, Pa., Eunice advises that she has finally retired to Hilton Head Island, S.C., where she keeps busy with a singing group and the community theatre.

The following members of 1929 were on the Orono campus June 7, 1980 and attended part of the 1980 reunion activities: Mary Robinson McClure, Hazel Hall, Hortense Bradbury Monaghan, H. Richard FitzMorris, Gordon Smith, John LaPlant and Richard Gleason. The report of the Nominating Committee of the Senior Alumni Association informs us that "Dick" FitzMorris and Hortense Monaghan are on the Executive Committee as Members at Large.

Our 50th reunion is a happy memory. (We had 61 registered for the activities which made us eligible for the Twentieth Century Cup, presented to the class with the largest percentage of its members present. We are proud

to have our numbers on the cup. It was great to see so many of our classmates after so many years.

We were sorry to hear that Brenna (Blaisdell) Tracy is in a nursing home. Her address is Sacred Heart Nursing Home, 6 Mickle St., Plattsburg, N.Y. 12901. She would be happy to hear from all of us.

Last October, Sen. Claiborne Pell recognized the work of Dr. Mary Crowley Mulvey by tribute in the Congressional Record. She helped draft the Older Americans Act, was on the advisory committee of the White House Conference on Aging, 1961 and 1971, helped found the National Council of Senior Citizens, and her latest honor came when President Carter appointed her to the 15-member Federal Council on Aging. Mary is retired but keeps busy with classes and other senior citizen projects. Perhaps that is why we missed her at reunion.

Also unable to attend reunion because of surgery was Barbara Higgins of Framingham, Mass. We hope she has completely recovered by now.

It was good to see Alice Bagley from Denver. After she left Orono, she was to visit Elizabeth (Mason) Carter and Kay Andrews in White River Jct., Vt. A letter from Dora (Colomy) DeCoster of Laurel, Del., tells of her very active family. She has seven daughters, three of whom live in Mississippi, one in Texas, and three in Laurel. Her youngest is a court counselor at Family Court. Dora herself retired at age 67 as a casework social worker. She has 18 grandchildren and two great-grandchildren. Her husband Carroll died in 1962. There is much more I could write about her activities if space allowed.

Our Class Treasurer is Horace Crofford, Pemaquid, Me. Please send your contribution to him marked for 1930 Reunion Fund. We hope to reach our goal of \$30,000 before Jan. 1, 1981.

Orono, ME 04473

Ahoy, mates everywhere! A moment's reflection and you will realize we, as the Class of 1931, are in the "glide path" approaching our 50th reunion in June 1981 at Orono.

As a starter, our president Phil Brockway and your secretary were invited to attend the June 1980 functions of the Class of 1930 to obtain impressions and a realization of the task ahead in preparation of the event. As you may know, we have an executive committee consisting of Marion (Avery) Gilmore, William (Bill) Wells, Jennie (Davidson) Jackson, Don Henderson, Malcolm Devine, Sam and Ethel (Thomas) Sezak, in addition to our class officers, Phil Brockway, president; Louise (Durgin) Hammons, treasurer; Don Henderson, class agent; and Francis McGuire, secretary. Six of the aforementioned reside nearby and we are planning to meet during the next couple of months to discuss objectives and how to achieve them.

As a matter of interest to you all, about 250 of us have managed to survive the rigors of life out of our class of

Class of 1930

Class of 1935

approximately 375. Our class scholarship fund currently totals about \$9,310 and our operating, or "working" funds, amount to a bit over \$300.00. Mates, these words are intended to get you thinking and making plans to return to your alma mater for the most significant milestone of life excepting, of course, your 50th wedding anniversary!

Several of you out there can lend a hand immediately. We'd like a few capsule profiles of prominent or highly interesting class individuals who have achieved public notice or acclaim. These would be published in the Winter and/or Spring *Alumnus* magazine. A recent "head and shoulders" photo should accompany your capsule. Please act now as it takes a long time to put it all together.

And now for the brief news we have at hand. A long and newsy letter from **Herb Gunnarson**. He went on to law school from Maine and worked for 33 years for the Texas Company, as chief tanker dispatcher for their world-trade operations. Herb retired in 1973, lives in Lindenhurst on Long Island, N.Y., and gives every indication of enjoying a well-earned life of leisure.

We note from the press that **Dr. Ermo H. Scott**, former president of the then Farmington State Teacher's College (1953-1966), was presented with the Distinguished Alumni Award from that institution. This award recognizes non-alumni who have made a personal commitment to the college. Congratulations Ermo!

Good to see again the following out-of-town '31ers at reunion in June: **Louise (Ricker) Boothby**, **Katherine (Whitcomb) Butler**, **Mary (McLoon) Rand** and **Florence (Ward) Elliott**. By the way, y'all, when you send out your Christmas cards this year, send one to your class secretary too! We'd like to know where you are and how "you're doin'". Brag a bit, also! Our faithful treasurer Louise has recently returned from a European tour that seemed to include every place but Russia. Stay around, Lou, we're going to need you.

A welcome informative letter from **Malcolm (Spider) Divine**. Glad you're on the executive team, Mal!

Also, just received from **Don Henderson** a much desired letter from our class agent. Now we know where he is. Don has taken up residence in New Smyrna Beach, Fla., except for about five months in the Berkshires of Mass.

As mentioned above, **Katherine (Whitcomb) Butler** attended Reunion 1980. Well, at that event Kay was presented with the Maine Activities Award "M" by the Alumni Association. Kay was honored for having given some 500 hours of volunteer work in the Alumni office over the past four years. Well done and best wishes from your classmates!

At the Pilot's Grill Sunday, after the mini-reunion, there was talk of sending out a letter to all about it, so these

notes written, July 6 will be a repeat in the Fall *Alumnus* (so you might get something.)

The Field House lobster & clam dinner was on Friday, and Saturday morning we had our business meeting. Most of it was an open forum chaired by **Herb Trask** on the nature of the proposed amount of the 50th Reunion class gift. The sum \$32,000 was suggested as total (\$3200 now in treasury) but the nature of the type of gift was not fixed. Next year's officers were elected: Treasurer and Secretary are the same; Vice presidents are **Paul Butler** and **Jim Bates**; and President is **Herb** (who is also the 50th Reunion gift chairman).

After the meeting we had our own special luncheon with champagne. To highlight the affair **Kay** and **Paul Butler** were given the UMO Activities Award (a mini-Black Bear for each one), for their joint efforts every year in preparation for our yearly mini-Reunions. About 40-plus classmates and spouses were present.

I forgot to mention that at our Saturday morning meeting we collected the sum of \$135 for **Bob Vickery's** mailing accounts.

In the *Lewiston Daily Sun* for 5/21/80 there was a good book review of our very first State of Maine Governor. "General William King" was written by a classmate **Marion (Jaques) Smith**. It is published by Down East Books. An excellent, well researched book.

Dear Classmates: I am writing in July sunshine at our cottages at East Pond, Oakland, but I expect you will reading these notes as you prepare to attend the Homecoming football game! The response of our class with news is most gratifying. Thanks to all of you who keep me informed.

Stanley Doane retired in October, 1979 from civil service, receiving a 40-year Federal Government certificate for combined military and civil service effort. Stan writes that he regrets missing the 45th Reunion, but hopes to be with us in the future. We will look for you at the mini-Reunion in '82, Stan.

Ruth Shesong Ross is president of the Old Town Historical Society, president of St. James Women and state librarian of the Maine State Organization of D.A.R. Ruth's husband, Don '42, operates Ross Real Estate and is treasurer of the City Republican Committee, Old Town. Their son, Gardner Shesong Hunt '61 is chief, Division of Laboratory and Field Services, Bureau of Water Quality Control, D.E.P., State of Me. Daughter, Ann Perley Ross '76 is a speech pathologist

working with emotionally disturbed children in Expressive Arts Therapy at The Homestead, Ellsworth.

Doris Newman Gray writes "We spent another beautiful winter in St. John, V.I. Much to our surprise we met Hope Wing Weston and Pete, both '38, on the beach at Trunk Bay. Our oldest granddaughter was at Florida State University this past year but hopes to return to U. of Southern Me."

The **Massaros** have sold their place on Cape Cod and have moved back to Manchester, Conn. at 52 Park St. Joe was golfing recently at Old Lyme, Conn. with **John Pearson** when they ran into **George Cobb**. We never know when we'll find an old friend. There will be many of them at that mini in '82, so plan to be there.

Some 39 members of our class, as well as many wives and husbands, were registered for the 45th Reunion. Unfortunately 10 others who had planned to come were unable to do so.

