SENATOR FALL NOT ANY TOO SOLID WITH REGULAR REPUBLICANS

Old Guard Members of Legislature May Find It Politics to Retire the Three Rivers Statesman to Private Life.

GLARING INCONSISTENCY CHIEFLY RESPONSIBLE

His Lukewarmness Toward the Ticket in Recent Election, Coupled with Questionable Re-Election, Bound to React.

(Special Dispatch to the Morning Journal.) Santa Fe, N. M., Dec. 4.—As only a little more than a month remains before the New Mexico legislature meets again, speculation is rife as to policies that may be pursued by the majority.

In view of the result of the recent election in this state many believe there will be a distinct effort to harmonize the warring factions of the republican party with a view to carrying the next house of state representatives and the election of a congressman.

It is no secret that leaders of the republican party in all parts of the state are worried over the United States senatorship.

They are not satisfied with the attitude of Judge Fall, himself. They feel that he should not have attacked the administration on the floor of the senate, that he should not have given out interviews in New Mexico, before the republican national convention at Chicago, favorable to Colonel Roosevelt and predicting a bolt in case Roosevelt was not nominated.

Also these leaders point out that while Fall contributed to the republican state campaign fund, he made only one speech in the state, after the convention, and that so lukewarm toward Nathan Jaffa, the republican candidate for congress, and so positively hostile to the Taft administration that his attitude must have been largely responsible for the fact that Otero county, in which Judge Fall makes his legal residence and where he made his only speech after the state convention, gave Ferguson, democrat, nearly three times the number of votes cast for Jaffa, and the Wilson electors received nearly twice as many votes as were cast for the Taft electors.

But the republican leaders recognize that Fall has two chances to lose out.

First, The senate may declare Fall's last election invalid.

Second, It is understood that in the event the election should be declared valid, charges of corruption will be presented which Judge Ottero says will result in his being ousted from the senate and creating a vacancy to be filled at the 1915 session. In case of such a vacancy occurring, the governor cannot appoint a successor.

A democratic lawyer, who has given much thought to the matter, says there is much misapprehension as to Fall's last election and the manner in which its validity will be settled.

First, The matter will be settled by this session of the senate, not by the next, as the senate, unlike the house of representatives, is a continuing body, one-third of the membership going out each two years.

Second, It is probable that the committee on privileges and elections will not begin its investigation until after the first of the year.

When the investigation begins, he said, the contention will be that Judge Fall's election was in violation of the letter and spirit of the United States statute governing such elections. The law, he said, provides for three conditions.

The legislature shall begin balloting for a United States senator at noon on the second Tuesday after the organization of the legislature preceding a vacancy.

Second, In case a vacancy occurs when the legislature is not in session, when the legislature meets, on the second Tuesday after its organization, it shall proceed to the election of a senator to fill such vacancy.

Third, Should a vacancy occur during the session of the legislature, the legislature shall begin balloting on the second Tuesday after notification of such vacancy has been received to fill the vacancy.

The alleged election of Judge Fall, this authority asserts, conformed to none of these requirements. He and Senator Catron were elected regularly at the time specified by law. They went to Washington and lots were drawn and Fall drew the term which expires March 4, 1913. The secretary of the senate notified the legislature that there would be a vacancy on March 4th, not that a vacancy then existed, because there was none.

There was another session of the legislature provided for between that time and the time the vacancy would occur. Plainly it is the duty of the legislature to elect a senator at the last session of the legislature before such vacancy occurs.

But in case the last session of the legislature had power to elect, it should have done so at the time prescribed, the second Tuesday after notification, for time is essential in such elections, otherwise the law would not lay down rules so minutely governing such elections.

HARRIMAN OFFICIALS MEET IN SALT LAKE

Salt Lake, Dec. 4.—The first party of Harriman lines officials, who will hold a meeting here tomorrow, arrived tonight, headed by J. A. Monroe, vice president, in charge of traffic of the Union Pacific railroad.

Others from the east and northwest will arrive tomorrow morning. Mr. Monroe denied tonight the report that the meeting tomorrow was for the purpose of the reorganization of the Harriman lines in compliance with the recent decision of the United States supreme court. It was admitted today, however, by minor operating officials that the preliminary work for the reorganization of the Harriman lines would be based on reports and discussions made at the meeting tomorrow.

"The meeting of the operating heads of the Harriman lines here tomorrow," Mr. Monroe said, "is merely the annual gathering of traffic officials, and I don't know just what will be taken up. The meeting has nothing to do with the recent decision of the United States supreme court."

Mr. Monroe would not discuss the court's decision tonight.

Big Socialist Vote Polled. Sacramento, Dec. 4.—Official figures compiled by the secretary of state show that in the recent election socialist candidates for congress polled a total of 119,211 votes in the eleven districts in California. Their greatest strength was in Los Angeles and Alameda counties, where they ran second in two of the three districts, while in the third the socialists were beaten for second place by less than 700 votes.

New High School Building is Most Economical Solution of Problem

THE erection of a new high school building in this city is not alone the most logical step in the development of the city's educational system but the most economical solution of the problem now confronting the board of education. In the schools of Albuquerque there are now thirteen rooms which are daily housing classes of fifty or more children. If not overcrowded these rooms would care for forty children each. This exists regardless of the extra accommodations outside of the school buildings which have been secured by the board for the additional students.

Under the statutes the parents of children living outside of the city, upon payment of certain sums, may send their children to the city schools. There are a number of such children whose parents are demanding that they be allowed to continue their education. The board of education has found it necessary to refuse their requests. It is consequently not getting money it might obtain.

The extra accommodations are costing about \$1,500 a year. There is every likelihood that next year when the increase of students is greater and more accommodations must be had, they will cost more. It has been demonstrated that the income from the school land endowment will cover the interest on the proposed bond issue of \$100,000, the proceeds of which are to go to the erection of a new high school building.

Thus it can be seen that unless steps are taken to provide accommodations in the shape of a new building, which will cost nothing at present, the board of education must continue to expend money for rentals. If the bond issue is carried and the new high school built, the central building can be utilized for the housing of those children for whom it is impossible to care in the crowded ward schools. This will take care of the problem of buildings for several years.

FEDERAL CONTROL OF COAL MINES IS ADVOCATED BY FITZGERALD

Mayor of Boston Takes Advanced Stand Relative to Functions and Powers of the United States Authorities.

RIVER TRANSPORTATION AN OFFICIAL PROBLEM

Senator Townsend of Michigan Believes People Should Own Docks on Rivers Receiving Government Aid.

(By Morning Journal Special Leased Wire.) Washington, Dec. 4.—Mayor Fitzgerald, of Boston, made the declaration in an address here today before the National Rivers and Harbors congress, that the United States should own the coal mines of the country. He did not agree, however, with Senator Townsend, of Michigan, who had preceded him, that it might be well for the federal government to take possession of dock sites on rivers improved by the government, in order to keep railroads from preventing water competition.

"I would be in favor," said Mayor Fitzgerald, "of having the municipalities of the state, and the federal government co-operate in the control of dock sites, but I think the local authorities should have some say."

"I do not agree with Senator Townsend that no government improvement of harbors should be made until it can be shown that it would reduce the cost of transportation over considerable territory. The only limit to appropriations for river and harbor improvement should be a report from the army board that they are not good for any purpose. They should be improved for water power and other purposes. The people of the whole country are anxious to see the Mississippi River improved regardless of the cost and we can do it without impoverishing the country."

The railroads of the country can not carry all the business, the mayor said, and should have plenty of water competition. He declared that on \$20,000,000 worth of coal, Boston had paid \$70,000,000 in transportation charges and that something should be done to improve these conditions. The government could take possession of the coal mines of the country in a few years, he asserted, if things kept on as they had been going during the last few years. All water ways to which sufficient commerce is tributary should be improved at federal expense, said Senator Townsend, and, in the same time, the question of water power, as well as navigation, should be considered to help defray the expenses of improvement. He declared that when there was competition between a railroad and a boat line the former should not be allowed to make rates over any part of its line lower than compensatory in an effort to destroy competition. Dock privileges, he said, should be open to all and should be owned either by the municipalities or by the federal government.

C. W. Hodson, of Portland, Ore., said the solution of the river improvement was to reach the ear of the voters for congress are "amendable only," he asserted, "to the men behind the ballot."

BIGGEST RECEIPT GIVEN IN HISTORY

Washington, Dec. 4.—The greatest single financial transaction in the history of the United States was consummated at the treasury department today when Carl A. Thompson, the new treasurer of the United States, gave Lee McClung, his predecessor, a receipt for \$1,519,285,908.57 2-5/8, representing the money and securities in the personal custody of the treasurer on November 21st, when Mr. McClung retired. The amount for which Mr. Thompson received includes \$75,728,000 in gold; \$379,885,000 in paper currency in reserve; \$327,647,000 in bonds and securities; \$22,819,000 in national bank notes in process of redemption.

DEATH DISCOVERS THE IDENTITY OF CONVICT

Denton, Tex., Dec. 4.—The death of John Ellis, well known here for thirty-five years, resulted in the revelation today that Ellis was really Jim G. Addison, who was convicted of voluntary manslaughter in Buchanan county, Georgia, in 1873. He escaped, after serving three of the fifteen year sentence, and came here. Ellis' identity was announced by J. C. Brook, to whom "Ellis" told it five years ago.

Addison claimed he shot in self-defense, a man who intended to kill him for revealing Kuklux Klan secrets to the grand jury in reconstruction days.

Escaped Life Convict Caught. Yonkers, N. Y., Dec. 4.—Peter Prata, who escaped from the Houston, Tex., penitentiary last December after serving seven years of a ninety-nine-year sentence for murder, is locked up in police headquarters here tonight awaiting extradition.

GOVERNMENT HEARS CRANE AND DODGE HOW PLAN WAS ACQUIRED

Probe Into Harvester Trust Continues and Witness Tells of Negotiations by George W. Perkins for Control.

(By Morning Journal Special Leased Wire.) St. Louis, Dec. 4.—Negotiations for the sale in 1902 of the Plano Company of Chicago to William C. Lane, and later its incorporation into the International Harvester Company, were described this afternoon in the government hearing to dissolve the trust, by O. W. Jones, of St. Louis, collection agent for the International, who was secretary-treasurer and a stockholder in the Plano company.

All negotiations were carried on through George W. Perkins, Jones testified, and he and the other Plano company officers acted on the advice of the Plano company attorneys and Mr. Perkins. When he, with the other Plano officers, went to New York, in August, 1902, to transfer the stock and receive in return stock in the International, he knew, he said, that Lane was not going to operate the Plano property.

After the transfer Jones became manager of the sales department of the Plano division of the International, he said, and with four other men holding similar positions, constituted a sales committee that was abolished in 1904. Another witness introduced by the government, John Plattner, of the Plattner Implement Company of Denver, testified that his company began manufacturing reapers in 1905 and that every year since the output had doubled.

