GOVERNMENT GETS INJUNCTION AGAINST COAL STRIKE; MINERS WILL DO REGARD IT

TROOPS MOVED TO POINTS NEAR STRIKE CENTERS AND GEN. WOOD PUT IN COMMAND

Officials of American Federation of Labor Call on Attorney General Palmer to Protest Against Action of Government in Obtaining Injunction Against Coal Strike—Plans Will Not Be Changed.

WASHINGTON, Oct. 31.—Additional troops, drawn from military departments which apparently will not be concerned with the coal strike, have been moved to points in the central department and placed under command of General Wood, Secretary Baker said today.

Officials of the American Federation of Labor protested in Attorney General Palmer today against the action of the government in obtaining an injunction against the coal strike.

Samuel Gompers, president of the federation, did not accompany the delegation, but an engagement was made for him to see the attorney general later.

Mr. Gompers, Secretary Morrison and Matthew Well, vice president of the American Federation of Labor, later conferred with Mr. Palmer for an hour and a half, but they declined to make any statement. Mr. Gompers said he might have something to say later.

The federation officials declared the injunction violated the rights of union labor and indicated that the coal miners would have their support in any fight brought to pass by the injunctions.

Mr. Palmer reiterated that the government was proceeding solely against one union which, he declared, was trying to violate the law. He said the right to strike was not involved.

It is understood that there will be no change in the policy of the government as a result of the representations of the union men.

Railroad Men in Parry. Representatives of the four railroad brotherhoods, including Warren S. Stone, grand chief of the engineers, and L. E. Sheppard, president of the conductors, accompanied the delegation. Their presence was taken as indicating that although not affiliated with the government, the railroad men would give their powerful support to any action which might be taken.

Secretary Wilson's proposal to the United Mine Workers of America, to which Acting President John L. Lewis made public reply yesterday, was that the miners' executive council immediately reconvene the delegates convention to reconsider the whole question in the light of averting the strike.

300 TROOPS TO BE MOVED TO GOLDEN, COLO. GOLDEN, Colo., Oct. 31.—Golden rifle range today became a city of tents. Under the supervision of Maj. R. M. Lake, chief quartermaster of the Colorado National Guard, the range is being made ready for the reception of more than 300 soldiers who will "move in" tonight, and await orders to proceed to mining districts. Each gunman is equipped with a field kit, United States army rifle and ammunition.

The total guard force summoned at the first call of Governor Shoup numbers 150 men, of which approximately 400 are to be mobilized at Trinidad. More will be called should an emergency arise. Adjutant General A. W. Spindler said today. Governor Shoup also said he has assurance that federal troops will be rushed to Colorado in instance of serious trouble.

SANTA FE LEGION OFFERS STRIKE AID. SANTA FE, N. M., Oct. 31.—Members of the Santa Fe post of the American Legion have volunteered to serve as mounted policemen in the event that they are needed to control

the streets. The legionnaires are equipped with rifles and bayonets, and are being trained by the local police.

HOUSE SUPPLIES THE GOVERNMENT. WASHINGTON, Oct. 31.—By an overwhelming vote the house today adopted the senate resolution providing for the supply of coal to the government and all other agencies in authority in their efforts to meet the present industrial emergency.

On the roll call but one of the 248 members present cast a negative vote. As the senate has adopted the resolution, the house action completed its enactment as the measure does not have to be passed by both houses.

Representative Wood, republican, Indiana, declared "that if there ever was a time the people must stand in a solid phalanx behind the constitutional government it is now, and that the coal strike was prevailing in the country."

3,500 WASHINGTON MINERS TO QUIT. ELLENBURG, Wash., Oct. 31.—Coal miners of Blaine county, Washington, the leading coal producing county, continued today their preparations for striking tonight. About 3,500 miners will walk out in the county, according to union officials.

KANSAS MINERS WILL GO OUT. CHICAGO, Oct. 31.—The 13,000 miners working in the Kansas district of the United Mine Workers of America will strike on a nationwide basis tonight, according to a statement issued at Indianapolis. Alexander Howat, president of the Kansas miners, said here today.

"We'll call their bluff—the strike can't be stopped," he said.

President Signs Order Fixing the Price of Coal

WASHINGTON, Oct. 31.—An executive order fixing maximum prices for bituminous coal was signed today by President Wilson. Prices of anthracite are not affected.

The maximum prices are fixed by states and for prepared steam range from \$4.80 a net ton at mine to \$2.60.

Rules set up during the war governing the sharing of profits of middlemen and wholesalers and retail dealers were reestablished and Fuel Administrator Garfield was given all the authority to regulate production, sale, shipment, distribution, apportionment and storage or use of bituminous coal that he had during the war.

