FANS STAND IN LINE ALL NIGHT TO GET TICKETS TO OPENING GAME

Drizzling Rain and Chilly Atmosphere Fail to Dampen Enthusiasm of Thousands of Eager Baseball Bugs.

GLOOMY PROSPECTS FOR FAIR WEATHER

Phillies and Red Sox Players Remain in Seclusion; Alexander and Shore Probable Box Selections.

BY MORNING JOURNAL SPECIAL LEASED WIRE:
Philadelphia, Oct. 7.—Thousands of baseball fans remained the day round for some indication that the opening game of the world's series between the Phillies and the Red Sox would be played tomorrow a cool, drizzling, and wet weather.

Neither weather man nor personal observers answered the question upturned in the minds of the fans, for a steady drizzle which began early in the afternoon continued all evening and the forecast for Friday was for cloudy and wettest weather.

Before this steady downpour the national commissioners, players and fans could only sit about discussing the possibilities for the game and hoping for the best. President John G. Tener, of the National League and a member of the national commission, stated that no decision could be made until tomorrow morning when the staff of umpires would inspect the playing field at the National League park.

FIELD TO DRY QUICKLY.
"There's nothing we can do to play the opening game tomorrow," said President Tener. "For the debris would interfere with the play of many spectators from all over town. If the rain continues during the night I understand that the play off field is expected to dry out quickly with a little wind and sun to help matters."

At the Phillips park the groundskeeper said that the infield was in fair condition considering the heavy rain of the afternoon. The pitcher's box and the home plate had been covered with large squares of canvas but the outfield was soft and slippery and far from being in shape for a fast contest such as is expected when the Boston Americans and the Philadelphia Nationals meet for the championship of the baseball world tomorrow.

President Joseph J. Cannon of the Red Sox and members of his family and of the executive staff accompanied the Royal Blowers on their special train.

On the train with the rosters were a band and a score of singers, all well versed in the details of "Tessie," the song created with having brought a world's championship to Boston in the Pittsburgh series of 1903; because of its demoralizing effect on the Pirates, and heard in every series in which Boston has participated since.

THE WEATHER

WEATHER FORECAST.
Washington, Oct. 7.—New Mexico Friday and Saturday fair and warmer.

LOCAL WEATHER REPORT.
For twenty-four hours ending at 1 p.m. yesterday:
Maximum temperature, 62 degrees; minimum temperature, 42 degrees; range, 20 degrees; at 6 o'clock, 61 degrees. Northeast winds clear.

long war would not go without its rewards. Many were holding places for others who had agreed in advance to pay well for the service when they took the front rank positions tomorrow morning. Still others were simply taking the chance that they could sell their places just before the gates were opened. The great majority, however, were there in order to insure themselves a clear view of the contest on the morrow and they came prepared to spend the ensuing hours in the most comfortable manner possible. Boxes, folding seats and places were much in evidence, while bundles of straw, pieces of carpet and raised platform were used to sit or stand upon.

PLAYERS IN SECLUSION.

The players of the two teams kept out in seclusion. The Phillips went out in the park in the afternoon with the idea of a short workout but one look at the wet and soggy field caused O'Dea to change their minds and after a short conference they scattered to their homes or hotels for the night. The Boston squad arrived from New York where they closed the long season by losing the final game to the Yankees late in the evening and after greeting the few Boston rosters who came over, went to their hotels.

PROBABLE BATTING ORDER.

The probable batting order for the 1915 world series is as follows:

PHILLIES JOHN NATIONALS

BOSTON AMERICANS

ST. LOUIS CARDINALS

DETROIT TIGERS

CLEVELAND INDIANS

CHICAGO CUBS

MINNEAPOLIS TWINS

ALMOST CERTAIN CARRANZA WILL BE RECOGNIZED BY WASHINGTON

Forces Have Achieved Military
Supremacy in Mexico, Virtually
Satisfying Administration of Capacity to Rule.

FACTION IN CONTROL OF IMPORTANT STATES

Unless Unexpected Develop-
ment Arises, Belief Is Ex-
pressed Pan-American Con-
ference Will Act Favorably.

Washington, Oct. 7.—Recognition of the Carrancista government in Mexico, it was learned in official circles, is likely to be accorded by the United States, within the next few weeks.

That decision, of the current phase of the revolution, is now being evaluated, and next Saturday the conference of the Pan-American diplomats presided over by Secretary Lansing will take a very different view of the situation.

The question is now being weighed whether the government is improving from day to day. Besides, in the interval, there may be a report of armed forces took a very different view of the situation.

