May 1993

To the Class of 1993

While working as a PT Aide, a patient once asked me, "What school do you go to?"

My reply was, "I'm a PT student at Touro College."

"Touro?" she asked, "Isn't that the law school in Huntington?"

I couldn't help but become frustrated that no one knew of my school. I replied, "No, I attend the School of Health Sciences." This was not an uncommon conversation during my student career at Touro and I'm sure that my peers have also encountered it.

When I went for my interview at Touro, the first thing I saw was the grounds of LIDC. Well, I thought all those small buildings were part of Touro. The grounds seemed okay, a lot of geese though. Much to my dismay, I found that Building 10 was Touro. The facade reminded me of an elementary school, but smaller. \$10,000 per year? Are my parents going to go for this? I was determined to become a PT so I started my studies at Touro in August of 1990.

I am now graduating and I look beyond face value. One day I overheard a familiar conversation between two first year students. It gave off overtones that they were not too proud of their school, but that's okay, because I too felt that way in the beginning. You see, Touro has a lot to offer if you know what to look for. One must look beyond artificial structures, petty politics, youthful administrations and deadlines. One must view through the looking glass, not just at it.

What I now see of Touro is a true learning experience. Not only about anatomy and kinesiology, but about people. Beyond the looking glass is friendship. It is what has helped all of us through PT school.

We ate, drank and dreamed about PT. When times got tough and exams were around the corner, our friendships pulled us through. We did more than study together. We cried together, complained to each other, picnicked and celebrated our triumphs with each other. If stress was the problem, it could be cured with a game of ping pong, hacky sack, basketball or volleyball. Heck, if we got through taking the pathology final twice, we could accomplish anything. If it wasn't for all my friends in the class of '93, I would have found PT school unbearable.

So, I thank each and every one of my friends for helping me make a dream come true, and for letting me see that Touro College is something to be proud of. I send this out to the class of 1993 - WE MADE IT !!!

Dear Graduates:

As I reflect on the past three years I must commend you for your patience, understanding and cooperation so often not characteristic of persons at a fledgling institution. Being located in buildings which do not belong to the College has caused many administrative difficulties. Nevertheless you maintained your enthusiasm and a healthy sense of humor which helped us overcome many of the difficulties.

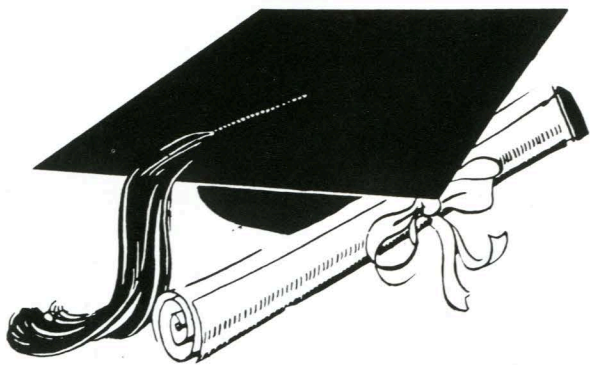

We, the faculty and administration, feel that we have provided you with a strong and sound educational background that should enable you to grow and assume leadership positions within your field. In return, we have received your dedication and friendship.

I trust this is not good-bye. My door has always been open to you and will remain so with the expectation that we can maintain and nurture the relationship we started at Touro.

I wish you success, and I look forward to your active participation in the Alumni Association.

Sincerely,

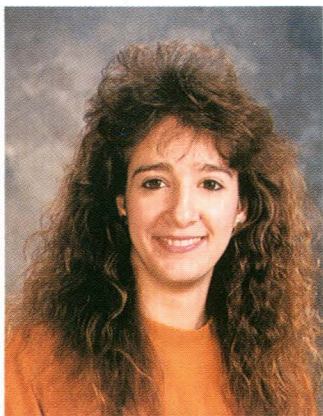

Joseph Weisberg, P.T., Ph.D.  
Dean

# Moving On

As it must to all  
The time has come  
For a phase of your life to end.  
You've traveled so far  
On this part of life's road  
But that road is about to bend.

Now you must turn  
And walk away  
But that's just the end  
Of an inning.  
Today marks the end  
Of one phase of your life...  
~ Tomorrow ~  
A whole new beginning.

She did not open a book,  
But at Touro she graduated  
even though it wasn't in the top two!

We are all extremely proud of you!!  
Love,

Dear Mom & Dad  
Thank you for helping me make my dreams

I am so lucky to have such a special family. I will be forever grateful. P.S. Now you'll be able to "borrow" money from me!!

**To Guiseppe**

We have been through a lot over the past three years! I tried to warn you, (many times), that relationships don't last through PT school. Okay, I'm eating my words! Without your love, support, advice, and PATIENCE this would have been even more of a struggle. I can't wait to begin the next happy, exciting & fun-filled chapter of my life with you! I love you!!!

**To all of my friends at Touro**

(My family away from my family)

What a long, hard trip it's been . . . We made it, TOGETHER!! Here's to memories & friendships that will last forever!!

Donna,  
There are few occasions when a parent is filled with pride. The birth of their child, the joy in sharing in childhood accomplishments, and the pride in watching their child achieve her personal goal. Thank you Donna for the wonderful memories.

Donna,  
I never met anyone as dedicated as you and I want you to know that I am very proud. I know all your hard work and sacrifice will pay off. You can always count on me.

it, "I couldn't have done it without you" just doesn't  
seem to say it all. So how about this: You've made  
me what I am, be proud of yourselves—You done  
good!!

To the Girlies,  
I really can't even begin to tell you how much all of you have meant to me, done for me and given me. You took me in and tried to teach me the ropes of New York. You kept me sane when I didn't think it was possible, gave me shoulders to cry on, let me vent my frustrations and best of all, you gave me so much laughter and so many wonderful memories. By the way, what is Touro and Greenlawn going to do without House O'Girls?! Things will never be the same!

Thank you so much Joanne, Denise, Nancy, Jeanne, Cheryl, Cecile, Christine, Lisa, Kathleen and especially Jennifer and Agnes (Ags, you even shared your family!). You guys are THE BEST!

Love You!  
Jackie

THANK YOU
