**Midtown Main Campus of Touro College
27-33 West 23rd Street, New York, NY 10010**

The Touro College and University System is a Jewish-sponsored independent institution of higher and professional education serving the larger American community. Approximately 18,000 students are currently enrolled in its various schools and divisions. Touro College is accredited by the Middle States Commission on Higher Education, 3624 Market Street, Philadelphia, PA 19104, phone number (267) 284-5000. The Middle States Commission on Higher Education is an institutional accrediting agency recognized by the United States Secretary of Education and the Council for Higher Education Accreditation.

All Touro branches in California and Nevada are accredited by the Accrediting Commission, for Senior Colleges and Universities of the Western Association of Schools and Colleges, 985 Atlantic Avenue, #100 Alameda, CA 94501, phone number (510) 748-9001.

For more information on the Touro College & University System, please visit us on the web at: www.touro.edu or call (212) 463-0400.

Message from the President

At Touro, we recognize that the education we provide can only be as refined as the scholarship of our instructors. We know that our investment in faculty research is what sets us apart as a premier institution of higher learning and a national and global leader in academic research.

This compilation, which is the seventh annual compendium of faculty publications, represents Touro's commitment to being a leader on multiple research frontiers. As in the past three years, this volume features the work of the faculty at Touro College & University System as well as at New York Medical College. It contains over 595 authors and represents the immense quality of scholarship arising out of our institution. For a seamless reading and reference experience, this book contains an alphabetical index and organizes entries by school. The Touro College & University System 2016 Faculty Publications Book is an extension of the Touro Faculty Publications Database (*touro.edu/library*), which contains over 6,600 searchable entries. The database is regularly updated with the newest citations and features tools that show the impact of this research worldwide. As the fourth volume to combine the investigative output of Touro College and New York Medical College, it highlights our institution's commitment to interdisciplinary work and exhibits the strong research synergies our partnership has created. As in past volumes, I invite you to search this book and the library database to discover fascinating research in a multitude of disciplines.

Our faculty's continued commitment to scholarship reinforces our mission of achieving excellence in higher education, and our dedicated library staff and administration will continue to support all efforts to deepen that scholarship and increase collaborative research opportunities across our institution.

Sincerely,

A handwritten signature in black ink that reads "Alan Kadish". The signature is written in a cursive, flowing style.

Dr. Alan Kadish
President

Message from the Provost for the Graduate and Professional Divisions

Dear Members of the Touro College Community,

Congratulations to the Touro College community of scholars whose work is contained in this volume. It is a demonstration of the thought leadership and intellectual inquiry that advances knowledge and that Touro College strives to support and foster. Today, more than ever, the work of our faculty is high impact since the days of searching manually for previous work located only in hard copy in a library in another state or even country had ended. The discovery and ideas contained in the books and articles written by our faculty and detailed in this publication is now available digitally – thanks in large part to the Touro Library staff – worldwide, connecting a vibrant international community of scholars and increasing multifold the importance of faculty scholarship.

Thank you to the leadership and staff of the Touro Library who supports the faculty and enables the robust quality of research that takes place in our Institution. Thank you also to the faculty who collaborate and ignite the ability of colleagues and students to continue the discovery research that advances knowledge and makes a difference for humanity.

A handwritten signature in cursive script that reads "Patricia E. Salkin".

Patricia E. Salkin
Provost
Graduate and Professional Divisions
Touro College

Message from the Provost for Biomedical Research

The core reputations of individual faculty members and the educational institutions at which they pursue their careers align with their track record of scholarly publications. As a measure of past and potential future research success, publications also are a fundamental factor in the evaluation of applications for external support, knowledge of which I can draw upon from my experiences both as a grant applicant and as a peer reviewer of proposals.

In my first year as Provost for Biomedical Research and Chief Biomedical Research Officer for the Touro College and University System, I find myself impressed by the wealth and breadth of scholarly activity among our faculty throughout our campuses. In the biomedical and health sciences—where we have so many concentrated resources and so much energy (further expanded with the recent addition of the College of Dental Medicine)—this is particularly noteworthy, and augers well for the years ahead as we seek to enlarge our research footprint.

