GEORGE HARVEY SAYS AMERICA WILL NOT FORM AN ALLIANCE WITH GREAT BRITAIN AND FRANCE

Ambassador to Court of St. James Attacks Communism and Socialism in Address at Liverpool; Brands Alliance Hope of Lord Derby as Futile; Praises Washington's Policy.

(BY THE ASSOCIATED PRESS.) Liverpool, Nov. 3.—(By the Associated Press.)—George Harvey, United States ambassador to Great Britain, told an audience at the Liverpool Chamber of Commerce tonight, that it was futile to hope that America, as Lord Derby recently had been suggesting, may some day be merged in a definite alliance with Great Britain, and France.

This statement was made as a digression from an address on economics and the international industrial situation in which the ambassador attacked communism and socialism and defended individualism. He recalled Lord Derby's statement in an address in Birmingham, in which the latter voiced the conclusion that the success of the Washington conference would mean peace and that its failure would mean war in the immediate future.

"Now it seems to have fallen to me to say a few words on the subject in England," continued the ambassador, "to dispel illusions respecting the attitude of the United States. I can conceive of no more effective service on the part of an envoy than to set forth frankly any uncertainty which may bear on the immediate future, however disappointing it may be to his hearers. I feel impelled to say frankly that the hope voiced by Lord Derby should be regarded as futile."

"Our first president fixed the foreign policy of the United States clearly and unequivocally, when he adjured his countrymen never to form a permanent alliance with any other power. This policy has been reaffirmed by practically all his successors. It was reiterated with great positiveness in our latest national campaign by our president, and was confirmed by a majority of the electors."

"In view of these circumstances, am I doing more than stating the wholly obvious and inescapable fact when I pronounce the entrance of the United States into any permanent alliance, however desirable that action may seem to be, an utter impossibility? May it not be then, the part of wisdom to avoid discussions or even suggestions of a proposal which, however praiseworthy it may be, could hardly serve any purpose other than to feed enemies and distress friends of both Great Britain and France, who live in America?"

HANNA SPENDS \$87.50 IN HIS SENATE FIGHT

(SPECIAL DISPATCH TO MORNING JOURNAL.) Santa Fe, Nov. 3.—R. H. Hanna's statement as democratic candidate for United States senator, filed at the secretary's office, gives his total expenditures for the campaign as \$87.50 for postage and printing.

NEW YORK HEALTH DEPARTMENT WILL TAKE OVER DISTRIBUTION OF MILK IF CRISIS CONTINUES

(BY THE ASSOCIATED PRESS.) New York, Nov. 3.—Unless New York's milk distribution is restored to fifty per cent normal by Saturday, the industry will be taken over by the department of health. This warning was given by Health Commissioner Copeland today after he had failed again to induce heads of scores of milk distributing companies to arbitrate the differences involved in the milk drivers' strike which for three days has brought inconvenience to the metropolitan population.

Commissioner Copeland Gives Warning When Heads of Distributing Companies Refuse to Arbitrate Differences With Drivers; Cleveland Situation Hopeful.

(BY THE ASSOCIATED PRESS.) Various women's organizations took steps today to organize a truck driving corps should the crisis become acute. Four men charged with having attacked the driver of the milk wagon today were sentenced to twenty days' imprisonment each.

DRIVERS OF MILK TRUCKS ARE CLUBBED AND STONED

Cleveland, Ohio, Nov. 3.—Negotiations for settlement of the strike of approximately 800 milk wagon drivers of the Telling-Belle Vernon company were started late today, when, at a conference between representatives of the company and union men and city officials, the company agreed to arbitrate under certain conditions.

A meeting of the strikers was called to consider the proposition, which calls for arbitration of the wage scale offered by the company on November 1. A proposal for an open shop as outlined by the company, is not one of arbitration. The conference followed the granting of a temporary injunction restraining strikers or their sympathizers from interfering with milk delivery. This was prompted by numerous outbreaks of violence which resulted in the probable fatal injury to a guard on a truck and the less serious injury to several others.

INTEREST RATES ON FARM LOANS CUT 1-2 PER CENT

Washington, Nov. 3.—Reduction in interest rates on two classes of loans were announced today by the war finance corporation. The corporation said it had reduced its rates on advances to banks for agricultural or livestock purposes from 5 1-2 per cent to 5 per cent on all advances maturing in six months or less without the privilege of renewal, and on all other advances for agricultural purposes from 5 to 5 1-2 per cent.

Dallas Reduction. Washington, Nov. 3.—Reduction to the rediscount rate in the Dallas reserve bank from 6 per cent to 5 1-2 per cent was announced today by the federal reserve board.

Boston Rate Cut. Washington, Nov. 3.—Approval of a reduction in the rediscount rate of the Boston federal reserve bank from 5 to 4 1-2 per cent was announced today by the federal reserve board.

London Rate Lower. London, Nov. 3.—The Bank of England reduced its rate of discount to 5 per cent from 5 1-2 per cent this morning. The last reduction in the discount rate was made on July 21 last, when it was cut one-half per cent.

FOCH IS GIVEN HEARTY WELCOME IN MIDDLE WEST

Hospitality of St. Louis Is Poured Forth on French General and American Chief of Staff.

St. Louis, Mo., Nov. 3 (By the Associated Press).—Hailed as one of our "old boys," officially honored by two universities, welcomed and feted by the citizens of St. Louis, Marshal Foch of France today showed American hospitality as exemplified in the middle west. Sharing these honors was General Pershing, introduced by his fellow "buddies" of the American Legion as "Black Jack."

From early morning until late tonight the city poured forth its hospitality to the two warriors. Both expressed their delight at the reception. General Pershing, deploring his usual social engagements in numerous pleasantries as he addressed members of the American Legion in the city hall late in the day. At the numerous occasions on which Marshal Foch was asked to speak, he always expressed his delight and appreciation of the honor bestowed on him and the cordial welcome shown. Visibly affected with the bestowal of the honorary degree of doctor of laws on him by the St. Louis university in an open quadrangle before the student body and members of other Catholic schools, the marshal declared it difficult to express himself. A few minutes later he was introduced by the St. Louis university in an open quadrangle before the student body and members of other Catholic schools, the marshal declared it difficult to express himself.

At the St. Louis university the marshal delivered a high school speech which was hailed as one of our "old boys" by Rev. M. J. O'Connor, rector, speaking as a Jesuit teacher to a former student of a Jesuit institution in conferring the honorary degree on him. The marshal and his entourage tonight by the chamber of commerce concluded St. Louis' welcome. The marshal and his party, which included Hanford MacNider of Mason City, Ia., and the commander of the American Legion, was to leave for Indianapolis. General Pershing left for Nashville.

A feature of the day's entertainments was a review of the Sixth Infantry just completing 900-mile hike from Camp Jackson, South Carolina, to Jefferson Barracks, Mo. The regiment reached East St. Louis two days ago, but was held in camp for the opportunity of passing in review before its French and American commanders.

Speaking at a banquet tonight, General Pershing said: "Tonight, with sorrow, I part from Marshal Foch, which I could tell you about the impressions I am carrying away with me. This state was cut in two by the Mason-Dixon line and after the war we were separated. The people brought about a loyalty and patriotism tested by the fire of war. In Missouri you will find a cross between the north and the south and all the qualities from the north and the south. Here we have all the attributes of the southern woman, combined with those of the northern woman and where you find such a woman as we have you will find me measure up to the standard."

WHEAT PRICE BACK AT NORMALCY. LOW RECORD SINCE 1915

(BY THE ASSOCIATED PRESS.) Chicago, Nov. 3.—What long ago used to be considered normalcy was reached today on the Chicago board of trade—wheat at \$1. The December delivery fell to that price, the lowest since 1915. Absence of demand rather than any unusual selling pressure characterized today's market. The dollar bushel at 94 cents, a loss of 2 1/2 cents from the previous day's close. Before trading was ended, December wheat declined a full cent more, and closed at the bottom figure of the session, 93 cents a bushel. A low of 92 cents, a loss of 2 1/2 cents compared with twenty-four hours before. December corn closed at 44 1/2 to 44 3/4 cents, the lowest level touched in the last eleven years.

EXILED TO MADRID. (By the Associated Press.)—Arrangements have been completed to receive former Emperor Charles and ex-Empress Zita of Austria-Hungary, exiles from Madrid, according to a telegram received here today from Funf, chaf, chief city of the island.

"THE MAN OF THE HOUR"

Marshal Ferdinand Foch.

This is a new picture of the hero of France, taken since his arrival in America. Everywhere he has been enthusiastically hailed by immense crowds as "the man of the hour."

LIBERTY BONDS REACH NEW HIGH LEVEL FOR YEAR

(By the Associated Press.) New York, Nov. 3.—All Liberty bonds and Victory loan issues today reached new high records for the year, presumably the result of the federal reserve board's action in reducing discount rates. Total sales of Liberty 4 1/2 per cent bonds during the year reached \$1,000,000,000. The highest record for Liberty 4 1/2's was \$99,82, the lowest \$94.70.

CONWAY ANNOUNCES CHIEF SPEAKERS AT TEACHER MEETING

Santa Fe, Nov. 3.—The principal speakers at the New Mexico Educational association's convention at Albuquerque, which opens November 7, are R. B. Wilson, Philadelphia, and J. B. Conroy, Chicago, state school superintendent of Illinois; W. S. McCall, Washington, D. C.; Mrs. Carl O. Williams, county school superintendent, Shelby county, Tennessee.

SON OF MORGAN PARTNER ENTERS POLITICAL ARENA

(By the Associated Press.) Locust Valley, N. Y., Nov. 3.—Frederick Trubee Davison, son of Henry P. Davison, Morgan partner, has announced that he is going to follow his father's preference by entering the political arena instead of the banking fraternity of Wall Street. His first step comes November 8, when he hopes to be elected member of the assembly from the Second district of Nassau county and take the seat formerly occupied by Theodore Roosevelt, now assistant secretary of the navy.

WATTS SEES BLOW AT MINERS ORGANIZATION

Pittsburgh, Kans., Nov. 2.—From his cell in the Cherokee county jail, where he is serving a six months' sentence for violating a temporary injunction against striking coal miners, Alexander H. Watts, suspended president of the Kansas mine workers' union, declared today that the injunction of Federal Judge Anderson at Indianapolis abolishing the check-off system for the collection of mine dues, is another step toward destruction of the United Mine Workers' organization.