William Carr, of Kansas City, an agent for the International at Salina, Kan., from 1903 to 1907, refused to answer certain questions concerning contracts and the severance of his connections with the company, on the ground that he did not wish to "expose the International" by "showing its methods" used by it in attempting to drive out competition, until he had been warned by counsel for the government that he must answer. He then went into the desired details.

SUGAR TRUST KILLS INDEPENDENT REFINERY

Government Learns of Havemeyer's Activities in Throttling Competition During Administration of Roosevelt.

(By Morning Journal Special Leased Wire.) New Orleans, Dec. 4.—What is considered important testimony relating to the activities of the American Sugar Refining Company in dealings in which small competitors and sugar planters were interested was brought out at today's hearing of the government's suit to dissolve the so-called sugar trust.

Government counsel introduced a number of letters that passed between H. O. Havemeyer, former president of the American, and J. T. Witherspoon, superintendent of the company's New Orleans refinery. In the Witherspoon letters reference was made to efforts to prevent the organization of independent refineries in Louisiana.

In a letter written by Havemeyer in November, 1906, he intimated that the federal government might be appealed to "to interfere" against the organization of an independent refinery by Louisiana planters. Havemeyer suggested that a combination of the planters for such a purpose would be in line with what President Roosevelt would consider a "combination in restraint of trade." The proposed organization of the planters was not effected, and Emile Legendre, a retired planter, in telling of a similar plan to organize a refinery of the so-called trust was the real cause of the failure of the planters to organize.

"If the planters had gone into such a deal," testified Mr. Legendre, "it would have meant practically the blacklisting of their sugar on the local exchange." The witness said the "trust" had prevented three attempts of the Louisiana sugar planters to organize a large independent refinery.

LITTLE SUPPORT FOR INDIANA CHURCHES

Chicago, Dec. 4.—The story of an Indiana village of 261 inhabitants with sixty-eight professed Christians and only twenty church members attempting to support their churches, was related at the federal council of churches today. Of the sixty-eight Christians in the village the forty-three churches were distributed among nine denominations. It was said that no young man under 21 was a member of any of the three churches. This case was selected as typical of church conditions in many small towns.

NEARLY ALL GAVE LESS THAN HUNDRED EACH

Jacob H. Schiff Put \$12,500 Into War Chest and George F. Baer Followed with \$11,000 to Aid Wilson.

(By Morning Journal Special Leased Wire.) Washington, Dec. 4.—It cost the general national committee \$1,153,446 to carry the election for Wilson and Marshall, according to its final statement of contributions and expenses filed with the house today. Charles R. Crane, of Chicago, was the heaviest contributor with \$40,000, closely pressed by Cleveland H. Dodge, of New York, \$35,000, and Herman Ridder, of New York, as treasurer of the funds collected for the committee, \$30,074.

The total of \$1,140,952 contributions received by the committee came from 89,554 separate contributions of which all but 1,625, were in amounts less than \$100.

William J. Bryan gave \$11,000, as did David R. Francis, former secretary of the Interior; Mayor John F. Fitzgerald, of Boston; Senators Newlands, of Nevada, and O'Gorman, of New York; Senator Watson, of West Virginia, contributed \$7,500 and Governor Essex, of Massachusetts, former Senator William A. Clark, of Montana, and Roger Sullivan, of Chicago, gave \$5,000 each.

George F. Baer, president of the Philadelphia & Reading railroad, gave \$11,000. B. E. Younk, New York, \$2,500, and former Mayor J. D. Phelps, of San Francisco, \$2,000. John Barton Payne, of Chicago, put \$15,000 into the committee's chest; Judge General of New York, \$15,000; Jacob H. Schiff, and H. N. Harroch, of New York, \$12,500 each. The \$10,000 contributors were Charles S. Guggenheimer, Samuel Untermyer, James Speyer, Jacob Ruppert, Henry Goldman, Henry Morganthau, all of New York; F. C. Penfield, Cincinnati; Thomas D. Jones, David B. Jones, B. M. Winston, all of Chicago and Hugh C. Wallace, of Tacoma.

W. R. Craig, of New York, gave \$9,000. W. R. Rust, of Tacoma, \$7,000; G. F. S. Peabody, of Chicago, \$6,450, and J. C. Mayo, of Kentucky, and W. C. Baer, of Yonkers, N. Y., \$5,000 each.

The \$5,000 contributors were Rola Wells, St. Louis; E. B. Lynch, St. Paul; W. A. Gaston and H. D. Nawn, of Boston; J. M. Camden, Versailles, Ky.; Charles Smith, Menasha, Wis., and A. S. Spreckels, O. A. Harris, E. A. S. White, John D. Saules, Nathan Straus and John D. Ryan, all of New York. Representatives Thomas J. Scully, of New Jersey; Ralph Pulitzer, of New York; Joseph E. Willard, Richmond, Virginia; Charles W. McAlpine, of New York, and J. J. Starrow, of Boston, gave \$2,000 each. R. H. Van Sant, of Kentucky, \$1,500; Walter A. Millstead, Manila, \$1,400.

Among the \$1,000 contributors were John B. Stuchfeld, Lewis Nixon, Sergeant Crum, D. I. Elkus, Perry Belmont, E. C. Benedict, John F. Wallace, Herbert H. Lehman, Delancey Nicol, Herman Metz, F. H. Allen, all of New York; St. George Tucker, Lexington, Va.; Monroe Palmer, Potter Palmer, Jr., and F. H. Jones, former assistant postmaster general, all of Chicago.

"Silver ten ounces to the ton is no better than silver one ounce to the ton," he declared.

PATHEPIC LETTER RECEIVED BY TAFT

Washington, Dec. 4.—"Dear Old President: I hate to give you up, God bless you!" With those touching words, an old soldier of Missouri, appealing for the payment of his "back pay," concluded a letter received by President Taft. He wrote: "Dear and Well Beloved Old President: Will your honor please allow me to pen you a few lines in regard to my back pay."

"I saw quite a while back where you ordered the paymaster to pay that back pay not later than the coming Tuesday. I have not received mine. Will your honor please awaken that paymaster?"

Subsidiary here knows what back pay is due the old soldier and Secretary of the Treasury MacVeagh is investigating the claim.

LIBRARIAN REPORT MADE TO CONGRESS

Washington, Dec. 4.—Creator of a "book or library" post, so that the great library of congress might be placed in more intimate and more economical touch with the other libraries of the country, was advocated by the librarian of congress in his annual report submitted today to congress. The growth of the library during the last fiscal year was enriched by the addition of more than 129,000 printed volumes and pamphlets. There are now more than 27,000,

MACVEAGH REDUCES SIZE OF CURRENCY

Washington, Dec. 4.—With the end of the preparations for revolutionary changes in the design and size of American currency almost in sight, Secretary MacVeagh, of the treasury department, expects to give the order for printing the new notes to Director Ralph, of the bureau of engraving and printing, about February 15th, almost at the end of his administration. It will require eighteen months to accomplish the changes, which consequently will not be consummated until well along in President Wilson's term of office. Secretary MacVeagh advanced to the final stage of preparation today when he engaged Kenyon Cox, an artist of New York, to design the back of the notes, which will be the same for all denominations of all classes of currency.

Mr. Cox today submitted to the secretary the general features of the design he contemplates, and these were tentatively approved. This design is symbolic of progress and peace, showing the development of the nation in labor and commerce. The new currency will be two-thirds the size of that now in circulation.

Noted Chinese Coming. Seattle, Dec. 4.—Instructions were received from Washington, by the local customs and immigration officers to prepare for the early arrival of Dr. Sun Ya Sen, former provisional president of the Chinese republic and other Chinese dignitaries, who are expected here soon. They are to be extended every courtesy.

HAWTHORNE TRIAL FOR MINE FRAUD CONTINUES

Witness States That Silver Found in Ore Was Not Sufficient to Pay Expenses; Letter Fake Described.

(By Morning Journal Special Leased Wire.) New York, Dec. 4.—George Walker, of Boston, testified he wrote an article that appeared in a Boston publication under the caption, "Cobalt Mines Are Making Good," at the Hawthorne Mining Company promotion investigation today. He said he was not a professor, as was stated in a circular letter written by Hawthorne which the prosecution offered in evidence as calculated to convey the impression that the Tamagamit-Cobalt was being commended in Walker's article.

Joseph T. Handy, a mining engineer employed by one of the paying Canadian mines, testified he made an examination of the Tamagamit-Cobalt property in October, 1908, for Dr. Morton. The results of assaying thirty specimens of ore showed, he said, that the mining engineers would call "barely" a trace of silver.

The lowest grade ore shipped from Cobalt was ninety-two ounces to the ton, and ore of less silver mineralization than that could not be profitably shipped, he said. Referring on cross-examination to a report Mr. Handy admitted he probably had made a finding of from five to ten ounces of silver in the ton in one mine. He said this quantity would not pay to work.

"Silver ten ounces to the ton is no better than silver one ounce to the ton," he declared.

TURKISH-ITALIAN TREATY APPROVED AT ROME

Rome, Dec. 4.—After two days' discussion, the peace treaty between Turkey and Italy, known as the treaty of Lausanne, has been approved by the chamber of deputies. The vote was 325 to 24, the latter being socialist.

Premier Giolitti said the occupation by Italy of islands in the Aegean sea, was merely a military measure. Italy, he said, has asked for guarantees for the protection of the inhabitants of the islands in case of evacuation. If this occurred before the peace was arranged between Greece and Turkey, Italy could not oppose their occupation after the conclusion of peace Italy could fulfill whatever terms were agreed to in the treaty between Turkey and the Balkan allies.

At any rate through the treaty, Italy was free to make her voice heard in the European concert in favor of the legitimate interests of other people.

HASTY ACTION BY AUSTRIA IS EXTREMELY IMPROBABLE

London, Dec. 5.—The Times prints the following dispatch from its Vienna correspondent: "The alarmist rumors of immediate action by Austria may be dismissed as exaggerations. Austria's attitude on the question of an Adriatic port is not yet absolutely defined and before the Austrian proposals are communicated to Serbia they probably will be submitted to the powers."

A Belgrade dispatch to the Times says: "Yielding to European wishes, Ser-

GREECE EXPECTED TO JOIN ALLIES IN PROTOCOL FOR PEACE

Since Turkey Agrees There Should be No Food Supplies Sent to Besieged Towns, Armistice is Easy.

TWO CONFERENCES IN LONDON PROBABLE

Germany Favors Plan and Austria is Expected to Interpose No Objection to Way for Ending Balkan War.

