TESTIMONY CONCERNING DID MAGILL BREAK HIS AGREEMENT TO SUICIDE? DETECTIVES IS RULED OUT

Judge Decides Against Evidence Regarding Vindictor and Independence Explosions.

M'PARLAND PRESENT FOR THE FIRST TIME

Famous Sleuth Listened to Arguments Today—Defense Not Pleased With Part of Ruling but Compensated by Remainder.

Boles, Idaho, July 19.—Judge Wood announced this afternoon his decision, withdrawing from the jury all evidence bearing on the deportation of miners and employment of detectives in Colorado. He admitted the evidence as to the Vindictor mine and Independence depot explosions.

In the Haywood trial today James M'Parland, the detective whose name has been mentioned so frequently in connection with the case, appeared for the first time in the court room for the first time since the trial started. He came to listen to the arguments of the defense and attracted considerable attention.

Judge Wood announced at 10 o'clock this morning that he would not be ready to rule on the matter of excluding certain evidence from consideration and argument of counsel until 2 p. m. He instructed James H. Hawley, leading counsel for the state, to be ready to proceed at that time.

Hawley is not expected to conclude until tomorrow afternoon. The opening address for the defense will be made by Attorney Richardson on Monday morning.

To preserve the record Richardson again today moved that the jury be instructed to return a verdict of "not guilty" on the ground that the defendant Haywood had not been connected by the evidence with the crime alleged. The motion was formally made and formally denied.

Defense Compensated. Attorney Darrow was not pleased with the ruling on the matter of excluding evidence, but he was compensated by the ruling on the Vindictor and Independence explosions.

Benefit of Doubt. In his argument as to admissibility of evidence yesterday, Mr. Darrow spent some time in discussing and citing authorities as to the materiality of the evidence showing threats on the part of Orchard against Governor Steunberger. He declared if there was any question as to the relevancy of any of the testimony in the case the doubt should be resolved in favor of the defendant.

LET HER DIE THAT HE MIGHT REMARRY

Belief General That He Entered Into Such Compact With His Wife.

HER DEATH IS NOW HOURLY EXPECTED

Startling Theory of Prosecuting Attorney at Clinton, Ill. He Will Attempt to Prove in Sensational Murder Case.

Clinton, Ill., July 19.—Did Banker Frederic H. Magill conceive and plot an amazingly diabolical plot in which, by subtle persuasion, induced his wife to agree to commit suicide in a compact with him, he breaking his agreement at the last moment, while she died, thus making it possible for him to marry his pretty stenographer?

This remarkable theory is being investigated by the state's attorney who has charge of the prosecution of the prodigal young banker who, with his present wife, formerly the stenographer, is being returned to this city from San Diego, Cal., to face the charge of murder.

Never in the history of crime, much less in the busy brains of imaginative writers of fiction, has there been such a remarkable idea executed or expected.

If it proves true then Magill murdered his wife by inducing her to murder herself.

Also, if this sensational theory is borne out, Magill, thinking himself free of the charge of murder, actually assisted his wife in her tragic preparations and then calmly retired to his own bed until her sleep should have become the sleep that knows no waking. She must have died in the belief that her husband was lying by her side.

Mrs. Magill's mind had been weakened by illness, and there was added melancholy in the fact that she was aware of her husband's attentions to his stenographer, pretty Faye Graham.

On Decoration day Magill took his wife to a cemetery, and it is said, spent the entire afternoon there talking of death and the after tomb, until the poor woman's already broken mind became imbued with that one idea. It is alleged that he then proposed a suicide pact, that both should end everything.

LAS VEGAS GIRL POURS KEROSENE ON A FIRE

Her Flesh Cooked and Her Hair Nearly Burned Off.

HER DEATH IS NOW HOURLY EXPECTED

East Las Vegas, N. M., July 19.—(Special.)—Juliana, the fourteen-year-old daughter of Sferino Griego, was fatally burned at her home on Valley street last evening by the explosion of a can of kerosene. She was pouring the oil on a fire when the explosion occurred.

Juliana was aiding her mother in preparing supper, and as the fire would not burn readily, she secured some kindlings and placed them in the stove, pouring the oil over the wood. There were live coals from a previous fire in the stove and the kerosene ignited, followed the stream into the can and exploded. Blazing oil covered the girl, and her clothing in a moment was a mass of flames.

She ran wildly out of the room, but was caught by members of the family who extinguished the fire by wrapping her in clothing and a rug. Her body and face were so badly burned that there are small hopes for her recovery. Her hair and eyebrows were almost burned off and the flesh on her face, arms and breast was cooked.

Santa Fe, N. M., July 19.—(Special.)—The most elaborate wedding of the year in Santa Fe social circles took place at the First Presbyterian church in this city at 4:30 o'clock this afternoon, when Miss Maude Elizabeth McPhe, eldest daughter of Associate Justice John R. McPhe, of the New Mexico supreme court, became the bride of Rev. Lansing Bartlett Bloom, of Auburn, N. Y., Rev. J. W. Purcell officiating.

Following the ceremony, which was witnessed by hundreds of guests, a reception, attended by a large number of guests, was held at the McPhe residence.

This evening the newly wedded couple leave for a short honeymoon trip to Dripping Springs, after which they will go to San Antonio, Mexico, where the groom will become pastor of the local American Presbyterian church.

The esteem in which the bride is held here was attested by over one hundred and fifty elegant wedding presents.

Confessed Slayer Blames a Woman. Oklahoma City, Okla., July 19.—Rudolph Tegeler, a young German, paragon of Mrs. J. S. Meadows, has confessed to the murder of J. B. Meadows, a superintendent of construction in the employ of the Pioneer Telegraph and Telephone company. Meadows disappeared June 4 and his body was found two weeks later buried in a corn field.

Tegeler said: "Mrs. Meadows put me up to kill him. We were taking our usual buggy ride Tuesday evening, when she started to talk about her husband and his ill treatment to her. She also complained of Meadows paying court to other women, and this gradually led up to the point to going away with her husband."

