How Would You Like to Harvest Two Crops
of Corn a Year as They Do in the Philippines?

No, reader, this corn was not grown by one of our local farmers! It wasn't grown in the United States, even. It was grown in the faroff Philippine Islands by Filipino schoolboys. Two fine crops of corn a year are produced in the islands.

The Philippines are doing some wonderful things in the agricultural line. The Philippine government has fine agricultural schools throughout the islands, and the Philippine legislature, composed entirely of Filipinos, is each year making larger and larger appropriations for this important work.

The staple food of the islands is rice, but corn is coming right along in popular favor. Its use was given great impetus in the last year because of a rice

shortage. Other important Philippine crops are hemp, sugar cane, coconuts, coffee, tapioca and pineapples. Lumber is also an important industry.

There are hundreds of thousands of acres of land lying idle in the Philippines, which have a greater area of fertile land than Japan—this in spite of the fact that the population of the Philippines is 41,000,000 while that of Japan is around 60,000,000. There is every reason to believe that some day the Philippines will have a population as large as that of Japan today. The Filipinos are the only Christian people in the orient, and their young men are working night and day to prepare themselves for the responsibility of citizenship in the Philippine Republic, which they believe to be near at hand.

METHODIST CHURCH NOTES

Our trip to the District Conference was a very interesting one, the great scenery, the mountains and the great services were very much to be enjoyed.

We were much impressed with a card given us by Dr. Frank H. H. Roberts, President of the state Normal at Las Vegas, on which was printed, "Take your job as a tonic, not as an anesthetic".

We will have special music Sunday and hope to see everyone out. The theme will be "The World on Fire". We are living in a great age, everything is so shaken that we need to see it as is and construct it on the new basis. COME AND HEAR the message.

Services will be at 11 A. M. and 7:30 P. M. sharp. We will be delighted to see you present.
E. C. Sanders, Pastor.

CANDY BUSINESS

We start you, at home, or any where; everything furnished; \$30 weekly and up; men-women; experience unnecessary; Specialty Candymaking Co. 5 South 15th St. Philadelphia, Pa

FOR SALE—One good 4 year old Mare. Will sell or trade for milk cow. See—Leonard Aus'in.

We are authorized to say that the Community Club wishes to take this method of recommendation and appreciation to Mrs. Donnell for her faithful, vigilant attendance to Miss Azalea Keith during her five months of illness.

SPECIAL NOTICE

We take this method of explaining and apologizing for neglecting to place the name of Prof. B. H. Kirk in the political announcements last week as candidate for County Superintendent of Schools of De Baca County. Prof. Kirk placed his announcement with us last week also his write up. We published the write up alright but failed to get his name in the announcement column. This was wholly unintentional and we regret it very much.

Miss Azalea Keith died Monday April 12 about 1:30. Azalea had been sick almost five months with Typhoid fever, Flu and Pneumonia. She was buried in the Taiban Cemetery after the services at the Presbyterian church by her pastor Rev. D. C. Barb. The beautiful floral pieces showed, in a small way, the appreciation and esteem of the many friends of Miss Azalea who join together in deep sympathy for the loved ones who are left to mourn her death.

Mr. and Mrs. Ben Hall are receiving congratulations over the arrival of Ben Hall Jr. The young cowboy arrived April 11 and weighed 11 pound. Mr. Hall wrote the NEWS here that "Ben Jr. was the very image of his father and would run for Governor on the Republican ticket in 1950." For the life of us we can't understand why, if he wants to make a politician out of him, he does not run him on the Democratic ticket and make a good one.

**Frank M. Culberson
For County Superintendent**

**TO THE VOTERS OF
DE BACA COUNTY**

I am candidate for the office of County Superintendent of schools because my residence, qualifications and experience render me capable to perform the duties of this office fairly and efficiently. I have been a resident of New Mexico for twenty years. I graduated from the public schools and received my professional training at the Normal University.

