History

Xavier University was founded in 1831 as a literary institute by the great Apostle of the West, Edward Dominic Fenwick, of the Order of Preachers, who was the first Bishop of the Diocese of Cincinnati. He called his school The Athenaeum and built the buildings on

Sycamore Street in downtown Cincinnati where St. Xavier Church and St. Xavier High School now stand.

In 1840, his successor, Bishop John Baptist Purcell, invited the Jesuits from St. Louis University to take over the administration of the school. They arrived on October 1, 1840, and began first classes shortly after. The Jesuits changed the name to St. Xavier College. For the past 107 years the Jesuits have had continuous operation of Xavier. In 1919 the college moved to the present site on Victory Parkway in Evanston-Avondale. In 1930 the name was again changed, this time to Xavier University.

COLLEGE OF LIBERAL ARTS

The College of Liberal Arts is the heart of the Jesuit system of education. The college holds this place because it is the unit of a university wherein the distinctive purposes of Jesuit education are more fully realized. The first two years of the Liberal Arts College are devoted almost wholly to general education; the last two years are devoted in great measure to advanced and specialized study in fields of knowledge upon which the student wishes to concentrate. During these last two years, however, each student must devote almost one-third of his work to the study of philosophy and Christian culture which thus climax and integrate his general education.

Evening College

The purpose of the Evening College is to aid adults of Greater Cincinnati in obtaining a more advanced education by means of courses of cultural and practical value. This division renders particular service to those who wish to carry college work toward a degree while working during the day; and to those who wish to pursue subjects which will better fit them for special services or vocations.

In addition to the liberal arts courses, technical and vocational courses are offered. All courses are open to men and women. Besides the individual course offerings, there are groupings and programs of courses leading to certificates, diplomas, and degrees.

The Evening College is administered by an associate dean, and all classes are conducted on the downtown campus, 520 Sycamore Street. Information regarding the Evening College will be found in Xavier University Bulletin No. 3.

Milford College

A division of the College of Liberal Arts is located at Milford, Ohio, about fifteen miles east of Cincinnati. It is the humanistic training school for those new members of the Jesuit Order who are assigned to the Chicago Province. The courses are open to Jesuits

only. This College is administered by an associate dean. The names, title, and rank of the faculty are contained in this catalogue.

Ultimate Objective

The College of Liberal Arts has the same primary purpose as the Catholic educational system taken in its entirety. This is best expressed in the words of Pope Pius XI:

The proper and immediate end of Christian education is to cooperate with divine grace in forming the true and perfect Christian, that is to form Christ Himself in those regenerated by Baptism. . . . The true Christian, product of Christian education, is the supernatural man who thinks, judges and acts constantly in accordance with right reason illumined by the supernatural light of the example and teaching of Christ; in other words, to use the current term, the true and finished man of character.

Immediate Objectives

The College of Liberal Arts, in its teaching, aims at reaching the whole man, his intellect, his will, his emotions, his senses, his imagination, his aesthetic sensibilities, his memory, and his powers of expression. The educational program at Xavier University, therefore, takes into consideration three types of training — the intellectual, the moral and religious, and the physical.

The intellectual training at Xavier University is guided by principles set forth in the *Ratio Studiorum*, a body of principles and suggestions outlined and revised over the space of nearly three hundred and fifty years by the most prominent Jesuit educators. The *Ratio* postulates that studies, falling into certain groups, have distinct educational values, so that the specific training given by one group cannot be supplied by another. Mathematics, the natural sciences, languages, and history are complementary instruments of intellectual development and are considered basic for a general education. Mathematics and the natural sciences bring the student into contact with the material aspects of nature, and exercise the deductive and inductive powers of reason. Language, history, and the social sciences effect a higher union. By their study and for their requirement the whole mind of man is brought into the widest and the subtlest play. With the introduction of the student to these subjects the emphasis on general education is lessened. The student may then go on to advanced and specialized studies in any field for which his preparation and qualifications indicate a special aptitude. The purpose of the advanced and specialized studies is not proximately to fit the student for some specialized employment or profession, but to give him such an intensive, vigorous, and rounded

development as will enable him to cope successfully even with the unforeseen emergencies of life, as well as to prepare him for higher intellectual research which the complexity of modern life lays open to him. Accordingly, almost one-third of even his *upper division* work continues to be of the nature of general education which consists of philosophy and Christian culture.

As a background for his higher studies the *Ratio* stresses mental and moral philosophy, not only for the influence such a study has in mental development, but for the power of discrimination which it gives the student. The emphasis is not upon a history of the philosophies, but upon a study of Neo-Scholastic Philosophy wherein is to be found a logical, unified, complete system of mind-culture in accord with the laws of human thought.

The *Ratio* establishes as a fundamental principle that knowledge, though it energizes and refines the intellectual powers, does not of itself perfect the moral powers; that religion alone completely and perfectly purifies the heart and strengthens the will; that to be effective, religion must be taught so as to become a continuously vital force in education and the core-subject and integrating basis of all knowledge. In its moral and religious training Xavier University aims at building the conscience of its students for the right fulfillment of their civil, social, and religious duties. To gain this objective Xavier University provides: (a) required courses in religion for all Catholic students, and courses in morality and character development for non-Catholic students; (b) an annual retreat, held between the interval of the first and second semesters during which time the Spiritual Exercises of St. Ignatius are given.

Ample provision is made for the health and physical training of the student through health examinations, well-planned inter-collegiate and intra-mural athletic programs, the R.O.T.C., and a physical education program for all students.

Buildings

Albers Hall, dedicated in 1929, is the gift of Mr. William H. Albers. In this building are the classrooms, laboratories, and offices of the departments of biology and physics, the administrative offices of the President, and the Director of Public Relations.

Alumni Science Hall, erected in 1920, is the gift of the Alumni of St. Xavier College to commemorate the diamond jubilee of their Alma Mater. It contains chemical laboratories and classrooms, as well as the administrative offices of the dean, the registrar, the bursar, and director of veterans' affairs.

Elet Hall, erected in 1924, is the first unit of the students' dormitories. It is a well-furnished student residence with accommodations for one hundred students in single and double rooms.

Federal Houses, provided by the F.H.A. for veteran students and faculty members, are supervised by the University. There are ten residence halls on Ledgewood Drive from Herald Avenue to Victory Parkway, and six on Herald Avenue from Ledgewood Drive to Dana Avenue.

Hinkle Hall is the residence of the Jesuit faculty. Erected in 1920 by Mrs. Frederick Wallis Hinkle, it contains living quarters, reception rooms, administrative offices, the switchboard and the Foss Memorial Chapel.

Marion Residence, acquired in 1942, is an auxiliary dormitory located at 992 Marion Avenue.

North Hall, completed in September, 1947, by the Federal Works Agency under the veterans educational facility program, contains lower division chemistry laboratories and rooms for mechanical drawing.

St. Barbara Hall, the former Melcher residence, acquired in August, 1947, is the headquarters of the Reserve Officers Training Corps.

South Hall, also an FWA-VEFP project, completed in September, 1947, houses the University book-store, snack bar-canteen, student lounge and auditorium.

The Field House and Gymnasium, erected in 1928, is the gift of Mr. Walter S. Schmidt, Class of 1905. In addition to the large indoor stadium, it contains pistol ranges, boxing ring, badminton and hand-ball courts, basketball court, shower and locker rooms.

The Milford Novitiate Building, erected in 1925, on an hundred acre plot of ground in Milford, Ohio, contains the dormitories, dining hall, chapel, library, and classrooms for the young members of the Society of Jesus.

The Union House, the old Avondale Athletic Club, now combines the cafeteria, bowling alleys and recreation rooms.

The Walter Seton Schmidt Library Building, erected in 1926, contains the Mary G. Lodge Reading and Reference Room, the library stacks, reading rooms, classrooms, Bellarmine Chapel, and the seismological observatory.

Xavier Stadium has a capacity of 15,000 and is floodlighted for night games. It was erected in 1928 through a public drive headed by the former Governor of Ohio, the Hon. Myers Y. Cooper.

Accreditation

The University is accredited by the North Central Association of Colleges and Secondary Schools as a degree-granting institution, and is approved by the Department of Education of the State of Ohio, by the Board of Regents of the University of the State of New York, and by the University of Illinois.

Note on Affiliation

The College of Music, Cincinnati, is affiliated with Xavier University. Liberal arts credits earned at the College of Music are accepted toward the Bachelor of Arts and the Bachelor of Philosophy degrees by Xavier University. Correspondingly, courses required for the Bachelor of Music degree, which are not given at the College of Music, will be accepted from Xavier University.

Institutional Memberships

To stimulate active interest in matters educational, and to afford both faculty and students the value of recent research, the University maintains membership in the following educational and learned organizations:

- The Jesuit Educational Association
- The National Catholic Educational Association
- The North Central Association of Colleges and Secondary Schools
- The American Council on Education
- The Association of American Colleges
- The National Conference of Church-Related Colleges
- The Mid-West Conference on Graduate Study and Research
- The National Education Association
- The Ohio College Association
- The Association of University Evening Colleges
- The American Catholic Philosophical Association
- The American Catholic Historical Society of Philadelphia
- The American Historical Association
- The United States Catholic Historical Society
- The Mississippi Valley Historical Association
- The Catholic Library Association
- The American Library Association
- The American Association of Collegiate Registrars
- The Association of Ohio College Registrars
- The United States Field Artillery Association

Individual Memberships

The University is represented in many other associations and societies through the individual memberships of its faculty.

Office of the Dean

The office of the Dean of the College of Liberal Arts (Evanston campus) should be consulted on the following matters:

1. Any information specifically relative to the College of Liberal Arts
2. Counseling on one's program of studies or schedule
3. Withdrawal from courses or from the University
4. Change of courses or schedules
5. Reporting of all absences
6. Approval of applications for all degrees

Office of the Registrar

The office of the Registrar of the College of Liberal Arts (Evanston campus) should be consulted in regard to:

1. Matters pertaining to student records
2. General information about the University
3. The issuance of transcripts
4. The obtaining of catalogues and application forms for admission

N.B. All admission forms (properly filled out) should be addressed to or deposited with this office.

Notice to Students

In order to insure satisfaction to all, both old and new students are requested to carefully distinguish the type of service desired and to consult the proper source of authority in each instance.

University Services to Students

Religious Welfare

Xavier University uses various means of promoting a sincere Catholic way of living in its students. Too numerous for catalogue listing, they permeate classroom and general campus atmosphere. From the elaborate celebration of Field Mass to a quiet visit in Bellarmine Chapel, student life is vibrant with that simple devotion characteristic of Christian principles.

Student Retreat

Each year during the interval between the first and second semesters the Spiritual Exercises of Saint Ignatius Loyola are given for all Catholic students. Attendance at the exercises is obligatory.

At the same time a series of conferences on morality, character formation and the natural virtues are given to the non-Catholic students. In none of these conferences is there anything said to disturb the religious convictions of any individual exercitant. Attendance at these conferences is obligatory.

Student Health Service

The Student Health Service is the organization through which the University fulfills its obligation to its students for the care of their physical and mental health and at the same time assures itself and the families of these students that a reasonable supervision is being exercised by the institution for the maintenance of physical and mental fitness of the student.

Participation in the Student Health Service through the payment of the Student Health Service fee is obligatory.

The functions of the Student Health Service are:

1. To counsel students on all problems of health
2. To teach and encourage habits of healthful living
3. To give hygienic advice for the improvement of impaired health, and to supervise the sanitary condition of all campus facilities
4. To provide medical attention on the campus for sickness and accidents
5. To supervise hospitalization of ill students

Health examinations are required of all new students as part of their entrance requirements to Xavier University. Forms for this

examination are to be filled out by the family physician and must be in the hands of the medical director of the University before the beginning of the semester in which the applicant enters the University.

Counselling Service

The University strives to give each student as much individual attention as is possible. All students entering the College of Liberal Arts are required to consult with a member of the Committee on Student Advisement prior to registration for the purpose of selecting a suitable program of studies.

At the time of registration the student is assigned to an adviser whom he is obliged to see at least once each semester for consultation in matters pertaining to his scholastic work.

Freshmen are interviewed once each session by the Dean of Freshmen.

For spiritual and more personal guidance the University provides a student counselor who sees all students according to schedule or by appointment. Consult the Student Counselor, Hinkle Hall.

All matters of veterans' welfare are under the direction of the Director of Veterans' Education.

Student Housing

Elet Hall and the Marion Residence, under the supervision of the Jesuit Fathers, are equipped to accommodate one hundred-sixty students in single and double rooms. The University has special housing units on the Evanston campus for two hundred-fifty veterans.

Cafeteria Service

The University Cafeteria serves three meals daily (Sunday included) under the supervision of a dietitian.

The Canteen

Canteen service is provided in South Hall.

The Book Store

The University maintains a completely equipped book store in South Hall.

Libraries

The University Library, housed in the Walter Seton Schmidt Library Building on the Evanston Campus, contains many interesting and valuable collections among which are the original manuscripts of Francis J. Finn, S.J.; a fourteenth century vellum manuscript of

the sermons of St. John Chrysostom; a fifteenth century antiphony; several incunabula; letters of Andrew Jackson, Martin Van Buren, and others; and a complete set of the *Jesuit Relations*. The total number of bound volumes is 49,515. The University has been a constant beneficiary of many friends whose contributions have aided considerably in increasing the number of volumes. Since 1925 the organization known as the Booklovers of Xavier University has been outstanding in its generous gifts and contributions.

With the exception of Sundays and holidays, the library is open to the faculty and the students from 8:30 a.m. to 5:00 p.m.

The St. Thomas Library, a branch of the University Library, is situated in Milford and is for the service of the faculty and students of the Milford College of Xavier University. In keeping with the humanistic curriculum of this division a great part of the 42,245 volumes is in the field of English and classical literature. Very noteworthy collections of ascetical and theological works are distributed in the buildings at Milford.

The total bound volumes of the University libraries is 91,760.

Laboratories

The biology laboratories, located in Albers Hall, are standard for undergraduate students. There are facilities to accommodate one hundred and twenty-five students at one time. A large collection of museum specimens provides opportunity for a wide knowledge of living organisms. An animal room affords the advanced students an opportunity to conduct protracted experiments. Fine records of experimental investigations are made possible by complete photographic equipment.

Two large, well-equipped laboratories for general physics, and one for advanced work in optics, occupy more than twenty-five hundred square feet of space on the second floor of Albers Hall.

The seismology laboratory, used for research in seismology, is connected with the physics laboratories. For the purpose of advancing the science of seismology, Xavier University maintains a first class seismographic station and observatory in the network of the Jesuit Seismological Association. The vault containing the instruments is situated in the basement of the library building. On massive concrete pillars, structurally independent of the building itself, are four Wood-Anderson torsion seismographs which register the horizontal components of the earth's motion. A fifth instrument, a Galitzin-Wilip electromagnetic seismograph, galvanometrically registers the vertical motion of the earth. A special master-clock, corrected by the Arlington radio time signals, gives accurate time control on the seismograms.

The chemistry laboratories, housed in Science Hall and North Hall, occupy approximately twenty thousand square feet of floor space. There are separate laboratories for physical, organic, analytical, general inorganic and graduate work in chemistry. These laboratories have standard equipment sufficient to serve 700 students.

The Department of Military Science is adequately equipped with apparatus for laboratory and field work. It has small arms and equipment — pistols, machine pistols, carbines, M-1 rifles, automatic rifles and launchers — necessary for elementary training in basic military courses. It also has one battery of the celebrated 105mm howitzers equipped for high speed traction. Transport facilities for this battery consist of motor vehicles classified as prime movers, detail cars, supply trucks, and wire trucks. Additional equipment includes the required complement of the most modern radio sets, motor reels, switchboards, field telephones and fire control equipage. Two pistol ranges, an indoor rifle range, a motor room with motor parts for demonstration purposes, maps and aerial photographs, and various other equipment make material contribution to a thorough knowledge of the science of field artillery.

Scholarships

At Xavier University a scholarship for one year is provided by the donation of \$306.00. This amount will keep one student, who is a candidate for a bachelor's degree, free from tuition for one year. A permanent scholarship is provided by the gift of \$10,000. The amount of the scholarship, however, will always depend on the income from the investment. If the founder fails to name an incumbent, the scholarship will be conferred at the discretion of the committee on scholarships.

In addition to any other requirements peculiar to particular scholarships, the following conditions must govern the awarding or holding of any scholarship:

- a. A scholarship applied to tuition only and does not excuse the designee or holder from payment of other fees.
- b. Scholarships must be accepted for the year or years they are awarded. They may not be transferred by the holder and may not be resumed at will after having been relinquished.

