BRAZITO MAN TAKES LIFE GOT MANY VICTIMS

Townsite Scheme Near Las Cruces Falls With a Crash With Suicide of Promoter Ross in New York.

SOLD LOTS ON OPTION; POOR PEOPLE SUCKERS

Wife in Chicago Says Suicide Ran Off With Another Woman; A Gilt Edged Bubble That Burst.

[Special Dispatch to the Morning Journal] Las Cruces, N. M., Nov. 6.—Telegraphic advices have just been received in Las Cruces of the suicide, by shooting, in New York city of A. Ross of Chicago, promoter of the Brazito townsite boom, nine miles south of here, which, with the death of the promoter, has fallen through with a crash, which leaves many confiding investors penniless. The death of Ross, by his own hand, is the final tragedy which marks the end of one of the most remarkable flyers in real estate ever attempted in this section.

Some months ago Ross secured from the owners, F. M. Gallagher and Charles A. Edwards, the latter president of the Santa Barbara, Cal. National bank, and the former a well known capitalist of the same city, an option on a tract of land, part of the original Brazito grant, nine miles south of Las Cruces, the option to expire October first. Ross at once proceeded to promote the townsite in a gilt edged fashion, engaged a corps of stenographers and made arrangements with William Mueller, a real estate dealer of El Paso, Tex., to sell lots in El Paso and vicinity, while Ross did the same in Chicago. With flaming literature setting forth that Brazito was to have at once a large free sanatorium, national bank and numerous other enterprises, many victims were hooked. Ross sold in Chicago the same lots which he advertised a grand opening of the town and the delivery of the deeds and three times he explained in the papers that owing to the railroad's delay in delivering building material, the opening would be postponed. A short time ago Ross left ostensibly for Portland, Me., and nothing further was heard of him until a dispatch today announced his suicide. Mr. Gallagher's representative says that Ross fell down on his back by October first, and that as soon as it was learned he was advertising the land it was stopped.

It has been known for several days that purchasers of lots in El Paso have been receiving a circular letter stating that the Brazito Townsite company was bankrupt, releasing patrons of all damages and advising them to sell their lots for what they could get. The letter being signed "Brazito Townsite Company, El Paso, Texas."

Letters received from Ross' wife in Chicago bitterly denounce him as she claims he became infatuated with another woman and went east with her. Besides the widow, Ross leaves also a married daughter in Guaymas, Mexico.

The Santa Barbara men who owned the land are exonerated of blame in the matter. The reality of Ross will leave the suitable purchasers of land with absolutely nothing. No Las Cruces people were caught. Pathetic letters have been coming in here and at Mesilla Park in the last few days, showing that Ross operated mostly through poor people who could ill afford the loss, such as sawmills in and around Chicago. Ross had few dealings with Las Cruces people and appeared reticent here regarding his plans.

SHEEP CAMP RAID BARED IN COURT

Two of the Wyoming Cattlemen Held for Murder Turn States' Evidence and Deal Damaging Blow to Others.

[By Morning Journal Special Leased Wire] Basin, Wyo., Nov. 6.—Albert Keyes and Charles Farnis, participants in the raid on the sheep camp in the Tensleep country last summer in which three men were killed, today turned state's evidence in the trial of Herbert Brink, first of the seven indicted cattlemen to be brought to trial. On the stand today both admitted complicity, but declared they joined the raiders with the distinct understanding that only the sheep and property of the sheepmen would

be destroyed and that later the sheepmen would be ordered to quit the country. Keyes denied having seen any one shot or having fired a shot himself. Farnis admitted discharging his rifle several times and saw James Allmond, owner of the sheep outfit, killed. He testified that Herbert Brink, the present defendant, fired the fatal shot. Farnis stated that every man under arrest was in the party when the raid was made. Pierre Caffarel and Charles Helmer, sheep herders, testified they were summoned from camp on the night of April 2 by a band of masked men, marching to overhills at the point of rifles and kept under guard while raiders made their descent upon the camp. Helmer declared that the mask of one of the men turned back long enough for him to recognize Edward Eaton, one of the men under arrest. There was no indication of trouble today either in court or in Basin, though interest in the trial is at high pitch.

HARVARD TOO MUCH FOR CORNELL

GRIDIRON BATTLES ON HARD FOUGHT FIELDS

Notre Dame Wins From Michigan; Browns No Match for Yale; Kansas Defeats Nebraska in Brilliant Game.

[By Morning Journal Special Leased Wire] Cambridge, Mass., Nov. 6.—It was Harvard's planning and "rip runner" attack and her stone-wall defense that defeated Cornell 19 to 6 in the first football game between the two universities in twelve years today. One touchdown was made in the first half after eighteen minutes' play and two more added in the second, with goals from all three.

There were fifteen distinct crimson marches toward the Cornell goal. In the mazy scrimmage in which Harvard had the ball 453 yards were covered.

The first touchdown was the result of nine rushes from the center of the field with Minot carrying the ball. In the second half Frothingham circled the Cornell right end for fifteen yards and then was hauled along with his jersey over his head ten yards further. The last touchdown was the culmination of another march from the center of the field with a forward pass. Cornell players were always on the defensive but showed some fine football and uncovered one of the most intricate, spectacular and well executed forward passes that has been seen on Soldiers' field since this play was introduced into the game. The play method Cornell used a clean twenty-five yards, while the Harvard players stood like statues waiting for some opponent to start running. Line-up and summary: Harvard.—Left end, Houston, Rogers, Hooper, L. Withington, left tackle, Bush, L. Withington, Blodgett; left guard, Foster; center, P. Withington; right guard, Fisher, Stowe; right tackle, Fish, Fisher; right end, L. D. Smith; quarterback, O'Flaherty, Wigglesworth; left halfback, Leslie, Morrison, P. D. Smith, Frothingham; right halfback, Pierce; fullback, Minot, Long.

Cornell.—Left end, Hurlburt, McArthur; left tackle, Stude, O'Rourke; left guard, Dolan; center, Seagrave; right guard, O'Connor; right tackle, Weekes; right end, Crosby; quarterback, Battler, Owens; left halfback, Hoffmann; right halfback, Tydemann; fullback, Simson, Grass, Robb. Score: Harvard, 18; Cornell, 6. Touchdowns: Minot, Frothingham, Rogers. Goals from touchdown: P. Withington, 2.

[Special Dispatch to the Morning Journal] Worcester, W. S. Langford, Trinity, Empire; E. K. Hall, Dartmouth. Field judge: H. H. Hackett, West Point. Head linesman: W. C. Britt, Princeton. Time, 30-minute halves.

[Special Dispatch to the Morning Journal] Ann Arbor, Mich., Nov. 6.—Outplaying them at every division of the game, Notre Dame defeated Michigan this afternoon 11 to 3. The Indiana team scored two well earned touchdowns against the Michigan eleven, while one place kick by Captain Allerdice was Michigan's only score.

The Notre Dame halfbacks showed some of the most brilliant running that was ever seen on Perry field. Repeatedly Miller broke through the Michigan team for runs of ten to thirty yards, breaking away from Michigan tacklers by his wonderful dodging and twisting. Ryan, who scored Notre Dame's last touchdown, also ran and dodged wonderfully well. Notre Dame's first score was the result of a series of forward passes and inside kicks varied by plays through Michigan's left tackle. Miller scored the touchdown. The second score of the Indiana team came five minutes before the call of time in the second half.

Michigan's only opportunity to score a touchdown was lost when, with the ball on Notre Dame's 25-yard line, a place kick was attempted. Notre Dame broke through the Michigan line and blocked the ball, which resulted in thirty yards, and was recovered by Tinch.

While Captain Allerdice outplayed Vaughn, ragged work by the Michigan ends nullified his gains. Notre Dame runners were seldom downed in their tracks. Borleske, who started at left end for Michigan, received a broken collar bone in the first half.

