Newsletter of the Colorado Native Plant Society

"... dedicated to the appreciation and conservation of the Colorado native flora"

Volume 27 Number 3

ANNUAL MEETING EDITION

August 2003

## WHERE THE MOUNTAINS MEET THE PLAINS

The 2003 Annual Meeting will focus on the narrow band along the Front Range at the intersection of the lower montane and prairie ecosystems that includes the lower foothills, hogback and western edge of the prairie. This transition zone contains a mixture of mountain and prairie plant communities, including relict xeric tallgrass prairie and other uncommon communities. Rare plants and animal species, such as Preble's meadow jumping mouse and American currant, are found within this narrow band. Humans have heavily impacted this transition zone by suppressing fire and changing the characteristics of the forest, promoting weeds, and changing large portions of the prairie to urban landscaped lawns.

### ANNUAL MEETING SILENT AUCTION

There will be a silent auction this year at the Annual Meeting, starting at 10:00 a.m. The Annual Meeting committee is soliciting donations for the auction as well as volunteers to help with set up and monitoring the auction during breaks. The Board of Directors requests that the donations be related to native plants.

Suggestions for donations include the following:

Books - new, old, out of print, signed by author, etc.

Posters

Seeds for wildflowers and other native plants

Propagated or donated native plants

Pictures - preferably in a mat or framed

Botanical native art - preferably in a mat or framed

Dried flowers

Dried flower arrangements

Other art using dried flowers

Jewelry

Clothing

Any of the above that touches on preservation and conservation.

If you have a suggestion for anything else, please call Pat Ploegsma at 303-229-3007. Donations from businesses or organizations are welcome.

Intent to donate should be sent to Pat Ploegsma no later than the end of August. Intent can be communicated via email and should include the item, name of the donor, suggested minimum bid and some comments or history of the item. Donations may be mailed to Pat or brought to the meeting. Deadline for donations in place is 9:00 a.m, Saturday, September 27.

Call Pat Ploegsma at 303-229-3007 or email, pploegsma@yahoo.com.

### Scenic 150 Through the Uintas

The staccato leap of trout  
as they break the surface of a mirror lake

ripples splashes of sound into the insect  
buzz of highway engines passing the world by.

A family of Saints fishes on the Butterfly's banks  
decked out colorfully in lawn chairs & coolers.

Their muffled voices mimic Artaud's static,  
lilting secret lyrics across the surface water.

Here it's as if one could almost intuit  
the deep green breath of the forest,

humming its heartbeat in the fir & spruce.  
Beings rooted to the place chosen for them.

Here calm is a caesura punctuated mostly by rock  
ripped up from an ancient ocean.

Two seagulls bray playfully  
& then spiral off after a quick swim

on the high lush fringe of the Great Salt Lake.  
Above the highway, Kletting Peak

juts into summer's tarn blue sky,  
snow still-clinging to its crags & scree.

In the wet meadows we sniff  
Dodecatheon pauciflorum

whose fragrant grounding they call Shooting Stars.  
Admire yellow pond lilies & rose pussytoes.

Coming back from Rainbow  
just past the Fourth.

Instead of fireworks the real  
explosions of beauty all around us.

Art Goodtimes  
Union of Street Poets (Ret.)  
Kuksu Brigade

### Aquilegia Deadline Sept. 15

Submit contributions for Vol. 27, No. 4 of *Aquilegia* on or before September 15. Articles less than 1000 words are preferred. Previously published articles require permission. Include author's name, address and affiliation; anonymity may be requested. Follow the format from previous issues. Spell check. Submit via e-mail or on disks as an MS Word or rtf (rich text format document). See page 7 for additional information.

### Field Trip Report Fifth Annual Weed Survey Backpack, 2002 Pat Butler

Once again last year, seven weedwackers representing the Native Plant Society, the Colorado Mountain Club, and the U.S. Forest Service backpacked into the Indian Peaks Wilderness Area along Middle St. Vrain Creek on August 24, 2002 to survey and pull several infestations of Canada Thistle (*Brea arvensis*, Asteraceae) that we had been tracking over the previous 4 years and one very high altitude population of yellow toadflax (*Linaria vulgaris*, Scrophulariaceae). We hiked five miles and set up camp west of the junction with the Red Deer Lake trail, observing on the way two of our native cirsiums (*C. centaureae* and *C. eatonii*) and a small population of tiny lanceleaf moonwort (*Botrychium lanceolatum*, Ophioglossaceae). On a leisurely hike to Lake Gibraltar, despite the drought, a number of late summer flowers were still blooming, including arctic and bottle gentian (*Pneumonanthe affinis* and *Gentianodes algida*, Gentianaceae) yellow monkey flower (*Mimulus florivundus*, Scrophulariaceae), alpine avens (*Acomastylis rossi*, Rosaceae), and ground-pine (*Lycopodium annotinum*, Lycopodiaceae). Fading fast were *Senecio triangularis* and *S. spartiodes* (Asteraceae) and cow parsnip (*Heracleum sphondylium*, ssp. *montanum*, Apiaceae). We pulled toadflax and Canada thistle on our way back to camp.