The maximum prices provided by today's order are approximating those prevailing during the summer and until recent rises owing to the threatened strike. There is no material reduction from the recent prices, officials of the geological survey said. The object of the order was to prevent profiteering or hoarding.

ILLINOIS CHIEF SAYS INJUNCTION WILL INFLAME MEN

SPRINGFIELD, Ill., Oct. 31.—Assuming a defiant attitude toward the government's move to stop by injunction the threatened strike of soft coal miners, Frank Farrington, chairman of the miners' state committee, and president of the Illinois district, declared today that the strike had developed into something more than a miners' strike, and that it was "an attempt to enslave the workingmen and women of the country."

"I don't believe there is any power on earth that can stop the miners from going on strike tonight," Farrington said. "The action of the government will only inflame them. The question involved is whether the workingmen and women have the right to strike when they think they have cause to do so."

With universal service, he continued, the military establishment could be made up first of a small party of regulars—sufficient for expeditionary forces—which may be called out to sustain our obligations on the American continent, and to maintain our possessions.

OPERATORS ASK FOR A COAL PROBE

Resolution Says an Investigation of Strike Situation by Tribunal Created by President Would Be Welcome.

READY TO MEET ANY GOVERNMENT PROPOSITION

Statement Declares They Have Accepted in Entirety the Proposal of Mr. Wilson Made on October 24.

CLEVELAND, O., Oct. 31.—The executive committee of the central competitive coal field in conference here today to take action on the nation wide strike of miners scheduled for midnight, adopted a resolution welcoming an investigation by a tribunal appointed by President Wilson to investigate the threatened strike.

The conference then adjourned. (Special) before noon a committee was appointed to draft a resolution setting forth the operators' position. After presenting the resolution and its adoption by the conference, Chairman Brewster of the executive committee made public the resolution as follows:

"We have accepted in its entirety the president's proposal of October 24th, and reaffirm that acceptance. We welcome an investigation by a tribunal which the president may appoint as suggested by him in the last paragraph of his statement of October 24th."

"We hold ourselves ready to comply at all times with any commands which the government, acting in the interests of the whole American people may deem it wise to issue."

"On the other hand about 80 per cent of the members of the local post are opposed to any such military service under the name of the Legion, according to Earl Bowditch, a member of the state executive committee. Mr. Bowditch stated that he personally would not volunteer his services for duty in that post, and that he had called the Santa Fe and Union posts to arms during the coal strike, and that they were opposed to bringing any military element into the Legion."

No meeting of the local post has been officially called for tonight, according to Mr. Bowditch.

BELGIAN ROYAL PARTY BIDS ADIEU TO AMERICA TODAY

Sails on Steamer George Washington, Accompanied by Brand Whitlock, U. S. Ambassador to Belgium.

OLD POINT COMFORT, Va., Oct. 31.—King Albert of the Belgians, Elizabeth, his royal consort, and their son, Leopold, Duke of Brabant, bade adieu to America this afternoon, sailing on the president steamer George Washington for Belgium. They were accompanied by Brand Whitlock, American ambassador to Belgium.

PERSHING FOR ARMY OF 275,000

Opposes War Department Recommendation of 300,000.

WASHINGTON, Oct. 31.—Disagreeing with the war department recommendation for a permanent army of 300,000 men, Pershing today told a joint meeting of the senate and house military committees, that he thought the number could be placed at "an outside figure of 275,000 to 300,000, and possibly less."

The cost of maintaining a large army, he general said, was an element which in his opinion, would make it impracticable to set the figure any higher.

General Pershing appeared before the committee considering a permanent military policy.

"Military training makes better citizens," he declared. "It increased their physique, it broadens their views of life and it is democratic."

With universal service, he continued, the military establishment could be made up first of a small party of regulars—sufficient for expeditionary forces—which may be called out to sustain our obligations on the American continent, and to maintain our possessions.

TOWN DRIVES OUT NEGROES

One Reported Killed and Two Wounded at Cobbin, Ky.

CORBIN, Ky., Oct. 31.—Angered by a series of attacks on white men, a mob here last night placed more than 200 negroes on departing trains and forced most of the remaining negroes to leave on foot.

The negro was killed, according to reports, and two others were wounded. The town is quiet today.

COLORADO WILL SEIZE COAL

Governor to Distribute Supply to People.

ORDER DOES NOT INJOIN INDIVIDUALS, COURT JUDGE DECLARES

INDIANAPOLIS, Ind., Oct. 31.—Judge Ames explained that the restraining order obtained today does not affect any acts of individuals nor union actions which took place prior to the issuing of the injunction.

