HORACE MANN LABORATORY SCHOOL  
KANSAS STATE TEACHERS COLLEGE  
PITTSBURG, KANSAS  
October 6, 1950

Dear Parents of the Kindergarten Children:

Since the milk prices have been increased, we have attempted to provide milk for your children at the old rate of 3 1/3¢ per bottle, or \$1.50 for the nine-week period. But since we are paying a straight 5¢ per bottle, plus the additional expense for straws and at times cookies, we are compelled to change the amount you need to pay.

As you know, in the past you have paid \$1.50 each nine weeks. At the present time with prices as they are, we will need to change that amount to \$2.30 each nine weeks. This is 5¢ per bottle each day, plus a general fee of 5¢ for the nine weeks to cover other incidental expenses, such as straws and cookies. We are sorry we need to make this change, but it is necessary.

Sincerely,

Jane M. Carroll

Dear Parents:

The children who are to be on the laboratory school float Saturday are to meet here at the Horace Mann School at 8:30 A.M. They will be placed on the float and go directly to the parade from the school.

The parade disbands at First and Broadway. We should like you to collect your children at West Euclid and Broadway at the close of the parade. There will be several of the Horace Mann staff at Euclid and Broadway to care for the children until you arrive if you are a bit late.

Thank you for your cooperation.

Sincerely,

Jane M. Carroll

Dear Parents:

The Horace Mann staff with several other members of the Education and Psychology staff of the college will attend two conferences on teacher education this next week.

The first conference will be held Tuesday, October 17 in Pittsburg; the second, Friday and Saturday, October 20 and 21 in Topeka. In order that the staff may be free to attend these conferences, it seems necessary to close the Horace Mann School for two days -- Tuesday, October 17 and Friday, October 20. School will be in regular session on Monday, Wednesday, and Thursday.

Sincerely,

Jane M. Carroll

# HOMECOMING!

## 10,000 Expected to View Town's Biggest Parade

45 Bands With 2,000 Musicians, Model Carrier Join Line of March

Gala events opening Homecoming festivities this Friday will precede the annual parade slated to get under way at 10 a.m. Saturday in the Pittsburg downtown area. An expected crowd of 10,000 will view the largest parade ever to be assembled in a celebration here.

Forty-three bands and drum corps totaling 1,850 members in the four-state area have indicated they will march. Plus these, there will be commercial floats, organizational and special floats, and cars bearing beauty queens. The Cavalcade Of Years will also be represented by 28 alumni classes.

Dr. Otis J. Mumaw, head of the Music department, said Tuesday that he expects 45 bands to sign up swelling the total of marchers to about 2,000.

It is expected that the parade will take an hour and a half to pass a given point.

President Rees H. Hughes and party will head the parade from its starting point at Ninth and Broadway to its conclusion at Brandenburg Field. City and school officials will include Mayor R.W. Hart and the visiting president of Washburn University, Dr. Byron Stoffer.

Some units will assemble at Ninth and others at Tenth and Broadway, according to instructions.

Spectators will crowd Broadway along the line of march from Eighth to Rose, where the parade will disband.

A special model of a navy aircraft carrier of the Essex class, sent by the Olathe Naval Air Station, will be an added feature of the day's activities. The aircraft carrier will be on display on the College campus between the parade and the homecoming game.

A broadcast of the parade beginning at 10:15 a.m. will be carried by station KSEK.

After the parade, commercial floats will assemble in front of the Stadium for all to inspect them. This is in addition to the usual parade procedure.

## Homecoming in 9 Days! 'Biggest-Ever' Events Entice Record Throng

### Excited Campus Wonders Who Will Be Chosen as Gala Queen

Plans for the biggest Homecoming Celebration in the history of KSTC were nearing completion this week as Pittsburg Chamber of Commerce officials and special committee chairmen at the College ended their conferences and unveiled the schedule of activities for the gala week-end.