Since that time I have been Principal of the Farmington High School, Assistant Instructor in the Department of Science at Normal University, Principal of the Portales High School and Instructor in three Teachers Institutes. I finished the term in 1917, entered the Army and served two years, partly at home and abroad. I have been on a much more important duty for the past few years hence cannot say that I have greatly assisted in the development of New Mexico schools in that time, but, I say that by this experience I have learned more of what our schools really need in order to turn out real men and women who are capable of managing the future affairs of our country. If elected I have only my most efficient service to give.

I will appreciate your vote and influence at the polls.

Frank M. Culberson.

One of the new laws of New Mexico permits each County Superintendent of the state to choose each year two students within his county who shall be furnished free of cost a year's "student-teacher" training course at a state Normal School. Any student or teacher interested in a plain statement of the purpose and working of this law is invited to send for a copy of the March "Normalite" containing an article in regard to it by Lucy Cobb, student-teacher from Deming. No charges. Except send stamped and addressed envelope with your request. Address, "Service Bureau, New Mexico State Normal, Silver City, N. M."

**TO THE VOTERS OF DE
BACA COUNTY.**

I hereby further announce my candidacy for the nomination for re-election, as County Clerk of De Baca County, subject to the action of the Democratic Primaries to be held on the 17th of this month.

As an official of this county, it has, at all times, been my purpose to render the county the very best service possible, and to conduct the affairs of my office in a business like and economical manner and upon my record as an officer, I am respectfully asking the support of the voters, both men and women, at the coming election and shall appreciate their support and will in return continue to conduct the affairs of this office as I have in the past, to the best interest of the people of the county.

Respectfully;
J. E. Owens.

Kansas Women Who Testify

Lawrence, Kans.—"I have taken Dr. Pierce's Favorite Prescription for woman's trouble and was greatly pleased with the benefit I received from it."
 "Dr. Pierce's Pleasant Pellets are well known to me because I have taken them off and on for years whenever I had stomach trouble or was constipated or bilious."
 "I can recommend both of these remedies as good reliable medicines."—MRS. E. S. TITTINGTON, 739 New York St.

For Young Girls Entering Womanhood

Fort Scott, Kans.—"It is with pleasure that I tell what Dr. Pierce's Favorite Prescription has done for me and my two oldest girls. I took it during expectancy with the best of results. I also recommend Dr. Pierce's Favorite Prescription to mothers that have girls just turning into womanhood. I gave it to my two oldest girls (irregularities was their trouble) and it worked like a charm. They are now stout healthy young ladies and I will always recommend 'Favorite Prescription' to my friends and all who suffer from feminine complaints."—MRS. OLA KIRKMAN, c/o Fred Harvey.

For Scrofula and the Skin

Malvern, Kans.—"I was troubled with scrofula, in fact, I had it from infancy up until I took Dr. Pierce's Golden Medical Discovery, which was when I was fifteen years old. I took it for some time and got entirely rid of the disease. It has never returned since that time and I have often recommended this remedy to others."—MRS. IDA V. WILSON.

 "And now where do you live?" the teacher asked Jimmy, a little boy of six on his first day of school.
 "With papa and mamma," he replied a bit scornfully, as though any teacher ought to know that much.
 "Yes, I know; but where does your papa and mamma live?" the teacher persisted.
 "Why, they live with me," and then hearing the other children laugh at his reply and thinking maybe he had made some mistake after all, Jimmy hastily added: "Except when we all go out to grandma's."

"I didn't know it was loaded," claimed another victim at Las Vegas, N. M., when Winfield Barnett, 10 years old, was shot and dangerously wounded by George Trost, 12, while playing with a shotgun and revolver.

Capt. Lewis P. Schilling, 88, last survivor of the Alamo massacre, noted pioneer character and adopted son of Kit Carson, died at the National Soldiers' Home at Sawtelle, Calif. Schilling was a native of Ohio.

Several airplanes, large supplies of lumber, the engine house building and the unloading sheds of the army aviation repair depot, north of Dallas, have been destroyed by fire. The loss was estimated by army officers at \$1,000,000.