"There are three stages to the proceedings," he said. "The restraining order issued today; the temporary injunction application for which is to be heard November 8, and the permanent order which probably will come up November 26."

"The right of the individual workman to quit work is not involved by today's proceedings, nor is the general strike order issued October 13."

"Does it operate to prevent addresses at mass meetings?" he was asked.

"It does," replied Judge Ames.

AMERICAN LEGION SPLIT ON PROPOSAL TO DO STRIKE DUTY

Post Adjutant Seeks Support to Governor's Call for Volunteers, But Others Oppose Offering Their Services.

Members of the Hugh A. Carlisle post of the American Legion were in hot contention today over the proposition that the Legion act as mounted police in coal mining towns if the strike situation became serious, according to the governor's plans.

Governor Larracoitz in a telegram to the Legion has called upon the post to organize a company of mounted police, which would be armed by the state, to assist in maintaining order in the mining towns if the threatened strike should give rise to trouble.

Charles Caldwell, post adjutant, stated that a company had already been organized and that the post would support the governor's plans and respond to the call for volunteers.

"On the other hand about 80 per cent of the members of the local post are opposed to any such military service under the name of the Legion, according to Earl Bowditch, a member of the state executive committee. Mr. Bowditch stated that he personally would not volunteer his services for duty in that post, and that he had called the Santa Fe and Union posts to arms during the coal strike, and that they were opposed to bringing any military element into the Legion."

No meeting of the local post has been officially called for tonight, according to Mr. Bowditch.

FALL URGES VOTE ON TREATY NOV. 10

Efforts to Fix Date Go Over Till Tomorrow.

WASHINGTON, Oct. 31.—Efforts to fix a date for a final vote on the peace treaty failed in the senate again today, according to the Democratic leader, declining to agree to a proposal by Senator Fall, republican, New Mexico, and carried by the republican leader Lodge, the November 10 to be fixed.

Senator Hitchcock said he could not accept the proposal until the details could be submitted in writing. Senator Fall announced he would do this tomorrow.

WOULD EXTEND FOOD CONTROL

Attorney General Wants Act Effective Six Months Longer.

WASHINGTON, Oct. 31.—Extension of the Lever food control act six months after confirmation of the act by the senate was requested today by Attorney General Palmer. In his letter to Speaker Gillett, Mr. Palmer did not get into the reasons for his request, but said he would be glad to explain it before any congressional committee.

COURT ORDER CANNOT AVERT STRIKE, SAYS PRESIDENT OF THE UNITED MINE WORKERS

Temporary Injunction Issued in Federal Court in Indianapolis Restrains Union Chiefs From Starting or Encouraging Walk-Out of Men—Issuance of Writ Throws Bombshell in Ranks of the Men.

INDIANAPOLIS, Ind., Oct. 31.—A temporary injunction obtained here today by the government, cannot avert the strike of bituminous coal miners set for midnight tonight, according to John L. Lewis, acting president of the United Mine Workers. Lewis' pronouncement came shortly after he had been served with a writ stopping strike activities at union headquarters here.

Lewis dictated the following statement: "I regard the issuance of this injunction as the most sweeping abrogation of the rights of citizens guaranteed under the constitution and defined by statutory law, that has ever been issued by a federal court. This instrument will not avert the strike of bituminous mine workers and will not settle the strike after it occurs. The injunction only compounds to a further degree the problems involved in an adjustment of the controversy."

A temporary order restraining all strike activities of the United Mine Workers of America was issued in the federal district court here today on application of the United States government.

Judge A. B. Anderson signed the order on the showing set forth by O. H. Ames, assistant attorney general, that a national disaster was impending and on the broad general grounds that the government has the right to enforce its laws and protect its people from calamity. The order enjoins the officials from starting or encouraging the strike.

Under the order the union officials are forbidden to send out any other orders, written or oral, tending to promote the strike or in any way make it effective. They are restrained from sending any "message" of encouragement, exhortation or from disturbing any union funds as strike funds.

Hester was had on Lewis. Green and several other union officials and members of the executive board of the United Mine Workers were taken into custody. This was a little more than an hour after Judge Anderson signed the order.

The government forces moved swiftly, since their mobilization was completed by the arrival of Judge Ames from Washington. He went to the office of J. Ed Slack, district attorney, where that official and his assistants were waiting. The government was in chambers a few steps away and process servers were in readiness to take the necessary documents to union headquarters.

The petition brought out that the application for the temporary injunction was based upon the act of August 16, 1917, which makes it unlawful to conspire to limit the free flow of transportation or the supply or distribution of food or fuel.