Those attending were: **Beryl (Warner) Williams**, **Deke Robertson**, **Ruth (Shurtleff) Goodwin**, **Marj (Church) Honer**, **Franny (Knight) Norris**, **Otis Hanson**, **James Hanson**, **Sam Favor**, **Basil Staples**, **Dick Gaffney**, **Carl Titcomb**, **Frank Myers**, **Elmer Randall**, **Warren Walker**, **Al Norton**, **John Willey**, **Joel Marsh**, **Darrel Badger**, **Huck Sawyer**, **Charles Pressey**, **Jim Crocker**, **Karl Anderson**, **Ralph Perkins**, **Florence (Kaminsky) Lieberman**, **Wilbert Pronovost**, **Don Stewart**, **Henry Anderson**, **Winifred (Coburn) Anderson**, **Curtis Plummer**, **Lyman Brewer**, **Elmore Wood**, **Louise (Rosie) Paine**, **George Carlisle**, **Hockey Field**, **Maurice Sanborn**, **Dick Stoddard**, **Kenneth Bickford**, **Don and Ginnie Stone**.

Following the shore dinner on Friday evening we returned to our meeting room in Knox Hall for casual discussion and reminiscing. On Saturday morning after pictures were taken the class business meeting was held with 20 members attending. According to the roll call most class members are at least partially retired, except **Beryl (Warner) Williams**. Dean of Continuing Education at Morgan State U.; **Louise (Rosie) Paine**, travel agent for Bangor Travel Agency; and **George Carlisle**, who is still working in Timberlands and Banking.

A resolution commending "**Huck**" for his dedication and service to class affairs during the past 15 or more years was unanimously approved.

The following slate of officers was elected: President — **Joel Marsh**; Vice President — **George Carlisle**; Treasurer — **Frank Myers**; Secretary — **Ginnie Stone**; and Executive Committee: **Deke Robertson**, Chairman, **Louise Paine**, **Don Stewart**, **Carl Whitman**, and **Huck Sawyer**.

It was voted to designate the Class Reunion Gift, which totaled \$1810, for the Performing Arts Fund and this was presented at the Alumni Banquet.

There was much discussion of our 50th Reunion to be held in 1985. Since the 50th is the last formal reunion scheduled, and all classes present a special gift to the University at that time, it is advisable to get an early start in planning for the event. **Joel Marsh** will serve as 50th Reunion Chairman.

Carl Whitman was forced to cancel plans to attend reunion when his wife broke her hip. Retiring after 45 years as a sales executive, Carl is now a real estate broker. He and Lillian have a son, a daughter, and two granddaughters.

George Cobb, unable to attend reunion as planned because of illness, lives in Essex, Conn. George worked for 33 years as retailer and advertising executive for W.T. Grant, S.H. Kress, and Brown Bigelow. He has been retired for 12 years but "works at" real estate, playing golf and bringing up grandchildren. He and Arlene (Higgins) '36 have two sons and two daughters.

Harold Garrison '40 stopped briefly at our class meeting to convey best wishes from his sister-in-law **Jane (Chase) Hanger** of Oxnard, Calif. Jane retired from teaching last year and is fine now after hip surgery. She has four sons, a daughter and grandchildren.

Henry Fales retired as vice president at St. Regis Paper Co. in 1979, but continues to work as consultant. He and Dot spend the winter in Tequesta, Fla.

Joel ("Swampy") Marsh and Betty have traveled to various parts of the country in their trailer, and last year had an extended trip to Southern California, Las Vegas and Boulder Dam where they saw all the sights. Joel continued to exercise his hobby of photography. They live in Randolph and now have 10 grandchildren.

Clayton "Deke" Robertson of Madison, Conn. retired after 37 years from Atlantic Richfield and is now in real estate for Conn. Realty. He has three sons, a daughter and four grandchildren. Hobbies are wood-working, golf, gardening and reading.

Because of space limitations further information gathered at reunion will continue in the next issue.

36 Reunion, June 1981 Dorothy (Jones) Smith 1 Taylor Lane Portsmouth, N.H. 03801

Please raise your Maine steins in a toast to **Bob Burns** for two "lovely" paragraphs of his eye-witness account as follows:

"Members of the Cape Cod chapter of Maine alumni gathered on May 2 at the Wychmere Harbor Club in Harwichport, Mass. for an "Off to Maine" reception for incoming freshmen. In a group that spanned the years handsomely, from the Class of '22 to '84, honors for the best representation would have to go to the Class of '36, with '35 a close second."

Among '36ers on hand to renew old acquaintances and drink a toast, once again, to dear old you-know-who, were Cape Cod Alumni President **Hal** and Henny (Cliff '37) **Woodbury**, **Jim** and **Alice (Campbell) Wakefield**, **Dick** and **Ann (Eliasson) Clark**, **Charlie MacLean** and from the Cape Cod Newcomers' Club, **Bob** and **Alice Burns**.

Through the *Portland Press Herald* learned that **John** and **Solveig '39 Hennings** enjoyed an April vacation in Bermuda.

As of this writing, June 15th, **Alice Crowell Lord** is in Maine Medical having suffered a heart attack. We all wish you a speedy recovery, Alice.

It is with sadness that I report the death of **Dorothy Wakely**, wife of **Eugene Wakley**, Topsham, Me. Dot was very active in the community, in the church, with her family, and will be greatly missed.

Jim and **Dorothy Packard Hull** are busy and happy at their summer place, "Hope Cottage" on Hobb's Pond, Hope, Me. Dot's son, **Bob Packard** and son-in-law, **Bill Kiely**, are off on a sailing cruise to Bermuda.

The Alumni Office failed us again — not a clipping. If you classmates out there are still breathing and able to

push a pen around — please do help to improve your column.

As publication lags months behind my deadline for mailing notes, I will give you our after Thanksgiving address for all those newsy bits you are going to send: Monterey Yacht & Country Club, 1900 Palm City Rd. #4D, Stuart, Fla. 33494.

Audrey (Bishop) Thibodeau and **Lib (Ashby) Underwood** planned a get-together of a few gals from the class of '37 in August at Audrey's camp on Long Lake in Bridgton. Wish I could have joined them, but Pete and I were at the International Flower Show in Montreal.

Bob and **Lee Nivison** were at Capitol Island this past summer. Osprey, Fla. is their winter home.

Dr. Alice R. Stewart, UMO history professor and authority on Canada and the Atlantic Provinces, has been awarded the Association for Canadian Studies in the United States Donner Medal for her contribution to Canadian studies. Professor Stewart was presented the award at a banquet session of the biennial conference of the association in Washington, D.C. Canadian Ambassador Peter Towe was among those present. Alice was honored earlier last spring when she was given an honorary LL.D. degree by the University of New Brunswick in recognition of her Canadian scholarship.

From **Dinny Dinsmore**: "Let me say that retirement must be what the doctor ordered. Don't know why I didn't do it a long time ago. Joan and I and Lord Louis Mountbatten of Burma (Louis the Cat) wintered at Barefoot Bay, Sebastian, Fla. We hope to take in Maine football this year. Hope to see classmates there. Last spring, we took off for Merry Olde England, and land of Joan's birth, for seven weeks. We made our headquarters with her cousin in Southwest Somerset and traveled extensively, visiting with Joan's school friends and visiting some of my old haunts — air bases where I served in WWII including a lot of pubs!! We will be at Orange Lake, RD #1, East Machias until October 20."

The mailman does not cometh, so the '37 column is skimpy. Perhaps tomorrow I'll hear from YOU. Your secretary needs a little help from her friends.

38 Miss Jo Profita 149 Dartmouth Street Bangor, ME 04401

Thank you, **John Gowell**, for reacting to the vacuum, several issues ago, which occupied the space usually

reserved for tidbits concerning the class of 1938. Our last column indicated why this occurred and I would like to hope it will not happen again. But, as I said, it is entirely up to you. Back to John. He hit the nail right on the head when he cited his own negligence the result of assuming there would be no need for him to contribute to the column because "someone else" would be writing. John sagely deduced that there isn't always a "someone else" and he came to my rescue. Because of its utmost importance, I would like to quote certain portions of John's letter.

"Should my classmates be pondering whether or not they should submit to open heart surgery, I have a pretty good idea of what they are going through and would be glad to communicate with them. I had a double by-pass performed in November, 1978, and am currently doing fine."

I'm certain there are some of you who will be grateful for John's encouragement and experience and if you wish to write to him the address is: 5618 Woodmont Street, Pittsburgh, PA 15127. John tells me that he will be going into semi-retirement and that he will be spending most of his time in Wakefield, R.I. Thank you once more, John, for the letter and my best to you and Nina.

