CURRICULA

The curricular offerings at Morehead are varied. Students may pursue courses leading to the (1) Provisional Elementary certificate; (2) the Standard Elementary certificate and the degree; (3) the Provisional High School certificate and the degree; (4) the Provisional certificate in Administration and Supervision and the degree; and (5) the degree without a certificate. The college awards two degrees, the Bachelor of Arts and the Bachelor of Science. Each degree may be taken with or without a certificate. The student should notice that the requirements for the degrees differ according to the type of degree and the type of certificate. The chief distinction between the Bachelor of Arts degree and the Bachelor of Science degree is the 60-hour requirement in science for the Bachelor of Science degree. There are also differences between the Bachelor of Arts degree with the Elementary certificate and the same degree with the High School certificate. There are accordingly eight distinct courses of study leading to the degree. Students should choose early in their college career which course they prefer to take.

GENERAL REQUIREMENTS FOR THE DEGREE

The candidate for the degree must meet the following general requirements:

1. A minimum of 128 hours of prescribed and elective college credit.
2. A standing of 1 on all work offered for a degree.
3. At least three-fourths of the credit in residence in some standard college and at least one year in residence and one semester immediately preceding graduation in this institution.
4. Not less than 43 hours of the work offered for the degree should be selected from courses numbered 300 or above.

Attendance Officer's Certificate valid for three years shall be issued to a person who has met the requirements of law and who, in addition thereto, completes (a) a two-year curriculum for the training of teachers, which curriculum shall include three semester hours in pupil accounting; or (b) completes a two-year standard college curriculum which shall include 12 semester hours in education courses with 3 semester hours in pupil personnel. This certificate may be reissued every three years upon three years experience as attendance officer, or 16 semester hours of standard college training.

VALIDITY AND TENURE OF CERTIFICATES

Certificates issued before September 1, 1935, will be valid as long as they remain in force. They can be renewed, or extended upon the conditions set out in the law and regulations in force at the time they were issued. A certificate issued before September 1, 1935, and valid for holding a particular type of position will be legally valid for holding the same type of position after September 1, 1935.

Certificates issued after September 1, 1935, will be valid at the school levels and positions for which they are issued.

CERTIFICATES OF FORMER ISSUE: The validity of any certificate or license in force at the time this act goes into effect shall not be impaired by this act, and such certificate or license shall be reissued or renewed in accordance with the terms of the law applying at the date of issue.

MAJORS AND MINORS

Not later than the beginning of the sophomore year, the applicants for degrees must file with the Registrar their selections of majors and minors. (This does not include those who are applying for the Bachelor of Arts with the Standard Elementary certificate.) The heads of the departments in the major and minor fields must approve the courses to be taken before the blank is filed. Two majors of twenty-four hours each, or one major and two minors of eighteen hours each, may be selected.

Education cannot be selected as a major or minor.

A student may choose his major or minor from any one of the subjects listed below:

Art	History and Government
Biology	Home Economics
Chemistry	Industrial Arts
English	Mathematics
French	Music
Geography	Physics
History	Sociology and Economics

Beginning this semester, a minor in Physical Education for both men and women will be offered. All freshmen will be required to take two hours of Physical Education in the activity field.