SLAYER WAS INSANE. Warsaw, Ind., Nov. 3.—Harry Long, 17, who killed his brothers, Kenneth, 2 and Russell, 5, by beating over the head with a piece of pipe, was ordered to the colony for the insane at the Indiana state prison yesterday.

MINE WORKERS SEEK TO DEFEAT INJUNCTION ON CHECK OFF PLAN

Will Enter Circuit Court of Appeals at Chicago in Legal Effort to Suspend Temporary Writ.

WILL ALSO APPLY FOR GRANTING OF APPEAL

Union Officials Think Future Strike Moves Hinge on Actions of Operators in Ending Check Off.

(By the Associated Press.) Indianapolis, Ind., Nov. 3.—Suspension of Federal Judge Anderson's temporary injunction prohibiting the check off of union dues by operators and directing cessation of union efforts to organize West Virginia coal fields, will be asked tomorrow of the circuit court of appeals at Chicago by counsel for the United Mine Workers of America, it was learned tonight.

Counsel for the Indiana operators, who also opposed the injunction suit, will not join in the appeal because John L. Lewis was advised that having forced a shutdown of practically all Indiana mines and the attitude of the operators was to let the union fight out the case.

Formal application for the granting of the appeal also will be made at Chicago by the union, but this was said by counsel to be a perfunctory proceeding that might either be brought before Judge Anderson or any judge of the circuit court.

Failure to get complete suspension of the injunction, the union's counsel was said to be prepared to press for a ruling that only Indiana operators are affected by the injunction. Aside from favorable court action, union officials regarded further strike developments as hanging on the action of operators in discontinuing the check off.

SOCIALISTS PLAN TO OBSERVE ANNIVERSARY OF REVOLT IN RUSSIA

(By the Associated Press.) Chicago, Nov. 3.—The socialist national committee today announced that local branches have been asked to hold meetings November 7 in celebration of the Russian revolution and on November 11 to voice their opposition to war and to armaments.

OHIO MINERS ORDERED TO RESUME OPERATIONS

Columbus, O., Nov. 3.—Ohio miners who have ceased work in protest against the federal injunction abolishing the check off system were ordered to return to work by the executive board of the United Mine Workers of America, after a meeting today.

Lee Hall, president of the district, was instructed to notify all coal miners that they were ordered to resume work, and that their contract, which includes provisions of the check off system of collection of union dues, is expected and that violation of it will result in strikes.

HOWAT SEES BLOW AT MINERS ORGANIZATION

Pittsburgh, Kans., Nov. 2.—From his cell in the Cherokee county jail, where he is serving a six months' sentence for violating a temporary injunction against striking coal miners, Alexander H. Watts, suspended president of the Kansas mine workers' union, declared today that the injunction of Federal Judge Anderson at Indianapolis abolishing the check-off system for the collection of mine dues, is another step toward destruction of the United Mine Workers' organization.

CAN'T STOP MILK WAGONS. Cleveland, O., Nov. 3.—Common Pleas Judge Maurice Berson this morning granted a temporary injunction restraining milk wagon drivers from interfering in any way with the delivery of milk hereafter. Several outbreaks of violence had marked the start of the second day of the strike of the 800 milk wagon drivers.

FIRST MOVE TO STOP GAMBLING IN CAPITAL CITY

(SPECIAL DISPATCH TO MORNING JOURNAL.) Santa Fe, Nov. 3.—County Assessor Marcelino A. Ortiz, N. B. Laughlin, A. W. Lee, R. E. Rich, and L. E. Elliott are named in an order issued by Judge Reed Holloman, district court, under the anti-gambling act passed by the fifth legislature today. The order cites the five to show cause why part of the rooms behind the Montezuma pastime, formerly the Montezuma hotel, should not be closed after reciting the court has been informed the premises have been used for gambling.

Assistant District Attorney A. M. Edwards said none of the five was charged with gambling, but was cited as the owners, lessors or sub-lessees of the premises. Judge Colin Nebbett of the United States district court decided the suit brought by Frank M. King against Mrs. Anna Hopewell, Albuquerque, an executrix of the will of the late W. S. Hopewell, in Mrs. Hopewell's favor. King sued for \$12,500 which he alleged was due as commission for the sale of a ranch in Sierra county.

DRY FORCES ASK HARDING TO ACT IN LIQUOR FIGHT

Petitioners Suggest That Party in Power Will Be Held for Any Failure to Enforce Dry Laws.

(By the Associated Press.) Washington, Nov. 3.—Organizations interested in enforcement of prohibition sent a petition today to President Harding, asking that he "demand executive officers and recommend legislative officers to speed up and intensify agencies of enforcement."

Declaring a tour of the northern states had not shown a reaction "among the more than three-fifths of the American people" who had approved prohibition, the petition continued: "We respectfully suggest that the party in power, having made prohibition enforcement a matter largely of party patronage, will naturally be held responsible for any failure on the executive side of enforcement, and also for the tragic delay of pending enforcement legislation."

"We note with gratification your indignation that prominent members of republic committee have extorted large sums as pay for their influence in getting permits for wholesale supplies for saloons. We believe a mandate from you that this trifling with the constitution must stop would quickly enthrone law and order in the whole field of prohibition enforcement."

TWO CHILDREN BURN TO DEATH WHEN FIRE SWEEPS PLAYHOUSE

(By the Associated Press.) Scotts Bluffs, Neb., Nov. 3.—Two children were burned to death and another in a critical condition in a hospital from burns received yesterday, when a chicken house in which they were playing was destroyed by fire. The dead are: LAWRENCE DAY, 5 years old, and WALTER HUFFMAN, 4 years old.

FIRE LOSS LIGHTER

Little Rock, Ark., Nov. 3.—A report that the entire business section of Portland, Ark., had been destroyed by fire last night proved unfounded. Although several business buildings were threatened when one of the boys ignited gasoline with a match. The parents are prostrated.

UNITED STATES MAY LAY BARE TO CONFERENCE HOW FAR SHE WILL GO IN ARMS LIMITATION

(BY THE ASSOCIATED PRESS.) Washington, Nov. 3.—Why the United States should have a conference of the American Big Four with their naval advisers have pointed to a set of maximum reduction figures in the plan to be presented by the government. No official has been willing to reveal details, but there has been an apparent desire to lay bare at the outset of the negotiations, the full extent to which the United States would be willing to go in limitation of armaments.

The impression that such a method may not lead to an immediate agreement has been given color by the apparent intention of the United States to pursue an opposite course and enter the conference setting a high figure of the naval armament they consider requisite to their national safety. Japan has indicated she would accept the American proposal of maintaining a navy equal to any which might enter her sphere in the far east, a proportion which naval experts say is well in excess of her present power.

The naval armament question is considered certain to be the first to occupy attention of the conference, but it is not the expectation of officials that the live problem of far eastern diplomacy will remain long in the background. The conference is viewed in prospect, it is believed the diplomatic and armament questions may develop simultaneously. So instead of having a program of consecutive subjects, the negotiators will enter into the program of consideration of that problem as occasion may bring it to the front.

Plan of This Government May Require Long Study by Foreign Nations; Japan Likely to Insist Upon Having Navy Equal to Any Which Might Enter Her Sphere in Far East

PEASANTS HAVE FARED BEST IN SOVIET RUSSIA

They Have Managed to Eat More Regularly Than the City Residents, Except in the Famine Areas.

Japanese Premier Declares That When One Nation Sets Up Barriers Causes of War Still Exist.

(By The Associated Press.) Japan, Nov. 3.—The calamities of war will not be removed entirely until the existing inequalities among nations are removed...

CHECK OFF PLAN ON INDIANAPOLIS ONLY IN INDIANA

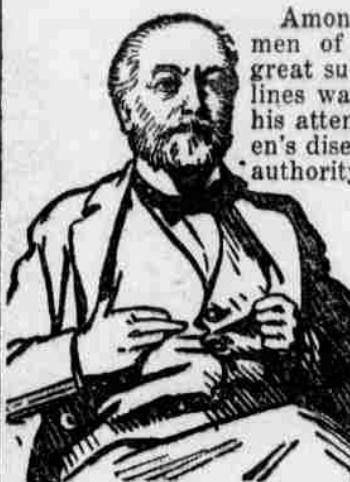

Opinion to That Effect Expressed by John L. Lewis, President of United Mine Workers.

(By The Associated Press.) Pueblo, Colo., Nov. 3.—Opinion that the recent injunction issued by Judge A. B. Anderson at Indianapolis prescribing the check-off system, is without effect outside the state of Indiana, was expressed in a telegram today from John L. Lewis, president of the United Mine Workers of America...

FIRE WIPES OUT SUGAR REFINERY AT LOS ANGELES

(By The Associated Press.) Los Angeles, Calif., Nov. 3.—The shipping warehouse of the Los Angeles Sugar company was destroyed by fire of unknown origin today, the loss being estimated at \$1,500,000 by Mac Sgro, E. C. Hamilton. The manager said 175,000 sacks of sugar valued at \$5 a sack were burned.

A Successful Man

Among the notable professional men of this country who achieved great success along strictly legitimate lines was Dr. R. V. Pierce. Devoting his attention to the specialty of women's diseases, he became a recognized authority in that line. His work, "The Common Sense Medical Adviser," is now in three million homes in this country and Europe.

To the Mechanic

Most mechanics have their favorite makes of tools, just as they have their favorite smoking tobaccos, brands of overalls, etc. It is folly to try to sell a good mechanic anything but exactly what he wants—so it has been our endeavor to stock those tools which we have learned most mechanics demand.

Another of this great physician's successful remedies is known as Dr. Pierce's Golden Medical Discovery and, like the "Prescription," is now sold by druggists everywhere, in both liquid and tablets. The list of men and women all over the universe who have successfully used it for indigestion and as a blood tonic and system builder, makes an amazing total of thousands.

If you desire a cloth-bound copy of a new edition of the "Medical Adviser" by Dr. Pierce, send one dollar to the Invalid's Hotel, Buffalo, N. Y. It is a book of 1000 pages of ready reference. For those not within easy reach of professional aid at critical times, and in cases of emergencies or dangerous accidents, it is invaluable.

Except in the famine areas where over 20,000,000 are necessitating the farming population has kept the pot boiling and managed to eat more regularly than the city men.

The Bolsheviks' provision of free interior trade has starved the cities whose people had to go to the country for food carrying with them their personal belongings which they traded for potatoes and flour.