Approximately 200,000 individual income tax returns were made in the internal revenue district embracing northern California and Nevada, an increase of 40,000 over last year, the internal revenue collector announced at San Francisco.

Five Mexican outlaws, members of a party of fifteen who recently raided the mining camp of John Hicks, an American, near Guadalupe Calvo, Chihuahua, have been lynched by neighbors of Hicks, according to word received at El Paso, Texas.

Four women were drowned at Port Arthur, Texas, when an automobile in which they were riding plunged through an open bridge and fell into the ship canal. None of the bodies has been recovered and the identity of the women could not be learned. The car was from Beaumont and it is presumed all the women resided there.

Now comes Arizona as a cotton state. The last of the 1919-1920 Egyptian cotton crop has been picked recently. It will bring \$20,000,000 at average market price. The cotton was raised for the most part in the Salt River valley, which surrounds Phoenix. Nearly 92,000 acres were planted to cotton in that district.

Fred Repka, who gave his home at 250 West Ferry street, Buffalo, N. Y., was shot and seriously wounded when attempting to hold up an automobile on the road between Albuquerque and Bernalillo. His companion escaped, but was caught at Lamy. A bullet passed through Repka's stomach, but doctors say he may recover.

Even the air isn't free any more, at least as far as war tax is concerned, according to Justus Wardell, collector of internal revenue of San Francisco, who announced the receipt of a ruling from Washington that airplanes engaged in commercial passenger, freight and express traffic over established routes in competition with other methods of transportation must pay taxes on their traffic.

The proposed new road across the Black Range will also put Hillsboro on the transcontinental route.

The case of the Buxton-Smith Company vs. the director general of railroads, brought by the traffic bureau of the Douglas Chamber of Commerce, has been set for hearing April 27 at Douglas, Ariz., before Examiner Mattingly of the State Corporation Commission. The complaint charges collection of alleged excessive freight rates on fruit between California points of origin and Bisbee and Douglas.

Raymond R. Johnson and assistants of Silver City, N. M., started the work of the final survey for the Silver City Santa Rita highway. The surveying will take considerable time and as soon as the work is completed bids will be asked for from various contractors. It is hoped that construction will start not later than September 1st. The road is seventeen miles long and the estimated cost is \$250,000.

Charging that the freight rates on shipments of sugar from California points to Phoenix and all Arizona are unjust and unreasonable, the traffic bureau of the Phoenix Chamber of Commerce has filed a complaint before the Interstate Commerce Commission against Walker D. The Secretary of Agriculture has authorized the grazing of 901,550 head of sheep and goats, 541,750 head of cattle and horses, and 3,355 head of swine on the Arizona and New Mexico National Forests for the grazing year of 1920. These stock are divided between the two states as follows: Arizona, 352,200 cattle and horses, 165,500 sheep and goats, 1,855 swine, and New Mexico, 189,550 cattle and horses, 536,050 sheep and goats, 1,500 swine.

That the New Mexico Central, although still far from showing a satisfactory ratio between operating revenue and operating expenses, is making long strides in the right direction is the showing of the railway's annual report to the Corporation Commission. The report covers the last calendar year. The railway's operating revenues reached \$168,722.01—nearly twice as much as the operating revenues for the year before. The preceding year's total was \$85,599.75.

Clovis, N. M., has a most ambitious building program on, and it is estimated that there are actually under construction over fifty modern residences. In addition to the many homes, there is also much activity in the building of business houses. The new \$40,000 Lyceum theater is nearing completion.

The prospective Arizona cotton acreage keeps piling higher and higher, due to reasonable assurance of a strong demand for the crop next year. The Arizona cotton planting will probably reach 200,000 acres.

Sluggard Quite Willing to Lie Abed While She Did a Good Job of Repair Work.