Honor Scholarships

A limited number of honor scholarships are awarded to high-school graduates each year. The following regulations govern the awarding of all scholarships:

1. Application must be made by the high-school principal *before the student concerned graduates.*

2. The application must be accompanied by an official transcript of the student's high-school record and an official recommendation by the principal of the high school.
3. The student must have ranked in the upper ten per cent of his class and must have had a general average of 85 per cent (B) or better during the last two years of high-school attendance.
4. The scholarship will be awarded for one year and will be renewable in favor of the holder for each successive semester of his four-year college period.
5. Holders of honor scholarships must maintain a quality-point ratio of at least 2.5 in the freshman year, and 3.0 in the sophomore, junior, and senior years.
6. The award in all cases is made by and at the discretion of the Scholarship Committee of Xavier University.

Awards

The Dr. J. T. Clear Biology Key. This key, founded by Dr. J. T. Clear, is awarded annually to the member of the Xavier Biological Society who has completed his major in the Department of Biology with the highest distinction.

The Dorst Chemistry Key. This key, the gift of Arno A. Dorst, is awarded annually to the senior who has completed his major in the Department of Chemistry with the highest distinction.

The Alpha Chi Sigma Prize. This prize is awarded to the sophomore majoring in chemistry who has attained the highest scholastic average during the freshman and sophomore years.

The J. D. Cloud Prize. This prize is awarded to the student (Evening College) in the senior accounting class attaining the highest average in his junior and senior years.

The Advertising Prize. An award is made to the student (Evening College) conceiving and designing the best advertising campaign.

The Intercollegiate English Prize. A purse of \$100 (50 for the first prize, \$20 for the second, \$15 for the third, \$10 for the fourth, and \$5 for the fifth) is offered yearly by Mr. David F. Brenner of Chicago for excellence in English essay writing. The purse is open to the competition of the Jesuit colleges and universities of the Missouri and Chicago provinces.

The Alumnae English Prize. A prize is offered by the Xavier University Alumnae Association to the student of the University winning the highest place in the Intercollegiate English Contest.

The English Prize. This prize, in memory of Peter J. O'Donnell, Ph.D., is offered to the student (Evening College) for superior work in the Department of English.

The Mermaid Tavern Key. A gold key is offered by Mr. Anthony C. Elsaesser, '12, to the Tavern member meriting highest distinction in literary composition.

The American Legion Luncheon Club of Cincinnati Scholarship Prize. A cash award of \$25.00 will be presented annually to the outstanding R.O.T.C. cadet of the Second Year Basic Course.

The Dr. John T. Clear Rifle Trophies. These three trophies, donated annually to the Corps by Dr. John T. Clear, are presented to the R.O.T.C. students who demonstrate outstanding marksmanship during the year.

Xavier Fourragere. This military decoration is presented to R.O.T.C. students as an honor for military attainment.

The Military Order of World Wars Medal. The Cincinnati Chapter of The Military Order of World Wars presents a gold medal annually to the outstanding R.O.T.C. cadet of the First Year Basic Course.

The Colonel Charles F. Williams' Scholarship and Prize. A gold medal and a \$200 scholarship are offered annually by Colonel Charles F. Williams to the First Year Advanced Course student who ranks highest in scholarship.

The Alpha Sigma Nu Religion Key. A gold key is awarded annually by the Xavier Chapter of the National Jesuit Honor Society to the freshman or sophomore who writes the best essay on a religious topic.

The Intercollegiate Latin Prize. The Very Reverend Provincials of the Chicago and Missouri provinces offer a prize of \$25 annually for the best translation of classical English and classical Latin. The contest is open to male students of the Jesuit colleges and universities in the Chicago and Missouri provinces.

The Ragland Latin Medal. A gold medal, founded in 1935, in memory of Alice D. Ragland, is awarded to the participant who ranks highest in the Intercollegiate Latin Contest.

The Washington Oratorical Medal. A gold medal is offered by the Xavier University Alumni Association for the best original oration delivered in the annual contests in oratory, held on February 22, Washington's birthday.

The Joseph B. Verkamp Medal. A gold medal is offered by Mr. Joseph B. Verkamp for award to the member of the Poland Philopiedian Society who has delivered the best speech in the annual public debate of the society.

The Archbishop McNicholas Medal. A gold medal is offered by the Most Reverend John T. McNicholas, O.P., D.D., to that member of the senior class who has excelled in the study of philosophy.

The Martin G. Dumler Key. A key is offered by Mr. Martin G. Dumler, LL.D., to that member of the junior class who has excelled in the study of philosophy.

The Philosophy Prize. In honor of William T. Burns, LL.D., Professor Emeritus, a prize is presented to the student (Evening College) meriting the highest distinction in research work in the Department of Philosophy.

The David Snyder Religion Medal. A gold medal, founded by Mr. and Mrs. John W. Snyder, Portsmouth, Ohio, in memory of their son, David William Snyder, '31, is awarded for the best catechetical essay written by a junior or senior.

Student Organizations

Xavier University has provided several forms of student activities and organizations for the purpose of promoting religious, social, academic, and cultural relations among the student body. All student organizations are under the general supervision of the Director of Student Activities. Approval for meetings and programs must be secured from him directly or through the appointed faculty moderators. With the exception of activities and organizations of a purely religious nature only such students as are free from disciplinary censure and the scholastic censure of probation are eligible for active membership. The University reserves the right to discontinue, or moderate any student activity or organization. By means of its committees and agencies the University also has the right to limit the extent and degree of the individual student's participation. Active membership in one of the approved organizations, exclusive of religious and athletic organizations, is required of all upper-classmen. All freshmen are required to participate in the freshmen debating groups which meet weekly.

The Apostleship of Prayer is a world-wide organization of which there exists in the University a distinct and duly-established local chapter. Membership is open to all students. The object of the association is the fostering of a manly and practical devotion to the Sacred Heart of Our Lord and Its interests in the world, and the actual practice of the law of universal charity through mutual prayer for the intentions of all associates.

The Biology Club, open to students of biology, sponsors original investigation in the field and publishes the *Xavier Science Bulletin*.

Catholic Students' Mission Crusade. At the organization of the Catholic Students' Mission Crusade, held at Techny, Illinois, in 1918, the local locality was represented. Its mission section became a senior unit, and consequently, a charter member of this great movement.

In January, 1921, the unit assumed a more definite form as the Crusade Unit of the Liberal Arts College, and adopted the name *The Henry P. Milet Unit* in honor of Rev. Henry P. Milet, S.J., a former director of the High-School Sodality, now a missionary in Patna,

India. The first Sunday of the month is Mission Sunday, observed by the reception of Holy Communion for the welfare of the missions.

The Chess Club is affiliated with the *Cincinnati Chess Club* in the Mercantile Library Building. An annual tournament is open to students and to faculty members.

The Dante Club is a student organization, the purpose of which is to spread the knowledge and appreciation of that greatest of Catholic classics, *The Divine Comedy*, through the medium of popular lectures. It was founded in 1921, the six hundredth anniversary of Dante Alighieri's death. *The Jesuit Martyrs*, *The Crusades*, *Shakespeare*, *A Pilgrimage to Lourdes*, *St. Joan of Arc*, *The Madonna in Art* are now being offered by *The Dante Club*.

The Economics Club. Founded in 1933 as the *Commerce Club*, this group combines a discussion program with social activities. Outstanding Cincinnati business men are guest speakers at the monthly meetings. Membership is open to students of economics.

The Family Relations Club of the Catholic Colleges of Greater Cincinnati has a dual purpose: (1) to develop and strengthen in the members the right and wholesome attitude toward Christian marriage and family life, and further a true appreciation of the dignity and beauty of the Christian home, as well as the privilege of duties and obligations involved; (2) to offer to the community a clear interpretation of the Catholic position on marriage and the family, and an authoritative refutation of erroneous views relative thereto. Student and guest speakers participate in the regular monthly meetings. Application for membership is made through the dean of the student's respective school. Both undergraduates and graduates are welcomed.

The Heidelberg Club. It is the purpose of this club to foster an interest in the history, culture, and language of the Germanic people. The meetings, which are held monthly, are devoted to papers, discussions, and lectures.

The International Relations Club, organized in 1947, is directly associated with the Carnegie Endowment for International Peace. Semi-monthly panel discussions on contemporary problems relative to international peace will be the special activity of the club. For prerequisites of membership, see *The X Book*, p. 41.

The Masque Society of Xavier University. It is the purpose of this society to foster the undergraduate dramatic, literary and musical interests of the University, and to promote social intercourse among its members. The society's annual production offers an outlet to many kinds of student talent — acting, stagecraft, lighting, management, promotion and such like. All students are invited to join.

The Math-Physics Club, founded in 1941, is pledged to the purpose of broadening and deepening in its members their interest

in mathematics and physics. Meetings include the presentation of papers by members and addresses by guest speakers. Membership is open to students of mathematics and/or physics.

The Mermaid Tavern is a writers' club of limited membership and unique activity intended to foster association of graduates and undergraduates actively interested in writing. *The Tavernacular*, a privately circulated magazine, is issued quarterly. For particulars, consult *The X Book*, p. 37.

The Musketeer Band. The purpose of the band is to promote student interest in music, stimulate spirit at football and basketball games, give concerts, and provide music for R.O.T.C. Corps Day formations and special University functions.

The National Federation of Catholic College Students, described as the "spirit of Catholic college students," is a medium through which Catholic college students may cooperate in fostering unity of purpose and in promoting lay leadership guided by Catholic principles. Every Xavier student is invited to acquaint himself with the N.F.C.C.S.

The Poland Philopedian Society. This 107-year-old society, dating from the beginning of Jesuit control at Xavier, meets weekly to debate the issues of the day. Membership is open to the entire student body.

The R.O.T.C. Rifle Club is open to all members of the R.O.T.C. who are interested in rifle firing and marksmanship. A small caliber rifle range with multiple firing points and target returns is provided by the University. All target practice is supervised by an officer of the Department of Military Science.

The St. Aloysius Self-Denial Fund. The purpose of this organization is to honor and invoke St. Aloysius as the patron of purity and of a choice of a state in life; to maintain an \$8,000.00 burse for the education of a missionary priest; to maintain the following spiritual fund for Masses:

1. Five Masses to be celebrated each year for the deceased students of Xavier, beginning with the Class of 1926
2. Five Masses to be celebrated for each student who dies while a member of the student body
3. Three Masses to be celebrated each year for the deceased parents of Xavier students who have been members of the student body after 1926
4. Three Masses to be celebrated for each parent who dies while the student is a member of the student body

In September, 1926, a marble statue of St. Aloysius was erected on the occasion of the second centenary of the Saint's canonization.

The St. Aloysius Self-Denial Fund is administered by the Moderator of Mission Activities.

Sodality of the Immaculate Conception. The sodality was established and affiliated to the *First Sodality* in Rome on December 8, 1841. Its purpose is to promote a special and filial devotion to the Immaculate Mother of God, to imitate her virtues, and to encourage, both by word and example, an eminent purity of morals and a manly fidelity to the practices of our religion. The University sodality desires to produce Catholic gentlemen, outstanding for their life of virtue and their apostolic spirit; leaders in the field of Catholic thought and action. *The Office of the Blessed Virgin* is recited in the University chapel. Meetings are held in which pertinent Catholic problems are discussed.

The Spanish Club. Bi-weekly meetings are devoted to the dual purpose of promoting interest in the Iberian language and customs, and in fostering the study of the great literature of Spain.

The Traditionists, familiarly known as the "Trads," is a literary club organized for the purpose of studying the masterpieces of pre-Reformation literature. Membership is by invitation.

The Varsity X Club is composed of students who have earned the athletic award of the University. Its purpose is to foster and to maintain high ideals of athletic competition, and to offer means of preserving friendships made on the fields of sport.

The Xavier Accounting Society, organized in 1947, has as its prime objectives the broadening of knowledge and the deepening of interest of its members in the field of accounting; the promotion of mutual helpfulness and the fostering of fellowship in the pursuit of this worthy aim. Monthly meetings are devoted to papers, discussions and lectures. Accounting students — graduate and undergraduate — are eligible to membership.

The Xavier Philosophy Club is organized to foster in its members greater interest in philosophical subjects. Meetings are informal and free discussion is encouraged. Membership is open to all students.

The Xavier University Clef Club makes numerous concert appearances, entertains at University functions, and makes several radio broadcasts throughout the year. Two hours each week are given to vocal culture and the study of musical theory and interpretation. Membership is open to all students.

Honor Societies

Alpha Sigma Nu. A chapter of this national honor fraternity for students of Jesuit colleges and universities was established at Xavier in 1939. Candidates for membership, chosen during their junior year, must be outstanding in scholarship, in loyalty and in service to the University.

Boosters' Club is an active honorary group composed of students who have distinguished themselves through their service and loyalty to all activities of the Evening College. This group constitutes an advisory group which will offer suggestions touching all student needs.

Kappa Sigma Mu. Composed of present and former students, *Kappa Sigma Mu* is a student and an alumna organization. Membership, open to men and to women of outstanding leadership in curricular and in extra-curricular activities, is limited to those students who have been in attendance for at least four semesters. Membership is by invitation only. The purpose of the organization is to strengthen and to perpetuate college friendships among students of the Evening College.

Pershing Rifles: Company G-1, a member of *The National Society of Pershing Rifles*, is an honorary association of college students enrolled in basic courses in military science. Its purpose is to encourage, preserve and develop the highest ideals of the military profession and to promote American citizenship.

The Sword and Plume. This is an alumni society organized to honor students in their senior year with membership. The honor of membership is conferred only on senior students who have distinguished themselves in activities and who pledge themselves to impress the ideals of Jesuit education on their fellow men.

The Xavier Order of Military Merit. This honorary organization is composed of R.O.T.C. students who have received one or more citations and who have been appointed by the Professor of Military Science and Tactics. All members are to wear the fourragere as a decoration.

Non-Student University Groups

The Booklovers of Xavier University, organized in 1925, actively promote the interests of the library through the purchase of books and periodicals. Funds are raised by means of membership fees, benefit parties and special gifts. A ladies group, recruited largely from mothers of students, meets monthly during the academic year for lectures, card parties, and entertainments.

The Dads' Club of Xavier University has as its purpose: (1) cooperation with the administrative body of Xavier University in maintaining high standards of education; (2) the support of extra-curricular activities of the student body; (3) social acquaintance among members of the club; (4) promotion of the general welfare of Xavier University. Members of the faculty, and fathers of past, present and prospective students are eligible for membership.

The Mothers' Club of Xavier University is pledged to the fostering of that splendid spirit of loyalty and cooperative interest in the

student body and the University which characterizes the *Dads' Club of Xavier University*.

Xavier University Alumni Association. This association was organized in 1888. Its purpose is to strengthen and perpetuate college friendships; to preserve in the former students a warm regard for Alma Mater and a lively memory of the substantial benefits she has bestowed; to cherish and advance her interests, maintain her honor and sustain her reputation by manly and honorable conduct.

Xavier University Alumnae Association. Established in 1926, this alumnae group has for its purpose the fostering of the same loyal spirit and helpful interest toward Alma Mater which is characteristic of the *X. U. Alumni Association*.

Student Government

The Student Council of the Evanston College. This representative body undertakes to promote student activities whether athletic, social, scholastic, or religious; to maintain a healthy spirit of interest and comradeship among the students; to impart, foster, and exemplify the ideals which the University strives to realize. It attempts to meet local student problems chiefly by creating a sane public opinion.

For further information on Student Council see *The Constitution of the Student Council of Xavier University, Evanston Campus, 1948*.

The Social Committee is an advisory body for student social activities. All student-sponsored affairs, on or off the campus, must be cleared through this committee. The Director of Social Activities, a faculty member, is chairman of the committee.

Xavier Publications

Primarily intended as a source of information for the Xavier family, these publications offer special opportunity to students who wish to learn news writing, editing, and creative literary expression.

The Athletic Review, published by the Department of Public Relations, is the official program for all home football and basketball games, and carries illustrated up-to-the-minute news about the Musketeers.

The Musketeer, the official year-book of the University, is a student edited and managed publication distributed shortly before the commencement exercises in June. Intended as a permanent record of student life at Xavier, *The Musketeer* presents in colorful pageantry a panorama of the various school events, social functions, athletics and campus organizations.

The Xavier Athenaeum, a literary quarterly that dates from the old college, is intended to foster literary effort among students. The staff is composed of honor students in English.

The Xavier Alumni Newsletter combines campus news with news about Xavier men and women everywhere. It is published by the Department of Public Relations and sent ten times a year to the entire Xavier family.

The Xavier University News is a weekly newspaper published by a board of student editors under the supervision of a faculty director. The staff is appointed by the director on the recommendation of the department of English with the approval of the Dean of the College of Liberal Arts. Appointment to the staff is a recognition of literary ability.

Xavier Radio Programs

The "On-Campus Radio Show" is a new series of varied skits written, directed, enacted and broadcast weekly over WKRC by Xavier students chosen to represent the University in the unique manner of "Xavier Presents".