It also directed attention to section 2 which keeps the act in operation until the end of the state of war is proclaimed by the president.

The petition requested the establishment of a federal fuel and coal railroad administration, the concluding of the Washington wage agreement between miners and operators on October 5, 1917 and the subsequent extension of this agreement to cover the period of the war. It mentioned the proceedings of the Cleveland convention of last September and called attention to the recommendation of President Lewis of the union that the Washington agreement be declared void after October 31. The recommendation of the wage committee at Cleveland for a six hour day, five day week and 60 per cent increase in wages was also set forth.

"Your honor will notice," said Judge Ames, at the close of the reading, "that the new wage agreement would apply only to the central competitive field, whereas the strike has been called for the entire United States."

The petition also averred that the miners refused arbitration when it was proposed by Secretary of Labor Wilson at Washington and asserted that the strike, if effective, would stop operation of the railroads. It cited the fact that under railroad administration contracts the government was obligated to pay the roads a guaranteed return for the use of their properties by the government.

The railroad administration, it was averred, has more than 1,200 contracts for coal, sixty per cent of which are based upon the extension of the Washington wage agreement to March 1, 1920.

Would Cripple Railroads. "If the strike should become effective," said the petition, "it will be impossible to fulfill these contracts and impossible to operate the railroads and the result in income will have to be supplied by the federal government out of the public funds."

It was pointed out that suspension of the roads would mean also that the stopping of the mail, transportation of the armed forces of the United States and cessation of the interstate commerce.

"The government is in position to bring this suit," queried Judge Anderson.

"Yes, from every standpoint," replied Judge Ames.

The petition gave notice that when the proceedings to make the temporary injunction permanent came up on November 8, the government would ask an order commanding union officials to withdraw the strike order issued October 15.

WEST VIRGINIA MEN TO DISREGARD COURT. CHARLESTON, W. Va., Oct. 31.—It is now too late to recall the bituminous coal strike order in the opinion of President Frank Kennedy of district number 17. He said, when told of the Indianapolis injunction that he had nothing to say officially, other than that it would be impossible to prevent the men from going out.

STRIKE CALLED OFF IN KENTUCKY DISTRICT. WASHINGTON, Oct. 31.—The department of labor was advised today that the coal strike order had been rescinded in Hopkins, Webster and Christian counties, Kentucky, comprising one-half of the western Kentucky fields.

MEN IN PITTSBURGH DETERMINED TO GO OUT. PITTSBURGH, Pa., Oct. 31.—Injunction proceedings in Indianapolis will make no change in the strike situation in western Pennsylvania, officials of district five, United Mine Workers of America, said this afternoon.

"Our preparations are going right along and the men will quit as scheduled," was the word which came from the office of President Philip Murray.

IOWA MINE CHIEF REFUSES TO TALK. DES MOINES, Ia., Oct. 31.—J. C. Lewis, president of the Iowa district, United Mine Workers of America, said he had no statement to make concerning the situation in Iowa which told of the temporary injunction against the threatened coal miners' strike issued at Indianapolis.

ALABAMA ORDERED TO IGNORE INJUNCTION. BIRMINGHAM, Ala., Oct. 31.—United Mine Workers of America will disregard the injunction ordering them not to strike, according to J. F. Kennamer, president of the Alabama district, who said he had received instructions from Indianapolis this afternoon to proceed with the walk-out.

Mr. Kennamer received the following telegram from John L. Lewis, acting president of the mine workers: "Your position remains unchanged. Strike order issued October 15 becomes effective at midnight tonight in all its provisions. We enter this great industrial contest aware in the knowledge that our cause is just, and is in conformity with our rights guaranteed by the constitution and laws of the United States. (Signed) JOHN L. LEWIS."

The message from Lewis was filed in Indianapolis at 10:45 a. m. The injunction was granted by Judge Anderson at 10:40 a. m., but the notice was not served on Lewis until nearly noon.

WEST VIRGINIA ASKS FOR PEACEFUL STRIKE. CHARLESTON, W. Va., Oct. 31.—Governor Corwell was called upon today by President C. W. Kenney of District No. 9, United Mine Workers "to meet him half way in maintaining peace and tranquility in the state zone, and to restore free government and constitutional liberty."

Kenney proclaimed the "legal Association of West Virginia miners" and declared that in Logan and Hancock counties the "constitution and the bill of rights have been suspended."

WASHINGTON MEN DETERMINED TO STRIKE. KEATTIE, Wash., Oct. 31.—Henry coal mine in Washington will strike at midnight tonight, Robert H. Hartin, president of district ten, United Mine Workers of America, said here tonight, when told of the injunction granted in Indianapolis.

