NUMBER 42.

LOCAL NEWS

J. M. Rinck died at Fort Sumner on the 28th.

George Herlihy and Hollis Tyson have advertised a big round up at Fort Sumner. August 5 and 6 under the auspices of the business men of the county seat. The boys say they are going to put on a real show.

Mrs. Ethel Drake and Mrs. L. W. Knowles, sisters of Mrs. Chamblis and Mr. Stroud, are visiting awhile in Taiban. They came here from Texas last Saturday.

The two Witt brothers and J. J. Legate were in town Saturday. Legate Valley was named for Mr. Legate and relatives of the same name when they settled up there about fifteen years ago. All of them left several years ago and this one came back from Chelsea, Oklahoma, to see if this climate would help his health some. Witt brothers are ranchmen in Legate Valley.

Sam Bass is working in the harvest fields northeast of McAllister.

Miss May Lowman, former principal of the Taiban school, was here a short while Sunday. Another young lady, whose name we did not learn, was with her. So was Ray Davies. What is the matter with Melrose that Ray has to come down here so often?

The editor and his wife had the pleasure of dining out Sunday with Mrs. Stratton of the Taiban hotel. Fried chicken and the regular fixings. Some good grazing.

The News is very sorry to learn that Mrs. John Cheshire was bitten by a Texas blood sucker Sunday night. Mr. Cheshire said that she suffered almost all night. We hope that her recovery is speedy.

Mr. Harbor, of Grama valley, was in town Monday seeing about the renting of a house. Mrs. Harbor will teach the 7th and 8th grades here next year. The News feels that the people of Taiban will be well pleased with Mrs. Harbor having known of her work elsewhere. And we also feel that Mrs. Harbor will be as well pleased as the people. While we have always had a good school, we expect this year to be the best if there is any way of making it better but we feel that we will have to go some to do it.

Look! look! at county seat just a few minutes. Two subscribed for the News. C. P. Stone formerly one of Taibans business men now Probate Judge of De Baca County and B. H. Kirk County Superintendent of this County. We think we are well paid for going to Fort Sumner.

E. Whisenhunt of Jordan was repairing a header a few days ago when the rabbit he was pouring exploded. The rabbit flew into his eyes and in all probabilities he will lose the sight in his right eye. Dr. Herring attended to him as soon as possible. After taking off the rabbit he found a distinct impression of the eye on the rabbit.

Mr. Whisenhunt is now staying at the home of Dr. Herring under treatment. He has the sympathy of all the people in his serious accident.

The term "wild women" is usually a mere figure of speech, but women voters in North Brookfield, Mass., were really wild when they discovered that their ages had been posted -- Birmingham Age Herald.

Elvey Bell and wife, of Tolar, have been in town quite often lately. Elvey is fixing up a truck to help haul grain in from the plains.

J. F. Riddle has improved in health so that he is again able to be down town occasionally.

Miss Rosetta Crenshaw has taken charge of the printing of the News. She sets the type and distributes it, gets the paper ready to mail and the rest of us do the work.

The people of the House vicinity are busy harvesting their wheat. The harvest has been somewhat delayed on account of the rain.

Roosevelt Co. is going to spend \$1,000 on the road between Tolar and the Quay Co. line. And the wheat raisers in Quay county are raising a few hundred dollars to put on the road from House to the Tolar road.

On our way back from Fort Sumner we stopped at La Lande and got W. P. Hart to help with the News also J. D. Greenwood's subscription.

D. A. Mathis, of Hereford, Texas, was in Taiban, the 27th, proving up on his homestead. Mr. Mathis showed his interest in New Mexico by subscribing for the NEWS. We feel that he will be well paid for his money as we expect to make this paper one of the best.

Items Unavoidably Left Cut Last Week

E. P. Rodgers, better known as "Slim," was in town Thursday from his ranch near Lucille. He was driving a new seven passenger Stevens car and, as usual, was fully able to step on the gas.

The Eastwood boys of Tolar, were in town a couple of times this week.

The ice cream supper Friday night sure was a success in getting the people together sociably. It made us think of old times and especially when we saw Mr. and Mrs. C. F. Wheeler in the crowd highly enjoying themselves. This is the first sociable we have had since these folks returned to Taiban.

One Tolarite we missed this week is Mr. Yarborough. Somebody said he had gone back to Texas to see his new heir.

The heavy rain of Wednesday stopped the wheat harvest on the plains for a while. Lee Nuzum and Roy Woodward came in Wednesday night from their farm northeast of House and reported that it would be several days before anymore harvesting could be done. Lee and Roy have a good wheat crop on their place this year. We like to see these young men succeed in their venture.