Graduate Division

Because of the fact that men and women are today seeking higher education in ever growing numbers, Xavier University deemed it proper to inaugurate graduate studies during the summer session of 1946. Throughout the academic year as well as the summer sessions, graduate courses are offered in chemistry, classical languages, education, English, history, mathematics and philosophy. The Graduate Division is open to men and women.

The Graduate Council encourages the registration of both *special students* and *degree students*. *Special students* are those students who, with the approval of the head of the department concerned, register for individual courses which they may pursue with profit, without regard to degree requirements. *Degree students* are those students who register with the expressed intention of following a program leading to a graduate degree.

THE DEGREES OF MASTER OF ARTS AND MASTER OF SCIENCES

Objectives

Because of the difference in subject matter the objectives of the Master of Arts and Master of Science degrees are not identical. In the Master of Arts program greater emphasis is laid upon cultural and liberal pursuits. Thus in mathematics either a Master of Arts or a Master of Science degree may be obtained depending on the student's interest in pure or applied mathematics. Yet, since Xavier's undergraduate program — the norm of admission for graduate students — calls for a broad background of general education, philosophy, and Christian culture even for the Bachelor of Science degree, the final goal of the two graduate degrees is approximately the same. It is this: that the student may have a specialized knowledge of his chosen field, coupled with an intelligent appreciation of the place of that field in the wide panorama of human thought.

Accordingly, these degrees are awarded to the candidate who has demonstrated a capacity for further study or teaching by satisfactorily completing a program of graduate work designed to give him these characteristics:

1. An understanding of the relations of his subject to allied subjects and to the synthesis of Christian culture, which is the basis of Western civilization;
2. A comprehensive knowledge of the broad field of learning in which the degree is conferred;
3. A specialized knowledge of a portion of that field;
4. Proven ability to do research in the special field of study.

General Requirements

In accordance with the above objectives the general requirements for the degrees are respectively:

1. Completion of such undergraduate prerequisites as will give assurance of the candidate's general educational background. Satisfactory completion of the Graduate Record Advanced Test;
2. Completion of a program consisting of at least twenty-four hours of integrated classroom study within the student's chosen field;
3. Production of an acceptable thesis of a research character. To safeguard the cultural objectives it should be kept in mind that the result of research can be synthesis as well as analysis. For the thesis six credit hours (completing the required thirty hours) will be awarded on the recommendation of the thesis adviser.

THE DEGREE OF MASTER OF EDUCATION

Objectives

The degree of Master of Education, a professional degree, is designed to meet the needs of teachers and school administrators actually engaged in school work. It has one basic aim: stimulating better teaching wherever the influence of the successful candidate may extend, whether it be in an individual classroom, an entire school, or a whole school system.

Accordingly, this degree is awarded to the candidate who has demonstrated a capacity for improving the quality of teaching within the particular sphere of his influence by satisfactorily completing a program of graduate work designed to give him these characteristics:

1. Broadened appreciation of the proper objectives of education in modern society;
2. Deepened understanding of the psychological factors in learning;
3. Wide acquaintance with effective classroom techniques;

4. Intimate familiarity with the principles and practices of school administration;
5. Essential understandings and skills necessary for intelligent consumption of educational research;
6. Greater academic mastery of subject matter (for students selecting graduate work in an academic field).

General Requirements

Requirements for the degree of Master of Education are specified with certain basic considerations in mind:

1. Sufficient flexibility is necessary to care adequately for the particular needs of the in-service educator who enrolls for the degree;
2. Before students are accepted as candidates for this degree, they must demonstrate a basic knowledge of the general field of education as generally required of undergraduates planning to teach;
3. Graduate programs must be so planned as to insure the student's attaining a comprehensive knowledge of professional theory and practice in the principal areas of the field; a detailed knowledge of at least one major area of specialization—for high school teachers this area may be an appropriate academic field; and capability in the skills and knowledge necessary for for intelligent comprehension and use of educational research.

Undergraduate Prerequisites

Students electing graduate work leading to the degree of Master of Education must present the following undergraduate courses in education or their equivalent:

Principles of Education;
 Educational Administration, Organization, and Management;
 Educational Psychology (prerequisite, general psychology);
 Methods of Teaching.

Program of Studies

To insure comprehensiveness in their programs for the degree of Master of Education, all candidates must include in their programs each of four general survey courses designed, in their whole, to provide integrated coverage of the broad field of education. These courses are:

- Ed. 201. Philosophy of Education, a Survey;
- Ed. 203. Educational Psychology, a Survey;

- Ed. 205. Educational Administration, a Survey;
- Ed. 207. Education Research from the Consumer Point of View, a Survey.

To insure their mastery of a particular area of education, all candidates must include in their programs a concentration of at least twelve credit hours in one of the following *areas of concentration*: elementary education, secondary education, educational guidance, educational administration, or an academic field. Thus the area of concentration may also be in any of the academic departments in which graduate courses are offered.

Students electing graduate courses which they plan to submit in fulfillment of requirements for the degree of Master of Education, must have their programs approved by the Chairman of the Department of Education in advance of their registration for courses if they are to be assured of the appropriateness of their selection.

Quantitative Requirements

A minimum of thirty hours is required for the degree of Master of Education. These shall be distributed as follows:

1. General surveys in education, twelve credit hours.
2. Concentration, twelve credit hours.
3. Pertinent electives, six credit hours.

Qualitative Requirements

The degree of Master of Education will be awarded only to candidates who have passed an oral examination lasting one hour on the general field of education as covered by the four survey courses and the individual's area of concentration.

GENERAL REGULATIONS

Admission

Application for admission to graduate studies is made in form. Application forms can be had on request. Applications should be followed promptly by a transcript of applicant's credits.

Students electing graduate work leading to a master's degree must present evidence of having a bachelor's degree from an accredited institution, and also present official transcripts of his record from each college in which credit was obtained. Others will be registered conditionally.

An applicant with a bachelor's degree from a non-accredited institution is not admitted to full graduate standing until he has successfully completed at least six hours of graduate work with the

required grades, and has been accepted by a committee of the Graduate Council on recommendation of the student's adviser.

Since graduate work is work done under direction, the chairman of the department of the student's major subject must decide on the student's preparation for graduate study in that department; and he, or one appointed by him, will be the student's adviser throughout. The general prerequisites for graduate work in any department must be the equivalent of an undergraduate major at Xavier University.

Seniors of satisfactory academic standing who are within nine hours of completing their undergraduate requirements for the bachelor's degree may, in their last semester, register for graduate work, but not for more than six hours of such work.

Candidacy

Candidacy shall begin when, after the student's completion of six hours of graduate work, his application shall have been passed by the graduate council. Every student must make such application after completing six hours of work at Xavier and those thought unfit will be advised to discontinue their course.

No more than five years may elapse between candidacy and completion of work for the degree.

A student who attends only summer sessions may be granted a graduate degree provided he is engaged in work related to his major subject. This supposes that no more than five years shall elapse between his candidacy and the completion of his work.

Requirements

Thirty semester hours of graduate work will be demanded of an applicant for any of the above degrees. In the case of applicants for a Master of Arts or Master of Science degree, twenty-four hours of such work will be devoted to fulfilling the course requirements and six hours to fulfilling the thesis requirement. Applicants for the Master of Education degree will devote the thirty hours to course requirements.

Students will be allowed to transfer no more than six graduate credits from other institutions.

For degrees requiring a thesis, familiarity with at least one foreign language is required for cultural background and use in research.

Distribution of the course requirements must be approved by the chairman of the department of the major subject. At least one-half of the courses taken must be fulfilled in that department. Candidates, however, for the Master of Arts and Master of Science degrees are advised to take all their work in their major department.

Character of the courses required is subject to the decision of the adviser. At least one-half the hours of credit in the major subject and one-half the total number of hours toward the degree must be obtained in courses numbered 200 or above, which are distinctly graduate courses.

Examinations and Marking

The candidates for graduate degrees shall be required to pass an oral examination. It shall be the policy of the Graduate Division to give these examinations within three weeks of the end of the final semester. The head of the major department or one appointed by him shall be chairman of the examining committee and shall be responsible for the giving of the examination. The student must pass such other oral or written examinations as are required by his major department.

The matter for the oral examination shall be based primarily on the student's courses and, if he is a candidate for the Master of Arts or Master of Science degree, on his thesis. It is understood, however, that a candidate's general knowledge of his field must be found satisfactory by his examiners.

The thesis required for the Master of Arts or Master of Science degree should embody the results of the applicant's research in some problem of his major subject, and must at each stage be under the direction of the Chairman of the Department of that subject or of one appointed by him.

The student must submit three typed copies of his thesis after it has been formally approved.

The following symbols are used in the evaluation of course work: A — indicative not only of high achievement, but also of an unusual degree of intellectual ability and initiative; B — above average attainment; C — work of minimum or average attainment; D — work of inferior quality, but passing; F — failure. To pass graduate students must do work of B quality in courses numbered 100 to 199, and of C quality in courses numbered 200 or higher.

Graduate Record Examination

All applicants for admission to the Graduate Division will be required to take the Graduate Record Examination at Xavier University, or to bring with them an official report of their scores. This report must include results of the general profile tests and results of the advanced tests in the student's proposed field of specialization if one is available in that field. Scores made on this examination permit the student to know accurately his strength or weakness in

the various fields of knowledge in relation to national norms for comparable students. In addition, the scores will aid the faculty in the guidance of the student.

Tuition and Fees

Matriculation (payable once -- degree students only) . . .	\$10.00
Tuition (per credit hour -- graduate)	10.00
Science fee (per course)	10.00
Science deposit (per course -- partly refundable)	10.00
Graduate Record Examination	5.00
Binding of thesis	3.00
Graduation fee	25.00

Contingent Fees

Late Registration	\$ 5.00
Special Examination	2.00
Duplicate Transcript	2.00

All accounts must be paid on the day of registration. Attendance at classes will not be permitted until all financial obligations have been completed. *Accounts not paid in full within ten days after the first day of class are subject to a service charge of \$2.00.*

Withdrawal

Withdrawal from a course should be reported at once to the Director of Graduate Division by the student, in person or in writing.

Refunds

A refund of *tuition* may be claimed in the case of withdrawal or dismissal. During the academic year the amount refunded will be diminished by 20 per cent of the total amount for each two weeks of attendance. No refund will be made after the student has been in attendance for more than eight weeks. During summer sessions the amount refunded will be diminished by 20 per cent of the total initial amount for each four class days of attendance. No refund will be made after the student has been in attendance for more than sixteen class days. Fees are not refunded.

A refund of *dormitory expenses* may be claimed in the case of withdrawal or dismissal. The amount of refund will be made strictly on the basis of the proportionate number of weeks of residence.

All refunds are made on application in writing to the Bursar. The amount of refund will be calculated from the date of application.

Undergraduate Division

ADMISSION

Application for Admission

Application for admission to Xavier University is made on a special form (Form 1) which will be supplied upon request made in person or by mail to: The Registrar, Xavier University, Victory Parkway, Cincinnati 7, Ohio.

Procedure of Admission

Application is made in form (use Form 1).

To become eligible for admission to Xavier University, an applicant must follow this general procedure:

1. He must obtain from the registrar a copy of the form of application (Form 1) for admission.
2. He should fill out this form and send or bring it to: The Registrar, Xavier University, Victory Parkway, Cincinnati 7, Ohio. *Applicants who have been registered previously on the Evanston campus are required to submit only the application form with the admission (reservation) fee of \$25.00 to the registrar.* Veterans please see paragraph on **Admission of Veterans.**
3. He should arrange to have a complete transcript of his high-school record sent to the registrar. If he seeks admission to advanced standing, he must also have a complete transcript of all previous college work sent to the registrar. *Please note paragraph on Necessary Credentials.*
4. Immediately upon notification of acceptance, the applicant must send his admission (reservation) fee of \$25.00 to: The Registrar, Xavier University, Victory Parkway, Cincinnati 7, Ohio.
5. If the applicant is accepted by the University, he should *register in person* on the days designated on the notice of admission.

Time of Admission

Students may enter the University for the first semester, second semester, or summer session.

Admission Fee

Upon notification of acceptance, new students must promptly pay the admission or reservation fee of \$25.00. Former students will remit this fee with their applications. *The fee is not refundable or transferable if the student cancels his application, fails to enter the University, or does not remain in residence or attendance for at least four weeks after his registration.* It will be applied to the student's account at registration, or refunded to the veteran after he has deposited his certificate of eligibility with the University's director of veteran's affairs.

Admission by Certificate

Graduates of accredited high schools are admitted by certificate of graduation and an official record of units of high-school credit together with an official recommendation from the high-school principal.

A unit is the equivalent of a subject extending through a school year of thirty-six weeks with five recitations per week. A minimum of fifteen units is required.

The fifteen required units may be offered in the following distributions:

1. A group of units including three units in English; two in foreign language; one in history; one in algebra; one in plane geometry, and one in science.
2. A group including two major sequences of three units each, and two minor sequences of two units each selected from:
 - a. *English and speech.* A major sequence must be offered from this group.
 - b. *Foreign language.* Any sequence must be in one single language selected from Greek, Latin, French, German, Italian, Polish or Spanish. Not more than two sequences in foreign language are acceptable.
 - c. *Mathematics.* A minor sequence including one unit in algebra and one unit in plane geometry is required. All applicants, *except those following the pre-engineering program,* may offer a unit of physics combined with a minor sequence in mathematics as a major sequence. Applicants for the pre-engineering program must present a major sequence in mathematics, including one and one-half units in algebra, one unit in plane geometry, and one-half unit in solid geometry.
 - d. *Science.* Not more than one unit in any one science may be offered. *Physics may not be counted toward a science*

sequence if it is counted toward a major sequence in mathematics. If biology is included, neither botany nor zoology may be counted.

- e. *Social studies.* This sequence may include from one to four units in history; from one-half to one unit in American government; one-half unit in economics; one-half unit in commercial law; one-half unit in geography; and from one-half to one unit in sociology.

The remaining units may be in any subjects counted toward graduation by an accredited high-school. However, single half units in languages or laboratory sciences will not be acceptable.

Applicants who have a deficiency not to exceed two units will be admitted as *deficient.* *Such deficiency must be removed before admission to sophomore standing.*

Candidates who do not meet the qualifications outlined above may, under special circumstances, be admitted at the discretion of the committee on admissions.

Admission on Probation

Graduates of non-accredited high schools will be admitted on probation if they satisfy admission requirements in every other way and provided that the quality of their high-school work is sufficient to rank them *in the upper two-thirds of their class.* This probation will continue for at least one semester.

Applicants who are high-school graduates, but whose principals are unwilling to recommend them for college on the basis of a part or the whole of their high-school record, may be admitted on probation at the discretion of the Committee on Admissions. Applicants, however, must pass successfully whatever examinations the committee shall deem necessary.

Applicants who are not high-school graduates, but who are at least twenty-one years of age, may be admitted by examination.

Such examinations as will enable the committee to determine the equivalence of high-school graduation and qualifications for college will be required.

All applicants admitted by examination are on probation for a period of at least one semester.

Admission to Advanced Standing

Applicants from other institutions of collegiate rank must file with the registrar complete original credentials from all institutions attended. These credentials must include an official transcript of all high-school and college credits showing the entire scholastic record;

evidence of honorable dismissal or dismissals; and evidence of satisfactory completion of financial arrangements with the institution or institutions attended. No applicant may disregard his previous college record and apply for freshman standing.

The rank of advanced standing to which the student will be admitted will depend upon the quantity and quality of the work done in the other institution or institutions, the accreditation of the institution, and the conformity of the work to the degree program for which the student wishes to register. Courses in which the applicant has received the lowest passing grade will not be acceptable. These courses need not be repeated unless repetition be deemed necessary by the dean or the directors of the departments. In all cases evaluation of credits for advanced standing will be provisional for at least one semester.

Students dismissed for poor scholarship from the University or from other institutions will not be eligible for admission or readmission until after the lapse of at least one semester. In all cases, admission or readmission and the conditions of such, will be determined finally by the committee on admissions.

Students admitted to advanced standing are bound by the degree requirements in force at the time of application for academic classification. The residential requirements for a degree must be fulfilled by all students admitted to advanced standing.

All credentials must be on file in the registrar's office at least one month prior to the day of registration. (See paragraph on **Credentials Needed**.) It is advisable to get transcripts in much earlier.

Credentials Needed

Applicants for admission to Xavier University must submit official records from all high schools and colleges previously attended. *These records must be sent to the registrar directly by the proper officer of the school or schools formerly attended; never through the student.* Credentials accepted for admission become the property of the University and are kept on file permanently. *All credentials must be filed at least one month before the day of registration.*

Admission of Veterans

Xavier University is accredited with the Veterans Administration for educational training under Public Law 346 and Public Law 16.