Approximately 100 student and faculty members of all Homecoming committees will gather for a joint meeting this afternoon at 4 o'clock in Room 110, Russ Hall, Dean Eugene Dawson, general Homecoming chairman, announces.

Campus organizations are excitedly choosing queen candidates and preparing house decorations and floats for the October 13-14 festivities. The Chamber of Commerce is making the Homecoming event a community celebration similar to the former coal festivals.

Downtown groups are already preparing to take a part in what is rapidly becoming one of Pittsburg's outstanding events.

Officially, Homecoming will begin at 7:30 p.m. Friday, October 13, with the Pep and Student Rally on the campus oval. Prof. Milburn J. Little, sponsor of the Pep Club, released the evening's program of stunts and demonstrations but would not disclose the highlight of the rally except to say that it would be of a fantastic nature.

House decoration judging will take place during the stunt rally and the prizes this year will be in cash money. The prizes are being furnished by the Pittsburg Chamber of Commerce. However, Kent Collier, Secretary of the C of C says that plans are in the making to determine how many awards will be given.

City police are making preparations to zone streets in order to prevent confusion, and will direct traffic to permit as many people as possible to view the house decorations.

#### Announce Queen at Show

The variety show, "Homecoming Hodgepodge", will take place at 8 p.m. immediately following the pep rally. City Merchants are co-operating with campus organizations in furnishing the evening's entertainment. The highlight of "Homecoming Hodgepodge" will be the naming and crowning of the Homecoming Queen at the close of the show. As in the past, the Queen will be selected for personality, ease of conversation, poise, and grooming.

Queen candidates will appear on Tuesday before the judges. They will keep the winner's name secret until Friday night.

Saturday morning at 10 o'clock, the Homecoming parade will tour the downtown business district. Plans for the parade include campus organizational floats, the queen and her procession, the old grads caravan, bands from the four-state area, and special attractions and floats from the city merchants.

#### Fifth Annual Feast

Afternoon, the fifth annual "Feast of The Oval" will be held on the College campus. Dignitaries will speak and the College band will present a short concert. Concession stands sponsored by campus groups will sell sandwiches, cold drinks, and ice

## Forty Bands To Strut in Big Parade

The largest number of bands and of drum corps in the history of parades in this city will appear in the Homecoming line of march, Saturday morning, October 14.

Thirty-five bands and drum corps of high schools and junior colleges throughout the four-state area have accepted invitations, Dr. Otis J. Mumaw, head of the Music Department, announced the first of this week. It is expected that there will be a total of 40 by the end of this week, Dr. Mumaw said, with more than 1,700 musicians taking part.

Some cities are so interested that they are sending several organizations. Among these are Parsons with five units, Erie with two, and Galena with two. Smaller towns are drawing on all available musicians to make a big showing with a sizably large unit for the town's population. Organizations are:

Bands: From Kansas — Girard, McCune, Cherokee, Elsmore, Galena, Erie, Columbus, Riverton, Baxter Springs, Altoona, Grant Township of Stark, St. Patricks of Parsons, Parsons Junior College, Pittsburg, Elk City, Weir, LaCygne, Walnut, St. Paul, Humboldt, Neodesha, Fort Scott, Arma, and Chetopa. From other states — Commerce, Oklahoma, Rich Hill and Lamar, Missouri.

Drum Corps: Galena, Erie, Parsons Junior College, Parsons East, Parsons West, Chanute, Mineral, and Chetopa.

At the pre-game flag-raising ceremony on the field the bands and drum corps will march by single units into a massed formation. Prof. Charles Minelli, KSTC band director, will lead the Star Spangled Banner.

The hub around which the entire observation will revolve is UN Day. ## College Sponsors Program Honoring United Nations

### Folk Dances, Exhibitions and All-Nationality Luncheon Set

The schedule of programs highlighting international understanding has been moving forward fast on the K.S.T.C. campus and will reach its climax next Tuesday, United Nations Day. Leading up to this important date are several gatherings which will attract the interest of the students and will help to emphasize the need for co-operation among all nations.