"Arise!" we said in a tone admirably adapted for declamatory purposes, addressing the sluggard, who was still slugging at an undecorably late hour. "The lark is up to meet the sun. The bee is on the wing. Remember the manner in which the inexperienced schoolboy read aloud the admonition to Lucy: He had been taught that when he encountered two letters of the same kind he should pronounce them 'double-o,' or whatever they might be, instead of 'a. o.' So he sternly recited, not 'Up, up, up, Lucy! The sun is in the sky,' and so forth. Why do you not double up, and to your tasks away?"
 "That is a very good story," replied the sluggard, "but it does not move me. We are told that nature does most of her repair work on us while we are in bed. It is my intention to lie here until she fixes me up so that I feel like going to work."—Kansas City Star.

FERTILE VALLEYS ONCE SEAS

Naturalists of Opinion They Were Laid Bare by Great Convolutions of Nature.

Many of the most fertile valleys and plains in the world appear to be the bottoms of ancient lakes laid dry, an exit having been opened by some convulsion of nature. In some instances by mere gradual operations, for the waters that were previously enclosed by impenetrable barriers.

Most of the great rivers were formerly successions of lakes, like the St. Lawrence river in North America. The level spaces between the Allegheny mountains and other parallel chains appear to have been inland lakes, until the rivers which descend from these heights formed for themselves exits.

The Euxine and Caspian seas, as well as Lake Aral and several others, are the remains of an extensive sea, which covered the great part of the north of Asia, according to the belief of Peter Simon Pallas. It has been conjectured that the opening of the Bosphorus was the occasion of the draining of this ocean in the midst of Europe and Asia, the memory of this disruption of the two continents being preserved in the traditions of Greece.

STOMACH TROUBLE AND CONSTIPATION ENDED

Suffered So He Couldn't Work for a Year, but Mr. McCormick Was Cured Promptly.

"I had stomach trouble and constipation for five years. One year of this time I was unable to work, suffering untold agony. I doctored with some of the best physicians, also took many proprietary medicines, but could not find permanent relief. Finally a friend recommended Milk's Emulsion. The first few doses relieved me greatly, and three bottles of it effected a permanent cure."—C. A. McCormick, Anderson, Ind.

Mr. McCormick is only one of many hundreds who have endured torture for years and then found that Milk's Emulsion gives blessed relief and real, lasting benefit. It costs nothing to try.

Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy and natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength Milk's Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in restoring and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles, home with you, use it according to directions, and if not satisfied with the results your money will be promptly refunded. Price six and 1/2 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Adv.

Squirrel Builds Nests.

In the South, instead of living in the hollow trees, the fox squirrels build big nests in the top of the pine and other trees—usually of Spanish moss, says the American Forestry Magazine of Washington. In these they sleep, also carrying to them the pine cones just mentioned. In the hardwood forests of the North, dry leaves take the place of the Spanish moss, and a conspicuous nest is built with an entrance hole at the side.

I SUFFERED THREE YEARS

Finally was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Lowell, Mass.—"I was all run down and had an awful pain in my right side, was persistently constipated and had very dizzy spells. I suffered for three years and was perfectly miserable until a friend was telling me to try Lydia E. Pinkham's Vegetable Compound and I found it a wonderful medicine. I can now do twice as much work and I recommend the Vegetable Compound to other women. You can use these facts as a testimonial."—Mrs. M. THEALL BESSEY, 186 Appleton Street, Lowell, Mass.

Why women will continue to suffer so long is more than we can understand, when they can find health in Lydia E. Pinkham's Vegetable Compound!

For forty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

KILLED MANY TO GET INSURANCE

Capetown's Most Noted Criminal Slew Over Score of People

TOOK HIS OWN LIFE

Unrivaled in the Annals of Crime for the Multitude of His Methods—Probably a Miser Who Hid His Gold.

Manchester, Eng.—Great murderers are more interesting to most people than they like to imagine. A really good murderer, a first ranker, is a queer sort of way, a national possession. England has its Palmer, France its Goulet de laiz, the United States its H. H. Holmes.

And we South Africans have Pierre Basson, a multiple murderer of the most interesting and dangerous sort, says the writer of a South African letter to the Manchester Guardian.