All veterans who were students in good standing in Xavier University before entering the service will be readmitted if they give notice of their intention to re-enter in due time before registration.

Other veterans new to Xavier University will follow the procedure for new students. (See paragraph on **Procedure of Admission**.)

Veterans who wish to enter college or return to interrupted college work should, as soon as possible after discharge, apply to the Veterans Administration for a certificate of eligibility which is the official form designating the amount of schooling to which a veteran is entitled under the G.I. Bill of Rights. The Veterans Administration office for the Cincinnati area is located in the Faller Building, Eighth and Walnut Streets, Cincinnati, Ohio. Application may be made by presenting discharge papers at this office.

All veterans will be allowed academic credit for military service depending on the length and kind of service. Credit for formal service courses and schools is based on the recommendations set forth in *A Guide to the Evaluation of Educational Experiences Gained in the Armed Services*, published by the American Council on Education, and on the recommendations of the Jesuit Educational Association.

Credit will also be granted for courses completed in the A.S.T.P., Navy V-12, or Army Air Forces College Training Program upon receipt of a transcript from the college where the program was taken *provided* such courses are applicable to the curriculum to be followed and do not duplicate courses already credited.

Veterans must deposit the certificate of eligibility with Xavier University's director of veterans' affairs at the time of registration. *The certificate is not given to the dean, registrar or bursar.* Refunds of admission or reservation fees are made after registration.

Any honorably discharged veteran who has had active service is entitled to one year of education and an additional period of training not to exceed the time such person was in active service after September 16, 1940, and before the termination of the war, but in no case is the total period of education to exceed four years.

The Veterans Administration will defray the cost of tuition, books, supplies, and laboratory, library and other incidental fees up to a total of \$500.00 for the ordinary school year in any approved private or public educational institution which the veteran chooses to attend.

The Veterans Administration will also pay to veterans in actual attendance of school under the G.I. Bill of Rights the following subsistence allowances:

1. \$75.00 per month to veterans without dependents
2. \$105.00 per month to veterans with one dependent
3. \$120.00 per month to veterans with two or more dependents

Servicemen who are honorably discharged and who have pensionable service-incurred or service-aggravated physical disability and who have established their need for vocational education may find it to their advantage to apply for increased benefits under Public Law 16.

Veterans who wish to register in the University without the VA Form 7-1950, *will be considered as non-veterans and will be required to settle their accounts in full at the time of registration.*

All requests for information should be addressed to: The Director, Veterans' Education, Xavier University, Victory Parkway, Cincinnati 7, Ohio.

A limited number of honor scholarships will be given by Xavier University. Application for an honor scholarship should be made to: The Chairman, Scholarship Committee, Xavier University, Victory Parkway, Cincinnati 7, Ohio.

Readmission

Readmitted students who have been absent for more than a year are subject to the degree and curricular requirements in force at the time of their readmission. If a student has attended another school since his withdrawal from Xavier University, a record of that work must be submitted before readmission.

Veterans who apply for readmission, however, may qualify for degrees under requirements in force at the time of their departure from Xavier University for military service, depending upon their classification at the time of their entrance into service.

Admission of Special Students and Auditors

Although the University usually recommends a complete program of studies, students who possess sufficient maturity, experience, and educational background may, with the dean's consent, choose special courses without following a complete degree program. Courses thus taken may be subsequently credited toward a degree if proper credentials are presented.

Students may enroll themselves as auditors upon payment of the usual fees and tuition. *Academic credit is never given to an auditor.*

Notification of Admission

The applicant will receive from Xavier University a notice of admission or a notice of unfavorable action as soon as the University has received his admission form and the official records from all high schools and all colleges previously attended.

Provisional Admission

Provisional admission may be granted by the dean to a student who has been unable to complete arrangements for formal admission before registration dates. If the student is later discovered to be unqualified for admission, his admission and registration are canceled.

Transfer within the University

A student who wishes to transfer from Xavier University, Evanston Campus, to the Evening College, 520 Sycamore Street, must present to the Dean of the College of Liberal Arts, Evanston Campus, a written petition stating his reasons for seeking the transfer. If the dean approves the transfer, he will sign the student's petition. The student will then present the approved petition to the Dean of the Evening College who will advise the student of further arrangements necessary.

Transfers should be arranged at least one month before the opening of a session.

Withdrawal from the University

A student who wishes to withdraw from the University must notify the office of the dean either in person or in writing. *A student is considered to be in attendance until he has given this formal notice of withdrawal.*

A student will be obliged to withdraw for reasons of poor scholarship, failure to remove academic probation, or misconduct.

Honorable Dismissal

Honorable dismissal is voluntary withdrawal from the University *with the consent of the dean.* A statement to such effect, indicative of the student's good standing so far as character and conduct are concerned, *will be issued only when all indebtedness to the University has been adjusted.*

Registration

Registration is the procedure which a student follows in enrolling for courses and in receiving assignment to definite classes, professors, hours and classrooms.

Both new and former students of all categories must complete the process of registration before every new session in which the student attends classes.

Students must register in person, not by proxy or by mail.

Time of Registration

Fixed dates in each session found in the academic calendar of this catalogue are reserved for registration.

Late Registration

Registration on days later than the assigned dates may be permitted upon the payment of a late registration fee of one dollar (\$1.00) per day up to ten (\$10.00).

Change in Schedule

After the student has filed registration forms, changes in courses or sections can be made only with the consent of the dean at the recommendation of the departmental adviser. No change in schedule may be made later than two weeks after the inception of classes.

A fee of one dollar (\$1.00) will be charged for each change *unless the change be recommended by the dean or by the departmental adviser.*

Number and Choice of Courses Permitted

The number and choice of courses or total number of credit hours in a student's program of studies are subject to such restriction as shall be deemed necessary by the dean or the departmental adviser.

Course Duplication

A student who enrolls for a course which he has already passed at Xavier or at any other institution will not receive credit for that course.

Selection of Courses

Classified students must take the required courses at the proper class level: thus, all freshman courses should be completed before the sophomore courses. (See **Outline of Approved Curricula.**)

Both classified and unclassified students must observe prerequisites set by the University or by the departments which conduct the instruction. *Students may not disregard the directions of the dean and of the chairmen of departments in this matter.*

Since the University must consider the needs of all students, it may sometimes be unable to accommodate itself to the preferences of some students for particular hours and professors. The scheduling of courses and sections at certain hours does not mean that a student can always be admitted to any given section which he may select.

Freshman Week

Recognizing the need of giving newly entering students an introduction to their work and University life, an orientation program is arranged and designated as Freshman Week. The program provides for conferences with members of the Committee on Student Advisement; aptitude and placement tests; registration and payment of fees; lectures on the use of the library; the existence and nature of student activities; health and military provisions; and the traditions of the University. All freshmen must register at 9:00 a.m. on Monday of Freshman Week. Freshmen who fail to register at the prescribed time will be charged a late registration fee and also such special fees as are incurred by those who fail to take all prescribed tests and examinations at the designated time.

Transcript Regulations

Application for a transcript of credits must be made in writing by the student himself and filed with the registrar *at least two weeks before the record is needed.*

Requests for transcripts for purposes of transfer to another university or for any other purpose cannot be granted during the busy periods of examination and registration.

Transcripts are issued only after the student has fulfilled all financial obligations to the University.

There is no charge for the first transcript. A fee of \$2.00 is charged for each additional complete transcript.

EXPENSES

The following rates are effective in the regular academic year and in the summer session. All communication concerning expenses should be addressed to: The Registrar, Xavier University, Victory Parkway, Cincinnati 7, Ohio.

An admission or reservation fee of \$25.00 will be required of all prospective students whose applications are approved. Receipt of this fee will assure the applicant of a place in one of the University classes.

This fee will be refunded or applied to tuition or room expenses according to the veteran or non-veteran, resident or non-resident status of the applicant.

Accounts Payable (Undergraduate Day Classes)

All accounts must be paid on the day of registration. Attendance at classes will not be permitted until all financial obligations have been completed. Accounts not paid in full within ten days after the first day of class are subject to a *service charge* of \$2.00.

Refunds

A refund of *tuition* may be claimed in the case of withdrawal or dismissal. During the Academic Year the amount refunded will be diminished by 20 per cent of the total initial amount for each two weeks of attendance. *No refund will be made after the student has been in attendance for more than eight weeks.*

During summer sessions the amount refunded will be diminished by 20 per cent of the total initial amount for each four class days of attendance. No refund will be made after the student has been in attendance for more than sixteen class days.

Fees are not refunded in summer or regular sessions.

A refund of *dormitory expenses* may be claimed in the case of withdrawal or dismissal. The amount of refund will be made strictly on the basis of the proportionate number of weeks of residence.

All refunds are made on application in writing to the bursar. The amount of refund will be calculated from the date of application.

N.B. — The above statement applies to all divisions of the University except the classes of the Evening College.

Academic Administration

Classification of Students

Students are classified in the following groups: *lower division*, *upper division* and other groups of a miscellaneous nature.

Lower Division Groups:

1. Freshmen — students having less than 32 credit hours and 64 quality points.
2. Sophomores — students having from 32 credit hours and 64 quality points to 63 credit hours and 127 quality points.

Upper Division Groups:

1. Juniors — students having from 64 credit hours and 128 quality points to 95 credit hours and 191 quality points *inclusive of all lower division requirements*.
2. Seniors — students having a minimum of 96 credit hours and 192 quality points *inclusive of all lower division requirements*.

Other Groups:

1. Part-time — students taking less than 12 credit hours of work in any semester.
2. Unclassified — students who have not declared themselves as candidates for any degree.
3. Auditors — students taking courses for informational purposes and not for college credit.

Unit of Instruction

A unit of instruction is one hour a week for a minimum of 16 weeks. The unit is called a *credit hour* and is the measure of work in the College of Liberal Arts. A weekly two- or three-hour period of laboratory work is considered equivalent to one credit hour.

Course

A course is a complete set of lectures, quizzes, recitations, student exercises, laboratory periods, and examinations on a given subject. Some courses continue through two successive semesters. No final credit is allowed if only part of such courses is completed.

Field of Specialization

At the close of his sophomore year and with the approval of his adviser and the chairman of the department, the candidate for a

degree must select a field of specialization in which he will take more intensive study in his junior and senior years. This field of specialization will consist of a major and a minor.

Major

The major will ordinarily consist of a minimum of eighteen credit hours of *upper division* work completed with an average of C in one department. This work will suppose the completion of at least six credit hours (C average) of *lower division* work in the department.

In the departments of classical and modern languages this six-credit-hour requirement of *lower division* work is not satisfied by beginning courses or their equivalent.

Minor

The minor will ordinarily consist of a minimum of twelve credit hours of *upper division* work in another department approved by the student's adviser and completed with an average of C. This work will suppose the completion of at least six credit hours (C average) of *lower division* work in the department.

With the approval of his adviser and the chairman of the department the candidate may distribute his *upper division* work (approximately thirty credit hours) in the major and the minor on a fifteen-fifteen or twenty-one-nine credit hour basis. Such a distribution of credit hours, however, must be determined before the second semester of the candidate's junior year.

Examinations

Examinations in all courses are regularly held at the close of the session. A student who has been absent from a final examination will receive a grade of "X" if the excuse for the absence is acceptable to the dean; otherwise, the absentee will receive an automatic failure. Absence, however, does not excuse a student from the requirement of a special examination at a time determined by the dean. *If an "X" grade is not removed within thirty days a grade of "F" will be given for the course.*

Written assignments are due at the time specified by the instructor. If extension is granted beyond the end of a session, the student will be given the temporary grade of "I." Unless completion of the assignments be made within two weeks after the close of a session, the student will be recorded as having failed the course. "C" is the maximum grade which a student can earn in a course after having received an "I" in that course.

If a student claims knowledge of a subject for which he cannot furnish an official record, a special examination may be given with the approval of the dean and the director of the department.

Grading System and Reports

At the end of each session the parent or guardian receives by mail an estimate of the quality of the student's work in each of the courses pursued. This estimate is based upon the combined results of examinations and class work and is expressed by the following symbols:

A (93-100) — Exceptional	I — Incomplete; grade withheld pending fulfillment of assignment
B (85-92) — Above Average	X — Absent from examination
C (77-84) — Average	W — Withdrawal (approved)
D (70-76) — Inferior (but passing)	WP — Withdrew passing
F (below 70) — Failure	WF — Withdrew failing

Quality Points

The quality point is the unit used in measuring the quality of student achievement in a course. The number of quality points received for any course is equal to the number of quality points attached to the grade received multiplied by the number of credit hours yielded by the course. Quality points are given as follows:

- A — 4 points per credit hour
- B — 3 points per credit hour
- C — 2 points per credit hour
- D — 1 point per credit hour

A candidate for a bachelor's degree must earn not only the number of credit hours (128) required for the bachelor's degree, but his work must possess a certain excellence which is measured by *quality points*.

The scholastic standing of the student at the end of any session is the ratio of the total number of quality points received to the total number of credit hours carried in that session.

Censures

Any student whose scholastic standing does not attain a quality point ratio of 1.5 for each session of the first year and of 1.75 for each session of succeeding years is automatically placed on scholastic probation. This censure excludes the student from participation in any form of extracurricular activity with the exception of those activities which are of a religious nature, and demands a reduction in the hours which the student may carry. The censure will continue for at least one session. If a student fails to remove this probation or censure within the semester, he will be dismissed from the University.

A student, whose quality point ratio is not so low as to warrant the censure of probation but which does not reach 2.0 (77%), will automatically be placed on the "warned" list. This censure does not demand a reduction of the student's load nor does it positively exclude the student from participation in extracurricular activities, but such participation may be restricted at the discretion of the dean or the departmental adviser.

General failure in a majority of courses or continued low standing (below 77% — 2.0) is regarded as poor scholarship. At the discretion of the dean, such a student will be excluded from registration in the University for at least one session. Permission to return after the lapse of one session, or at any subsequent time, will be granted only at the discretion of the Committee on Admissions.

If a student is placed under scholastic censure, the University assigns the right to change or limit the student's program of courses to the student's departmental adviser or to the dean. The same right will be exercised in the case of poor health or other circumstances unfavorable for study.

The University reserves the right to censure the conduct of any student on or off the campus in accord with the generally accepted norms of good behavior, Catholic practice, and Catholic principles of morality. This censure will be regarded as purely disciplinary and may take the form of correction, suspension, or dismissal which the President of the University, upon advice of the Committee on Student Problems, may deem appropriate. Suspension will carry with it the scholastic loss resulting from absence, and dismissal will mean the loss of credit hours. When a student incurs the disciplinary censure of dismissal, or withdraws while under the censure of suspension, the University has the right to declare, at the discretion of the president, the fact of disciplinary censure to the admissions officer of any educational institution to which the student may subsequently apply. In such cases the reason or reasons of censure will be stated only with the consent of the parent or guardian.

Attendance

In order to secure credit in any course in which he is registered, the student is required to attend classroom and laboratory exercises *regularly* and *promptly*. Absences date from the day of opening announced in the calendar.

"Cuts" are not allowed.

A limited number of excused absences may be permitted by the dean if the reasons are adjudged to be sufficiently grave. Excessive absences, even for serious reasons, will disqualify a student for receiving academic credit.

Tardiness

Tardiness at class or leaving class before the expiration of the period will be counted as one-half an absence.

Absence from a Test

Absence from a previously announced test will incur the penalty of a failure in that particular test.

Withdrawal

If a student withdraws from any or all courses without permission of the dean, he receives an automatic failure. *Permission will be given only when application is made within two weeks after discontinuance of attendance.*

The student who withdraws from any or all courses with the requisite permission receives a grade of "W", if the withdrawal takes place *within* the first third of the session; or a grade of "WP" (withdrew passing) or "WF" (withdrew failing), if he withdraws *after* the first third of the session. The grade "WF" is accounted as a failure in computing scholastic standing.

Curricular Administration

Lower Division and Upper Division Courses

Courses are grouped according to their basic or advanced content. Basic courses, which are ordinarily open to freshmen and sophomore students, are regarded as *lower division* courses. *Upper division* courses are open to junior and senior students. Sophomore students, who have completed their *lower division* requirements in a particular department, may, with the approval of their advisers and the chairman of the department, enroll in an *upper division* course in that department.

Departments

For the purposes of faculty administration and of classification of courses according to the nature of their subject matter, all courses are grouped in *departments*. In the College of Liberal Arts there are fifteen departments: Accounting, Biology, Chemistry, Economics and Business, Education, English, History, Classical Languages, Modern Languages, Mathematics, Military Science, Philosophy, Physics, Religion and Sociology.

Curricular Fields

There is a larger grouping of departments into four curricular fields. This grouping is made to facilitate inter-departmental administration and to integrate areas of study.