The question is now being weighed whether the government is improving from day to day. Besides, in the interval, there may be a report of armed forces took a very different view of the situation.

The Carrancista authorities have transmitted to the American government statements which confirm its combatants' reports, showing that the Carrancista forces have achieved a military supremacy in Mexico, controlling the majority of the states and the large cities. Therefore the Washington administration is satisfied that the Carrancista material aspects are now assessed by the faction.

As for the requirement of "moral support," General Carranza has transmitted guarantees that the lives and property of foreigners will be given preference, that amnesty will be granted to all who have fought him except those guilty of complicity in the plot that overthrew Madero, of course, and that religious freedom will be permitted.

These guarantees, it is thought, cover the requirements of "moral support," and unless some development arises to complicate the situation, recognition of Carranza by the American government is considered almost certain.

YAKUS BEAT WOMEN AND CHILDREN TO DEATH

Douglas, Okla., Oct. 7.—Sixty-three inhabitants of La Colorado, a mining town in the Hemphill, Morris, district were massacred by Yakus Indians who captured the town this week, according to reports received yesterday. Women and children were beaten to death, it was said.

Horace N. Hawkins, chief counsel for Lawson, stated that each Indian who provided immediately and that Indian probably would be released at Texian's insistence. Mr. Hawkins declined to comment on the Indian's killing.

The massacre of the citizens, he said, was brief and brutal, containing no element of treason, but, admitted Hawkins, of fact.

ROCKEFELLER TESTIFIED.

John D. Rockefeller, Jr., when informed of the action of the supreme court, declared the following statement:

"Mr. Rockefeller is satisfied to hear that our plan, looking forward to early dissolution of this and the other trusts, which have so long been in existence and which until dissolved will necessarily continue to be a continual cause of irritation standing in the way of that complete restoration of friendly feeling and industrial peace which the citizens and only of this state but of the entire country earnestly desire."

RESERVE BANKS IN SOUTH AMERICA, PLAN

Washington, Oct. 7.—An announcement of present wisdom of the proposal to establish four branches of the federal reserve system in the British South America countries was transmitted to the federal reserve board by Secretary Alvin Adams.

The President's task follows:

Mr. Paul H. Douglas and I have had a great deal of interest in the subject of the proposed financial conference and your suggestions about the establishment of the federal reserve banks in South America are most welcome.

LARRY DOYLE IS UNOFFICIALLY IN LEAD OF LEAGUE

His Team, However, Occupies a Position at the Bottom of the Percentage Column; Braves Are Second.

BY MORNING JOURNAL SPECIAL LEADER WIRE
Boston, Oct. 7.—The New York Giants and Boston Braves closed yesterday the balance of their games and the latter in second position. The game was marked by an elevation of hits and runs made possible in indifferent pitching and the hitting. New York scored fifteen times to Boston's eight. Under the solo hitting conditions, Capt. Larry Doyle of the Giants headed his hitting average at .342, which is about the same rate as .341.

Score: H. H. E.
New York ... 160 120 112—15 24 0
Boston ... 260 200 162—8 17 3
Batters: Stigell and Kueker, D. A. vs. Whaling.

Summary: Two-base hits—seven. Meeks (2), Bradford, Blaize, Collins, Three-base hits—Birrell, Kocher, Patterson, Conroy, Linn. Home runs—Conroy, Donahue (2)—Shannon to Egan to Blackford. Single out—By Strand, T. Empire, Klein and O'Neill.

MOTORCYCLISTS WILL GO TO BELEN SUNDAY ON SOCIABILITY RUN

A sociability run to Belen and return is planned for next Sunday by the Motorcyclists club. The motorcyclists will start at 2:30 P.M. Central Avenue at 9th where Sunday morning every motorcyclist, whether he is a member of the club or not, is invited to go on this run.

At the meeting last night announcement was made that a number of motorcyclists would enter in the Diamondized parade. A prize has been offered by the parade committee for the best decorated motorcycle and several motor-bike owners stated last night they intend to compete.

Three new members were admitted to the club last night. The organization has been growing steadily and at every meeting held recently several applications have been received.

RAIN COAT WINNER OF LEGER HANDICAP

BY MORNING JOURNAL SPECIAL LEADER WIRE
Louisville, Oct. 7.—Favored by the impact of heavy rains, Rain Coat C. Straus' three-year-old Purin coat, Black Sheepskin gelding, today won the twenty-second renewal of the St. Leger handicraft at Churchill Downs setting a new track record for the two miles and a quarter. Rain Coat's time was 2:01, clipping 4.4 seconds from the record established yesterday by Sir Bunker, Major W. J. Walker's entry in the previous event. Jockey's bid of 125 pounds top weight in the race, though, did him little good, as he was not able to meet the winner, Mr. Young's Warbler, which went fairly well and was five lengths back of Rain Coat at the place.

