Cast Your Prosperity Ballot

PROSPERITY is up for election, running to overthrow DEPRESSION.

It's for the people to decide which will be chosen. Every man and every woman is privileged to ballot—every day.

DEPRESSION has no rightful place with a hundred and twenty million people, exchanging goods and services—capable—accustomed and willing to work—more highly skilled than other peoples—leaders in efficiency and progressiveness—backed by the vast natural resources of the United States. When we make it possible for the man who works to have a job we make it possible for him to buy food for his family and so help all business, including that of the farmer.

The rest of the world is of small importance compared with that free market of 120,000,000 people—homogeneous—of like tastes, habits and aspirations—living under the same laws—free of trade barriers. Foreign trade may be troubled by tariffs and revolutions, but at their peak our exports represented only five and a half billions of dollars of gross business in a year out of a total American income of ninety billions.

Stagnation of circulation is what's the matter with agriculture and with business. Everyone can help to get that circulation moving again.

Government can't make Prosperity. Bank and other business leaders can't make Prosperity—alone. It's the people, united in opinion and purpose and courage, who determine Prosperity. They can elect it—none other.

Ballots that will be validly counted for PROSPERITY are of many kinds. Some one of them every man and woman can cast. For example:

Help a deserving man or a woman to get a little paying work—or, better, a regular job.

Spend wisely and not too timidly, and anticipate scheduled expenditures so far as is practicable.

Turn the deaf ear to false, mischievous rumors; and don't repeat them, if you do hear them.

Be willing to pay a fair price. Don't take advantage of the other man's necessity. Recognize that he has as good claim to a fair profit as you.

When a vampire that fattens on the miseries of others shows up, help to make him unpopular.

Discourage calamity howlers.

Keep business moving evenly, and remember that, to the average man, his job is his particular business. When possible, reassure him against his fear of losing it.

Save, but save wisely, not in fright. Invest for the profit that sound enterprise pays and for the added profit that will come after the hysteria of pessimism has passed.

MUZZLING THE PRESS

A free and unmuzzled press is essential to the social and economic well-being of the people. Take the states in which evidence in divorce cases is not available to the newspapers, and divorces are far more numerous than in those states where the ones seeking divorce know that the evidence will be printed. It is the same way with crime. Many a man has kept to the straight and narrow path for no other reason than he feared publicity more than he feared the law.

No newspaper seeks to deliberately injure the reputa-

tion of anyone, no matter how lowly they may be in the walks of life. Every man's reputation is looked upon by every newspaper as his greatest asset, and just as long as he respects that reputation the newspapers are going to respect him. It is when he loses respect for himself and his fellowmen that the newspapers feel it a duty to print the facts and thus protect the public.

We are often urged by some Fulton citizen to "take a rap" at somebody or some movement, as though the newspaper's mission is to carry a stuffed club and pose as censor of public morals. But always we try to explain that unless we can print something helpful we prefer not to print something harmful. It doesn't indicate cowardice. If the welfare of the community appears to demand it, we will print it if the heavens fall. But scandal-mongering is not to our liking, nor can we find any satisfaction in tearing down when it is just as easy to build up. That is the way most every newspaper man in America feels, and that is why America is a better country than those countries in which the press is muzzled.

USE BOTH EYES

Fulton motorists are urged to remember that the good old summer time is gone, and that Mother Nature has brought her hazards in recent weeks to torment those who drive. She brings fall rains to make streets and highways slick and treacherous; she is sending down leaves to add to this danger. Added to this it must be remembered that danger lurks in the vicinity of every schoolhouse and on every street and highway leading to them. It is time to drive with increased caution because of conditions brought about by the elements; it is time to drive with both eyes open because children, coming and going from school, cannot be depended upon to always do the right thing at the right time. Above all, it is time to have brakes in perfect condition; the unexpected emergency that comes to every driver may be lurking just around the corner. There may be an excuse for an accident caused by rain or leaves. There is absolutely no alibi for the man who operates a car with brakes that are not in perfect condition.