The four fields are:

- | | |
|-----------------------------------|-----------------------------------|
| 1. <i>Language and Literature</i> | 3. <i>Natural Sciences</i> |
| English and Speech | Biology |
| Greek, Latin | Chemistry |
| French, German | Geophysics |

Lower Division Objectives

Toward realization of the immediate University objectives (intellectual competence with a sense of religious and moral responsibility) and the objectives of the undergraduate division (an exclusively general and liberal training), the student should, at the completion of his work of the first two years, have attained the following:

1. A religious knowledge adequate for personal orientation and influential Christian living
2. An acquaintance with, and some practice in, the modes of thinking — philosophical, mathematical, and scientific
3. A competence in basic English communication, written and oral, with an adequate acquaintance with the types, and some of the masterpieces of English literature
4. A reading knowledge of at least one modern language
5. An acquaintance with the history and principles of social institutions

The objectives and standards of the several departments concerned in this program indicate their special contribution to the above, in such a way that a student who has completed a minimum of sixty-four hours with a C-average, can be regarded as having sufficiently attained the objectives.

Excess quality points at the completion of the student's lower division work may not be applied to remove a quality-point deficiency in the upper division work.

Before the close of his sophomore year, the student who wishes to continue his education in the University will be required to choose a field of specialization for his future work. Only upon acceptance by the chairmen of the departments concerned, and on successful completion of his *lower division* work, may the student be considered eligible to continue.

In the last semester of his *lower division* work, a student who has satisfied the *lower division* prerequisites in a particular subject, may, if his schedule allows, and if the dean and the chairman of the department concerned authorize it, take an *upper division* course in that subject.

Upper Division Objectives

Toward more special realization of the immediate University objectives (intellectual competence, etc.) and the objectives of the undergraduate division for the last two years of college (continued

general and liberal training *plus* opportunities for specialization), the student is offered the following:

1. A continuation of his general and liberal training in the study of philosophy and allied subjects
2. Fields of specialization, with a major and minors system, for prudent concentration

At the completion of this work, the student must qualify as to his attainment of the University and undergraduate division objectives through a thesis or a comprehensive examination. The matter of these, broadly stated, will be: his knowledge of his field of specialization, his grasp of the principles of knowledge, and his ability in the application, co-ordination and systematization of facts and principles.

Degrees

The University will confer a bachelor's degree upon any candidate of the University who has successfully completed an accepted program of studies, and who has fulfilled, prior to graduation, all degree requirements, both general and particular. The undergraduate degrees conferred by the University on candidates of the College of Liberal Arts are the degrees of Bachelor of Arts, Bachelor of Philosophy, Bachelor of Science, Bachelor of Science in Business Administration, Bachelor of Science in Physical Education, and Bachelor of Literature.

Graduation Honors

Honors are awarded on the basis of outstanding moral and intellectual attainment. A student who has earned a quality point average of 3.75 in his four years of University work is graduated *Summa Cum Laude*; one who has earned 3.50, *Magna Cum Laude*; one who has earned 3.25, *Cum Laude*. These honors are announced at commencement and are inscribed on the diplomas of those students who merit them. *Honors are conferred only when the student has completed at least the last two years in the University.* An exception will be made in the case of students transferring from another Jesuit institution.

Residential Requirements

Candidates for degrees must spend at least the last year in residence at Xavier University. Residence is the personal presence at the University of a student carrying a normal weekly load. To establish residence of a year for a bachelor's degree at the University, a student ordinarily must complete one fourth of the total number of hours required for graduation.

Commencement Attendance Requirement

All candidates for degrees must be present at the commencement exercises to receive their degrees.

General Requirements for Graduation

In addition to the requisites of a particular program, a candidate for the bachelor's degree must fulfill the following requirements:

1. The candidate shall have qualified as a classified student in Xavier University and shall have all records from other institutions in order.
2. The candidate shall have completed an accepted academic program of not less than one hundred twenty-eight credit hours with an average of C. Specifically, an average of 2.0 (C) shall have been maintained in his *upper division* courses since surplus quality points are not transferable from *lower division* courses.
3. The candidate shall have completed all *lower division* objectives.
4. The candidate shall have fulfilled the *lower division* and *upper division* objectives in the matter of distribution of courses.
5. The candidate, except for the degree of *Bachelor of Literature*, shall have completed a minimum of eighteen credit hours in philosophy and psychology courses.
6. The candidate, if a Catholic, shall have completed eight credit hours in formal courses in religion, and eight credit hours in Christian culture courses.
7. The candidate, if a non-Catholic, shall have successfully completed R1 3 and 4 (or their equivalent) and eight credit hours of Christian culture courses.
8. The candidate shall have completed, *in residence*, the last thirty-two credit hours (C average) in courses approved by the College of Liberal Arts.
9. The candidate whose major is in one of the natural sciences or in mathematics, must qualify by a written thesis. The original and one copy, required by the University, must be deposited with the registrar on or before the date designated in the University calendar. All other candidates must qualify by a comprehensive examination.
10. The candidate, with the approval of the head of the department, shall have made formal application to the dean for the degree sought. This form shall have been filed in the registrar's office at the beginning of the last session.
11. The candidate shall have discharged all financial obligations to Xavier University.

N.B. — No student will be considered eligible for graduation who has any deficiency at the beginning of the last session of his senior year, or who has less than one hundred twelve credit hours of C average.

Reservation of Rights

The University reserves the right to modify its graduation and other academic requirements as may seem necessary from time to time. It will be obligated only during the academic year of the student's registration by requirements published in the catalogue for that year.

Subject Requirements for Degrees

In addition to the fulfillment of other requirements, a candidate for a degree in the University must follow a definite program of studies. The prescribed subjects together with the corresponding minimum semester hours for each degree program are listed as follows.

Bachelor of Arts

The degree of Bachelor of Arts is conferred on the candidate whose major has been chosen from any one of the four curricular fields. The prescribed subjects together with the corresponding minimum semester hours required are:

Subject	Semester Hours		Subject	Semester Hours	
	*L.D.	**U.D.		*L.D.	**U.D.

Bachelor of Science (Physical Education)

For the student preparing to teach physical education or to coach athletics in high school, a curriculum is offered leading to the degree of Bachelor of Science in Physical Education. The student must meet the general requirements of the B.S. degree with a major in the combined fields of education and physical education. This major will comprise the basic courses in education, *required for*

qualification for high-school teaching, together with sixteen hours in physical education.

The following courses are required of all candidates for the degree of Bachelor of Science in Physical Education:

Ed 63, 64, 161, 163, 165, 166, 167 and 168.

The minimum program requirements are:

Preparation for Professional and Technical Schools

In preparation for admission to schools of law, medicine, dentistry and engineering, Xavier University offers the following programs of study.

Pre-Legal Curriculum. Students who apply for admission to schools of law must have completed a minimum of two years (sixty-four semester hours at Xavier University) of collegiate work. Many schools of law now demand a minimum of three years of collegiate training prerequisite to admission. The three-year requirement is met in this program:

Subject	Semester Hours	Subject	Semester Hours
Accounting	6	Modern language	6-12
Economics	6	Philosophy	18
English	12	Religion	8
History	18	Science	8
Mathematics	6	Speech	2
Military science	8		

Pre-Medical Curriculum. The minimum requirement for admission to standard schools of medicine is two years (sixty-four semester hours at Xavier University) of collegiate preparation in an approved college. This preparation presupposes the regularly required high-school units, and prescribes two semesters of work in English, biology, physics, and organic chemistry, respectively; and, electives of sufficient quantity to complete the sixty-four hours of academic studies. An average of C is required in all prescribed subjects.

Many medical schools now require a minimum of three years of collegiate preparation; others, a bachelor's degree; still others, special entrance requirements peculiar to those schools. On the account of such varied prerequisite preparation for admission, each prospective medical student is advised to acquaint himself with the specific requirements of the school of medicine which he intends to enter, and to plan his pre-medical work accordingly.

Xavier University offers the following program:

Subject	Semester Hours	Subject	Semester Hours
Biology	16	Military science	8
Chemistry	28	Modern language	6-12
Christian culture	4	Philosophy	12
English	12	Physics	8
Mathematics	6	Religion	8

Pre-Dental Curriculum. Since dental schools frequently have special entrance requirements in accordance with certain regulations of the state board concerned, the student should acquaint himself with these through correspondence with the registrar of the school which he intends to enter.

The minimum entrance requirement to standard schools of dentistry is two years of collegiate preparation. This preparation must include one year in each of these fields: biology, English, inorganic chemistry and physics, and one semester of organic chemistry. An average of C is required in these courses. The following curriculum will meet the minimum requirements for entrance to standard schools of dentistry:

Subject	Semester Hours	Subject	Semester Hours
Biology	8	Military science	8
Chemistry	20	Philosophy	6
English	6	Physics	8
History	6	Religion	4
Mathematics	6		

Students who wish or need a more extensive background for professional study in dentistry are encouraged to take the following program:

Subject	Semester Hours	Subject	Semester Hours
Biology	14	Philosophy and psychology	12
Chemistry	28	Physics	8
English	12	Religion	8
History	6	Speech	2
Military science	8	Christian culture	4

Pre-Engineering Curriculum. Strictly speaking there is no collegiate preparation demanded by colleges of engineering. However, many of the engineering colleges have basic preparation before the engineering students take up the work of their specialized fields. The Xavier curriculum is designed to cover these usual requirements in

mathematics, drawing, physics, chemistry, and English. It is recommended that the student choose his engineering school and course by the end of the freshman year. Then, during the sophomore year, he can elect such courses as English, economics, accounting, statistics, etc., which will fit into the *upper division* program of his chosen school. Such a plan will permit him to make up sophomore technical subjects when he begins his professional training.

Training for High-School Teaching

Xavier University offers training for high-school teaching in the academic fields and physical education. The work of teacher-training is coordinated through the Department of Education of Xavier University.

The well-prepared high-school teacher must have an intimate knowledge of the subject matter in the field or fields in which he intends to teach, in addition to the actual possession of those professional skills and techniques essential to success in the classroom.

A knowledge of the subject matter in the field or fields in which the student intends to teach is acquired while he is meeting the requirements for the several degrees offered. The necessary professional techniques and background are developed through the inclusion of certain basic courses in educational theory and practice offered by the Department of Education. Courses in education permit a desirable specialization in the program of the arts, science or philosophy degree student who plans to teach. These courses also provide the basic prerequisites to graduate work for the Master of Education degree in most universities.

Basic Courses in Education. Ed 31, 32, 101, 102 and 103 are required of all students who plan to teach at the high-school level, or to present education as a field of specialization in fulfillment of degree requirements, or to take graduate work in education.

Additional Courses in Education. In addition to the basic courses in education required of all undergraduates specializing in this field, additional courses must be elected by the individual student from the offerings of the department to strengthen this specialty to the extent necessary for meeting degree requirements or state certification requirements in the state where he expects to teach. Completion of the basic courses in education as outlined above, if five hours of credit are presented in practice teaching, will satisfy the minimum requirements of the Ohio State Department of Education for the provisional high-school certificate. An additional course in education, however, is necessary to satisfy degree requirements for a related or unrelated minor.

Consultation Necessary. Careful program planning by the student who intends to apply for a state certificate to teach in high

school is essential in order that specific academic and professional requirements of the particular state may be fully satisfied. For this reason the student is encouraged to consult the Chairman of the Department of Education early in his college work to secure guidance in outlining a curriculum which will meet degree and certification requirements.

The student desirous of meeting professional requirements of another state should obtain an official statement of specific requirements from the State Department of Education of his respective state before consulting the chairman of the department.

Approved Curricula

The following outlines are intended as guides to the preparation of individual student programs of study.

Departmental advisers and students are urged to check all student programs *in detail* for:

1. Correct course levels — *lower division* or *upper division*
(*Upper division courses may not be taken before the completion of lower division courses.*)
2. Correct catalogue numbers of courses
(*Incorrect numbering will entail difficulty after registration.*)
3. Correct number of semester hours of credit yielded by each course
4. The maximum number of semester hours of credit permitted per semester at the respective class level — freshman, sophomore, junior or senior.

In exceptional cases, special permission to take an additional course may be granted only at the discretion of the dean.

For the convenience of all offices concerned, alphabetical listing of catalogue numbers should be consistently followed.

Departments of Instruction

The courses of instruction are numbered in accord with a unified plan. *Lower division* courses are numbered 1 to 99. Within the *lower division* the numbers 30 to 99 generally indicate that the course is open to sophomores. *Upper division* courses are numbered from 100 to 199. Double numbers indicate that the first semester course is prerequisite to the second semester course and that both must be satisfactorily completed to obtain credit for either course. Any exceptions will be stated in course descriptions. In most departments the courses are grouped in decades according to sequence, content, or some other plan of sub-division. In computing minimum requirements for a major, the 199 course may not be counted.

Key Symbols

The following key letters are used to indicate the different departments of instruction:

Accounting (Ac)

These courses in accounting are designed to provide intensive training of comprehensive nature for the adequate preparation of public, private or industrial accountants, auditors, credit analysts or general business executives thoroughly familiar with the latest and most satisfactory methods.

A fundamental knowledge of accounting, essentially valuable in business or in a professional capacity, is the goal of the elementary courses.

The advanced courses which elaborate on the theory and practice of accounts, business analysis, costs, auditing and specialized accounting culminate in preparation for C.P.A. examinations and for actual entrance into the field of public accountancy.

Accounting may be chosen either as a field of major or minor specialization.

For a B.S. in B.A. degree the following requirements pertain:

1. A minor sequence in accounting including Ac 51, 52, 151, 152, 155 and *either* Ac 157 or Ac 163.
2. A major including Ac 156, 157 and Ac 163 in addition to the required minor sequence.
3. A minor sequence in economics including Ec 33, 34, 107, 151, 161 and Ec 181.
4. Senior comprehensive review.

UNDERGRADUATE DIVISION

Lower Division Courses

1. **BOOKKEEPING.** A basic course in the principles of bookkeeping intended to familiarize the student with the techniques and principles of double-entry bookkeeping. A non-credit course. Given at the Evening College.
50. **INTRODUCTORY ACCOUNTING.** Three credit hours. A course similar to Ac 51, but especially designed for students deficient in the fundamental theory and practice of bookkeeping. Given at the Evening College.
51. **PRINCIPLES OF ACCOUNTING.** Three credit hours. A study of general accounting as applied to modern record-keeping for single proprietorships, partnerships, and corporations, supplemented with practical problems and practice sets providing actual experience with general and special journals and ledgers; the preparation of adjusting and closing entries; trial balances; work sheets, balance sheets and profit and loss statements.
52. **PRINCIPLES OF ACCOUNTING.** Three credit hours. Practical application of the voucher system, controlling accounts, departmental accounts, use of charts of accounts; study of authorization and issuance of capital stocks and bonds; computations of premiums and discounts; distribution of profits; determination of fire loss; manufacturing costs and preparation of manufacturing cost statements; budgets; analyses and interpretation of financial statements; consolidated statements. Prerequisite: Ac 51.

151. **INTERMEDIATE ACCOUNTING.** Three credit hours. A thorough course in theory and problems in which various methods of solving practical accounting problems are presented. The course supplies a broad background of accounting theory that will enable the student to recognize accepted difference in accounting methods and to develop individual concepts in matters of accounting principles. Knowledge of working paper layout is a primary requisite; problems offered are a challenge to the student's ability to reason, observe, and to make proper decisions on the basis of known facts. Prerequisite: Ac 52.
152. **INTERMEDIATE ACCOUNTING.** Three credit hours. A further development of the practical aspects of accounting, illustrating accepted methods of valuation and depreciation; preparation of comparative reports and statement analyses. An explanation of the reasons for various accounting reports, co-ordinated with problems that stimulate the interest of students in research and extra-curricular study in accounting and related subjects. Prerequisite: Ac 51.
- 153, 154. **ADVANCED ACCOUNTING PROBLEMS.** Six credit hours. Two semesters. Given at the Evening Division. Separate credit given for each course.
155. **INDUSTRIAL ACCOUNTING.** Three credit hours. A study in the control and cost of materials, labor and other elements involved in industrial production with special emphasis on cost systems and reports — their nature and application — made practical through a job-order cost practice set. Prerequisite: Ac 152.
156. **INDUSTRIAL ACCOUNTING.** Three credit hours. An advanced course in special phases of costs — process, joint, by-product, standard, distribution and managerial reports — made practical through practice sets. Prerequisite: Ac 155.
157. **TAXATION.** Three credit hours. An intensive study of tax laws and regulations in relation to their underlying principles. The student is further acquainted with the federal income tax, social security, franchise, property, sales and other important state taxes. Tax problems. Prerequisite: Ac 52.
158. **TAXATION.** Three credit hours. A continuation of Ac 157.
160. **SURVEY OF ACCOUNTING SYSTEMS.** Two credit hours. Open to seniors or by permission of instructor. Prerequisite: Ac 152.