(By Morning Journal Special Leased Wire.) London, Dec. 4.—No news has yet been received that Greece has signed the armistice, although she is expected to do so, as the protocol provides that the besieged garrisons are not to be provisioned. Greece had strongly objected to their being provisioned. The fact that Turkey has agreed to this clause is held to indicate that there is no likelihood of the immediate surrender of the fortresses. It is possible that two conferences may be sitting concurrently at London after next week.

The proposal for the ambassadorial conference reached the Austrian foreign office today and is said to have been received sympathetically by the Austrian cabinet. Count von Borchthold, however, is delaying its reply until he has consulted with the other members of the triple alliance.

As Germany is known to favor the conference, it is believed that Austria will embrace the proposal and the ambassadors are likely to meet at the same time as the peace delegates.

With respect to the disputes between the allies, it appears that the Greek government last Saturday adopted a dignified and touching appeal to the government of the allies beseeching them to take no action calculated to weaken or endanger the situation.

At the same time Greece offered all her naval and military resources in case Turkey declined to accept terms less damaging to what Greece regarded as the allies' best interests.

It is understood that this appeal forms an important historical document which will show that Greece, far from having any intention to break away from the league, made the strongest efforts to maintain it in its original form.

GREEKS AND BULGARS ON BEST OF TERMS

Athens, Dec. 4.—An official statement denies the report of fighting at Seres between the Greeks and Bulgarians, and declares the mostly friendly relations exist between the allies and their armies.

WAR CONTINUES WITH GREECE SAYS TURKEY

Constantinople, Dec. 4.—An official note issued this evening says: "An armistice has been concluded with Bulgaria, Serbia and Montenegro. The state of war with Greece continues." It is learned that the question of revictualing the beleaguered towns was abandoned, the government being satisfied that the towns were sufficiently supplied with foodstuffs. The only condition mentioned in the official communication to the press is that the troops will remain in the positions now occupied. It is now understood that no limit has been placed in the armistice which may be terminated by forty-eight hours notice by either side. It is reported that the Turkish and Bulgarian delegates will meet again tomorrow at Baghche for the purpose of arranging preliminaries for the peace conference.

WITNESS ADMITS TO UNTRUE AFFIDAVIT

Cincinnati, Dec. 4.—Henry G. James who has been on the witness stand seven days, completed his testimony today in the government case against officers and former officers of the National Cash Register Company for alleged violation of the Sherman anti-trust law. Before James was examined the defense made an attack upon his credibility by producing an affidavit that James admitted having signed in Detroit, in 1903, which stated that the National Company did not conspire to "knock" Hallwood machines.

He said he had been instructed by the National Company, to sign the affidavit. He also branded, as false, that part of the affidavit, which said that the National Company had given him instructions not to interfere with the Hallwood Company. The affidavit said that neither the National Company nor James had ever done an unlawful act that would injure the business of the Hallwood Company.

via is most willing to enter into friendly negotiations. According to the Athens correspondent of the Times, an official communication says the Greek cabinet has been taken in agreement with the other allies.

Austria regards war in Balkans as at end. Vienna, Dec. 4.—Austrian opinion regards the Balkan trouble as probably at an end, owing to the rivalry between Greece and Bulgaria for the possession of Saloniki.

Greek Government may continue war. Athens, Dec. 4.—Commenting on the conclusion of the armistice, the Athens newspapers express the opinion that the Greek government, if necessary, will continue the war without her allies.

Bulgarian troops occupy Kruhagali. Sofia, Dec. 4.—The Mir says the Bulgarian troops who captured Yaver Pasha's army at Debalnitchi, have advanced eastward and occupied various positions along the Kruhagali heights overlooking the harbor of Gallipoli.

Powers are agreed as to division of spoils. Rome, Dec. 4.—The Giornale d'Italia, with respect to Albanian autonomy, says an agreement exists between the powers, involving the division of the spoils of the Albanian conquest.

Lorillard Company declares dividend. New York, Dec. 4.—The directors of the Lorillard Tobacco Company today declared the regular 2 1/2 per cent dividend and also an extra dividend of 2 1/2 per cent on its common stock.

Pittsburgh steel magnate arrested. Pittsburgh, Dec. 4.—Information was filed here tonight against A. G. Dinwiddie, president of the Carnegie Steel Company, charging him with violating the eight-hour law in connection with government contracts in the armor plate department at Homestead.

Losing Hair? Go To Your Doctor. Ayer's Hair Vigor is composed of sulphur, glycerin, quinin, sodium chlorid, capsicum, sage, alcohol, water, perfume.

RECENT CAMPAIGN NOTABLE FOR ECONOMY

New Mexico Congressional Candidates File Sworn Reports with Secretary of State in Accordance with Law.

(Special Correspondence to Morning Journal.) Santa Fe, N. M., Dec. 4.—The thirty days in which financial statements of candidates in the recent election must be filed, will be up Friday and already most of the candidates have completed their reports and filed them.

Of the four candidates for congress, all have filed. Harvey B. Peterson gave \$100 to the state committee, \$100 to the county committee at Albuquerque, and paid \$12.50 for printing in Washington.

Nathan Jaffe in his report states that except for his traveling expenses around the state, he spent less than \$100 in the campaign which went for telegrams, telephone messages and postage.

Andrew J. Eggum, the socialist candidate, said that his party is opposed to the spending of money by political candidates, and that he "expended not one single cent."

Of the electoral candidates, George Armijo spent slightly less than \$800 he says in canvassing the state for the progressive cause, and of this amount the progressive state committee gave him \$245.95.

Levi A. Huchon and E. E. Studley say they spent nothing except for traveling expenses.

Indefatigable Huges did not travel nor did he contribute one dollar nor promise a single thing of value.

E. C. de Baca states that he contributed \$50 to the campaign fund in San Miguel county and that this is the sum total of his expenditures.

D. F. Thomas contributed \$12.85 to Fred Miller, treasurer of the general campaign fund of his party, and that is all for him.

Lincoln Memorial Design Approved by Commission. Plan for Monument Includes Rectangular Marble Structure 156 Feet Long by 84 Feet Wide.

(By Morning Journal Special Leased Wire.) Washington, Dec. 4.—The Lincoln memorial commission tonight decided to approve the design for a monument in the form of a rectangular marble structure in Potomac park, 156 feet long and eighty-four feet wide, enclosed on two sides by Doric columns, forty-four feet high and seven feet five inches in diameter.

On one of the walls of this central hall on a bronze tablet will be Lincoln's Gettysburg address and on the opposite wall his second inaugural address.

Once Noted Abductor Attempts Suicide. Milwaukee, Dec. 4.—Henry Schellkopf, president of the International Dairy show and formerly a crack football player, at Cornell and Harvard, today attempted suicide by shooting himself in the head.

Expert Accountant Testifies. Canton, Ohio, Dec. 4.—After four and one-half days of testimony, W. L. Pritchley, expert accountant, witness for the state in the case of former Warden Chubb and others, charged with the murder while in charge of the state penitentiary, finished his testimony. The defense attempted to examine the personal record of Pritchley, but was prevented in doing so by the court.

ARCHBARD SILENT PARTNER ADMITS FRIENDLY WITNESS

Impeachment Trial of Commerce Court Judge Brings Out First Evidence Where Senate is Empaneled as Jury

Congressman Webb Leading Prosecutor

Aged Friend of Jurist Attempts to Shield Him from Consequences of Business Deal with Litigant.

(By Morning Journal Special Leased Wire.) Washington, Dec. 4.—Accusations that Judge Robert W. Archbald, of the court of commerce, had been interested with him in a deal for the Katydol coal dump, near Scranton, Pa., and would have profited from the sale of the property, were drawn today from Edward J. Williams, of Dunmore, Pa., before the senate court of impeachment.

Interest today centered about the first article of the charges, in which it was alleged that Judge Archbald had exerted influence upon officers of the Erie railroad, which then had a lighterage case pending in his court, to compel them to give an option to Williams upon his portion of the Katydol refuse coal heap.

What did Judge Archbald do for which he was to receive one-half the profits from the coal dump? demanded Representative Webb.

Defendant Asserts on Witness Stand That He Resisted Removal of Papers to Los Angeles on Advice of Attorney.

(By Morning Journal Special Leased Wire.) Indianapolis, Dec. 4.—Frank M. Ryan, indicted president of the Iron Workers' union, testified at the "dynamite conspiracy" trial today that, after the arrests of the McNamara's he, on advice of counsel, resisted the removal of evidence wanted at Los Angeles, where the McNamara's were charged with murder and dynamiting.

JESUIT QUESTION CAUSES A DEBATE IN REICHSTAG

German Chancellor Defends Action by Parliamentary Body of Bavaria Against Militant Order of Catholics.

(By Morning Journal Special Leased Wire.) Berlin, Dec. 4.—The Jesuit question was raised in the Reichstag today by the radical leader, Dr. Peter Shahn, who said the Bundestag's recent interpretation of the anti-Jesuit law of 1875 had made severe the provisions of the law, thereby affronting 27,000,000 Catholics in the realm.

The imperial chancellor, Dr. Von Bethmann-Hollweg, defended the Bundestag's decision as only an interpretation of a law forty years old.

While 24,000,000 Catholics wanted the anti-Jesuit law repealed, continued the chancellor, 40,000,000 Protestants wanted it retained, and he warned the Catholics against a renewal of the religious conflict of the 70's.

SPORTS

M'GOORTY DEFEATS CLOVIS CLUB MAY MIKE GIBBONS IN 10 ROUNDS

Oshkosh Middleweight Shades St. Paul Fighter in Fast Bout Before Record Crowd of Fans in New York.

(By Morning Journal Special Leased Wire.) New York, Dec. 4.—Eddie McGorty, of Oshkosh, Wis., outpointed Mike Gibbons, of St. Paul, Minn., in every round of a ten-round bout at Madison Square Garden tonight. The fight was a disappointment. Gibbons' followers evidently expected much of him, while the McGorty adherents looked to their man to score a knockout. Both men were clever, Gibbons particularly, with a remarkable exhibition of defensive work. He was so evasive that McGorty could not get in his deadly left, although he punished Gibbons almost continuously with short arm hooks and uppercuts. Gibbons' blocking at times was perfect. He led off with a right and left to the neck, but McGorty returned a hard left to the face. The St. Paul man ducked a straight left, but took a left hook and McGorty was forcing him with lefts to face and body at the bell. During the second round Gibbons became frightened, but managed to put a left to chin and two straight lefts to the face. McGorty followed with lefts and rights to the head, a left uppercut to the face, a hard right to the body and a hard left to the jaw at the bell. Gibbons jammed his left to the face three times in the third round, but McGorty was the more effective with body blows at close quarters. Gibbons depended much on his footwork and was clever in dodging blows. There was a rapid exchange in the fifth in which Gibbons got the worst of it and in the sixth the St. Paul man was bleeding. In the ninth Gibbons sent two lefts and a right to McGorty's nose, starting blood and McGorty came back with left and right hooks to the head and two straight lefts to the face. In the final round after an exchange of rights and lefts to the face, McGorty kept hitting Gibbons till he bled the fight. The crowd was the largest that has been seen in New York since the repeal of the Horton law twelve years ago.