Our sincere condolences to **George Tsoulas** on the loss of his mother.

Reunion weekend produced only four of us registered from the class of 1938. The other three are **Grace (Watson) Wendell** and **Eloise (Hutchinson) Myers** whom I did not see and **Robert Parker** whom I saw Friday evening as he helped wife **Ruth (Trickey) Parker '40** celebrate her 40th. Those two have truly found the fountain of youth! PEACE AND LOVE!

39 Polly (Davee) Hitchings 3 Half Mile Road Darien, CT 06820

Two notes reached me from the Alumni Office: **Katherine (King True) Brown**, Pi Phi, wrote that her husband, **David**, retired June '79 and they went to Calif. in June for their daughter's (**Janice '76**) wedding.

Also **Charlotte (Hennessey) Card**'s husband wrote that **Charlotte**, AOPI, had suffered a stroke about a year ago. She's making a slow recovery, and I am sure she would love a note from all you girls.

Barb (Corbett) Barker reported on reunion — she saw **Tommy Verrill** and **Alice (Pierce) Weaver**, and several '40s.

Melvin McKenzie sends his address: 1171 Ortego Drive, Fairborn, Ohio 45324. His son, **Capt. Mark**, is in England with the US Air Force and son **Matthew** recently was nominated for a scholarship at Culver Military Academy. Mel and his wife also have three daughters.

75 class members convened in Orono on June 6th and 7th for our best reunion ever. Really sorry for those of you who could not be with us. Dr. and Mrs. Hauck and Professor and Mrs. Herschel Bricker joined us for our big Friday night lobster dinner and Dr. and Mrs. Joe Murray were there Saturday noon. Dean Edith Wilson wrote from Santa Barbara that a family gathering prevented her from joining us.

Several others who had planned to be there had last minute problems. Bill West had severe back problems which forced him to cancel at the last minute. Ray Palmer sent his greetings through your secretary, who had a great visit with him before leaving Menlo Park en route to Atlanta. Ray looks very well after having had a long hospitalization and heart valve replacement this Spring. Deac Adams is another Californian who "almost" made it but sent his best wishes to all. Mary (Upham) Craven and Helen (Malling) Walker sent messages as did Marion (Fitzgerald) Murphy whom I saw in California — lots of people asking for you, Fitzie! Wally Beardsell sent greetings and would like to have John Derry's address. Leon Breton was there and missed both Wally and John.

Gathered lots of information from people there and from forms filled in and mailed back. Should give us a nice fat column for many issues to come. One of the highlights of reunion was presentation of trophies to members present: longest married — Fred Holt; most children — Lillian (Jimmie) Herrick Crowell; newest married — Ginny Pease Dogherty; most grandchildren — Bill Chandler; youngest child — Bob Robertson; and traveling the longest distance — Alice Ann Poepfelmeier.

(Note: Three of us were there from Northern California — Doc Gerrish deferred to me saying that I started from a point two miles west of him and Arlo Gilpatrick! I accepted having actually traveled a greater distance going to Atlanta first!)

Our new Class Officers are: **Charlie Weaver**, president; **Dick Morton**, vice president; **Nat Doten**, treasurer; **Alice Ann Poepfelmeier**, secretary; **Bill Chandler**, class agent; **Jim Fitzpatrick**, **Peg Maxwell Atwood** and **Polly Weatherbee**, executive committee.

We were able to give the Alumni Association a 40th reunion gift of \$5,000 toward the Performing Arts Center. Plans for this are almost at realization for ground-breaking this fall. We discussed plans for accumulating a more sizeable gift over the next ten years so that we can hopefully reach a goal of \$40,000 at that time.

We all owe a rousing vote of thanks to our Reunion Chairman, **Peg (Maxwell) Atwood**, who did a superb job with the help of her committee: **Ruth (Trickey) Parker**, **Lucille (Maddocks) Sprague**, **Miriam (Golden) Stern** and **Jim Harmon**. We were all saddened to hear that Jim suffered a stroke and was in the hospital in Portland. He is recovering but needs our good wishes and prayers.

Our committee provided great souvenirs — 40th reunion Steins, Kleenex holders for the ladies and paper weights for the men made by our talented committee. We ought to thank our non-class spouses, too, who not only worked but allowed us to monopolize conversation and reminisce freely! **Ted Ladd** and **Art Weatherbee** and **Tommy Verrill** (all '39) were great bar tenders allowing **Roger Cotting** to circulate with his "ice refreshing apron." The whole affair which began with a spectacular lobster and steamers dinner on Friday evening was most memorable. We left on Sunday morning with great memories and many a laugh. **Peg (Peaslee) Danforth's** marvelous scrapbook full of programs and notices and announcements and *Campus* clippings, **Nat Doten's** pictures, **Bill Treat's** copies of the *Campus* — and other items too numerous to mention.

A final thank you has to go to all of you who wrote letters and made phone calls during the months preceding reunion. I am sure it was the #1 reason we had such a wonderful turnout and happy gathering. I plan a summary letter which you will receive in due time.

More notes from reunion will follow, but both my typewriter and I are perspiring in the 95 degree Atlanta summer!

I would like to end, apologetically, on a personal note of thanks to my husband, Vin, who moved heaven and earth to get us to reunion. We left California driving to the South, Atlanta, on May 24th. Then we flew to Portland on June 5th. It was a hectic time of moving, much traveling and many time schedules to mesh. But in spite of a new assignment in Atlanta and much cross country traveling, he had the energy and enthusiasm to get us to reunion and to work hard to make it fun. I really owe him a great debt of gratitude! We still can't believe we made all our commitments.

Registered at Reunion were **Anna (Cahill) Bradford**, **Anna (Verrill) Chandler** and **George Grant**. Your class secretary was glad to meet the new editor of the *Alumnus* at the meeting of class secretaries.

It was great to have a visit from **Clinton '42** and **Joanna (Evans) Bardo**. I bet that **Charlene (Perkins) Strang** has had a busy summer with her travel business. How about the rest of you? Drop a line!

away from our 40th Reunion in 1982! She is contacting some of you and also searching for volunteers for the Reunion Committee. Please write or call her if you are interested. How about some of you who are recently retired to Maine? Mrs. Gordon I. Erikson, 15 Lynwood Lane, West Boylston, Mass. 01583. Dottie held an informal meeting in Maine last summer and is planning a more formal meeting at Homecoming. She's working hard to make our 40th reunion a really different and unusual one. Volunteer now to help!

Just a reminder that **Lee Carter** is our vice president; with myself, secretary; **Harold Garfinkle**, treasurer; and **Frances (Bickford) DeCourcy**, class agent. Members of our executive council are: **Francis Andrews**, **Jo (Blake) Bail**, **John Bower**, **Dr. Wilfred Butterfield**, **Wallace Francis**, **Barbara (Perry) Hess**, **Dr. William Irvine**, **Laurence and Mary (Cowan) Leavitt**, **Marguerite (Messer) Merrill**, **Barbara (Emmons) Payson** and **Homer Woodward**.

Dr. Darrell and **Dorothy Pratt's** Christmas card was a beautiful view of Mt. Katahdin by **Paul Knaut Jr.** Their son is a graduate of Yale and is now in the Boston area. They enjoy visiting him and also Harvard Square — an old stomping ground! From **Cortna (Kingsley) Billings** comes news that **Barbara (Perry) and Pete Hess** are new winter neighbors with a condo in Leisure Village, Colo. Cortna and Paul '41 winter in Sun Valley. They had a marvelous trip to the South Pacific a year ago and liked New Zealand best.

A welcome note from **Jean (Goodwin) Fenelson**, 31 Hartt Lane, Newington, Conn. 06111, tells how she looks at the old *Prisms* and gets very nostalgic. Jean operates a nursery school in her church. **Frances (Bickford) DeCourcy**, who has had a large, successful nursery in West Hartford, Conn., steered Jean in this direction and gave her the confidence to get started. Jean's son teaches music in the Portland area and her daughter has one more year in nursery school training. Jean hoped to see **Janice (Woodward) Beede** in the Buxton area last summer on her way to Caribou. **Mary (McConnell) Little** teaches kindergarten in Presque Isle. Both of her daughters are married; one lives near Portland, the other is in the service married to an officer.

