County Clerk

VOLUME IV

BELEN, NEW MEXICO, JULY 27, 1916.

NUMBER 35

## MOST DELEGATES ABOUT BURSUM.

The efficient action and the wisdom with which the Mr. Bursum's adherents have worked since they resolved to support his candidacy have the best result given. Most delegates to State Republican Convention have agreed to nominate Mr. H. O. Bursum Governor Republican Candidate next 23rd August.

Several times we have discussed in this paper that Mr. Bursum is at present the citizen whose personality joins the principal characteristics to be a real ruler, a republican impeller of New Mexico's people, a developer of every one of the natural resources of the State and of the good intellectual disposition of the women and men.

Mr. Bursum is a wise and experienced man. His attainments concerning official matters are bright and steady. His knowledge about the people has a latitude no duplicated for any other citizen of New Mexico. He has cultivated close and cordial friendship with both anglo-american and hispano-american people.

For these conditions Mr. Bursum will beat all his competitors and we will see the triumph the coming 23rd. day of August.

The Albuquerque Journal has figured the votes in the Convention as follows:

BURSUM	ROMERO
Bernalillo 25	Guadalupe 3
Chavez 4	Mora 15
Colfax 14	San Miguel 30
Curry 2	Santa Fe 18
Dona Ana 13	Taos 7

## From Camping in Arizona.

Mr. and Mrs. L. C. Becker, Mrs. John Becker, Mr. Hash and Mrs. Fred Becker, who went to spend some weeks in the Rock Mountains of Arizona, are expected today in return of their vacation trip.

## Sunday School

### Nice Meeting.

Dr. Raley, State Secretary of Sunday School Association of Arizona and New Mexico, came to Belen to visit the Sunday schools and a meeting of the children, students of Methodist and Lutheran Churches, was held. Dr. Raley addressed the children and his heartful speech moved the innocent soul of the children.

## A. E. JAMES AND THE TAXPAYERS'

Santa Fe, N. M., July 25.

The July number of the New Mexico Tax Review, issued today, contains a complete statement of all New Mexico tax levies for 1915, with an interesting analysis by Director A. E. James of the Taxpayers' Association, of their relation to the state's new tax laws. The analysis includes a strong argument for a state budget system. It shows that the Taxpayers' Association, co-operating with county authorities and the state tax commission, effected reductions in the levies originally returned, in twenty one of the twenty-six counties, ranging from 13-cents in Dona Ana county to \$82,000 in Grant county, and totaling \$343,286.73. The article, which is a complete statement of all levies of all classes, compared with these of 1914, forms the foundation for a permanent comparative record of tax levies in every county, municipality and school district in the state, as well as for the state tax levies. New Mexico municipal levies, it is shown, would have scored a decrease for the year, but for the increase of \$15,000 in the municipal levy at Raton, which resulted in an increased for the total municipal levy of about \$8,000.

Another article of general interest in this number is that dealing with the financial status of state institutions other than educational which do not keep their funds on deposit with the state treasurer, but make their own collections. It is shown that several of these institutions are borrowing money in violation of state law. Concentration of all funds in the hands of the state auditor and state treasurer is urged.

## THE STATE FAIR

Albuquerque, N. M., July 27.—The arrival of Phil Le Noir in Albuquerque to take charge as secretary of the state fair commission was the event of chief interest in connection with the fair last week. Mr. Le Noir succeeds the late R. W. Wiley in that position, and will take up the aggressive campaign for a successful fair where M. Wiley left off.

No better selection for the important post of secretary could have been made than that of Mr. Le Noir. As secretary of the Las Vegas chamber of commerce and of the Cowboy's Reunion which has been held in Las Vegas, he has been conspicuously successful, combining

(Continued on 4th. Page)

## THE INTELLIGENT MANAGEMENT OF A PUBLIC INDUSTRY.

Thousands of Dollars Saved Annually By the Introduction of Modern Methods in the Post Office Department.

The interest of people in public affairs is considerably heightened when they learn that the revenues of the Government are wisely and judiciously managed. A statement of economical expenditure which is susceptible of proof will always attract attention and please the thoughtful reader.

Among the varied industrial enterprises of the Post Office Department in Washington is an establishment devoted entirely to the manufacture of mail locks and the bag attachments used in mail transportation. When this administration came into power, the Department sorely need an improved type of lock. The shop was immediately reorganized, placed on a business basis, and its activities enlarged so as to meet this imperative demand. Within a very short time a new greatly improved lock had been devised and its production begun.