EMPEROR QUILTS THRONE

Cabinet Urged Retirement Showing His Duplicity to Be Cause of Trouble.

POPULACE AROUSED BY HIS ACTION

Seoul, Korea, July 19.—Briefly the emperor in his imperial rescript of abdication expresses his regret that, during the fifty-four years of his reign national calamities have followed each other in rapid succession and the people's distress has become so aggravated that he deems it now time to transfer the crown to his heir apparent in conformity with ancestral usage.

It is reported that when the ministers made the cabinet's final representation urging the emperor's abdication, his majesty was in a high state of excitement, but Premier Yi Wang Yong, in a humble but firm tone, dwelt upon the want of precaution and prudence of the emperor's policies, especially in diplomatic affairs, whereby he was endangering the safety of the nation.

Emperor's Duplicities. The premier enumerated facts concerning the emperor's duplicities which culminated in the dispatch of a deputation to The Hague peace conference, and forcibly reasoned the uselessness of the emperor's disavowal of his relation with The Hague affair.

Unable to combat successfully the logic of the premier's representations, the emperor sought a last refuge in the council of elder statesmen. The emperor's disappointment was boundless when the elder statesmen, who responded to his summons, unanimously agreed with the premier's advice.

Populace Excited. Seoul, July 19 (Evening).—Enraged crowds are assembled at various points throughout the city and inflammatory documents against the Japs are being freely distributed, giving rise to a forlorn hope that some opposition is about to begin.

Serious collisions, it is believed, will take place tonight between the police and the rioters.

Japan Expects Improvement. Tokio, Japan, July 19.—While much sympathy is expressed here for the Korean emperor, who has retired, the public is breathing easier for the sake of Korea, now that the arch-intriguer has been completely dethroned.

UNDER PROTEST, KOREAN TORNADO DOES GREAT DAMAGE AT ST. JOSEPH

Houses Washed Away and Street Railway Tracks Torn Up by Storm.

MANY PEOPLE HAD NARROW ESCAPES

Five Buried in Cellar Beneath Debris of House Rescued Without Serious Injury—Missouri River Floods Kansas City Lowlands.

St. Joseph, Mo., July 19.—A tornado and tremendous rain storm did heavy damage in this vicinity last night. Houses were wrecked, street railway tracks torn out, and cellars flooded. Several children were buried under the debris in the cellar of their house but had a miraculous escape from serious injury.

Riordan and his family, on the approach of the storm, became frightened and went to the basement to escape the wind. Suddenly their house was torn to pieces by the wind, much of the debris falling into the basement, but the floor timbers protected the party and they were only severely bruised.

Others met with like experiences, and narrow escapes are reported from all sections of the city. The rain fell so rapidly and in such a vast quantity that high and low lands alike were flooded for some time, the latter suffering from the most damage.

Many Houses Ruined. Scores of houses were washed from their foundations in the city. The sewer could not carry off the water and torrents flowed through the outlying parts of the city. In Brookdale, a low suburb, a score of families were driven from their homes, the water reaching the first floor windows.

East of the city crops were leveled in the path of the storm and the loss was heavy.

Damage at Kansas City. Kansas City, Mo., July 19.—Further heavy rains north of here last night caused the Missouri river to rise in the cellar of two dozen wholesale houses in the west bottoms were partly flooded. The stocks had been removed from these places.

Truck gardens at Quindaro on the outskirts of Kansas City, Kansas, have been damaged to the extent of twenty thousand dollars. If there are no further rains, no serious damage will result.

BAD LOUISIANA MOB HAS DISPERSED QUIETLY

Presence of Soldiers Causes Relaxation of Efforts at Lynching Prisoners.

FOUR ITALIANS ARE CONSIDERED SAFE

Because Jury Did Not Sentence Them to Hang People Became Aroused and Attempted to Raid Jail Without Success.

New Orleans, La., July 19.—With the peaceable dispersal early today of a posse of three hundred men that had formed at Gretna, La., to lynch the Italians convicted last night of kidnaping and killing the Lamans child, the acute crisis is believed to have passed.

Governor Blanchard's prompt action in ordering out two companies of militia within two hours after the verdict of guilty was rendered is believed to have saved the Italians' lives. Nearly a hundred soldiers guarded the jail all night at Hahnville, and it may be necessary to keep them there until the Italians are removed to a safer place.

The prisoners must first be sentenced. This will probably occur Monday, when life sentence will be passed. Under the laws of this state, this means fifteen years with good behavior.

The people who formed the mob were aroused through the conviction of four Italians without capital punishment for complicity in the murder of little Walter Lamana, of New Orleans, who was kidnaped and strangled to death about a month ago.

Those convicted were Mr. and Mrs. Campicelano, Collagero Gendusa and Tony Costa.

The verdict was reached last night after the jury had been out forty-five minutes, and at the close of a four days' trial. An hour afterward it was reported that preparation for a lynching was under way because of the failure of inflicting capital punishment on the men was regarded as too lenient. A physician of local prominence gave out a statement declaring "that the good people of St. Charles repudiated the verdict," and calling it a "prostitution of justice."

The justice of the verdict was generally accepted in the woman's case. The prisoners were retained to St. Charles parish, in a isolated structure standing in the fields a quarter of a mile from any habitation except the sheriff's house and the court house. It was deemed unwise to transport the prisoners back to New Orleans by train last night.

RUSSIAN JEWS CLUBBED TO DEATH BY ROBBERS

Were Fleeing Into Austria Enroute to America When Attacked

EQUADOR INDEPENDENTS ATTACK FOUR BARRACKS

Attempt to Assassinate President but He Escaped Uninjured.

Buda Pest, July 19.—The newspapers today say that thirty-seven Russian Jews, who started to cross the Austrian frontier at night without passports, their destination being America, were waylaid in the village of Zwenty for the purpose of robbery.

Twenty-five, including women and children, were clubbed to death. Frontier guards reached the scene in time to prevent the robbery and to arrest several of the murderers.

A number of Jews from various sections of Russia are moving by night toward the border and in many cases robbers have attacked these parties, but thus far there have been no fatalities until the last occurrence.