As wealth goes in the villages they have hoarded rubles, bought hold articles and wearing apparel which the city folk have brought in for exchange for bread.

The peasant women also have taken on the fashions of their city sisters, struggling in vain to make themselves grand dames.

The present system of free trade reminds them of old times and they are generally showing satisfaction. The government seems to be gradually winning them over in a half-hearted way.

Meaning the government finds its pet proteges—the city workmen—are faring worse and worse and they seem much disgruntled. Free trade is of no assistance as the people are lacking the money to buy.

The outcome of the complete monopolization of the party leadership intended and the party are now finding it difficult to explain their good intentions to the industrialists whose families lack food and clothing.

Upon receipt of the news of the killing, Mr. Sutherland, whose law firm, Holt and Sutherland, had represented Merten for many years, was immediately called to Rodey by Sheriff Lucero and those in charge of Mr. Merten's affairs.

At the time of the appointment it was not known that there were any heirs this side of Germany. I telegraphed at once, however, to a Martin Bode, who it was thought claimed to be a nephew and who was living somewhere in Rio Arriba county in this state, his exact address not being known.

The highest steam navigated lake in the world is Lake Titicaca, which lies at an altitude of 12,846 feet, partly in Peru and partly in Bolivia.

When the Japanese nation is faced with such a situation, it is imperative that the nation entrusted with the task of maintaining the peace of the Far East should be immune from such troubles.

Japan's goal should be to remove international inequalities, he said. Japan's population is steadily increasing and the country is suffering more and more from the scarcity of her food supply.

It is Mercury, Quicksilver. Shocks Liver and Attacks Your Bones. Calomel salivation is horrible. It swells the tongue, loosens the teeth and starts rheumatism.

He believed the essential conditions of world peace to include that no race should adopt measures calculated to compel the suicide of another race, that perfect equality is essential to their existence and that the proper supply of materials necessary for the clothing, feeding and residence of man-kind be distributed among the nations as equally as possible.

"When Japan was aroused from her exclusion extending over several centuries, some of the great powers had already been completely severed in different parts of the world, and they were beginning to bring their irresistible influence to bear on the countries of the Far East.

The Japanese nation is faced with such a situation, it is imperative that the nation entrusted with the task of maintaining the peace of the Far East should be immune from such troubles.

Whether a partisan issue would develop out of the case was uncertain tonight, but several republicans declared they were ready to resist the democratic motion.

OFFERS PROOF SOLDIERS WERE HANGED UNTRIED

Senator Watson of Georgia Continues Fight in Congress to Probe; Many Willing to Aid.

(By The Associated Press.) Washington, Nov. 3.—Letters and telegrams from persons offering to submit proof of charges that American soldiers overseas were hanged without trial were presented in the senate today by Senator Watson, democrat, Georgia, whose presentation of the original charges in the senate several days ago resulted in appointment of a special committee of investigation.

One of the telegrams, Senator Watson said, was from a former major in the army and said he could "assist" in substantiating the charges. Another, from a resident of Philadelphia, offered to give two photographs similar to that presented by Senator Watson as showing a soldier being hanged without a trial. The Philadelphia name was not made public by the Georgia senator, said he saw one hanging on the Meuse, of a negro in uniform and could supply "positive proof" of the hanging. The correspondent did not say whether the hanging was after a court martial or not.

In presenting his documents Senator Watson, with much show of feeling, clashed with several senators and was reminded by Vice President Coolidge that he should "proceed in order" and observe senate rules.

ERRETT NAMED TO LAND OFFICE JOB AT CLAYTON

(By The Associated Press.) Washington, Nov. 3.—Nominations sent to the senate today by President Harding included Robert E. Errett, of Denver, to be United States circuit judge for the Eighth circuit; Leslie Jensen, of Hot Springs, South Dakota, to be collector of internal revenue for the South Dakota district, and Henry E. Errett of Clayton, N. M., to be register of the land office at Clayton.

porting alleged cruelties to, or mistreatment of soldiers. "I would be glad to disbelieve these charges," said Mr. Watson. "If proof is submitted that they are not true, would be glad to know they are true."

He then added: "I can show and will show that officers had men shot with no trial whatever."

Facing the republicans and showing out his chin, Senator Watson said:

"You make a fight on me if you can, if you dare. You said you'd put my head against a wall. Come on, do it!"

Senator Watson said that three million private of the war were "enlisted" with his side and that negroes seeing the photograph he presented would resent it.

"Hereafter, the man who imputes my honor," said Mr. Watson, in conclusion, "will answer to me not only here but somewhere else."

Funeral services for Dan R. Hanna to be held Saturday. Cleveland, O., Nov. 3.—Funeral services for Dan R. Hanna, who died today of heart disease at his home in Ossining, N. Y., will be held at 11 a. m. Saturday in the home of his son, Dan R. Hanna, Jr., in Cleveland Heights.

NEW YORK GIRL WEDS "RUBY" DUKE

Duke Gerault de Crusell and the duchess, nee Miss Evelyn Gordon, photographed leaving the cathedral at Uzes, Gard, France.

The latest American girl to acquire a title is Miss Evelyn Gordon, daughter of Mr. and Mrs. John Gordon of New York. She recently became the bride of Duke Gerault de Crusell, heir to the name of the Ducs d'Uzes of France. The duke is known as the "Ruby Duke" because of the famous collection of jewels he possesses.

BALLOONIST KILLED IN PARACHUTE JUMP

(By The Associated Press.) Omaha, Neb., Nov. 3.—Harry Elbe, employed by a Chicago parachute company, was drowned in the Missouri river late today, when he landed in the stream after making a parachute jump of 2,000 feet during the international aero congress being held here today.

Elbe, whose home was in Chicago, had been flying with Clyde Hochem of Ransom, Kans. After his leap he evidently realized that he was going to drop into the river unless he changed his course, and he frantically maneuvered in an attempt to save himself.

AMPHITHEATER AT ARLINGTON HAS FIRST TEST

Human Voice, Call of Bugle and Chime of Bells Sent Across Continent as Harding's Talk Will Be.

(By The Associated Press.) Washington, Nov. 3.—The call of a bugle, the chime of bells and the voice of man were swept 3,000 miles across the continent from San Francisco today to be hurled over a wide stretch of ground about Arlington national cemetery with every note, every vibration of the bells and every spoken syllable, as distinct as though sent a hundred feet away. Yet the sounds originated in San Francisco, the speaker stood on the roof of the civic auditorium there and the music came from phonograph records played in the building on which he stood.

It was the dress rehearsal of the mechanism by which President Harding's voice, as he speaks the nation's homage on Armistice day over the casket of America's unknown dead from France, will be carried to an audience waiting before the amplifiers in New York and to another gathering in San Francisco. Telephone wires by the thousands, telegraph lines by the hundreds, telegraph operators by the score, were needed for the test as they will be needed on Armistice day. High officers of the army and officials of the American Telephone and Telegraph company, which is making this contribution to the memory of the dead soldier, had no doubts of success after the first sentence spoken at San Francisco was clearly audible to them at a half mile distant from the amplifiers at Arlington.

Similarly, there was a long reading of speeches from the stage of the Amphitheater here to be carried over the wires to San Francisco. The voice of the reader went on and on, and the few who witnessed the test, first listened to this from every point about the great marble structure to a distance of more than half a mile. Every syllable penetrated clearly to every nook and hollow.

Then the voice announced that the next words would be spoken in San Francisco. The faint whirring of the mechanism rose to a high hum and a deep, deeper toned voice announced that chimes played on a phonograph record in San Francisco would come next. As clearly as if it were not a dozen feet away, the click of the phonograph mechanism came as the needles dropped on the whirling record, 2,000 miles away, the familiar introductory scrape began, then the bells began to toll, waking echoes in the cemetery, pealing over the thousands of graves.

The deep voice took up the task again with the announcement: "Spoken from the roof of the civic auditorium in San Francisco." It read out the words of President Harding's inaugural address, then announced the bugle call records and the clear note of a trumpet in stirring army calls swept over the field more distinctly heard, than the notes of the bugle at Fort Meyer, across the road where the garrison was at retreat parade.

BURRIS JENKINS TO LEAVE PAPER FOR CHURCH JOB

(By The Associated Press.) Kansas City, Mo., Nov. 3.—In a statement today, Rev. Burris A. Jenkins, who for several years has been acting editor of the Kansas City Post, an afternoon daily, announced his retirement from newspaper work. In his statement, Rev. Jenkins, who is pastor of a church here, said that "a choice was necessary between the church on the one hand and the newspaper on the other."

QUEEN MOTHER AND MRS. LEEDS' MATE SEE BIG WEDDING

Queen Mother Olga and Prince Christopher, monacle and all.

These photos of Greece's queen mother and Prince Christopher of that country were taken at the recent wedding of Princess Xenia of Greece and William B. Leeds, son of Princess Anastasia of Greece. Princess Anastasia was the widow of the late tin plate king, William B. Leeds. She married Prince Christopher several months ago.

RAILROADS WILL NOTIFY WORKERS OF CUT IN WAGE

(By The Associated Press.) New York, Nov. 3.—Chief operating officials of railroads in the eastern territory planned at a conference today to give the required thirty days notice of the proposed wage cut to representatives of each class of employes the latter part of next week. A statement issued by J. G. Walber, who acted as chairman, said it would be impossible to complete details for the preparation of such notice prior to that date.

"The meeting was unanimous," the statement said, "in the view that the present condition necessitates the earliest possible reduction in the wage scale. This cannot be started without serving thirty days notice upon the representatives of the railroad employes, after which conferences are necessary to develop whether or not it is possible to reach an agreement. In the event that it is not possible to reach an agreement, then it will become necessary for the dispute to be submitted to the United States labor board."

MUSICIAN DROPS DEAD

Houston, Texas, Nov. 3.—Glorian Scott, conducting the orchestra in the presentation of the opera "La Forza del Destino," dropped dead before the curtain after the close of the first act tonight.