Information is received daily from all sections of the State reciting the refusals of leading Republicans to assist in the plan to place Kentucky under the control of Robison and Sampson for the next decade.

LARGE CROWD HEARS SEN. BARKLEY TUESDAY NIGHT

The large auditorium of Science Hall was filled with men and women Tuesday night to hear United States Senator Alben W. Barkley preach the true gospel of democracy. It could well be termed the greatest Democratic rally in Fulton during the present campaign. J. Ray Graham was master of ceremonies and introduced the Hon. H. T. Smith who in turn happily introduced the principal speaker of the evening, Senator Barkley for an hour and thirty minutes held his audience spell bound with his message in the interest of the Democratic ticket to be voted on Nov. 4. The Senator enlightened his audience with some startling facts and pleaded for the voters to send Democratic Senators to Washington for a change of affairs. Vote for Williamson and Logan, men who have your best interests at heart and who will serve you loyally.

Prediction of 40,000 Majority

Louisville, Oct. 30.—A prediction of a 40,000 vote majority for Judge M. M. Logan and Ben Williamson, Democratic Senatorial nominees, and the election of eight and possibly nine Democratic Congressmen from Kentucky, was made in a statement issued from Democratic State Campaign Headquarters, today by Charles Fennell, State Campaign Chairman.

Mr. Fennell's statement in full is as follows: "Revolt among Kentucky Republicans against the reign of Robison and Sampson is spreading throughout the state according to information that has reached Democratic State Campaign Headquarters from all sections of Kentucky.

"Information is received daily from all sections of the State reciting the refusals of leading Republicans to assist in the plan to place Kentucky under the control of Robison and Sampson for the next decade.

"A strong trend toward the Democratic nominees for the Senate occasioned by the administration of national affairs and the tactics of Sampson and Robison indicate that the majorities received by Judge M. M. Logan and Ben Williamson on November 4th may reach an unprecedented figure for an off year in politics.

"The Democrats in Kentucky today are more strongly united than they have been in many years. During the past month the party organization has gradually been becoming more active and is making daily inroads in Republican strongholds. Republicans who six weeks or two months ago were predicting the election of Robison have noticeably become less confident and now are indulging in the wildest sort of claims to bolster up the morals of their organization.

"As Chairman of the Democratic Campaign Committee, I have hesitated to make any boastful claims as to the outcome of the forthcoming election until I was thoroughly satisfied in my own mind that such claims could be substantiated and would be vindicated on election day.

"During the past few weeks meetings with county chairmen and workers have been

held in practically all of the congressional districts of the state. Thousands of letters have been mailed to Democrats throughout the State and the responses received are ample proof that the party organization is not only efficient but a fighting one.

"A questionnaire was mailed to leading party workers and campaign chairmen throughout the state and the replies leave no doubt in my mind but that the Democratic Party will certainly elect eight and possibly nine of the eleven congressmen and will give a majority to Judge Logan and Mr. Williamson that will exceed 40,000 votes.

I. C. LARGE TAX PAYER

The 1930 taxes of the Illinois Central System in Fulton County are paid in checks aggregating \$19,591.04 just received by officials of the various tax-levying agencies in the county. Included in the tax payments are the Illinois Central's contribution toward the support of the public schools of Fulton County amounting to \$10,689.11 and its contribution of \$2,130.24 for the upkeep and improvement of the highways. The remainder is for distribution among the general funds for carrying on county, township and municipal activities. Municipal taxes paid by the railroad in Fulton were \$1,008.86.

This is tax-paying time for the Illinois Central System in the twenty-five counties in Kentucky in which its properties are located. The total amount that is being paid by the railroad in these counties, as taxes for 1930, is \$639,865. In addition, it has already paid to the state treasurer its 1930 state taxes of \$136,019.

Adding the 1930 taxes paid to the state treasurer and the tax payments for 1930 being made in the counties by the Illinois Central System shows that the tax bill of the railroad in Kentucky this year is \$775,884.