Basson insured, among many others, the life of a German farmer called Schaeffer for \$7,500. Afterward Schaeffer disappeared. The papers sailed as near the wind of libel as they dared, but no one would say with whom he was last seen. One hot Saturday afternoon in December the police went and dug in Basson's fowl hockle.

Pierre watched them at their work from his window. When they had made some progress he ran into his mother's bedroom, in his shirt sleeves.

Took His Own Life.

He pulled out all the drawers of the wardrobe on to the floor, looking for his brother's revolver. His mother screamed to save him. His last words, which he said with his face streaming with sweat and tears, were "It's Toby's fault."

Toby Louw was arrested after a long search, and put on his trial. He was Basson's nearest friend.

The principal witness against him was Caroline, who was a Hottentot washerwoman. She passed one night, she said, down the road on her way to the tiny village in the Flats. She saw a light in the henroost. Curiously, she stopped and put her ear against the partition, which edged the road.

A voice inside said, "Toby, gee mij die kalk." (Give me the lime.)

"And the chickens prayed together with terror," she deposed. It was this statement which made the police go and dig in the hock that hot afternoon.

Toby brought his girl, Miss Silivera, a Portuguese, to cry for him. She was acquitted.

Probably a Miser.

Basson (whom even the judge called "Peery" in his summing up in deference to his family) at the height of his career was a young man, not much more than thirty, and reputed to be the fastest walker in Capetown. He was educated at one of the best schools at the Cape, from which he was finally expelled for tormenting animals. He was an insurance agent and rent collector. Many—some say forty, twenty would be much nearer the mark—of the people whom he insured died suddenly.

Like William Palmer, his own brother was among the number.

If he killed them all he was unrivaled in the annals of crime for the multitude of his methods. In lonely walks, by pools in the windy sands of the Flats, in broad daylight, at night, in the crops at Stellenbosch, in the sick bed, by sudden falls from high cliffs, in drowning in the sea—these people ended their lives.

No one ever knew what he did with the money. He was supposed to have smoked opium with Chinamen in Rose street under Signal hall. The most likely theory was that he was a miser, and hid and cherished his gold alone.

Woman, Scalped, Gets Well.

Valparaiso, Ind.—Mrs. Helen Remers of Wheeler has recovered from being scalped. Over 100 stitches replaced her scalp, which was practically torn from her head by her hair catching in an overhead shafting. Only a red scar remains on her forehead.

HUSBAND FIGHTS FOR HIS BRIDE

Now Faces Murder Charge for Killing Bandit Who Abducted Woman.

Chicago.—The strange story of how a pretty bride of a few months was kidnaped by a band of thieves, held prisoner until her husband rescued her and how later the husband was forced to kill one of the gang while protecting a small boy, will form an interesting chapter in the records of criminal court hearings when the case comes to trial.

Oscar Engstrom is charged with murder, Engstrom and his young bride were living on a two-acre tract near

Engstrom Killed the Leader.

Posen, Ill. The husband was making a good living, selling automobiles, and the wife worked the little truck farm.

Their nearest neighbors, with one exception, were several miles distant. There were two sons at the nearest neighbors, and men of rough character began to visit this place. One day, when the husband was absent, these men abducted his bride. Several days later he found her at the other house and, after a hard fight, rescued her and took her home.

A few evenings later a six-year-old boy came to Engstrom's house and begged to be taken in, as the men had threatened to kill him for telling Engstrom where they had hidden his wife. Two members of the gang came after the boy and in the ensuing fight, Engstrom killed the leader. Police say all the gang are murderers and fugitives from justice and that the house was a resort and hiding place for a notorious gang of professional murderers, many of whom are now in custody and awaiting trial.

Relics of Ancient Tragedy

Camper in California Makes Interesting Discovery in Pinon Mining District.

Whitewater, Cal.—While on a camping trip in the Painted Hills in the Pinon mining district, northeast of here, O. I. Kennedy of San Bernardino discovered what may prove to be the relics of a 100-year-old tragedy.

