It was learned today that 20 convicts were shot and wounded slightly by the first careful of guards that descended into the pit last night to rescue the fifteen guards who were held as hostages. John cowed the others, who surrendered without further trouble. Warden Tomlinson says he will punish the ring leaders severely.

Adjourned for a Rest.

Lincoln, Neb., March 20.—After the election of D. E. Thompson as United States senator for the short term on the ninth ballot by senatorial caucus, balloting for long term senator began and the caucus adjourned without electing a long term senator.

D. E. Thompson, who was last night nominated United States senator by the republican caucus failed to elect by the joint session of the house and senate at noon today.

The caucus at which Thompson was nominated adjourned this morning without nominating a candidate for the long term, thereby, under the rules, invalidating the nomination already made.

Washington, D. C., March 20.—It is understood on high authority that P. C. Knox, of Pittsburg, to succeed Attorney General Griggs on April 1.

Annapolis, Md., March 20.—The new election bill, having for its object the practical disfranchisement of most of the 50,000 illiterate voters of the state, passed the senate and house today.

Report Discredited.

London, March 20.—A rumor, received by the news agency to a London exchange and published in New York, that the British and Russians had fired at each other at Tien Tsin, is discredited at the foreign office, whose latest advices say the situation remains unchanged.

For Sake of Revenge.

Budapest, March 20.—Field Marshal Jablonsky de Gontzory, chief gendarmery of the department of military of the national defense, was shot on the street this afternoon by a man who, after his arrest, said he

had been dismissed for no reason and wished to kill the field marshal out of revenge.

Denies the Statement.

New York, March 20.—Chas. H. Tweed, chairman of the board of directors of the Southern Pacific, said today there was no truth in the story that the parties representing the Southern Pacific had acquired a controlling interest in the Mexican National railroad and that the latter was to be opened north part of the Southern Pacific system.

Indians Quieting Down.

Phoenix, Ariz., March 20.—A dispatch from Fort Wingate says: No difficulty will attend the round-up of the Navajo Indians at the Grand Canyon reservation. The work of removal is likely to begin today. A strong force of soldiers at Fort Wingate will be ready if trouble occurs. The Indians are being treated on the Grand Canyon forest reserve.

Trotting Race Off.

New York, March 20.—Wm. L. Marks, representing J. Scannell, and Jack Roach, representing Thomas W. Lawson, of Boston, met today for the purpose of arranging a match between the trotting horses of Roach, but failed to come to terms. Scannell insisted on having three out of five seats, to which Lawson's representative objected, preferring four out of seven seats.

Scannell said he was now ready to race the Abbot against any horse in the world for \$50,000, best three in five heats, stake to go to charity.

FUNERAL TO-DAY.

Two More Spaces Made Sacred in Fairview Cemetery.

At the saddened home of Mr. and Mrs. George Hoppen on South Edith street this afternoon a large number of relatives and friends assembled at the funeral of their little daughter, Frances, whose death occurred yesterday from carbolic acid poisoning.

Rev. Marsh, pastor of the Congregational church, was present and delivered the sermon, which was quite affecting and consoling, and several appropriate hymns were impressively rendered by the choir. The casket, in which the remains of little Frances reposed, was of white plush and the floral offerings surrounding were very beautiful and fragrant. At the conclusion of the services the long funeral procession wended its way to Fairview, where the remains of the loved one were lowered to eternal rest.

The funeral of Jacob M. Edison, the young railroad man who died in this city night before last, took place at 2 o'clock this afternoon at the undertaking parlors of O. W. Strong & Sons, and the sermon was preached by Rev. Bruce Kinney, pastor of the Baptist church. The mother of the deceased, who had cared for her son in his late illness, decided to have the remains buried at Fairview instead of taking them back to the former home in Fort Wille, Ind.

The United States and territorial grand juries are both down to hard work examining witnesses. Attachments were issued for Amado C. de Baca and Isabel Baca for failure to respond to subpoenas as grand jury witnesses.

An attachment was issued against H. A. Cloutier and Mrs. H. A. Cloutier, upon the complaint of Jacob Weisman, of debt amounting to \$300 alleged to be due.

BRITISH MARINES!

To Replace Indians on Questionable Lands.

Waldereese Withholds Opinions For the Present.

The Boer Loses in a Recent Engagement.

SHOT FOR TREASON.

Tien Tsin, March 20.—Ninety British marines arrived here last night from Taku forts to replace the Indian guards on the disputed land. Fusiliers are expected today. A special train, bearing reinforcements of Australian troops, left Pekin for Tien Tsin at 10 o'clock this morning.

One French, an Italian and a German warship are outside the harbor. General George Campbell, the English commander, and General Wogack, commanding the Russians, met Count Von Waldereese upon his arrival here. Learning that both had received instructions from their government, Count Waldereese said it was useless for him to even give his opinion regarding the matter at issue.

The detachments on guard have orders to do nothing aggressive unless forced to do so by the other.

