DEMOCRATIC COMMITTEE

WILL MEET TODAY AND TRY TO FIX IT

Their H-e-r-m-e-n-y is to be H-e-r-m-e-n-y-i-s-e-d perhaps.

The Democratic central committee are to meet today for the purpose of putting out two candidates for commissioner, one for precinct No. 2 and one for precinct No. 3. The cause of this was on account of the central committee asking the nominee, J. L. Johnson, of precinct No. 2, to resign so as to give the place to some Mexican citizen, and in consequence of this action on the part of the central committee the nominee for commissioner of precinct No. 1 resigned, hence the two vacancies on the ticket to be supplied at the meeting today.

It doesn't matter just how the central committee get around this bit of trouble the mistake has been made and no amount of "fixing" will right it. The Mexican citizens of Otero county and New Mexico are made to realize more and more each year where their best interests are in the Republican party—the party of and for the whole people.

CULLOM HAS LONG LEAD

Is Choice of Republican Party in Illinois for Senate—Cannon Returned to Congress.

Chicago, Ill., Aug. 4.—The Republican voters of Illinois made it known at the primaries today that they wished Senator Shelby M. Cullom returned to the United States Senate. After one of the most spectacular political campaigns ever seen, Senator Cullom won Cook County by a plurality of more than 17,000, while down State what meager returns are in indicate that he has secured districts enough to assure him victory over his principal opponent, former Gov. Richard Yates. Senator Cullom's plurality in the State is estimated at from 25,000 to 50,000.

All the parties in the State held their primaries today, and the new primary law, passed last spring by a special session of the Legislature, was pronounced an unqualified success. Of all the candidates, either Democratic or Republican, Congressman Lorimer of the Sixth District and Congressman James R. Mann of the Second District put up the most spirited campaign for renomination. They both won their districts by handsome majorities.

In the Eighteenth District Joseph G. Cannon, Speaker of the House of Representatives, had no opposition, and his renomination is assured.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. "CONFIDENCE UNSHAKEN"

SAYS MR. G. J. WOLFINGER

Clinches His Faith to Alamogordo and its Future.

So says G. J. Wolfinger's advertisement. Mr. Wolfinger is thoroughly acquainted with the resources of this city and though the railway shops move, and while we will all regret to see the shops removed, yet we have many good things left. We have the only real pure water supply in this end of New Mexico, with other mountain springs undeveloped. We have the best all-year climate in New Mexico. We have the great American Co-operative Sanatorium which is to be the largest institution of its kind in the world. We have the most beautiful park in the Southwest, and the prettiest town in New Mexico with miles and miles of shaded streets. We have a class of the most intelligent people in America, both among native born and those who have adopted this country as their home. We have the New Mexico Baptist College which is destined to be the leading institution of learning in the Southwest. We have the New Mexico Institute for the Blind, the most perfectly equipped and conveniently and comfortably apportioned building of its kind in the Southwest. In short, we have much to be proud of and very little to cause regret.

Mr. Wolfinger is one who helps make Alamogordo with his money and shrewd business methods, and as long as Alamogordo can support and afford such enterprising and substantial citizens as G. J. Wolfinger just so long will our "confidence be unshaken."

To The People of the Territory of New Mexico.

[New Mexico papers please copy.]

The New Mexico Institute for the Blind will open on Monday, Sept. 10, 1906. All blind and partially blind children of the Territory, sound in mind and body, will be admitted as pupils of the school. As in the states, the law of the Territory provides the age limits to be from 5 to 21 years. Our school course embodies the literary course as in the public schools, and in addition to this we propose to teach other branches. We will have experienced teachers for each department, and music, vocal and instrumental, as well as physical culture, and the proper use of the hands, which is very necessary for blind people, will be taught. The institution affords to every blind child in the Territory the same privilege for acquiring an education as is given to their more fortunate brothers and sisters. It gives free board and lodging, tuition, laundry, medicines and other necessities, absolutely free of charge. Only those who are able to contribute will be charged the actual cost for board, etc. Parents of blind children may safely intrust them to the fostering care of the school and its management. S. H. Gill of Tennessee, who was for nine years instructor in the Tennessee school for the blind, situated at Nashville, is Superintendent of the institution, and Miss Louise Butler, who also has experience in teaching blind children, and others suited for this work will be in charge.