Today I phoned **Joseph Stevens**, 123 Sylvan Way, Greenville, S.C. 29605, the only member of '42 in S.C. Had such an interesting talk with his wife, Elizabeth, who is a native of Greenville, S.C. Joseph is with the Foster Lumber Co. and also keeps a herd of 20 goats. He and Elizabeth have four children, Joseph, Guy, Gail and Decherd, and three grandchildren. A few years ago Joseph returned to college at Bob Jones Univ. and graduated in 1976 with a degree in theology. He built his own little interdenominational chapel on Highway 123 and holds services on Sundays and Wednesday nights. Joseph and family go to Maine to visit his relatives and we hope they'll get to Orono in 1982! You, too! Be sure to vote and have a happy holidays!

Another period of "slim pickings" for news of Class of '43 members and families. We're becoming a little afraid that this column will appear blank one of these days if '43ers don't take pen in hand!

However, **Bob Keniston** saved the day for us this time. You see, **Bucket Taverner** gave the commencement address at Central Maine Vocational Technical Institute in Auburn in May. There he found Bob and his wife Virginia witnessing the graduation of their youngest son, Peter, who went off with many honors from CMVTI. Following this visit in Auburn, we received a long and much-appreciated letter from Bob.

Bob reported that he settled in Bethel, in 1946, and that he and Virginia (Ginny) built a home and raised five healthy children. Bob has been plant engineer for Diamond International in Dixfield for many years. His leisure time is given to trout fishing, frequently in

Class of 1940

Canada, and to making furniture for the children and the seven grandchildren.

Ginny is a librarian. Oldest daughter Martha is married and living in Hermon. Daughters Rachel and Rebecca are twins. Rachel is married to an Air Force major and lives in England, while Rebecca is married to an optometrist in Bethel. Son David is with General Electric and lives in West Minot.

Our thanks to Bob, and let's hear from you!

Greetings to members of the Class of '44. As I write this column I have to remember that it will be read a couple of months later and we'll be in another season. For example, this will appear when football, the upcoming hunting season and fall foliage will be on our minds while, at the time of writing, we are watching, closely, a struggling garden, waiting for rain and regretting that a successful salmon season went by all too fast.

But that is the beauty of Maine — four seasons — all different and all fun. Enough of this wandering and back to news of the class. We still wish more of you would drop a line now and then telling us what is going on in your life.

From Exxon in Houston we have a release regarding **Al McNeilly**. He has been named manager of the newly formed wholesale and industrial group in the headquarters Marketing Department of Exxon USA. He joined the company in 1947 as a sales trainee in the New England area after graduating from the University of Maine with a B.S. degree in chemical engineering. His entire career with Exxon has been in the Marketing function, where he has had marketing responsibilities in New England, New York and the northeastern region.

In 1966 McNeilly moved to Exxon USA headquarters to head up the company's nationwide industrial and consumer business group within the Marketing Department. He is a member of the American Society of Lubrication Engineers, the American Chemical Society and the American Petroleum Institute. He is a director and member of the executive committee of the Asphalt Institute. McNeilly also is a member of the Petroleum Club of Houston and a past president of the Alumni Association of the University of Maine.

Congratulations, Al. We're glad to hear that all is well. Here in Maine we are trying to think wood, but realize how dependent we are on proper marketing of oil products.

We are taking the liberty of using some older notes that will bring back some memories.

Paul Harthorne writes (1979) from 23 Hedgerow Drive in Falmouth Foreside where he is president of Paul Harthorne Associates, a firm of International Management Consultants for Latin America since 1960. Paul's background is in engineering and prior to 1960 worked with several oil companies as an executive in Latin America. Paul, your brochure is very impressive. Congratulations.

Bob Buchanan writes (1979) from 8150 San Lucas Drive, Whittier, Col. that he has retired (Dental Corps,

United States Army) and is enjoying life. Sounds great, Bob!

Joe Findlen is still producing quality Maine potatoes in Fort Fairfield where he and his lovely wife have raised a fine crop of children, eight in number, I believe. Hi, Joe!

Ray Broisman writes (1979) from 507 Fernwood Terrace, Linden, N.J., that he has been a chemist with American Cyanamid Co. for about 28 years. Ray takes us to task, as did **Dick Innes**, for not having a space on our 35th information sheet for listing the better half of our family — our wives. Ray and Evelyn have raised three sons who are now embarked on careers. Best to you, Ray and Evelyn.

This is about if for this issue. Would appreciate some news items. Hope you all had a great summer. Best from Tip Top Farm.

Our 34th reunion brought together about 30 members of our class — from California, Louisiana, Illinois, and Ohio as well as the Northeast. **Romaine (Littlefield)** and **Don Kupfer** were the Louisianans and are lucky enough to be spending the summer in Orono, housesitting for acquaintances. They had a great sabbatical last year in the Mediterranean countries, ending in Israel before returning to LSU. Their son, John, is a graduate student at U. of Arizona; and daughter, Madeleine Van Epps lives in St. Cloud, Minn. with her husband, also a grad student.

Charles (Kal) Kalnin, Jr. and wife Phyllis are also summer residents of Maine with a home in No. Sullivan. Kal is retired from the San Bernardino school system in Calif. (winter address: 7349 Bobbett Dr., San Bernardino, CA 92410). After teaching for many years at high school level, Kal is enjoying his freedom for sports, camping and "living and loving". Son Peter is a college professor at Tunghai Univ. in China. Charles III works for Santa

Fe railroad. Daughter Mary (former stewardess) is now married to a Continental Airlines pilot. The Kalnins proudly claim 11 grandchildren. Is that a record?

At the other end of the offspring scale are Morton Patten and his wife with a 9-year-old son. Budge speculates that he must be the member of '45 with the youngest child. Any competition? . . . In the work field, Patten's employer is Bath Iron Works, where Budge is a naval architect — working to insure that our ships are the best.

Bob and I drove from Ohio (Dayton area if any of you get to this territory) to Orono and visited with a number of '45ers along the way. Don and Emmy Lou (Littlefield) Danforth, still in Andover, Mass., had just returned from a weekend camping trip with over 30 Girl Scouts on Nantucket. They continue in the same jobs. Don recently had a month in Europe "selling our paper" as far away as Moscow. Muriel (Peterson) and Miles Frye have made great progress in renovating their home at 8 Bartlett St., Waterville. Miles is a leading lawyer in town, and Pete is chairman of the school board. Daughter Becky graduated from UMO this past winter and was married in Feb. Son Andy, at 13, is 6'2" and 200 lbs. . . Isabel (Ansell) and Steve ('44) Jacobs have a beautiful home on the Lakefront in Dexter, where they both teach in the high school. They have made several trips to France, so that Issy can practice the language she teaches and last May they took 10 of her prize pupils along.

Newly returned to Maine is Florence Armstrong, retired in June after working 30 years with N.E. Tel & Tel in Boston. Flo and two of her sisters built a new home at 62 Middle St., Farmington, Me. 04938 and are enjoying "fun" classes at UMF, serving on town committees, pursuing hobbies and planning some extensive travel.

Ada (Minot) Haggett and Priscilla (Moore) Cannon drove to Orono together for reunion Saturday. Ada and Fred are settled in their new home (still in Bath area) after selling "the big house" in '79 and are revelling in their granddaughter. Priscilla (widowed last year) now lives at Hobbs Pond, Hope, Me. 04847. She taught home economics for 16 years, mostly in Limestone. Daughter Jean '70 is a dietician at Togus and son Jeffrey '72 is assistant manager of Grossman's in Rockland.

Ruth (Higgins) Horsman says she still returns to Bar Harbor each summer after teaching third grade in Auburn the rest of the year. Of her three boys, Peter lives in Auburn and Phil in Colorado, while John is a senior in high school.

Robert Martin and wife Dorothy live at RFD 1, Belgrade. Bob has worked since June 1948 for the Dept. of Transportation in Augusta. He has been active in Boy Scout work, chairman of Belgrade's Board of Appeals, and active in gladiolus and horticultural societies. He also is a past president of the Maine Society of Professional Engineers.

For once we have extra news items, so look for a continuation of reunion reports in the next issue!

From the news clippings: Margaret (Burrill) Hempstead has been named program director and dept. chairman of Nurse Education at Bunker Hill Community College in Charlestown, Mass. Margaret and David '43 live at 73 Pinehurst Dr., Boxford, Mass. 01921. She received recognition for initiating and being the prime writer of the Individualized Competency-based Nurse Education Curriculum supported by a program administered by HEW. Congratulations, Professor!

Grace (Rogge) Perez and husband Louis live at 477 Nimitz Ave., State College, Pa. 16801, where Grace is assistant librarian at Penn. State. Son David is a law stu-

dent at U. of Minnesota. Daughters Allison and Roberta are both at the state college and married. One is a student, and one is working.