The Jews as a rule have taken only such property as they can easily carry, including their gold and valuables, and encumbered by this baggage, practically unarmed, they prove an easy prey to the robbers.

St. Petersburg, Russia, July 19.—St. Petersburg is known here of the report published in London newspapers in the shape of a dispatch from Vienna (and also cabled to the United States) that a wholesale massacre of Jews had occurred at Skowitz, in Russian Poland near the Austrian frontier. In reply to a question, the correspondent at Warsaw of the Russian telegraph agency, declared that there had been no anti-Jewish outbreak in the Polish provinces.

Governor Announces Two Appointments. Santa Fe, N. M., July 19.—Col. R. W. D. Bryan, of Albuquerque, was today appointed by Acting Governor Reynolds as a member of the board of regents of the territorial reform school to succeed Judge N. B. Laughlin, democrat, of Santa Fe, resigned. Governor Reynolds also appointed George W. Carr as commissioner in the first district in Roosevelt county to succeed J. B. Crawford, resigned.

FOUR DEAD AND 2,000 PROSTRATIONS BY HEAT

Elks' Great Reunion Parade Cost Much Suffering From Weather.

ALL SERIOUS CASES ARE PHILADELPHIANS

Philadelphia, Pa., July 19.—Of the thousands of persons who were overcome while watching the Elks parade yesterday about one hundred spent the night in the hospitals. Many of them were discharged today. The number of deaths due more or less to the heat and humidity is four, and there are about a dozen cases which are considered serious by the hospital physicians.

The dead and those still in a serious condition are all Philadelphians. The big feature of Elks' week being over, thousands of the visitors departed today. The records show that seventy-nine thousand persons registered at the bureau provided for the members and invited guests.

Heat Was Terrific. The heat during the parade yesterday was terrific and the tens of thousands of people who crowded the streets watching the march of the 10,000 Elks and their forty bands suffered severely. The hospital service had been prepared for an additional number of cases, but it was hardly able to answer calls rapidly enough, and scores upon scores of heat prostrated people found refuge in private residences, business houses and hotels.

Hospital attaches express surprise that the mortality list was not greater, considering the crowds and the excessive humidity.

BURGLARS WORRY PEOPLE OF RATON

Raton, N. M., July 19.—(Special.)—A temporary vigilance committee will probably be formed here for the purpose of protecting the city from an epidemic of attempted burglaries, with which it has been afflicted the past ten days.

The homes of Dr. T. B. Hart, P. J. Delaney, Alexander Kerr, James H. Campbell and half a dozen other prominent citizens have been visited by the would-be thieves, who, however, have secured but little money, the home of H. B. Phelps being the only one actually entered.

ELKS WILL GO TO SANTA FE SUNDAY

Roy McDonald and O. A. Matson, two prominent Albuquerque Elks, received a letter today from A. J. Fischer, an official of the Santa Fe Elks lodge, inviting the Albuquerque Elks to spend Sunday in the Capital City.

The letter said that the Capital City Elks with the assistance of all other visiting Elks had completed arrangements for a big reception to be given the Duke City Elks upon their arrival and during their stay there.

Mr. Matson said that a large number of the local Elks would accompany the Browns base ball team on their special train Sunday morning. Roy McDonald, the catcher of the Browns, is secretary of the Elks and he is busy making plans for the local Elks visit to the ancient city Sunday.

Woman is Pardoned. Jackson, Miss., July 19.—Governor Vardaman this afternoon pardoned Mrs. Angie Birdson. She was sentenced to five years in the penitentiary for the killing of Dr. Butler in Lawrence county. The case was a notable one.

GOVERNOR CURRY EN ROUTE TO WASHINGTON

San Francisco, Cal., July 19.—Governor George Curry, of New Mexico, who is en route from Manila, P. I., and who arrived at San Francisco Wednesday, left Thursday evening at 8 o'clock, direct for Washington, D. C.

TENTH SAILOR DIES AS RESULT OF BURNS

Boston, Mass., July 19.—James P. Cruise, of the battleship Oregon, died today at the naval hospital in Chelsea. He is the tenth man to die as a result of the powder explosion in the after turret of the Georgia during target practice in Cape Cod bay last Monday.

SERVED TERMS FOR ROBBERY U. S. MAILS

Santa Fe, July 19.—(Special.)—George Massage and John Smith were released today from the territorial prison, where they have been confined as federal prisoners. They were convicted of robbery of the U. S. mails at Fort Sumner and were sentenced to five years each, which terms they have now completed, less allowance for good behavior.

Roundhouse Burns

El Paso, Texas, July 19.—The Southern Pacific roundhouse burned this morning at 6 o'clock. The loss was \$49,000. All the locomotives were saved.

That Contempt of Court

The Morning Journal will not discuss the report of Referee Safford at this time since it fears to place itself in contempt of court and would not show also due respect for the court and itself. At least this is the rather lame excuse advanced by the amiable old fossil who writes the editorial poems for that paper.

The Citizen would not like to see the Morning Journal in contempt of court, neither would it like to see the Morning Journal lose what little self respect it has, if any it still possesses or ever did possess. The Citizen, however, is willing to allow the Journal the privilege of waiving an answer to the referee's report since that report does not admit of explanation at the hands of the Morning Journal.