The lock in use weighed 5½ ounces; the new one weighs 2 4-5 ounces. As 430,000 of this new product have been put into service, the difference in weight (the Government paying as much for the weight of equipment as it does for the mail itself) can be easily calculated. The locks replaced by this new and better style cost 21 cents each to make; those now being manufactured cost 8½ cents, direct and indirect charges considered, the saving thus shown on original cost of production to date amounting to \$53,750. Of the old style, 36,000 were annually returned for repair at a cost of about 9 cents each. Of the new style, out of the great number sent into the service, but 906 have been returned, and as these new style locks can be repaired at a cost of 3 cents each, the annual saving on this item will amount to over \$2,100.

The Department has in this administration encouragee its employees to give their best service to the Government and many instances have recently come to notice wherein the Department has greatly profited by this wise public policy. In the lock shop a recent achievement in this direction is an improved cord fastener, the work of three of its employees, for use on bags; also designed for locking large

quantities of parcel-post matter, which has heretofore been without this protection. It can be made at a very low price, requiring less material and a fewer number of operations. The significant part of this lies in the great number required in the service, between three and four millions, the output being 500,000 annually. As the cost has been reduced by the new method from 4¢ to 3 cents each, it will be seen what a splendid showing this makes for administrative economy.

Another valuable improvement has been the perfected locking cord fastener designed for use on tie sacks, something which the Department for years has need and vainly endeavored to accomplish. This device will be of great value to the postal service at large by increasing the capacity and efficiency of mail bags to a degree difficult to estimate. The methods and the proper encouragement of employees to take an active and earnest interest in their work, both of which desirable features this administration of the Department has favored and put into practice, is responsible for the many improvements made and the advantages gained.

Active experiments are constantly being made for the betterment of the service. For many years a tremendous expense has been the labeling of the immense quantity of mail bags in use. The form of label used in the past and still used by clerks all over the country is the doubling and refolding of what is known as a "facing slip." The preparation of these labels by the thousands has been and is an expensive proposition, yet there appears to have been no effort on the part of previous administrations to progress from the old method. Under present direction a perforated label in sheets and runs has been designed which is practically ready for use when furnished to employees. Every postal clerk in the country and thousands of post-office employees will find this new method of great advantage and it will result in a large economy in the service.

There have also been some other notable improvements made, viz., the substitution of steel where brass was formerly used, at a very considerable lessening of expense; a device for fastening foreign mail pouches, doing away with the old-fashioned method of string and seal; a scheme for saving twine by means of a simple holder which permits free and easy use

(Continued on 4th. page.)

## NEW MEXICO STATE UNIVERSITY.

Albuquerque, N. M., July 26.

Ralph F. Hutchinson, director of physical education in the New Mexico State University, in acquiring considerable fame and constantly increasing attention in the world of college athletics, as the only state University coach producing successful teams, who does not maintain a training table. Hutchinson, whose football and basketball teams emerged as champions last year and whose track team took second place in the interstate college meeting at Tucson, holds that the athletes who cannot maintain discipline in his appetites without the restraining aid of a training table and a guard, is not good sportman. He expects his men to enforce the rules against ameking and pastry for themselves. They generally do it.

Hutchinson's methods through his whole system are unique. Largely through his efforts, physical education is required of every New Mexico University student. Every student who enters is put through a careful physical examination. Women students are examined by Dr. Evelyn Frisbie, president of the New Mexico medical society. Hutchinson himself examines the men. Every physical weakness or defect of each individual is carefully charted a special course of training is planned to meet the needs of each individual student and correct his or her weaknesses. From a whole college of students every one of whom is in constant training Hutchinson expects to select his athletic team. He expects winning players to rise from the mass without other or forced selection, and he trains all alike to that end. The whole athletic training resources of the University are put at the disposal of all the students instead of at the disposal of the few who made up the athletic teams.

As much pains is taken with the youth who comes to the University a dab at football and other sports as with the youngster who comes up with a brave record of high school achievement behind him. The result has been the development of several stars from some meet unpromising material. This does not mean that athletic stars are not wanted at the University. They are, Hutchinson watches the high schools as closely and eagerly as any other college coach, and he is hugely planned this year to see coming to the University as part of its

## Dr. John Doe Cuts One of his Artery and Takes Poison.

Four weeks ago Dr. John Doe came to this town to practice medicine and settled his Office at Didier's Hotel. He looked a nice gentleman and was expected he would have been successful in his profession.

Saturday night about 8 o'clock some screams were heard in the room where Dr. J. Doe was on bed. Some one went on to inquire what was the matter and found that Dr. Doe had taken morphia and the same person at once tried that another Doctor attended the case. When Dr. Wilkinson entered the room disclosed that Dr. John Doe not only had cut his hand artery but too had took some morphia.