Jews Victims of Blood Last, Peace Envoy Says

Abraham Cahan, Delegate To Peace Conference, Tells of Horrors Visited Upon the Innocent. BY H. F. BURTON.

NEW YORK, Oct. 27 - Abraham Cahan, often characterized as "the most powerful Jew in the world," in an address at the National Peace Conference, told of the horrors visited upon the innocent.

On his trip, following the conclusion of the peace conference, in which he was an accredited delegate and correspondent, he visited France, England, Germany, Austria, Poland, Hungary, Czechoslovakia, Belgium, Rumania and Denmark, and today, seated in the tower of his twelve-story newspaper plant overlooking the entire east side of New York, he told what he saw among his own people in Europe.

"Let me say first of all," Cahan said, his pale blue eyes flashing a sudden fire, "that the Jew has been made the unbelievable scapegoat of this great historical event over in Europe, particularly in the new-made countries. He has been cruelly victimized in many places since the signing of the armistice, and under many circumstances."

"After these pogroms, it was common sight to see the corpses lying along the streets for days. It is a dreadful thing, but I want to tell you the Jews in America that they will realize the conditions in Europe and help our brethren, starving and suffering there."

"In Poland the situation is different, for in Poland there is an organized government and responsible, constituted authorities, and anti-Semitism can be checked. Here it takes the form of a great national boycott against the Jews in business."

"The propaganda has been started by a certain clique of the Polish nobility who have decided to go into business. Therefore the nobility never wanted to be in business, and this, in time, came to be controlled by the Jews. Now, therefore, pogroms are resorted to to enforce the warnings given by this group of noblemen."

"Don't blame Paderewski our president," Cahan said, "for not stopping this movement, because I don't think they can. They haven't the power, and the governmental machinery to do so, but the government, if authorities themselves can stop it any time they want to. Perhaps a strong hint from the right source might affect this end."

"It is a still different form of Jewish persecution is being practiced. Here it is economic, political and social. And it can be checked here, too, because the American government, greatly to our credit, has insisted in the peace documents a bill of rights for the benefit of the minority nationalities in those European states. This bill, admirably drawn by Louis Marshall, the great American lawyer, is so far only the dead letter of the law, but it can instantly be violated by the exertion of a vigorous, unequivocal kind."

"The propaganda has been started by a certain clique of the Polish nobility who have decided to go into business. Therefore the nobility never wanted to be in business, and this, in time, came to be controlled by the Jews. Now, therefore, pogroms are resorted to to enforce the warnings given by this group of noblemen."

Now, therefore, pogroms are resorted to to enforce the warnings given by this group of noblemen."

Local Briefs

Booster repairing, Quoted Auto Co. Pay your dues to the 'B' club' club. Four-O Taxi Service, Phone 49. Taxi, Phone 178. Nicholson Taxi, Mrs. J. H. Kirk arrived this morning from her home in Kansas City to spend the winter with her son H. H. Kirk at 1702 East Central.

Tom Dorn passed through Albuquerque this morning en route from El Paso to his home at Santa Fe. Dorn has been over considerable of the Texas oil fields and also much of the new fields of this state and reports great activity, and the general belief that it is but a matter of a short time until a real oil field will develop in New Mexico.

J. N. Gladding of the Western Concrete company, with concern is building a highway through the Santa Fe national forest, passed through the city this morning en route to Santa Fe.

Mr. and Mrs. Tattle of Winslow are in Albuquerque for the day. Mr. Tattle is superintendent of the Santa Fe west from Albuquerque and is on a general inspection trip over his division.

Word was received here today of the death of J. C. Haefter at Los Angeles early this week. Mr. Haefter is well known in railway circles here and has been superintendent of the Santa Fe at Wellington, Kansas for a number of years. He went to California some time ago on account of failing health, and reports had been very favorable until a few days ago, when a change took place which ended his life yesterday when he fell through Albuquerque tomorrow evening en route to Wellington where the burial will take place.

Ultrano (Gardner), employed by the Springer Transfer company, was injured late yesterday when he fell from the top of the sand screen on West Mountain road. His left leg was broken below the knee and his right arm was broken at the elbow. He was taken to the Presbyterian hospital.

W. A. Keeler returned last night from a five days' trip over the state. N. A. Field, state land commissioner and Mrs. Field stopped in the city last night en route to Santa Fe, by automobile.

H. O. Burson of Socorro was in the city last night on his way to Santa Fe. Capt. Hubel, postmaster for the Commonwealth Oil company, has gone on a two weeks' trip to Arizona. H. L. Patton, former attorney general in the state, is in the city.