INGROWN TOE NAIL TURNS OUT ITSELF

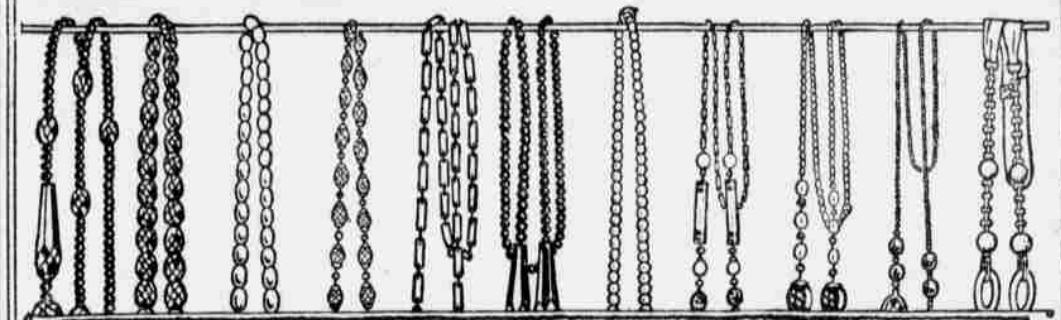

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrown nail reduces inflammation and pain and soothe the tender, sensitive skin underneath the toe until that it can penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless, antiseptic, manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.—Adv.

ADMINISTRATION LOOKS FOR HALF BILLION SAVING

Letter of Harding Tells Congress Total Expenses of Next Fiscal Year Will Be \$4,940,000.

(By The Associated Press.) Washington, Nov. 3.—The administration expects to effect an aggregate reduction in government expenditures for the fiscal year of 1922 of \$492,000,000 instead of its previous estimated reduction of \$350,000,000. President Harding informed congress through a letter to Speaker Gillett made public today.

On the basis of the latest estimates received, the president said, total expenditures for the next fiscal year stand at \$5,432,000,000, a reduction of \$492,000,000 from the estimate of \$5,924,000,000 submitted to congress August 10.

The president's estimates were submitted in connection with transmission of supplemental and deficiency estimates of appropriations amounting to nearly \$188,000,000, which he said were taken into consideration in arriving at the expenditures total for next year.

"I have the honor to transmit herewith for the consideration of congress supplemental and deficiency estimates of appropriations in the sum of \$188,000,000."

"As a factor in their consideration it is to be noted that on August 4, the secretary of the treasury stated to the committee on ways and means that, according to the latest advices received from the spending departments and after taking into account all estimated reduction in expenditures, the treasury estimates for the fiscal year 1922, for which provision should be made out of the current revenues of the government will be about \$4,940,000,000. This in itself would mean a substantial reduction in current revenues and expenditures below the fiscal year 1921."

1,146 AUTOISTS PASS THROUGH CITY GOING WEST DURING 6 DAYS

Auto tourist travel west has decreased slightly during the past few days although 374 out-of-the-state cars passed through Los Lunas going west during six days of last week. The occupants of the cars were counted by an agent at Los Lunas, who reported last night that the cars carried 1,146 persons. All of these persons reached Los Lunas by way of Albuquerque.

MANY RIDERS ENTER MOTORCYCLE PARADE

Many motorcyclists are signing up for the "dress" parade to be held on the evening of November 9. The motorcyclists will meet at the freight depot at the Santa Fe station at 7:30 o'clock and the parade will be made through the business section of the city. Prizes will be awarded for the best decorated machines.

DR. CALDWELL'S SYRUP PEPIN
THE FAMILY LAXATIVE
Dr. Caldwell's Syrup Pepsin is a compound of Egyptian Senna and other simple laxative herbs with pepsin. It works gently, without griping, and contains no narcotics. Bottles can be had at any drug store, and the cost is only about a cent a dose. Just try it!

SYRACUSE, VICTIM OF OVER-CONFIDENCE, HOPES TO BEAT COLGATE, ANCIENT RIVAL

Two stars of the Syracuse eleven, Captain Gulick, right tackle, ready for action, and (inset) Willard Anderson, right halfback.

Syracuse, hard hit by its overwhelming defeat at the hands of Pittsburg, 35-0, recently, has its heart set now on jacking its ancient rival, Colgate, in their annual clash at Syracuse Nov. 12. Armistice Day being the lull before the battle for these husky eleven. Captain Gulick, Willard Anderson and Frank Culver are three of the men counted on by Syracuse in that big battle.

RICHARD BONELLI FAMED BARITONE IN CONCERT HERE

Second Artist of Fortnightly Series Will Sing at H. S. on the 8th; Is Talented American Singer.

The second concert of the series of four sponsored by the Fortnightly Series will be given by Richard Bonelli, baritone, at the high school auditorium, Tuesday, November 8.

Bonelli was to have made his debut in opera in Italy in 1915, but the war made that impossible. His first appearance in opera, therefore, was as Valentin in "Faust" at the Brooklyn Academy of Music. Since his first role in grand opera, he has sung in fifteen leading baritone roles in the United States and Cuba.

DUKE CITY HIGH AND MENAUL ARE READY FOR FRAY

Both Menaul and Albuquerque High school are in readiness for their fracas at the Washington park Saturday when they will meet for the last time this season. The two teams are in good shape but several of the Albuquerque men are nursing minor injuries and Glassman will be unable to enter the game on account of the strained side that he received in the Roswell game.

The Albuquerque High school lineup is as follows: Holcomb, lb; Coen, lt; Dinelli, lg; Foraker, rg; Venable, rt; Wilson, rt; Benjamin, re; Deering or Long, qb; Renfro, lbh; Hammond, fb; Goordich, rbb. Coach Donaldson of Menaul announced their lineup: E. Vasquez, lg; Esquivel, lt; B. Vasquez, lg; A. Martinez, c; Lucero, rg; Dominguez, rt; Puentes, re; Prieto, qb; Lash, lbh; Cruz, fb; A. Martin, re, rbb.

BOY'S NAVAL RECORD TO BE INVESTIGATED

Lewis Miller, aged 17, was arrested by Santa Fe detectives yesterday and is being held in the county jail pending investigation of charges that he has deserted from the naval academy at Geneva Lake, Wisconsin.

BOYS ARE READY TO ENLIST IN A TRANSPORT UNIT

With six boys already anxious to enroll in the proposed new national guard companies which may be awarded to Albuquerque, chamber of commerce officials feel that, if the proposition receives the backing of the business men of the city there will be no difficulty in obtaining a full quota for either the motor transport company or the construction company.

'VETS' TO HOLD TAG DAY TO GET ARMISTICE FUND

Souvenirs of Armistice Day Will Be Sold to Defray Expenses of Big Celebration to Be Staged Here.

Turner-Adair post 461 of the Veterans of Foreign Wars will stage a tag day Saturday to raise funds to defray the expenses of the Armistice day celebration. A small amount of money is needed for the general expenses of the celebration, including some special decorations and the building of some of the floats which will take part in the parade to Old Albuquerque where the tablet in the court house yard will be dedicated.

Girls from the A. B. C. and Western school will assist the mothers, sisters, wives and girl friends of the boys in selling the tags, which are in the form of little Armistice day souvenirs.

Attractive window display cards have been prepared for the merchants. These are of similar design to the tags.

"The post asks the support of the patriotic Albuquerque people in the little venture which will provide the funds for the celebration," one of the post officials stated last night.

"The badge, aside from being a tag representing assistance in putting the celebration over the top, will also be a memento to the veterans of the boys who gave their all to defend their country."

BENEFIT DANCE OF CLUB WOMEN AT ELKS TONIGHT

A regular good time is promised to a large crowd of dancers who will spend this evening with the Business and Professional Women's club for the benefit of the club's building fund. The affair will begin at 9 o'clock at the Elks club, where the fine big ballroom and the lobby will be at the disposal of the guests.

Members of the club will act as hostesses during the evening, receiving and introducing the guests and seeing that the evening is enjoyed by everyone present. Punch will be served throughout the evening and refreshments will be served at a late hour by the club members.

Excellent music has been obtained and feature dances have been planned for the program. The opportunity to attend a formal dance in the largest and finest ballrooms in the southwest will be welcomed by persons who have obtained tickets. It is understood that no admissions will be sold at the door, but that tickets may be obtained from Mrs. E. J. Strong at her book store today.

The dance is the first of its kind to be given by the club. The money will be placed in a building fund with which the club expects to build itself a home. The building will be used as a meeting place for the club and for organizations and as a residence for business women in the city.

Gloucester fishermen already plan to build a new schooner for the international fishing boat races which will be held off Gloucester next year.

EX-OFFICIAL OF MEXICO NABBED ON THEFT CASE

(By The Associated Press.) Nogales, Ariz., Nov. 3.—Augustine Antunez, formerly Mexican collector of customs at Tijuana, and Romero Breton, formerly a clerk in Antunez's office, were arrested in Nogales, Sonora, today charged with the theft of \$58,000 from the Tijuana customs house on September 1. Their arrest immediately followed their deportation from the United States through this port.

When arrested, Antunez and Breton had \$30,000 in their possession, according to Mexican officials. Joaquin Terrazas, Mexican consul here, said the two men told him that if they were allowed their freedom they would recover the other \$28,000 of the amount they are alleged to have stolen.

Antunez and Breton first were arrested in Los Angeles several weeks ago. They were brought here from Los Angeles by an official of the United States immigration service.

The Mexican federal judge at Tijuana today notified the federal judge at Nogales, Sonora, that he was mailing an official order for the return of the two prisoners to Tijuana for trial.

Cats, owls and tigers see in the dark because they have the power of enlarging at will the pupils of their eyes, and thus collect all the scattered rays of light there are, which are present even in "darkness."

FORMER TAXI MAN HERE IS ARRESTED ON MURDER CHARGE

R. E. McDaniels, formerly a driver for the Nicholson taxi line here, is under arrest at Duncan, Okla., charged with highjacking and killing Ben Coleman, a 14-year-old boy, on September 12, 1921. McDaniels gave his name as Earl Mason when arrested at Duncan.

Two photographs of McDaniels, together with a short history of the case, were received by the police yesterday from Duncan authorities who are seeking to obtain all the information possible regarding McDaniels. He was well known here and a complete history of his career in the city was forwarded to the Duncan authorities.

QUICK RESULTS FROM NEW PRODUCT EXPLAINED

No Reason Why it Should Fail to Give Vitality, Endurance and Attractiveness to Run Down Folks.

The minute you start taking Garen's Tonic, it begins to put your stomach in good shape so the food you eat digests properly and assimilates iron and vitamins to your blood. Rich, red blood is what builds healthy tissue, strengthens your nerves and makes your skin clear and rosy.