[Special Dispatch to the Morning Journal] New Haven, Nov. 6.—Yale defeated the Brown eleven this afternoon, 23 to 9. Only one touchdown was made in the first half. Last year the teams played a time game, 10 to 10. The first half was a punting contest between McKay and Coy, in which the Brown man outlasted the Yale fullback by fifteen yards. Captain Coy played throughout the game, first at halfback and then at fullback. Logan, who replaced Vaughn at right end and had to be carried off the field, Nadeau taking his place. Yale's score in the first half was made by Savage, after a series of line plunges, Hobbs kicking the goal.

In the middle of the second half a 45-yard run by Coy, followed by a number of line plunges, carried him over the Brown goal line. Hobbs again kicked goal. The final score was made after a 55-yard dash by Philbin, who went through a broken field in one of the greatest runs ever seen at Yale. Hobbs kicked goal. The line-up: Yale.—Left end, Kilpatrick, Brooks; left tackle, Hobbs; left guard, Andrews; center, Cooney; right guard, Gorbelt; right tackle, Lilley, Vaughan, Logan; right end, Nadeau; quarterback, Howe, Corey, Johnson, Coy, Philbin; left halfback, Taylor; right halfback, Francis, Robinson; fullback, Savage, Coy.

[Special Dispatch to the Morning Journal] Brown.—Left end, Gorman; left tackle, Kratz; left guard, Alymer; center, Sisson; right guard, Wolcott; right tackle, Raquet; right end, Regnier; quarterback, Sprackling, Crowther; left halfback, Young, Pills; right halfback, McKay; fullback, Alldoerfer, Adams. Score: Yale, 23; Brown, 9. Touchdowns: Coy, 2; Savage, Philbin.

Goals from touchdowns: Hobbs, 4; Heferey, M. J. Thompson, Georgetown. Empire, Yale, Harvard. Field judge, Evans, Williams. Head linesman, Burley, Harvard. Time of halves, 25 and 20 minutes.

[Special Dispatch to the Morning Journal] Des Moines, Nov. 6.—Drake, playing most magnificent football, defeated Iowa this afternoon and wrested from it all claim to the state championship, 17 to 14. The game was fast from start to finish. Burcham, the right half on the Drake team, made two brilliant field goals and carried the ball down the field time and again for long gains. Purdy smashed through the Iowa line at will. Iowa picked up in the second half, when Murphy carried the ball over Drake's goal for a touchdown after five minutes of play. He was assisted by Hyland, who carried the ball down the field for a 25-yard run on a forward pass, and by Griss, who smashed through the Drake line for twenty yards.

[Special Dispatch to the Morning Journal] Lincoln, Neb., Nov. 6.—Ten seconds of brilliant play by Tommy Johnson, Kansas quarterback, during which he made a 65-yard dash for a touchdown, won the game for Kansas in the contest with Nebraska university today. Pleasant kicked a goal and the scoring was over, Kansas 6, Nebraska 0. Aside from this one play the game was an evenly balanced one. Both lines were invulnerable most of the time, and both teams were of

"Tenderfoot Bill" of Roswell With Becoming Modesty Declines Tentative Offer of Governorship of New Mexico

FEELS INCOMPETENT TO FILL THE POSITION

"I Am a Newspaper Man and Would Rather Work on a Paper Than be President" Says Will Robinson.

[Special Dispatch to the Morning Journal] Roswell, N. M., Nov. 6.—"I am a newspaper man and would rather work on a newspaper than be president of the United States," was the vigorous statement made here tonight by Will Robinson, better known as "Tenderfoot" Bill, in regard to a tender of the governorship of New Mexico to succeed George Curry, which he admits has been virtually made him.

"I have been offered the position of governor," was asked of Mr. Robinson, who is editor of the Roswell Register-Tribune, by the Morning Journal correspondent tonight. "Yes," answered Mr. Robinson, "I received a letter today from an official well up in the interior department which is virtually a tender of the office. I can give you no further details at this time, but expect to know more about it tomorrow. I can say right now, however, that I will not accept the offer, for I realize that I am incompetent to fill the position and besides I am a newspaper man and would rather work on a newspaper than be president of the United States."

Mr. Robinson is one of the ablest newspaper men in the Southwest and is widely known as an author, chiefly through his Southwestern sketches, "Impressions of a Tenderfoot," real wordy sketches of human interest, published in the Register-Tribune and many other newspapers.

Mrs. Perry died a year ago and since her death the children have been in the habit of staying with their father's room in the morning to play with the baby. A short time before the shooting Perry talked with two other sons and his home was apparently there was nothing wrong with him.

existing conditions had not yet been taken up by the commission," and he added that no plan would be adopted "until after an opportunity had been afforded for the most careful and exhaustive study of all the conditions that surround the problem."

He said he had accepted the present occasion as an opportunity to make an earnest appeal to you, as the representative of the men of an important section of the country, to give to the commission the advantage of your valuable counsel and co-operation in securing the adoption of a satisfactory remedial plan—one that will surely conserve and promote the vital interests of all the people of this great nation."

DEFAULTING RAILWAY TREASURER GIVES BOND

Cincinnati, Nov. 6.—Charles L. Warriner, the deposed local treasurer of the Big Four Railroad company, who is charged with the misappropriation of \$24,500, was released from custody late today on a bond of \$20,000.

During the day he made a remarkable change of front. In the afternoon he gave out a statement admitting his responsibility for the shortage but declaring there were others involved. Later he changed tactics and declared that he admitted nothing. This latter declaration is taken to mean that he intends to force his alleged partners into the open. The \$24,500 named in the warrant for Warriner's arrest represents the present amount owing to the railroad company and not the entire amount of the shortage, which is stated to be about \$100,000.

for which former Treasurer Warriner had been arrested will be far in excess of \$100,000. According to this official the sum will reach in the neighborhood of half a million. Eighty-five thousand dollars is said to have been paid in blackmail. Two women and a man are mentioned as the blackmailers.

SLAYER CHOPS OFF EARS AND LIMBS OF VICTIM

Story of Brutal Crime by Mexican Comes from Wilds of the Mescalero Reservation in Eastern New Mexico.

FIEND BROUGHT TO BAY BY APACHE TRAILERS

Madrid "Knew Too Much" is Only Reason Given by Brute for Ghastly Mutilation of Corpse.

[Special Dispatch to the Morning Journal] Alamogordo, N. M., Nov. 6.—Not content with plain murder, Jose Gonzales, alias Martinez, after shooting down a fellow Mexican named Jose Maria Madrid on the Mescalero reservation on Thursday, mutilated the corpse of his victim in a manner little short of fiendish, the crime in its details being so ghastly as to shock even the most hardened. The criminal is now safely in the clutches of the law, the only reason he vouchsafes for the blood curdling horror being that "Madrid knew too much."

Full details of the crime and the events immediately preceding the fatal shot have not been learned. It is known, however, that Gonzales first shot Madrid from behind through the back with a six shooter, the first shot which pinned Madrid through and through, proving instantly fatal. The murderer then proceeded with as much calmness as if he were carving a beef to cut off with a knife the ears, arms and legs of the corpse, proceeding in a methodical manner (ill his grisly task was completed. He then buried the dismembered corpse and fled.

The Mescalero Apaches, discovering the crime, followed the trail of the murderer, captured him after he had made considerable resistance, took his gun away from him and held him prisoner until the arrival of Sheriff Denny, who had been notified. Later the guilty man was taken by the sheriff to the place where he had buried the corpse and calmly witnessed the exhumation of the body.

Phenomenal Success of the Occidental Life Insurance Company OF ARIZONA AND NEW MEXICO

Over \$1,250,000 of New Business written during the current year in Arizona. Over \$140,000 loaned in our Home Territories. A record not equalled by all others combined in Arizona. Your own Home Company stands for the upbuilding of the Great Southwest.