W. P. Anderson, who has been connected with the live stock traffic department of the A. T. & S. F. railroad almost since its organization, has been in the city for several days. He is lending his assistance in moving shipments of live stock in various parts of the state. Mr. Anderson was cattle traffic manager before the days of the railroads in Texas. He managed many cattle expeditions overland from West Texas to Kansas City. Dr. and Mrs. E. E. Tull left last night for California, to visit Mrs. Tull's sister in Los Angeles.

W. G. Pratt, who was in the grocery business in this city for many years is back for a short visit. He has lived in Los Angeles for the past seven years. There will be a regular meeting of G. K. Warren Post, G. A. R., tomorrow at 7 p. m., at 108 South Third street.

Several automobiles of University students and loyal alumni left this afternoon for Roswell to back the cherry and silver team as it meets the eager team on the Military Institute grounds. This is the first game played with the Institute for four years.

Some of the rosters going down for the game are: Brian Erickson, "Bert" White, Ernest Hammond, Chester Hall, Allen Bruce, Dick Bence, Harry Frank, William Bacon, Ralph Brooks, Douglas Howland, Willard Hopewell, Ward Lloyd, John Gray, Perkins Patton, Herbert Paulson and Milton Javenport.

Druggist's refund money if PAIN EXTINGUISH fails to cure Rheumatism, Blind, Bleeding or Protruding Piles, Skin Irritation, Bothers and Itchings. You can get refund about after the first application. Price 6c.

MEETING WEDNESDAY TO TRY TO ADJUST TEAMSTERS' STRIKE

Central Labor Union Takes Matter Up With Business Men's Association Saying General Strike Is Threatened.

A meeting is to be held next Wednesday evening between committees of the Central Labor Union and Business Men's Co-operative association to see whether any adjustment of the teamsters' strike is possible.

Mr. E. T. Chase City. Dear Sir:—There is great danger of all business operations ceasing unless the teamsters' strike is settled satisfactorily.

I do not want to go to those extremes without first ascertaining whether it would be possible to settle this strike peacefully or not.

W. M. COTE, President, Central Labor Union.

Mr. W. M. Cote, President Central Labor Union, Albuquerque, New Mexico.

My dear Mr. Cote:—I have your letter of the 23rd instant regarding the teamsters' strike, and I have to advise you that both Springer and Shuffelbarger claim now, as they have in the past, that they cannot operate their business successfully along the lines of a "closed shop."

E. T. CHASE, President.

Sawmill Is Closed For Two Days, Will Double Capacity

The McKinley Land and Lumber company's sawmill which is shut down for two days for the installation of new conveyor chains, will resume operation again on Monday.

It is planned to double the capacity by the first of the year, at which time the production in finished lumber will be about 160,000 feet per day, the present production being about 80,000 feet.

G. J. OGG SLATED FOR SUPERINTENDENT ON THIS DIVISION

Frank Summers Transferred to Kansas by the Santa Fe—Many Other Changes Due to Two Recent Deaths.

As a result of the death of J. B. Evans superintendent of one of the eastern divisions of the Santa Fe and J. C. Bluffe, formerly superintendent of Wellington, Kansas, a general shift is now in progress among railway officials throughout the central west.

Frank Summers who has been superintendent of the Rio Grande division with headquarters at San Marcos, near El Emporio, Kansas with the same title, having charge of the division from Emporia to Ocala, with the exception of branches extending north and south from the main line.

Although it has not officially been announced, it is generally understood that G. J. Ogg will succeed Mr. Summers as superintendent of the Arkansas River division and is leaving on Nov. 1 today for La Junta, Colorado, his new headquarters.

Mr. Ogg was chairman of the Liberty and Victory loan campaigns at San Marcos and is given much credit for the 100 per cent record made by the employees on this division.

The Ex-Doughboy—Well, I'm here at last. I was discharged yesterday. My wife—I was afraid you would be discharged. You never could keep a job.—Detroit News.

Has Hard Job

J. C. BLUFFE, FORMERLY SUPERINTENDENT OF THE ARKANSAS RIVER DIVISION, WHO HAS BEEN PROMOTED TO SUPERINTENDENT OF THE ARKANSAS RIVER DIVISION.

Valencia County Won The American Legion \$100 Prize

SA. TA. FE. N. 36, Oct. 31.—Valencia county won the \$100 prize given by the state headquarters of the American Legion for the county enrolling the largest percentage of its service men in the American Legion.