Dr. Willis A. Sutton, noted educator from Atlanta, Ga., will be the assembly speaker tomorrow at 10 a.m. in the College Auditorium. He has taken for his theme "The Battle For America."

Friday a study of Italian culture will be presented under the direction of Professor V. P. Pierce.

The music department will offer selections from the music of various nationalities at the 10 o'clock assembly next Monday. At 8 o'clock that evening, the women's physical education department will present a "Folk Festival" featuring the folk dances of different nations.

The peak of interest will be reached Tuesday, Oct. 24, known throughout the country as United Nations Day. Four programs have been planned at K.S.T.C. for that date, all of them focusing attention on the importance of international understanding and good will.

At 9 a.m. in Carney hall, Dr. Ralph Wright will moderate an assembly which will outline the accomplishments of the UN. At noon, a luncheon will be held in the cafeteria with representatives of various nationalities who are living in this district as special guests. At 2 p. m. there will be a Horace Mann assembly with the 5th grade children under the direction of their supervisor, Miss Gladys Rinehart, presenting "The United Nations and All Of Us." All parents, students and friends are cordially invited to attend this program. The day's features will be concluded at 8 p.m. with a Spanish film in the Foreign Film Series, "Ay, Jalisco!", sponsored by the Language and Literature Department.

This film will be shown in Music hall auditorium.

Exhibits and displays concerning cultures and backgrounds of a number of nations are on display in various places over the campus. Dr. Alvin H. Proctor of the Social Science Department in charge of sponsoring this schedule of programs, says that they provide an excellent opportunity for students at the College to observe the life and culture of other nations, and to build a consciousness of the importance of international good will, co-operation, and understanding.

"The United Nations and All of Us" was the theme of the assembly program presented by the fifth grade of Horace Mann yesterday. The children, dressed in costumes of different countries, entered the auditorium carrying the flags of the U.S. and U.N. The program consisted of singing folk songs while the costumes and articles made in the country were shown. Talks on the value and purpose of the UN were given by the children. They said "hello" in many different languages. The program was under the direction of Miss Gladys Reinhart.

Dear Supervisor:

1. "Open House" for parents Wednesday, November 8, 7:00 p.m. to 9:00 p.m. I should like one student teacher from each grade to assist at the serving table, if you have more than one student teacher.
2. Before "Open House" night please talk with your children concerning the following:

(a) Guidance of Parents--

First, the child is to take his parents to his own room and introduce them to the supervisor and to the student teachers. Then show his parents his room and books, and tell them of the work he is doing.

Second, the child is to take parents on a tour of the building; Library, Music Room and other rooms, if they and he wish, and introduce them to

Mrs. Fowler and other members of the Music Staff, in Music Room, Miss Cave in gymnasium, Mrs. Skahn, Nurse, in Clinic Room, Mr. Keeney in room off my office, and the other supervisors.

Third, the child is to take his parents to my office and introduce them to me.

Fourth, the child is to take his parents to the punch bowl and see that they are served. The child may also be served with one cup of punch.

Fifth, the child is to stay with his parents throughout the evening. No running or hurrying through the halls, please. The child is to take his parents home.

- (b) A child is not to come to "open house" unless accompanied by a parent or close relative unless given special permission.
- (c) Please have visitors sign guest book in your room.

Sincerely,

Jane M. Carroll

Dear Parents:

I am sorry to report that we have a child in the third grade who has Infantile Paralysis. He was in school part of the time this past week.

Each morning we are having the children in the third grade checked as to temperature, cold symptoms, etc. The doctor suggests that you do the same thing with children in the home.

As yet this is not a serious case but we feel that every precaution should be taken. That is why I am sending this note.