161. **MANAGERIAL ACCOUNTING.** Two or three credit hours. Sources of data and statistics are studied with reference to the forecasting and preparation of business budgets.
162. **ANALYSIS OF FINANCIAL STATEMENTS.** Three credit hours.
163. **AUDITING PRINCIPLES.** Three credit hours. A study of fundamental principles of auditing; procedure in the analysis and verification of accounts; preparation of working papers and compilation of reports. Prerequisite: Ac 155.
164. **AUDITING PRINCIPLES.** Two or three credit hours. Advanced study of problems of procedure through comprehensive practice materials based on an actual audit and supplemented by further study of the content, design and use of the accountant's working papers and reports. Prerequisite: Ac 163.
- 165, 166. **C.P.A. REVIEW.** Six credit hours. Two semesters. Given at the Evening College.
199. **SENIOR COMPREHENSIVE REVIEW.** Two credit hours. Required of all seniors majoring in accounting.

Biology (Bl)

This department aims to assist in the liberal education of the student and to contribute to his cultural background. Lectures and laboratory studies are intended to give him a knowledge of basic biological principles as well as a training in careful, thoughtful, and independent observation, experimentation, and scientific analysis of data. The courses also provide an adequate biological foundation for subsequent professional studies in medicine, dentistry, and allied fields.

Bl 1 and 2 cannot be taken for pre-medical or pre-dental requirements.

Bl 3 and 4 are required as an introduction to all upper division courses. In exceptional cases, Bl 1 may be considered as partial requisite fulfillment.

A major must include Bl 101, 112 and 199.

UNDERGRADUATE DIVISION

Lower Division Courses

1. **GENERAL BIOLOGY, I.** Four credit hours. A study of the fundamental principles of biological science emphasizing the morphology, physiology, life history and economic

- importance of representative plants and animals. Two lectures and four hours of laboratory.
2. **GENERAL BIOLOGY, II.** Four credit hours. A study of the morphology and physiology of organs and systems in a typical vertebrate, with special reference to the biology of man, and a summary of genetics and embryology. Two lectures and four hours of laboratory.
3. **GENERAL ZOOLOGY.** Four credit hours. An introduction to the basic principles of biology and a systematic survey of the morphology, physiology, classification, life history, development, and interrelationship of the representative animals of the invertebrate phyla. Two lectures and four hours of laboratory.
4. **GENERAL ZOOLOGY.** Four credit hours. A continuation of Bl 3, with the animals of the chordate phylum as objects of study. Two lectures and four hours of laboratory.
5. **GENERAL BOTANY.** Four credit hours. An introduction to the general principles of plant life emphasizing gross structure, general physiology, identification of local trees and flowers, and the reproductive mechanisms and morphological characteristics of the various major divisions of the plant kingdom. Three lectures and two hours of laboratory.
6. **BIOLOGY SURVEY.** Two credit hours. Cultural interpretations of the biological sciences. Given at Milford College.

Upper Division Courses

101. **COMPARATIVE ANATOMY OF THE VERTEBRATES.** Four credit hours. A study of vertebrate homologies. Two lectures and four hours of laboratory.
112. **GENERAL AND VERTEBRATE EMBRYOLOGY.** Four credit hours. A review of the phenomena of early embryonic development; intensive study of amphibian, avian and mammalian embryos; the organogenesis of chick and pig embryos. Two lectures and four hours of laboratory. Prerequisite: Bl 101.
115. **ADVANCED EMBRYOLOGY.** Four credit hours. A continuation of Bl 112. Two lectures and four hours of laboratory.

121. INTRODUCTION TO BACTERIOLOGY. Four credit hours. Two lectures and four hours of laboratory.
122. GENERAL BACTERIOLOGY. Four credit hours. Two lectures and four hours of laboratory.
132. MICROSCOPIC TECHNIQUE. Two credit hours. A laboratory course.
141. COMPARATIVE HISTOLOGY. Four credit hours. A general course in histology emphasizing the comparative elements and functional aspects. Two lectures and four hours of laboratory.
152. BIOLOGY OF INHERITANCE. Four credit hours. Historical development of inheritance; factual information substantiated by experiment; application and evaluation of theoretical interpretations. Three lectures and two hours of laboratory. Prerequisite: two semesters of biology.
161. GENERAL PHYSIOLOGY. Four credit hours. A study of physico-chemical phenomena applicable to living organisms. Two lectures and four hours of laboratory. Prerequisites: BI 101, Ch 3-4.
162. GENERAL PHYSIOLOGY. Four credit hours. A continuation of BI 161 emphasizing the physiology of the various animal systems. Two lectures and four hours of laboratory. Prerequisite: BI 161.
194. THEORY OF EVOLUTION. Two credit hours.
199. SENIOR TUTORIAL COURSE. Two credit hours. Required of all seniors majoring in biology.

Chemistry (Ch)

The purpose of the courses in Chemistry is both cultural and professional. The general student is given an appreciation of the fundamental principles of the science; the major is offered training in laboratory technique and a progressive program covering the elements of inorganic, organic, analytic, and physical chemistry to acquaint him with the basic divisions of the science.

Required for a major: Ch 3, 4, 51, 101, 102, 106, 107, 116, 125, 126, 152 and 199, or the equivalent.

The following courses constitute a minor: Ch 3, 4, 51, 101 and 102.

UNDERGRADUATE DIVISION

Lower Division Courses

1. INTRODUCTION TO CHEMISTRY. Four credit hours. A cultural course in the science of chemistry; foundations of the science; development; uses; methods. Three lectures, two hours of laboratory.
2. INTRODUCTION TO CHEMISTRY. Four credit hours. A continuation of Ch 1.
3. GENERAL INORGANIC CHEMISTRY. Four or five credit hours. Experimental lectures combined with discussion of problems and laboratory work. Two lectures, one quiz, four or six hours of laboratory.
4. GENERAL INORGANIC CHEMISTRY. Four or five credit hours. A continuation of Ch 3. The laboratory work includes the equivalent of Ch 31. Two lectures, one quiz, four or six hours of laboratory.
6. CHEMISTRY SURVEY. Two credit hours. Cultural interpretations of the science of chemistry. Given at Milford College.
31. QUALITATIVE ANALYSIS. Four credit hours. Two lectures and six hours of laboratory work per week.
51. QUANTITATIVE ANALYSIS, I. Four credit hours. Three lectures and six hours of laboratory work per week.

Upper Division Courses

101. ORGANIC CHEMISTRY. Five credit hours. Three lectures and six hours of laboratory work per week. Prerequisites: Ch 3 and 4.
102. ORGANIC CHEMISTRY. Five credit hours. A continuation of Ch 101 which is also prerequisite.
106. QUALITATIVE ORGANIC CHEMISTRY. Three credit hours. A systematic identification of pure organic compounds and simple mixtures. Six hours of laboratory and one lecture week. Prerequisite: Ch 102.
107. TYPE REACTIONS OF ORGANIC CHEMISTRY. Three credit hours. A detailed study of the important reactions of organic chemistry. Three lectures per week. Prerequisite: Ch 102.

116. QUANTITATIVE ANALYSIS, II. Four credit hours. Three lectures and six hours of laboratory work per week. Prerequisite: Ch 51.
121. ELEMENTARY PHYSICAL CHEMISTRY. Four credit hours. A course intended primarily for pre-medical students who have not had Mt 151 and 152. Three lectures and one four-hour laboratory period per week. Prerequisites: Ch 151 and 102.
125. PHYSICAL CHEMISTRY. Four credit hours. Three lectures and four hours of laboratory work per week. Prerequisites: Ch 51, 102, Mt 151, 152, Ph 3 and 4.
126. PHYSICAL CHEMISTRY. Four credit hours. A continuation of Ch 125. Three lectures and four hours of laboratory work.
127. CHEMICAL CALCULATIONS. Two credit hours. A lecture course devoted to the further development of problems suggested by other courses. Prerequisite: Ch 116.
151. INORGANIC PREPARATIONS. One lecture, individual consultation, and three hours of laboratory work per credit hour. Laboratory preparation of various classes of compounds intended to develop technique and to illustrate the methods employed in the preparation of pure inorganic compounds. Prerequisite: Ch 51.
152. ORGANIC PREPARATIONS. Two or three credit hours. One lecture and three hours of laboratory work per week per credit hour supplemented by library work, conference and individual consultation. Prerequisites: Ch 51, 101, 102.
153. ADVANCED INORGANIC CHEMISTRY. Three credit hours. Three lectures per week. Prerequisite: Ch 51.
160. BIOCHEMISTRY. Four credit hours. Two lectures and six hours of laboratory work per week. Prerequisites: Ch 51 and 102.
180. HISTORY OF CHEMISTRY. Two credit hours. The origin and development of chemical theories, industries and apparatus. Three lectures per week.
190. JOURNAL READING. Two credit hours. An introduction to the use of chemical literature; discussion of minor chemical problems; required readings and reports. Prerequisite: junior standing.

192. PROBLEMS IN CHEMISTRY. Credit to be arranged. Conferences and direction in library and laboratory work. Prerequisite: Permission of the chairman of the department.
199. SENIOR TUTORIAL COURSE. Two credit hours. A course of directed reading and undergraduate research required of all majors in their senior year. A charge will be made for materials and apparatus used in this work.

GRADUATE DIVISION

Graduate Courses

200. CHEMISTRY SEMINAR. No credit. Critical discussion of and progress reports on theses and special topics by graduate students and staff members. Required for at least two semesters of all students majoring in chemistry. Prerequisite: graduate standing.
206. QUALITATIVE ORGANIC ANALYSIS. Three credit hours. One lecture and a minimum of six hours of laboratory work per week. Prerequisites: Ch 101 and 102 or equivalent.
207. ADVANCED ORGANIC CHEMISTRY. Two or three credit hours. Lectures, library assignments, reports and conferences. Two lectures per week. Prerequisites: Ch 101, 102.
208. ADVANCED ORGANIC CHEMISTRY. Two or three credit hours. A continuation of Ch 207.
215. ADVANCED INORGANIC QUANTITATIVE CHEMISTRY. Four credit hours. Two lectures and six hours of laboratory work per week. Prerequisites: Ch 51, 116.
218. ORGANIC QUANTITATIVE CHEMISTRY. Two credit hours. Lecture and laboratory. Six hours per week.
225. ADVANCED PHYSICAL CHEMISTRY. Two credit hours. The more important phases of theoretical and physical chemistry are rigidly developed from the viewpoint of thermodynamics and calculus through lectures. Prerequisites: Ch 125 and 126.
226. ADVANCED PHYSICAL CHEMISTRY. Two credit hours. A continuation of Ch 225.
230. PHYSIO-CHEMICAL MEASUREMENTS. Two credit hours. A laboratory course in the application of physical measurements to the solution of typical research problems. Prerequisites: Ch 125 and 126.

235. PHYSICAL ORGANIC CHEMISTRY. Two credit hours. Resonance, color and constitution, quantum theory, stereochemistry, absorption spectra, etc. Two lectures per week.
252. ADVANCED ORGANIC PREPARATIONS. Two or three credit hours. One lecture, individual consultation, and three hours of laboratory work per week per credit hour.
253. ADVANCED INORGANIC CHEMISTRY. Two credit hours. Special topics in inorganic chemistry supplemented by library assignments and reports. Two lectures per week.
254. ADVANCED INORGANIC CHEMISTRY. Two credit hours. A continuation of Ch 253.
260. ADVANCED BIOCHEMISTRY. Two credit hours. A review and extension of fundamental biochemistry. Three lectures per week supplemented by library assignments.
270. INDUSTRIAL CHEMISTRY. Two or three credit hours. A detailed treatment of important industrial processes. Assignments. Three lectures per week.
275. RESEARCH IN CHEMISTRY. Credit to be arranged. Independent original investigation involving library and laboratory work in one of the following fields of chemistry: analytical, inorganic, organic, or physical. Prerequisite: suitable foundation courses and the consent of the professor in charge of the selected field.
299. MASTER'S THESIS. Six credit hours. A charge will be made for materials and apparatus used in this work.

Classical Languages

Since the Greek and Latin languages are the direct media of acquaintance with unified ancient culture, only through a study of the literature of both languages can a complete concept be formed of the mythology, philosophy and oriental origins of this early western culture. The inter-relationship of the epic, drama, oratory, prose and poetry reveals the intimate influence of the Greek mind on the Roman mind. Hence, a major in either language should be supported by the literature of the other in order to preserve this natural unity of combined cultural content.

However, the student may choose one language to the exclusion of the other if he so desires.

Aside from the educative discipline of diction, structure, style and mental power of analysis involved in the processes of translation, each language contains a complete literature of rare cultural value best revealed through the powerful contrast of the pagan mind with the Christian mind.

Selection of courses for a major must be made on the advice of the chairman of the department.

Admission to *upper division* Greek courses requires two units of high-school Greek and the completion of two semesters of *lower division* work. A student having no high-school Greek must complete four semesters of *lower division* work. Exception is made for the English or history major who wishes to take Gk 181 and 185.

Upper division Latin courses presuppose four units of high-school Latin and two semesters of *lower division* work. A student having only two units of high-school Latin must complete four semesters of *lower division* work prerequisite to *upper division* courses. Exception is made for the English and history major desirous of taking Lt 181 and 185.

UNDERGRADUATE DIVISION

Greek (Gr)

Lower Division Courses

- 1, 2. ELEMENTARY GREEK. Eight credit hours. A course in Greek syntax with suitable readings for those beginning the study of Greek. Two semesters.
- 5, 6. INTRODUCTION TO GREEK LITERATURE. Four or six credit hours. An intensive course in syntax and selected readings in preparation for an extensive study of Greek. Prerequisite: Gk 2 or the equivalent. Two semesters.
7. XENOPHON. Three credit hours. Selections from the *Cyropaedia*. Prerequisite: Gk 2 or the equivalent.
8. ST. LUKE. Two credit hours. A reading of the *Acts of the Apostles* and the *Gospel According to St. Luke*. Prerequisites: Gk 2 or the equivalent.
11. HOMER. Three credit hours. A course covering the elements of the Homeric dialect and metre, Troy and the Homeric question. Readings from *The Illiad*.
12. HERODOTUS. Three credit hours. Greek historiography. Lectures on the nine books of Herodotus' *History*. Book VII is read in Greek. Prerequisite: Gk 2 or the equivalent.

- 13, 14. GREEK COMPOSITION. Two or three credit hours. A basic course in Greek composition. Two semesters.
17. LYSIAS. Three credit hours. Selected orations.
18. HOMER. Three credit hours. Selected portions of *The Odyssey*. Prerequisite: Gk 11 or the equivalent.
21. PLATO. Three credit hours. A study of Plato's philosophy including lectures on the *Dialogues* and the reading of *The Apology*, *Crito* and *Phaedo*. Prerequisite: four semesters of Greek.
22. THUCYDIDES. Three credit hours. Thucydides and Herodotus compared. Readings from books II, III, VI, and VII. Prerequisite: four semesters of Greek.
- 23, 24. GREEK PROSE COMPOSITION. Two or four credit hours. General application and mastery of Greek syntax. Two semesters.
27. PLATO. Two or three credit hours. Plato's theory of ideas as illustrated in the *Euthyphro*, *Meno* and *Phaedo*.

Upper Division Courses

101. LYSIAS. Three credit hours. Selected speeches of Lysias. Three entire speeches are read for structure and style.
102. ATTIC ORATORS. Three credit hours. The development of Attic prose and oratory as illustrated by selections from Lysias, Isocrates, Aeschines, and Demosthenes.
103. DEMOSTHENES. Three credit hours. A study of the excellence of Greek oratory. *The Crown* is read.
104. DEMOSTHENES. Three credit hours. A continuation of Gk 103.
108. DEMOSTHENES. Three credit hours. A consideration of factors in the decline of Athens augmented by selections from *The Philippics* and *Olynthiacs*.
- 113, 114. GREEK STYLE. Two credit hours. An advanced course in Greek prose composition for practical illustration of the elements of style. Two semesters.
- 123, 124. GREEK STYLE. Two credit hours. An advanced course in Greek prose composition illustrative of word usage and types of style. Two semesters.