FOOTBALL PLAYERS TRYING OUT FOR BASKETBALL

Seven Members of High School Eleven Anxious for More Athletic Honors; Captain to be Elected Next Week.

The Albuquerque High school promises to be a strong contender for basketball honors in all classes this year. Material for the basketball team is plentiful. Seven members of the football squad, besides students who do not make the team, are trying for positions. Hessel, captain of the football team; Joe McCanna, Farrell, Camp, Sellers, Chaves and Kempchen are the football players who seek athletic honors. Schaeffer, who made the football team, but who was forced to quit early in the season on account of a fractured collar bone, also is on the eligible list. Ray McCanna is one of the most promising of the candidates who do not play football. The basketball season probably will open January 1st, but candidates already have begun practice at the Army school. The captain will be elected next week, but the members of the team will not be known until the latter part of the month. No games have been scheduled for the basketball losers as yet, but they will probably be introduced into the Las Vegas Normal University, the University of New Mexico, the Indian school, and the Albuquerque Business College if these teams will accept. The High school girls' team also has begun practice. The girls will elect a captain within two weeks. Their team will be strong also.

To Prohibit Inter-Marriage. East St. Louis, Ill., Dec. 4.—A bill prohibiting the inter-marriage of the races will be introduced into the next Illinois legislature by Charles Karch, a member from St. Clair county, he announced today in consequence of the marriage in Chicago of Jack Johnson and Lucille Cameron.

COLORADO OWNER OF ANNA AX ME WINS HIS CASE

New York, Dec. 4.—The case of "Anna Ax Me," a mare which won several big racing races last season, was tonight decided by the board of review of the National Trotting Association, in favor of her owner, O. H. Shole, a Colorado ranchman. Shole was charged by five other horsemen with having entered Anna Ax Me in the 3-year-old pacing division, while it was alleged, the horse was nearly 5 years old. Attorneys for the ranchman and for L. C. Kenney, of Hastings, Neb., chief complainant, held the attention of a large circle of horsemen in their arguments as to Anna Ax Me's age. Affidavits of several veterinary surgeons to the effect that Anna Ax Me was more than 3 years old were presented while Shole introduced affidavits by members of his family that Anna Ax Me was the 1909 foal of Roxanna. The board decided to dismiss the case, which leaves Shole in a position to collect about \$5,000 which the mare won in the Detroit and Kentucky futurities, but which was withheld under protest.

National League Meets.

Washington, Dec. 4.—The National League of Democratic Clubs concluded its session here today by the election of officers and the adoption of resolutions recommending that the ceremonies of swearing in of the president and the attendant pageant should not be separated, favoring but one term of office for president, and deploring as unjust and reprehensible the manner in which the Panama canal zone was acquired.

MARKET WEAKENS ON UNSETTLED TRADING

United States Steel Sells Off and Southern Pacific, After a Rally, Loses About All the Gains Made by It.

(By Morning Journal Special Leased Wire.) New York, Dec. 4.—Quotations of stocks again weakened today. The market was unsettled and at times showed the effect of pronounced pressure in various parts of the list. It was evident that traders were still undecided as to the effects of the Harriman merger decision. Apprehension on this score were due largely to the possible effect of the court's attitude upon a large class of corporations which might come within the scope of this interpretation of the Sherman anti-trust law. Shares of the United States Steel corporation, whose dissolution the government seeks, was offered more freely than for some time and declined 2 1/2 to 3 cents, the lowest price since July. Southern Pacific declined 2 1/2 to 3 cents, the opening, but soon lost its 2 point gain. Union Pacific was again weak, losing 1 to 2 points. Foreign exchange rates weakened and the outlook for a further influx of foreign gold was correspondingly improved. The bond market sagged with heavy sales of some important issues. Total sales, par value, \$1,900,000. Closing stocks: Amalgamated Copper 82 1/2, American Agricultural 55, American Beet Sugar 55, American Can 119 1/2, American Car & Foundry 158 1/2, American Cotton Oil 57, American Ice Securities 18 1/2, American Locomotive 12, Amer. BERNALILLO COUNTY EXTRAORDINARILY HEALTHY PLACE.

Few Births and Deaths Recorded and Only Two Cases of Contagious Disease Are Quarantined.

If the vital statistics on file in the office of the county clerk are to be credited, Bernalillo county is surely a healthy spot. The reports filed for the month of November show a total of seven deaths, which is believed to be inconspicuous, and a total of no births. These figures should include the city's births and deaths, but for some reason unexplainable by the average man they do not.

The city births and deaths are all recorded with the city physician and the physicians and others attending seem to think that this covers the matter and they need not make any record with the county clerk. Nor are the city records complete as regards the births. Death certificates usually come in promptly, as the city does not allow a burial to be made until the death certificate, properly filled in by some attendant or by the physician in charge of the case, has been filed, or a coroner's jury has pronounced an inquest.

The county record of births and deaths is thus supplemented by the birth and death record of the city. It is possible that some of the entries are duplications, but this is not thought probable. The city birth record for November shows eight certificates filed, four of them by the city physician himself.

Questioned regarding this showing last night, Dr. L. G. Rice, the city physician, asserted that he was explaining great trouble in getting physicians to report births with reasonable promptness, and that he thought there must be at least twenty births which had occurred in November but had not yet been reported to him.

"This is based on the way reports come in for other months," he said, "I have had reports filed in November for the month of July, and you cannot carry the law in the matter to its limit. It would hardly be right to have such a man as— and he named a prominent local practitioner, "arrested for failure to report the births he attended. I have written all the local doctors a letter in regard to this, however, and I hope that we will be able to get some action soon."

The law requires deaths to be reported to the county clerk within thirty days. No limit is set on birth reports. The city requires birth reports to be filed within ten days.

The city death record shows some interesting facts. In the month of November there were thirty deaths recorded in the city. Some of them were people who had died in other places and been buried here. A number of them were for Old Albuquerque and Bernalillo, the physicians attending having transferred the deaths to the Albuquerque office. The actual residents of Albuquerque who died last month numbered fourteen, including deaths from tuberculous accidents and all other causes. The others were those of non-residents who died from all causes, including railroad accidents, appendicitis and tuberculosis, while inside the city limits.

This makes the total recorded deaths for Bernalillo county thirty-seven, including Bernalillo and non-residents, and the total recorded births in the city. Some of them were twenty-nine marriage licenses issued at the office of the county clerk, including resident and non-resident couples, in the month of November. The approximate number of divorce decrees granted was ten, but there is no accurate way of determining these without wading through the civil dockets of the district court.

HAIR STOPS FALLING, DANDRUFF DISAPPEARS—25 CENT "DANDERINE"

Save your hair! Beautify it! Invigorate your scalp! Danderine grows hair and we can prove it.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or a loose or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you will actually see new hair, fine and downy at first—yes, but really new hair—growing all over the scalp.

A little Danderine now will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it

PAIR OF JUDGMENTS ARE HANDED DOWN

The district court yesterday handed down two judgments, one against J. C. Huff, doing business as the Gallup Lumber Company, in favor of the American Lumber Company, for \$1,326.84, and the other in favor of Claude Hutto, for \$57.41, against H. G. Cox. Costs and interest were awarded in both cases.

WIFE THREATENED TO KILL HIM, SAYS A PHOTOGRAPHER

Percy Hawley, a photographer, last night was cited to appear in police court this morning on a charge made by his wife, who said he struck her. Hawley told Chief of Police Thomas McMillin that Mrs. Hawley threatened to shoot him with a revolver and that he knocked the weapon from her hand with his cane. The trouble arose over his disciplining one of his children at the supper table, he said.

He was released on his own recognizance.

DR. HEWETT IS ON LECTURE TOUR OF CALIFORNIA

Director of American School of Archaeology at Santa Fe Appears Before University of Golden State.

(Special Correspondence to Morning Journal) Santa Fe, Dec. 4.—Dr. Edgar L. Hewett, director of the American School of Archaeology at Santa Fe, N. M., who is on a lecture tour of the Pacific coast, is in the city for the purpose of lecturing before the University of California at Berkeley.

Dr. Hewett lectures upon the American excavations at Quirigua in 1912, and with the aid of stereopticon slides, illustrates some of the interesting discoveries he made in Guatemala during the past year. For three years he has been engaged upon the work of uncovering the buried city of Quirigua, which has lain submerged in the jungle for centuries, since the conquest of the region by Alvarado and other Spanish explorers.

It was necessary to remove many trees 150 feet high and twenty-five feet in circumference, besides a vast accumulation of vegetation, before the excavation of the city's ruins could begin. The most important discovery of the year at Quirigua was a hieroglyphic inscription surrounding one building in the Temple court. These carvings have been deciphered in terms of the Maya calendar, and fix the chronology of the 500 years during which this vanished civilization reached its zenith of skill and power.

The excavations show that the Mayas occupied bamboo houses, thatched with palm, similar to those used by the present inhabitants of Guatemala. They displayed their wealth and power in the massive stone constructions about their religious precincts. Around the chief ceremonial plaza terraces were erected from twenty to fifty feet high, forming an amphitheater that would accommodate more people than the great Coliseum.

BANKS DECLINE TO PAY TAXES ON VALUATION OF 50 PER CENT

Checks for Assessments Based on Forty Per Cent of Capital, Surplus and Undivided Profits Are Refused.

COUNTY COLLECTIONS LOWERED AS RESULT

Officials of Local Institutions Decline to Make Statements, But Legal Procedure Will Likely Be Taken.

Inquiry into the amount of tax monies collected by the county treasurer for the first half of the year 1912 yesterday led to the discovery of the fact that the banks of the city have refused to pay taxes for this year, because of a disagreement over the valuation on which they were assessed.

For some reason, the county treasurer's office was very reticent about giving any data on the tax collected up to December 1st, when the first half of the 1912 assessment was delinquent, and until yesterday refused to give even an approximate statement of collections. Tuesday night, however, the collections for November were totaled up and the receipts mailed. The treasurer, therefore, had no further excuse for not making a statement.

It developed that shortly before the end of November, the two local national banks, the First National and the State National, had offered checks for their taxes, based upon 40 per cent of their capital, surplus and undivided profits. These were refused, as full payment, although the treasurer offered to accept them as partial payment.

Previous to this time, the state board of equalization, it is said, had ordered the assessment of the banks at 50 per cent of their capital, etc. The banks, however, the First National and the State National, declined to accept this as high a valuation as that upon which any one was paying, and he did not feel called upon to raise it.