That's why you hear and read about so many people saying they get relief from nervousness, indigestion, lack of energy and loss of weight almost from the first dose. It is not a "miracle" for Garen's Tonic to bring relief to people who have tried many remedies to regain their health, strength and good looks. Garen's Tonic simply does what Nature intended for your stomach to do. And it does it because it is made from a combination of the most health giving and heretofore practically unrecognized herbs, roots and barks.

Garen's Tonic is mild and pleasant to take. It will not upset you or inconvenience you in any way. But once it reaches the stomach it does the work thoroughly and positively. This is proven by the many endorsements weak, thin and run down people are giving it, and the big sales figures which are piling up day after day on this remarkable medicine.

BEAUTY CHATS

By Edna Kent Forbes.

STRENGTHENING THE ANKLE.

Most of us at this season of the year are regretfully laying aside our low summer shoes and purchasing high shoes for winter wear. If your ankles are weak I would advise you, instead of wearing high shoes, to purchase yourself some woolen stockings which will keep the ankles and legs warm and to go on wearing Oxfords until the weather becomes so cold that even this is not sufficient protection. But for most of us the

Massage Helps to Strengthen and Reduce the Ankles.

weather is sufficiently mild to make low shoes and wool stockings practical for many weeks to come. If you want to reduce the ankles and to strengthen them, wear low heeled Oxfords that fit snugly un-

der the instep. This gives the ideal support to the foot. Then massage to strengthen the ankles still more.

The massage is only a kneading and rubbing motion with both hands, over the foot and up the ankle to the calf of the leg. It exercises and strengthens the little muscles and it stimulates the circulation of the blood.

Besides the massage there is one special little exercise which you should practice. Sit on a chair or stool with the shoes off, point the toes out, stretching the foot and leg as far as you can and tensing all the muscles of the foot, ankle and calf of the leg. If you stretch out as far as possible, you cannot fail to make these muscles tense; at the same time the toes will curl downwards. Then relax the foot and draw it back so that you stretch out the heel and not the toe. This brings the foot into position it normally occupies when you are standing. Relax again and repeat 20 or 25 times.

J. A. K.: Senna paste is made by mixing a half of a pound each of raisins and figs and one ounce of senna leaves. Chop them very fine and put in a stew pan with a half of a pound of sugar and a half of a pint of boiling water. Simmer slowly for 20 minutes, then pour out on oiled paper in a long baking tin to cool. Take a piece about an inch square at bedtime and repeat 20 or 25 times.

W. W. W.: The ends of bobbed hair may be kept fluffed out by using the soft kid curlers. Do not roll any more of the hair than is necessary to hold it on the curlers.

P. S.: For your coated tongue, try the "senna paste" described above in advice to "J. A. K." It is an old-time remedy for stimulating the action of the liver and regulating the system.

Young Mother: Consult your doctor about this condition. If you had sent an address, I should have been pleased to have mailed you a reply, but there is not space in this column to do justice to such an inquiry.

B. B. E.: Bobbed hair is still worn very much, so you would not be out of style if you chose it, but it is not chosen as often now as it was a year ago.

DO YOU THINK THEY'LL WEAR 'EM? SO DO WE

(By ELOISE)

Do you know what the most important question of the hour is? It's "Do you think the women are going to adopt knickers for general wear?" Every merchant is wondering just what the feminine attitude toward the knicker suit is going to be. They are stocking up with knickers with the feeling that milady will surely adopt them, because they are a fad and yet the women themselves are not at all positive as yet that they want to wear knickers everywhere.

They are smart and practical for sports wear, however, and most of the school girls and debutants look dashing in them. For hiking, golf, skating and any out-of-door wear they are sure to be popular. There are any number of attractive styles offered. There are knickers with sleeveless coats, with regulation tailored jackets, and with a skirt that may be removed when the woods are reached and worn about the shoulders cavalier style over the coat.

Picture here is a fetching style made of shepherd's check tweed. It has a sleeveless vest effect and a cape. Silk shirt with high stock stout shoes and wool hose complete the effect.

EFFICIENT HOUSEKEEPING

By LAURA A. KIRKMAN.

LET BULBS BRIGHTEN YOUR WINTER DINING ROOM.

Psychologists have proved that a sunshiny dining room is conducive to good digestion and general optimism at meal time. The cheeriness that emanates from flowering plants is almost equally as necessary in the dining room as sunshin-

Many women have poor success with regular plants; and many others who do have success with indoor plants have tried forcing these plants with the result that now, at the beginning of winter, the plants are in need of a rest and refuse to bloom. Such women should resort to the planting of bulbs in rotation.

Of course, there is the question of expense to be considered in this plan. Good bulbs, and enough of them so that about 3 bulbs can be planted every two weeks from now till January first, will cost several dollars. But to my mind, it is several dollars well spent. For, for this sum one can have bright cheery flowers in the dining room from six weeks from now until February first—when our regular potted plants are ready to flower or when our spring seeds are ready to be planted.

A good choice is: First, Hyacinths (Holland and Roman); sec-

ond, early Tulips; third, Narcissus (Van Sion, Horsfield, Empress, Trumpet Major and Paper White)—the five best forcing varieties; fourth, Bermuda Lilies, more commonly known as Easter Lilies and catalogued as "L. Harriet."

I have named these in the order of their planting. For economy's sake plant three in the same pot. The bulbs may touch each other in the pot. They should not be pressed down into the dirt, but merely rest on top of it. The dirt should not be packed down around them. A little bone fertilizer may be mixed with a heavy variety of soil.

After you have planted the bulbs, water them well just once and place the pot in a dark, cool place for six weeks; this is very important for the reason that it is necessary to give the roots a chance to grow before the flowering shoots come up. The pot should be well filled with roots before the bulbs appear. The cellar is the place that most people put their pots after planting the bulbs in them.

After a bulb has once flowered it had best be thrown away. For although many women try to keep their bulbs from year to year, it is almost a vain hope that they will flower again—and even when they do they are never satisfactory blooms.

ARIZONA WOMAN GOES FROM RANCH TO HEAD OF STATE DEPARTMENT

When Mrs. H. A. Guild of Phoenix, Ariz., decided to "ranch it" on ten acres six miles north of the city the ten acres lay in a strip of desert—and was desert land.

She conquered that ten acres. She made it to bloom with roses—she established a real home in the midst of a strip of cactus and feathered with gray-green mesquite and ironwood trees and with wonderful white thistle. She put intensive methods to work, and coaxed that little farm into a productive model that supplied the living for three adults.

Mrs. Guild is now the first woman at the head of a state department, being secretary of the child welfare board recently appointed by Governor Thomas E. Campbell of Arizona.

SMALL STARS WHO DO NOT CARE FOR THEIR SALARIES

Baby Jane Hart and Laddie.

These high salaried stars in the picture business are all right, but there are some few actors who really and truly do not care whether they get paid or not. In this latter class are such appealing and altogether charming actors as little Baby Jane Hart and Laddie, both of whom will appear in a new Christie comedy called "No Parking."

Jane gets ten dollars a day and Laddie gets ten a week, but neither of them care about the money, for the day's work is all play for them.

If you happen to see Baby Jane smearing paint on her face and licking the goosy paint brush in "No Parking," don't be alarmed for baby's sake, because the "paint" is only watered chocolate. Then when you see Laddie, the sportive collie dog, tracking down the baby, when chocolate smeared she falls in with little colored children at a watermelon feast, and see him licking her face till even her parents cannot recognize her, you will know why Laddie found it so easy to lick the baby's face just at the right time in the film.

"Bugs" should not tell these secrets of the film, but thought you might be worried about Baby Jane.

WOMAN ATTORNEY IS CALLED ANGEL

Miss Rose Rothenberg.

Angel of the Court of Tears and Sighs is the exalted name won by Miss Rose Rothenberg, the first woman prosecutor in New York. Miss Rothenberg is assistant district attorney, having been appointed two years ago. She was first assigned to the woman's night court and had charge of prosecutions against wayward girls for social crimes, shoplifting and other causes. All of the girls found in her a true friend and helper.

It was for this reason that she was called "angel." Her efficiency in handling cases attracted the attention of Mayor Hylan and at his request she was assigned to trial work in the court of general sessions. She now appears before juries and asks for convictions with all the fiery fervor of a veteran prosecutor. Miss Rothenberg helps her two sisters support their mother and she lays much of her success to the fact that she "had to work."

IRRIGATION PROJECT AT LAS VEGAS WILL BE COLONIZED SOON

(Special Correspondence to The Journal.)

East Las Vegas, N. M., Nov. 3.—A deal which means prosperity and growth for Las Vegas and the surrounding country was consummated here today with the signing of the contracts for the purchase of the R. C. Storrie irrigation project on the Las Vegas tract, for Las Vegas and the surrounding country was consummated here today with the signing of the contracts for the purchase of the R. C. Storrie irrigation project on the Las Vegas tract, for Las Vegas and the surrounding country was consummated here today with the signing of the contracts for the purchase of the R. C. Storrie irrigation project on the Las Vegas tract.

It is understood that the intention of the Bartlett company is to colonize the tract, placing probably a thousand farmers on the 9,000 acres of irrigated lands. The lands are in addition that have been contracted to buy include the entire 18,000 acres deeded to Mr. Storrie & Co. under their contract with the board of trustees of the Las Vegas tract, and about 1,000 acres in addition that have been acquired by Mr. Storrie. About 3,000 or 9,000 acres are capable of being irrigated under the big system built by Mr. Storrie.

Franklin Landis who is an expert real estate broker of Chicago, said it is probable for the success of the negotiations. Mr. Landis said that this is a move that will mark the future prosperity of Las Vegas, in his opinion.

DYED HER FADED SKIRT TO MAKE CHILD A DRESS

Each package of "Diamond Dyes" contains directions so simple that any woman can dye or tint faded, shabby skirts, dresses, waists, coats, sweaters, stockings, hangings, draperies, everything like new. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is guaranteed, even if you have never dyed before. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade, or run.

ADVICE FOR WOMEN WHO SUFFER.

"I advise every woman who suffers with kidney trouble to try Foley Kidney Pills," writes Mrs. Bessie Branner, 2522 Scoville Ave., Cleveland, O. "I could not do my housework, but since taking Foley Kidney Pills I feel like a new woman and am able to do my work." Rheumatic pains, swollen ankles, backache, stiff joints, sore muscles and sleep disturbing bladder ailments indicate diseased kidneys. Foley Kidney Pills act promptly. Sold everywhere.