The Occidental has attained a distinction in its field of operation for progressiveness, tempered with a sufficient amount of conservatism to be conducive of a healthy growth and to insure the safety of the interests of its policy holders. It stands pre-eminent among life insurance companies in soundness and substantiality.

The Occidental Life Insurance Company is one of the Southwestern institutions that is as strong and sound as any financial institution of the kind in the country; backed by men who represent millions of dollars. Its paid-in capital today is equal to that of the Equitable and many other of the larger companies that have been in the business for fifty years.

Never in the history of life insurance has a company been organized that has met with the approval and support of the people so spontaneously as has the Occidental. The capital stock has been subscribed, paid for, and is owned by more than two hundred of the leading bankers, professional men, capitalists and merchants of New Mexico and Arizona. Not one dollar of profit accrued to the promoters for selling the stock, the entire receipts going direct to the Treasurer of the Company.

We write the standard policies established by the laws of New York, the most exacting ever enacted.

THE CHARACTER OF THE MEN WHO CONSTITUTE THE DIRECTORATE is sufficient to guarantee that the business of the Company is being honestly and fairly conducted and the policy of the Company of investing ALL its money in the Territories should appeal to every loyal citizen of New Mexico, Arizona and Texas.

THE REASON YOU SHOULD INSURE in the Occidental Life Insurance Company of New Mexico and Arizona is that it is a strong Company, absolutely safe, will give your family the best protection, (and yourself the largest dividends). This being true, you should give it preference over concerns whose head offices are thousands of miles away. The Occidental Life Insurance Company is at home, where you can learn all about it yourself at any time.

PAYING A LIFE INSURANCE PREMIUM IS LIKE MAKING A DEPOSIT IN THE BANK. Why not pay this premium to a bank owned and operated in our own territory by men you know, instead of sending it to a Wall Street bank?

The investments of the Occidental Life Insurance Company are made in the Territories and while the rates of interest here increase the earnings of the stockholders, it builds up our home enterprises. Two Million Dollars paid in Wall Street annually from New Mexico and Arizona, not one dollar of which is returned to either Territory as an investment. If two million dollars were available to the people of the Gila, Salt River, Pecos and San Juan Valleys at 8 per cent, would it not do much to further their improvement?

INSURE YOUR LIFE AT HOME WITH A STRONG, SAFE COMPANY WHICH GIVES YOUR FAMILY THE MAXIMUM PROTECTION. The Occidental Life Insurance Company is not burdened with a lot of old business that is not met from 25 to 50 per cent more than it should have cost. It is unencumbered with old methods and administered according to the highest ethics of Life Insurance Business.

the policies of the Occidental Life are the foremost exponents of all that is best in Life Insurance, plainly expressed, easily understood, with the lower premium rates consistent with safety. The Occidental Life invests every dollar of its income in Arizona, New Mexico and Texas for the development and upbuilding of its home Territory.

WHAT PROMINENT CITIZENS OF ARIZONA SAY ABOUT THE OCCIDENTAL

From Hon. F. M. Doan, Associate Justice Supreme Court, Tombstone, Ariz., April 21, 1908.

To whom it may concern:
The Occidental Life Insurance Company is a corporation organized in Arizona and New Mexico by some of the representative men of those territories.

It is offering a very acceptable policy contract to its patrons. The character of men who are controlling the company and the nature of the business they are doing offer to the insuring public as full a guarantee of permanence as can be afforded by any of its competitors. The security offered by its contract, and the profit-sharing feature of the policy merit the careful consideration of those desiring insurance.

Very respectfully,
(Signed) FLETCHER M. DOAN.

W. H. Brophy, Store Manager, Copper Queen Consolidated Mining Company, Bisbee, Ariz., March 2, 1908.

Mr. J. H. O'Reilly, General Manager Occidental Life Insurance Co., Albuquerque, N. M.

Its officers and directors are amongst the successful and prominent business men of the Southwest, and I believe the lines along which the business of the company is conducted will be instrumental in the upbuilding of a most important enterprise which will greatly assist in the development of our Territories by reason of the investment of its funds in our home enterprises. This feature of the Occidental Life Insurance Company should appeal to most people, and I wish to say I am a stockholder and policyholder in your company. I remain,

Yours truly,
(Signed) W. H. BROPHY.

Hon. B. A. Packard, President of the First National Bank, Douglas, Ariz., Oct. 4, 1908.

Southwestern Underwriters Co., General Agents, Phoenix, Ariz.

Gentlemen:
I can not offer any stronger evidence of the confidence which I have in the Occidental Life Insurance Company of New Mexico and Arizona than the fact that I am carrying \$20,000 of insurance in it, after having thoroughly examined into its financial condition and responsibility.

I not only commend it to the people of this territory as being financially sound and responsible, and able to meet all of its obligations; but urge upon them, as a patriotic duty, to patronize it, as a home institution which is putting its money in circulation in the two territories for the development of their resources, and for the other reason that it is writing a better insurance policy than can be bought of any outside company.

Very respectfully,
B. A. PACKARD.

From C. L. Cummings, President First National Bank, Tombstone, Ariz., May 26, 1908.

To whom it may concern:

The Occidental Life Insurance Company, organized in Arizona and New Mexico, is a western institution of merit, that deserves the loyal support of every citizen of Arizona and New Mexico. The policy of the company to loan its money in our territories will do much for them by keeping the money at home that is now being annually sent east for life insurance.

The character and standing of the men is a sufficient guarantee that it will be honestly and ably handled and I take pleasure in commending them to the investing public.

Very respectfully,
(Signed) C. L. CUMMINGS.

HON. E. S. CLARK, Ex-Archery General, Prescott, Arizona, Sept. 11, 1908.

Gentlemen:
I am a policy holder in the Occidental Life Insurance Company of Albuquerque, New Mexico, and take pleasure in testifying to my belief in the soundness and liberality of the Occidental Company.

So far as matters of safety and advantage to policy holders are concerned, I have no hesitancy in placing the Occidental Company upon an equality with any of the old line companies.

Yours very respectfully,
(Signed) E. S. CLARK.

Prescott, Ariz., April 29, 1907.

J. H. O'Reilly, Esq., Secretary and General Manager, Occidental Life Insurance Co., Albuquerque, N. M.

My Dear Sir:

It is a pleasure to write this letter approving of the policy and character of the Occidental Life Insurance Company. It is a home company in every sense of the word, and should be supported and patronized by the people of New Mexico and Arizona.

The management consists of the best men in the Territory, which should be a guarantee for honesty and careful business methods.

Respectfully,
ROBT. E. MORRISON.

President Arizona Central Bank, Flagstaff, Arizona, April 29, 1907.

To Whom It May Concern:

Believing that a conservatively managed life insurance company, writing life insurance in the western states and having a field for investment in the West, which pays a handsome return, I can see no reason why the Occidental Life Insurance Company should not be very successful.

Very truly yours,
(Signed) T. E. POLLOCK.

LESUEUR-GIBBONS COMPANY, General Merchandise, Mesa, Arizona, Feb. 17, 1908.

To Whom It May Concern:

As a policy holder of the Occidental Life Insurance Company of Arizona and New Mexico, I have no hesitancy in recommending this company to all who may want life insurance, as it is strictly a home company.

I am personally acquainted with a large number of the directors of that company and have great confidence in their integrity and reliability, and feel sure the affairs of the company will be conducted successfully and with the strictest integrity and honesty in the interest and protection of the policy holders.

I am also a stockholder in the Southwestern Underwriters Company and consider it a profitable investment.

Respectfully,
(Signed) J. T. LESUEUR.

HON. F. J. DUFFY, Attorney at Law, Nogales, Ariz., Sept. 4, 1908.