Later, the state board ordered the county treasurer to correct the tax rolls, and make the assessment on 50 per cent, instead of on the 40 per cent returned. This was done, and a corrected notice of taxes due sent the two banks in place of the one sent for the 40 per cent.

But the banks stood pat on paying 40 per cent and getting a receipt in full, and the treasurer declined to give such a receipt.

There the matter stands today. What will be done is unknown, as the officials of the two concerns refuse to give any hint of their proposed action, but it is rumored that a friendly suit will be instituted to settle the case, either before or after one of the banks pays its 40 per cent and accepts a receipt in partial payment.

The checks tendered by the First National bank was for \$11,615.17. The state board's assessment on this bank was \$14,519.97. The State National bank offered to pay \$4,149.56. It was asked to pay \$5,187.12. These sums represent taxes for the entire year, not merely for the half which became delinquent December 1st.

The state board of equalization undoubtedly has power to make assessments on banks, Chapter 102 of the laws of 1907 conferring this power. But there is a statute which declares that assessments on banks, etc., shall be no higher than that on other classes of property.

The difference in money raised by the refusal of the banks to pay their taxes until this matter is straightened out will not make a great deal of difference to the county, but as the city should receive approximately half of the money, it will feel the loss considerably, especially in its present straightened circumstances.

The total amount of taxes collected up to December 1st, when the half of the 1912 taxes due became delinquent, was \$11,176.66. The amount to be collected including taxes against land and grants and all other property in Bernalillo county, is \$202,863.29. Only half of this was due December 1st, and only about 90 per cent of it is collected anyway, so the local treasurer's office has made quite a record. More than 2,200 receipts for taxes have been issued, the last batch being mailed Tuesday night.

Wilson Has Big Plurality in Colorado.

Denver, Dec. 4.—The official count of Colorado's vote for presidential election, cast November 5th, was completed by the secretary of state this afternoon. It gives Democrats, 114,252; progressives, 72,306; republicans, 55,398; prohibitionists, 5,962; socialists, 15,118; socialist labor, 475. The total vote was 266,880. Taft carried three counties, Costilla, Huerfano and Las Animas; Roosevelt carried two, Fremont and Saguache. Taft's vote was larger than Roosevelt's in thirty-four counties, and Roosevelt's was larger than Taft's in twenty-eight counties.

STATE BOARD OF EDUCATION MEETS TODAY IN CAPITAL

(Special Correspondence to Morning Journal) Santa Fe, N. M., Dec. 4.—The state board of education will meet tomorrow in this city and will probably be in session several days. This meeting is expected to be a very important one, judging from the number of matters awaiting attention. One of

PSYCHOLOGY OF LOVE SUBJECT OF TALK AT UNIVERSITY

Dr. Mendel Silber Addresses Students on Interesting Topic at Assembly Hour Yesterday Morning.

APPOINTMENT OF MISS MYERS PLEASES HER RATON FRIENDS

Commenting on the appointment of Miss Manette Myers, domestic science teacher in the Albuquerque public schools, to the position of state superintendent of industrial education, the Raton Range says:

"Miss Manette Myers, of Raton, for the past full instructor of domestic science for the Albuquerque schools, has been appointed state superintendent of domestic science in the New Mexico public schools, her new duties to begin January 1st. This marked recognition by the state board of education of Miss Myers' ability in her chosen profession comes deservedly and her many friends in Raton are feeling justly elated over her success in being appointed to this responsible position which carries with it a good salary."

"Miss Myers, who is a graduate of the domestic science department of the Kansas State Agricultural college, has manifested rare ability in supervising work in her department in the Albuquerque schools and her selection to supervise the statewide work comes as a natural sequence of her demonstrated success in the work at Albuquerque. We congratulate the state board in being able to secure her."

STEAMSHIP FIREMAN FINDS BED IN JAIL

James O'Donnell and Joe Rossy last night asked Police Captain O'Grady for a "drop" at the city jail. O'Donnell said he was from New York. He was a fireman on a steamship, he said, but quit on a strike. He is on his way to San Francisco to try to ship from that port.

DEPOT REPAIRS TO BE COMMENCED TODAY BY HARLAN & SON

The repairs of the burned Santa Fe depot, which was damaged by fire some time ago, and temporarily repaired for use a day or two later, will begin this morning. Harlan & Son, a local firm, has received the contract for the work. Work was received from Chief Engineer E. C. Felt, of the Santa Fe, for the effect yesterday. The repairs will cost approximately \$10,000.

BREAKS A COLD IN A DAY

And Cures Any Cough That is Curable. Noted Doctor's Formula.

"From your druggist get two ounces of Glycerine and half an ounce of Globe Pine Compound (Concentrated Pine). Take these two ingredients home and mix them in a half pint of good whiskey. Take one or two teaspoonfuls after each meal and at bedtime. Smaller doses to children according to age. This is the best formula known to cure a cold in a day. It is a powerful preparation of large quantity, but it don't pay to experiment with a bad cold. Be sure to get only the genuine Globe Pine Compound (Concentrated Pine). Each half ounce is in stock he will get it quickly from his wholesale house. This has been published here ever since winter of six years and thousands of families know its value."

SOME FEET CORN, Callouses, Bunions, Frost Bites, Aching and Sweaty Feet. A spoonful of Colocle in the foot bath gives instant relief. Get a 25 cent box at any drug store.

PSYCHOLOGY OF LOVE SUBJECT OF TALK AT UNIVERSITY

Dr. Mendel Silber Addresses Students on Interesting Topic at Assembly Hour Yesterday Morning.

Dr. Mendel Silber, of the faculty of the state university, was the speaker at the assembly hour at that institution yesterday morning, delivering an address on the "Psychology of Love and Literature." His address was listened to with considerable interest.

In part, he spoke as follows: "It is very seldom that this subject is discussed from a psychological standpoint for the simple reason that we have our prejudice about love. The general opinion is that we cannot not speak about love, unless we are in love ourselves. There is no reason why we should not discuss a sentiment like love in the same way we discuss any of our other instincts or emotions. It is not necessary to be in love to discuss it. As a matter of fact, one who is in love can hardly discuss the subject at the time. It is only when we take it up from an impartial standpoint that we can discuss it at all.

"I think that most of the things we consider love today are not love. I think the conception we have of love is really the conception that we have gotten from our literature. It is a sad mistake that most of us made. Reading literature, written for effect is very harmful at a very early age; for the man treated of as being in love is not represented as a normal man, he loses his sense, all responsibility seems to be gone from him. The novelist cannot treat of him in a sane way. He must be gushy, sentimental, neglect every duty and obligation of life. This is, of course, not true of all novelists, but of the light ones that are best sellers this year and are forgotten the next.

"This abnormal case of love is not true of strong minds, but only of weak ones. In a strong mind there is no reason why the instinct of love should push and crush out all judgment, reason and every other instinct. Yet our young people devour this foolish, sentimental stuff in novels. What is the result? The result is that we grow up with certain imaginary ideas of what love should be. When we find anything that corresponds to the idea we got in the novels we think we are in love.

"Psychologically speaking, there should be no such thing. When we grow up and our various centers develop in us, the sex center develops also, it is a very strong center, because it is an original instinct that has never been weakened, but only checked and controlled by judgment. When we grow to an age when we are capable of being in love, there is an organic ideal projected from our sex centers. When we go into the world it is not until we meet someone that corresponds to this organic ideal in our sex center that we fall truly in love. Until that object presents itself to us, the idea of love is potential, not actual, and must be allowed to develop gradually. If the ideal presents itself in a certain object and the correspondence is great, then we have true love at first sight. There is something that tells us that here is our organic ideal. If there are certain things only that seem to correspond to our organic ideal, then love will be gradual, because the organic ideal will have to adjust itself. If on the whole the object corresponds to the organic ideal, the adjustment takes place in a greater or lesser length of time and we have true love established.

"But our reading of literature which does not represent the normal, but rather the abnormal idea of love, reverses the process. Instead of allowing our sex and love centers to develop gradually, so that we have a true standard of judgment as to whether or not the object we fall in love with corresponds to our organic ideal, we get our ideal from the external conception obtained from the novel. When this happens and we go out into the world and then happen to fall in love, we are very seldom sure that we fall in love with our true ideal, and that accounts from the psychological standpoint for so many of the tragedies in love and marriage.

"If we are to be true to ourselves, and to the instinct which is a true and worthy instinct, if we are to cultivate the highest and best in us in that particular field, it should be made obligatory upon all young people not to read any of those novels that represent the love instinct in an abnormal, insane, irrational way. Everyone of us ought to wait until we can reach those novels without being affected by them just as we wait with our drinking of coffee and tea, and with so many other things, until we are sufficiently developed physically. If we do not do so, then our greatest instinct, or at any rate our strongest instinct, is made abnormal and turned to our harm instead of to our good.

"This is not true with the novels that deal with the instinct in a sane and rational way, such as those of George Elliot.

"If I have any message to you from the psychological standpoint regarding the subject of love and literature I wish to point out the importance of both in their true proportion and in their true conception. I do not wish to berate either love or literature. When we get either in the untrue conception and undue proportion, we spoil both our literature and love.

"We are living more through our emotions and instincts than through our intellects. Nine-tenths of our lives are made up of emotions and instincts, and yet the only conscientious effort that we direct towards making our life useful, sane, rational and reasonable is in the way of our intellect and not in the way of our emo-

THE DOCTOR'S ADVICE

by Dr. Lewis Baker

The questions answered below are general in character, the symptoms of diseases are given and the answers will apply to cases of similar nature.

Those wishing further advice, free, may address Dr. Lewis Baker, College Building, College-Building Sta., Dayton, Ohio, enclosing self-addressed, stamped envelope for return. Full name and address must be given but only initials of fictitious names will be used in my answers. The prescriptions are filled at any well-stocked drug store. Any druggist can order of wholesaler.

"Anxious Wife"—Give 10 to 15 drops of the following in water an hour before each meal and your child will soon be cured of bed-wetting. Comp. fluid balsam, 1 oz.; tincture calaba, 1 dram; tincture muscat, 2 drams.

"La Rue" writes: "For many years I have suffered with stomach and bowel trouble which has been caused by nervousness of the stomach. My blood is also in poor condition. What can be done for me?"

"Elio M." writes: "I have such short strings, straggling hair and my scalp is falling out. Please advise what to do for my hair and scalp." My hair is thinning and my scalp is itching.

"Hazel" says: "I would certainly appreciate something that would increase my weight and take away that languid feeling which I am suffering with." I am a nervous, thin, and watery and my appetite is poor.

"Elio M." writes: "My rheumatism is so stiff that it makes it very hard for me to get around."

"Do not worry about your constipation. Try the following: Get at the drug store a bottle of Dr. Lewis Baker's Constipation Cure. It will cure you in three days."

BETTER FACILITIES FOR EDUCATING INDIANS URGED

Board of Commissioners Favors Their Enrollment in Public Schools; Congress Asked to Aid.

