Two Sites

# Governance – it can be done!

## Conditions:

- Collaborate when it makes sense
- With respect to existing initiatives and taking advantage of new opportunities
- With the support of the business community/leaders
- With strong leadership

# Preferred options

1. Start a SLR compact with frontline cities (city managers) with the support of business alliance (CEO roundtable).
2. SLR planning and implementation in HR demands regional leadership and resources. PDC leads the regional effort, using statutory authority.
