Los Gatos Cal. Sept. 23, 1910

Dear Boggs.

When I last wrote you I did not expect to be living at the present time, as my health then indicated a short remaining time left for me. Though my heart is not in good condition and I have suffered with rheumatism for five years, judging from the past, I may yet live some few years longer, or I may die suddenly at any time. Hearing some months ago from Tom Jones "if ours," that you were still living I thought I would write to you, in hopes of hearing from you again. Lately I have been greatly troubled with so called "head noises" (rattling, I am told from nasal catarrh) and even now while I am writing there is such a ringing sound in

head that I can hardly keep up any consecutive train of thought, so you need expect nothing but a very stupid letter from me. Nearly five years ago I quit trying to attend to the ranch, and turned it over to my oldest son Eugene who has been "running" it ever since. The only members of our family living here are Eugene, myself and my California baby Annie, now some months past 21 years old. She is our housekeeper (and a good one too) and is the joy of my old age. Last March (25th) my daughter Cora was here from Alameda, and we celebrated my 70th birthday; so you see I have passed my "three score years and ten". I know my general appearance strangers take me to be strong and active - but just the reverse is the case, the slightest exertion greatly fatiguing me.

I hope you have found relief from the trouble with your eyes

[1887]

and that you now have full use
of them. I should like to hear all
about each member of your
family, where they are - whether mar-
ried or single, and also all about
Symington & his family. Please
give him my love and tell him
I have not yet forgotten the dinner
he gave me & my brother James, (since
dead) at the "Poodle Dog", in San Fran-
cisco, some twenty ^{odd} years ago. About
a year and a half ago my Sister,
Mrs. A. E. Haight, died in Oakland
Cal., thus leaving me alone of the
original four children of my father
by his first wife. Since the death
of my dear wife, nearly five years
ago, life has not had the same
attractions for me that it had before,
and the short time before me does
not worry me.

While in the East hundreds died
from the heat, we have had the
coolest Summer I have yet experienced

in California or elsewhere. Our crops of fruit this year are all good, tho' prices are somewhat lower than in some former years.

To day is the fourth birthday of my Irish grandson (Kate's child) by name John Russell Miniss. They live in Dromore, Co. Down, Ireland. I have been greatly in hopes they might return to California before I die, but the present prospect of their doing so is very uncertain.

Since I last wrote you I have (by letter) renewed my old acquaintance with Genl. Frank T. Nicholls, now Chief Justice of the Supreme Court of La.

When I resigned from Fort Yuma, in 1856 he was a 2nd Lieut. there and resigned a month later. In one of his letters to me he wrote of having met you during the War when you were as Kirby Smith's chief of Staff. If you wish me to do so, I will send you a copy.

of some verses I wrote him a few years ago, which commenced our correspondence, after so many years of separation.

About a year ago Sep. Symonds had a stroke of paralysis which partly disabled his left side, and somewhat affected his brain, particularly his memory of present and recent events, tho' of our Cadet days he has a very clear recollection, even better than mine. He is gradually getting more feeble, and I will not be surprised, at any time, to hear of a second and fatal stroke.

Through Lou Jones I have lately heard of more of our classmates than from all other sources. He tells me that Jesse Gravens is living in Fayetteville, Ark.

About two years ago Sep Symonds met Smith W. in San Francisco. He was there as Inspector of the New Post Office building, in the course

of erection. O.D. Greene is in
San Francisco & Dick Chandler
near Los Angeles - both retired.

I enclose you two small photos,
taken last Spring about two months
after I was 70 years old. I have
a full head of hair which is but
slightly grey. If you can spare
me a picture of yourself - or better
still of you and your wife I should
like very much to have one. Do
you think I look anything as I
did when you last saw me in
St. Louis? That was about 26 years
ago, if my memory for dates is good.
Now, Boggs, write (or have written)
to me a good long letter telling
all about yourself & yours.
My very kindest regards to your
worthy wife, and to such of your
children as are with or near you.
As of old,

Sincerely your friend & classmate

My dear Dad,

Will you please send

of this month? I am very
well, and at present
most of my household
are well. I saw Amb
Fanny Sunday and
she was looking much
better. Expect to go
see her this afternoon

She seems very much afraid
to have the news of her sick
mss reach Augusta as she
dreads any one coming on
She says she has never
been prostatitis but I
think she has had a slight
stroke of paralysis.

Sunday 20 I went to
see Aunt Fanny yesterday
afternoon. First visited in
her lake for a few hours
as I had not been in
since Tuesday. She is
much more cheerful. Had

written to Kitty herself
yesterday morning - I
do not know however if she
means being sick. She
allows her to go down to
her dinner and she waits
on herself entirely at Lex-
ington. She is over the worst of
it. Had a very nice birth
day - spent most of it
working but the afternoon
and evening were spent

in at the flat. Miss
Dwyer is a much case
now and quite enjoy-
ing herself. Mrs. Penn
is still in the case she
had when I went home.
Miss Scott has not
returned from Va. yet
Otherwise we are all here.

has another attack of
appendicitis and has gone

Dear Boggs.