(Special Correspondence to Morning Journal) Washington, Dec. 4.—Continuance of the policy of enrolling Indian children in the public schools as fast as local conditions permit is again advocated by the board of Indian commissioners. In the report of the commissioners, just made to the secretary of the interior, the subject of education for the Indians who are wards of the government is discussed.

Among restricted Indians who dwell in the lands of the five civilized tribes without sharing their autonomy, there are many full-blooded Indian children whose education offers a problem. At present a comparatively small number attend school, partly because the infrequent public institutions are out of reach and partly because, where such schools are available, the Indian children are often unwelcome and their attendance is made as uncomfortable as possible.

It would be greatly to the interest of these Indians, says the report, if financial aid could properly be given by congress to assist Oklahoma in building up in the region occupied by the restricted Indians a system of public schools adequate for the entire school population and freely open to all Indian children. Unless the Indian children are well educated, declare the commissioners, there is little hope for them in the future.

There are some 6,000 Navajo children on reservations in New Mexico and Arizona who are still without adequate educational facilities. The nomadic habits of the Navajos render difficult attempts to devise an adequate system of schools for them, notwithstanding the pledge of the United States in the treaty of 1868.

"CASCARETS" BEST FOR THE BOWELS

The millions of Cascaret users never have Headache, Constipation, Biliousness or Sick Stomach.

It is more necessary that you keep your Bowels, Liver and Stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction.

Are you keeping clean inside with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the intestines and bowels.

PROBE OF SOLDIERS' HOME NEARS FINISH

Los Angeles, Dec. 4.—Edward W. Wilson, chaplain of the soldiers' home at Sausalito, for seven years, testified today at the senatorial investigation into the conduct of the institution that he had prevented women preaching in the chapel, because he was opposed to "anybody who came in to make a row." This was one of the charges made against the chaplain by complaining veterans.

The chaplain also admitted that he had refused to allow other clergymen to hold services on the grounds, because he wanted to preserve the non-sectarian feature of the religious services. He denied the charge that he had refused to allow the distribution of religious tracts, but admitted he had once stopped a "religious fanatic" from distributing "intensely denominational tracts." Treasurer Morris expected to take the stand tomorrow as the last witness.

STORM SWEEPS DOWN ON COLORADO STATE

Denver, Dec. 4.—A storm swept down from Canada and Idaho into Colorado today, and tonight most of the state is covered with snow and deep drifts. Trains on almost all the railroads coming into Denver have been delayed. The precipitation here was .22, or three inches of snow.

SAN FRANCISCO WILL BUILD COSTLY YACHT

San Francisco, Dec. 4.—Two hundred and fifty thousand dollars will be raised in San Francisco by the syndicate organized to finance the construction of a yacht to contest in 1915 against the Shamrock, to be sent to this country by Sir Thomas Lipton, according to the announcement made by Thomas L. Miller, who heads the syndicate. Captain Frank Stone, a yachtsman and shipbuilder of San Francisco, will sail the local craft, and his yard may build it.

DEATHS AND FUNERALS.

Body to be Sent East. The body of Mrs. Gertrude Higgins who died Tuesday at St. Joseph's hospital, is to be sent to Lansing, Kan., for burial. J. W. Higgins, the husband, and his son, Knight, 4 years old, will leave with the body this morning. Funeral services are to be held at Lansing, Mrs. Higgins' home before she came to Albuquerque.

HELPLESS INVALID IS ALMOST BURNED ALIVE

Kiowa, Colo., Dec. 4.—P. Kirkman, a farmer, lying helpless in bed, with a broken back, late today saw his 4-year-old son, Glen, set the house afire and the flames creep toward his bed. No one else was in the house and when he had given up hope of either he or the child being saved from the flames, his wife arrived with their three daughters just in time to extinguish the fire. Mrs. Kirkman had gone to the school to bring her daughters home, when the small boy, who had been left with his father, found some matches and made a bonfire in one of the rooms with a pile of papers. The flames caught the window curtains and spread to the ceiling.

OROZCO'S COMMAND NUMBERS MORE THAN 1,000

Rebel Leader is Expected to Begin Operations Against Larger Towns in Northern Mexico with Superior Force.

(El Paso, Dec. 4.—Rebel groups under Generals Pascual Orozco, Jr., Marcello Caraveo, and Antonio Rojas, have combined along the Mexican Central railroad midway between Chihuahua City and Juarez, making a command of more than 1,000 men now led by General Orozco, the persistent revolutionary leader of northern Mexico.

This forms a much larger mobile force than is possessed by the federals in that state. A movement of the newly formed rebel army against important towns is expected at any time. In addition to reporting this, refugees arriving here tonight say that in attacking the northbound Mexican Central passenger train below Galejo yesterday, the rebels followed the train which was carrying 500 infantrymen on a continuous patrol of the two railroads between Chihuahua City and the border.

Of the troop guard of thirty-four defending the passenger train, twelve including Captain S. Landeros, were killed, and eighteen wounded besides two of the train crew and a number of the passengers. So far the Mexican Northwestern railroad, an American owned road, remains open between the state capital and the border, although General Diaz Salazar with 400 additional rebels is operating along that line.

EIGHT TROOPS ORDERED TO FT. SAM HOUSTON.

San Antonio, Tex., Dec. 4.—The eight troops of the Third United States cavalry now on Mexican border patrol duty have been ordered to concentrate at Fort Sam Houston. The Second cavalry, now at Fort Bliss, will go on Mexican border patrol duty.

CONSISTENCY AND HONEST VALUE PREDOMINATE

These Two Traits Are Vividly Portrayed in "The Confession," Next Attraction at the Elks Theater.

Consistency and honest value is appreciated at all times and in all things. It is the slogan which, when practiced in commercial life and in business, always brings best results. This rule applies to the theater as well, and is the logic and philosophy that James Hallock Reid has used in writing his play "The Confession," which will be seen at the Elks' theater on December 10th.

Mr. Reid has used in his play, life's most absorbing topics and still not a line of his manuscript would offend. There is an uplift in his play, a great lesson, a cause, a reason, a powerful dramatic story.

DEATHS AND FUNERALS.

Body to be Sent East. The body of Mrs. Gertrude Higgins who died Tuesday at St. Joseph's hospital, is to be sent to Lansing, Kan., for burial. J. W. Higgins, the husband, and his son, Knight, 4 years old, will leave with the body this morning. Funeral services are to be held at Lansing, Mrs. Higgins' home before she came to Albuquerque.

REALTY DEALER IS SHOT BY WOMAN IN HOTEL ROOM

Victim is in Hospital While Assailant is Held Prisoner; Claimed Tragedy Was Result of Accident.

(By Morning Journal Special Licensed Wire.) San Francisco, Dec. 4.—Robert L. Widney, a Los Angeles real estate dealer, is in a hospital suffering from a bullet wound that may prove fatal, and Mrs. Frances V. Lyons is a prisoner in the city jail, as the result of the shooting that took place late today in the couple's apartment in a downtown hotel. There were no witnesses, but both principals say that the shooting was accidental. Their accounts, however, differ widely. Mrs. Lyons was divorced two months ago in Denver, about a year after her marriage in Oakland to William C. Lyons, said to be a Denver politician.

At the time of the divorce Widney was named as co-respondent and it was alleged that he and Mrs. Lyons were living together in Los Angeles. Mrs. Lyons said that today's shooting was caused by Widney dropping a revolver he had taken from her shopping bag. She declared a similar accident had occurred six weeks ago in Los Angeles. Dr. O. C. Josslyn, however, in a statement made to detectives, declared that Mrs. Lyons exclaimed to him: "Yes, I shot him and I'd shoot him again. He called me Bess—that's why." Bess is said to be the name of Widney's wife.

MRS. WIDNEY GOES TO HUSBAND'S BEDSIDE

Los Angeles, Dec. 4.—That Mrs. Vivian Lyons, as she was known here, threatened on several occasions to kill Robert J. Widney, was asserted tonight by Mrs. Widney, wife of the wounded man. Mrs. Widney discussed freely the relations between her husband and Mrs. Lyons, declaring Mrs. Lyons had made the threats in order to compel Widney to continue them. Mrs. Widney has been confined to her bed with rheumatism for several weeks, but when apprised tonight of the shooting of her husband she arose and prepared to leave on a late train for San Francisco, accompanied by Widney's aged mother, Mrs. R. M. Widney.

Widney has been one of the leading real estate operators in Los Angeles for some years. He went to San Francisco yesterday, ostensibly on legal business.

FORMER HUSBAND TELLS WHY HE DIVORCED WOMAN.

Denver, Dec. 4.—William C. Lyons, former husband of Mrs. Frances V. Lyons, is a traveling salesman and local democratic politician. His marriage to Mrs. Lyons was unknown to his friends here until the news of the shooting of Robert J. Widney reached here tonight. Lyons said he married her secretly and obtained a divorce

Dr. PRICE'S CREAM BAKING POWDER

Pure—Wholesome—Reliable—Indispensable

Its fame is world-wide. Its superiority unquestioned. Its use is a protection against alum food. In buying baking powder examine the label carefully and be sure the powder is made from cream of tartar. Other kinds do not make the food healthful.

PRISONERS GIVEN PRISON SENTENCES BY JUDGE LEAHY

(Special Correspondence to Morning Journal) Las Vegas, N. M., Dec. 4.—Judge David J. Leahy yesterday afternoon sentenced Narciso Duran and Pedro Gallegos, the last of the men convicted at the November term of the district court to receive their punishment. Duran, who pleaded guilty to the charge of attacking Jose Romero with a knife, was given from one year to eighteen months in the state penitentiary. Gallegos, who was convicted of stealing a horse, was given from one year to three years in the penitentiary. Hard labor was prescribed for both men. Sheriff Roman Gallegos will take the convicted men to the penitentiary within a few days. The court is still engaged in hearing civil cases in chambers. Enough cases are set for trial to require the attention of the court until December 20th.

DETROIT BUYS PITCHER NICHOLS

Detroit, Dec. 4.—The Detroit club today purchased Herman Nichols from Waukegan, Mich. Nichols, who, formerly pitched in the South Michigan league, achieved considerable prominence by defeating Mullin and Dubue, two of Detroit's best pitchers, and Elting of the Cleveland Americans, in exhibition games last October.

Catarrh Cannot Be Cured

With local applications, as they cannot reach the seat of the disease, Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarrh Cure is said a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Sold for test, 10c. P. J. CHENEY & CO., Props., Toledo, O. Sold by Druggists, price 75c. Take Hall's Family Pills for constipation.

Rip Out Your Dress Shields—Fire 'Em Quick!

Men and Women Marvel at PERSPI-NO.

Good-bye forever to hot, wet dress shields and excessive, unnatural armpit perspiration. Use PERSPI-NO.