Some question were made to Dr. J. Doe and he did not answered something to them and only he said in very low voice: "I was happy." He was carried off to Albuquerque, where it is said has been put in jail.

## Albuquerque Shows a Recent Improvement.

The City electric car Company of commercial Capital of New Mexico, has accomplished the fact anxiously desired by the people of that town: that the electric cars may run to the University.

Today the City electric cars run to the University and there is rejoicing on University Hill. largest freshmen class some of the best high schools athletics yet turned out. But in the matter of training and practical physical education all are treated alike, with the same care. Required physical training is in force at several state Universities, but in none is it so consistently lived up to as in the University of New Mexico. So interested has Hutchinson become in the working out of his system and theories that he has refused several very flattering offers from eastern colleges.

With the slogan "A Healthy Mind in a Healthy Body" the University holds the record of gone through a college year, the last one, without a single case of critical illness among the bona fide students enrolled.

In addition to the University's fairly adequate gymnasium and athletic equipment University students during the coming college year will have at their disposal the splendid new gymnasium indoor track and swimming pool of the new Albuquerque Y. M. C. A., for the payment of merely a nominal fee.

**DELINQUENT TAX  
SALE COUNTY OF  
VALENCIA.**

I, the undersigned Treasurer  
Ex-Officio Collector of taxes for  
the County of Valencia in the  
State of New Mexico, hereby  
give notice that I will, on the  
first day of October 1916, at the  
hour of ten o'clock in the fore-  
noon, at the Court House of said  
County, offer for sale, separately  
and in consecutive order, each  
parcel of property upon which  
any delinquent taxes are shown  
by the tax rolls for the year 1915,  
or so much thereof as may be  
necessary to realize the respective  
amounts due, which sale shall  
continue until no later than four  
o'clock in the afternoon, and from  
day to day at the same hours, un-  
til all of said property shall be  
sold or until the amounts due  
shall be paid or realized, but such  
sale shall not continue for more  
than thirty days.

Following herewith is a list of  
the persons whose taxes are delin-  
quent with the amount of  
taxes which are delinquent set  
opposite said amounts being  
payable together with interest  
from the time they become delin-  
quent, and costs accrued  
thereon.

SILVESTRE MIRABAL,  
Treasurer and Ex-Officio Collec-  
tor of Valencia County,  
New Mexico.

**The "SILENT SMITH"**

—Model 8 shows what should now be expected of a typewriter.

Ball Bearing; Long Wearing

The success of the L. C. Smith & Bros. Typewriters has been due to the fact that the wants of the user have dictated its construction. The user has decided in favor of certain improvements now incorporated in Model 8. Among them are:

**Silence of Operation**—The most silent running efficient typewriter ever placed on the market. Absolute silence has been very nearly attained.

**Decimal Tabulator**—A help in billing and tabulating. There is no extra charge for this convenience.

**Variable Line Spacer**—Enables the operator to start on a given line and space from point of starting; also to write on ruled lines whose spacing varies from typewriter spacing. A great help in card work.

**Faster Ribbon Feed**—Insures new place of impact for each typeface.

**Choice of Carriage Return**—Upon special order the new left hand carriage return will be furnished in place of the right hand return.

All the important features of previous models have been retained—ball bearing carriage, typebars and capital shift, back spacer, key-controlled ribbon, removable platen, projected type, flexible paper feed and automatic ribbon reverse.

Write for New Catalog of Model 8. It will explain why the L. C. Smith & Bros. Typewriter is a synonym for superior service.

**We're Opposed To MAIL ORDER CONCERNS Because**

They have never contributed a cent to furthering the interests of our town—

Every cent received by them from this community is a direct loss to our merchants—

In almost every case their prices can be had right here, which delay in receiving goods and the possibility of mistakes in filling orders.

But—

The natural human trait is to buy where goods are cheapest. Local pride is usually secondary in the game of life as played today.

Therefore

Mr. Merchant and Business Man, meet your competition with their own weapons—advertising.

Advertise!

The local field is yours. All you need do is to avail yourself of the opportunities offered. An advertisement in this paper will carry your message into hundreds of homes in this community. It is the surest medium of killing your greatest competitor. A space this size won't cost much. Come and see or write us about it.

**Starck Pianos**

You Can Save \$150 By Buying Direct From Our Factory

**30 DAYS FREE TRIAL IN YOUR OWN HOME**

You can have a beautiful Starck piano in your own home for 30 days' free trial without paying anything in advance. All we ask is that you will play upon, use and test this piano for 30 days. If, at the end of that time, you do not find it the highest grade, sweetest toned and finest piano in every way, that you have ever seen for the money, you are at perfect liberty to send it back, and we will in that event, pay the freight both ways. This Starck Piano must make good with you, or there is no sale.