Have you forgotten that it was 50 years ago, this month, that we left West Point, after (what I considered.) a four years imprisonment in the Highlands? By the last Bulletin from the Assn. of Graduates I see you are still at Winston, and by this you see I am still in the Santa Cruz Mountains, tho' I am the only Bissell on the ranch.

Nearly a year ago my best beloved daughter Annie came very near losing her life, when, suffering from neuralgia, she took an overdose of chloroform. She is now in Alameda with my daughter Cora (Mrs. C. P. Warren) but goes over to San Francisco every ^{week} day, being now a clerk in the Ticket Auditor's Office of the Southern Pacific R.R.

My son-in-law, Chas. P. Warren, is head clerk in that office where he has been employed over twenty years. Eugene is now living in S. F. and has been since the first of the year.

I am boarding with a man (& his wife) who has rented the ranch, on shares, for a year. I like

the Mountains so much better than any city, that I much prefer living here - even tho' separated from my dear children. I however see them from time to time. One of them, Cora, with her youngest son is near me now - visiting a neighbor for a week or two.

I see Duryea & Smith J.A. have diminished the number of the survivors of our class. Billy, it will not be long before both of us will join the Great Majority beyond the Great Divide. I often think I care little how soon the time may come for me. I am still suffering from head-noises - sometimes being nearly crazy with them. I am now undergoing a treatment which has benefited others, and it may - or may not - me.

I should like to hear all about you and your family, and where they all are. I sincerely hope all the blessed light has not been shut out from your eyes - but rather that your eyesight has been restored. My love to your estimable wife as well as to your dear old self. Hoping we may meet under happier conditions in the Great Hereafter,

Dear Boggs

Your letter of May 5th, reached me on the 13th, and while I was glad to hear from you, was surprised and shocked to learn that your dear wife had been gone nearly two years and I had not heard of it. It now seems to me that the last letter I had received from you must have been written but a very short time before she died. While you had her with you nearly 50 years, my wife died 36½ years after we were married; she having died Nov. 30th 1895. My old friend Sep. Symonds, who had been living about 7 miles from us, died just 5 years later Nov. 30th 1900.

I can realize how lonely you must feel, and how few attractions this world must have for you,

for I am in ² nearly the same condition: my daughter Kate, (Mrs. Edmond Miniss) having been in Ireland Eleven years, while her twin Sister Cora, (Mrs. Chas Warren) died here over two years ago. My oldest son Eugene (47) lives in San Francisco, where he is in charge of a large Warehouse, and my youngest daughter Annie, (our only California baby,) is clerk in the Ticket Auditor's office of S.P.R.R. in San Francisco; both of them single.

My youngest son Lewis, is my ~~only~~ only child living in Alameda, but for the present I can not live with him.

I am now boarding here, but am within five minutes walk of him, and four of my grandchildren.

I can imagine how lonely you must be, since the death of your wife & of the death of your daughter, under such painful circumstances.

To fill up a portion of my idle time about two years after my wife's death

I tried writing some rhymes, and wrote quite a number, one of which I enclose.

Well - our old Glass is getting pretty small, but not as small as the one of 55, in which my friend Nicholls graduated.

It will not be long before all our names will disappear from the list of the "association"

as far as I am concerned, I often think the sooner the better, for with these ever present annoying head-noises life is only a burden to me, and I am of no use to any one else.

We are having the coldest summer I ever remember. This' we are well on in June, a fire has been comfortable for two weeks back. Wish I could write you something interesting, but I can't: so, my dear old friend Good-bye & God bless you.

Very sincerely,

B. R. Busell

Second Anniversary of my Wife's Death.

I.

On the last of November, two long years ago,
 With thy friends all around thee, our eyes filled with tears,
 Came the message from Heaven, that called thee to go;
 My Wife:- My Beloved;- Companion for years.

II.

And still I am mourning; my heart full of sorrow.
 For memory brings me but heart-ache and pain.
 And still I must weep; for, today and tomorrow,
 And many days after, will tears flow again.

III.

Then why did they tell me that Time would bring healing;
 Would banish this grief from my sorrowing heart;
 Would remove from my soul this terrible feeling
 Of Solitude - now of my being a part?

IV.

For time is a tyrant; he makes my bonds stronger.
 He fastens my fetters with rivets of steel.
 He shortens no sorrows, but draws them out longer:
 On Oblivion's neck, puts his merciless heel.

V.

weet oblivion, Time may not control.
 Set me rightly, in that God-given sleep;
 bring the sorrow which shadows my soul,
 I am so pleasant, I have no cause to weep.

VI.

has deceived me, I shall look for another;
 who is willing to shorten any grief.
 can find him: Time has a half brother;
 it would so kindly, I think, bring relief.

VII.

Death alone, can I hope to reach Heaven,
 Lee, Beloved, with our two children dear;
 to me, the assurance hath given
 or He hath opened shall make my way clear.

VIII.

This mercy shall summon me home;
 messenger Death, He shall so kindly send;
 dy, may, longing to come,
 ve to my footsteps, new vigor may lend.