The Citizen only suggests that the Morning Journal would not be in contempt of court and would not injure any of its alleged self respect if it would only enter into an explanation of the following:

- WHY DID HAGERMAN, PRETENDING TO BE A REFORMER, PURCHASE THE VOTES OF THE LEGISLATIVE COUNCIL, WITH PUBLIC OFFICES?
- WHY DID HAGERMAN, PRETENDING TO BE A REPUBLICAN, FORM A COMBINE WITH THE DEMOCRATIC LEADERS IN AN EFFORT TO DISRUPT THE REPUBLICAN PARTY?
- WHY DID HAGERMAN IMPORT AN INCOMPETENT PRISON SUPERINTENDENT FROM KANSAS WHEN NEW MEXICO HAD PLENTY OF ELIGIBLE REPUBLICANS WHO WERE ENTITLED TO FIRST CONSIDERATION?
- WHY DID HAGERMAN AND THE MORNING JOURNAL DECLARE THE BUREAU OF IMMIGRATION WAS A SHAMEFUL WASTE OF THE PEOPLE'S MONEY AND AT THE SAME TIME AND IN THE SAME BREATH, SECURE A RAISE IN THE SALARY OF THE SECRETARY, GIVE THAT JOB TO A JOURNAL CORRESPONDENT AND APPOINT A BOARD OF DEMOCRATS WITH MACHPERSON AS ITS HEAD?
- WHY DID HAGERMAN SEND PRIVATE TELEGRAMS WITH MONEY FROM HIS CONTINGENT EXPENSE FUND?
- WHY DID HAGERMAN USE GOVERNMENT AND TERRITORIAL MONEY FOR HIS RECEPTIONS AND SOCIAL STUNTS?
- WHY DID HAGERMAN FEAR A FAIR AND IMPARTIAL HEARING IN THE PRISON INVESTIGATION?
- WHY IS HAGERMAN RIGHT NOW IN ALBUQUERQUE IN CONFERENCE WITH SUCH GOOD REPUBLICANS AS NEILL B. FIELD, SUMMERS BURKHARDT AND D. A. MACHPERSON?
- WHY DID HAGERMAN SO STRONGLY CONDEMN THE PARDONING OF CRIMINALS FROM THE TERRITORIAL PRISON AND THEN PARDON TEN HIMSELF IN ONE YEAR?
- WHY DID HAGERMAN NOT REMOVE TRELFORD FOR HANGING PRISONERS UP BY THEIR WRISTS? WHY DID HAGERMAN CONSIDER IT GOOD PRISON MANAGEMENT FOR A SUPERINTENDENT TO ALLOW SEVENTEEN ESCAPES IN ONE YEAR?
- WHY DID A MEMBER OF THE PENITENTIARY COMMISSION SELL MEAT TO THE PRISON AT NEARLY TWO CENTS A POUND ABOVE OTHER BIDDERS AND WHY DID SENATOR J. F. SULZER, A REFORMER, O.K. SUCH BILLS?
- WHY DID THE COUNTY PRINTING OF BERNALILLO COUNTY GO TO THE JOURNAL PUBLISHING COMPANY WITHOUT A BID BEING SECURED UNDER "REFORM" ADMINISTRATION?
- WHY DID HAGERMAN HAVE THAT COMPLETE LIST OF TERRITORIAL COUNTY AND PRECINCT LEADERS OF THE DEMOCRATIC PARTY IN THE EXECUTIVE OFFICE?
- HOW DID HAGERMAN SECURE THE ENDORSEMENT OF THE DEMOCRATIC CONVENTION?

If the Journal will explain a few of the above matters the public will appreciate it and the Journal will not be in contempt of court. Please answer.

Sentiment Is Strong

Some idea of the sentiment in other portions of New Mexico may be secured from the following editorials. The Las Vegas Optic, which is one of the most conservative republican papers in the territory, comes out strongly in commenting upon the report of Referee Charles V. Safford in the H. O. Bursum suit. The Optic unhesitatingly condemns the attempts to ruin the republican leader and territorial chairman and does so in no uncertain language. That paper says:

"The peerless record of 'Reformer' Herbert, the martyred boy governor, has received another dreadful blow. Almost the first act of his administration was to remove Hon. H. O. Bursum, chairman of the republican central committee of the territory, from the position of superintendent of the penitentiary, charging him with misconduct and embezzlement. An ex-parte investigation was held and a so-called expert was employed and a number of untrue accusations brought against Mr. Bursum, although they were vigorously denied at the time. This action was hailed with joy by the democrats of the territory, disgruntled politicians, and a few who honestly thought Hagerman had been sent here as a reformer by the president and had grounds for his action."

"By virtue of an act of the recent legislative assembly, Mr. Bursum instituted suit in the Third Judicial district court for Socorro county, praying for a complete and thorough judicial investigation of the accounts under his administration of the penitentiary. The suit was filed and Chas. V. Safford, traveling auditor of the territory, one of the best accountants in New Mexico, was appointed referee by Associate Justice Frank W. Parker, with instructions to take the necessary evidence and submit the same to the court. The territory of New Mexico, by its attorney general, William C. Reid, filed a cross complaint, and became a party to the suit.

Hundreds of errors were found in the report of the so-called expert, McMahon, and the report of Mr. Safford shows that not only was Mr. Bursum not indebted to the territory at the time of relinquishing the office of superintendent of the penitentiary or at any time in any amount, but on the contrary the territory of New Mexico was then and is today indebted and owes to Mr. Bursum a very large sum of money amounting in the aggregate to nearly \$5,000.

"Hagerman appointed a Kansas man, Trelford by name, another 'expert,' instead of a resident of the territory of New Mexico, to succeed Mr. Bursum, and much was made of the economy with which he was conducting prison affairs. After the protecting wings of Hagerman were removed, it was found that he treated the prisoners in his charge with inhuman cruelty, chaining one up to a wall for seventeen days at a time, on a diet of bread and water, and when he was almost too weak to stand, walked to the bound man and slapped him in the face. He was removed by Acting Governor Reynolds, after an investigation, for cruelty, at which he was present with an attorney to defend himself. On turning the institution over to his successor, it was discovered that instead of the boasted economic administration of penitentiary affairs, Trelford had been guilty of gross mismanagement, \$23,000 of the appropriation for conducting the institution had been spent in seven months, leaving only \$7,000 for the remaining five months of the year."

"Governor Hagerman himself was removed from the office of governor in disgrace by President Roosevelt, although he was nominally allowed to resign. He was asked to relinquish the position after a thorough investigation by the legal department of the government of an illegal land deal, in which he usurped the powers of the commissioner of public lands, and with his own hands affixed the seal of the territory to the deeds, which he had not the least right to turn over. He made reports to the interior department and to the president and had a personal interview with the chief executive, but was unable to pull the wool over his eyes."