There seems to be a predisposition on the part of the public in general to aid in this important work, and I most sincerely hope that all people in the Territory having children who are eligible to this school, will awaken to a keen sense of ap-

preciation for the generous invitation which New Mexico extends through its general assembly to them. I shall begin correspondence at once with those whose names have been handed to me, I specially request physicians, directors of schools, men in public offices, and others who may know of blind children in their sections, to assist us in locating them. A postal card with name and address of parents, or guardians sent to the Institute will suffice.

Thanking the public and the press in advance for any courtesies or favors which may be extended, I am,

Yours sincerely,
S. H. GILL.

"LOOKS GOOD TO ME"

SAYS MR. GEORGE WARNOCK

And no Arrangements Made to Move but Buying More Hardware.

George Warnock is the right kind of a citizen to have around. He is made of the right kind of stuff to have in a man, both as a citizen and business man. He is not one of these "shakey fellows," but with steady business nerve he announces in his today's advertisement that "Alamogordo Looks Good to Me." Nero may have fiddled while Rome burned but George Warnock is not fiddling while our lame backs are watching with tear stained cheeks the tearing down of the round house, but continually buying more hardware because his trade demands it. With our boundless and wonderful resources yet undeveloped; with capital just now coming this way; with the eyes of eastern wealth fixed upon us; with the brightness of a glorious future beckoning us onward; with all to gain and nothing to lose, would you expect such a business man as George Warnock to cast a gloom over his own business career by moving, too, just because part of the round house has been torned down? Not much. And we, too, are right here to stay.

Depot Changes.

E. F. J. McCarthy has resigned the agency of Southwestern railroad at this place and former Depot Cashier O. H. Evans has been promoted to the agency. A. Huth, assistant ticket agent, has been promoted to the position of depot cashier and still retains his place at the ticket window. Mr. Evans is the very fellow for his new position. He is acquainted with everybody in this section and is a man of fine business qualifications. Mr. Huth has been employed at depot here several years. He is known as an honorable gentleman and hard worker and is very deserving of the promotion given him. Mr. Huth owns a beautiful little home on Virginia avenue and is one of our best citizens. With the affairs of the Southwestern railroad at this place in the hands of Messrs Evans and Huth the interests of the railroad will be properly managed and the public will be courteously treated.

I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbin has done me." Sold by W. E. Warren & Bro.

BAPTIST COLLEGE

TO OPEN SEPTEMBER 25, PROX

Prof. J. F. Borex Elected President and a Big School will be Conducted.

Prof. J. F. Borex of Portales, N. M., has been elected to the presidency of the New Mexico Baptist college at this place, and he and family will arrive here in a few days. The school will open on Sept. 25, prox., and it is expected that a good attendance will be here from all parts of the Territory and other states. Prof. Borex has had fourteen years of college work, and the management of the college feel that they have secured a strong man for the place.

With the advertising that will be given this place on account of Sanatorium to be located here the New Mexico Baptist College should be able to maintain the strongest school in the southwest at Alamogordo—where God and nature have done much for the benefit of mankind.

By taking advantage of our climate a winter school can be carried on with a college full of pupils from the north and east.

The Republican Situation.

The county Republican situation is soon to organize itself for work. Just the time to hold the convention has not yet been decided. The Republicans are not in favor of a long drawn out campaign. The people of the county are a business people and have something else to do besides listen to the "cry of the candidate" any more than they have to. Yet politics are necessary and must be indulged in once in two years in order to keep the machinery of the county affairs running.

As to our present county officials being renominated for this year's ticket can not be told, as no action has been taken, though it is generally understood that they will. Two years for county officials is very short especially in view of the expense candidates must stand in a campaign. We wish it was so that candidates wouldn't have to spend money in campaigns, but it is the case, nevertheless, and Republicans and Democrats are subject to the same campaign misfortune. Ordinarily we are opposed to the third term plan but strictly in favor of a second term. Where an official has filled the office fairly, honestly, intelligently and with satisfaction it is right to give a second term. Filling a public office isn't such a snap as some seem to think. Many hundreds of different people must be dealt with and the official who can deal with all and not make an enemy would be a wonder. To do one's duty as the law directs is all any official can do, no matter who he is or of what political faith. With these things in view it becomes our duty as citizens to exercise charity towards our public officials from president of the United States down to constable. To be and make a true official is the highest ideal of public life, and to be a law abiding and charitable citizen is the highest ideal any citizen can hope for.