He had been undertaking parlors and was unable to recover. Relatives in Chicago have been notified of the death, and the remains are being held at O. W. Strong & Sons undertaking parlors, awaiting instructions as to the disposition of the body.

OPERA PATRONS DELIGHTED.

Large Attendance at Martha Last Night—Mikado To-Night.

Those who attended the opera last night, many of whom heard the Andrews Opera company in Carmen Monday are loud in their praises of this excellent company. The attendance last evening was very satisfactory to the management and promises well for the attendance expected at the performances to be given during the rest of the engagement. The opera last night was that of Martha, and the several members who took part gave a true interpretation of the beautiful story. Miss Lee's rendition of the Last Rose of Summer was productive of most vociferous applause, and will long be remembered by those who were fortunate enough to hold tickets. The sweet strains carried many of the audience back to bygone years, reviving memories of Patti, Abbott, Neilson and others whose fame will live for generations. While unlimited pleasure was experienced by the assemblies of last and Monday night, it may be safely predicted that the performance of Mikado tonight will be productive of the unlimited amusement that the play is calculated to arouse, in addition to the catchy air that prevails throughout this most popular of Gilbert and Sullivan's comic operas. Thursday's matinee, Bohemian Girl will be the program and Thursday night the grand opera II Trovatore, will conclude the engagement.

Remember the millinery opening at Mrs. McCraig's to-morrow afternoon and evening. Nos. 218-212 South Second.

The appointment and confirmation of Hon. F. W. Clancy as district attorney of this judicial district, which is announced in another column, is heartily endorsed by all the true republican principles of this city, and he will enter upon his office with a clean record back of him. That he will make a good attorney, looking out for the many varied duties of the district and county, there seems to be no doubt, and The Citizen joins those in wishing him success.

LOCAL PARAGRAPHS.

E. B. Booth, the Second street merchant tailor, who has been on the sick list for the past few days, was up and around this afternoon.

They have completed the survey from Albuquerque to Santa Fe via Tijeras canyon and Cerrillos and are here for the purpose of beginning on the preliminary survey from this city to Pinos Wells, in Valencia county. PIANO TALK.

Which Will Be of Interest to All Who Read or Play.

We wish to inform the good people of this city that we are at the old stand on South Second street and expect to remain there for some time. Our pianos are all new and well known in this part of the country, which hundreds of our citizens will testify to. They are in our high trade goods. These pianos are not packed around from town to town, all scratched up and out of date. If the dealer didn't want your piano, "do you?" Just simply examine these goods that they offer for sale—the names, and see if they correspond with their advertisements in our daily papers; and you will find that they have done near at hand at present. We will accept of your piano only to sell their second hand goods. We will duplicate any legitimate price made by any reliable house and go them one better, and we will accept payments as any house in America and as cheap, and remain here to back up our assertion. We have the celebrated Angeleno piano attachment, which is a parlor instrument and can't be duplicated by any other similar attachment. Call and hear for yourselves and convince us that you are the boss piano player, not a thumb box. THE WHITSON MUSIC CO.

New York, March 20.—(Stocks)—Market opened firm and remained strong during the first two hours. Shortly afterwards there was some recession in the general list due to realizing. The grain and southwestern issues were all active and fairly firm. Large dealings in Southern Railway common. Brooklyn Rapid Transit was strong and showed a gain of two points. Coppers were dull. Metal was quiet. One of the features, gaining over three points from yesterday's close.

Market has averaged strong since opening the principal reason being the covering of short lines caused by fear of possible political complications abroad, although legitimate news is somewhat better, a better feeling being reported on the continent for both wheat and flour. Minneapolis mills claim to be sold ahead for some time. There is said to be great damage done in Texas, especially in Garrison county, by insects. Northwestern receipts 278 cars against 277 last week and 464 last year. May wheat closed 76 1/2. Corn—Considering the strength in wheat, corn market has been sold by local longs. The buyers appear to be largely pit shorts. May corn closed 41 1/2.

ALBUQUERQUE, — MARCH 20 1901

Call for Republican Primaries and Con-
vention.

Primaries of the republican party of
the city of Albuquerque are hereby
called for March 25, at 10 a. m., in the
several wards for the purpose of se-
lecting fifteen delegates from each
ward to attend a city republican con-
vention to be held in the Academy
building on east Railroad avenue,
March 25, at 8 p. m.

The primaries will be held in the
following places:

Ward 1—City hall, to be called to
order by D. J. Rankin.

Ward 2—Vacant store room, next to
Brookmeyer & Cox, to be called to or-
der by E. H. Harsh.

Ward 3—Judge Ribble's office, to be
called to order by H. E. Rogers.

Ward 4—Vacant store in opera house,
to be called to order by L. W. Hopkins.

H. E. FOX, Chairman,
E. J. ALGER, Secretary.

Small-pox having broken out
among the Moquis the villages have
been quarantined by order of the
agent.

Governor Otero appointed the fol-
lowing notaries public: Seferino Arey,
Socorro county; Antonio Arey,
Eichwald, Cuba, Bernalillo county;
David C. Johnson, of Exeter, Union
county.