It was the second win for Rain Coat in the St. Leger since his debut in the fall of 1908. His record is now 10 wins, 1 loss, 10 seconds, 100%.

The race was worth \$10,000 to the winner.

Rain Coat was reported lightly in the early portion of racing and winning his slender record paid off.

TAXI LICENSES WILL BE \$50 A YEAR NEXT WEEK

New Ordinance Passed by Council Takes Effect Tuesday; Jitneys Continue to Cause Trouble for Solons.

The council last night raised the license tax on taxi operators to \$50 a year, possibly temporarily in advance of definite legislative measures by H. L. Dabney, who operates five cars.

The new decree, which was passed through in committee of the rules for the express purpose of catching all unlicensed taxi operators who are expected to place cars on the street next week, will not go into effect until Tuesday morning, the state law providing that ordinances shall not be in effect until five days after passage and publication.

The ordinance gives the police complete, though the chart of power to locate taxi stands or to prevent them, this being an added provision inserted by Councilman Schecter after the first informal reading. It provides a penalty of \$10 to \$100 for infractions which are constituted misdemeanors or imprisonment for from six to thirty days, or both.

Dabney, who was the only taxi man present, fought the ordinance on the ground that it cost the taxi driver too much that its regulation of charges, which is limited to fifty cents for a car and \$2.50 for each hour's run for four people or less, gave the little man for the owner's profit, and that the taxi people were taxed enough, anyhow. He said that with the state licensing, with the occupation tax he paid on his garage and his \$10 license on the old scale and the taxes paid off entirely and even he was burdened of over \$4000 a year.

"You are trying to bankrupt us out of business," he said. "You are not even going to let us get enough money together to get out of town on. If you undermine citizens tell us about it! we'll move on, but don't try to take all our money away before we can get out of town."

Dabney entered another protest after the passage of the ordinance, but his action toward rescinding its action was taken by the council.

JITNEY ORDINANCE TRIFLES.

The jitney question arose again and stirred trouble under the council in several unexpected places. The begin with several of the commissioners objecting to having their time occupied by reading of applications for licenses, it was shown that they had to hear them, under the terms of the ordinance. Then it appeared that no leading company would issue applications for many other vehicles. For instance, the great American hen was heard to say that he would not give her egg from the nest to the hawks under the terms of the ordinance. To make it worse, one applicant for a license, James H. Miller, signed his own name, and there was a wrangle over his legal ability to do this.

Petro B. Tschigges, agent for a license at the Tropicana crossing, said his application was denied, and keep him there until a fight was established. The hawk must be kept on duty from noon to midnight.

CASH ON HAND.

A claim of F. E. Ellis of \$15 for Agents of F. E. Ellis for \$1 in his half of the bus fare counters played a role in the hearing, Ellis having inserted a special request for his name at this time. The recorder had been referred to the finance committee, which recommended its retention.

Arrangements were made for a City Clerk Tom, to have in cash checks on the city not naming in name of J. N. Gladwin, who resigned recently as city auditor.

LICENSES GRANTED.

The applications of Tony Michelbach, F. G. Scherer, Charles J. Schecter, Charles J. Fox, Tschigges and H. A. Thomas for jitney licenses were granted all offering personal bonds. The Milner application was held up for personal investigation.

The application of Sam Grafe for a transfer of the license formerly issued to E. Zito for the Metropolitan bar was denied, but after much argument, in the course of which City Attorney T. N. Wilkerson denounced the present liquor ordinance as the rottenest he ever saw, the Zito license was restored, and a credit of \$15 ordered allowed on a new license which it was voted to grant. Grafe pur-

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

When cross, feverish and sick, give "California Syrup of Figs."

Children love this "fruit laxative" and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half sick, teething, doesn't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach ache or diarrhea. Listen, Mother! "If tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again."

Thousands of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Any rug druggist for a 5-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

The Men Who Make the Hens Lay

MINISTER WILL TELL STORY OF SPECULATIONS

Financial Affairs of Rev. Newell Dwight Hillis, Prominent New York Clergyman, to Be Heard in Court.

ALBUQUERQUE JOURNAL SPECIAL LEADERS' WORK.
New York Oct. 7.—Information was given today that the financial affairs of the Rev. Newell Dwight Hillis, pastor of Plymouth church, Boston, on which suit was brought by Harry Ward Beecher, will soon be tried in court.