To Whom It May Concern:

In purchasing stock in the Occidental Life Insurance Company I was actuated by my conviction that a well managed life insurance company, organized with the purpose of keeping Arizona and New Mexico money at home, where its earning capacity is greater than in most sections, could be operated on a highly profitable basis, both to the policy holder and stockholder, with great indirect advantage to the communities of the two territories, owing to the fact that large sums are sent annually from this section to the east, for life insurance, which, if diverted into local channels, would stimulate business and develop enterprise.

The character and business ability of the stockholders of this company should indicate that it will be well managed. Very truly yours,
(Signed) F. J. DUFFY.

The policies issued by your company are liberal and just in their terms, and contain features in life insurance which commend them to the insuring public.

I do not hesitate to recommend the Occidental as safe and reliable to anyone desiring life insurance.

Very truly yours,

KEEP THE MONEY AT HOME

If you were going to deposit one hundred dollars a year for 10, 15, or 20 years during your productive period to provide for yourself in your old age, you would not send it to a New York bank if there was just as good a bank at home, would you? Why, then, should you send your insurance premiums there when you can buy the same policies here for less money? We are an insurance company of the people for the people.

Do you know that about \$2,000,000 annually leaves these Territories in life insurance premiums alone, and that not a dollar of this amount is invested in either Territory? Suppose we had \$2,000,000 to loan today to the Farmers, Stockmen, Merchants and other representative interests of the Territories at a reasonable rate of interest, would it not only promote the individual, but the community interests of our people as well?

Over 1000 Satisfied Policy Holders in Arizona

There must be merit in the easiest selling policies on the market. When placed they insure satisfied policy-holders who are pleased to continue as a part of, and a helping factor in the Company's further development. The rapid growth of the Occidental and the present financial strength of the Company testifies to this.

A FEW THINGS WE ARE DOING.

Sell you life insurance at the lowest rates possible and consistent with absolute safety.
Operate our affairs with the most careful economy.
Write standard old line policies on a legal reserve basis.
Loan your money, not only on your policy, but on other securities as well.

We have adopted the most conservative policy and are issuing clear cut insurance contracts wherein EVERYTHING promised is guaranteed. The Company have recently voluntarily availed themselves of the New Mexico Deposit Law wherein the ENTIRE CASH VALUE of all policies is deposited with the Territorial Treasurer at Santa Fe for the additional and PERMANENT security of its patrons. Every policy bears the certificate of the Superintendent of Insurance to this effect.

Our new Guaranteed Income Bond policies are an innovation in insurance, in so far as instead of paying the insurance in one sum, they pay to your beneficiary a monthly check for LIFE.

STOCK PLAN.

For an annual payment of a specified amount the Occidental Life Insurance Company insures you for \$1,000 or more, and guarantees that the values as shown in the policies shall be payable in cash on demand. The Company pays your premiums for you if ever you are permanently and totally disabled. OUR NEW WAY.

DIVIDEND PLAN.

For an annual payment of about 25 per cent additional a mutual company will insure you for \$1,000 or more and guarantee that the same values shall be payable in cash, and that some part—amount not guaranteed—of the overcharge will be returned to you as a dividend. THEIR OLD WAY.

SHOULD APPEAL TO BUSINESS MEN.

What the Mail Order Houses of the east are to the local merchant, the FOREIGN INSURANCE COMPANY is to the Home Company. The former receives money, which legitimately belongs to the home dealer, and is entirely lost to local circulation, while if spent in its legitimate channels would be kept in circulation in the territory. OCCIDENTAL LIFE INSURANCE COMPANY invests its money in the two territories, the foreign company takes out of circulation here every dollar paid to it.

Mr. Merchant and Business Man, your interests are with this Company. Buy your insurance in it, AND BOOST IT.

ALBUQUERQUE ELKS BURST OUT IN BIG MINSTREL SHOW

Joe Bren, Famous Musical Director and the Man Who Wrote "I Don't Know Where I'm Going, But I'm on My Way," Will Costume, Direct and Manage the Show Which Occurs Thanksgiving Night.

The Albuquerque Elks have broken out again. They simply cannot be kept quiet for long, and this time it is a great big minstrel show, the biggest ever, that will be used as a medium for showing the talents and graces of the membership of 461. The Elks have put on minstrel shows before and know how. The last one they tried was a solid scream from start to curtain and it made half a dozen of the stars famous. So, being no novices, the members may be expected to do much better this time and when it is considered that they are going to have the best minstrel director in the United States to drill, conduct and manage the show, it will pay to look out for Thanksgiving night, when the big event is to occur, and be as near the front row as possible.

The date, Thanksgiving night, has been chosen so every one can attend. The Elks do not want to deprive anyone of the pleasure of hearing the whole show.

Joe Bren, the famous musical director, of Kansas City, is to have full charge of the minstrel show. Bren is famous from coast to coast as a minstrel man and even more famous as a musical director. He made himself

world famous with the song, "I Don't Know Where I'm Goin', but I'm on My Way," and has written many other song hits. Bren will have complete charge of the show here. He will arrange and import the costumes, outline the music and the olio, drill the company and direct. He is a great director and in securing him the Elks have insured the success of the enterprise.

EVERY SINGER IN ALBUQUERQUE INVITED

The first meeting at which material will be chosen for the minstrel show will be held Monday, tomorrow, night at 8 o'clock in the Elks' club rooms. Every one in Albuquerque who is possessed of a voice, whether Elks or not, is invited and urged to attend. Volunteers are especially desired for the chorus, which it is sought to make the best on record from local talent. Therefore, every man and every woman with a voice will be made welcome at the meeting Monday night when the company will be made up. Mr. Bren will not be able to attend the opening meeting of the company but will arrive here in a few days, when active preparation will begin.

SEATS GOING FAST TO "RINGMASTER" FOR MONDAY

Third of the Metropolitan Shubert Shows Will Play to Full House at Elks' Theater This Week.

The advance sale of seats to "The Ringmaster," which has been in progress at Matson's for the past two days, is a straw which shows that the wind blows toward another standing room house Monday night at the Elks' theater when the third Shubert show of the season here is placed before the footlights. "The Witching Hour" and "Mlle. Mischief" have given the local theater-going public considerable confidence that the name Shubert means a rattling good show. From what the magazine critics say and the New York newspapers, "The Ringmaster" struck a responsive chord and made a deep impression in Gotham, and what Gotham gets excited about is likely to be worth seeing in Albuquerque.

The past two shows prove that the Shuberts hand out to Albuquerque the very same production that appears in New York without substitutes or something "just as good," and the big company which presents "The Ringmaster" here is the same one in every respect that played long engagements at the Bijou theater in Brooklyn and Maxine Elliott's theater in little old New York.

THEATRICAL NOTES OF INTEREST IN ALBUQUERQUE

"Fifty Miles From Boston" is one of the snappy shows to be here this winter, which was omitted from the recently published list of syndicate attractions.

"77" HUMPHREYS' SEVENTY-SEVEN FAMOUS REMEDY FOR GRIP & COLDS

"Fighting off a Cold" is a common experience and will be successful if you use the right weapon, namely: "Seventy-seven"—a few doses at the first feeling of lassitude and weakness will break up the cold and prevent the influenza, cough and sore throat from developing. "Seventy-seven" knocks out colds that hang on—Grip. Fits the vest pocket. All Druggists, 25 cents. Humphrey's Homeo. Medicine Co., Cor. William and Ann Streets, New York.

As an indication of how the Shuberts feel about Albuquerque engagements it is said that the advance man of "The Ringmaster" at first wanted to bring the company in on train No. 8 Monday night, assuring that the Santa Fe would guarantee to bring the train in on schedule. Manager Matson, it is said, remembering the experience with "The Witching Hour," with all due respect for a Santa Fe time guarantee, set his foot down so hard it made a hole in the floor. Whereupon the advance man readily agreed to make it train No. 2 in the morning, thus allowing a reasonable margin for delay via the Santa Fe.