**SOMETHING NEW IS ADDED**—This business of organized painting of windows in the downtown district went over big late yesterday and last night with Pittsburg youngsters. They turned out in large numbers to obtain water colors provided by the Pittsburg recreational department and paint Halloween pictures on many of the downtown store windows, with permission of the store owners. There was very little evidence of usual soaping. Two of the artists are shown above at work on an elaborate window, while admiring friends watch the work of art going onto the window. Don Gardner is the artist who is busy on the window while mixing colors at the table is Walter Webb. Nancy Kledehn also was aiding with the brushes but had absented herself briefly to obtain more paint.

**Charles Sample  
Elected Editor  
For Winter Term**

**Board of Publication  
Fills Vacancy on  
Collegio Staff**

Charles R. Sample was elected Editor-in-Chief of The Collegio for the fall term, at a special meeting of the Board of Publication held in Music Hall Monday afternoon.

Sample fills the vacancy left open by the resignation of Kent Cunningham, who had been elected to the office last spring but resigned before the fall term to join the Pittsburg Headlight and Sun as sports editor.

The new editor has been acting as temporary managing editor previous to the election. Schooled in publication work, Sample spent most of his military service doing staff work or holding editorships in various U.S. Navy publications.

Members of the Board of Publication for this year are: Faculty—Aaron Butler, chairman; Leroy Brewington, Adele Burnett, Dudley Cornish, Laurence Cutler, Clay DeFord, Richard Korn, Belle Provorse, and Ernest Stonecipher. Students—Mark Plummer, senior; JoAnn Sell, junior; Eva Pitzer, freshman; Max Minor, president of the Student Council; Beverly Bates, Mitzi Helms, Keitha Bohlander and Bob Longstaff.

Names are now being submitted for the replacement of Ronald Roderique, sophomore representative, who was elected Kanza business manager.

An unusually active year for the Board of Publication is promised, with four meetings having been held to date. A reorganization of the board has been necessary, with 13 new members out of the total 18. The resignation of The Collegio editor-elect and the vacancy in the business managership of the Kanza have occasioned much of the activity to date. Chairman Butler has announced that there is to be a re-codification of Board regulations.

"With the election Monday of Charles Sample as The Collegio editor, the effectiveness of staff work on that publication should now be enhanced," chairman Butler said.

"I am particularly gratified with the student interest shown this year, having counted almost 100% student attendance at our meetings to date," Mr. Butler said. "The Collegio and Kanza are primarily student publications and first responsibility for their excellence rests with the student staffs."

Dear Supervisor:

1. Please remember the Open House Wednesday, November 8, 7:00 to 9:00 p.m. I should like each of you to send a girl for serving at the punch bowl in the hall. I am asking the following persons to take charge of the serving and food:

Mrs. Ethel Peck  
Miss Thelma Carnagey  
Miss Velda Williams

I am sure we will all be glad to assist these persons in every way possible.

2. Please request all of your student teachers to be present Wednesday evening. If there is any reason they think they cannot be there, please ask them to talk with me.
3. I am attaching the list of freshmen and sophomores who have been assigned to you for counseling. The persons above the line were assigned to you last September when we enrolled; the persons below the line have been added since. There will be need for individual counseling when the "D" and "F" list is published.

November 6, 1950

Dear Parents:

As you probably remember, the children, student teachers, and parents have contributed the past two years to the National Committee on "World Friendship Among Children." This committee is sponsored by the Church World Service, Inc. It has asked last year and again this year that donations of money be sent to them to send Christmas packages to children in war devastated countries. Each package which goes overseas will contain:

Pure Wool Scarf  
Pure Wool Cap  
Pure Wool Mittens  
Polo Shirt  
For Girls -- A Pair of Bloomers  
For Boys -- A Pair of Shorts  
Three Handkerchiefs  
One Towel  
A Comb  
One Toothbrush  
Candy and a Greeting Card

The expense is \$3.00 per package.