At the business meeting of the class June 7, the following officers were elected for the coming 5 years: President, Bob Chase; Vice-president, Dick Danforth; Secretary, Florence Armstrong; Treasurer, Dick Knudsen; Reporter, Babs Pancoast. We all appreciate the many years of service given by retiring (for now) Barb (Higgins) Bodwell and Carolyn (Chaplin) Grant. And congratulations to Doris (Emery) Spencer, newly elected GAA Council member.

Seen in passing or "across a crowded room" during reunion weekend: Mary (Hurley) Rissell, Julia (Pat) Holmes Maines, Oliver Harrison and part of his family), Bob and Jo (Otto) Graves, Ed McLobne (Mikalouis). All looked in good health. Any more detailed reports will be appreciated. REMEMBER YOUR CLASS REPORTER — AT CHRISTMAS TIME IF NOT BEFORE!

Many thanks to Helen (Boulter) MacDonald for doing such a fine job as Class Reporter and Secretary. Her resignation has been accepted with regret. I find myself in the position of having to try and fill her shoes for the duration of her term of office.

I have no news for this issue of the *Alumnus*, but am in hopes that lines of communication will open up before the next. I would love to hear from you, dear classmates! Without you there is no column!

Finally, a fringe benefit from being class secretary. I received a most welcome, fascinating letter from Joyce (Marsh) Alenskis. She and her husband, Alec '49 have transferred from Pocatello, Idaho, to the Powers Systems Project Division of Westinghouse in Krsko, Yugoslavia, where Al is a senior project engineer on the construction of a nuclear power plant.

I can best describe their interesting adventure by quoting directly: "Krsko, population around 5,000, is located in the state of Slovenia, about a three-hour drive from Austria or Italy. We lived for four weeks in Zabreg in the Intercontinental Hotel until we moved into our duplex in Krsko. Zabreg has a population of about 800,000 and is quite modern. The countryside is beautiful with mountains, cultivated terraced gardens, and vineyards and also many ancient castles and churches. For those of you who are concerned about life here, there is no need to worry. The people in the cities are very well dressed, appear happy, own Mercedes, BMW, or Volvo cars, and appear to be quite industrious. The cost of living is very high, and the prices are set by the government. There is no variety to select from since the government controls manufacturing.

"Yugoslavia is known for its self-government by the employees in a business. They set the company's goals, elect supervisors, determine salaries, and review the performance of the company. We have enjoyed being able to walk the streets in Zagreb at night without fear. The only violence we have observed was between two auto drivers after a fender-bender, and that was mild. We intend to study the Serbo-Croatian language, a necessity to improve our ability to communicate. Our Audi Fox was shipped to Bremerhaven, Germany, and we have just driven it back through Germany and Austria. We drove the Autobahn and then the Alps in the snow — also to Dubrovnik and Italy. Al and I leave soon for ten days to Austria, Czechoslovakia and Poland.

"Our son Brian will marry in August in Mass. He graduated from R.P.I. in 1974, masters in mechanical engineering. He has been working at Oak Ridge, then Salt Lake City for Hercules. Daughter Anne is working on hers master's in communication at U.C., Fullerton,

Though the leaves on trees are turning brilliant colors, thoughts turn to reunion when Orono was a mass of beautifully fragrant lilacs and the sky was a blue as we remembered. There were more than 40 classmates in attendance as we stepped back 30 years for a few short moments, and we thought we all looked great! **Polly (Clement) Barron** and husband Bill '49 came the shortest distance from Hampden, while **Charlie Brown** probably came the furthest, traveling all the way from Eureka, Calif. where he has worked as a forest ranger.

Class officers for 1980-85 were elected at our class meeting: **Bill Bodwell** from Brunswick will continue as our class president, while **Maggie Mollison McIntosh** of York Harbor will serve as vice-president. **Al Hopkins** of Hudson, N.H. was re-elected treasurer and **Harry Bickford** was named class agent. **Harry and Jan (Wiswell) '51** are living in Latham, New York where he is vice-president of the A.W. Lawrence Company. I will be your secretary, and try to maintain the high standard of column that **Fran (Lubovitz) Needleman** wrote. She did a fine job . . . and we all thank you, Fran. I should bring you up to date on the Walsh clan: Bill and I are grandparents four times over, and take to the role with much joy! I am a Title I Counselor with the Stonington public schools, and am proud to be serving as Connecticut State President of Alpha Delta Kappa, an international honorary sorority for women educators. Bill's work as director of an alcohol and drug council is fascinating but time consuming. We stay most busy and very involved.

Isabelle (Sands) and George Sampson were at reunion from Newington, Conn. George is a staff engineer with Northeast Utilities and Isabelle is a substitute teacher, in addition to being involved as a volunteer in many community programs. She and George are still "tripping the light fantastic" most beautifully, and are experts at Disco dancing, in addition to being mainstays at their tennis club. They have two grandchildren. We all had brag books out!

Pat (Ward) Kilpatrick was down from Presque Isle, looking so pretty that we all felt she should grab a baton and lead the reunion parade! She is teaching up there, and is about to embark on a Master's degree program in Guidance.

Gerald Mayberry, who lives at 28 Harvey Street, Portland, Me. 04102, reported that he is a construction and utilities engineer, and enjoys canoeing and fishing. They had a marvelous time on the U of M Grand Tour Trip.

Keith Fowles recently left Presque Isle and has joined **Bob Arnold** at the University of Central Florida in Orlando. Bob is a professor of communication, director of instructional resources, and general manager of WUCF-FM. Keith is the new operations manager of the station, and together they plan a new concept in FM radio for area listeners. We wish them both well!

Elwin Thurlow of Farmingdale was recently re-elected as president and chief executive of the Maine Central Power Company. He serves as Maine chairman for the New England Council, a business organization representing more than one-third of the region's private jobs.

We saw **Betty (Friedler)** and **Immanuel Wexler** and their two children, Sarah and David in June. They were all in Holland on a University Exchange Program for six months in '79, and so enjoyed the country. They are back at the University of Connecticut, and were sorry to miss reunion.

I shall have to continue reunion news in the next column. Please, if you send out a Christmas letter, remember your Class secretary! Would love to hear from you!

I would like to start off by reminding everyone that our 30th reunion will be coming up next June. How about

planning a trip home to Maine to coincide with reunion? I, for one, will be there. Please let me hear from you if there is any possibility that you may attend — the more the merrier!

Joanne (Mayo) Nyerges, 1999 Dover Center Rd., Cleveland, Ohio, 44145 has recently been appointed to the Westlake School Board. Good for you, Joan!

Frank Butler was elected president of Eastman Gelatine Corp. as of May 1980. Congratulations, Frank!

John D. Robinson was recently appointed chairman and chief executive officer of the Franklin National Bank of Grover, N.H. John is also a Trustee of the U. of M.

Barb and Jim Elliott have moved into a beautiful new home right on the water in Camden. Jim, our class president, and I will be getting together regarding reunion plans. So, come on, everyone let's hear from you and have a good attendance!!

Little by little, news of former classmates keeps dribbling in to me. I wish more would come!

Frank E. Pickering of Danvers, Mass., long associated with General Electric Company's aircraft business in Lynn, has been elected a vice president of the company. Frank was general manager of the Aircraft Engine Engineering Division. Frank received a bachelor of science degree from UMO and a master of science degree from Northeastern University, both in mechanical engineering. Congratulations, Frank, from the Class of '53.

Harrison L. Richardson of Cumberland, Me., a former state senator, has been nominated by the governor to the Board of Trustees of the University of Maine. He earned his law degree, after graduation from Orono, at the California Hastings School of Law, and is currently a partner in the law firm of Richardson, Tyler, and Troubh.

Can't believe that we had a reunion weekend with no rain! The warm, sunny days gave us the chance to get out and stroll around "our campus". Before the "Pops" Concert featuring the Bangor Band on Thursday evening in the Lengyel Gym (built on the site of the girls' hockey field), we peeked in at the dance studio with its wall of shiny mirrors. . . a far cry from those modern dance classes our sophomore year. With sadness, we noted that the Kappa Sig house is a memory while the Phi Mu Delta house has another name over the front porch. For those couples who used to hide in the bushes in front of Estabrooke before 12:10 — they've grown taller. We were disappointed that the Bookstore had no sweatshirts or U of M decals.