"Hagerman was not even upright in little things. He sent private telegrams at government rates to his friends, urging them to make a great public clamor and cry out for the purpose of deceiving the president and leading him to think that the entire territory, outside of a few politicians, were back of him. Ministers were appealed to and many were hoodwinked into believing that Hagerman was an honest man among thieves, and wrote to Roosevelt, telling him what a terrible and lasting injury was being done to the cause of uprightness and good citizenship."

"He tried to disrupt the republican party in New Mexico. He bought a number of the members of the council by offering them lucrative positions. He rewarded them for the betrayal of the people who had chosen the members of the council to represent them. He removed honest, conscientious citi-

zens from territorial boards and other positions of honor and filled the places with democrats and henchmen.

"He bought the Morning Journal, the yellow sheet of Albuquerque, by making Macpherson, the editor, president of the bureau of immigration, and its city editor, Henning, secretary of the bureau. It is also understood that the sheet received heavy donations for specialties and the thousands of extra copies with which the territory was flooded."

"These are but the most prominent features of the anglic record of the late boy governor. He made many friends at the outset of his administration by his talk of honest reform, and pleasing appearance, but almost his sole adherents in New Mexico now are those who he has rewarded, those who wish to see the republican party of the territory disrupted, and a democratic delegate chosen at the next election, and a few who were close to him personally, who through false pride will not desert the sinking ship."

Right in line with the above comment from the Optic is the following editorial from the New Mexican, which makes a few truthful but rather unpleasant remarks about the Citizen's morning contemporary, the Journal. The New Mexican is outspoken and it does not use much choice in selecting its words, evidently believing that the English language is incapable of really expressing the position held by the Journal under any condition and that the worst it can say is not bad enough to suit the occasion. The New Mexican's editorial is as follows:

"The people of Albuquerque are to be congratulated upon the fact that they have a decent, respectable and fearless newspaper in the Evening Citizen, and a newspaper which stands up for its city and its best interests and which supplies correct and late news of all important occurrences and events in New Mexico and Arizona, besides the associated Press specialties, on the other hand the people of the Duke City are certainly unlucky and being cursed with the publication managed by the gang of corporation sharks, tax dodgers and liars, namely, the Albuquerque Morning Coyote Journal, a paper that could not tell the truth if it would, and would not if it could. It is published for no other purpose than to make boodle for the gang which controls it regardless of consequences and regardless of the harm and injury done to Albuquerque and to the territory of New Mexico. It is known all over as an organ of fake reformers and of those who are in the reform business for office and for boodle. During the past two years it has been guilty of libels and slanders many times; it has been bought and sold by those who desire to use its columns for the purpose of getting even with business or political enemies, and who desire to assault, unjustly, unfairly and libelously prominent officials and citizens who are opposed to the fake reform gang and who have done and are doing today yeoman work for the up-building and progress of the Sunshine Territory in every direction."

The publication of this sheet in the Duke City would do still more harm to the town were it not that the harm and injury done by its blackmailing propensities, libels and slanders is partly undone and more than offset by the good work of The Citizen. The Albuquerque Morning Paper Journal staff correspondent in this city during the session of the Thirty-seventh Legislative assembly, was expelled from the floor of the house for sending lies and falsehoods concerning the business and members of that body; its Santa Fe correspondent is well known as a prevaricator and as a liar. This needs no comment and no discussion. The sheet is run for boodle, no more and no less, and that is the long and short of it."

The startled public was treated to another vaudeville stunt by the Morning Journal today when that paper announced itself as the friend of Frank Hubbell, about whom it has had considerable to say in a most uncompromising manner during recent years. The Journal also tried to tell the public that Hubbell now owns the broken down waterworks which the Morning Journal tried to sell to the city for three times its value only a short time ago. The morning paper may have adopted Hubbell but the public will be a long time in believing that Hubbell owns the waterworks. The real owners of that concern are too well known in the municipal ownership line for such a story to go down easily. The Hubbell-Machperson combine is a new one on us!

TAKE APPEAL TO GIRL AT RATON SAVE NEGRO'S NECK TRIES ACID ROUTE

Effort Made to Secure Reversal of Sentence of Death.

Phoenix, July 19.—An appeal from the gallows was filed with Supreme Court clerk Tittle this morning by attorneys for Henry Davis, who was under sentence to hang at Globe on July 26 for the murder of State Jones.

On October 10, 1906, Davis shot Jones several times, instantly killing him, as the result of a quarrel in which the two men engaged over a debt of 35 cents.

Davis and Jones, both negroes, came from Texas to Globe together, Jones claiming that Davis owed him 25 cents and demanding that the debt be paid.

The men parted and Davis armed himself with a revolver. They met in a saloon and Davis started shooting. Jones ran out into the street, Davis following and shooting as he ran. Jones dropped to the sidewalk mortally wounded, dying almost instantly.

During the trial at Globe, Davis offered in his defense that Jones had threatened to kill him, and that he shot because he considered his life to be in danger.

The result of this appeal will be to at least stay the execution of Davis until after the supreme court meets November 11, next.

FINE VEGETABLES ARE PLENTIFUL IN ALL MARKETS

Albuquerque Housewives May Have Choice Selections For Sunday.

Vegetables of all kinds are now plentiful in the provision markets and in several instances are lower than last week. Native products are at their best. California plums, peaches and pears are here in quantities and sell at reasonable prices. The prices of these fruits are not likely to be any lower and the housewife who contemplates putting up preserves had better take advantage of the present market conditions.

California grapes are being shipped in small lots. The last car loads of watermelons received by the local wholesalers are the best that have yet been shipped here this summer. They are Texas melons and unusually large and luscious. The market prices this week are as follows:

Vegetables.
Summer squash, 10c; wax beans, 10c; green beans, 10c; potatoes, 7 lbs for 25c; cucumbers, 5 and 10c; tomatoes, 15c; green lettuce, 25c; dry onions, 5c; rhubarb, 7 1/2c; green chili, 20c; green onions, 2 for 5c; dry onions, 5c; rhubarb, 7 1/2c; chili peppers, 20c; cauliflower, 10c; beets, carrots and turnips, 5c; watermelon, 2 1/2c; canteloupes, 3 for 25c and up.