We thought the parents, children, student teachers, and supervisors of the Horace Mann Laboratory School might like to send several of these packages. We are asking those who are interested to bring 5¢, 10¢, or more to the supervisor by Thursday, November 9. If you wish your child to contribute to this very worthy cause, please see that he has his money here by the date mentioned above.

While I was in Europe this summer, I found that children were in great need of help as to clothing and food.

Best wishes to you,

Sincerely,

Jane M. Carroll

Dear Supervisor:

Please talk the following announcement over with your children and see that they definitely understand that they are not to ride their bicycles on the campus at any time, either coming to or from school, or during free periods.

Mr. Wade, our school policeman, told me today that there is a new ruling which prohibits children from riding bicycles on the college campus at any time. This means that the only riding of bicycles to or from school, as well as other times, must be on sidewalks off the campus.

Dear Supervisor:

1. Please send in the names, addresses, ages, and sex of children in your room who would be interested in attending a Christmas party given for underprivileged children. I should like this list today if possible.
2. If you have received wedding invitations from Betty Lou Thomas and Esther Calvin and wish to buy gifts for the two of them, please talk with me.
3. We have been asked to make a survey of the Alba, Missouri city schools. We plan to go over Thursday and Friday, December 7, and 8. We should like half of you to go Thursday and the other half Friday. If you have a preference, please talk with me. We will give tests to the children on those days.

Dear Supervisor:

I am sending a catalog with the courses marked which Dr. Black would like us to check through carefully and suggest worth-while observations for each course. They will be similar in many respects and you need not suggest too many for any one course.

He should like this material by Monday, December 11.

## CONFERENCE REPORT IS GIVEN A. A. U. W.

**Dr. Jane Carroll Tells of International Meeting at Zurich, Switzerland, Before Joplin Group.**

Dr. Jane Carroll, guest speaker at a luncheon meeting of the American Association of University Women yesterday in the Woman's Club, gave a report of the triennial conference of the International Federation of University Women held in Zurich, Switzerland, last August and of her observations during the trip.

She was one of visiting delegates at Zurich among nearly 600 voting and visiting representatives of university women from 20 federations over the world, meeting with the theme of what they could do to help achieve world peace in support of the United Nations. The delegates represented 136,000 members of the organization.

Dr. Carroll, who has traveled throughout the world, gave a vivid review of her visits in six nations of western Europe and England on the way home from the conference. She showed a basketful of souvenirs collected on the trip, illustrating the handiwork of those nations, especially the dolls in native costumes. She said she saw very little native dress.

**Abundance of Food.**

As for food, she said there was an abundance in Switzerland, also flowers, and while there were many vegetables in other lands some foods were hard to get. This was particularly true of meat in England, she added.

Since her return, people everywhere have asked about the Marshall plan, she said, saying she was no authority for pronouncing it either good or bad but "we had better hang on to it until something better comes along."

In an over-all view, she said that the Marshall plan was received with suspicion at first but people soon saw the value of the dollars and materials coming in and later the resulting increase in jobs so that now the general opinion is America is being very generous and kind rather than interfering.

Dr. Carroll gave a summary of the conference in Zurich, pointing out such highlights as the election of officers and the general feeling among the delegates. She said there was a tension felt when the Holland delegates arrived, because of the South Pacific situation at that time, but later the tenseness

eased and before the adjournment all the women there knew one another. Even a hotly contested election ended in friendship, she added. In fact, she pointed out, if the harmony achieved at that conference could be carried out among all the university women of the world "it would be a definite step toward the conference goal of world peace."

One sidelight she discussed was that language was no barrier, since nearly everyone present was bi-lingual "except us poor American teachers." The conference was mostly in French.

Friday Morning, November 3, 9:30

CONVENTION COMMITTEES ON SCHOOL PROBLEMS are discussion type programs appearing for the fourth year. The topics of the committees are from subjects selected by local associations and convention officers. Official members of the committees are named by local teacher associations and these members will attend committees to which they are assigned. KSTA members not assigned to committees will be free to attend any committee of interest.