Taking the Illinois Central System as a whole, its tax bill piles up at the rate of about \$1,500 an hour.

ENGINEERS READY TO SURVEY ROAD

Hickman, Oct. 25.—A party of engineers of the state highway department arrived in Hickman today to make the survey for the Hickman-Union City highway. According to County Judge W. J. McMurtry this highway is now a fact, as the Kentucky highway commission has agreed with Highway Director Baker, of Tennessee, to build the road within two years, and the Tennessee department has taken over its end of the road and will rebuild it next year. It is expected that contract for the Kentucky end will be let next spring. The engineers here will work with a similar party from the Tennessee highway department in locating the road, as it is believed it will be almost a new road in order to straighten it out and shorten it. A straight highway following the tracks of the N. C. & St. L. railway would be only 12 or 13 miles between Hickman and Union City, it is said.

SEASON ON DUCKS OPENS SATURDAY

Ducks, geese and brant are now thick on Reelfoot Lake and the Mississippi river and old time hunters today predicted this season would be one of the best for hunting in several years. Extensive preparations, both here and at Reelfoot Lake, are being made for the opening of the season Saturday. A movement is on foot among sportsmen to have the Kentucky legislature set the state law on ducks and geese up to October 15th to conform with the Missouri and Illinois laws, in order that shooting on the river may start earlier to get the early flights, even though Tennessee keeps the Reelfoot Law at November 1.

REMAINS OF J. D. WHITE BROUGHT TO FULTON FOR BURIAL

Funeral services for J. D. White, Illinois Central railway official, who died in Chicago last week was held Sunday afternoon in the funeral home of Winstead-Jones Undertaking Co., on Second street, conducted by the Rev. Whitmyer, rector of Union City Episcopal church, burial following in Fairview cemetery.

The entire community is bowed in sincere sympathy for the bereaved widow, who was reared in this city.

Brieflets

The laws gives any man in Fulton the right to open his wife's letters—but it doesn't give him the nerve to do it.

The trouble with the younger generation is that it is demanding more horsepower when what it needs is more will power.

Carving a chicken is a good deal like conducting a dry raid—the main thing is to locate the joints.

Buying a lot of kitchen utensils for the modern Fulton bride is a good deal like buying a fly net for the automobile.

A Vermont hen layed an egg weighing one pound and we'll bet some vain rooster crowed in taking credit for it.

After listening to some people's chatter you begin to wonder if ears are not more of a liability than an asset.

Not that it matters, but how many Fulton citizens can remember when a criminal was afraid of an officer of the law?

If the old saying that "a burned child hates the fire" was correct Wall street would have been out of business long ago.

Nowadays you can get an electrical device to do most everything about the home except keep the family there.

An old-timer is anyone in Fulton who can remember when pie was sliced in four pieces—and eaten—for a nickel.

From the number of accidents being reported over the country, it would seem proper nowadays to open the hunting season with prayer.

A bachelor is a fellow who can't see any sense in exchanging a precious stone for a grindstone.

A Fulton girl's idea of sensible shoes is a pair so tight that they hurt her feet.

A good athlete is one who tries to save his wind. It's a pity that we haven't more athletes in Congress.

What has become of the old-fashioned Fulton woman who used to dip lace in a pot of coffee to make it look old?

Old Father Adam had this advantage—he could prove that he never kissed any other woman besides his wife.

MRS. TURNEY IS SERIOUSLY ILL

Friends of Mrs. A. J. Turney will regret to learn that she is seriously ill of pneumonia at the home of her mother, Mrs. Belew, near Hutingdon, Tenn.

SEE THE NEW MAJESTIC RANGE

Summer with its salads, sandwiches and light foods, winter with heavy roasts, hot biscuits and pastries, spring with a welcome variety of vegetables—each season brings new foods and new problems to the housewife.