Fruit.
Green gages, 15c; oranges, 30 to 50c; bananas, 40c; pineapples, 20 to 40c; strawberries, 2 boxes, 35c; blackberries, 15c; grape fruit, 10c and up; lemons, 35c and up; apricots, 17 1/2c; red plums, 15c; raspberries, 15c a box; peaches, 20c.

Fish.
Red snapper, sea bass, barracuda, yellow tail, 15c; salmon, 25c; catfish, 20c; black bass, 25c.

Meat.
Beef, 8 to 20c; pork, 15 to 20c; veal, 15 to 20c; mutton, 10 to 30c; spring lamb, \$1.50 a ham, \$1.75 to 2.00; turkey, 15c; spring chicken, 30c; turkey, 24c; squabs, 20 to 35c.

AMBASSADOR WILL VISIT ALBUQUERQUE

Mayor de Planches, Italian ambassador to the United States, accompanied by Signora Planches, will probably visit Albuquerque before the end of this year, according to Dr. Nacamulli, acting Italian consul here.

Ambassador Planches expected to visit Albuquerque about the first of July en route to Washington from San Francisco, where he was scheduled to address the San Francisco chamber of commerce.

On account of the arrival at Jamestown, Va., of a squadron of battleships of the royal Italian navy, under the command of the Duke of Abruzzi, the noted Arctic explorer, Signor de Planches' trip to Frisco was postponed, which also meant the postponement of the Albuquerque visit.

In his stead, Count Corte, consul general with headquarters at New York, went to San Francisco. Count Corte passed through Albuquerque recently, calling upon several of the leading Italians of the Italian colony here.

Dr. Nacamulli said today that Mayor de Planches would visit the west and southwest as soon as his official duties in Washington permitted.

SHOT WAS ONLY TIRE EXPLODING

"Bang!"
The explosion was heard about 10 o'clock in the night in the neighborhood of West Central avenue and Fifth street. Lieutenant Kennedy was talking to a reporter at the corner of Second street and Central avenue at the time.

"Sounds like a shot; come on," exclaimed the officer, as he started for the scene of trouble, with the pencil pusher running a close second.

When the officer and companion reached Fifth street they saw an automobile standing in the street and the chauffeur down on his knees, weeping up a break in his tire.

"Smatter," queried Kennedy.

"Matter 'nuf," growled the auto driver, "my tires busted, and nary a shop in sight."

"I've a lemonade," said Lieutenant Kennedy in a weak voice.

WILL NOT GRANT MILITIAMEN LEAVE

"I fear Albuquerque will not be very well represented at the territorial militia encampment this year," said Major Ruppe this morning.

"Members of Company G are experiencing difficulty in obtaining leaves of absence from work in order to attend. Yesterday I personally called upon business men here who have guardmen in their employ and in several instances could not gain their consent to allow their employes to attend the encampment. In most of the states a militiaman cannot be restrained from attending a national guard encampment, nor can he be discharged from a position if he leaves his regular work for such a purpose, but here in the territory there is no such statute covering the case, and members of the guards must trust to the wishes of their employers in the matter. These same business men would be only too glad to benefit by the services of the militia in case of a riot or other event requiring military protection, but they hesitate to cooperate with the territorial government in the effort to build up a competent military body."

ARRANGING A WELCOME FOR FUNERAL DIRECTORS

Local Members Will See That All Preparations Are Made.

Further preparations for the entertainment of the members who will attend the second annual meeting of the New Mexico Funeral Director's association the week of October 7, are being made by E. K. Adams, secretary of the association.

This meeting, Adams forwarded to all of the funeral directors in New Mexico an invitation to attend the meeting, and if not members of the association, to join at this meeting.

President Clarence Ulery, of Roswell, and Treasurer L. F. Morlock, of Santa Fe, will attend the meeting. The President, A. Borders said today:

"We expect to have a good meeting, at which we will become better acquainted, beside listening to several of the best demonstrators of the country."

"It is our intention to swell our membership to the hundred mark if possible. Today we have only about thirty-five members, and I believe that a number of practicing undertakers now living in the territory, who are non-members, will join."

The meeting will convene on the morning of October 7th, when an address of welcome will be delivered, we hope, by Mayor McKee, followed by an appropriate musical program. The first day will be spent in getting acquainted and seeing the city."

On the second day the undertakers will get down to business, and on the last day the annual election of officers will be held.

"H. M. S. PINAFORE" SAILS INTO FAVOR

Her Majesty's Ship, "Pinafore," sailed into favor last night at the Traction Park Casino. The good old standard Gilbert and Sullivan opera lost none of its pristine charm in the hands—or in the voices, rather—of the Boston Ideal Comedy company. A goodly audience was present to greet the production and applaud the actors for their excellent work.

The entire opera was sung with a swing and go that merited the appreciation of the most fastidious. The chorus singing was unusually pleasing and the solo by Miss Moore and Mr. Walters so beautifully rendered that it is to be regretted upon with missing that these two accomplished artists must so soon leave the city.

The famous Sir Joseph Porter, lord high admiral of the queen's navy, was acted with characteristic dryness by A. C. Burgess, and the character of Dick Deadeye admirably handled by W. H. Burgess. Miss Laura Moore as Josephine, the captain's daughter, is doing credit to her talents, and F. W. Walters as Ralph Rack Straw, an ordinary seaman in love with Josephine, is a credit to himself and the queen's navy.

Winifred Crowley took the part of Little Buttercup, and Frank Dale the part of Captain Corcoran. The work of both is pleasing. Miss Ernie George as Helbe, and H. C. Mont as Boat Swain, are highly satisfactory.

While the audiences at the Casino have been good all through the engagement of the Boston Ideal Comedy company, they are not large enough to support a company of the kind now playing here. The salaries paid to the singers are such that in order to make the business pay it is necessary to have a full house every night. If the car line extended to the Highlands, two or three hundred more people would be glad to patronize the Casino. As it is people residing in the Highlands are put to too much inconvenience to make the trip to Traction Park after the day's work.