The enrollment in the public
schools of Las Vegas has reached the
high water mark, there being 750 pu-
pils on the superintendent's books and
the limit for the year has not yet
been reached.

Territorial Treasurer J. H. Vaughn
Monday received from J. J. Walker,
collector of Eddy county, \$26.60 of
1898 taxes; \$21.21 of 1899 taxes;
\$306.85 of 1900 taxes; from Romualdo
Martinez, collector of Union county,
\$32.59 of 1899 taxes, and \$447.60 of
1900 taxes.

As stated in The Citizen yesterday
Governor Otero has given Black Jack,
the convicted train robber, a reprieve
of a month if the hanging of the
man finally occurs, it will have a most
salutary effect and probably cause
train robbers to seek some place out-
side of New Mexico for their opera-
tions.

A GREAT FARE.
The Citizen has frequently of late
called attention to the irregular mail
facilities of the southwest, but no one
in authority pays any attention what-
ever to the appeals. To show how
bad the facilities are, out this way,
the following clipping is taken from
the Gallup Republican.

The greatest fare in this section of
New Mexico is the pretention of the
United States government toward carry-
ing and delivering mails on the
Santa Fe Pacific railroad. Gallup mail
from Albuquerque and the east is re-
ceived two or three times from the
west. The paper mail is often carried
as far west as Los Angeles. The at-
tention of the inspectors has been
called to this matter several times.

THE INSURANCE BILL.
The insurance bill as passed by the
council Monday provides for the crea-
tion of a department of insurance
and an insurance commissioner, the
latter to receive a salary of \$2,000
per year. His duties shall be those
assigned to the auditor of the terri-
tory in reference to insurance com-
panies and to exercise a closer super-
vision over them. The bill provides
for the payment by every and any in-
surance company operating in the ter-
ritory of 2 per cent on the gross
amount of premiums collected an-
nually in the territory. In addition to
present fees it also establishes the
following fees: Incorporation filing,
\$50; filing power of attorney, \$50; fil-
ing of charter, \$50; filing of annual
statement, \$50; certificate of autho-
rity, \$5; any other filings than those
specified, 20 cents per folio of 100
words; examination of securities de-
posited, \$25; certifying to papers not
specified, \$1.

The bill was defeated yesterday af-
ternoon in the house by a good round
majority.

NEW MEXICO'S SIZE.
The United States census bulletin
just received at this office gives the
following figures of the area of the
several counties of the territory, in

Fatal Accident.
Juan Crespin, a wood vender living

death only a few hours later.

Arrested in Prescott.
A man by the name of A. L. Gassett
was arrested and lodged in jail in
Prescott by a government officer, charged
with having embezzled \$450 while post-
master at Bristol, Kan. The detectives
have been following him for over six-
teen months. When placed in jail he
declared that he would be able to square

He will be taken back to Kansas as

cured.

Hundred Year Clubs.
Are becoming numerous. The idea is to
promote longevity. It is interesting to
note that the means through which long
life is to be obtained, is food and the
stomach. Long life and good health are
not possible unless the stomach does its
work properly. There is a way to make
it, if it does not. Hostetter's Stomach
Bitters is an ideal strength restorer. If
you would be cured of dyspepsia, indi-

HE SHOOK HIM.
A Space Writer Takes Fun at New Mexico
Legislature.
A New Mexico youth was engaged to
a charming young lady in Tennessee
and during the holidays he went to see
her. The day for the wedding was
drawing near, but in spite of the
pleasure he felt his fiancée seemed sad.
He asked her if anything troubled her
and she, looking into his face, sadly
said: "William, I have a secret which
I have kept from you, but my con-
science smites me so I must tell you,
and yet I fear that you will not love me
any more when you hear it. Will you
promise me still to love me?" "Nothing
could keep me from loving you," he
assured her. "Well, it is this," she
said, "my father served a term in the
Tennessee state prison. It was no
fault of mine. Now, Willie, do you
still love me?" "Most assuredly," he
answered, "and I am glad you brought
up this confession business, for I, too,
have a secret," and then he looked sad.
"Mabel," he said, then faltered,
grew pale and his lips trembled,
"Mabel, my father served a term in the
New Mexico legislature." That was
too much. Mabel shook him, and now
he is back at home retelling his and
feeling as if himself for being such a
fool as to make that confession.

BLOOD
We live by our blood, and
on it. We thrive or starve, as
our blood is rich or poor.
There is nothing else to live
on or by.
When strength is full and
spirits high, we are being re-
freshed, bone muscle and brain,
in body and mind, with con-
tinual flow of rich blood.
This is health.
When weak, in low spirits,
no cheer, no spring, when rest
is not rest and sleep is not
sleep, we are starved; our blood
is poor; there is little nutri-
ment in it.
Back of the blood, is food,
to keep the blood rich. When
it fails, take Scott's emulsion
of cod-liver oil. It sets the
whole body going again—man
woman and child.
We'll send you a little to try, if you like.