But in all seasons the woman who owns a Majestic Range finds cooking of all kinds an easy task. The new All-Enamel Majestic in beautiful color, now on display at Fulton Hardware Company, will form the center of an attractive color scheme for your kitchen. You can easily place this new range in your kitchen at once. A special Majestic pay-as-you-use-it plan makes it extremely easy to buy. There is no interest or other carrying charge.

Popular Young Couple Married

One of the most beautiful weddings of the season was solemnized Tuesday at 6:30 p.m., at the First Baptist church when Miss Mozelle Hutchens and Mr. Richard H. Hardy, both of this city, were united in marriage. Dr. C. H. Warren being the officiating minister.

The church was artistically decorated in baskets of cut flowers and fernery. "Oh, Promise Me" and "I Love You" were rendered by Miss Ivora Cantrell, accompanied by Miss Doris Huddleston.

The bride was attractive in a dark green velvet ensemble in a new fall model, with accessories to match. She carried an arm bouquet of yellow roses and lilies of the valley. Her attendant, Miss Alma Valentine, wore a model of black canton crepe, trimmed with folds of eggshell satin, and carried an arm bouquet of pink premier roses.

Mr. Hardy's best man was Mr. Morris Ward. Mr. and Mrs. Hardy left immediately for Memphis and other points of interest. Upon their return they will be at home at 115 State Line street.

The bride who is one of the most charming and attractive girls of the younger set of Fulton, is the daughter of Mr. and Mrs. C. E. Hutchens. Mr. Hardy, who is the son of Mr. and Mrs. J. H. Hardy of Salina, Kansas, holds a responsible position with Swift and Company of this city.

Hints For Homemakers

By Jane Rogers

COFFEE stains can usually be removed from white materials by pouring boiling water on the stain from a kettle held some distance above the fabric. With other materials, rub the stain gently with glycerine, rinse in warm water and press on wrong side.

While fresh fruits and berries are abundant there is no difficulty in deciding how to garnish the breakfast cereal. To prevent the problem from becoming acute when winter comes, it is wise to put up now those sparkling jellies which are every bit as delicious with the cereal as fresh fruit, and which will persuade many a child to eat with relish his bowl of porridge which he is otherwise likely to finish only under protest.

Better Breakfasts

HAVEN'T you seen a shadow pass over your husband's face when you served him the same or pretty nearly the same old breakfast for the umpteenth time during the year? It was probably nothing, just the most fleeting of frowns, but there is a way of avoiding it, and it is worth avoiding. The more frowns and frowns that are eliminated from family life, the better fun it really is.

Why not take advantage of one of those convenient 8-ounce cans of fruit, and make your breakfast a little different. Here is a menu which includes a fresh fruit, too, and some tempting jam, and which will send him away to the office full of pep:

Chilled Concord Grapes
Farina Mold with Raspberries and Cream
Poached Eggs on Whole Wheat Toast
Gooseberry Jam Coffee

To make the farina mold, combine two cups of water with the juice from an 8-ounce can of raspberries, one-half teaspoon salt and one tablespoon sugar, and bring to boiling. Add one-half cup farina slowly, stirring constantly. Place over boiling water, and cook ten minutes. Pour into individual molds wet with cold water, and chill. Unmold and serve with the drained berries and cream on top of milk. This recipe serves four.*

Sunday School Lesson

Lesson for November 2

SIMON PETER, FROM WEAKNESS TO STRENGTH

LESSON TEXT—Mark 8:27-29; Luke 22:31-34; John 18:25-27; 21:15-17.

GOLDEN TEXT—Now when they saw the boldness of Peter and John, and perceived that they were unlearned and ignorant men, they marveled; and they took knowledge of them, that they had been with Jesus.

PRIMARY TOPIC—A Weak Man Becomes Strong.

JUNIOR TOPIC—A Weak Man Becomes Strong.

INTERMEDIATE AND SENIOR TOPIC—How a Weak Man Became Strong.