Men and women, use the wonderful powder PERSPI-NO, which stops that excessive perspiration that is unnatural, wherever it may be. You will never again have your clothing in the arm-pits soaking wet from perspiration, or have them get stiff, fade, and have the colors run, or have your dress-shields curl up like ropes under the arms. If you use the new marvel, PERSPI-NO, no more fading, staining or spoiling of dresses, coats, shirts or waists. No more humiliation and perfect misery. Use it in summer when it's hot, use it in winter when wearing heavy clothing.

PERSPI-NO is a wonder, too, in removing all perspiration and body odors immediately; it is not a sticky cream but a cooling, wonderful powder. A powder pad frog in each box.

PERSPI-NO, sold at drug and department stores, 25c a box, or sent on receipt of price by The Perspo Co., Chicago, Ill.

For sale and recommended by the Powell Drug Co.

ALBUQUERQUE NEW MEXICO

RUSSIA GROWS DEFIANCE.

Russia has issued a reply to the challenge of Germany and indicates in no uncertain terms that the bear is ready to meet any contingency that may arise out of the Balkan situation.

What will England do? What will be the attitude of France? Will Italy stand with Germany and Austria when it comes to involving Europe in a great war?

Italy has just concluded peace with Turkey after a struggle in which she gained no glory and in the settlement of which she has small advantage.

Germany would be in much the same position that Turkey found herself at the beginning of the Balkan struggle, with enemies on all sides.

Germany is preparing to build a fleet of Zeppelin airships. Count Zeppelin has had a novel and interesting history as an inventor of high explosives.

But until a treaty has been signed, the fear of a general conflagration will not pass from Europe. The very terrors of such a struggle is the greatest reason why it should be avoided.

THE PRICE OF DIAMONDS.

The world now spends, it is said, more than one hundred million dollars a year for diamonds. Yet so large is the supply that diamonds would be cheap were it not for the world-wide combine that controls the price of the sparklers.

The diamond industry, upheld by this combination, yields a profit not only to the big company at Kimberly, but to the wholesale buyer, to the cutter in Amsterdam and to the retail jeweler.

The lusty sentimentalist may bewail the waste of one hundred millions spent each year on diamonds. But that hundred million comes, as a rule, from well-lined pockets and goes to pay many workers—miners in Africa, cutters in Europe, clerks, salesmen and buyers everywhere.

What! Me stop when Jim Maginnis holds up his hands? I'll let you know I'm his wife, an' he never saw the day when he could boss me!" Magazine of Fun.

New Time Rate. Mrs. Towne—Have you had this set of china long? Mrs. Subula—Let me see, I've had it just four girls and a half—this is a dolphina Record.

FIRST REAL SNOW OF SEASON HITS NEW MEXICO

General Precipitation of the Beautiful Over Colorado and the Northern Part of This State.

(Special Correspondence to Morning Journal.) Baton, N. M., Dec. 4.—Snow today and tonight has covered a large portion of northern New Mexico and Colorado.

The snow cover covers the mountains and the foothills, and the snow is still falling here and shows no indication of cessation.

Telephone messages from Trinidad say that rail traffic is not impeded so far. Baton pass is open to automobile traffic, as no snow of this depth can interfere with traffic over it.

WOMAN IS ASSAULTED ON COUNTRY HIGHWAY

Kanota, Minn., Dec. 4.—Mrs. Gertrude Winslow, of Lemmon, S. D., was struck down and criminally assaulted by an unidentified assailant here today and tonight in a critical condition.

The assault took place shortly before noon today, as Mrs. Winslow, who was on her way to visit an aunt, a few miles in the country.

Washington, Dec. 4.—In a supplemental opinion on the subject of the alleged unreasonable rates and practices of trans-continental railroads in the transportation of wool, rendered today by the interstate commerce commission, it was held:

That a minimum carload weight of 24,000 pounds prescribed by the commission imposes an unreasonable burden on the shippers, but actually increases the car efficiency and economy of transportation.

That the contention of shippers that wool and sacked wool should take the same rates is not sustained. That the rates on scooped wools from New Mexico to eastern destinations are excessive and should be reduced.

PARALYTIC SUDDENLY REGAINS HIS SPEECH

Greedy, Colo., Dec. 4.—After lying helpless with paralysis in the county hospital for two years not even able to make his identity known, George Wadsworth suddenly regained his power of speech.

JUDGE BELL FIXING UP FENCES TO LAND U. S. MARSHALSHIP

(Special Correspondence to Morning Journal.) Clovis, N. M., Dec. 4.—Judge Bell, of Roswell, an aspirant for the position of United States marshal, with whom some one will have to reckon, is in the city today interviewing the county committeemen and other prominent citizens.

WOMAN'S BE BOSS

"But, madam," said the surgeon, after the woman had recovered consciousness in the hospital, "he didn't stop when the crossing policeman held up his hand? Then you wouldn't have been struck by the automobile."

FIRST REAL SNOW OF SEASON HITS NEW MEXICO

General Precipitation of the Beautiful Over Colorado and the Northern Part of This State.

(Special Correspondence to Morning Journal.) Las Vegas, N. M., Dec. 4.—That the work accomplished in bringing the big irrigation plant upon the Las Vegas land grant to its present state of partial completion has cost the Camfield Development Company approximately \$2,000,000 and that the project can be finished with the expenditure of about \$152,000 in addition to that amount, is the statement of State Engineer James A. French in his report to the board of trustees of the Las Vegas land grant.

Messrs. Thorpe and Moore estimated the cost of the project at \$600,000, according to the plan of the citizens' advisory committee. Messrs. Thorpe and Moore were to incorporate a company to invest \$150,000 in bonds of this company, its investment to form one-fourth of the actual expenditure.

The figures by Mr. French, however, do not include the cost of digging canals and ditches for conveying the water to the lands embraced in the project; they only contemplate the building of the dam, with inlets and main outlets.

ALLEGED EXPERT IN BLACK ART INDICTED

Chicago, Dec. 4.—Felix Markowicz, expert in "black art," who claimed to have invented a dollar that would return to its original owner after it had been spent, was indicted by the federal grand jury late today.

RATES ON NEW MEXICO WOOL HELD EXCESSIVE

Washington, Dec. 4.—In a supplemental opinion on the subject of the alleged unreasonable rates and practices of trans-continental railroads in the transportation of wool, rendered today by the interstate commerce commission, it was held:

That the contention of shippers that wool and sacked wool should take the same rates is not sustained. That the rates on scooped wools from New Mexico to eastern destinations are excessive and should be reduced.

GOVERNORS MEET NEXT YEAR IN COLORADO

Conference Held at Richmond, Va., Results in Formation of Permanent Organization for Mutual Benefit.

(By Morning Journal Special Leased Wire.) Richmond, Va., Dec. 4.—Permanent organization of the various states of the United States in an association to be known as the "Governors' Conference," was effected here tonight at the annual conference of the state executives.

The functions of the governors' conference shall be to meet yearly for an exchange of views and experiences on subjects of general importance to the peoples of the several states, greater uniformity in state legislation and the attainment of greater efficiency in state administration.

No permanent president is to head the conference. A temporary chairman will be selected each time when the conference meets.

Chicago, Dec. 4.—Felix Markowicz, expert in "black art," who claimed to have invented a dollar that would return to its original owner after it had been spent, was indicted by the federal grand jury late today.

ESCAPED CONVICT IS RECAPTURED IN LINCOLN COUNTY

(Special Correspondence to Morning Journal) Santa Fe, N. M., Dec. 4.—Word was received at the office of the mounted police today that Paul Owen, No. 2765, who escaped from the penitentiary at Santa Fe, May 24, 1911, where he was serving a sentence for horse stealing, had been arrested by the sheriff of Lincoln county. He will be brought back to Santa Fe immediately.

Governor McDonald today issued a resignation on the governor of Colorado for Homer Morris, who is alleged to be in jail at La Junta. Morris is wanted for larceny in San Miguel county.

LEGAL NOTICE.

Mayor's Proclamation For a Special Election Within the Territory Comprising the School District of Albuquerque, New Mexico, For the Purpose of Voting on a Proposed Bond Issue of \$100,000 For the Construction of a New School Building.

Whereas, At a regular meeting of the Board of Education of the city of Albuquerque held therein on the 7th day of October, A. D. 1912, the following preamble and resolutions were unanimously adopted by said board, to-wit:

Whereas, The present high school building of the city of Albuquerque is inadequate for the convenience and accommodation of the pupils who are eligible for attendance at the high school of said city;

Whereas, The Board of Education of the city of Albuquerque, of the state of New Mexico, heretofore acquired a site upon which to construct a new high school building and, Whereas, Said Board of Education has determined to have constructed on said site, a new and modern high school building;

Therefore, Be it resolved by the Board of Education of the city of Albuquerque, of the state of New Mexico, That the question of issuing bonds in the sum of one hundred thousand (\$100,000.00) dollars for the purpose of raising funds to pay for the construction of a new and modern high school building in the city of Albuquerque, New Mexico, be and he hereby is requested to call an election for the purpose of taking the sense of the qualified electors of said school district thereon upon the question of issuing said bonds, said election to be held on the 10th day of December, A. D. 1912, and that a certified copy of the preamble and of these resolutions be served by the clerk of the board upon the mayor of the city of Albuquerque at once.

And Whereas, The Board of Education of the city of Albuquerque, New Mexico, has requested the mayor of said city to call a special election for the purpose of taking the sense of the qualified electors of the school district of the city of Albuquerque upon the question of issuing bonds in the sum of one hundred thousand dollars (\$100,000.00) for the purpose of raising funds for the construction of a new high school building in the city of Albuquerque, said bonds to bear interest at a rate not to exceed six percent per annum payable semi-annually and to be payable in not less than twenty years nor more than thirty years from the date of issue said bonds to be payable at the option of the Board of Education at the expiration of twenty years from their date.

Now Therefore, I, D. K. B. Sellers, Mayor of the city of Albuquerque, do hereby call a special election of the qualified electors of the school district of the city of Albuquerque, New Mexico, to be held on Tuesday, the 10th day of December, A. D. 1912, the polls of said election to be held open from the hour of 2 o'clock a. m., to the hour of 8 o'clock p. m., of said day for the purpose of voting upon the question of issuing by the Board of Education of the city of Albuquerque of bonds in the sum of one hundred thousand dollars (\$100,000.00) for the purpose of raising funds for the construction of a new high school building for the school district of said city, said bonds to bear interest at a rate not to exceed six percent per annum, payable semi-annually, and to be payable in not less than twenty years nor more than thirty years from the first day of April, A. D. 1913; said bonds to be payable at the option of the Board of Education after

FRAMING UP BRIDGE WILL BEGIN AGAIN TODAY OR TOMORROW

The repair gang at work on the Barajas bridge yesterday finished driving the twenty-third of the thirty-six piles to be driven at that point. As soon as another one is driven, the gang will turn its attention to framing up the spans to rest on the piles already driven.
There are twelve more to drive, besides the one on which they are now at work.

