Wildwood has inaugurated a music policy that compares favorably with that of any resort in the world. Patrick Conway and his famed band have been retained to furnish music on the new half million dollar convention hall and music pavilion on the beach front.

Mr. Conway's reputation is world-wide. The organization of which he is the conductor has played in all the principal music centers of the United States and has gained an enviable reputation. Mr. Conway will lead the organization in person at two concerts daily throughout the summer months.