"Pinafore" will be played until Sunday evening when "Said Pasha" will be produced. This will also be played Monday night and on next Tuesday evening the company will play as their farewell performance, "Fra Diavolo."

WORKS WONDERS.

A Wonderful Compound—Cures Piles, Eczema, Skin Itching, Skin Eruptions, Cuts and Bruises.

Doan's Ointment is the best skin treatment, and the cheapest, because so little is required to cure. It cures itching after years of torture. It cures obstinate cases of eczema. It cures all skin itching. It cures skin eruptions. It heals cuts, bruises, scratches and abrasions without leaving a scar. It cures permanently. Albuquerque testimony proves it:

A. M. Whitcomb, living at 325 North Eighth street, Albuquerque, N. M., says: "I have nothing to retract from the recommendation I gave for Doan's Ointment some five years ago. What I then stated was to the effect that this preparation had cured me of a breaking out, which, if not speedily relieved, would have been a permanent condition. I tried this and was cured. It was a wonderful cure and I was confined to a spot about the size of a silver dollar just below one of my knees. Off and on for ten years it had annoyed me always being worse when I was in bed or if I would sit near a fire. I consulted two of our leading physicians but what they gave me proved of no more avail than all the different kinds of salves and ointments that I tried. I had no faith in Doan's Ointment, expecting that it would act similarly to the other remedies I had used, but I was surprised to find that the first application stopped the itching and a short continuation of its use healed the place affected. The fact that I can now enjoy a long interval that there has been no return of the trouble is pretty good reason for my willingness to confirm my original statement. At the time of my using Doan's Ointment one of my grandchildren had salt rheum on his arm and the irritation was so great that it caused him to scratch continually. Despite the fact that it had resisted all treatment, Doan's Ointment effected a cure and one which has been permanent. I can recommend this preparation at all times as one that can be relied upon to act as represented."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

AUTO STAGE LINE FROM ALBUQUERQUE TO WILLARD

Business Men of This City Requested to Lend Support.

A company is being organized by certain business men of Estancia, N. M., for the purpose of running an automobile stage line between Albuquerque and Willard, a distance of about 85 miles. The proposed route is through Tjerebo canyon, and by the way of San Pedro, Stanley, McIntosh and Estancia to Willard.

The proposition submitted to the people of Albuquerque in regard to this proposed line is novel in feature. No bonus is asked and no stock is for sale. P. N. McCloskey, who is in the city at present as the representative of Duncan McEliver, A. H. Gage and other Estancia persons well known in Albuquerque, says that if the people of this city will agree to take 250 tickets at \$10 each for rides over the line the first year the company will go ahead with the project, purchase the stage automobiles and make the necessary improvements in the road to be traveled.

Today we were met by the Boosters' club yesterday.

The price round fare between Albuquerque and Willard, and the company asks is that 250 tickets be subscribed for to insure a certain amount of business for the first year. This will make \$2,500 and the money will be deposited with the company. As the tickets are used, the amounts will be checked out.

TRAINMEN CHARGED WITH ROBBING CARS

Howard D. Palmer and Joseph Nobey, Santa Fe trainmen, employed on the Rio Grande division, were arrested yesterday morning at San Marcial by Ben Williams, chief of the Santa Fe special police and deputy U. S. marshal, for trespassing on railroad cars.

The men were taken to Las Cruces, where they were arraigned before the federal commissioner, charged with breaking into several cars of merchandise. They waived examination and were bound over to the grand jury.

This is the second time within the past two weeks that trainmen of the Santa Fe have been arrested, charged with robbing freight cars. The first case occurred at Raton when a conductor and his brakeman were arrested by Ben Williams. The two men arrested at Raton will be tried in San Miguel county jail.

ALBUQUERQUE MAN HELD FOR KILLING

It is reported here that John Horton, formerly a bartender in Graham Bros.' saloon in this city, who recently went to Williams, Arizona, is charged with killing a man at that place, and that Horton has been placed in jail at Flagstaff, pending a hearing.

It is alleged that the man insulted Horton and that Horton struck him over the head with some blunt instrument, causing wounds which resulted in death.

Horton was well known here as a man of quiet disposition and it is conceded that only great provocation could lead him into such an affair.

HUSTLE TO KEEP CITY SEWER OPEN

The present sewerage system in use in Albuquerque is inadequate for the needs of the size of the city and to keep the sewer from being clogged, Martin Tierney, street commissioner, and his men are working both day and night.

City Engineer Glading stated yesterday that the plans and specifications for a new sewer system to be installed here this year would be ready for the approval of the council in two weeks. Mr. Glading has devoted all of his time to the plans for the last three months, and the new system will cover the entire city, furnishing sewerage facilities in portions, where none is available at present.

OBJECTED TO ATTACK IN REGION OF RIBS.

Three officers were arraigned before Acting Police Judge W. W. McClellan this morning on minor charges.

N. E. Smith, colored, pleaded guilty to a charge of disorderly conduct and was fined \$5.

Henry Brown, colored, pleaded guilty to the charge of drunkenness and disorderly conduct on the streets, he having struck another colored man, Minor Brown, on the head with a rock, and was sentenced to work at hard labor for twenty days in lieu of paying a \$15 fine and costs. The complainant stated that he did not mind being struck on the head, but that Brown also hit him in the ribs with a chair which blow was painful. Brown said he would also swear out a territorial warrant for Brown on another charge.

Albert Cooley, a student of the Albuquerque Indian school, pleaded guilty to the charge of being drunk and asleep on the streets. He was fined \$10 and costs. Cooley passed himself off as a native and so is able to purchase liquor. Though of Indian blood, he is very light complexioned and would not ordinarily be taken for an Indian.

POPULATION OF MAKE A RECORD IN DRIVING TUNNEL

Young Men Must Emigrate to It Will Be 7,000 Feet Long Through Solid Rock.