The program of the convention committees on school problems may be planned around a discussion outline such as is used at the Zone Schools for Local Officers, or the discussion may be free and informal to take any course the meeting follows. These details will be decided by the various committee chairmen.

There will be no speeches or addresses given at the committee meetings. The discussion of the subject may lead to resolutions, positions or future plans submitted to anyone the committee may wish to address. The chairman of the committee is asked to write a report, as comprehensive or as brief as he desires, to send to the KSTA headquarters following the convention.

The convention committees on school problems the last three years proved to be very popular and their reports did much to democratize and vitalize the work of the Kansas State Teachers Association. It is through these committees that every member may voice his opinions and suggestions. Each teacher is urged to attend the committee of his choice and participate in the discussion.

Dear Parents:

Some of the parents have asked concerning the hours when Mr. Wade, our college policeman, is on duty at the corner of Cleveland and Broadway. They are as follows:

- 8:30 a.m. to 9:10 a.m.
- 11:30 a.m. to 12:10 p.m.
- 12:30 p.m. to 1:10 p.m.
- 2:50 p.m. to 3:10 p.m.
- 3:25 p.m. to 3:40 p.m.

There are occasionally times when he is on duty elsewhere, but this is very seldom, he tells me.

Sincerely,

Jane M. Carroll

Dear Parents:

This letter contains three important announcements:

1. The first grade children, under the direction of Miss Williams and student teachers, will present the Christmas program, Friday, December 15, 10:30 a.m. in the Horace Mann auditorium. We hope you will plan to spend the hour with us.
2. The annual Christmas offering will be given by the Horace Mann children immediately following the Christmas program December 15. In order to have the material on hand by that date, we hope that each child will bring to school one potato, one apple, or one can of fruit or vegetable on Tuesday, Wednesday, or Thursday, December 12, 13, or 14. The food will be distributed to the needy in Pittsburg under the direction of the Salvation Army.
3. The Horace Mann Laboratory School will be dismissed for the Christmas holiday period Wednesday, December 20, 1950, after the Christmas parties in the afternoon with the exception of the kindergarten groups which will be dismissed at noon. The two kindergarten groups will meet in the morning. School work will be resumed after the holidays on Tuesday, January 2, 1951, 9:00 a.m.

The members of the Horace Mann staff wish each of you a happy holiday season.

Sincerely,

Jane M. Carroll  
Professor of Education  
Director of Laboratory School

Dear Mrs. Hughes:

Mary Lou Hopkins and Mary Ann Butler have been ill.

This is the cause of their absence from class.

Dear \_\_\_\_\_:

The annual Christmas program given by the music department of the college will be presented in Carney Hall, 8:00 p.m., Monday, December 18. Six of the sixth grade children have been asked to take part in the program. They are to be clothed in drape sheets with white wings. The wings are being made in the sixth grade room under the direction of Miss Fleischaker. Each girl will need a sheet.

They will need to be in the auditorium, back stage, at 7:45 p.m. We hope it will be possible for your child to participate.

Sincerely,

Edwina Fowler, Music Supervisor

Dear Supervisor:

Please note the following announcements:

1. No staff meeting today.
2. Mr. Caldwell wishes his Audio Visual class to visit the laboratory school Wednesday, 9:00 a.m. and 11:00 a.m. There will be no more than two people in your room at each of the hours listed. They will observe classroom procedure so anything you happen to be doing at these hours will be quite right.
3. I will be in Topeka Wednesday evening and all day Thursday attending the Governor's Educational Conference.
4. Please remember the assembly program Friday, 10:30 a.m.
5. The college Christmas assembly program Thursday is to be a dramatization of "The Night Before Christmas." I think all children in the laboratory school would be interested. If you wish to take your children, please plan to have them there early enough to get a seat upstairs.

Sincerely,

Jane M. Carroll