Valencia enrolled 78 members which was 15 per cent of the quota allotted to that county. This magnificent showing was due not only to the efforts of Norman G. Taca, later elected state commander of the Legion, but also to such men as Alfredo V. Baez, Jean D. Baez, Pervencia Cordova, and A. G. Romero.

McKinley county came in a close second with 211 members which was 14 per cent of their quota. The post from the day of its organization, has shown itself to be composed of live wires. At the recent state convention Vincent Jagger was elected senior vice commander of the Legion. J. A. Restani is commander of the post and Delegate Purdy and Ernst elected delegates to the national convention which meets at Minneapolis.

The ship printed on the back of our new \$20 bill has been shown to be of foreign ownership.

A SUCCESSFUL FAILURE

By CAROLYN BEECHER  
The Story of a Successful Young Business Woman Who Marries a Struggling Young Architect

CHAPTER LXXXI.  
Often during the afternoon when she thought of Gates as he walked away from the house that morning...

It wasn't an easy thing—this that she had to talk over with the man sitting by the window. She noticed his twitching hands and wondered if he, too, dreaded the interview—what had to be said.

"Have you had any dinner, Gates?" The prosaic question warned him of her presence. He had not heard her come in, so wrapped up was he in his thoughts.

"All I wanted, it is too hot to eat much. I felt I couldn't stand that boarding house tonight." "This dinner was pretty good; better than usual, I think." The common places of conversation seemed to give her confidence.

Gates made no answer to this remark. Patricia had taken off her hat and now she drew a chair up opposite him. "We must have a long talk tonight, Gates," she said, looking steadily into the sombre eyes he raised to her.

"Yes. We are not children, Gates. We can't run away from things. We must face them. I know it isn't pleasant—for either of us. But unpleasant things cannot be put off forever, you know."

Raton Team Comes Here Tonight for High School Game

The Raton high school football team will arrive in the city tonight on train No. 1 for their game tomorrow with the local high school team. The contents will be played at 2:30 p. m. on the university field.

The game. The team will average about 145 pounds, which is good for a high school team. The line-up follows: Left end, Snyder; left tackle, Lovett; left guard, Rosalind; center, Hernandez; right guard, Greater; right tackle, J. G. quarter back, Hutton; full back, der; left half back, With; right back, W. Hernandez; substitutes, son, Lawrence, Glesman.

THE COAL STRIKE.

EXCEPT for some favorable turn in the situation not now in prospect the soft coal miners who are members of the United Mine Workers of America will go out on strike tonight in an effort to enforce their demand for a sixty percent increase in pay...

The right and duty rests upon free American labor to maintain unimpaired the constitutional privileges and guarantees of all American citizens. The United Mine Workers of America believe the great majority of our citizenship will resent any response upon these principles.

A New York police judge has freed a man charged with violating the prohibition laws because the court asserts there are hypocrites in congress. This is as sound as most distillery and brewery logic.

THE CREEL BUREAU.

AS nearly as he can tell from the "chaotic" financial records of the "Committee on Public Information" which President Wilson placed in the charge of George Creel, a government investigator, asserts that the bureau cost the country \$4,500,000 during its brief career.

ALBUQUERQUE'S BOUNDARIES.

AT a meeting of the Albuquerque Rotary club Thursday it was proposed that the club take up the matter of extending the city limits to take in districts now built up to the limits and enjoying service from the municipal government, without paying any portion of the taxes levied therefor.

Today's Poem by Edward Vanecko Cooke. I do not aim for wealth or fame. Of any of the usual things, I do not care.

SUCH IS LIFE

TONY PHIZO, handcuffed to a bicycle, rode from Pacific to Atlantic, to win a bet, thereby doing less worth while stuff than if he had handcuffed himself to a box, a saw, or any other tool of production.

EVERETT TRUE

Scratch - Scratch - Scratch - Scrape - Scratch - Dig - Blot - Spst - Plip - Scratch - Do your writing with a lead pencil or a burnt match if you can't use a pen without putting it in such a condition that nobody else will ever be able to write with it again!!!