Judge C. F. Fishback, of Fort Sumner, passed through here Wednesday on his way to Clovis. Charlie McCulloch and "Bill" Cheshire have been vying each other this past week as to which one could sport the sorest bull. Bill had a blossom on the back of neck and Charlie nursed one just below his off prayer bone.

Mr. Ben Long and family of Goldthwaite, Texas, are visiting the J. W. Long family.

La Lande boasts of but one thing now. If you are crowded elsewhere and want more room we have room for you. "We can always make room for one more" and have a willingness to do so. There is a probability that our school faculty may need to be enlarged but not the building.

We have room for the scholars of a number of our neighboring districts and a hearty welcome is extended to any who desire a place where education and a regard for religion predominates.

A half car of flour was unloaded here Monday for Greenwood and Hart and prices greatly reduced.

Mrs. W. T. Wade spent a week at Clovis, most of the time interviewing a dentist.

Last Sunday at Fort Sumner Vaughn played ball Fort Sumner whipping by 10 and 4 with Carl Terry from Freo pitching.

Miss Stokard has arrived and is singing. Everybody invited to Come! Hear! and Help!

Mrs. Ruth Keith has returned from attending summer school. She is one of Taiban's teachers.

Every one is proud to hear that Mrs. J. M. Cheshire, who was bitten by a Texas blood sucker, is on the way to recovery.

Just as we go to press we are advised that the Rev. Starke is on the grounds and here's hoping that he will give the devil a real black-eye.

DRESSMAKER MADE WELL

Followed a Neighbor's Advice and Took Lydia E. Pinkham's Vegetable Compound

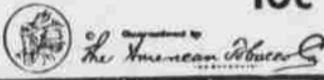

Vernon, Tex.—"For three years I suffered untold agony each month with pains in my sides. I found only temporary relief in doctor's medicine or anything else I took until my husband saw an advertisement of Lydia E. Pinkham's Vegetable Compound. I mentioned it to a neighbor and she told me she had taken it with good results and advised me to try it. I was then in bed part of the time and my doctor said I would have to be operated on, but we decided to try the Vegetable Compound and I also used Lydia E. Pinkham's Sanative Wash. I am a dressmaker and am now able to go about my work and do my household besides. You are welcome to use this letter as a testimonial as I am always glad to speak a word for your medicine."—Mrs. W. M. STEPHENS, 1103 N. Commerce St., Vernon, Texas.

Dressmakers when overworked are prone to such ailments and should profit by Mrs. Stephens' experience. Write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., about your health. Your letter will be opened, read and answered by a woman and held in strict confidence.

DEMAND FOR TANLAC BREAKS ALL RECORDS

Amazing Success Achieved by Celebrated Medicine Not Only Phenomenal, But Unprecedented—Over 20,000,000 Bottles Sold in Six Years—Foreign Countries Clamor for It.

Never before, perhaps, in the history of the drug trade has the demand for a proprietary medicine ever approached the wonderful record that is now being made by Tanlac, the celebrated medicine which has been accomplishing such remarkable results throughout this country and Canada. As a matter of fact, the marvelous success achieved by this medicine is not only phenomenal, but unprecedented.

The first bottle of Tanlac to reach the public was sold just a little over six years ago. Its success was immediate and people everywhere were quick to recognize it as a medicine of extraordinary merit. Since that time there have been sold throughout this country and Canada something over Twenty Million (20,000,000) bottles, establishing a record which has probably never been equalled in the history of the drug trade in America.

Fame is International.
The instant and phenomenal success which Tanlac won when it was first introduced has been extended to practically every large city, small town, village and hamlet in North America. Its fame has become international in its scope and England, Japan, Mexico, Cuba, Hawaii, Alaska, Porto Rico and many European countries are clamoring for it.

From coast to coast and from Great Lakes to the Gulf, Tanlac is known and honored. Millions have taken it with the most gratifying and astonishing results and have pronounced it the greatest medicine of all time.

Restored to Health.
Tens of thousands of men and women of all ages in all walks of life, afflicted with stomach, liver and kidney disorders, some of them of long standing, as well as thousands of weak, thin, nervous men and women apparently on the verge of collapse, have testified that they have been fully restored to their normal weight, health and strength by its use.

"What is that?"

Get Many Silly Complaints.
Every day the postmasters in the larger cities receive countless letters of complaint. Not unnaturally among so large a number there are many of a frivolous nature. For example, one woman wrote that the carrier who delivered her letters was engaged to a woman twice his own age, and requested that he should be asked to break off the engagement or be dismissed.