Attorneys acting for Dr. Hillis today informed a summons requiring the appearance of the suspect within twenty days of Frank L. Garrison, former president of the board of trustees of Plymouth church who, for nearly five years managed the cemetery business affairs.

Hill and Ferguson Disagree.

It was a disagreement last March between Dr. Hillis and Mr. Ferguson that eventually led to a formal acknowledgment by Dr. Hillis that he had been too hasty in making charges against his old friend, especially in order to make provision for his family and often dependent nieces. He had learned recently, the clergyman added, that property in which he and his friends had invested was of doubtful value and he has seen himself the task of seeing that no one suffered any financial losses through confidence thus had in him or even through any introduction to Mr. Garrison.

The summons for Mr. Garrison was obtained by counsel for Dr. Hillis, who it was stated, is not prepared to go to court and ask for the examination of the minister's former business administrator.

Mr. Ferguson said today that he was glad the summons had been served and that the matter was coming into order.

The public can look for some lively proceedings, he declared.

NEW MEXICO ENTRY AT SAN DIEGO FINE, SAYS MYRON HERRICK,

The exhibitions, what they were doing for America in educating her citizens to know her vast resources, and the New Mexico building were all that Myron T. Herrick, ex-governor of Ohio and former governor of Ohio, could be induced to talk about when he was here last night. Mr. Herrick, who was on his way home from the Pacific coast, where he addressed the National Bankers association, shivered over from every leading question with some pride for the exhibitions.

What do you think of Wilson's policy?" he was asked.

"I hardly think it would be proper for me to comment on that," he said. "Since I served under him for two years."

Pressed for a further statement, Mr. Herrick said, "New Mexico had fine display at San Diego. It was certainly beautiful."

Would you care to comment on our international relations?"

The exposition, he declared, is the people up to the fact that this is a wonderful country. In San Francisco, I saw a lady whom I had known in Paris, she said she was going to make her home in San Francisco every winter after her visit."

What do you think of the president's approaching marriage?"

Mr. Herrick intimated that this news at least, was important at time.

The interest in politics he could hardly wait to state that the people were supporting Wilson loyally in the present crisis, as they should and always had done.

Asked about presidential possibilities, Mr. Herrick stated the question graciously and escaped, just in time to avoid from myself an all-nighter.

The salary of Eu Gómez as mayor and young leader of the power system was fixed at \$10 a month, to be readjusted, and an allowance of \$100 a month made for his convenience. Gómez has been working on a new administration and making about \$10 a month.

The quarterly bills were approved and warrants for their payment were issued.

An application from L. E. Gómez, representing the Franklin Manufacturing Company, to furnish the city with floor varnish and polish for the city hall was referred in the building committee.

A bill of \$100, premium on a 1000-ft. pipe, fire insurance policy, on the city building, claimed to be due to previous signature of the president. The insurance company was referred to the finance committee. It is desired that the signature of the city manager had been authorized by the controller.

CITY SEWER: EXTENSIVELY USED.

Whether persons worth with the sewer who expect to connect with the sewer will be allowed this privilege was a question raised at last night's meeting. Inspector F. M. Morris, who called the committee to ascertain how many persons outside the city limits were connected with the sewer, he reported that two dairies north of the city were connected already and that another expected to make connections. One of the dairies already connected, it was learned, had been granted authority to do so by the city attorney.

The attorney probably will take definite action upon this matter when Mr. Morris submits a complete report.

FALL FLOWERING BULBS.

Now is the time to get the bulbs, either for growing in pots of soil or glasses of water for winter blooming or the bedding in the garden to bloom in early spring. All are fine bulbs, which we offer at a very low price:

Hardy Lily—Flowers with graceful trumpet shape. Flowers and very fragrant. 10c each.

Hyacinths—Single and double colors, red, pink, white and blue, 5c each, 50c dozen.

Tulips—Single and double in colors, yellow, pink, white and red, 2 for 5c, 6 for 15c, 12 for 25c.

Yellow Daffodils and Jonquils—Spanish Daffodils—mixed colors, 2 for 5c, 6 for 15c, 12 for 25c.

Crocus—Mixed colors, 3 for 5c, 12 for 20c.

RESEARCH WORK RECOMMENDED BY NAVAL BOARD

Great Experimental Laboratory to Be Built; Specific Problems to Be Studied by Experts.

ALBUQUERQUE JOURNAL SPECIAL LEADERS' WORK.