In an inaccessible spot, but one distinctly visible from the foot trail, in the face of the mountain, he discovered a musket and a row of Indian water vessels. On examining the weapon through a high-power glass, it proved to be a flintlock of ancient design, and Kennedy believes from the peculiar formation of the stock it is of Spanish origin.

Kennedy expects to return in a short time with a supply of ropes by which he will have himself lowered into the dry cavern where the relics were discovered. He brought with him samples of large sea shells, which he gathered on the edge of a great deposit of shells located at an altitude of 2,050 feet.

Used Body to Stop Leak; Saved Lives of the Crew

When the trawler Clara ran on the rocks at the harbor entrance at Plymouth, England, in a fog and stove a hole in her side, one of the seamen stopped the great rent with his body and enabled the boat to keep afloat until help came, thereby saving the lives of his comrades.

The sailor remained, waist-deep in water, for four hours until the boat was towed into harbor.

Woman "Buys" Husband.

Hagerstown, Md.—Peter Guy, the gypsy, who, at Des Moines, Ia., was "bought" from his wife by another woman several days ago, is well known in Hagerstown.

The bill of sale was drawn up by an attorney of Des Moines and placed on record. By the terms of the "sale" the new wife gave the former Mrs. Guy \$5,000 in gold for Guy. Apparently Guy had been transferred in a similar manner before, for Mrs. Guy No. 1 told the attorney who drew up the papers that she paid \$5,000 for

SONORA REVOLT IS SPREADING

WILL RESIST ANY ATTEMPT BY CARRANZA TO REGAIN STATE.

REPUBLIC OF SONORA

ALL FEDERAL PROPERTY HAS BEEN SEIZED AT NOGALES AND AGUA PRIETA.

Western Newspaper Union News Service.

Nogales, Sonora, April 12.—Custom houses and all property of the federal government of Mexico have been formally seized in the name of the "Republic of Sonora" here.

The customs house at Agua Prieta, across the line from Douglas, Ariz., has been seized in the name of the Sonora state government and armed men are guarding the building. The immigration office and the postoffice also have been taken over by state authorities.

The employees of the customs office and of the other federal departments have declared their loyalty to the state government.

Sonora state officials, headed by Adolpho de la Huerta, governor of Sonora, who has been proclaimed "Supreme Power of the Republic of Sonora" by the State Congress, declared, while the state had succeeded, it would return to the Mexican republic upon guarantees from the national administration that there would be no infringement of the state's rights by the federal government.

The secession, according to the officials, was brought about by Carranza ordering federal troops into the state. They said the next move was up to Carranza. Unless he acts, political leaders of Sonora said, the new republic would defy the Mexican federal government and resist with armed forces any attempt of Carranza to take back the state by force.

Gen. P. Elias Calles, former governor of Sonora, and who recently resigned from the Carranza cabinet, has been made supreme military commander of the state's military forces. Calles has issued a proclamation calling for volunteers and calling on all soldiers in the state to rally against any threatened invasion by Carranza forces.

Spread of the secession movement to other states, unless the Mexican government acts quickly, was forecast.

The Sinaloa State Congress, according to information received here, has endorsed the action of the Sonora Congress in demanding constitutional rights, and Lower California, according to these reports, is expected to do the same. Sinaloa politics are closely interwoven with Sonora's, and both states are largely controlled by Gen. Alvaro Obregon.

Troops Bring Siberian Brides.

Manila, P. I.—Brig. Gen. William S. Graves, commander-in-chief of American expeditionary forces in Siberia, with his staff of thirty-two officers and 300 men, arrived here on the army transport Great Northern from Vladivostok. Shortly after the transport South Bend arrived with 1,600 troops and 119 war brides, completing the evacuation of American troops from Siberia.

123,000 Bibles Stolen.

Chicago.—Chicago police are searching for the "meanest thieves" who stole 123,000 Bibles, valued at \$37,500 from the Prison Bible Society. The Bibles were carried away in a moving van.