DESERT ISLE IN BIG CITY AFFIXED CAN TO CAR PEST

Woman Writer Satisfied With Her Residence in "Hell's Half Acre" in Philadelphia. Effective Way by Which Sweet Young Thing Got Rid of a Too Common Nuisance.

Katharine Haviland Taylor, the novelist, says she's found a desert island and peace right in the middle of Philadelphia. It happened quite accidentally. Recently she went apartment hunting with very little knowledge of the residential districts of Philadelphia. She found an apartment and rented it because there were two limousines out in front, and so she judged that the street was all right. One of those limousines belongs to a broker of rags and paper, she learned later, and the other to an Italian peanut vender. She had moved into the historic district called "Hell's Half Acre."

"But I'm glad I was misled," says Miss Taylor. "I am not bothered by social obligations and I have lots of time for work. We're never bored. Shooting privileges go with every lease, and my vocabulary is enlarging all the time."

Miss Taylor cannot be persuaded to move, for she is convinced that in this retreat she will be able to do more and better work than if she were living in a neighborhood socially "correct."

Not Getting Care.
"How's your garden getting along?" "It's terrible. I simply can't get the wife to hoe it."

Rookie Policeman Averts Loss of Life

New York.—The foresight of Patrolman Richard Faye, a rookie policeman, prevented disaster in Brooklyn when he roped off two streets near Borough hall less than an hour before a corner three-story brick building he considered dangerous, crashed to the street. Adjacent streets were crowded with home-goers.

After five years of use of the streets and alleys for telephone service, without payment of a cent of rental, the Mountain States Telephone Company entered an agreement with the City Council of Loveland to pay 2 per cent of the gross receipts from the 1,300 phones coming into that exchange as an occupation tax. The payments are to be made semi-annually.

Lumber Production Shows Increase.

Denver.—The total production of 335 lumber mills in Colorado, Wyoming and New Mexico in 1920 was 124,902,000 feet, board measure, of lumber; 13,691,000 pieces of lath and 108,000 shingles, according to a compilation made by the United States forest service in co-operation with the National Lumber Manufacturers' Association. It is stated that there were eighty-three lath mills in the three states, and that 57 per cent of the output was cut by twenty-five mills.

HALF MILLION SHORTAGE FOUND

DEPOSITORS PROBE TANGLED FINANCIAL STATE OF CHICAGO INSTITUTION.

BANKER IS SOUGHT

FORGERIES TOTALING \$500,000—NATION-WIDE HUNT STARTED.

(Western Newspaper Union News Service.)

Chicago.—Facing an apparent shortage of \$1,500,000, a committee of five representative depositors of the closed Michigan Avenue Trust Company were preparing the way for the arrest and indictment of Warren C. Spurgin, missing president of the bank.

Spurgin was charged with forgeries totaling \$500,000, in a statement issued here by C. A. Butel, cashier of the bank.

The disclosure of Spurgin's alleged forgeries was made at a meeting of depositors.

It also was disclosed that hundreds of the bank's confidential documents are also missing.

The depositors, however, were informed that the bank examiners found evidence that Spurgin had forged farm mortgages to the extent of \$500,000, it was stated, to cover his alleged shortages.

It was also established that \$60,000 in bonds were hypothecated by Spurgin.

Of this amount, \$12,500 was found in the president's desk, while \$47,500 was found deposited in the vaults of the Hawkeye Oil Company, in which Spurgin was interested.

It was explained the bonds were deposited with Spurgin as security for loans from the bank, but that the president had used them for his personal use.

The trail of Spurgin's recent activities, it was learned, showed he had carefully prepared for his departure.

During the past week he raised \$150,000 on the stock he owned in the Michigan Avenue institution. Cashier Butel also said he had found that Spurgin withdrew \$35,000 in cash, Liberty Bonds and negotiable securities from the bank's vaults during the last ten days, replacing this security with practically worthless stock.

A nation-wide search is on for the missing president. Authorities declare his wife is with him, and descriptions of the couple have been sent to every large city in the country.

All Village Officials in Jail.

St. Paul, Minn.—The village of Buhl is without a mayor, recorder or other city officials to transact business, according to an appeal made to Gov. J. A. O. Preus here. It is the first instance in the history of the state that any village or city had been without officers. The five officials were recently sentenced to sixty days in jail on contempt of court charges by Federal Judge Page Morris of Duluth.

\$10 Per Stickup Scale in New York.

New York.—Ten dollars per stickup is the scale offered by New York holdup men for assistants, according to a story detectives say they obtained from Gerald Clair of Denver, held for complicity in the robbery of two cigar stores. According to the detectives, Clair admitted he held a gun while his employer rifled the cash registers in "one job." Two robberies, for which Clair is said to have gotten \$20, netted his companion \$140.

