Tonight your children bring you their gift of music. It has been our goal to awaken the artist in every child in this school. We welcome you to share the joy of our music making. We share with you the music of master composers of past generations, carols of various nations, and music of contemporary composers. Throughout the school year your child has been involved with music of the highest quality because we agree with the words of composer-educator Zoltan Kodaly, "...for children only the best is good enough."

The music teachers want to thank the parents and guardians who have shared their children with the audience this evening. We also want to thank the classroom teachers, administration, and staff of Immaculate Conception School for their tremendous support and cooperation. The spirit among classroom teachers, specialty teachers, staff, and administration serves as a model for the students and is a part of what makes Immaculate Conception School a special place for students to learn.

Please join us for the Prekindergarten Christmas program on Thursday, December 11, at 12:30 p.m. here in the gym. Parents of the singers are then invited back to the classroom for refreshments.

The Music Education Program at Immaculate Conception School is a joint venture between Ithaca College teachers and students and Immaculate Conception teachers and students.