THE NEW GENERATION

By JANE PHILLIPS

MARGARET IS ABSORBED IN MOTHERHOOD.

Margaret Hayden always had been yielding, so her child was a constant joy to her in that she was not.

"I do not want her to yield her opinion to others!" she declared to herself.

"That child sure has a mind of her own," Hannah said to her mistress one day. "There ain't nobody going to set on her!"

"I'm glad of it, Hannah."

"So be it. Girl-children has hard times enough even if they do get their own way."

Margaret Hayden had passed the 30-year milestone, epochal in every woman's life. Possessed of a dark, glowing beauty that most men would have admired had they been given a chance, she nevertheless held herself aloof from them—and so from the knowledge of her power over them.

If there was romance in Margaret's nature, it had lain latent so long that she was not aware of its existence. She possessed all the virtues men look for in a wife, which made it the more remarkable she had escaped their notice. She had physical charm, a wonderfully womanly disposition; refined, cultured, charming, she re-

"Hello, Nancy an' Jane! 'An' 'Havin' Kellogg's at our house 'n' mother keeps me quiet for more—but I don't care 'cause I like Kellogg's!"

It's the flavor and crispness that make Kellogg's Corn Flakes so joyously delicious

You'll wish the bowl at your table-seat was about twice as big when it's "Kellogg's for the feast!" Great big, sunny-brown corn flakes—all oven-crisp and crunchy—crowding each other to spread you real and true joy! You never tasted such flavor!

Pour in some fresh, cold milk—or cream—and—start in! Well, it'll seem you can't get going speedy enough to suit your appetite! There's ever such a keen appetite maker; such happy, health-making food!

Tomorrow, serve Kellogg's! What a round of appetite-applause you'll win! Great to start the day right!

Do more than ask your grocer for "corn flakes." Insist upon KELLOGG'S Corn Flakes—they're so delicious!

Kellogg's CORN FLAKES

Also makers of KELLOGG'S KRUMBLES and KELLOGG'S BRAN, cooked and krumbled

FEDERATION REPORTS WILL BE MADE TODAY BEFORE CLUB WOMEN

Reports and discussion of a number of topics which came up before the State Federation of Women's club meeting in Roswell will be made at the regular business meeting of the Woman's club this afternoon at 3 o'clock. The delegates to the federation meeting will make their official reports. Other matters of importance to club members will be brought up. A full attendance is desired. Refreshments and a social hour will follow the business meeting.

PLAN DEDICATION OF INDIANA MEMORIAL TO EX-SERVICE MEN

(By The Associated Press.)

Indianapolis, Ind., Nov. 3.—Dedication of the Indiana War Memorial building, which is to be permanent national headquarters of the American legion, will be the most notable feature of the visit of Marshal Poch to Indianapolis, November 4.

Indiana's leading military bands will participate in a great parade in honor of Marshal Poch.

Purdue university's noted musical organization of 150 pieces has been designated to march at the head of the parade.

So that the big Purdue drum, the largest in the world, may be in the parade a truck will be provided to haul it from Lafayette to Indianapolis and return. This drum is twelve feet in diameter.

Jim Coffroth and Billy Gibson will open their new boxing club in New York on November 28. These two well known promoters will most likely give Tex Rickard a "tussle" when it comes to booking big bouts.

The Iron Food for Vitality

He Needs It— "The Iron Food for Vitality"

The Vim-ful Dish

—a luscious breakfast fruit that makes whole days go better for men

Men need dash and vim in business—dash and vim in life. Here's a luscious dish that supplies it in abundance.

So delicious that they want it as their daily breakfast fruit, and so get the benefits that come with regularity of use.

Raisins, rich in food-iron, supply rare nutrition—1560 calories of energizing nutriment per pound.

Mere brains alone cannot long compete with those brains that are fortified by iron in the blood. "The Iron Men" are those who can work hard and stay well.

You need but a small bit of iron daily, yet that need is vital. And you, madam, largely select the food. So it is up to you to replace the energy that "he" burns up each day.

Men won't eat food regularly for nutrition only. It must have delicious flavor to entice them. See how stewed raisins do it, and then note the good they do.

SUN-MAID RAISINS

The Sun-Maid Raisins, made from California's finest table grapes—American raisins, processed and packed immaculately in a great modern California plant.

Seeded (seeds removed); Seedless (grown without seeds); Clusters (on the stem). Also a fine, ever-ready dessert.

Raisins are cheaper by 30 per cent than formerly—see that you get plenty in your food.

Free We'll send 100 Luscious Raisin Recipes in a free book to anyone who mails coupon. Also new booklet "Eating Raisins for Health and Beauty."

STREETS TO BE DECORATED FOR ARMISTICE DAY

Committee Named to Secure Pledges of Business Men to Decorate Streets for the Big Celebration.

The Armistice day parade will be arranged in nine divisions, three of which will be marshaled by women. It was decided by the committee in charge of the program at its meeting last night. Participants of the divisions will be announced within a few days.

A committee of thirty was selected by the training center, the Albuquerque Business college and the Western School for Secretaries to secure pledges from merchants along the line of march to decorate their places of business. This committee will meet at the chamber of commerce at 1:30 p. m. Saturday and will make a complete canvass of the city securing written pledges.

The sub-committee held a conference with County School Superintendent Irene Burke today to outline the part the county schools will take in the day's program. It is planned that a large number of the rural school children will be in the city and will take a part in the parade. Miss Burke stated yesterday that plans for this were being formulated in several parts of the county.

The committee also desires the names of all buglers in the city. Those who will take part in the parade are asked to notify the chamber of commerce.

The committee expressed the desire last night that every flag in the city be displayed on Armistice day. A number of allied flags are needed and persons having them are asked to notify the committee in order that some of them can be used in the parade.

Some funds are necessary, but about \$100 has been raised through donations without solicitation. This is the way the committee would like to secure the necessary amounts.

A meeting of the general committee has been called for tonight at the chamber of commerce at 7:30 o'clock.

GRADING COMPLETED ON STRETCH OF ROAD NORTH OF OLD TOWN

Grading has been completed on the three and nine-tenth miles road on the Rio Grande boulevard beyond the point where the good road now extends. With the grading completed it is probable that the county commissioners will decide at their meeting this morning to gravel the stretch. The road will be especially useful for teaming from the northern towns and will take a great part of this type of traffic away from the Fourth street pike.

The Rio Grande boulevard connects with the main road north near the Alameda bridge and is about ten miles shorter than the pike route. When completed to the north settlements, it is expected to prove a valuable highway, especially to the farming communities for hauling their produce to Albuquerque.

MONTOYA APPOINTS M. L. ALBERS AS OLD TOWN POSTMASTER

M. L. Albers, a storekeeper of Old Albuquerque, was appointed postmaster at the Old Town office, according to a telegram received yesterday from Congressman Nestor Montoya in Washington. Mr. Montoya is in charge of all postoffice appointments in New Mexico.

Mr. Albers will take over the postoffice as soon as his official appointment papers are received. He will move the equipment from its present location into his grocery store, at the corner of Central avenue and Main street across from the county jail. Charles Mann, Jr., the present postmaster, has held the office for the past seven years in his store on the west side of the Old Town plaza.

KRUEGEL RETURNS FROM FT. BAYARD

William Kruegel, former proprietor of Bill's cafe in Old Town, has returned to the city after spending several months at Fort Bayard for the benefit of his health. Mr. Kruegel left the city following a severe physical breakdown and about ten miles shorter than the pike route. When completed to the north settlements, it is expected to prove a valuable highway, especially to the farming communities for hauling their produce to Albuquerque.

THREE BANDITS ROB MAIL TRUCK AT LOS ANGELES

(By The Associated Press.) Los Angeles, Calif., Nov. 3.—Three bandits held up and robbed the driver of a mail truck from postal sub-station C at Fifth and Los Angeles streets here tonight and escaped with four pouches of mail, one of which was registered.

They forced the driver to drive to a side street, where, after handcuffing him to a wheel of his truck, they helped themselves to the mail, according to reports to the officers.

Nelson R. Grimes, the driver, broke loose and summoned the authorities after the bandits had escaped.

He said two men in an automobile stopped in front of his truck at Fifth and Los Angeles streets, just after he had left the sub-station. Just as they blocked his way, he said a third man leaped up, thrust a pistol into his face, and forced him to drive toward Los Angeles street until they reached a dark side street, the name of which Grimes stated he did not know.

In the side street, the bandits handcuffed Grimes to the truck, he said, and then they carried away the four pouches of mail, loaded it in their automobile and drove away. Grimes is said by officers to be the same Nelson R. Grimes, who with J. R. Alexander, a clerk, was held up at First and Alameda street, March 3 last, as they were going to the Southern Pacific station with a truck load of mail. Then, as tonight, Grimes and Alexander were handcuffed to the truck. The bandits then escaped with twelve pouches of registered mail.

Public Speaking in Two Contests to Be Held at High School

Much interest is being shown at the High School in the dramatic and oratorical contests that are to be held Thursday, November 10, and Monday, December 14, respectively. The orations are to be original and there are nine entries in each contest. A procedure is being established in that there will be gold and silver medals presented to those winning first and second places in each contest. The winners of the representative contests represent Albuquerque high school in the state contests to be held here during the state teachers' convention.

The entrants in the oratorical contest are Maxwell Merritt, Woodford Hefflin, Charles Barber, Howie Eller, Cecil Goff, Allie Silvestri, Vivian Gibson, Mildred Sorens and Irma Whitehouse.

Those entering the declamatory contest are Florence Blair, Thelma Noe, Gladys Curtis, Nathalie Furstenfeld, Fanny Hicks, Louise Dozier, Edris Curtis, Dovie Johnson and Edna Lipper.

Wesley Barry Takes the Part of "Freckles" in a Role That is Somewhat Reminiscent of "Dinky" in that it Places Him in the Part of a Poor Little Orphan Whom Fate Has Placed Among Crooks and in a Slum Atmosphere.

The little fellow attracts attention of Dinky Proxel society girl played by Miss MacDonald, during one of her visits to the slums. She takes him into her fashionable home. Some splendid comedy situations arise as a result of the fact that 13-year-old Freckles falls in love with his beautiful protector.

