When buying an article of food you are entitled to know exactly what you are buying -its quality and ingredients.

If this information is refused don't buy it. Some of the low grade baking powders are

It is well when buying to examine the label on the can. Unless it shows the ingredient cream of tartar, don't buy it.

Are You Nervous?

What makes you nervous? It is the weakness of your womanly constitution, which cannot stand the strain of the hard work you do. As a result, you break down, and ruin your entire nervous system. Don't keep this up! Take Cardui, the woman's tonic. Cardui is made from purely vegetable ingredients. It acts gently on the womanly organs, and helps them to do their proper work. It relieves pain and restores health, in a natural manner, by going to the source of the trouble and building up the bodily strength.

U Woman's Tonic

Grace Fortner, of Man, W. Va., took Cardui. This is what she says about it: "I was so weak and nervous, I could not bear to have anyone near me. I had fainting spells, and I lost flesh every day. The first dose of Cardui helped me. Now, I am entirely cured of the fainting spells, and I cannot say enough for Cardui, for I know it saved my life." It is the best tonic for women.

Do you suffer from any of the pains peculiar to women? Take Cardui. It will help you. Ask your druggist.