While everyone at the Silver Anniversary Banquet was savoring clams and lobsters, bearded David Douglas and your class secretary talked the chef into sizzling steaks. (Our gal from the Jersey shore will never a true Downeaster be!) Nancy (Cameron) DeWilde called back yesterday when she donned her freshman beanie, and everyone bid time return as they flipped through the pages of Shirley (Bostrom) Hargreaves' scrapbooks. After waiting 25 years to attend her first class reunion Mary (Bigelow) Wheat developed laryngitis. Can you imagine? However, as her throat got better, everyone else's became more raspy from all the laughing and talking.

Class members who traveled the greatest distance were Mort Caplan and Bill and Connie (Lewis) Calkin, who winged-in from Rolling Hills, Calif., and Golden, Colo., respectively. Runners-up included Peter Coburn, Arden, Del.; Bill Mack, Hampton, Va.; Doris (Martel) Piatak, DeKalb, Ill.; and Marion (Martel) Touchette, Georgetown, S.C. "The County" was represented by Shirley (Kirk) Ayer and Fran (Lunt) Flewelling. Tom Sullivan had no competition when it came to "the most children" category. His 15 offspring (nine boys and six girls) range in age from 24 to three.

We reminisced over pizza and beer at Pat's and toasted Mary-Alice (Hastings) Bancroft who was taking in the atmosphere for the first time. (Now, there's a gal who did what she was told!) During an early a.m. tour of the campus with Carol (Langlois) Corwin at the wheel, we discovered that you cannot drive around the mall these days because they've placed three gigantic flower pots at each turn of that oval loop. She did conquer that obstacle course, but we noticed that Bruce was in the driver's seat when they left campus Saturday afternoon.

We capped our attendance award and the Reunion Ball with a final fling in the Main Lounge of Somerset Hall — our reuning locale — 'til the wee hours. Kudos — and then some — to Marion (Martel) Touchette who sat at the piano for two hours and played for our warbling. The ice in our glasses tinkled to the tunes of old favorites. We missed you (and you missed a fantastic reunion!)

Another season, another reason . . . to keep in touch. I received a delightful letter from classmate Alice Cowan Osgood, 88, who spends winters in Arizona but summers in Portland, Me., when not traveling world-wide. Back from Bali, she's now looking for a travel companion to Panama. If interested, contact her. Gail Maclean just received her MSW with certification in Women's Issues from the U. of Conn. and is an economic developer for CTE in Stamford, Conn. This spring Gail will be teaching a Women's Issues course at Concord, N.H. Marilyn M. Plaisted is savoring her retirement after 26 years in education (24 at Ellsworth H.S.) and then two years plus as a Bangor Superior Court clerk. (Congrats, and Luck!)

Edward Farnam's gang elected to go Michigan — Valerie, U. of Michigan; a second daughter attending

same; and a son at MSU. Richard Bangs is now account manager at Rogers Corp. where he's handling sales in western N.Y. Dick is a member of the Society of Auto Engineers and, with wife Gloria, has three sons, all can be found in Rochester, N.Y. Marjorie M. Devine has been named a Danforth Associate, one of 400 in the country. Marge, a member of the Cornell faculty since 1967, will be participating in regional conferences on educational issues.

Your editor's real estate firm has recently been selected to membership by All Points Relocation Service Inc. and has also opened an insurance branch for the agency. That's all, folks, til I hear from each of you. We're super people doing super things. Now let's tell the world and especially our classmates. Remember you read it here first!

Art Brownell is with International Paper Company in Albany, N.Y. as regional manager. He handles governmental affairs for the company in the northeastern part of the country.

Paul Taiganides, project manager, Food and Agriculture Organization of the U.N., Rome, Italy, has been elected a Fellow by the American Society of Agricultural Engineers. Paul was honored at the society's summer meeting in San Antonio, Tex. on June 18th. Fellows are elected annually by the ASAE's board of directors and are chosen for their unusual professional distinction and extraordinary qualifications. Congratulations!

Vernon J. St. Amand was promoted to manager of the Dealer Organization for the U.S. and Canada, General Motors Corp., Corp. headquarters in Detroit. Since graduation, Vern has served six years with the USAF, attended Columbia Univ. for his MBA ('65) and since '65 has been with General Motors overseas in Rome (4 years), London (3 years), and Germany (2 years).

Earl Adams is chief of staff, Maine Army National Guard. His daughter, Kathryn, will enter UMO as a freshman this fall. Edwin Damon, incumbent selectman in Ipswich, Mass., is seeking re-election for his third three-year term on the board of selectmen. Ed and his wife, Nancy, live at 17 Manning St. with their four children. Ed has raised over \$1164 for the Beverly YMCA during the '79-80 swimathons. He has completed 100 laps each year in the mayor's challenge race, finishing first in '79 and second in '80. Results in the next column.

Jiggs and Bev Cecchini, with their two daughters have just completed a trip across the country. Jiggs, president of the Connecticut High School Coaches Association, attended the national convention in Seattle. He is still assistant principal and athletic director of Suffield H.S., Conn.

Irving "Baldy" Fletcher dropped me a line to say that he had celebrated his 48th birthday by completing the Track Capitol Marathon (26 miles, 385 yards) in four hours and nine minutes. His oldest son, Bill, also running in his first marathon, completed the course in three hours and 16 minutes. Their running partner was another first-time marathoner who will celebrate his 59th birthday soon. Guess we will have to send them an invitation for the Boston Marathon next April.

James Hensel, a member of the faculty of the humanities department at Worcester Polytechnic Institute, Worcester, Mass. since 1958, was honored at a faculty retirement dinner in May. Jim, who is a graduate of Yale, received his Master's in English from UMO in 1958. Prior to receiving his master's, Jim spent his time in New York City where he wrote short stories, fiction, and dramatic radio scripts. The Seabury Libbys (Cynthia Whiting '56) formed the Seabury Corp. in 1977 and invested in a supermarket. If you are driving in the vicinity of Putnam, Conn., go to 7 Grove St. and stop in at Libby's Supermarket. They reside at 240 Grove St. and have the welcome mat out for all of us. A note from Mrs. Lawrence Hellenberg (Murray MacDonald) relates that she is studying for an M.A. in public policy at Trinity College in Hartford, Conn. In between courses, she is the chief administrative assistant to the director of legislative research for the Connecticut General Assembly. Murray's two daughters are now 15 and 16, and the oldest one will be studying at the Parsons School of Design in NYC in July.

A note from E.B. Scott of the Class of '26 contained the following information about one of our classmates who seems to want to hide his light under a bushel basket. Dana S. Kierstead was recently promoted to full Colonel in the U.S. Army. Dana is a member of the Military Police Corps and received his promotion while a student at the Industrial College of the Armed Forces. Dana became director of Law Enforcement O.C.E., Pulaski Bldg. 20th St. and Mass. Ave. in Washington, D.C., upon his graduation in June. The article was headed "He Can Sell Iceboxes to Eskimos" and after reading it, I believe he can. Edward W. Bremer, a forestry major at UMO, is now a consultant to the Manhattan advertising agency of Ribaud & Schaeffer. He is a former lecturer for the Direct Mail Marketing Association and a former marketing research analyst with Amesworth Associates of Washington, D.C. where he was responsible for organizing a very successful \$21 million dollar fund raiser for a former president. Ed loves to get together offbeat ideas for sales — such as squares of carpeting taken from the floor of the Democratic Hdqtrs in Watergate. His current project is a national campaign to raise money for the modernization of a pioneer summer theater and to restore reputable acting companies there again. He is also halfway through a direct mail marketing campaign for

Class of 1960

Mobil Oil and is just getting a fund raising activity started for the Nestle Chocolate Co.

Sheila Pelosi has received a J.D. (Juris Doctor) degree from Western State University College of Law, Fullerton, Calif. and has been certified as a candidate to take the California Bar Examination.

Bruce Hodgman has been appointed deputy broadcast editor for The Associated Press, the world's largest newsgathering organization. In his new position he will help direct AP's national broadcast news reports, which is received by more than 3700 radio and television stations in the U.S. and other countries. He and his wife, Marion, and their three children live in New York City. He works at AP headquarters at 50 Rockefeller Plaza.

Wayne Stoddard has been appointed credit manager of Bay State Abrasives, a division of Dresser Industries, Inc., Westboro, Mass. Wayne is a member of the National Association of Credit Management and past president of that association's Worcester chapter. He is also a director of the New England Association of Credit Executives.

The Rev. Richard Nadeau was ordained in the priesthood in May at the Cathedral of the Immaculate Conception in Portland. He was ordained to the diaconate in 1979 and is currently assigned to the cathedral. He holds a master of science degree from the Univ. of Southern Maine and a master of divinity degree from the Pope John XXIII National Seminary in Weston, Mass.