The quest for knowledge is only fully actualized when we present our findings to the world through publication and presentation, allowing us to inform more generally and to provide a foundation for generating further new knowledge more specifically. As important, that quest and the end point of dissemination that follows inspires our teaching and models for our students. Through scholarship and publication, we demonstrate the rewards that result from intellectual curiosity, hard work, and the responsibility to share which truly motivate all faculty.

To my colleagues whose citations appear in this volume, congratulations on your achievement!

Sincerely,

A handwritten signature in black ink, appearing to read 'Salomon Amar', written over a light blue horizontal line.

Salomon Amar, DDS, Ph.D.
Provost for Biomedical Research/Chief Biomedical Research Officer
Touro College and University System
Professor of Pharmacology
Professor of Microbiology and Immunology

Acknowledgments

We now have over 6,600 citations in our database for its seventh year of operation. This is an achievement we continue to be extremely proud of, and something which would have been impossible to accomplish without the assistance of many people in the Touro College and University System/New York Medical College community:

- President Dr. Kadish, Executive Vice President Rabbi Krupka, Provost Salkin, and Provost Amar for continually supporting the library and this project;
- Esther Greenfield and Malka Hirsch for their exquisite attention to detail and editing talents, as well as ensuring that every year the book is polished, professional, and appealing;
- Sara Tabaei, for her constant encouragement and expert supervision;
- Bashe Simon (Director of Touro College Libraries), Shelly Warwick (Library Director at TouroCOM), June Simms (Library Director at Touro University Nevada), and Tamara Trujillo (Library Director at Touro University California) for readily helping us to identify faculty at their campuses and validate their bibliographic information;
- Marie Ascher (Director), Nina Kurzban (Cataloger), Chris Sheridan (Library Assistant) and the rest of the New York Medical College Health Sciences Library staff for their dedication in incorporating their 2016 publications into the Faculty Publications book and database;
- Liping Ren and Yan Chen for their expedient technical support;
- Marina Zilberman and Valerie Shrager, for their cheerful assistance with translations;
- The Research Council Committee for their ever-thoughtful feedback and support.

We are continuing work on Touro Scholar, our institutional repository, which serves as an online archive of research for the Touro College & University System. We are pleased to report that it is growing nicely, with over 3,850 downloads of full-text material and 1,550 records entered in the first year of existence. We look forward to being able to share more of Touro's scholarship with the world, and hope you will aid us in this endeavor.

Carrie Levinson
Scholarly Communications Librarian

Note from the Library

Once again the Touro College Libraries present the annual Touro College & University System Faculty Publications book. This seventh edition continues to honor the prestigious researchers and scholars of the Touro College & University System who have distinguished themselves in the fields of medicine, science, literature, the arts, Jewish studies, law and other academic fields. Among the entries this year include books published in-house by the Touro College Press. These are:

Fishbane, S., & Levine, E. (Eds.). (2016). *Contention, controversy, and change - Evolutions and revolutions in the Jewish experience* (Vol. 1). New York, NY: Touro College Press.

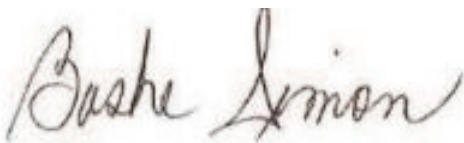

Fishbane, S., & Levine, E. (Eds.). (2016). *Contention, controversy, and change - Evolutions and revolutions in the Jewish experience* (Vol. 2). New York, NY: Touro College Press.

Strickman, N. (Trans.). (2016). *Rabbi Abraham Ibn Ezra's commentary on books 3-5 of Psalms: Chapters 73-150*. New York, NY: Touro College Press.