U. S. Admits Half of a Man.

Washington.—Secretary Davis admitted the mayor of Monrovia, Liberia, into the United States this month. Only the 3 per cent of the number of nationals of any country already here can be admitted for the year, and but 20 per cent of that number admitted in any one month. In the case of Liberia, statisticians of the immigration service said this 20 per cent amounted to half a person and Commissioner General Husband recommended to Secretary Davis that the entire mayor be admitted.

Postoffice Robbed of \$17,000 Orders.

Colorado Springs.—An unidentified man stole 170 money orders having a maximum value of \$100 each from the window of the general postoffice here recently and escaped. There is no clue to the robber, for he was not seen by the clerk. Merchants and bankers are warned to be sure of the identity of anyone seeking to cash money orders from Colorado Springs and to notify the authorities if any of the stolen numbers is presented.

Two Held for Inflammatory Speeches.

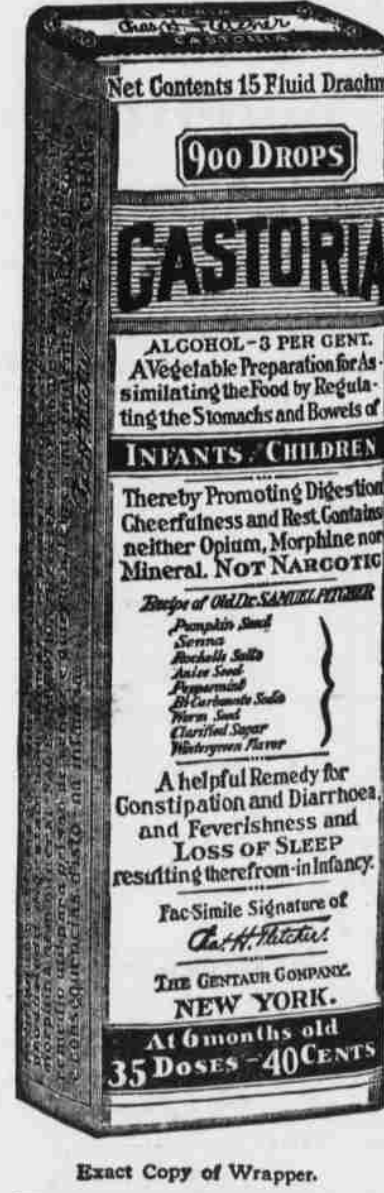

Sioux Falls, S. D.—William Bosing and George Korski, who, it is alleged by witnesses, were making inflammatory speeches on Seney Island here, were held on a charge of criminal syndicalism preferred by State Attorney Waggoner. Bosing, it is said, advocated the overthrow of government and its destruction of crops on farms as the only means of obtaining higher wages. Both men carried membership cards of the Industrial Workers of the World.

Shame on Them.

PERHAPS there are a few mothers who do not know the virtues of Fletcher's Castoria. Perhaps there are a few who know that there are imitations on the market, and knowing this demand Fletcher's. It is to ALL motherhood, then, that we call attention to the numerous imitations and counterfeits that may be set before them.

It is to all motherhood everywhere that we ring out the warning to beware of the "Just-as-good". For over thirty years Fletcher's Castoria has been an aid in the upbuilding of our population; an aid in the saving of babies.

And yet there are those who would ask you to try something new. Try this. Try that. Even try the same remedy for the tiny, scarcely breathing, babe that you in all your robust womanhood would use for yourself. Shame on them.

Small Girl About Right, If Bad Man Did His Full Duty Without Fear or Favor.

As Mason Mount, superintendent of the Howe button factory, of Petersburg, was reading his evening paper, his little daughter, Mary, age six, was playing on the floor. Tiring of play, she crawled to her father's knee and asked him:

"Does the bad man get all the people who are bad?"

The father, not looking up from his paper and a little provoked by the interference, replied, "I suppose."

The child studied for a minute, and then said:

"Does he burn them all up? Some little boys told me he did."

Again the father replied that he supposed he did.

Again the child, not satisfied, asked the father where they went after he burned them all up.

The father, irritated, replied that he supposed they all went to ashes.

The child studied for a few minutes, and then said: "Gee, he must have an awful job carrying out ashes."—Indianapolis News.

A cantankerous person, says the London Morning Post, told the vicar whom he had come to see on some local matter that he was an atheist.

"No, I do not," replied the man almost savagely.

The vicar rang his bell. "John," said he to his servant, "show this man to the door and keep your eye on him until he is beyond the reach of my hat and coat in the hall."

