Tuesday Morning June 3rd

Dear Sister Frank

Having a few leisure moments this morning they shall be devoted to penning a note to you. I trust you do not bear malice for this protracted delay.

Please forgive, and attribute it to a habit of carelessness and inattention to correspondences, that has almost become second nature.

We are all in unusual good health and are looking forward with pleasant anticipations to the time when you and your "wiser half" will be with us, which I suppose

will be before many days

Does he intend teaching in Clinton
another year? If so I wonder if there
would be a possibility of me getting
a position. I am not teaching this
summer. - thought I would "rest
from my labors" one season and
recuperate my exhausted physical
energies

I will not write much this
morning as we are expecting you
soon & Slavilla has written and
I suppose she has given you all
the news. Write and let us
know how soon we may
expect you

With much love to both
I remain lovingly yours

Dear Sister Frank

Having a few leisure moments this morning they shall be devoted to penning a note to you. I trust you do not have malice for the protracted delay. Please forgive and attribute it to a habit of carelessness in reference to correspondence that has almost become second nature.

We are all in usual good health and are looking forward with pleasant anticipation to the time when you and your "worse half" will be with us. Which I suppose will be before many days.

Does he intend teaching in Clinton another year? If so I wonder if there would be a possibility of me getting a position. I am not teaching this summer, thought I would "rest from my labors" one season and recuperate my exhausted physical energies.

I will not write much this morning as we are expecting you soon and Flavilla has written and I suppose she has given you all the news. Write and let us know how soon we may expect you.

With much love to both I remain lovingly yours