Defaulting Banker Surrenders.

Chicago.—After an 8,000-mile flight, following his disappearance from Chicago, Nov. 23, James M. Miles, defaulting vice president of the Standard Trust and Savings Bank, has surrendered to Ward Thompson, operative of the Department of Justice. The disappearance of Miles was sensational. While bank examiners were going over his accounts, he asked to be excused long enough to run across the street for a cup of coffee and a sandwich. Instead he jumped into an automobile and fled.

Death Ends Life Race.

Prescott, Ariz.—Death ended speculation of weeks as to which one of the two oldest men in the State Pioneers Home here, one of them reputed to be the oldest white man in Arizona, would be first to pass over the great divide.

Thomas J. Foster, 98 years and 2 months old, died at 6:18 p. m. Louis Dugas, nearly 70, died at 6:25 p. m. They had expected their passing, and Foster was interested in the hour of his death and that of Dugas. Foster was a teamster in Arizona in 1864 and an employe at old Fort Whipple.

U. S. to Celebrate "American Day."

New York.—The National Security League has announced here that arrangements have been completed for 142 leading cities in forty-three states for the holding of "American day" parades on May 1, in accordance with the league's plan for a nation-wide Americanism demonstration to counteract the usual radical "May day" celebrations. The committee estimated that more than 200 parades, public speaking and other demonstrations will be held.

SALTS IF BACKACHY AND KIDNEYS HURT

Stop Eating Meat for a While If Your Bladder Is Troubling You.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.—Adv.

A very homely man returned to his native town in the South after 15 years' absence. One of the first to recognize him was an old negro.

Clay Espy and sister Mrs Jack
Hitson were here a short time
this week visiting their sister
Mrs C. M. Chapman. Clay is
a Texas farmer now. He has
125 acres in cultivation an 250
sheep. Good luck, Clay.

Hon. H. O Norris of the Pio-
neer News of House was in Tai-
ban recently. He says he has
just lately got the best of the
flu and is rather weak over it.

Mr and Mrs H. S. Douthit of
Tolar were in Taiban Mouday.

Mrs. G. W. Jolly received a
letter this week from her brother
John saying he was married and
was living in Detroit, Mich.
John was the first Taiban boy to
enlist and the last to be dis-
charged. He was on the Mexi-
can border with Pershing, also
was among the first to sail with
Pershing for France and after
the Armistice was signed he
was one of 200 men selected as
Pershing's Guard of Honor.
John has lived in Taiban almost
his life and has a host of friends
here who join the NEWS in the
very best wishes for he and his
bride.

Bessie Cheshire is a 7th grade
pupil in the Taiban schools and
decided to take 8th grade exam
just to see what she could do.
She made 81 in physiology and
91 in geography which is indeed
excellent.

E. R. Frost is clerking for
the Taiban Grocery.

Meredith Atkinson of Fort
Sumner was in Taiban Wednes-
day.

Nearly every man in and a-
round Taiban attended court in
Fort Sumner this week.

J. A. Glikert was in Amor-
rillo Wednesday.

Miss Marie Stark left Sunday
for her home in Yeso. Miss
Kathleen Davis entertained in
honor of Miss Marie on Sat-
urday evening. Owing to the
fierce sandstorm only a few
were able to attend but they re-
ported a very excellent time.

The Community Club had a
very enjoyable meeting Friday
night. After business session
was over the meeting adjourned
to spend delightful social hour.
Each member was given some
orange paper, scissors and pins
and were requested to make a
hat and trim it in 20 minutes.
Then each one donned their hats
and passed before the judges:
Mrs R. C. Mr. Furbee and Prof.
Stoole. Mrs. Clarence Patter-
son won the prize for making
the most stylish, up-to-date
hat. Games were enjoyed til
the delightful announcement
that refreshments would be
served. Each one departed
rejoicing over the pleasant
evening they had spent.
May 14 will be the next reg-
ular meeting of the Club.