Charles Matsch, a professor of geology at the University of Minnesota, Duluth campus, was one of thirty earth scientists from six countries on an expedition to the Ellsworth Mountains in West Antarctica. Charlie spent much of the time in tent camps throughout the 200-mile-long range mapping and sampling the rock formations. The expedition, sponsored by the National Science Foundation, was highly successful, and the weather, he reports, no worse than a winter in Orono.

It was great to see so many of you at the June reunion. At our class meeting it was voted to change officers at every five-year reunion with the outgoing officers serving on the executive committee. This policy has been successfully adopted by many classes.

Your new class officers are: president, Nancy (Morse) Dysart; vice president, Norris Thurston; treasurer, Dick Hogan; secretary/personals editor, Judy (Ward) Lessard; and class agent, Gail (Carter) Harvey. It was also voted to restrict our two class scholarships (one academic, one athletic) of \$200 each to the "Sons and Daughters of the Class of '60". If your children will be or are attending the University at Orono, they are eligible — both scholarships are to be based on merit rather than need. When you make a contribution to the alumni fund, perhaps you might like to restrict part of it to one or the other of these scholarships.

Lt. Col. Robert E. Keane, director of logistics management, Maine Air National Guard Headquarters, has been awarded an Air Force commendation medal based on service as first commander of the 101st Resource Management Squadron at Bangor International Airport. Address: 72 Sewall Drive, Old Town, Me. 04468. After 22 years of teaching in the Rumford, Me. School Department, John Watson, 4 Brown Street, Mexico, Me. 04257, has been named the Rumford C.E.E.D. Site coordinator of Hussion College. Timothy Kersey has been named Teacher of the Year in the personal enrichment category in an adult and community education program. Tim and his wife, Judy, make their home at Para-

dise Road, Bethel, Me. 04217 with their three sons, Tim, Sean, and David. Glenn (Philipon) Stevens keeps busy caring for her boatbuilder husband, J.A. "Tunk" and their five children. Glenn also serves as v.p. of the Lincoln County Federal Credit Union and is secretary of the Boothbay G.O.P. Town Committee. Friends are invited to visit or drop a line — Box 65, East Boothbay, Me. 04544.

We received a super letter from Hilda (Santoro) Emerson. "Charlie '61 and I are living at Via Patrolo 23, 20151, Milan, Italy, tel. 451 26 74. Our daughter, Lisa graduated from high school last June and will be starting Skidmore in September. Our son, Steven, is 16. Charlie is with Exxon and is currently managing director of Esso Chemicals in Italy. Also living in Milan is June (Richards) LeNoci '61, and I have kept in touch with Candy (Carroll) Aikman '59, who was in Yugoslavia, Tehran, and Egypt, but now should be back in the States. Judy (Pride) DeGrandpre is living in Portland. I miss working, but it is almost impossible for the wife of a foreigner to get a working permit. However, living abroad offers numerous opportunities to learn."

Millard is the Supt. of Schools for five communities. One of his high schools has recently been cited for educational excellence. They have lived in the area for over eight years and are enjoying the winter skiing very much. Dwight Rideout is the Dean of Student Affairs at U. of M., a position he has held since '74. He and wife, Paula (Crockett) '76 live in Orono with their two girls, Jenni 13 and Julie 11. Paula teaches first grade in Orono.

Daniel E. McAllister was presented a Superior Service Award by Secretary of Agriculture Bergland in Washington, D.C. this May. Daniel is responsible for the Farmers Home Administration programs in Mass., Conn. and R.I. He received the award for an overall management plan for rural development in the tri-state area. Dan serves on the New England Federal Task Force for Water Supply and is the New England representative on the Federal Rural Development Committee. He and his wife, Sally, live in Providence, R.I. with their three children.

Rev. Lynne Josselyn has made news again. Lynne has been promoted to district superintendent in the United Methodist Church. She is one of only six women throughout the U.S. to presently hold such a position. Until two years ago no woman had been appointed to the position with the exception of the late Margaret Henriksen of Maine. Lynne's district will be southern Maine and she will supervise out of Portland. She began her ministry in 1966 and has served many churches in the state. Her basic concerns have been creative worship, music, pastoral care and lay leadership, which she hopes

to bring to her new position. We wish you well, Lynne. Keep in touch, I need your news!

I was otherwise occupied this year at the time of reunion. I may have missed a number of you but if you have any special news for me I would certainly welcome it. This time of year I know many of you take time for yourselves. How about sharing your vacation or avocation news with us? Even some snapshots would be of interest.

After lending a hand with a church camp for youngsters, the **Rev. Reg Merrill, Jr.** and his wife the **Rev. Karen Merrill** are tour directors of another group travel program this summer. They depart for Germany on July 24. This begins their three week tour of the Tyrol including Czechoslovakia (type that 3 times fast!), Austria and Yugoslavia. They will be reuniting with some friends in Germany along the way. That reminds me, we have a number of '67 alumni in Germany. How about getting together for a mini-reunion and sending some news stateside? I think about y'all often and wonder how you're doing.

There was a mini-reunion at the 45th parallel (in Dexter) this summer. It seemed good to get together with **Rosemary ("Rammi") Berner** Waller and daughter, **Tori**. She discovered that I did indeed have a voice (a ten-year reunion joke for those of you who attended). I discovered that we still had things in common if only fat toes and gladiolus.

News from down on the farm comes from **Jim** and **Jean Drummond** in Conway, N.H. Jim works for **Hamel Real Estate** and also maintains a small Angus cattle, Suffolk sheep and goat farm. Of course he has lots of farm hands: **Alex**, 9, **Kate**, 7, and **Dana**, 1. **John** and **Susan (Tibbetts) Gross** have operated the **Winthrop Veterinary Hospital** for the last couple of years. They have two boys, **Andy**, 8 and **Dana**, 4. **Ron Poltras** is director of **Northeast Carry Trading Co.** As I understand it, **Ron** has undertaken an alternate energy resource education program in **Hallowell**. The emphasis of the company is placed on one particular energy source spelled **S-U-N**. **Ron** has built two solar greenhouses of his own, taught a solar greenhouse course at the University in **Augusta** and helped form **Northeast Carry** in 1976. The company deals in all the equipment necessary to send you on your solar way to providing all your own food and energy needs. Power to you, **Ron** . . . wind, water, what have you. We're right behind you. Next to our "Ayah" bumper sticker it says, "Sun Savvy For Survival." **Bob** and I are adding our own sunspace to our home right now and we call our black labrador retriever "Thermal Mass." We are also up to here in lettuce, spinach, chard, peas. . . .

Jackie (Dennison) Thurlow has been named chairperson of the **English Department at Mattanacook Academy** in **Lincoln**. In addition, **Jackie**, husband **Gerald** and children **Glenn**, 11 and **Gay**, 10 enjoy many family activities together. **Scouting** and **Little League** have filled their schedule this summer. **Tom Perry** has been appointed the new principal at **Orono High School** after serving as assistant principal since 1971. **Tom** received his Master's in school administration from **UMO** in 1969 and did advanced work at both **UMO** and **Boston University**. **Ed Emery** and his brother, **Ross '60** of **Bedford, N.H.** have joined **Mutual Trust Life Insurance Company** as general agents. **John Huard** has made his position firm with a three-year contract as head football coach and coordinator of recruitment at **Acadia University** in **Nova Scotia**. Last fall he led the **Acadia Axemen** to their first national football title at the **College Bowl** in **Toronto**.

Since our last publication, I have heard from a few in our class. **Robert B. Cobb, Jr.**, and wife **Cynthia** (Gray

'69) are living in **Tucson, Ariz.** They love the Southwest! **Bob** is on the staff at the **University of Arizona Health Sciences Center** in **Pulmonary Medicine**. He will be going into private practice this summer. They have two children — **Melissa** (7) and **Branson** (5). **Edward S. Zizmor** writes that he and his family are well and happy in **New York**, where he is busy in his dual state (**New York-New Jersey**) law practice. Son **Joshua Eric** will be one-year-old on **July 30**, and daughter **Arlene** is three.

In news received at the **Alumni Office**, we have the following: "With our daughter, **Wendy**, seven years old, and son, **Wesley**, two years old, we are on a two-year tour in **Riyadh, Saudi Arabia**. Enjoying the adventures of traveling and meeting new people. Address in **S.A.** is **Maj. and Mrs. S.C. Wright, OPM SANG Modernization Prog., Box 2042, APO N.Y. 09038.**" Signed **Mr. and Mrs. Sumner Wright**.