The departure made by Charles B. Hanford this season in presenting a modern American play has proved highly successful. "The American Lord" at first aroused curiosity as to how a player so habituated to classic speech and attire would handle a role demanding entirely different treatment. This curiosity has given place to confident and enthusiastic endorsement. Hanford plays the Elks' theater this season.

It may not be generally known that at one time Augustus Thomas considered sending "The Witching Hour" to London. Negotiations were entered into with an English manager, but nothing came of the plan. John Mason, the original Jack Brookfield of the play, is now aspiring Londonward. Mr. Mason, by the way, is well known in London, having played there two seasons in "The Idler" with George Alexander.

The truth is out. Although Brandon Tynan, the author-actor, is given the credit of having written "The Passion Flower" for Nazimova, it is said on good authority that Nazimova herself is responsible for much of the story. Mr. Tynan, according to report, has made an excellent tailor. Madame Nazimova selected the pattern and together she and Mr. Tynan largely designed the model and cut. Mr. Tynan removing the basting threads of Russian verbs and over-prodigious metaphors. Mr. Tynan is pleased. Nazimova is pleased. So are the buyers.

Mary Manning, in her new play, "A Man's World," is now touring Canada, preparatory to coming into New York and the west.

PORTO RICAN MUST STAND TRIAL FOR EMBEZZLEMENT

Jose Antonio Gaudier Former Postmaster at Last in Toils After Extensive Negotiations by Uncle Sam.

Morning Journal Bureau, 613 Munsey Building, Washington, D. C., Nov. 4. The postmaster general is in receipt of a cablegram announcing the return of Jose Antonio Gaudier to Porto Rico from Santo Domingo to answer the charge of embezzlement of

postal money order funds. While assistant postmaster at Mayaguez, Porto Rico, Gaudier seized the money order reserve funds in that office and fled to Santo Domingo. When he was captured there he could not be removed without a friendly arrangement with the Santo Domingo government, there being no extradition treaty. After much negotiating through the department of justice and state department at Washington arrangements were finally completed with the government of Santo Domingo to allow Gaudier to be returned.

A few days ago the United States revenue cutter Algonquin, stationed at San Juan, was sent to Santo Domingo to convey the prisoner to Mayaguez, Porto Rico, for trial, and the cablegram announces the arrival of the ship at that place. The prisoner is held under \$7500 bond to await the decision of the grand jury.

Jose Antonio Gaudier was for seven years assistant postmaster at Mayaguez, 33 years of age, 5 feet 2 inches tall and weighed 37 pounds. On July 2 last, Postoffice Inspector E. H. Hathaway, with headquarters at San Juan, received a telegram from the postmaster at Mayaguez stating that it was important that he come to that place at once. Later Hathaway received a telegram from the postmaster stating that his assistant had disappeared and the money order reserve in the office "wiped out." The inspector immediately proceeded to

Mayaguez, and on his arrival there discovered in Gaudier's desk at the postoffice a roughly-scrawled note written by him stating that he was sick and had gone to see a physician. Information was given out at Gaudier's home that he had gone to Anasco, a suburb, to see a doctor regarding an operation and that he might be absent for several days. A few days later a business man in Mayaguez received a letter from Gaudier which was handed to the postmaster. In this letter Gaudier acknowledged the embezzlement of money order receipts amounting to \$1500.

When Inspector Hathaway became familiar with these facts he immediately began tracing the movements of Gaudier up to the last possible minute, so that active steps could be taken to apprehend him before he got out of Porto Rico. This was on July 2, and the police at San Juan were kept fully informed as new facts were ascertained, and Cuban and Santo Domingo ports were cable to in hope of intercepting the fugitive, whom it appeared might have sailed on June 29 by the steamship Julia of the Herrera line for Ponce and Santo Domingo. By the evening of July 2 every island policeman and detective had been furnished with an outline description of the man and full instructions for action. On July 8 a cablegram was received by United States Marshal Hubbard at San Juan from Collector of Customs Pulliam

from Santo Domingo announcing that Gaudier had been apprehended there. The United States district attorney for Porto Rico was advised at once, and he immediately cabled the department of justice at Washington, asking that necessary steps be taken to have Gaudier detained and sent back to Porto Rico, there being no extradition treaty. It being necessary to make a friendly arrangement between the United States and Santo Domingo, the attorney general at Washington immediately took up the matter with the secretary of state, who directed the arrest and detention of Gaudier by the authorities of Santo Domingo. At the same time the attorney general addressed a communication to Jose R. F. Savage, United States attorney at San Juan, Porto Rico, asking that he be kept in custody until the arrival of the Santo Domingo government, and on October 15, 1909, to cover the name of the Kalmus Chemical company. These names have been used by the proprietors of the Epileptic Institute company in an endeavor to evade the effect of the original fraud order. When the postmaster began to hold up mail under fraud order of October 15 last, they began operations under the name of others.

Prejudice Against Glasses

They may be sensible persons and display good judgment in other matters, but in this one respect they act most foolishly and without any reason. A WOMAN'S HAT IS AN INDEX TO HER MIND

If it is Correct, Smart, Becoming—In Other Words, Her Hat, It Pays An Unspoken Compliment

BOTH TO HER DISCRIMINATION AND TO THE STORE IN WHICH SHE CHOSE IT.

You Can Tell So Much About a Woman by the Millinery She Wears; If it is in Bad Taste, It Reflects Upon Her Judgment.

Women of discrimination find in our salons the hats they delight to choose among; and women who are a bit uncertain what they ought to choose will find here the willingness and understanding that will guide them to a wise choice.

A strong feature in our millinery department this week will be the offering of special values in

Trimmed Hats \$10

They are shown in Fashion's latest models, including a lot of turbans adapted for middle aged women.

New Shapes in Untrimmed Beaver Hats daily arriving. We offer them at popular prices.

DAINTY SILK PETTICOATS

\$5.00 TO \$25.00

Clothing the little girls is an important feature of this store. Any mother must find it a comfort to step into a store like this and find such a collection of apparel for children ready to put on and wear. Here is mention of a few:

CREAM SERGES IN DEMAND

Never is there a time when a woman considers her wardrobe complete without one of those practical and serviceable cream serge suits or skirts, and never has there been a time when your wants could be supplied better than now, as we have searched the markets over and our cream serges at \$1.00 a yard and up are unequalled. Come and see them.

THAT 54-INCH BROAD-CLOTH; THE GREATEST VALUE IN MONTHS

It's so rich and soft and velvety. Women can't resist its beauty—both German and French weaves, and its sponge and shrink it ready for the needle. Rich pastel shades are here. Dark rose, olive green, blue, raisin, brown, gray, champagne, lavender, rose, cream and black.

It's to be chief center of interest among all other new fall woolsens.

LET US SHOW YOU THE NEW FURS

We have just opened a new shipment of Furs—hoes in genuine lynx, mink, sable and other popular varieties. These furs are of splendid quality—made up in the very smartest effects—they're just here from New York. You'll be needing furs almost any time now; select them now. Make it a point to see these very newest ideas. Ready for you.

THESE MUFLERS, 25c, 50c AND \$1.50

This little cold weather protector is very light in weight and attractive in appearance, but supplies exactly the protection needed outdoors during the chilly weather. For street wear, for riding, golfing or automobiling it is coming to be a necessity of women's apparel; easy to put on and small enough to be slipped into the pocket or hand-bag when off. Knitted in attractive patterns in white, black and colors. 25c, 50c and \$1.50.

SOFT SHIMMERING SILKS

Those beautiful, soft, clingy messaline silks in the rich autumn and evening shades—dark green, old rose, new amaranth, wisteria, roseada, pearl, tan, new blue, navy brown, etc. 19 to 36 inches in width, and buyable at 75c, \$1.25 and \$1.50 a yard.