The Woman's society of the Congregational church will hold a tea and apron sale this afternoon at the home of Mrs. H. P. Robinson, 701 South Walter street. Everyone is cordially invited. Mrs. Thomas Hughes will play, while Miss Mary McFie will

GABALDON'S THIRST EMPORIUM ROBBED TUESDAY NIGHT

Thieves who Tuesday night broke down three doors to gain entrance to the Bridge saloon, operated by Preciliano Gabaldon at Second street and the road to the Barajas bridge, are still at large. The burglars entered the resort by the back way, smashing several doors to get to the bar. They relieved the place of the cash register and several bottles of whiskey and wine, and after placing their booty in a buggy, which, with the attendant horse, they took from the barn of Carlos Aragon nearby, they headed for the south.
Yesterday morning the sheriff's office was notified and started Deputy Sheriffs A. C. Burtless and Juan Armijo after the thieves. The cash register, despoiled of a sum estimated at \$85, was found near the railroad crossing in San Jose. It was badly smashed by the thieves in opening it.

REPRESENTATIVES GO TO CONFERENCE IN THE FIFTH DISTRICT

Allan S. Peck, assistant forester, and James P. Mullen, an engineer in the employ of the forestry service, yesterday left for San Francisco to attend the conference of forest supervisors of the Fifth district.
They will report when they return upon the methods of forestry adopted in the Fifth district. It is customary for representatives of other districts to attend the local conferences of any district. This enables each district to get information first hand that may be of value in the administration of its forests.
Mr. Peck and Mr. Mullen will be absent more than a week.
Jury Fails to Agree in Murder Trial, Pecos, Tex., Dec. 4.—The jury in the case of Mrs. Agnes Orner, of El Paso, on trial for the third time on the charge of poisoning her 11-year-old daughter, Lillie, disagreed this afternoon and were discharged.

REPRESENTATIVE OF SELIG COMPANY IN CITY

H. J. Cohen Says Choice of a Winter Site for Canyon City Troupe Lies Between Albuquerque, Phoenix, Prescott.

H. J. Cohen, assistant of E. N. Selig, who is viewing winter sites for the Selig Polyscope Company's troupe, was in Albuquerque yesterday.
The choice lies between Albuquerque, Phoenix and Prescott, Ariz., Mr. Cohen said last night. Albuquerque would be selected at once but for the fact that there are no troops here. He heard yesterday that there are only a few soldiers near Prescott and Phoenix and this favors Albuquerque's chances.
Mr. Cohen left last night for Prescott. Afterward he will go to Phoenix and then make a recommendation to Mr. Selig. Mr. Selig himself will name the winter quarters for the company. In case Albuquerque is selected, Mr. Cohen said he did not know whether the company now at Canyon City, Colo., would be brought here or a new company organized.
The Selig company plans to produce several war dramas this winter and from two to three hundred soldiers are necessary.
H. E. Sherman, manager of several local motion picture houses, suggested that the Selig army be recruited from discharged soldiers and others who wanted a brief taste of soldiering here, but according to Mr. Cohen, the task of drilling and uniforming that many men would be tremendous.
This probably will be done, however, if no large body of soldiers are stationed near Phoenix or Prescott because, aside from the question of furnishing troops, Albuquerque is to be preferred to the other two cities.
If Albuquerque is selected the company will come here in January, and remain about four months.
The Selig company now has a troupe at Canyon City, Mr. Cohen, who came here from that city, says the weather there has been perfect so far. If it continues warm at Canyon City, the company may be left there and another organized here.

BUTTERMILK FOR SALE

Owing to the cool weather, the Sunshine Creamery is now in a position to furnish buttermilk at 10 cents a gallon to anyone who will call at the creamery for it. Those who wish the buttermilk delivered, and will buy in quantities of from five to ten gallons, may secure it delivered for 15 cents a gallon, by telephoning 281.

WATER TAX DUE AND PAYABLE AT OFFICE OF WATER CO., 214 W. GOLD.

PETER VISSER AND SHERIFF ROMERO RETURN TO CITY

County Peace Officer Brings Back Young Man Charged with Larceny of Shotgun; His Father Still at Large.

Peter Visser, the garage operator arrested a few days ago at Needles, Cal., on telegraph advices from the local sheriff's office, was brought back to the city last night by Sheriff Jesus Romero, who went to California after him. His father, Arthur Visser, joint defendant on the warrant on which he was arrested, was not in custody in Needles when the sheriff arrived.
The Vissers are specifically charged with the theft of a shotgun valued at \$50 from George P. Leonard. It is said that there were other matters overlooked by them when they departed from Albuquerque. Two mechanics employed at their garage declare that there was a month's salary coming to them at the time, and they have a mechanic's lien on the contents of the garage.
Visser declines to talk, except to say that he is innocent of any wrongdoing. He returned to New Mexico without extradition papers.

AFTER THE AGE OF FIFTY

From this age the human system gradually declines and the accumulated poisons in the blood cause rheumatism in joints, muscles and back. These warnings should be promptly relieved and serious illness avoided by using the following prescription which comes from a noted doctor and is said to have no equal in curing rheumatism and restoring physical vigor. Good results come after the first dose.
"From your druggist get one ounce of Toris compound (in original sealed package) and one ounce of syrup of Sarsaparilla compound. Take these two ingredients home and put them into a half pint of good whiskey. Shake the bottle and take a tablespoonful before each meal and at bed time. If your druggist does not have Toris compound in stock he will get it for you in a few hours from his wholesale house. Don't be influenced to take a patent medicine instead of this. Insist on having the genuine Toris compound in the original one-ounce, sealed yellow package."
SORE FEET, Burns, Coughs, Bunions, Frost Bites, Aching and Swelling Feet. A spoonful of Calciferol in the foot bath gives instant relief. Get a 25c box at any drug store.

MEDICAL SOCIETY ELECTS OFFICERS FOR YEAR

Dr. G. S. McLandress Chosen President at Meeting Held Last Night; Paper by Dr. A. G. Shortle.

The Bernalillo County Medical society, at its regular monthly meeting held last night at the Commercial club, elected officers for the ensuing year, listened to an interesting paper by Dr. A. G. Shortle and transacted other important business of a routine nature.
Dr. G. S. McLandress was elected president for the ensuing year. Other officers chosen were as follows: First vice president, Dr. J. A. Reidy, second vice president, Evelyn P. Friskie, secretary, Frank E. Tull, treasurer, F. De la Vergne, censor, Dr. W. G. Hope.
Two delegates to the annual meeting of the New Mexico Medical Association were named in the persons of Dr. C. A. Frank and Dr. J. H. Wroth. Alternates chosen were Dr. Margaret Cartwright, W. W. Spargo, A. G. Shortle and P. G. Cornish.
The members heard an interesting paper prepared by Dr. Shortle on the subject of "Operation for Pneumo-Thorax," which was followed by a discussion.
Following the disposition of routine matters the meeting adjourned.

SMALLPOX EPIDEMIC NOT TO BE FEARED

There is little danger of the infection of Albuquerque by the smallpox epidemics in New Mexico mining towns, according to Dr. L. G. Rice, city physician.

A strict quarantine is maintained in the towns where the epidemic is prevalent and no one from these places has come to Albuquerque as far as the physician knows. If he learns of anyone coming here from the infected towns he will establish a quarantine against their entrance.

SUCCESSFUL CANDY SALE AT VARSITY BY THE Y. W. C. A. GIRLS

The girls of the Y. W. C. A. branch at the university, held a candy sale in Rodey hall at noon yesterday which was very successful. All sorts of luscious dainties prepared by the young ladies were on sale, and a neat sum was realized by the branch. A crowd of students attended the sale.

FIRE CHIEF ISSUES A NEW FIRE RULE FOR SCHOOLS

Jacob Klein Asks Superintendent John Milne to Order Janitors to Keep Inside Doors of Furnace Rooms Closed.

Open basement doors, entering the halls of schools or class rooms, are dangerous in the event of fires, according to Fire Chief Jacob Klein.
The chief learned that school janitors do not always close inside doors, opening in the basement, and yesterday he addressed a letter to Superintendent John Milne apprising him of this fact. He asked the superintendent to instruct school janitors to keep inside basement doors closed.
Nearly all serious school fires originate in the basement where the furnaces are, the chief says, and if the doors leading upstairs are open they act as flues. The fire reaches the upper floors before the children can march out and neglect to close a door to the furnace room may make useless all the training the pupils have been given at fire drills.
Chief Klein under the city ordinances has but little authority over the fire regulations in schools, but he believes he is under a serious moral responsibility to advise precautions to insure the safety of Albuquerque school children.
Superintendent Milne said last night that he was not aware of the fact that janitors had left basement doors open. If there has been any neglect, and he is not sure that there has been, he will notify the janitors to remedy the matter.
Superintendent Milne says all of the pupils can be marched out of any school building in the city within a minute or a minute and fifteen seconds. These are the records made by the schools at fire drills.

ATTENTION FARMERS AND DAIRYMEN

If you are a farmer, we will sell you high grade Holstein dairy cows on the easy payment plan, if you will ship the cream to the Sunshine Creamery.
If you are a dairyman, we will sell you good, fresh cows with which to furnish your milk supply, the cows to be sold on time for bankable notes. These cows are the highest grade Holsteins ever brought to the southwest.
Call or address, Sunshine Creamery, Albuquerque, N. M.

VETERAN FIRE HORSE LITERALLY GRANTED PENSION BY CITY

When the city council bought the new motor truck the names of Slim and Frisky, Albuquerque's veteran fire horses, were not removed from their stalls. The little tin plates are there yet.
Slim and Frisky have been in the service of the city for eight years, and Frisky, old veteran that he is, is still on the job; but his teammate is a pensioner. The horses were not sold when the powerful gasoline machine was put into service. The city council evidently thought they deserved pensions.
Slim is now living a life of ease at Joe Farr's ranch where he doesn't hear any bells to make him fret. Frisky probably will go there too, but just now he is taking Tom's place at the Highland station. The bay's feet were injured on the pavement so he was sent to Farr's ranch also, but he will be returned to service in a short time and Frisky will get his vacation.
For four years previous to 1908, when the Highlands station was established, Slim and Frisky—the black team—ran to every alarm. They answered five alarms in the Highlands in one day, and this is a matter of history with the older firemen.
When the Highlands station was established Tom and Jerry—the bays—were purchased. This lessened Slim's and Frisky's work, but they still had to answer most of the alarms.
The Highlands team now is one bay and one black, but when Frisky gets his well-earned vacation, the bay will take his place.