131. GREEK LYRIC POETS. Three credit hours. Characteristics of Greek lyric poetry as revealed through selections from Pindar, Bacchylides and the *Melic* poets.
141. THUCYDIDES. Two or three credit hours. A study of the Sicilian expedition and the beginning of *Attic* prose. Books VI and VII are read.
151. HOMER. Three credit hours. A study of the Greek epic. Selected readings: *The Iliad*, Bks. I-XII.
152. HOMER. Three credit hours. A comparative study of Latin, English and Greek epics. Bks. XIII-XXIV of *The Iliad* are read.
153. HOMER. Three credit hours. Selections from *The Odyssey*.
161. SOPHOCLES. Three credit hours. A reading of *The Oedipus Tyrannus* or *Antigone* as types of Greek drama, and other selected plays of Sophocles.
162. EURIPIDES. Three credit hours. A study of the Greek tragedy — its origin, development and choral metres.
163. AESCHYLUS. Three credit hours. A study of the development of the Greek drama. The reading of at least one play.
164. ARISTOPHANES. Three credit hours. A reading of *The Birds* or *The Frogs* with lectures on Greek comedy.
171. PLATO. Two credit hours. A critical appraisal of the first great *Utopia*. With the exception of one book, the whole *Republic* will be read in translation.
172. PLATO. Two or three credit hours. Dialogues of Plato other than *The Republic*.
181. POLITICAL AND SOCIAL INSTITUTIONS OF ATHENS AND ROME. Three credit hours. Assigned readings in Latin, Greek, and English translation with lectures and discussions.
182. AESCHINES AND DEMOSTHENES. Three credit hours. *The Embassy* and *The Crown* are read as illustrations of the foreign policy of Athens during the time of Philip.
185. CLASSICAL ARCHAEOLOGY. Two credit hours. Lectures on the architecture, sculpture, ceramics, and domestic antiquities of Greece and Rome.

- 187, HISTORY OF CLASSICAL LITERATURE. Four or six credit
188. hours. A study of Greek and Latin literature for com-
parisons, contrasts, and influence. Two semesters.
199. SENIOR COMPREHENSIVE REVIEW. Two credit hours. Re-
quired of all seniors majoring in Greek.

GRADUATE DIVISION

171. PLATO. Two credit hours.
172. PLATO. Two or three credit hours. Dialogues of Plato other
than *The Republic*.
182. AESCHINES AND DEMOSTHENES. Three credit hours.
185. CLASSICAL ARCHAEOLOGY. Two credit hours.
- 187, HISTORY OF CLASSICAL LITERATURE. Four or six credit
188. hours. Two semesters.

Graduate Courses

215. GREEK AND ROMAN ART. Three credit hours. Interpreta-
tions of masterpieces of classical art, particularly of Greek
and Roman.
216. TOPOGRAPHY OF ANCIENT ATHENS. Three credit hours.
241. THUCYDIDES. Three credit hours. An historic and stylistic
study of the first four books.

242. THUCYDIDES. Three credit hours. Continuation of Gk 241.
245. HERODOTUS. Three credit hours. Selections.
253. HOMER. Three credit hours. A study of *The Odyssey*,
Bks. I-XII, stressing unity of structure.
254. HOMER. Three credit hours. A continuation of Gk 253.
The Odyssey, Bks. XIII-XXIV.
- 261a. SOPHOCLES. Three credit hours. Early plays.
- 261b. SOPHOCLES. Three credit hours. Late plays.
262. EURIPIDES. Three credit hours. A course devised for the
study of three or four selected plays and a comparison of
Euripides with Sophocles.
263. AESCHYLUS. Three credit hours. A study of the develop-
ment of the Greek drama; a comparison of Aeschylus with
Sophocles, and the reading of at least one play.
264. THE GENIUS OF AESCHYLUS AND SOPHOCLES. Three credit
hours. The Aeschylean Trilogy and the two Oedipus plays
read comparatively.
265. THE GENIUS OF AESCHYLUS AND SOPHOCLES. Three credit
hours. Continuation of Gk 264.
267. ARISTOPHANES. Three credit hours. The reading of two
plays and a study of Aristophanes — his specific genius and
old comedy characteristics.
268. ARISTOPHANES. Three credit hours. Continuation of Gk 267.

Economics and Business (Ec)

In addition to the general and two-fold aim of instruction in theory and practice, the Department of Economics and Business has the following specific objectives: to contribute to the cultural objectives and scope of a liberal education; to give a general but thorough knowledge and appreciation of economic life; to prepare majors for professional study in the field of business; to offer an undergraduate basis for graduate study in economics; to inform the student of Christian contributions to the solution of economic problems; to integrate the science of economics with principles of Christian culture and philosophy.

Ec 33, 34 are introductory to *upper division* courses in economics. A major sequence must include Ec 33, 34, 107, 115, 123, 161 and 199. Students majoring in the field will plan their courses with the advice of the chairman of the department.

UNDERGRADUATE DIVISION

Lower Division Courses

- 31, 32. ECONOMIC HISTORY OF THE UNITED STATES. Four credit hours. Given at Evening College.
33. PRINCIPLES OF ECONOMICS. Three credit hours. An investigation and evaluation of the fundamental theories of economics as applied in our present day economic system embracing an analysis of production, distribution, ex-

change and consumption; theories concerning rents, profits, interest, wages, private ownership and collectivism, value, price, the farm problem; taxation, etc.

34. PRINCIPLES OF ECONOMICS. Three credit hours. A continuation of Ec 33.

Upper Division Courses

103. PROBLEMS OF LABOR. Two or three credit hours. Labor organization; collective bargaining; labor movements; government and labor; employee and employer attitudes; types of labor and associated problems. The Papal Encyclicals.
104. ECONOMICS OF LABOR. Three credit hours. Given at Evening College.
105. PRINCIPLES OF LABOR RELATIONS. Three credit hours. Given at Evening College.
106. COLLECTIVE BARGAINING, MEDIATION AND ARBITRATION. Three credit hours. Given at Evening College.
107. ADVANCED ECONOMIC THEORY. Two or three credit hours. An advanced study of economic principles, including an analysis of such fundamental concepts as value and price, rent, interest, wages, and profits, and their relation to the current problems of production, distribution and exchange. GRADUATE DIVISION

The Department of Education of the Graduate Division is organized to offer the in-service teacher or school administrator opportunities for advanced professional training through individual

courses or through balanced programs leading to the Master of Education degree. Staff members of the department are available to the school administrator or teacher for informal conference and assistance on practical problems in the field.

Students selecting courses to be submitted for the Master's degree must include the four survey courses — Ed 201, 203, 205 and 207 — in their programs. Students planning to present, as an area of concentration, 12 credit hours in elementary education, secondary education, educational guidance, or educational administration shall select courses in these fields. While the course title will generally indicate the area of concentration to which the course may be applied, some courses may be equally pertinent to several areas. For example: Ed 135, Psychology of the Adolescent, may be applied with equal validity either to the area of guidance or to secondary education. It is important, therefore, that approval for all courses selected for application to a given area of concentration be secured from the chairman of the department *prior to registration*.

The following is a listing of regularly offered courses. Not all courses are available in a given year, but during a student's period of study all will ordinarily be offered. The department plans to present courses on particular phases of education conducted by guest instructors of prominence. Such courses will be announced from time to time through a special brochure and the press.

English (En)

It is the obligation of the department to imbue the student with a practical knowledge of the principles of effective composition; to acquaint him with the treasures of literature, and to foster sound critical literary judgment.

In En 3, 4, a first-year requirement, the student concentrates upon composition while he reads and analyzes narrative and expository prose.

En 31, 32, intended as introductory courses in English and American literature, are departmental requirements for graduation.

It is recommended that the major or minor in English include En 111, 141, 150 and 180.

The student majoring in English will be expected to consult the chairman of the department at least once each semester. Ordinarily, En 199 will be completed during the final semester of study.

At Xavier, expression will be emphasized in all classes. Since *ineffective expression indicates defective impression*, instructors are to consider errors in English in the evaluation of recitations, papers, and tests. Corrective training may be required even of an upper-classman under exceptional circumstances.

UNDERGRADUATE DIVISION

History and Political Science

The Department of History and Political Science offers a major toward the Bachelor's and Master's degrees. The former study requires seven semester courses beyond Hs 7-8 which are prerequisite to all *upper division* work, and includes of necessity Hs 194. The latter demands six courses beyond the introductory study of government, Po 1-2. In each a comprehensive examination qualifies the student for the undergraduate major.

History is studied as a liberal art for its primary value of training toward proper appreciation of human living. Its insistence on accurate detail, on proof, and on the relation of cause and effect, cultivates habits of mature judgment. It helps toward developing due respect and sympathy for others, and supreme regard for the final purpose of life.

Political science aims to produce a deep understanding of the functions and processes of political power, of the place of authority in society, of the use of freedom in human relations. Regard for

institutional practice, to conserve freedom and employ sound social forces toward the perfecting of political action, is a prime purpose in this field. The American constitutional system will be given particular attention.

Mathematics (Mt)

UNDERGRADUATE DIVISION

The courses in this department are intended to:

1. Aid in the development of exact and rigorous methods of thought.
2. Provide the mathematical background and preparation essential to every field of science and business.
3. Prepare students for teaching or for graduate work in mathematics or science.

Prerequisites for *upper division* courses are Mt 3, 4 and 6.

A major must include Mt 151, 152, 153a, 154, and 199.

A minor must include Mt 151, 152 and 153a or 154.

Lower Division Courses

- D1. MECHANICAL DRAWING. Two credit hours. Use of lettering; an introduction to orthographic projection. Six hours of drawing room practice each week.
- D2. DESCRIPTIVE GEOMETRY. Three credit hours. The theory of projection drawings. Problems in projection of points and lines, and problems involving planes. Intersection and development of surfaces.
- D4. MECHANICAL DRAWING. Three credit hours. Working drawings. Detail and assembly drawings of simple machines or structures. Blue-printing from tracings.
- A. ELEMENTARY ALGEBRA. Three hours a week. No credit.

1. INTERMEDIATE ALGEBRA. Three credit hours. Study of algebraic processes required in Mt 2, including logarithms, progressions, elementary statistics. Applications to commercial problems.
2. MATHEMATICS OF FINANCE. Three credit hours. Interest, discount, annuities, bonds, life insurance, and allied topics. Prerequisite: Mt 1 or 4.
3. TRIGONOMETRY. Three credit hours.
4. COLLEGE ALGEBRA. Three credit hours.
6. ANALYTIC GEOMETRY. Three credit hours. Prerequisites: Mt 3 and Mt 4.

Upper Division Courses

101. HISTORY OF MATHEMATICS. Three credit hours. Study of basic concepts in their historical setting and development.
- 111, 112. THEORETICAL MECHANICS. Six credit hours. Described as Ph 111 and 112.
113. VECTOR ANALYSIS. Three credit hours.
120. THEORY OF MEASUREMENTS AND ERRORS. Three credit hours. A course primarily intended for students majoring in chemistry or physics. Computational methods; approximation methods for solution of equations; theory of measurements; classification of errors; statistical theory and methods; principle of least squares; statistical interpretation of measurements; curve fitting; probability.
124. MATHEMATICAL STATISTICS. Three credit hours. Representation of statistical data; averages; dispersion; correlation; skewness; sampling; the normal curve; empirical equations; applications. (Ec 124.) Prerequisites: Mt. 1 and 2 or Mt 4.
142. THEORY OF EQUATIONS. Three credit hours.
144. INTRODUCTION TO HIGHER ALGEBRA. Three credit hours. Special topics in modern algebra.
151. DIFFERENTIAL CALCULUS. Three credit hours.
152. INTEGRAL CALCULUS. Three credit hours.
- 153a. ADVANCED CALCULUS. Three credit hours. Selected topics such as expansion in series, improper integrals, special

functions defined by definite integrals, line integrals, Jacobians and transformations.

- 153b. ADVANCED CALCULUS. Three credit hours. Continuation of 153a.
154. DIFFERENTIAL EQUATIONS. Three credit hours. Solution of ordinary differential equations; applications to geometry and physics. Solution in series. Prerequisite: Mt 152.
161. SOLID ANALYTIC GEOMETRY. Three credit hours. An introductory treatment of the point, plane, straight line and surface of revolution; analysis of the general equation of the second degree; systems of coordinates.
162. PROJECTIVE GEOMETRY. Three credit hours. Line coordinates; principle of duality; metric and projective properties; double ratio; collineation and involution.
163. COLLEGE GEOMETRY. Three credit hours.
197. SPECIAL READING AND STUDY FOR ADVANCED STUDENTS. Credit to be arranged.
199. SENIOR TUTORIAL COURSE. Two credit hours. A course of directed reading and undergraduate research required of all majors in their senior year.

GRADUATE DIVISION

211. ADVANCED DYNAMICS. Three credit hours.
213. ADVANCED VECTOR ANALYSIS. Three credit hours.
215. MATHEMATICAL THEORY OF ELASTICITY. Three credit hours.
220. TREATMENT OF EXPERIMENTAL DATA. Three credit hours.
231. FOURIER SERIES. Three credit hours.
241. SPECIAL TOPICS IN ALGEBRA. Three credit hours.
251. FUNCTIONS OF A REAL VARIABLE. Three credit hours.
252. FUNCTIONS OF A COMPLEX VARIABLE. Three credit hours.
253. PARTIAL DIFFERENTIAL EQUATIONS. Three credit hours.
298. SPECIAL STUDY. Two or three credit hours.
299. MASTER'S THESIS. Six credit hours.

Military Science (MS)

The R.O.T.C.

A senior unit of the Reserve Officers' Training Corps is maintained at the University by the War Department.

The mission of this unit is to produce junior officers who have qualities and attributes essential to their progressive and continued development as officers in a component of the Army of the United States.

Every student who is a physically fit citizen of the United States, between the ages of fourteen and twenty-four, is obliged to take military science during the first two years of attendance. One year of military science is required of the student entering as a sophomore; none, of one entering as a junior or senior.

Application for exemption from military science may be made by a student who has had active service with the armed forces of the United States and who has been honorably discharged therefrom, or for reasons of physical disability. All claims of exemption accompanied by the evidence thereof must be filed in the office of the dean.

The complete program of instruction comprises four sessions of *lower division* or basic courses and four sessions of *upper division* or advanced courses.

The basic courses are designed to give the student basic military training which will benefit him and the military service if he goes into the army.

The advanced courses qualify a limited number of selected students for commissions in the Officers' Reserve Corps. Admission to MS 101 will depend upon the fulfillment of the following conditions:

1. The filing of a formal request with the Chairman of the Military Department within the dates annually announced.
2. The completion of MS 1, 2, 31 and 32. Equivalence of basic courses completed in service (for veterans) or in some other Reserve Officers' Training Corps Unit will be determined by the Chairman of the Military Department.
3. The demonstration of exceptional qualities of leadership and scholarship.
4. An agreement to perform six summer weeks of practical work at camp after the completion of MS 101 and 102. This work must be done under designated military supervision.
5. The successful passing of the physical and screening tests.

Further information regarding all courses will be found in *Corps Regulations* issued by the department.

Lower Division Courses

- 1, 2. **FIRST YEAR BASIC.** Four credit hours. A study of military organization; hygiene and first aid; leadership, drill and exercise of command; individual weapons and marksmanship; maps and aerial photographs; the National Defense Act and R.O.T.C.
- 31, 32. **SECOND YEAR BASIC.** Four credit hours. A further study of leadership, drill and exercise of command; maps and aerial photographs together with physical development methods; military administration; evolution of warfare, and military law and boards.

Upper Division Courses

- 101, 102. **FIRST YEAR ADVANCED COURSE.** Six credit hours. A study of military leadership, psychology, and personnel management; leadership, drill and exercise of command; geographical foundations of national power; military law and boards; tactics and technique of artillery.
- 103, 104. **SECOND YEAR ADVANCED COURSE.** Six credit hours. A study of command and staff; military teaching methods; psychological warfare; military problems of the United States; leadership, drill and exercise of command; military mobilization and demobilization; combat intelligence; tactics and techniques of artillery.

Modern Languages

The Department of Modern Languages offers courses in French, German and Spanish. The nature and content of these courses are designed to secure the following sequential objectives:

1. A reading knowledge sufficient to fulfill the *lower division* objective.
2. A mastery of grammar and syntax and an acquaintance with the elements of style as an immediate preparation for the study of literature.
3. Ability to use correct pronunciation and natural inflection in conversation.
4. A knowledge and an appreciation of the literature of the language.
5. An acquaintance with the history and culture of the people to whom the language is native.

As a means of achieving these objectives, the following departmental requirements are pertinent:

1. An entrance reading ability test given to freshmen, having two or more high-school units in modern language, to determine reading knowledge proficiency.
2. A minimum of two semesters of elementary courses required of freshmen.
3. Four semesters of modern language prerequisite to advanced study.
4. Consultation with the chairman of the department at least once each semester.

UNDERGRADUATE DIVISION

French (Fr)

Lower Division Courses

1. **ELEMENTARY FRENCH.** Three or four credit hours. A course intended to effect facility in sight reading of French newspaper and magazine articles.
2. **ELEMENTARY FRENCH.** Three or four credit hours. A continuation of Fr 1.
31. **INTERMEDIATE FRENCH.** Three or four credit hours. A study of grammar and syntax with reading and composition as an introduction to *upper division* work.
32. **INTERMEDIATE FRENCH.** Three or four credit hours. A continuation of Fr 31.

Upper Division Courses

101. **ADVANCED COMPOSITION.** Two or three credit hours. An advanced course in syntax and composition.