YOUNG PEOPLE AND ADULT TOPIC—How Christ Gives Strength.

I. Peter Confessing Christ (Mark 8:27-29).

The time was near at hand when Christ should make the supreme offering of himself for sins on the cross. Knowing the tragic experience through which the disciples would pass because of it, he sought to prepare them for it by leading them into the apprehension of the cardinal doctrines of the Christian faith such as: the integrity of his person, atoning death, resurrection, and second coming.

Peter's confession was provoked by two questions of Jesus.

1. "Whom do men say that I am?"

Opinions differed, but all recognized him to be a teacher or a prophet with more than human authority and power.

2. "Whom say ye that I am?"

Jesus persistently claimed to be the very Son of God. He would have his disciples to possess a personal and experiential knowledge of himself as to being God manifest in the flesh.

II. Christ Warning Peter (Luke 22:31-34).

1. He told him of Satan's desire concerning him (v. 31). Satan is constantly striving to destroy men.

2. Christ's prayer for Peter (v. 32). He prayed that Peter's faith fail not, not that he should escape the siftings.

3. Peter's confidence (v. 33). His fall began when he refused to listen to Christ's words about the cross. Believers begin to weaken when they no longer desire to hear about Christ crucified.

4. Denial announced (v. 34). This was to take place by 1 time before the crowing of the rooster.

III. Peter Denying His Lord (John 18:25, 27).

1. Before the servant maid (vv. 15-18).

Peter blundered in attempting to follow Jesus at this time (John 13:36). Presumptuous boldness frequently leads into embarrassing positions. Under the taunt of the Jewish maid he openly denied the Lord.

2. Before the servants and officers (v. 25).

Peter was now warming himself at the enemy's fire. When questioned, he denied his relation to the Lord. Separation from everything that is opposed to the Lord is necessary in order to have a clear testimony (II Cor. 6:14-18).

3. Before the kinsman of Malchus (v. 26).

This man had seen Peter with Jesus in Gethsemane (v. 10) when Peter rashly cut off the ear of Malchus. He put the question straight to Peter. "Did I not see thee in the garden with him?" At the utterance of the third denial, the cock crew, reminding Peter of Christ's warning (Mark 14:72).

IV. Peter's Restoration (John 21:15-17).

Peter had thrice denied his Lord. Therefore, before his reinstatement in the Lord's service he must thrice confess his love for Jesus. In this reinstatement and commission of Peter is set forth the motive and nature of the service which has Christ's approval in all times. Love for Christ, not primarily love for the sheep, proves the genuine shepherd.

1. "Feed my lambs."

The word "feed" as well as "lambs" signifies that the work here enjoined is that of nurturing babes in Christ.

2. "Feed my sheep."

The word here means to feed, guide, correct, and lead the maturer classes of Christians. It carries with it not alone responsibility of feeding, but corrective discipline. Failure will inevitably follow if this be attempted without love.

3. "Feed my sheep."

This doubtless relates to the care of aged Christians. The word "feed" returns somewhat to the meaning as in the first instance where he says, "Feed my lambs," so that the minister's responsibility to care for the aged is equivalent to that of the young. Peter was to express devotion to Christ by a martyr's death.

In God's Husbandry

Heart troubles in God's husbandry are not wounds, but the putting in of the spade before planting the seeds.—H. W. Beecher.

When Testimony Has Weight

When a man lives up to what he preaches, then his testimony has weight.—Dwight L. Moody.

Line of Least Resistance

Taking the line of least resistance is what makes rivers—and some men—crooked.—Churchman.

The Modern Home is an Electrical Home

It is difficult to visualize what life would be like without electricity, so completely have we come to accept it as a necessity for complete comfort and convenience.

Almost all present-day homes are, to some extent, electrical homes—depending upon electricity for lighting, cooking, cleaning, refrigeration, washing, ironing or whatever their particular requirement may be.

With the extension of power lines to reach rural communities, electricity is no longer an urban luxury, and hundreds of thousands of farm homes receive the same service as the urban home.