BLACK TAFFETA SILKS DROP IN PRICE

We find we have on hand too much black taffeta silk, 26 inches wide, that we sold at \$1.35 a yard, and 30 inches wide that we sold at \$1.50 a yard. We want every yard of this to find a new home. Hence the prices for this week will be instead of \$1.35 a yard 98c and instead of \$1.50 a yard \$1.15.

These silk are of a lustrous finish and the kind that will give unusually good wear.

NEW SHADES IN TREFOUSSE GLOVES

Two-clasp, plique stitched kid gloves boast some new colors: the new navy (on the order of the Delft blue), raisin, mahogany and a green which resembles drake. Grays in all shades and staple colors besides. All "Trefousse" and only \$2.00.

GLACE KID GLOVES \$1.25. All the wanted shades and a full range of sizes from 5 1/2 to 8. An excellent quality, 2-clasp. We can say without fear of contradiction that this is the best one dollar glove in the city; every pair perfectly fitted.

The new fall models are revelations of style, planned to fit the figures they are made for, and obtain the maximum of grace with the maximum of comfort.

THE TIME WHEN SWEATERS ARE NEEDED

We have never offered a garment which met with public favor as readily as the sweater for women and children has. If you haven't already bought one of these actual necessities we ask you to come and see these. They are so serviceable, convenient and comfortable. The children's sizes are to had at 75c, \$1.00 and up. For misses, \$2.00, \$2.50 and up, and for women, \$2.50, \$6.50 and up. The new long coat styles seem to be much in favor.

SNOWY WHITE LINEN FOR "THE TABLE BEAUTIFUL"

Women are turning naturally to The Economist for good linen. Months and months of effort have resulted in accomplishment. Since the foundation of this store we've been working to win the confidence of buyers by reserving it.

The day the store opened linens became a specialty, and we've been working constantly to improve quality and values.

The result may be seen and women may buy the best values in linens that, to our knowledge, have been offered in Albuquerque. Forist of all

"Dollar Mark Danish," \$1 a yard a linen we think much of, and that has been made so good that women can buy it safely. Comparison proves. It's 72 inches wide, fine and heavy, a pure white bleach.

Napkins to match, \$3.00 a dozen.

THE FINEST FASHION BOOK.

The winter Quarterly Style Book is without a doubt the finest fashion book on the market today at any price.

Good quality paper is used throughout, the printing the finest that money can buy, the art work is the product of the country's best artists. Two pages and the cover are printed in full color, and many other pages are true-to-life half-tone illustrations.

It is better in every way than any contemporaneous publication of its kind—better even than any previous issue of The Style Book. It is handsome enough for the parlor table, yet cheap enough that every woman can afford one for use in the sewing-room.

READ HOW TO GET A COPY FOR 5 CENTS

Comparing it with other fashion books you would naturally expect the price to be 25 cents or 50 cents, but it is only 20 cents and as each book contains a certificate good for any 15-cent Ladies' Home Journal Pattern the price is reduced to practically 5 cents a copy.

C. M. Smith of Phoenix, Ariz., left yesterday for the east, after stopping a short time in this city. He is in search of his wife, for whom he sent transportation from Phoenix to Kansas City and who was to have come southwest last month. Since that time he has been unable to locate her. FORM FOR CENSUS OF MANUFACTURES
 700,000 Printed Copies of General Schedule Distributed by Director Durand.

(Special Correspondence to Morning Journal) Washington, Nov. 5.—The general schedule which will be used in the federal census of manufactures for the calendar year 1909, has been formulated, and about 700,000 printed copies have been ordered by Census Director E. Dana Durand. The schedule is in the form of a four-page folder, about 9x11 1/2 inches in size. It is smaller and simpler than the ones upon which the 1900 and 1905 censuses of manufactures were taken. It has less than half as many spaces for entries as the earlier ones and seems likely to insure less labor and greater accuracy in the collection of the manufactures data. There are in the general schedule, thirteen principal questions, with their subdivisions. This is the same number as in the general schedule for 1905. There are, however, important differences between the two schedules. These comprise, in the 1909 schedule, the new questions authorized by congress; the elimination of former queries to which it is impossible to obtain approximately accurate replies; and also the simplification of others by their separation or combination in other forms. One of the subdivisions of the ques-

COMPARISON MADE OF EDUCATIONAL STATISTICS

Schedule Prepared by Superintendent of Public Instruction Indicates New Mexico Compares Favorably With Arizona.

Superintendent of Public Instruction J. E. Clark has prepared the following enlightening comparison of educational statistics in New Mexico and Arizona, taking the official statistics of 1908 as a basis, it being likely that the statistics for this year when completed in each territory will make an even better showing for New Mexico:

Range of ages in school census, New Mexico 5 to 21, Arizona 6 to 21; school population, N. M. 93,815, Ariz. 24,292; school enrollment, N. M. 42,247, Ariz. 26,214; high school enrollment, N. M. 984, Ariz. 799; average daily attendance, N. M. 26,844, Ariz. 16,386; number of high schools, N. M. 15, Ariz. 8; number of teachers employed, N. M. 1065, Ariz. 645; average salary paid men, N. M. \$52.50, Ariz. \$39.50; average salary paid women, N. M. \$51.58, Ariz. \$25.00; total receipts for school purposes, N. M. \$85,445.05, Ariz. \$84,062.25; total expenditures for school purposes, N. M. \$539,964.65; Ariz. \$811,473.08; total expenditure for territorial educational institutions, N. M. \$217,056.37, Ariz. \$152,954.81; cost of education per capita on basis of school population, N. M. \$5.75, Ariz. \$18.16; cost of education per capita on basis of enrollment, N. M. \$2.40, Ariz. \$23.65; cost of education per capita on basis of attendance, N. M. \$20.19, Ariz. \$36.79.

New Mexico's total receipts for school purposes were \$58,445.05, of Arizona \$84,062.25; New Mexico's expenditures were \$539,964.65, Arizona's were \$811,473.08; the greater expenditure by Arizona being caused almost entirely by the higher salaries paid teachers. New Mexico spent for its territorial educational institutions \$217,056.37, while Arizona expended \$152,954.81. Taken altogether, the comparison is quite favorable to New Mexico, considering that as good results are attained in this territory with one-third of the per capita expenditure in Arizona.

Another new question involves the quantity of fuel used whether anthracite coal, bituminous coal, coke, oil, wood, gas or other kind. This is expected to elicit replies affording considerable data on the fuel conservation question. The thirteen principal questions are, briefly: First, a description of the establishment; second, time in operation and hours worked; third, capital invested; fourth, salaried employees; fifth, wage earners, including workers on the pay roll December 15, 1909; sixth, wage earners, including piece workers, employed on the 15th day of each month; seventh, salary and wage payments; eighth, materials, mill supplies and fuel; ninth, miscellaneous expenses; tenth, products; eleventh, power; twelfth, fuel; thirteenth, remarks.

The general schedule, beginning shortly after January 1, 1910, will be circulated among the manufacturers throughout the country by the special agents, of whom about 1500 will be appointed from the successful applicants at the test examination, held November 3rd.

The ladies of the First M. E. Church will give a tea, home-cooking and apron sale at Mrs. W. W. Strong's, 310 Park avenue, Saturday afternoon, November 6.

ONE MILLION FOR ARANSAS PASS
 Texas Wants It Made Home Port and Naval Base of Gulf Squadron Proposed by Government.

(Special Correspondence to Morning Journal) San Antonio, Texas, Nov. 4.—A bill asking congress to appropriate another \$1,000,000 for improvement work at Aransas Pass will be introduced at the next session, according to local information. Incidentally Aransas Pass is to be made the home port and naval base of the Gulf squadron said to be in the mind of the government.