164. CERVANTES. Two or three credit hours. The study of Spain's greatest literary figure: his life and work previous to *Don Quijote*. Lectures and readings.
165. CERVANTES. Two or three credit hours. An analytical study of *Don Quijote*. A continuation of Sp 164.
175. SPANISH CIVILIZATION. Three credit hours. A presentation of Spanish society — its cultural tradition; its political and social institutions.
199. SENIOR COMPREHENSIVE REVIEW. Two credit hours. Required of all seniors majoring in Spanish.

Philosophy (Pl)

Any declaration of the general aim of the Department of Philosophy would be to define philosophy itself. The student, however, may assure himself that a well-advised selection of courses and serious study will result in a recognition of the unity of knowledge and a helpful alignment of fields of study; acquaintance with the organization of mental life together with development and control of its various processes; a power of such constructive criticism as is reasonable, unbiased, and tolerant; a stimulation of talent for speculative and practical thought; illumination of the rational foundations of religion; an enlarged appreciation of the dignity of human nature; a philosophy of life which conforms to the best traditions of Christian civilization.

Departmental requirements in philosophy are as follows:

- A. For all students working for *any degree*; Pl 34, Ps 31, Pl 100, 105, 111, 131 and 132.
- B. For a minor: all courses in group "A" and Pl 106 as Christian culture.
- C. For a major: the required minor (group "B") in addition to Pl 199 and two of the following courses: Pl 133, 140, 141.

Students majoring in philosophy should plan their courses with the advice of the chairman of the department. A minor may be elected in any other field; however, English, the classics and history are especially recommended.

UNDERGRADUATE DIVISION

Lower Division Courses

34. LOGIC. Three or four credit hours. A course in Aristotelian logic; the description and classification of man's chief mental activities; the theory and rules of logical habits. Prerequisite to *all courses in philosophy*; may be taken concurrently with Ps 31.

Upper Division Courses

100. METAPHYSICS. Three credit hours. The science of the first principles of being: the concept and modes of being; the transcendentals; theories of analogy, act and potency; the Aristotelian categories emphasizing substance and relation; the theory of efficient causality and of purpose. Prerequisite: Pl 34.
105. PHILOSOPHY OF NATURE. Three credit hours. An historical study of the basic problems concerning metaphysics of matter; the continuum, quantity, mechanicism, space, place, motion, time and constitution of matter; a study of the hylomorphic theory in relation to modern scientific theories. Prerequisite: Pl 100.
106. NATURAL THEOLOGY. Two credit hours. An inductive inquiry into the question of Infinite Reality culminating in the philosophy of Infinite Being; a purely rational study of the nature and properties of Infinite Being; an approach to religion in the light of reason.
111. PHILOSOPHY OF MAN. Three credit hours. The specific attributes of man; origin of human knowledge; intellect, will, freedom, habits; the constitution of man; theories of the soul; the unity of man; person. Prerequisite: Pl 100.
131. PRINCIPLES OF ETHICS. Three credit hours. The science of the first principles of human goodness; the purpose of human life; the human act; morality and its essential norm; the general theory of law and rights; conscience; virtue. Prerequisite: completion of all other courses in group "A".
132. CHRISTIAN AND SOCIAL ETHICS. Two credit hours. A philosophical exposition of the rights and duties of the individual on the basis of ethical norms; the origin and theories of society; the social, economic and political relationships of the individual. Prerequisite: Pl 131. *Required of all degree students as Christian culture.*

133. ORIGINS OF MODERN PHILOSOPHICAL PROBLEMS. Three credit hours. A study of modern experiments in metaphysics and epistemology; the revolt against Christian philosophy; solutions of these modern problems. The course is based on Gilson's *Unity of Philosophical Experience* and appropriate documentation from modern philosophers.
140. HISTORY OF CHRISTIAN PHILOSOPHY, I. Three credit hours. An historical study based on Gilson's *Spirit of Medieval Philosophy* treating of Christian philosophy and the problem of reason and faith, and a comparison of Greek with Christian philosophers on metaphysical questions.
141. HISTORY OF CHRISTIAN PHILOSOPHY, II. Three credit hours. A continuation of Pl 140 emphasizing the problem of Christian philosophy in relation to the philosophy of man, morals and society. Pl 140 is recommended, but not strictly prerequisite.
199. SENIOR COMPREHENSIVE REVIEW. Two credit hours. Required of all seniors majoring in philosophy.

GRADUATE DIVISION

Work for the Master's degree ordinarily includes Pl 133, 140 and 141, and five graduate courses in philosophy in addition to Pl 299. At least one graduate course and one of these three — Pl 133, 140, 141 — will be offered each semester and during the first summer session.

201. CHRISTIAN PHILOSOPHY AND CONTEMPORARY THOUGHT. Three credit hours. An attempt, through the reading and dialectical analysis of significant thinkers of our time, to relate their position and principles to the perennial teaching of the Christian position.
210. PHILOSOPHY OF LITERARY FORM. Three credit hours. Discussions of the nature of literary form; general aesthetics and metaphysical principles which poetic presupposes; the relation of these principles to the truths of the Faith. Discussions based on selections of poetry from the different periods, Aristotle's *Poetics*, and other critical treatises.
211. ST. THOMAS ON MAN. Three credit hours. A study of the main texts of St. Thomas dealing with the philosophy of man, especially *Summa Theologica, I*, qq. 75-90.

221. PHILOSOPHY OF KNOWLEDGE. Three credit hours. Selected texts of Aristotle and St. Thomas dealing with the nature of knowledge studied in relation to contemporary theories of knowledge.
234. THE POSTERIOR ANALYTICS OF ARISTOTLE. Three credit hours. Careful reading of a sizable portion of this work following the commentary of St. Thomas. Discussion of the incidence of the contemporary position on logic and scientific method as occasion arises.
299. MASTER'S THESIS. Six credit hours.

Psychology (Ps)

UNDERGRADUATE DIVISION

Lower Division Courses

31. GENERAL PSYCHOLOGY. Three credit hours. This course, introductory to all courses in psychology, discusses the organic basis of human activity and the basic mental processes. Attention is given to the findings of experimental research as correlated with the philosophy of man. This course may be taken concurrently with Pl 34.
32. PSYCHOLOGY OF LEARNING. Two or three credit hours. (Ed 32.)

Upper Division Courses

103. PSYCHOLOGY OF MOTIVATION. Two or three credit hours.
134. PSYCHOLOGY OF THE ELEMENTARY SCHOOL CHILD. Two or three credit hours. (Ed 134.)
135. PSYCHOLOGY OF THE ADOLESCENT. Two or three credit hours. (Ed 135.)
136. ABNORMAL PSYCHOLOGY. Two or three credit hours. (Ed 136.)
141. APPLIED PSYCHOLOGY. Two or three credit hours.
142. MENTAL HYGIENE. Two or three credit hours.
143. APPLIED BUSINESS PSYCHOLOGY. Two or three credit hours.
144. APPLIED BUSINESS PSYCHOLOGY. Two or three credit hours. A continuation of Ps 143.

151. MODERN PROBLEMS IN PSYCHOLOGY. Two or three credit hours.
152. MODERN PROBLEMS IN PSYCHOLOGY. Two or three credit hours. A continuation of Ps 151.
162. PERSONALITY PROBLEMS. Two or three credit hours.

Physics (Ph)

The educational benefits to be derived from a study of the science of physics are training in scientific method, acquaintance with the historical development of physical science, and a knowledge of the applications of physical laws which play so large a part in modern life. In the *lower division* courses emphasis is laid on the intelligent comprehension of basic principles rather than on description of interesting applications. The *upper division* courses are intended as a preparation for science teaching or for graduate work in the physical sciences.

Departmental requirements for majors include:

1. The completion of Ph 3, 4 and Ch 3, 4 as an introduction to *upper division* work.
2. The acquisition of a working knowledge of differential and integral calculus during the first year.

With the approval of both departments, six credit hours in physical chemistry may be counted toward a major.

Ph 1 and 2 may be counted toward a science requirement, but *not as a preparation for a science major*.

UNDERGRADUATE DIVISION

Lower Division Courses

- 1a. INTRODUCTION TO PHYSICAL SCIENCE. Three credit hours. A study of the basic laws and principles of physics and their applications in the modern world. Stress is placed upon the cultural aspects of the subjects rather than upon technical details.
- 1b. INTRODUCTION TO PHYSICAL SCIENCE. Three credit hours. Continuation of 1a.
- 2a. ELEMENTS OF ASTRONOMY. Three credit hours. General elements and principles of the science of astronomy.

- 2b. **ELEMENTS OF GEOLOGY.** Three credit hours. The earth's surface features and the geological laws governing their origin and development. Nature and structure of the materials composing the earth.
- 3, 4. **GENERAL PHYSICS.** Eight credit hours. Mechanics, heat, sound, light, magnetism, electricity, and radiation. Three lecture and class periods. One laboratory session.
- 3a, 4a. **PHYSICS PROBLEMS.** Two credit hours. To accompany Ph 3 and 4. Required of pre-engineering students. One problem or laboratory session per week. Two semesters.
6. **PHYSICS SURVEY.** Two credit hours. Cultural interpretations of the science of physics. Given at Milford College.

Upper Division Courses

101. **ADVANCED LABORATORY.** Credit to be arranged.
- 111, 112. **THEORETICAL MECHANICS.** Six credit hours. Elementary theory of the statics, kinetics, and dynamics of particles and rigid bodies. Two semesters.
113. **VECTOR ANALYSIS.** Three credit hours. (Mt 113.)
121. **HEAT.** Three credit hours. The thermal properties of matter; theory of heat conduction; kinetic theory of matter; introduction to thermodynamics.
131. **SOUND AND ACOUSTICS.** Three credit hours.
142. **PHYSICAL OPTICS.** Three credit hours. Lectures and experimental demonstrations dealing with the phenomena of reflection, refraction, diffraction, interference, polarization, dispersion, and spectroscopy.
151. **ELECTRICITY AND MAGNETISM.** Three credit hours. A lecture course giving a mathematical treatment of the theory and applications of electricity and magnetism.
152. **ELECTRICITY AND MAGNETISM.** Three credit hours. Continuation of Ph 151.
155. **PRINCIPLES OF RADIO.** Three credit hours.
162. **INTRODUCTION TO MODERN PHYSICS.** Three credit hours. Lectures and discussions of some of the more important concepts of physics with emphasis on recent developments.
163. **ELECTRONICS.** Three credit hours.

170. **PHYSICS OF THE AIR.** Three credit hours. The weather elements and their measurement. Dynamics and thermodynamics of the atmosphere. Air masses and fronts.
180. **(GEOPHYSICS) INTRODUCTION TO GEOPHYSICS.** Three credit hours. Prerequisite: College physics. Calculus must precede or be taken concurrently.
181. **(GEOPHYSICS.) EARTHQUAKES.** Two credit hours.
182. **(GEOPHYSICS.) ELEMENTARY SEISMOLOGY.** Two credit hours.
184. **(GEOPHYSICS.) PRACTICAL SEISMOLOGY.** Three credit hours.
185. **(GEOPHYSICS.) FORCE FIELDS OF THE EARTH.** Three credit hours. Gravitational, electric, magnetic fields. Elastic waves.
197. **SPECIAL READING AND STUDY FOR ADVANCED STUDENTS.** Credits to be arranged.
199. **SENIOR TUTORIAL COURSE.** Two credit hours. Required of all seniors majoring in physics.

Religion (R1)

It is a basic principle of Jesuit education that the moral and religious training of youth must go hand in hand with intellectual development. It is not enough merely to integrate fields of knowledge with religion by the introduction of religious and spiritual points of view. Formal instruction is also necessary if the student is to have a religious knowledge adequate for Catholic life and leadership.

Catholic students must complete these four basic religion courses: R1 10, 30, 31, 32.

In keeping with the religious purpose of the University, non-Catholic students are required to take R1 3 and 4. The content of these courses is such as to meet the desire for religious instruction without the elements of controversy.

UNDERGRADUATE DIVISION

Lower Division Courses

3. **FOUNDATIONS OF NATURAL RELIGION.** Two credit hours. An approach to religion in the light of reason. A survey of the history of religion emphasizing the principles of

certitude, the existence of God, the nature of man, the necessity of religion, and moral responsibility. *Required of non-Catholic students.*

4. CHARACTER FORMATION. Two credit hours. A study of the nature of the will, principles, motives, proper choice and inculcation of ideals; habits — their making and unmaking — and case-records. *Required of non-Catholic students.*
10. THE CHURCH. Two credit hours. A presentation of the divine authority of the Church of Christ proved by arguments drawn from history and reason, the claims of Christ to divinity, the establishment of His Church, its divine authority, characteristics and identification; the government of the Church, papal primacy and infallibility; the act and virtue of faith.
30. CREATION AND REDEMPTION. Two credit hours. A course intended to present a rational explanation of revealed truth concerning the nature of God; the creation of the universe; the theory of evolution as an explanation of its origin; man — his origin, elevation and fall; Christ — His Incarnation, redemption of the human race, the fruits of His life and death applied to the individual by grace — actual and habitual. Prerequisite: two semesters of college religion.
31. CHRISTIAN ORIGINS. Two credit hours. A study of the philosophical and historical foundation of the truths of Christianity emphasizing proofs of the existence of God, the insufficiency of natural religion, the probability and signs of revelation, and the historical value of the Gospels.
32. THE SACRAMENTS. Two credit hours. A course emphasizing the meaning, number, conditions of validity, effects and necessity of the Sacraments in general and in particular. Special attention is given to the understanding, appreciation and manner of participation in the Holy Sacrifice of the Mass.

Christian Culture

All candidates for a degree must have completed four of the courses listed below.

- Bl 194. THEORY OF EVOLUTION. Two credit hours.

- En 188. CATHOLIC LITERATURE. Two or three credit hours.
- En 189. CATHOLIC LITERATURE. Two or three credit hours. A continuation of En 188.
- En 190. NEWMAN. *The Idea of a University*. Three credit hours.
- En. 192. CHESTERTON. Two credit hours.
- Fr 181. CONTEMPORARY CATHOLIC WRITERS IN FRANCE. Three credit hours.
- Hs 111. THE EARLY MIDDLE AGES, 300-1300. Two or three credit hours.
- Hs 112. THE LATE MIDDLE AGES, 1300-1500. Two or three credit hours.
- Hs 172. THE RELIGIOUS UPHEAVAL OF THE SIXTEENTH CENTURY. Two credit hours.
- Lt 135 EARLY CHRISTIAN POETS. Three credit hours.
- Pl 106. NATURAL THEOLOGY. Two credit hours.
- Pl 132. CHRISTIAN AND SOCIAL ETHICS. Two credit hours. Required of all degree students as Christian culture.
- So 125. MARRIAGE. Two credit hours.
- So 126. THE FAMILY. Two credit hours.
- So 150. REBUILDING THE SOCIAL ORDER. Two credit hours.

Sociology (So)

The courses in the Department of Sociology are planned to meet the need of an intelligent interest in the social structure; to acquaint the student with the problems of the social order; to correlate in the student's mind the purposes and work of social agencies; to test proposed programs of reform and reconstruction in the light of science, philosophy, and religion; to prepare majors for graduate and professional study in the fields of sociology and social work.

So 31 and Ec 32 are introductory to *upper division* courses. A major may be supplemented with courses in philosophy, economics and history under the direction of the Chairman of the Department of Sociology.

Lower Division Courses

31. INTRODUCTION TO SOCIOLOGY. Three credit hours. A course in the foundational postulates of a science of society; evolution of social theory; psychological, ecological and cultural approaches to a study of man and social institutions; problems of race and population; sociological features and functions of the family; sociology of the state.

36. SOCIAL HYGIENE. Two credit hours.

Upper Division Courses

103. PROBLEMS OF LABOR. Two or three credit hours. (Ec 103.)

109. POLITICAL THOUGHT. Three credit hours. (Po 109.)

110. POLITICAL THOUGHT. Three credit hours. (Po 110.)

125. MARRIAGE. Two credit hours. A study of the nature and the social and religious function of the institution of marriage. Effects of social forces. The form of marriage. Preparation for marriage, marriage legislation, causes of success and failure. Necessity of stability and of monogamy.

126. THE FAMILY. Two or three credit hours. Prerequisite: So 125.

132. CHRISTIAN AND SOCIAL ETHICS. Three credit hours. (Pi 132.)

137. EDUCATIONAL SOCIOLOGY. Two credit hours. (Ed 137.)

150. REBUILDING THE SOCIAL ORDER. Two credit hours. Genesis and evolution of Christian social theory. Economic institutions; property, ownership, wage-contracts, labor-unions, occupational groups as set forth in papal pronouncements. Socio-economic theory of wages. Hierarchy of social institution in the framework of a Christian society. Corporatism. Role of religion and morality in social reconstruction.