**Save \$150.00 or More**  
We ship direct to you from our factory, at prices that save you upwards of \$150.00 in the cost of your piano. We guarantee to furnish you a better piano for the money than you can secure elsewhere. You are assured of receiving a satisfactory sweet toned durable high grade piano.

**Easy Payments**  
You pay no cash down, but after 30 days of trial, you can begin payment on the lowest, easiest terms ever suggested by a piano manufacturer. These terms are arranged to suit your convenience, and you can buy a piano for your home without missing the money.

**25-Year Guarantee**  
Every Starck Piano is guaranteed for 25 years. This guarantee has back of it the reputation of an old established, responsible piano house. It means what it says.

**Free Music Lessons**  
To every purchaser of Starck Pianos, we give free 30 music lessons, in one of the best known schools in Chicago. You take these lessons in your own home, by mail.

**2nd hand Bargains**  
We have constantly on hand a large number of second-hand pianos of all standard makes taken in exchange for new Starck Pianos and Player-Pianos.

Knabe	\$135.00

(Continued from 1st. Page.)  
The Intelligent . . . . .  
without waste, and a flexible stamp design, for which the contract price was 34 cents, but which will now be made at a cost of but 8 cents. A mechanical pickup or facing table for use in facing and stacking letters in first-class post offices has also been developed and will soon be perfected. This device is considered superior to those now in use and costs less than one-third as much to manufacture. Those at present in use cost approximately \$1,500.  
It will thus be seen that the activities of the Post Office Department have been centered along lines which will not only produce large economies to the people of the country, but will prove a great convenience to those in the service. During the past three years two objects have been kept constantly in view, viz., saving the public money wherever possible and serving the people to the fullest extent. There was room for great improvement and there has been much accomplished. It is but common justice to award due credit in these administrative refinements to the Fourth Assistant Postmaster General, in whose behalf these measures of economy were developed and who has so faithfully devoted his time to that purpose.

**"Cured"**  
Mrs. Jay M. Gee, of Stephenville, Texas, writes: "For nine (9) years, I suffered with womanly trouble. I had terrible headaches, and pains in my back, etc. It seemed as if I would die, I suffered so. At last, I decided to try Cardui, the woman's tonic, and it helped me right away. The full treatment not only helped me, but it cured me."

**TAKE**  
**Cardui**  
The Woman's Tonic

Cardui helps women in time of greatest need, because it contains ingredients which act specifically, yet gently, on the weakened womanly organs. So, if you feel discouraged, blue, out-of-sorts, unable to do your household work, on account of your condition, stop worrying and give Cardui a trial. It has helped thousands of women—why not you? Try Cardui. E-71

**RAILROAD WAGES**  
Shall they be determined by **Industrial Warfare or Federal Inquiry?**

To the American Public:  
Do you believe in arbitration or industrial warfare?  
The train employes on all the railroads are voting whether they will give their leaders authority to tie up the commerce of the country to enforce their demands for a 100 million dollar wage increase.  
The railroads are in the public service—your service. This army of employes is in the public service—your service.  
You pay for rail transportation 3 billion dollars a year, and 44 cents out of every dollar from you goes to the employes.  
On all the Western railroads in 1915, seventy-five per cent of the train employes earned these wages (lowest, highest and average of all) as shown by the pay rolls—

	Passenger		Freight		Yard	
	Range	Average	Range	Average	Range	Average
Engineers . . . . .	\$1747	\$2195	\$1537	\$2071	\$1056	\$1378
Conductors . . . . .	1543	1878	1454	1935	1151	1355
Firemen . . . . .	1053	1317	751	1181	418	973
Brakemen . . . . .	854	967	874	1135	862	1107
	3094		3076		2445	
	2789		2933		2045	
	2078		2059		1552	
	1719		1961		1821	

The average yearly wage payments to all Western train employes (including those who worked only part of the year) as shown by the 1915 payrolls were—

	Passenger	Freight	Yard
Engineers . . . . .	\$2038	\$1737	\$1218
Conductors . . . . .	1772	1624	1292
Firemen . . . . .	1218	973	832
Brakemen . . . . .	921	1000	1026

A 100 million dollar wage increase for men in freight and yard service (less than one-fifth of all employes) is equal to a 5 per cent advance in all freight rates.  
The managers of the railroads, as trustees for the public, have no right to place this burden on the cost of transportation to you without a clear mandate from a public tribunal speaking for you.  
The railroads have proposed the settlement of this controversy either under the existing national arbitration law, or by reference to the Interstate Commerce Commission. This offer has been refused by the employes' representatives.  
Shall a nation-wide strike or an investigation under the Government determine this issue?  
National Conference Committee of the Railways  
ELISHA LEE, Chairman.