Although President Taft did not declare himself on the matter while here, there is no doubt that his recent tour through Texas had a great deal to do in the mind of the government. The recent acquisition by the United States of the Leon Springs Military reservation, an ideal practice terrain near this city shows that this is being recognized.

The Rooseveltian Hike.
 Led by Col. Joseph B. Girard, chief medical officer of the Department of Texas, Col. John L. Clem, Assistant Quartermaster General, and Major James B. Major Houston is paymaster general of the Department of Texas and like the other two officers would have no occasion to take a walk of such length. Colonel Clem, popularly known as "the drummer boy of Shiloh," for as such he figured in that famous battle of the Civil War has taken the walking test before and

Colonel Girard, the well known medical authority of the United States army, made last year's test on horseback.
 While the army is silent on the matter, there is no doubt that a great deal of resentment is felt against the author of the hike. So far its purpose does not seem to have been clearly established although the fitness for duty of the officer is claimed to be the object aimed at. How the capacity of the men in question is to be ascertained by a fifty mile walk may not be clear to the outsider but the War Department seems to think that there is something in it.

"TEXAS" COMING TO ELKS THEATRE NOV. 12

Stirring Play of Western Life Booked by Management of Playhouse for Next Friday.

"Texas," the virile stage story of typically western life, is booked for the Elks' theater next Friday night, November 12. "Texas," a play dealing with characters of the southwestern plains bordering on Mexico, was written by J. Mauldin Feig, a native of the Lone Star state, and whose knowledge of the plains is therefore a birthright. The story concerns the love of Jack Dallas, cowboy and Texas ranger, for little Texas West, the daughter of a big ranch owner. The accompaniment of the plains is very strong, and Pasquale, a vindictive greaser, is responsible for it. He meets his just deserts, however, in a hand to hand knife fight with the hero, said to be one of the most thrilling stage combats ever devised. Mrs. Feig has been especially happy in her character drawing and has peopled her play with well contrasted types. There is "Oklahoma," big, blustering good-natured giant, whose penchant for "White Mule Rye" greatly distresses his fiancée, the "Wilder Peppercorn." There is "Tank," whose idea of the value of money is expressed in the speech: "That comes a time in the life of every man when money holds a more consolent hand than religion." There is Sam Sorrel, from back in Mississippi, a tender of the "classic kind," and, best of all, there is cute little Texas West, whose heart is as true as the night of her silver-mounted revolver. "Texas" has been staged

THE WAY OUT.

Change of Food Brought Success and Happiness.

An ambitious but delicate girl, after failing to go through school on account of nervousness and hysteria, found in Grape-Nuts the only thing that seemed to build her up and furnish her the peace of health.

"From infancy," she says, "I have not been strong. Being ambitious to learn at any cost I finally got to the High School but soon had to abandon my studies on account of nervous prostration and hysteria.

"My food did not agree with me, I grew thin and dependent. I could not enjoy the simplest social affair for I suffered constantly from nervousness in spite of all sorts of medicines.

"This wretched condition continued until I was twenty-five, when I became interested in the letters of those who had cases like mine and who were being cured by eating Grape-Nuts.

"I had little faith, but procured a box and after the first dish I experienced a peculiar satisfied feeling that I had never gained from any ordinary food. I slept and rested better that night and in a few days began to grow stronger.

"I had a new feeling of peace and restfulness. In a few weeks, to my great joy, the headaches and nervousness left me and life became bright and hopeful. I resumed my studies and later taught ten months with ease—of course using Grape-Nuts every day. It is now four years since I began to use Grape-Nuts, I am the mistress of a happy home and the old weakness has never returned."

NEW CANDIDATES FOR GOVERNOR ARE SPRUNG DAILY

DISTRICT JUDGES ARE FAVORITE NOMINATIONS

Judges Mann, Pope and Lindsey and Ben Titus Among Latest Names Advocated by Friends.

A new candidate for governor of New Mexico to succeed George Curry is sprung on the unsuspecting public in some quarter of the territory nearly every day. Judge Edward A. Mann's formal nomination is in the 'Tucumcari News as follows: Under the circumstances, therefore, it is not only proper, but a duty, to consider who will be Governor Curry's successor. The office of governor is too closely identified with the prosperity of the people of New Mexico, with their hopes and aspirations, to be disposed of lightly. It should be filled by a man of ability, force of character and unimpaired integrity. Doubtless many such men will be presented for the place, but the News feels that it is performing a high duty in presenting the name of former Associate Justice Edward A. Mann, whose service on the bench of the supreme court was equally honorable to New Mexico and himself. The News believes that Judge Mann would make a great governor.

PORTALES PAPER OUT FOR JUDGE WM. H. POPE

The Portales Herald places Judge Pope in nomination as follows: There is the widest range of speculation as to who will be appointed governor of New Mexico when Curry goes out in February. At least a dozen names have already been suggested, among them some highly qualified men. As one of the exchanges put it: "It would simply be too good," that Judge William H. Pope of Roswell should be appointed. But would not you love to see that little big man at the helm of state in New Mexico? Certainly there is not a man in the United States, so far as our knowledge goes, so well qualified by nature and so well fitted by training. Alas for the power—the blind fanaticism of machine politics, that a man of Pope's unapproachable honor, strength of character and purity of moral purpose should be passed by for the corrupt political "boss." Personally we know nothing that could come to the territory of New Mexico, which would mean so much as the appointment of Judge Pope to the place of chief executive. And yet we are glad to say that Judge Pope is not the only republican who is eminently qualified for the position of governor. On the other hand, we venture the assertion that Judge Lindsey of Portales has no superior in the territory for this lofty position.

Willing to Take Judge Mann.

The Logan Leader says: Now that Governor Curry has definitely decided that he will resign next spring, it is highly proper that we, as citizens of the territory, should look around and settle on some good, honest man of brains and good judgment to fill his place, and then use our influence in securing his appointment. Judge Edward A. Mann, former associate justice, has been suggested to us, and although we are not personally acquainted with the judge

REPORT COMPLETE ON PROJECT OF THE SANTA FE

Preliminary Surveys of Clovis-Tucumcari Extension Understood to Be Satisfactory to Officials.

[Special Correspondence to Morning Journal] Clovis, N. M., Nov. 5.—People here are waiting anxiously for the report from the estimate submitted the Chicago offices of the Santa Fe by Chief Engineer Stewart, who has been in the field between here and Tucumcari for the past sixty days with a surveying crew, and who is now in Chicago with his report and estimates from the preliminary survey which he completed between the two named towns.

Parties from this place who talked to Mr. Stewart in the field and after he had passed over the "cap rock," the most difficult part of the territory traversed, were told by the chief engineer that he had found the grade through Puerto canyon good and that he has every assurance that his report submitted to the Chicago offices will not change, the purpose of the company officials to build this connecting link between Clovis and Tucumcari. When asked when actual work of construction will begin, Mr. Stewart was unable to give any definite information, saying that it was the purpose of the Santa Fe to first submit a proposition to Clovis and Tucumcari as to a reasonable bonus before the work should begin.

SOUTHWEST NEWS NOTES

Pathetic in the extreme was the suicide of Mrs. G. H. Spencer, who swallowed carbolic acid in the presence of her husband near Prescott the other day. As her husband entered the cabin she handed him a farewell message, drank the acid quickly and expired before his eyes. "I think I am going crazy" was her reason for the deed.

A model of the Elephant Butte dam and irrigation system will be the interesting exhibit sent by the El Paso chamber of commerce to the land and irrigation exposition in Chicago.

The Phoenix fire department will enter four "thoroughbred coyotes" in the live stock show at the territorial fair. What is a thoroughbred coyote, by the way?

Another victim of the dreaded hydrophobia skunk is J. R. Boyer, a young mining man of Cherry Creek, Ariz., who was bitten while descending a shaft and who has been hurried to Chicago for Pasteur treatment.