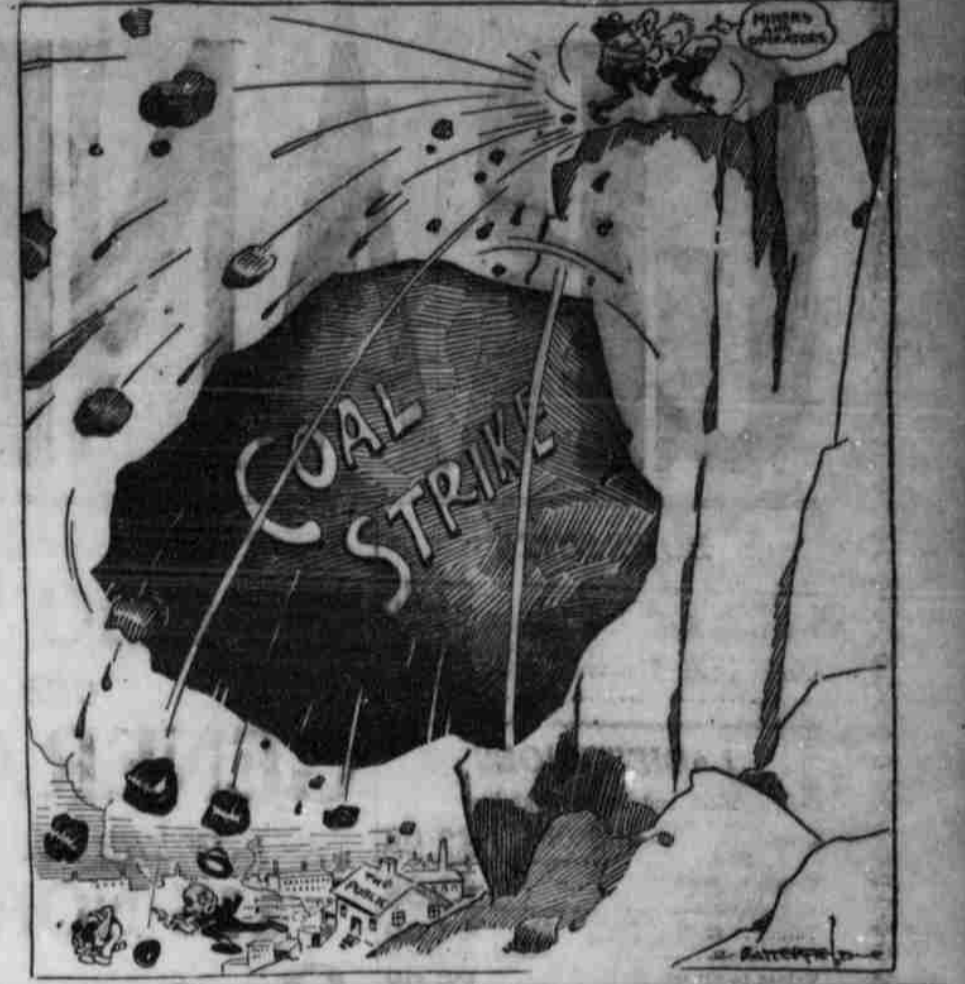

Who said, "Wild West" BEAUTY OR BRAINS. George L. Hodges, manufacturer, psychologist and scientist, asked 22 women of Penn Yan, N. Y., this question: "Would you rather be considered beautiful or clever?"

By Condo

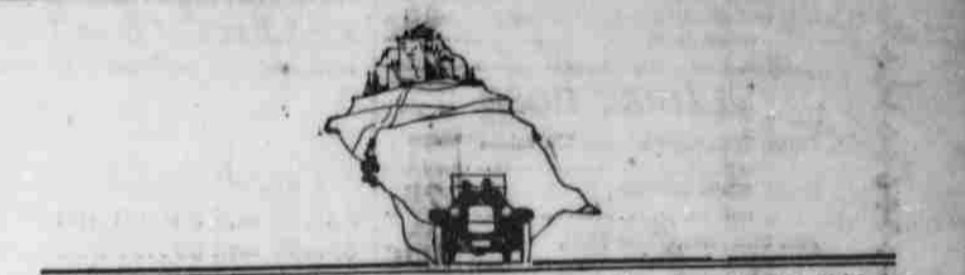

PETER AT A SPECIAL MEETING. By the Story Lady. "It's all fixed," said Peter the next night. "Mamma said that Mrs. Bradley was so proud that if you just went and handed her a bundle of duds she would be mad."

Who said, "Wild West" BEAUTY OR BRAINS. George L. Hodges, manufacturer, psychologist and scientist, asked 22 women of Penn Yan, N. Y., this question: "Would you rather be considered beautiful or clever?"

The Outlook Before Mr. General Public Is Dark

look so sweet (Mary Ellen got rather red at this remark and the twins giggled) so I guess that Mary can go to church now. But say, Aunt Inoche, I know some one that is in trouble sure enough and that is James Augustus Brown. I don't know what the trouble is but he hasn't smiled for a week.

TRUSTED BECAUSE IT IS FAITHFUL

Hupmobile

A little chat with Hupmobile owners in this neighborhood would convince you that the car does stand up remarkably well. That is the reputation it has in every other locality, as well. It has gained that reputation because it is ruggedly built.