MISSISSIPPI GOVERNOR

Takes Advantage of Every Fool Thought of Which a Fool is Capable.

New Orleans, La., Aug. 4.—An appeal by Gov. Vardaman of Mississippi to white voters to select State legislators who will vote to stop granting appropriations for the education of negro children is reported from Brookhaven, Miss., where the Governor today addressed a farmers' meeting. Of the negro question in Washington, D. C., Gov. Vardaman said there is need of a "Jim Crow" law reserving certain seats for negroes in that city. He said Southern Congressmen do not propose the enactment of such a law, because they are afraid of criticism. He declared that if chosen to represent Mississippi in the Senate he would offer such a bill at least once a year. He said that he would rather be instrumental in securing the repeal of the Fifteenth Amendment than to wield the scepter of King Edward.

ILLINOIS PRIMARY LAWS

Has Its First Trial in That State and Gives General Satisfaction.

Chicago, Ill., Aug. 4.—For the first time in the history of Illinois, all the primaries of all the parties were held on the same day and the voters were given an opportunity to name their preference for candidates from United States Senator down to Sheriff. The new primary law enacted by a special session of the Legislature last spring was given its first trial today and gave general satisfaction. In the tempestuous districts in Chicago the vote was large, but in the districts where there were no local contests a pathy was manifested by the voters and in these sections the vote was so light that it pulled down the total of the city to slightly over 120,000 out of a total registration of 375,000.

ASKS AUDIENCE WITH POPE

William J. Bryan Wishes to Explain His Political program to the Pontiff.

Rome, Aug. 3.—William J. Bryan is expected here next week. He has asked for an audience with the Pope, wishing, it is reported, to explain his political program, in view of his belief that three-fourths of the American Catholics belong to the Democratic party.

Arrested for Assault.

Peter Gisek of the Sacramento river community swore out a warrant for the arrest of Chas. Davis and Geo. Williams on a charge for assault with deadly weapons, Davis and Williams live in Artesia, N. M., and claim that they were in the woods hunting with a 22 target and did not know that Gisek was near. Gisek claims that they want to kill him to get rid of him. The trial was set for yesterday at this place.

Summer Diarrhoea in Children.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockland, Pastor of the first M. E. Church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." We stand for an economical administration of county affairs so that the county may be freed from burdensome debts, and a strict enforcement of just laws.

We stand for the great principles of the Republican party, and endorse the administration of Theodore Roosevelt, President of the United States.

W. J. Bryan is so busy running for President of the United States of America while on the other side of this world of ours he may not get back in time to "strike the key note of the 1908 Democratic campaign." The latest from Bryan says that he is going to see the Pope, and that he (Bryan) believes two-thirds of the Catholics in America are Democrats. Of course the Pope doesn't know anything about the politics of American Catholics, and as Mr. Bryan has just finished giving a piece of advice to England's Parliament and was permitted to speak with King Edward, he will stand a good show with the Pope. This Bryan boom is a little peculiar. It takes place while he is interviewing the King of England, talking politics with the Pope, and posing for his "latest photograph," while in America he hasn't influence enough to control John Sharp Williams.

Democratic Texas, with her 250,000 Democratic majority, isn't able to produce an election law that is sensible and one that will prevent juggling among politicians. The recent primary election whereat four candidates were on the ticket for governor has proven a grand disgust to sensible people of Texas. As it stands the candidate who did not get the greatest number of votes in the primary election may be nominated by the state convention, thus showing the failure of the choice of the people as to the candidate for governor. And, it is also claimed that it took four lawyers to every clerk at the polls in order that the monstrosity election law might be legally interpreted. What a pity, even in Texas.

Col. J. E. Edgington, in last week's Advertiser, evens up with the forest reserve advocates, especially a forester official. It will be remembered that immediately after our county commissioners took steps to oppose this forest reserve move this paper and some influential Republicans also took steps by our influence with our Delegate to Congress, Hon. W. H. Andrews, that he might take the necessary steps to defeat the proposed measure, and we believe it will be attended to just as it should be.