**RESTORATION TO ENTRY OF LANDS IN NATIONAL FOREST.**

NOTICE is hereby given that the lands described below, embracing 84.60 acres, within the Manzano National Forest, New Mexico, will be subject to settlement and under the provisions of the homestead laws of the United States and the act of June 11, 1916, (34 Stat., 233), at the United States land office at Santa Fe, New Mexico, on September 16, 1916. Any settler who was actually and in good faith claiming any of said lands for agricultural purposes prior to January 1, 1908, and has not abandoned same, has a preference right to make a homestead entry for the lands actually occupied. Said lands were listed upon the applications of the persons mentioned below, who have a preference right subject to the prior right of any such settler, provided such settler or applicant is qualified to make homestead entry and the preference right is exercised prior to September 16, 1916, on which date the lands will be subject to settlement and entry by any qualified person. The lands are as follows: The N1-2 SW1-4 Sec. 26, T. 12 N., R. 9 W., N.M.P.M., 80 acres application of Emerson J. Hyde, Grants, New Mexico; List 3-3809. A strip of land 30 feet wide within Sec. 6, T. 11 N., R. 8 W., excepted from List 3-1217 and 3-1374, heretofore restored described as follows: Beginning at a point .25 chains south of the northwest corner of Sec. 6, T. 11 N., R. 8 W.; extending thence 15 feet on each side of a line running S. 46° 30' E., 6.87 chs.; thence S. 70° E., 5.30 chs.; thence N. 53° E., 6.30 chains, thence S. 63° 30' E., 38 chs., to the place where the end of the strip crosses on the boundary of the tract, the net area hereby listed being 2.60 acres, application of Mateo Turrieta Grants, New Mexico; Supplemental List 3-1374. A strip of land 1 chain wide within Sec. 34, T. 10 N., R. 12 W., excepted from List 3-2721 heretofore restored, described as follows: Beginning at a point on the boundary from which the northwest corner bears north 5.50 chains, extending thence 50 links on each side of a line running east 20 chains to the place where the end of the strip crosses with the boundary of the original tract, the net area hereby listed being 2 acres, application of Jesus M. A. Gonzalez, Cold Springs, New Mexico; List 3-2721 (Supplemental).  
June 28, 1916. D. K. PARROTT, Acting Assistant Commissioner of the General Land Office.  
F. P. July 20. L. P. Aug. 10.

Stings or bites of insects that are followed by swellings, pain or itching should be treated promptly, as they are poisonous. **BALLARD'S SNOW LINIMENT** counteracts the poison. It is both antiseptic and healing. Price 25c 50c and \$1.00 per bottle. Sold by All Dealers.

**Very Serious**  
It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine—  
**THEDFORD'S BLACK-DRAUGHT Liver Medicine**  
The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not irritate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger sale than all others combined.

**PURITAN UNDERMUSLINS**  
are made as you would make them for yourself  
The fabrics and trimmings are dainty and durable.  
They are cut full and well proportioned.  
The seams and stitching are neatly and carefully done.  
And, Puritan Undermuslins keep pace with styles in outer apparel.  
This is seen in the flaring skirt, the wide circular drawer, the wing sleeve corset cover and the envelope chemise.  
Ask for Puritan Undermuslins.

**The John Becker Company.**

**Oh, You Skinny!**  
Why stay thin as a rail? You don't have to! And you don't have to go through life with a chest that the tailor gives you; with arms of childish strength; with legs you can hardly stand on. And what about that stomach that flinches every time you try a square meal? Are you a pill-feeder?  
DO YOU EXPECT HEALTH AND STRENGTH IN TABLOID FORM—THROUGH PILLS, POSITIONS AND OTHER EXPROTRIED PIFFLE? YOU CAN'T DO IT; IT CAN'T BE DONE.  
The only way to be well is to build up your body—all of it—through nature's methods—not by pampering the stomach. It is not fate that is making you a failure: it's that poor, emaciated body of yours; your half-sickness shows plain in your face and the world loves healthy people. So be healthy—strong—vital. That's living. Don't think too long; send 4 cents in stamps to cover mailing of my book, "INTELLIGENCE IN PHYSICAL CULTURE," written by the strongest physical culture instructor in the world.