Stephen Groves of **Winthrop** has been appointed by **Gov. Brennan** as temporary head of **Maine's new Bureau of Oil and Hazardous Materials Control**. **Stephen** has been with the **DEP** since 1970 and has served as director of the **Bureau of Water Quality Control** since **November, 1977**. **Dave Ashmore** is employed as a real estate salesman in the **J.F. Singleton Co.** in **Bangor**.

Dr. John A. Lacadie, a native of **Old Town**, has recently been elected chairman of the **New Haven, Conn.**, section of the **American Chemical Society**. **John** received his **Ph.D.** from the **University of Virginia**. After working as an **NIH Fellow** at **Yale University**, he joined **Uniroyal, Inc.**, where he is presently a senior group leader in agricultural chemical research and development. He is the son of **Mr. and Mrs. Robert C. Lacadie** of **Old Town** and is married to the former **Catherine Ouellette** of **Great Works**. They live with their two sons in **Naugatuck, Conn.**

Navy Lt. Cmdr. Gregory G. Johnson, son of **Gordon J. and Carolyn W. Johnson** of **Westmanland Rd., Stockholm, Me.**, has been awarded the **Navy Expeditionary Medal** for participation in continuous operations being carried out in the **Indian Ocean and Arabian Sea**. He is the operations officer of **Attack Squadron (VA)-86** based at the **Cecil Field Air Station, Jacksonville, Fla.** His squadron is currently embarked aboard the aircraft carrier **USS Nimitz**, operating as a unit of the **7th Fleet**.

I will, as always, welcome news that any of you might wish to send to pass on to our classmates. Do keep in touch, and God bless!

There are many good reasons why you should look at Gould Academy. The first: it's in Maine!

More than a third of our students come from Maine. They can't tear themselves away. The rest come from all over the world to enjoy what Maine and Gould have to offer.

We don't have to tell you about Maine. It's just a great place to live . . . and to learn. Gould Academy is an intellectually challenging coeducational community of about 200 students and 30 adults committed to the idea that education is a serious yet enjoyable pursuit.

We offer courses in all the traditional preparatory school subjects, plus some unusual ones such as mineralogy, international relations, literature of the sea, and glass blowing. Students can pursue their interests in depth, in sequential programs that develop their learning skills. Our exchange program enables students to spend a term in France, Germany, or Mexico.

And of course, we make the most of the cultural and natural advantages of our location in the Mahoosuc range at the edge of The White Mountain National Forest.

For further information, write:

Alumni urged to give data for directory

All alumni should have received a request for the essential information required to assure complete data in the new alumni directory tentatively scheduled for release in the spring. We sincerely hope that everyone has replied.

Publication of the directory will be handled by Bernard C. Harris Publishing Company, Inc. of White Plains, New York. This company is the sole authorized agent for the production and marketing of the directory, and assumes all financial obligation, including the compilation editing, billing, and distribution of the volume and will cover its costs through the sale of advertising and individual book sales to alumni only. This plan will assure the publication of a professionally compiled volume.

During the next several months all alumni will be contacted by telephone for verification of the information in the directory. At that time, and at that time only, they will be asked if they wish to advertise in the directory or to purchase a copy. The number of directories printed will be based on the number of advance orders received via the phone calls.

Alumni who have not returned their questionnaires and are not reached by telephone by the Harris firm will be listed in the directory with whatever information is currently held on alumni records. If you have not received your questionnaire or you do not wish to appear in the directory, please notify the alumni office immediately.

'So nice to be back, singing, in the Maine woods again

Joe Scott: The Woodsman-Songmaker,
by Edward D. Ives, University of Illinois Press,
473 pp., 1978.

by David C. Smith

Wherever I go, and especially in the Northeast, people I meet ask me how "Sandy" Ives is, and then go on to recount some time or other when they met him, or heard him speak or sing. Invariably these are described as pleasant times — when the persons involved learned something, were entertained, encouraged, and generally made to feel better. That is also the case on the campus itself where Professor Ives is one of those persons everyone knows and likes. This new book of his simply transfers those human qualities to the printed page.

The Northeast Archives of Folklore and Oral History is located in the basement of South Stevens Hall . . . and wherever "Sandy" is currently sitting! The archives contains an incredible amount of photographs, oral history tapes, recordings, and transcriptions — nearly all of which have to do with the Northeast (Maine, New Hampshire, and the Maritimes). Its focus has been on the lumber woods and

Sandy Ives

men who "went along to 'Suncook and swamped those logs." Because Ives is a folklorist, he himself has been basically interested in the woodsmen-songsters — Larry Gorman, Lawrence Doyle, and now, Joe Scott. However, anyone interested in the Northeast and its economy and society must pay attention to these collections, and its publication, *Northeast Folklore*.

This new book only enhances the collection and the importance of the archives. It is the story of a New Brunswicker, who, as did so many, came to Maine, and more specifically to Rumford Falls, and the Androscoggin River area. Scott was a woodsman, but he was also a poet and balladeer. For that reason his name has remained close to the knowledge of persons in the woods. Most of the men in the woods were not good keepers of diaries, writers of letters, or orators. They simply did their jobs, and it is only through oral history that we are able to enter their lives and times. Ives utilizes the oral history brilliantly to recreate Joe Scott's biography, and also to interpret Scott's songs.

Several of these songs have passed into the ballad consciousness of the Northeast, without necessarily being known as Joe Scott's songs. In analyzing this process Ives gives us a glimpse of how other ballads may have become part of our background culture. If an Ives had been about in the sixteenth century, perhaps we would know more about such songs as "Barbara Allan" and many others. In this book we see the ballad being made, and then being transformed by the singers who learned it and remade it to their own needs.

Ives has, in addition, written a remarkable chapter dealing with lumbercamp singing. Using his tremendous research capability, and joining this to his remarkable training in music, literature, and folklore, as well as anthropology, he has illuminated life in the camp for us. In fact, from this chapter and this book we know a good deal more generally about life and working peoples' lives than we did before.

Some of Scott's songs were fairly well known — "The Plain Golden Band," "Benjamin Deane," and the "Norway Bum" are examples. In this book we find these songs

and others explicated, their music analyzed (and the analysis goes into the changes found from one singer to another), the collection of the songs is dealt with, and throughout the analysis Joe Scott (and Sandy Ives) demonstrates shows through loud and clear. These chapters, written perhaps for other musicians and folklorists, should be read by all for we can glean from them as well.

One of Sandy's sources was a man named Ralph Thornton. Ralph was a friend of mine, and the book stopped me short in the chapter on "Benjamin Deane." The last time I had heard "Benjamin Deane" was a number of years ago. Several of us had brought Ralph over to our camp, and we had had a birthday party for him. I had baked beans in the ground riverdrivers' style, made biscuits, and we had had a fair amount of what is needed to make parties go. Ralph had sung for us — the woods songs — "The Jam at Garry's Rock" and others. As he got ready to leave, he said, "Let's sing 'Benjamin Deane' again. It seems so nice to be back in the woods." Well, we sang it, and Ralph left, and fairly soon thereafter, left us for good. While I was reading this book, Ralph Thornton, and my other friends from the woods were with me all the time. It is nice to be back in the woods again.

This book is published by the University of Illinois press in its *Music in American Life* series. I have read most of the books in the series, and one or two of them are as good as anything I have read: Serge Denisoff's *Great Day Coming*, Archie Green's *Only a Miner*, and above all, Charles Townsend's *San Antonio Rose: The Life and Music of Bob Wills*. It is a tremendous series. Sandy Ives' *Joe Scott* is a worthy book to put among them. If you want to know something about the Northeast, or lumbering, or singing, or just ordinary people, you will like this book. If you can't be in Orono with us, where we can see Sandy any time we want to, you will like the book because it allows you to meet him whenever you pick it up. Enjoy!

David C. Smith, a member of the UMO history department, is the author of numerous articles and books, including a recent 100-year study of the Orono campus.

Sprague. . . specializing in energy marketing innovation

Ever since 1870, when we supplied whale oil to New England and our fleet of colliers carried coal to the East Coast, Sprague has always been on the energy front lines. Our marketing **innovators** were the first to anticipate the shift to oil; they were the first to see an energy crisis coming; they were the first to suggest Machiasport for a world port and refinery center; they were the first to call for strong government support in averting the crisis; they were the first to organize public support for the building of an oil refinery in New England; and the first to bring coal back as an alternative industrial fuel.

That's being first! That's marketing **innovation**! That's Sprague!