That little scheme of some one at county Democratic convention to "hand round" ballots with Denney's name on under side doesn't sound well and pleasing to the ears of some. More than one might have been onto it, however. One delegate said: "I tore it up right before his eyes." This delegate did right. A free born American citizen needs no trick of any kind in an election of any kind. Independence is the key note of our American government.

The Advertiser's last week's personnel of the Democratic nominees omitted that of Mr. J. L. Johnson, nominee for commissioner of precinct No. 2. This, however, might have been done

to satisfy the Democratic ticket inasmuch as Mr. Johnson was asked to withdraw, and that the stereotyped taffy could be applied to the appointed candidate instead of Mr. Johnson, the regular nominee.

"No, the El Paso dictator has not yet spoken, and in consequence no one yet knows who's who in the Republican camp."—Advertiser, Aug. 4, 1906.

It's a cinch and well known that a little dictation wouldn't hurt your party, but it is very questionable whether your "Moses" is able to lead you out of your present muddled Democratic wilderness.

And now that prosperous and beautiful little city of La Luz is threatened with an affliction of journalism by two or more gentlemen who, from the manner of their address, may be Harvard escapes. The plague is to appear in a weekly form of a mixture of English, Spanish and Greek! La Luz, you have our sympathy.

A gentleman who is in the habit of figuring pretty closely says: "Take Rockefeller's millions and divide it a socialism and it would give every man, woman and child in the United States seven millions each, and still leave millions with Mr. Rockefeller." My, but we are almost persuaded!

There were so many killings in Texas over the recent primary election that the Houston, Texas, Chronicle was made to remark that: "It will take two years to bury the dead." The first trial of Terrell election law has about thrown Texas back in the 1840 column.

Both Senators of Texas, Bailey and Culberson, were for Judge M. M. Brooks for governor, and the latest from the primary election says that Brooks is "hind man." Is it possible that Texas can afford to turn down the wishes of Joe Bailey and Charley Culberson?

A leading Democratic journal says that the trouble with W. J. Bryan is that he has too many "fool friends." This is certainly the truth, since he has been "fooled" into two presidential campaigns, and now is about to be "fooled" into another.

Now that President Roosevelt has said again that he is not for the third term will the Democrats believe it, or will it be necessary for Mr. Roosevelt to write a book on "No Third Term for Me" and dedicate it to hard-headed Democrats?

When a man is in politics he is subject to criticism and the only way to play even is to rake up the other fellow's history.

While we are talking politics let us also plant a few turnip patches.

"Give the devil his dues" even though he is in politics.

TO REPUBLICANS:

We are anxious to have every Republican in close touch, and working in harmony with the Republican National Congressional Committee in favor of the election of a Republican Congress.

The Congressional campaign must be based on the administrative and legislative record of the party, and, that being so, Theodore Roosevelt's personality must be a central figure and his achievements a central thought in the campaign.

We desire to maintain the work of this campaign with popular subscriptions of One Dollar each from Republicans. To each subscriber we will send the Republican National Campaign Text Book and all documents issued by the Committee.

Help us achieve a great victory. JAMES S. SHERMAN, Chairman. P. O. Box 2063, New York.

Meets With Approval.

While the Connecticut tobacco growers have reason to feel jubilant, it is not alone a victory for them, for on this question of lowering the tariff of the Philippines there has been wide differences of opinion, but the majority of Republicans saw in passing the bill the danger of making a breach in our protective system which might widen through the establishment of a precedent. Senator Brandegee, in the Philippine committee, has done great service, work of a character which will meet the approval of the greater number of his constituents.—New London Day.

After the Debouch.

This latitudinarian Democracy is not going to hear Judge Parker. It wants something hot, something that will go to the spot, something that will make drunk come, and that is what it is going to have, if it has not already got it, which is likely. But a "morning after" will come, and then the pronouncements of Parker, of Lamar and of Thurman will again be embraced by the party of Jefferson, of Jackson and of Tilden, but that will be after the debouch.—Washington Post (Dem.).

Ability to See Everything.