Sunday morning we hiked out, pulling thistle near our campsite and at the other locations down the trail and meeting up with two other CoNPS members and two more CMC member. Perhaps due to the drought (but also, we hope, to our previous efforts), we observed that the infestations were not as populous as in past years. Unfortunately, we did find another small stand of thistle that we had not seen before, making a total of 7 we'll be working on in August, 2003.

### Colorado's Wild Plants and Ecosystems Denver Botanic Gardens

Learn about the diversity of Colorado's native and rare plants, while discovering how physical environment, time, plants, and animals (including man) interact to define these ecosystems. In addition to the major plant communities, you will learn the tools for field identification of native plants and basic soil types. The class will also include a visit to the Kathryn Kalmbach Herbarium at Denver Botanic Gardens to learn about accepted practices of collecting and preserving the defining characteristics of plants and a field trip to practice field identification in a variety of ecosystems.

Instructors: David Buckner, Tom Grant, Michelle DePrenger-Levin  
Tuesday, Sept. 16 and Thursday, Sept. 18, 6:30-8:30 pm, and  
Field trip to Mount Evans, Saturday, Sept. 20, 8 a.m.-1 p.m.

Contact Denver Botanic Gardens, 720.865.3580, for course number and cost.

**COLORADO NATIVE PLANT SOCIETY - 2003 ANNUAL MEETING  
WHERE THE MOUNTAINS MEET THE PLAINS: PAST, PRESENT AND FUTURE**

**SEPTEMBER 26-28, 2003**

**TIVOLI STUDENT UNION, ROOM 320, AURARIA CAMPUS, DOWNTOWN DENVER**

**Friday, September 26, 2003**

- 6:00-7:00 PM      **Free tour of Denver Botanic Gardens** native gardens led by Dan Johnson. Meet at front gate of DBG, 1005 York St.
- 7:00-9:30 PM      **Informal gathering** at Las Margaritas Restaurant and Cantina. 1035 E 17th Ave at Downing. Tel: 303 830 2199. Join other CoNPS members for food and socializing.

**Saturday, September 27, 2003**

- 8:00-9:00 AM      **Registration:** refreshments, book and merchandise sales, voting for Board of Directors
- 9:00-9:10 AM      **Welcome and Introductions**
- 9:10-10:00 AM      **Natural History of the Foothills Ecosystem**  
Dr David Armstrong, Associate Curator of Mammology at CU Museum
- 10:00-10:30 AM      **Break:** refreshments, book and merchandise sales, and socializing
- 10:30-11:10 AM      **Roxborough State Park, Where Prairie Meets the Mountains**  
Vicky Trammell, Biologist
- 11:10-11:50 AM      **Will the Real Habitat for the Preble's Meadow Jumping Mouse Please Stand Up? Current State of Knowledge of the Habitat Affinities for a Threatened Mouse.**  
Ron Beane, Wildlife Biologist, ERO Resources
- 11:50-1:30 PM      **Lunch Break:** book and merchandise sales
- 1:30-2:00 PM      **State of Society Address**
- 2:00-2:40 PM      **Fire History and Forest Changes in Colorado Front Range**  
Dr. Thomas Veblen, Professor of Geography at the University of Colorado Boulder
- 2:40-3:20 PM      **Invasive Weeds: Then and Now**  
Dr. George Beck, Professor of Weed Science and Extension Specialist, Colorado State University
- 3:20-3:50 PM      **Break:** refreshments, and book and merchandise sales
- 3:50-4:30 PM      **Ecological Restoration of Grassland Communities: Making the Right Fit in the Urban-Wildland Interface**  
Ray Sperger, Resource Specialist, South Platte Park and Owner, Ark Ecological Services
- 4:30-5:15 PM      **No Water Landscapes Using Native Plants**  
Jim Borland, Radio Co-host for AM 1430 KEZW
- 5:15-5:30 PM      **Closing Comments**

*"Agenda" continues on page 4*

<b>2003 Annual Meeting Agenda</b>
-----------------------------------

**Sunday, September 28, 2003**

9:00 AM - 3:00 PM Meet at Cold Springs Park and Ride for field trips to Roxborough State Park or xeric tall-grass prairie near Boulder. Cold Springs is located at W. 4th Avenue and Union St in Lakewood (just south of the Sixth Avenue Freeway). To reach the meeting place, take West Sixth Avenue west from Denver toward Golden and exit at Simms/Union. Head south on Union (heading north you will be on Simms) two blocks to W. 4th Ave. Turn left (east) on 4th Ave and then into the Park and Ride parking lot.

