Memorandum: a note to help or jog the memory! (Webster)

July 14, 1966

Mr. Roger Fisher
P. O. Box 574
Cookeville, Tennessee 38501

Dear Roger:

Your letter came last week while I was somewhere. It would take too long to go back and locate my schedule to find out where! Sue and I both deeply appreciate the warm and very kind things you had to say. Our relationship in the work at Cookeville was a unique one in my estimation, and I will not forget the unusual experiences we had as fellow workers. I know your being there to help make the transition will spell the difference. Please call on me anytime you think I can help.

We are partially into our house, and I am less than partially into my office. I face some sermon deadlines in the next few days that are making things uncomfortable, but other than that, I already feel more confident about the work than I did when I came

Please keep in touch with us. Let us know how things are going. We didn't realize how much we appreciated and loved Cookeville until we drove out of town and made our way toward Texas.

Your brother,

John Allen Chalk