San Francisco, July 19.—Realizing that conditions on the Pacific slope together with the new immigration law, must operate to a complete stoppage of Japanese immigration into the United States, the Japanese government has been instructed to proceed to Texas, but this has to do more with the trouble reported from that quarter than with any idea of future immigration.

To this end, Mr. Yoda has been sent to Mexico, Mr. Iwamura to Chile, Peru and Bolivia, Mr. Fujita to French Reunion, Mr. Aaktsuka to the Philippines, Mr. Shimadzu, consul in Chicago, has been instructed to proceed to Texas, but this has to do more with the trouble reported from that quarter than with any idea of future immigration.

The necessity of providing some outlet for the excess population of the greatest problems with which the Japanese government is faced. Every foot of cultivable land in this empire is now under extensive cultivation; every industry is, apparently, filled to overflowing, and yet each year adds approximately 800,000 people who must be provided for in some way.

Don't Like Corea. The government authorities have not as yet had much success in their efforts to send Japanese to Corea and Manchuria. A good many have gone but for the most part these have been of the merchant class or a class that the government would prefer to keep out of this newly acquired territory, since their presence has been more productive of trouble than of peace.

When Japan took over Formosa it was expected this island would furnish an outlet for the excess population. But the colonization experiment has not worked well there; it was found that the desirable parts of the island were already taken up by Chinese, and proper development of its resources has demanded that these be not disturbed.

More than half of Formosa is still in the possession of the wild and savage natives. The aggressive campaign now being waged by the Japanese soldiery and police forces there has as its purpose their subjugation, but it will necessarily be a long time before the undeveloped portions of the island are ready for immigration, and even then it is doubtful whether any number of Japanese could ever be induced to settle there.

Attitudes of America. Neither Corea nor Manchuria hold out any allurement to the youth of Japan. To them the United States has always stood out as the land of promise. From the time they quit school those who have not exceptionally good prospects at home work and save with the idea that some day they may be able to go to America.

Have Opportunity Here. "Our young men feel that in America they will be brought into contact with a higher civilization from which they have much to learn. This as well as the money attractions, has made them anxious to emigrate to your country. Good and desirable prospects are being offered in these countries that are sought in vain in their native land, and they feel that the result of such emigration will be a social degradation—that is, instead of being elevated by a higher civilization they would of necessity be dragged down by the inferiority of the lower civilization. No Japanese wants that."

Mexico, Chile and Peru are holding out many inducements to Japanese immigration. The people of these countries are in the process of the thirty three people and opportunities of all kinds are being offered them. Already a good many Japanese have emigrated to these countries, and it is expected that the immigration will result in many other followings.

But the United States still holds the 27,000,000 of these people and they cling to the hope that there may yet be a change in the attitude of our government which will make it possible for them to emigrate here.

One of the ablest immigration contributors to the satisfaction of the immigration question at this end is that of the several emigration companies operating under license from the United States government. These companies, of the United States government, are the first to have been organized.

For the past several years there has been a steady increase in the number of Japanese who are being induced to emigrate to the United States. This is due to the fact that the Japanese government has been instructed to proceed to Texas, but this has to do more with the trouble reported from that quarter than with any idea of future immigration.

But although this influence is of a character to make itself felt in the fact that the immigration of Japanese into the United States is increasing, and will continue to increase, the loudest expressions of anti-American criticism. The attitude of the present cabinet is one of friendly understanding of the situation in the United States.

Viscount Hayashi and his associates appreciate the fact that so far the anti-Japanese feeling in America has been confined to one small locality, and they are eager to accept the Washington assurances that this in no wise represents the feeling of our government or of the great mass of the American people. At the same time the present cabinet adopts no less firm an attitude in opposition to a treaty of exclusion or a treaty restricting immigration than that of their political opponents or the chauvinistic press under the leadership of the Hochi, Count Okuma's organ.

HOW MEN PROFOSE

IN BOSTON.

He: I am desirous, Parthena, of interrogating you upon a serious subject that has preponderated in my ruminations during the moments that my mentality has not been concentrated upon philosophical problems— one which I hesitate to intrude upon your consideration in such an extemporaneous manner; yet, I trust, you will presume a trace of primeval impulse at fault for precipitating the rather unconventional confession which I am about to make, as it were, with—

She: Say no more, Waldo. I perceive the purport of your importunation.

IN ALBUQUERQUE.

He: Oh, you're the dearest, sweetest little honey bunch in the world! Will you marry me?

She: Of course I will, you big, dear, silly old goose—but don't miss my hair so, sweetheart.

WRITING ON FACE OF POSTAL CARDS

Washington, D. C. July 15.—Postmaster General Meyer has promulgated an order, effective August 1, 1908, providing that the face side of a postal card may be divided by a vertical line placed approximately one-third of the distance from the left end of the line to be used for a message, etc., the portion to the right to be used for the address only. Advertisements, illustrations or writing may appear on the left half of the card and on the left third of the front.

The Biggest Kind of a Change that Ever Happened to Any Magazine Has Happened This Month to

THE SCRAP BOOK for July is issued in two sections—two complete magazines, each with its own cover and its own table of contents. One of these sections is an ALL-ILLUSTRATED magazine; the other is an ALL-FICTION magazine. Each is a mammoth magazine in itself. The one presents an overwhelming array of human interest articles and illustrations; the other an enormous tonnage of fiction—160 pages of absorbing stories.

The Only Way to Know a Thing is to Try It

The two-section magazine idea is brand-new to the world. It is not quite new with me, however, as I have given it, at odd times, for four or five years of thought. It first came into my mind in response to a desire to couple, in some way, the strength of the all-fiction magazine with the illustrated features of the conventional magazine. It has been a difficult problem to work out. Now that the idea is perfected, I wish to see what there is in it. It looks to me to be very good, but the only way to know a thing is to try it.

Two Magazines for a Quarter—Easy Money. The price of this two-part magazine is twenty-five cents, which is equal to twelve and one-half cents a magazine. Most magazines which were selling at ten cents have been advanced to fifteen cents. THE SCRAP BOOK in two parts means two magazines for twenty-five cents against thirty cents for two fifteen cent magazines.