The dead body of a man named William L. Bent was found in a lonely cabin on Willow creek near Prescott the other day in the very room where the late James Sullivan was murdered a year ago. His death is believed to have been due to natural causes, but it is a strange coincidence.

Some months ago a Bisbee paper received an inquiry from Henry Berthold of Albuquerque asking if such a man as George Berthold could be located in Bisbee. Investigation showed that George was there and enjoying good health, being employed at a butcher shop. George's brother had lost all track of him.

The first real social stunt pulled off in "The Quivira," the new Harvey house at this place, was the reception given by A. Mendenhall, captain of the Clovis military company, to his two brothers, V. E. Mendenhall of Chicago and Walter Mendenhall of Burlington Junction, Mo. The banquet consisted of five courses of a most elaborately-prepared dinner, and about ten courses of those friends of the captain were invited. The new Harvey house is very pretty and elegantly furnished.

GIRLS IN PERIL IN FLAMING FACTORY

One Loses Life, Sixteen Hurt; Hundreds of Narrow Escapes in Fire Near Wilkesbarre.

[By Morning Journal Special Leased Wire] Wilkesbarre, Pa., Nov. 6.—One girl lost her life and sixteen other persons were injured today in a fire which destroyed a mine shaft factory of John S. Powell's at Plymouth, near here.

There were 140 girls in the place when the fire started and it spread so rapidly that many of them had narrow escapes. The dead girl was Minnie Platon, aged 21 years, whose body was found in the ruins. Among the injured is Powell, the proprietor, who was badly hurt while helping the girls to escape. The others injured are all young women, who were slightly burned.

BRITAIN ACCUSED OF PLOT AGAINST GERMANS

Berlin, Nov. 6.—The charges that Great Britain was involved in machinations against Germany at the time of the Donger bank affair on October 22, 1904, is brought by former Chancellor of Legation Von Hatz in today's issue of the 'Tagblat'.

The Donger bank incident referred to was the firing on the Game Cock traveling fleet of Hull by the Russian Baltic squadron under the delusion as alleged that the fishing smacks were Japanese torpedo boats. Herr von Hatz accuses Great Britain of having stationed warships of Vigo and six submarines in the vicinity of Heligoland preparatory to sinking the German warships should Germany take side with Russia in the expected war.

The commanders of British vessels, according to the writer, had direct orders from Downing street to watch the Germans and blow them into the air in the event of suspicious movements.

[Special Correspondence to Morning Journal] Vaughn, N. M., Nov. 6.—Five carloads of the mules bound for California via the Helen cut-off of the

Santa Fe attracted considerable attention when they were fed and watered here on Monday. For the more care of Arizona sheep were also fed and watered, the shipment being consigned to the Kansas City markets. The livestock business through here on the Santa Fe is exceptionally heavy now. Ticket sales in the passenger department for the month of October, according to Agent J. Briscoe, were \$1,597.56. The agent will soon have to increase his office force.

Morris brothers of Santa Rosa were visitors here today and were so well pleased with Vaughn's prospects that they have leased a new store building from Mr. McDougal for three years and will at once put in a \$15,000 stock of merchandise.

First Trick Dispatcher S. R. Kennedy has returned from his trip to Texas and is again at the key.

Quite a number of Vaughn people have been attending the El Paso fair.

Mr. Williams of this place is getting ready for another large shipment of cattle.

Hunting licenses are being taken on every day and game is plentiful in this region.

BAR APPLICATIONS MUST BE ON FILE BY DECEMBER 1

Jose D. Sena, clerk of the supreme court of New Mexico, gives notice to all prospective applicants that applications for admission to practice at the bar of the supreme court must be on file in his office in Santa Fe not later than December 1, 1909, and that examinations will be held January 5, 1910.

HORSE RACING RESULTS.

At Alameda. Aqueduct, Nov. 6.—Firestone, a receding favorite, easily won the Nassau handicap here today from a high class field. Fauntleroy, a two-year-old who had shown good form at Alameda, was heavily played. Fauntleroy went to the front at the start and set a fast pace into the stretch. Here Firestone moved up fast and taking the lead, won by two lengths.

INSANE PRISONER HAS TWICE MADE ATTEMPT TO COMMIT SUICIDE

Phoenix, Ariz., Nov. 6.—William McClintock, an insane prisoner at the Gila county jail, who made a second attempt at suicide Sunday morning, following the unsuccessful attempt last Thursday afternoon, has been brought here and placed in the asylum.

McClintock managed to secure a piece of heavy cord, while locked up in the Globe jail. In some manner he also managed to detach the bail from a bucket used by the prisoners and when his actions attracted the attention of the other prisoners he had placed the cord around his neck and was trying to hook the end of the cord to which the other end of the bucket had been tied, around one of the bars of his cage, in an effort to hang himself.

It was evidently his intention to climb up the side of the cage, hook the wire over one of the crossbars and then throw his weight on the cord.

Had his discovery come a few minutes later he would probably have been able to carry out his attempt at self destruction.

John Miller has been commissioned postmaster at Constellation, Ariz.

New York, Nov. 6.—Misgivings over the money outlook were as much responsible as anything for the downward tendency of prices of stocks today.

There has been an actual hardening of money rates on time in the latter part of the week and a resumption of active demand for loans for the shorter periods.

A 6 per cent minimum discount rate, both by the Bank of England and by the Imperial Bank of Germany, caused renewed discussion.

Large withdrawals of gold from the Bank of England for shipment to Egypt emphasized the impression of the hardening of the world's money markets.

Chicago, Nov. 6.—Balk of a probable falling off in the movement of wheat in the United States next week inspired active buying of that grain today.

HARVARD TOO MUCH FOR CORNELL

(Continued from Page 3, Col. 5.)

Haskart of Dartmouth mixed it up and the former was sent from the field in the middle of the second half for alleged rough play in the last minute of play. Dartmouth's captain called for Bard to try a drop kick from the thirty-five-yard line, but his attempt failed.

Princeton advanced the ball in comparatively short time to within striking distance of the goal line in the first half, and Cunningham kicked two pretty good goals from the thirty-five and twenty-five-yard line respectively.

Wabash Outpaces Purdue.
Lafayette, Ind., Nov. 5.—Wabash defeated Purdue today, 18 to 17. In the first half Wabash outplayed Purdue. Three spectacular runs were made, two by Starbuck and one by Hopkins. In one instance Starbuck caught a forward pass and ran eighty-five yards for a touchdown. Soon after he made a dash around end and ran seventy yards for a score. Hop-

kins blocked an outside kick, and picking up the ball, ran sixty-five yards for a touchdown.

In the second half Purdue outplayed the visitors. Chapin was thrown over the Purdue line by Lambert when he had caught a punt near the goal line. Hanna of Purdue was put out of the game for slugging.

Ohio University Beaten.
Columbus, O., Nov. 6.—Case School of Applied Science of Cleveland today put themselves in line for the football championship of Ohio by defeating the Ohio State university, 11 to 5.

Carlisle Defeats Washington.
Washington, Nov. 6.—By a score of 9 to 5, Carlisle defeated George Washington university here today. The big event of the Indian game was the forty yards made by Houser, Carlisle fullback, by successive line plunges, resulting in a touchdown.

Morse, quarterback, and Crafts, halfback, of George Washington did some fine broken field running.

Missouri Wins on Opponent's Ground.
St. Louis, Nov. 6.—Although fairly outplaying the University of Missouri eleven for the greater part of today's game, Washington university was de-

feated, 5 to 6. The long score came in the first half, after a fumble had given the visiting team the ball within striking distance of goal. Poor handling of the ball was evinced throughout the contest by Washington, the chief offender.

Except for a few inside kicks which went wrong, Missouri tried little except straight football. Washington endeavored to score with forward passes, but only two of these were successful.