**DIRECTIONS:**

**To the Tivoli:** The Tivoli is located off of Auraria Parkway in downtown Denver one block west of Speer Boulevard (one long block). To reach the Tivoli from I-25, exit at Auraria Parkway heading east. Make a right at Ninth Street. This will take you to the Tivoli parking lot. From Speer coming from either north or south, head west on Auraria Parkway and turn left at first stoplight (Ninth Street). From W. Colfax Ave, go north on Seventh St across the campus to Auraria Parkway. Make a right on Auraria Parkway and another right on Ninth Street.

**To Denver Botanic Gardens from I-25:**

Take the 6th Avenue East exit (Exit 209A). Go east on 6th Avenue to Josephine Street (about 2.75 miles). Take a left (north) onto Josephine Street, go 3-1/2 blocks. Take a left into Denver Botanic Gardens parking lot between 9th and 10th Streets. The entrance to Denver Botanic Gardens is at 1005 York Street.

**To Denver Botanic Gardens from the hotels:**

Take Speer Boulevard south to W. Colfax Ave. Take a left on Colfax. Go two miles. Make a right on York Street. DBG is 1/2 mile south of Colfax. 1005 York Street.

**To Las Margaritas from Denver Botanic Garden:**

Turn left on Josephine (east side of parking lot), then left on to Colfax Avenue. Go 1/2 mile on Colfax, then make slight right on to Park Avenue. After 1/2 mile, make sharp left on to Ogden Street, then left on to E 17th. Las Margaritas is at 1035 E 17th Ave.

**LODGING:** A block of rooms is being held until August 26 at the Budget Host in Denver, 1-800-BUD-HOST, \$44.99/night/ 2 double beds, 2747 Wyandot Street and until September 5 at the Residence Inn by Marriot, Denver Downtown, 1-800-331-3131, \$99/night (studio suite) or \$129/night (penthouse suite), 2777 Zuni St. The suites at the Residence Inn come with fully equipped kitchens, and the cost includes hot breakfast, hospitality hour M-F, and free shuttle service anywhere within 5 miles. If you stay at the Residence Inn, you will NOT NEED to buy a parking permit, as their shuttle can drop you off and pick you up at the Tivoli (and anywhere downtown) for free. See their website for suite details <http://www.residenceinn.com/viewasuite.asp>. Both hotels can be reached by taking the Speer NORTH exit off of I-25 and turning immediately to the right on Zuni Street. If you look elsewhere for rooms, keep in mind that most hotels downtown will charge you up to \$20+/night for parking. Parking is free at both these hotels.

**CAMPING:** Nearest camping is at Cherry Creek State Park, about 10 mi SE of downtown <http://parks.state.co.us/> or call (800) 678-CAMP for reservations.

**ADDITIONAL INFORMATION:** Contact Rita Berberian, [rberberian@hotmail.com](mailto:rberberian@hotmail.com), 303-513-0591 or Denise Larson, [dlarson@eroresources.com](mailto:dlarson@eroresources.com).

**Colorado Native Plant Society**

# Aquilegia

The Colorado Native Plant Society is a non-profit organization dedicated to the appreciation and conservation of the Colorado native flora. Membership is open to all with an interest in our native plants, and is composed of plant enthusiasts both professional and non-professional.

Please join us in helping to encourage interest in enjoying and protecting Colorado's native plants. The Society sponsors field trips, workshops, and other activities through local chapters and statewide. Contact the Society, a chapter representative, or committee chair for more information.

**Schedule of Membership Fees**

Life .....	\$250
Supporting .....	\$50
Organization or Corporate .....	\$30
Family or Dual .....	\$20
Individual .....	\$15
Student or Senior .....	\$8

**Membership Renewal/Information**

Please direct all membership applications, renewals, and address changes to the Eric Lane (Chair of Membership), Colorado Native Plant Society, P.O. Box 200, Fort Collins, CO 80522. Please direct all other inquiries regarding the Society to the Secretary at the same address.

*Aquilegia* is published four or more times per year by the Colorado Native Plant Society. This newsletter is available to members of the Society and to others with an interest in native plants. Articles for *Aquilegia* may be used by other native plant societies or non-profit groups, if fully cited to author and attributed to *Aquilegia*.

Articles not exceeding 2000 words in length and shorter items fewer than 500 words in length, such as unusual information about a plant, are especially welcome. Previously published articles submitted for reprinting require permission. Camera-ready line art or other illustrations are also solicited. Please include author's name and address, although anonymity may be requested. Articles submitted via e-mail or on disks (IBM preferably) are appreciated. Please indicate word processing software and version; if possible, submit as an RTF (rich text format) file.

Please direct all contributions to the newsletter to:

## WORKSHOPS

Information in the next newsletter.

## WEBSITE

[www.centerforplantconservation.org](http://www.centerforplantconservation.org)

The Center for Plant Conservation has a new Web site that provides comprehensive information about the country's native, imperiled plants. The plant profiles contain photos, descriptions of the plant, distribution, conservation status and a complete bibliography.