A New York surgeon, says the International Journal of Surgery, occasionally takes an applicant for a position on the house staff of the hospital with which he is connected and bids him look out of a window and describe what he sees. Some men practically see nothing at all; others notice but a few things, not always the most important, while the balance appear to observe everything. It is from among the latter that the successful candidate is commonly chosen. It is to the men who see everything that every art and science is indebted for whatever progress they have made, and the surgeon's method of gauging the probable value of a young man's service has nothing in it that is trivial and unimportant.

Not Always a Statesman.

Governor Folk takes the stump to talk about the robber tariff. If there is one thing that he knows less about than any other, it is tariff. It is the making of Missouri in a business sense, yet the governor reviles protection. A good district attorney is not always a statesman of rank.—Buffalo News.

Brains Should Control.

Ex-Judge Parker speaks wisely when he advises the south to lead hereafter in Democratic politics. Where the brains are, there should the control be also.—New York Tribune (Rep.).

Interpreted.

"Father," asked the youth, "what is your understanding of the saying, 'The race is not always to the swift'?" "Practically, my son," replied the wise father, "it means that in the race of life the fast men don't usually come out ahead."—Catholic Standard and Times.

A Synopsis of Laws Governing Public Lands.

There are two kinds of filings on public lands open to the intending settler—the homestead and the desert entry. The former entry law has been repealed by Congress. Every citizen of the United States over 21 years of age, without regard to sex, is entitled under the law to 320 acres of public land. This he may file on as 160 acres homestead and 160 desert, or the whole 320 acres as desert, but he cannot take up the whole 320 acres as a homestead. Any married woman living with her husband or otherwise may take up 320 acres as a desert entry in her own name, independent of her husband. Any married woman separated from her husband and not divorced, but dependent for a living upon her own exertions, can file on a homestead, but not otherwise. Unmarried females of legal age, have, of course the same rights as males. Under the homestead law, after the filing has been made, a period of six months is allowed in which to build a house, move thereon and establish a residence. After a continuous residence of fourteen months, if the entryman grows a crop without artificial irrigation. Continuous residence upon the land is not required, but the law does require an expenditure of \$1 per acre for each and every acre filed upon each year for three years. This expenditure can be covered by improvements of any and all kinds made upon this land, whether in ditching, planting trees, building or some other way. At the expiration of each year after filing the amount of expenditure and improvements have to be returned to the district land office under oath corroborated by two witnesses. The law requires that one must own sufficient water to irrigate the whole tract by the end of four years, when final proof shall be made, and one must cultivate during those four years fully one eighth of the number of acres filed upon. At the end of four years, if the law has been complied with, one must pay \$1 an acre additional and then receive a patent for the land. As to the use of land scrip, any citizen who wants a piece of land not already acquired can take it up, the number of acres unlimited, by placing with the district land office scrip sufficient to cover the amount of acreage. There is very little scrip left, however. It was issued by the government for the benefit of soldiers, colleges, etc.

Contest Notice.

DEPARTMENT OF THE INTERIOR—UNITED STATES LAND OFFICE.

Las Cruces, N. M., June 18, 1906. A sufficient contest affidavit having been filed in this office by Henry E. Brubaker, contestant, against E. H. Beachamp entry No. 207, made April 23, 1903, for SW 1/4 section 9, T. 15 S., R. 10 E., by J. H. Beachamp, contestee, in which it is alleged that "said J. H. Beachamp has wholly abandoned said land and has not resided thereon as required by law, and that said alleged absence from the said land was not due to his employment in the Army, Navy or Marine Corps of the United States as a private soldier, officer, seaman or marine, during the war with Spain, or during any other war in which the United States may be engaged." Said parties are hereby notified to appear, respond and offer evidence touching said allegation at 10 o'clock a. m. on August 20, 1906, before H. R. Major, Probate Clerk Otero County, Alamogordo, N. M., and that final hearing will be held at 10 o'clock a. m. on August 20, 1906, in the Register and Receiver at the United States Land Office at Las Cruces, N. M.

The said contestant having, in a proper affidavit, filed June 22, 1906, set forth facts which show that after due diligence personal service of this notice can not be made, it is hereby ordered and directed that such notice be given by due and proper publication. 1st inst June 30 06.