Into the story is woven a clever plot that deals with the efforts of society to cope with criminals. When the police force in one of the larger cities fails to apprehend the Black Heart gang, society takes a hand with the result that the gang is finally caught, but not until the audience has enjoyed many a thrill and many a gripping situation.

Theaters Today

"B" Theater—The Realart Corporation presents the popular Constance Binney as starring in "Room and Board," also presenting a two-part Percy and Fannie comedy, "Circus Heroes."

Lyric Theater—Katherine MacDonald, one of the film stars popular hereabouts, is at the Lyric in "Stranger Than Fiction," added attraction, Tom Santschi in "The Tempest," a true western drama.

Pastime Theater—"Dream Street" is still drawing large crowds at the Lyric. It is a D. W. Griffith photoplay and one of his best. Also producing the usual interesting added attractions.

"Room and Board" Will Show Many Beautiful Scenes in Play at "B"

"Room and Board," Constance Binney's latest release, which will open a run of two days at the "B" theater, beginning today, is a story of Irish life. Miss Binney plays the role of Lady Noreen of Kildoran, an impoverished noblewoman, whose father is killed in the hunting field, leaving the girl orphan and a heavily mortgaged estate and the family pride.

The story is one that lends itself extraordinarily to scenic beauty, and some of the most picturesque spots on Long Island and in the Connecticut hills were utilized in the exterior scenes.

A typical Irish village of quaint houses and straggling streets, was built for the picture, as well as the ancient castle in which the Lady Noreen, harassed by debts, undertook her boarding house adventures. Photographs of actual Irish villages and castles aided the Realart technical staff to make accurate reproductions of both the village homes and the castle.

A fox hunt, and many village scenes, showing more than two hundred extras attired as Irish peasants, besides many chickens, geese, a herd of cows, and many horses and donkeys, add interest to this colorful production.

A fine cast, headed by Tom Carlin as leading man, will be seen in support of Miss Binney. Alan Crossland directed the picture.

Katherine MacDonald and Wesley Barry Starring in "Stranger Than Fiction"

For the first time in the career of either star, Wesley Barry has been cast in a production with Katherine MacDonald, in her starring vehicle, "Stranger Than Fiction," which will be shown at the Lyric theater for two days, commencing today.

This attraction, which is offered as Miss MacDonald's latest release through Associated First National Pictures, is from an original story by Charles Richman and A. S. LeVine. For bright comedy-drama that sparkles with originality and clever situations this is declared to be one of Miss MacDonald's best pictures.

Wesley Barry takes the part of "Freckles," a role that is somewhat reminiscent of "Dinky" in that it places him in the part of a poor little orphan whom Fate has placed among crooks and in a slum atmosphere. The little fellow attracts attention of Dinky Proxel society girl played by Miss MacDonald, during one of her visits to the slums. She takes him into her fashionable home. Some splendid comedy situations arise as a result of the fact that 13-year-old Freckles falls in love with his beautiful protector.

Into the story is woven a clever plot that deals with the efforts of society to cope with criminals. When the police force in one of the larger cities fails to apprehend the Black Heart gang, society takes a hand with the result that the gang is finally caught, but not until the audience has enjoyed many a thrill and many a gripping situation.

HOLLAND PLANS NEW SEA BASES IN EAST INDIES

(By The Associated Press.) The Hague, Nov. 3.—(By the Associated Press.)—The Netherlands government has introduced in the chamber of deputies proposals for a new naval program involving an outlay of about 200,000,000 florins (about \$69,000,000) to be spread over twelve years.

The main idea of the program, which embraces establishment of new naval bases in the Dutch East Indies, is to supplement the existing fleet with a number of submarines, torpedo boats, aircraft and mines, which would be available for the defense of Holland or the Dutch East Indies.

The proposed developments in Dutch East Indies include a naval base at Tanjung Priok, six miles northeast of Batavia, auxiliary bases at Soerabaya, Java, and in the Riu archipelago, while a battery of medium caliber guns would be installed at Macassar, the chief town in the Celebes group.

The proposed increase in the fleet in the next six years consists of two cruisers, ten submarines, twelve destroyers, two submarine mines layers and six mine layers. It is also proposed to build 168 additional airplanes and prepare 4,000 mines.

SOMERODY IS HOLDING OUT HALF BILLION OF MARKS IN 'WATERLAND'

Washington, Nov. 3.—Somebody in Germany is holding out between 500,000,000 and 700,000,000 marks on the government, according to reports on the German financial conditions, received here in official circles.

There have been, according to some estimates, as many as 60,000,000,000 marks bought and sold speculatively, it was explained, but when the government went looking for funds which which to make its reparation payments, between 600,000,000 and 800,000,000 could not be accounted for. Search for the missing marks, it was said, brought to light only about 100,000,000, so the search is being continued. The explanation of the vanishing German money was believed to be in balances set up in foreign banks by Germans who had sold marks when speculation was rife, and in stores of foreign money hoarded in the homes of the thrifty citizens of that republic.

DINNER FOR JOFFRE

Paris, Nov. 3.—Myron T. Herrick, American ambassador to night gave a farewell dinner to Marshal Joffre prior to the departure of the marshal next week for his trip around the world.

Satin and velvet were unknown in antiquity.

SURVEY OF STOCKS OF COAL ON HAND IS STARTED BY HOOVER

(By The Associated Press.) Washington, Nov. 3.—A survey of the stocks of coal on hand has been begun by the commerce department, Secretary Hoover announced today. Similar surveys, he said, would be made every sixty days, as it was believed in view of the approaching bi-annual discussion of wages by miners and operators it was "vital" that the country should know the amount of coal it had.

The survey, he continued, "was conducted by questionnaires."

PEAT SOIL LAND IS DESTROYED BY FIRE

(By The Associated Press.) Fort Smith, Va., Nov. 3.—Hundreds of acres of peat soil farm land near Moyleck, N. C., have been destroyed by fire during the last several weeks, according to reports brought here today. Fire spread from Dismal Swamp got into the peat soil and field after field of cultivated soil was devastated, the flames in many places eating to the clay subsoil ten feet under the surface. Farmers hastily gathered their crops and attempted to save their lands by damming Shingle Landing river, but low water rendered their efforts futile.

The fires were still burning today and had advanced to within a mile of the village of Moyleck.

Two adjoining piers later caught fire and there seemed to be little prospect of saving them. The roof of one of them caved in, carrying with it three firemen who were rescued but not until after they had been badly burned.

Flying sparks set fire to a pier of the Standard Oil company, just north of the Erie dock, and to a flour warehouse located across the street. The Standard Oil company pier is filled with barrel oil. The warehouse, a five-story building, is loaded with flour and covers an area of 200 feet square.

"POINT A MINUTE"

Glenn Falls, N. Y., Nov. 3.—The Glenn Falls high school football eleven has established what is considered a record, by making 290 points in six games without being scored against.

PIERS OPPOSITE 42ND STREET IN NEW YORK BURN

Weehawken, N. J., Nov. 3.—Two piers of the Erie railroad, heavily loaded with freight, were destroyed and surrounding property considerably damaged in a fire which swept the Weehawken water front, opposite Forty-second street, New York, late tonight.

Several lighters, also heavily loaded with freight, which were moored at the docks, caught fire and were towed to midstream. Fire apparatus from all northern New Jersey water fronts, municipalities and fire boats from New York city were summoned to fight the blaze, which lit up the sky for miles around and attracted thousands of sightseers to the water front.

Two adjoining piers later caught fire and there seemed to be little prospect of saving them. The roof of one of them caved in, carrying with it three firemen who were rescued but not until after they had been badly burned.

Flying sparks set fire to a pier of the Standard Oil company, just north of the Erie dock, and to a flour warehouse located across the street. The Standard Oil company pier is filled with barrel oil. The warehouse, a five-story building, is loaded with flour and covers an area of 200 feet square.

FOURTH STREET TEAM DEFEATS FOURTH WARD

The North Fourth street school football team defeated the Fourth ward school team yesterday afternoon on the latter's grounds, by a score of 12 to 6.

Both teams made their scores in the second quarter, and the Fourth ward men barely missed tying the score in the last quarter when they had the ball within a few yards of their opponent's goal, but were unable to push it over.

WHEAT HITS 97 CENTS

Portland, Ore., Nov. 3.—Portland wheat bids went down to 97 cents for the best varieties today on the Merchants Exchange, a loss of two to three cents a bushel for the day.

Varsity Team Leaves Tonight to Meet Texans

Squad Which Leaves Tonight Much Improved by Three Weeks Practice Since Game With Colorado College.

With the squad much improved since the game with Colorado college three weeks ago, the varsity football team will leave at 10:10 o'clock tonight for El Paso, where they will meet the Texas Miners tomorrow afternoon.

The squad which will leave tonight will be about the same as made the trip to Colorado, but with the additional three weeks of practice the team is expected to make an even better showing than in the first game of the season.

Much of the training during the past three weeks has been on new methods of attack, together with the perfection of the almost invulnerable defense. Aerial work has not been neglected, although line and shift plays will probably be used for most of the aggressive work.

The Texas Miners are said to have a team this year which is much stronger than in former years, but the varsity men are expected, nevertheless, to improve on last year's score of 25 to 6.

A rally in honor of the team will be held in Rodey hall at 12:30 o'clock today, under the direction of Edward Horan, Jr. Cheers for the members of the team and several short speeches will form the larger part of the program.

Kiddies' Colds Can Be Eased Quickly

Dr. King's New Discovery will do that very thing, easily and quickly. Don't say, "Poor little kiddie, I wish I knew what to do for you!"

When the cough first comes, give a little Dr. King's New Discovery as directed, and it will soon be eased.

It's a good family cough and cold remedy, too. Loosens up the phlegm, clears up the cough, relieves the congestion. No harmful drugs. For fifty years a standard remedy for colds, coughs, grippe. At your druggists, 50c. a bottle.

Dr. King's New Discovery For Colds and Coughs

Constipated? Here's Relief! Cleanse the system, with Dr. King's Pills. They prompt free bile flow, stir up the lazy liver and get at the root of the trouble. All druggists, 25c.

Dr. King's Pills

WE have a very fine and exclusive collection of Antique Stones and Cameos, artistically mounted in appropriate rings for men and women.

WAGES OF RAIL WORKERS THIRD AHEAD OF 1914

(By The Associated Press.) New York, Nov. 3.—M. W. Alexander, managing director of the National Industrial conference board, in an address before the Industrial Relations' association today, said that on July 1, railroad employees were 37 per cent better off in respect to the purchasing power of their money in 1914.