Washington, Oct. 7.—A recommendation was made today that the financial affairs of the Rev. Newell Dwight Hillis, pastor of Plymouth church, Boston, on which suit was brought by Harry Ward Beecher, will soon be tried in court.

Attorneys acting for Dr. Hillis today informed a summons requiring the appearance of the suspect within twenty days of Frank L. Garrison, former president of the board of trustees of Plymouth church who, for nearly five years managed the cemetery business affairs.

Hill and Ferguson Disagree.

It was a disagreement last March between Dr. Hillis and Mr. Ferguson that eventually led to a formal acknowledgment by Dr. Hillis that he had been too hasty in making charges against his old friend, especially in order to make provision for his family and often dependent nieces.

He had learned recently, the clergyman added, that property in which he and his friends had invested was of doubtful value and he has seen himself the task of seeing that no one suffered any financial losses through confidence thus had in him or even through any introduction to Mr. Garrison.

The summons for Mr. Garrison was obtained by counsel for Dr. Hillis, who it was stated, is not prepared to go to court and ask for the examination of the minister's former business administrator.

Mr. Ferguson said today that he was glad the summons had been served and that the matter was coming into order.

The public can look for some lively proceedings, he declared.

ALBUQUERQUE JOURNAL SPECIAL LEADERS' WORK.

Washington, Oct. 7.—The Associated Press has been officially informed that Japan has notified China that until Japanese demands regarding jurisdiction over the Korean resulting in Chongqing, in the Kirin region of Manchuria are conceded, Japan will pursue her own course in supporting her claim to military force if necessary.

The Japanese claim, it is stated,

MINISTER GIVES TESTIMONY.

The Rev. C. M. Knighton, Hayanna, Fla., writes: "For three months I suffered intense pain in kidneys and back, which at times laid me up entirely. I read of Foley Kidney Pills and after trying various remedies without result I decided to try the Foley treatment. I was relieved almost with the first dose and it is a fact that I used only 100 tablets when all the pains disappeared. I am 75 years of age and now feel like a young man again." Sold everywhere.

TOO LATE TO CLASSIFY.

WANTED—by young man, place to work evenings from 6 to 10. Saturday afternoons and Sundays. Expert accountant clerk and salesman. Will do any kind of work. Address A-49, care Journal.

PUBLIC BITTEN BY SPECULATIVE BUG, IS BELIEF

Remarkable Recovery of Prices Cannot Be Accounted for Except on Theory That Craze Has Become General.

(By HERBERT JOURNAL SPECIAL LEADER WIRE)
New York, Oct. 7.—The inference generally drawn from today's remarkable recoveries of prices is that the public, always an unknown quantity in Wall street, is participating in the speculative mania to an extent probably unprecedented in the annals of the stock exchange. On no other ground, said dispassionate observers was it logical to explain the free and confident absorption of securities witnessed after yesterday's violent upturn.

Easy money, it is realized, constitutes an important element in the situation.

Increased strength of railways, which hold more prominently than at any recent period on a broader demand, was a wholesome factor.

Two new records stood out in the day's dealings. Bethlehem Steel, now at a barely itself, rose to 159, an overnight gain of fifty points, and International copper advanced 1512, or 12%. Anaconda copper came forward with an advance of 50-1 to 76-8 in the final hour.

The government report showing an improved condition and indicating higher-yield for crop with higher estimates for spring and winter wheat bore out all known conditions regarding the crop outlook.

Some sensational gains were made by copper convertible issues with general strength in the bond market. Total sales per value were \$5,546,000.

U. S. bonds recorded no change on call.

Closing prices were as follows:

America Gold 2514

American Biscuit 452

American Can 635

Dr. Valdez, physician of Mexican
specialties \$1 day or so in the care

J. V. Miller, supervisor of the Man
and Forest, has gone to Santa Fe
for a vacation.

Not Almond and 3000 Almonds
were represented on the southwest
California market last week.

Mrs. E. E. Beckwith has obtained
from Santa Fe where she resided
to attend the funeral of her brother,

George T. Brown, superintendent of
the American Falls, located in the
valley of the Rio Grande, New Mexico.

The association of citizens in
the city held their annual meeting
yesterday afternoon at the Hotel

El Rancho.

Two local men and the officers of
the city were present.

There was no reception at the

congregational church, as the

Rev. George T. Brown, pastor of the

Methodist Church, was ill.

Mr. Frank Thomas has been

carrying out his plans to make

the new building of the First

Methodist Church a reality.

He has engaged Mr. John

McGinnis, architect, of Denver,

Colo., to draw the plans.