The Budget for 1922 county expenses will be approved by the Board of County Commissioners on Saturday 30th at which time a representative of the State Tax Commission and State Tax Payers Association will assist in the preparation of the budget.

The New Tax Law

The new tax law is rather harsh for the present times, but under the law, the officers have no other course but to obey. The 1921 Legislature passed a tax law which requires the County Treasurer to tax a penalty of 5 per cent on all taxes when delinquent. This is in addition to the 1 per cent per month interest provided by law. The above named law provided that the penalty would not apply in cases where all the 1920 taxes are paid prior to August 1st. Under this law Saturday, July 30th, is the last day in which taxes can be paid for the year 1920 without the 5 per cent penalty. As provided by law, notices will be sent to all tax payers whose taxes are delinquent, advising them of that fact, and also stating that unless said taxes are paid forthwith, a complaint will be filed in the District Court to adjudicate the lien of the State on the real property, and detain proceedings instituted to collect the personal property tax. About 71 per cent of the 1920 taxes, and 90 per cent of the 1919 taxes have thus far been paid.

Folk Dance in Court

Sacramento, Calif., July 28.—The question of whether folk dances as taught the public school there are immoral was submitted on briefs in the court of appeals in the case of C. C. Hardwick against the trustees. Hardwick's two children were expelled because the parents refused to allow them to participate in the dance given as a part of the physical training course on the ground it was contrary to their religious belief. Hardwick lost in superior court, where he sued to compel reinstatement of his children and for \$500 damages. Judgement was given the trustees when Harkwick's attorneys failed to amend their complaint after the court had sustained the defendant's demurrer.

\$25.35 Is the Daily Wage of a College Student. How Much Do You Make? It Pays to Get an Education.

A job that pays \$25.35 per day would be considered a pretty fair job these days, wouldn't it? For a boy of from 14 to 18 years of age that much money would be considered as impossible. Yet \$25.35 is the daily wage earned by the high school boy during the time he is in school, according to Theodore Lindquist, head of mathematics in the Kansas State Normal school.

This estimate of the money value of an education is based on an investigation made several years ago by a committee from the Brooklyn, N. Y., teachers' association. This committee made a study of the wages received by men in various industries of New York City.

In this investigation the difference in the yearly wage of the man who quit school at 14 and the one who stayed until he was 18 was found to be \$150 at 18 years, \$275 at 20 years and \$912.52 at 25 years. Differences after 25 years were not compiled. It is shown that although one man stayed in school four years longer than another, the one with the education had earned by the time he was 26 years old, a total of \$7,337.50, while the other had earned \$5,112.50. The difference of \$912.50 in yearly salary at the age of 25 is equal in earning power to an investment of \$18,250 at 5 per cent. This capital, Dr. Lindquist shows was earned by the boy during the four years he remained in school from 14 to 18 years age. This gives him a wage of \$4,562.50 per year in school, \$126.74 per week or \$25.35 per day.

The same investigation showed the average college graduates to be earning a yearly salary of \$2,400 compared with \$1,597 for high school graduates and \$657 for those with only an elementary education.---Albuquerque Journal

Miss Ellen Stroud, Primary teacher in our school, has returned home from Silver City Sunday.

She reports a very pleasant and profitable summer in Silver City and is very favorably impressed with the work of the Normal School there.

Mrs. Laurence Knowles of Midford Texas, and Mrs. Ethel Drake of Hamilton Texas, who are visiting their mother Mrs. R. M. Stroud of this place, accompanied by their brother Mr. Clarence Stroud and Robert Knowles, son of Mrs. L. Knowles made a trip out on the plains Monday.

The ladies after driving over the country for several hours viewing the fine crops wheat, corn maize and beans, and vast extent of plains covered with a luxuriant coat of grass over which roamed hundreds of white faced cattle, returned home late in the afternoon.

Mrs. Knowles is very much impressed with the resources and delightful climate of New Mexico and thinks they will locate in the state some in the near future.

Subject: Essentials of a Revival as seen from 2 Chron. 7: 14

1. Humility. 2. Prayer. Seeking the face of the Lord. 4. Turning away from all sins.

This insures the blessings of the Lord as promised.

1. I will hear from Heaven. 2. Forgive their sins. 3. Heal their land.

Precious Promises, 2 Peter 1: 4.

The promise of pardon of sins is very great.

The promise of the overcoming power of Jesus is great. "The seed of woman shall bruise the serpent's head."

The promise of the Holy Spirit is great.

To the christain his promise for overcoming strength is great. "In weakness my Grace is sufficient."

His promise for strength in service is great. "I can do all through christ which strenghteneth me.