The edited volumes above have chapters from several Touro/NYMC faculty/administration: Dr. Alan Kadish, Dr. Edward Halperin, Dr. Simcha Fishbane, Dr. Maya Balakirsky Katz, Dr. Zvi Kaplan, Dr. Eric Levine, and Dr. Mervin Verbit.

We are grateful to Dr. Kadish who has been and continues to be a strong supporter of the Faculty Publications book. I appreciate the dedication of Sara Tabaei, Library Information Literacy Director and Carrie Levinson, Scholarly Communications Librarian for their commitment to insure that this book reflects the excellence associated with the Touro College Libraries. I also thank NYMC Library Director Marie Ascher and NYMC Cataloger Nina Kurzban for their valued assistance in compiling the work. It is a pleasure working jointly with NYMC.

We encourage faculty to submit their research and scholarship to the Faculty Publications Database (<https://www.tourolib.org/find/faculty-publications>).

Director of Libraries

Note from the NYMC Library

Congratulations and much respect to all of the authors listed in the 2016 Faculty Publications book and database. We all have much to be proud of as we look over the work of another year, the research footprint of our institution, and the legacy we leave to our fields in the name of New York Medical College and the Touro College and University System.

The publication is the fruit of your research and the work of a dedicated staff in the Health Sciences Library and the Touro Libraries. My sincerest thanks go to Nina Kurzban who approaches this monumental task with diligent attention to detail. I also thank the staff of the USER Services staff for providing guidance and backup in collecting the article-level metrics which help us quantify our research output. And of course, thanks to the staff of the Touro Libraries, particularly Carrie Levinson, for keeping us on task and on time.

Touro Scholar, our shared institutional repository, is up and running now and accepting publications. At New York Medical College this parallel effort is being led by Jovy O'Grady, Scholarly Communications Librarian, who all authors should get to know. Please consider depositing your pre-publication accepted manuscripts to Touro Scholar in support of Open Access.

With deep respect,

Marie T. Ascher, MS, AHIP
Lillian Hetrick Huber Endowed Director
New York Medical College, Health Sciences Library

List of Publication Criteria

Included

- Abstracts published in scholarly/academic journals
- Conference/symposium articles in published proceedings
- Articles in scholarly/academic/professional journals
- Bibliographies
- Books (authored/edited)
- Book chapters (authored/edited)
- Book/film reviews in academic publications
- Creative works – curated or published; not self-published (poetry, novels, short stories, published plays, art exhibits, musical scores and choreographed dance, audiovisuals)
- Encyclopedia entries (excluding Wikipedia)
- Evidence-based publications in peer-reviewed journals
- Letters to the editor, if published in peer-reviewed journals
- Monographs
- Patents
- Published dissertations (beyond ProQuest Dissertations and Theses)
- Technological/software products (e.g. apps, if published through iTunes or Google Play; not self-published)
- Test reviews in Mental Measurement Yearbooks
- Textbooks

Excluded

- Translations of literary or scholarly work(s) from and into English, if translations are by the TCUS faculty member
- Announcements of presentations that are printed in conference/events program (including abstracts)
- Blogs
- Broadcast media
- CATs or CAPs (Critical Appraisal Topics or Papers)
- Committee reports
- In-house or departmental newspaper articles
- Interviews
- Job titles and responsibilities
- Opinion pieces
- Newspaper articles
- Newsletter items
- Obituaries/eulogies
- Pending patent applications
- Popular magazine articles
- Presentations, including poster presentations
- Unpublished technical reports & working papers
- Vanity presses
- Items that have the following description: “in press”, “forthcoming”, “advance access online”, “epubs”, “pre-pub online”, “corrected proofs” or any other kind of publications that do not have their bibliographic information available yet

Every effort was made to identify and include all Touro College and University System faculty authors who published between January 1, 2016 and December 31, 2016. We regret any omissions or inadvertent errors.

We invite faculty authors to submit their 2017 publications information to Carrie Levinson, Scholarly Communications Librarian, via email at carrie.levinson2@touro.edu or by phone at 212-463-0400 ext. 5244, for inclusion of their publication(s) on Touro Scholar.