POULTRY

(By J. T. Watkins)

The past week has been a very strenuous week for me, and I just can't seem to adjust myself to circumstances. First thing that happened was a report from my only daughter that she had come to the point that she was afraid she would become an old maid so she kicked out of the traces and on the fifteenth she was married to a very nice young man of Cairo, a man of good family and proprietor of a real good business. I have known this boy's father, his grandfather and great grandfather, and they were all good men. I had hardly gotten over this surprise when I received a telegram from my only son who resides in Chicago, and has been married three years, informing me that I am a grandpa. Gosh I feel all swelled up over these two events, while my family has increased by the winning of a new son, also a new granddaughter still I am right back where I started thirty years ago. Son gone, daughter gone, just two of us left.

Well, now I will try and think of something that will interest the chicken fanciers more than the above article.

First, I wish to say that after I said I would walk around the streets with a dollar bill in my pocket looking for nine good sports who would put a dollar with it to make up the shortage in the poultry show, well, I found four good sports, T. T. Boaz, Dr. Luten, Dr. Brady and Mr. Hornbeak of the Rhodes Furniture Co. These men each gave me a dollar so I won't have to pay but six dollars.

I have a few premium lists and entry blanks for the poultry show that is to be held in Cairo the week of Nov. 18, and if anyone is interested they can get one by coming by the Chamber of Commerce.

Someone has taken our STANDARD OF PERFECTION from the office. We don't care who borrows it, provided they let us know where it is, but right now we can't tell where the book is nor if it will be returned to the office. We wanted to look up something the other day, but could not find the book high nor low. Will the party who has it tell us, even if you are not through looking it over. Someone else may want to read up on something and all are entitled to the same consideration.

While I was up to St. Louis I ran across two new items in the poultry industry. One was a louse powder gotten out by the Carbola company, which is guaranteed to KILL the louse. I will give this a thorough trial and if it works, one of the druggists said he would place it in stock. The other is a preparation of kelp and tuna fish. Now, I know this should be a wonderful addition to the poultry feed. Kelp contains a great deal of iodine and the system needs lots of iodine to make the proper growth, while the tuna fish takes the place of meat scraps in the feed and is a wonderful improvement over the meat in every respect. I am also going to give this a six months' test, although I already think it will do all they claim for it.

There seems to be a great deal of bad colds verging onto rump all over the country, not only around Fulton, but the breeders at the show said it was almost as bad as the chicken flu that passed over the country several years ago. I haven't lost any chickens at home from it but I poured the B. K. into them and fought it off. Guess I had better knock on wood.

PADUCAH WOMAN DROWNS AT FERRY

Paducah, Ky.—Putting her foot on the accelerator when she intended to apply the brake is believed to have caused the accident which cost the life of Mrs. Ruby Lovelace Kirchhoff, 47 years old, wife of Frank Kirchhoff, Paducah baker, who was drowned early Monday when her automobile plunged into the Tennessee river at the Clarks River ferry dock.

Mrs. Cassie Summers, Marion, a sister of Mrs. Louis Kirchhoff, Paducah, was in the motor with Mrs. Kirchhoff, but climbed through a window of the sedan and swam ashore after falling in an attempt to save Mrs. Kirchhoff.

A coroner's verdict stated that Mrs. Kirchhoff came to her death by drowning in the Tennessee river in attempting to drive her car on the ferry, but did not definitely fix the cause of the accident.

The car was raised from the river at 6:45 o'clock Monday. The body of Mrs. Kirchhoff was found in the back of the car on the floor. The ferry boat was pulling into the dock when Mrs. Kirchhoff drove down the river bank. The car missed the dock by a few inches and plunged into the stream to the right of the dock.

Boatmen hastened to the landing and pushed out into the stream in tugboats in an effort to rescue the occupants. The task was difficult because of the darkness. The embankment at the ferry landing is steep. The motor was submerged in twenty-five feet of water. Mrs. Kirchhoff and Mrs. Summers intended to cross on the boat and drive to Smithland to spend the night.

