“*Gossamer Albatross*”

by Steve Elliott

Steve was active in the hobby of hang gliding, and was invited to join the *Gossamer Albatross* team in 1979. He assisted in its development and testing, and was there in a Zodiac raft when it became the first human powered aircraft to cross the English Channel and win the £100,000 Kremer Prize.

Embry-Riddle Aeronautical University
Davis Learning Center (DLC) Auditorium
Prescott, Arizona

Wednesday, April 8, 2009