Mrs. Kirchhoff was born in Paducah and had lived here all of her life. She is survived by her husband, a son, Louis Kirchhoff; her mother, Mrs. Henry Kettler, all of Paducah, and a brother, Clarence Parker, Shawnee, Okla.

UNABLE TO USE FUNDS

Judge Sustains Exceptions In Bank Case.

Hickman, Ky., Oct. 25.—Circuit Judge J. E. Warren today sustained the exceptions filed by Wheeler and Hughes, Paducah attorneys for former sheriff, John M. Thompson, to the sale by sealed bid of the property of the closed Hickman Bank and Trust Company, on which it was proposed to allow the use of the deposits in the bank for payment.

The suit of Thompson to have his tax account in the bank set up as a preferred claim is now before the Court of Appeals, and his attorneys objected that selling of the land in this manner was not only illegal but would prejudice the Thompson claim if it is upheld by the high court. Judge Warren stated that the sale by sealed bids could only be held by agreement, and as there was objection to it, he was forced, under the law to uphold the objection.

At the same time Judge Warren overruled Wheeler and Hughes on their plea to order Ed Gardner, president of the First National Bank of Mayfield, and special banking commissioner in charge of liquidation of the Hickman Bank and Trust Co., to pay back \$25,000 which the bank owed Gardner and which Gardner took out of the cash on hand when the bank closed last Dec. 31, on the ground that the debt was secured by \$40,000 in notes, which were turned back to the bank by Gardner, and most of which have since been collected.

The various legal difficulties of the bank have prevented any dividend being paid out to the depositors so far, and much interest has been shown here in the various suits.

AUSTIN SPRINGS

There will be a Halloween program given at Union school next Friday night. All are invited.

Mr. Henry Copeland had some teeth extracted a few days past. He had suffered intense pain before the extraction.

Mr. Bob Austin is making some repairs on his house near here.

The pie supper given at Salem last Saturday night was well attended. A sum of \$13.30 was realized which will go for the benefit of the school.

Harris Bros. have quite a bit of lumber cut to build some houses and also make repairs.

Mr. Chap Johnson still suffers some from an attack of rheumatism of several weeks' duration.

Sunday school is progressing nicely at Salem and has a good enrollment and attendance.

Esq. R. R. Wright and wife of Wesley's Chapel vicinity were in our midst Saturday night and Sunday visiting Mrs. Wright's father, Mr. Joe Westbrook and other relatives.

Mr. and Mrs. Ed Fields, Mr. and Mrs. L. B. Lassiter, Rex Fields and Ernest Smoot visited the writer and family last Sunday.

The flower house of Mrs. Fount Gibson is completed. It is a modern concrete structure and will soon be filled by Mrs. Gibson's pot plants, bulbs, etc.

Some fall plowing has already started here and more plans are being made for a 1931 crop.

News reached relatives here of the illness of Dr. V. A. Biggs of Martin, reporting him to have an abscessed lung. We regret to receive this news and hope for him a soon restoration to health.

JUST A HINT

Talking with a traveling man a few days ago, one who makes occasional trips to Fulton and who covers a lot of territory, we learned of a new way to judge our fellowmen. He said that in looking for a place to spend the night as he travels along he invariably seeks a house that has flowers growing in the yard. He has found that the house which has flowers growing in the yard or on the porch is always occupied by a neat and efficient housekeeper—a woman who makes the place a pleasant one to stay in. Of course, the sign may fail sometimes, as all signs have a habit of doing. But a clean and pleasant place, with good cooking and comfortable beds, is more often to be found in the house where someone loves flowers than in the one where they are ignored. Here is a double-barrelled hint. It ought to help the traveler seeking a fit place to spend the night, and it certainly should be of value to the women who want to be judged by surroundings.

**REV. W. J. MECOY DIES OF
INJURIES AT MEMPHIS**

Bardwell, Ky., Oct. 27.—Injuries suffered by the Rev. W. J. Mecoy, Methodist clergyman, in an automobile accident last Friday night on the highway near Bardwell, resulted in his death in the Methodist hospital, Memphis, Tenn. Mr. Mecoy died Sunday afternoon at 3 o'clock. Both of his hips were fractured and he was hurt internally. He was 68 years old.

The Rev. Mecoy one of the most prominent clergymen in the Memphis conference of the Methodist Episcopal church and a pastor of the Bardwell M. E. church.

Others injured in the wreck were Mrs. W. J. Mecoy, Mrs. Ernest Fisher, wife of the president of the First National Bank of Bardwell, and her daughter-in-law, Mrs. James Albert Fisher.

Mrs. Ernest Fisher was cut on the knee, and suffered painful bruises. Mrs. Mecoy was cut over the eye and has two broken ribs. Mrs. James A. Fisher suffered a broken rib and sprained shoulder.

Mr. Fisher, who was also in the car, escaped injury.

Mr. and Mrs. Mecoy, Mr. and Mrs. Fisher and Mrs. James Albert Fisher were en route home from Paducah to their home in Bardwell. Mrs. Ernest Fisher was driving.

Blinded by Lights

Mrs. Fisher said she was confused by the lights of an approaching car, and her automobile left the highway and ran up an embankment, turning over. The car which is said to have blinded Mrs. Fisher with its lights was driven by W. H. Yancy of Paducah, who was returning from Bardwell to Paducah. Mr. Yancy said the other car collided with his machine before turning over.

Mr. Yancy and his companion, Wade Sowell, also of Paducah, escaped injury.

Mr. Yancy took the injured autoists to a hospital where they are being treated.

**KILLED BY HIT
AND RUN DRIVER**

Miss Kathleen Cook, daughter of Mr. and Mrs. Will Cook, of near Tiptonville, was killed Saturday night about 9 o'clock on State Highway 78.

Miss Cook, in company with her sister, Miss Pauline Cook, were enroute from Memphis where they were employed by Sears, Roebuck and company, to spend the week-end with their parents and celebrate on Sunday the birthday of their father.

They were met in Dyersburg by their father and a few miles south of Dyersburg were mending a punctured tire when Miss Kathleen was struck by a passing motorist, dying almost instantly.

Read It.**

"For months my place was alive with rats. Losing chickens, eggs, feed. Friend told me to try RAT-SNAP. I did. Somewhat disappointed at first not seeing many dead rats, but in a few days didn't see a live one. What were not killed are not around my place. RAT-SNAP sure does the trick." **HEAVY TRAFFIC
GOES ON ROAD**

Paducah, Ky.—The ban on heavy trucks and busses over U. S. Route No. 51, between Clinton and Fulton, has been lifted by orders of Jerry A. Spears, district highway engineer at Paducah.

It also was announced that the new retreat between Lead Bottom and Mayfield, on route No. 45, was completed Saturday, and rapid progress is being made on the paving improvement south of Wingo to the Fulton county line.

While the improvement is being made traffic out of Paducah to Fulton is using Route No. 58 out of Pryors to Clinton and then Route No. 51.

Luke Reilly Says, "The Rat Died Before Reaching the River."

"Since moving near the river 2 years ago, we've always used RAT-SNAP. Watched a vicious water rat, nibbling at RAT-SNAP outside the house. About 15 minutes later he darted off for the water to cool his burning stomach, but he died before reaching it." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by

DID you ever stop to think—how much better artificial lighting is than natural lighting?

Daylight changes every few minutes, not only in intensity, but in color. Sunlight may change from 10,000 foot candles to 2,000 foot candles in a few moments.

A basic problem of the electric light and power industry has been the question of proper illumination. The modern electric lamp has provided the answer.

Our local office will be glad to discuss with you the problems of lighting in your home and in your business.