Discussing determination of wage rates, he said that, taking into consideration the 12 per cent wage cut, railroad employees were today about 20 per cent better off than before the war. This condition, he added, was contingent on wages remaining for some time at present levels, while the cost of living continued to decline.

M. O. Rorty, an official of the American Telephone and Telegraph company, declared statistics on the profits of going concerns were "highly misleading" and must be studied over before they could be taken as premises on which to base wage adjustments.

JOE GEDEON STILL BLACKLISTED FROM ORGANIZED BASEBALL

(By The Associated Press.) Chicago, Nov. 3.—Judge K. M. Landis, commissioner of baseball, tonight wired William McCarthy, president of the Pacific Coast league, advising him not to permit players of his league to participate in any games in which Joe Gedeon, former infielder of the St. Louis Americans, was in the line-up.

The ruling followed receipt of a telegram from President McCarthy last week inquiring about the status of Gedeon. At that time, Mr. McCarthy advised the judge that a ball game was to be played on the coast, in which coast league players were to participate.

Gedeon was scheduled to be a member of one of the clubs. The game was played November 11. Gedeon was given his unconditional release by President Phil Hall of the St. Louis American league club, after the hearing before the Cook county grand jury here, regarding the throwing of the world's series games by the Chicago White Sox to the Cincinnati Nationals in 1919.

Gedeon was alleged to have "tipped off" that Cincinnati was to win the series, and was understood to have so informed some friends. He came to Chicago from Sacramento at the request of President B. B. Johnson of the American league, and told his story to the grand jury.

During the past season he did not play organized ball. Judge Landis said he had no comment to make on the decision, except that Gedeon was on the ineligible list and that it would therefore be contrary to the rules to permit players in good standing to participate in games in which Gedeon played.

CUMMINS SAYS RAIL UNIONS WERE GIVEN SQUARE TREATMENT

(By The Associated Press.) Washington, Nov. 3.—Suggestions that the railroad brotherhoods' representatives had not been treated fairly in the senate interstate commerce committee's general inquiry into railroad problems, today drew a heated denial from Senator Cummins, republican, Iowa, chairman, during hearings on bills to restore state rate powers.

The statements, made by Benjamin C. Marsh, managing director of the farmer national council, were declared by Senator Cummins to be "absolutely false."

Senator Cummins said the brotherhoods' witnesses had been called, but the brotherhoods twice asked a postponement.

Reduction of railroad employees' wages was urged by S. H. Cowan, representing livestock producers' organizations.

The football experts are following Yale's game closely these days. The Elis appear to have the best gridiron squad this season that they have had in several years.

IF STOMACH IS WEAK OR UPSET, TAKE 'DIAPEPSIN'

"Pape's Diapepsin" "really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, nervousness and sourness in five minutes—that's just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into gas, acid, indigestion, belch gas and eructate acid, undigested food and acid; head is dizzy and aches; remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous—and the joy is its harmlessness. A large sixty-cent case of Pape's Diapepsin is worth its weight in gold to men and women who can't get their stomachs regulated. Belong in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the most efficient antacid and stomach regulator in the world.

HUSBAND AND WIFE WRITE

Mrs. and Mrs. James Carson, Columbus, N. M., sign a letter saying: "We have both concluded we shall never be without Foley's Cathartic Tablets and we believe them to be essential to good health. They keep the bowels, liver active and bowels regular. They banish constipation, indigestion, biliousness, sick headache, bloating, sour stomach, gas on stomach, bad breath, coated tongue. Not habit forming. Sold everywhere."

ULSTER PREMIER GOES TO LONDON ON IRISH ISSUE

Will Consult With British Government Regarding Ulster Boundary and Other Mooted Question.

(By The Associated Press.) London, Nov. 3 (by the Associated Press).—Sir James Craig, the Ulster premier, has accepted the government's invitation, dispatched yesterday, to come to London and consult it as to Ulster's attitude toward the proposals regarding the Ulster boundary and other questions involved in the Irish settlement.

Sir James, it is stated, is coming to London to discuss specific plans, submitted to the government by the Sinn Fein, of such a character that the government thinks them feasible if Ulster agrees to them. These plans do not, however, embody any agreement definitely reached between the government and the Sinn Fein.

The Ulster premier has said throughout that he would not intervene until such agreement was reached, but has now consented to discuss the provisional proposals. The Ulster question is not merely one of the counties of Tyrone and Fermanagh, but of other separate nationalist districts under the northern parliament, in which a plebiscite is being urged by districts. The results, according to estimates of authorities probably would be to give southern Ireland Londonderry, South Down, South Armagh and parts of Tyrone and Fermanagh. The Ulster view is that this would leave the northern parliament insufficient territory. The alternative suggestion is to give the northern parliament all the nine counties of Ulster.

The northern Ireland cabinet, however, is unwilling to accept all of Ulster, it appears, by asserting that it could count only on an uncertain minority, and fearing that one of the first acts of all-Ireland parliament might be to dissolve itself and join with southern Ireland.

LLOYD GEORGE HAS USUAL AUDIENCE WITH THE KING

London, Nov. 3 (by the Associated Press).—The premier had an audience with the king this evening. This was not due to developments in the Irish negotiations, but followed the customary practice. It is believed, however, Mr. Lloyd George reported on the progress of the negotiations.

There was no meeting of either the full conference or the committee today and no definite arrangements for the next meeting have been made. Members of the Sinn Fein confirm the announcement that Sir James Craig, Ulster premier, is coming here on the government's invitation to consult with the ministers only, but they say that no mere technicalities will be allowed to prevent the Irish delegates from meeting him, should it be so decided.

"U" FACULTY IS ENTERTAINED AT ROTARY LUNCH

Dr. Charles F. Coan Changing Ideals in Development of American University System.

Tracing the original purpose and the changing ideals of the American system of universities, Dr. Charles F. Coan delivered the principal address at the weekly luncheon of the local Rotary club, held yesterday noon at the Alvarado.

The entire faculty of the state university was entertained by the club and all of the members, with the exception of the president, Dr. David Spence Hill, who is in the east, were present.

Professor John D. Clark, a member of the club, was in charge of the program. After brief introductory remarks, he introduced Dr. Coan.

The first purpose of the higher institutions of learning was the training of the clergy, declared Dr. Coan. He pointed out the differences which separated the English and German university systems as they developed. In England, the college had been the center of education, the university serving as a degree-granting institution. In Germany, the college had been allied with the secondary schools and the university had served as a graduate school.

The American system, the speaker pointed out, has the German system of graduates work in the university built upon the English college system. He sketched the rapid growth of special colleges in the last half of the nineteenth century.

Educational standards, he declared, have been advanced until the college has become a preliminary step to vocational training. It offers pre-medical, pre-legal and pre-commercial courses. The requirements for graduates, schools crowded out of colleges the old liberal training.

"In the future, the number of students studying the languages, literature and social sciences will grow less," he stated. "Training will be intensified at the expense of liberal instruction."

The speaker closed by quoting the remark of a California educator behind the effect that the typewriter and like sciences would carry it along, but that there was need of emphasis behind classical learning.

After the address, the individual members of the faculty were presented to the Rotarians.

Vice President H. B. Wentz named Dr. H. L. Brehmer, James N. Gladding and W. R. Walton as members of the committee to consider the proposal to campaign for the building of a War Mothers' Memorial sanatorium here.

Herman Schweizer, Aldo Leopold and W. V. Gano are a committee to report on a suggested redistricting of Rotary.

It was announced that the Rotary road committee would meet with a similar Kiwanis group on a petition to secure federal aid for a pavement to the university.

WILL PROCEED WITH TRIAL OF GOVERNOR SMALL IMMEDIATELY

(By The Associated Press.) Springfield, Ill., Nov. 3.—Answering Governor Small's statement today that the prosecution was delaying trial of the case in which the governor and Vernon Curtis are charged with embezzlement and conspiracy to defraud the state of \$2,000,000 while the governor was state treasurer, State's Attorney C. P. Mortimer tonight declared his chief assistant will go to Waukegan Monday to ask an early setting of the case.

Records will be sent there tomorrow, he said, although they are incomplete without the recognition bond which Governor Small today said he would not give in place of the \$50,000 sheriff's bond.

Try a Journ' Want Ad.

"FULL PUBLICITY!"

Washington, Nov. 3.—"As full publicity as possible" at the conference was urged on President Harding today in a petition presented on behalf of the American Association of University Women. The petition also put the organization on record as favoring "an association of nations" and American participation in an international court of justice.

MRS. OBENCHAIN ASKS CHARGE 'T' TESTIFY BEFORE REINDICTMENT

(By The Associated Press.) Los Angeles, Calif., Nov. 3.—Mrs. Madsynne C. Obenchain, indicted on a charge of murder in connection with the death here last August of J. Belton Kennedy, local broker, tonight sent a letter to the grand jury, demanding the privilege of being heard if the grand jury is asked to reindict her, it was announced by her chief counsel, Charles E. Erbstein of Chicago. This request, from reports that the district attorney's office would ask for re-indictment in event that Judge Sydney N. Reeves tomorrow grants a motion by the defense for dismissal of the indictment against her on grounds that more than sixty days has elapsed since the indictment and she had not been granted trial, and that continuances were not with her consent.

At one period in Holland there was a ban on the sale of oranges and carrots. The reason was the hostile feeling towards the Stadtholder's family, whose favorite color was orange.

New Orleans is to use poison gas in an effort to exterminate rats.

FRIDAY November 4, 1921

DISTINGUISHED COMPANY.

It will be interesting to learn whether an academic and argumentative discussion of the public policy involved in placing a certain interpretation on the law of libel constitutes a contempt of court.

We suggest that Mr. J. M. Reynolds should join Professor Newell, with us as a co-defendant, in the present contempt proceedings.

PUZZLING.

Society just now has more than its normal number of problems to solve. This old world is in a rather topsy-turvy condition.

Judge Hickey at present has the problem of a fourteen-year-old boy who has been before him repeatedly for forging small checks.

A day or two ago a man tossed a rock through a plate-glass window at our busiest corner. It was done openly, in broad daylight and within sixty feet of a policeman.

If some one will solve for us the riddle of what to do with such a case we will delegate to him the added task of solving some of the real problems of present-day existence.

JUDGE ANDERSON'S ORDER.

When we attempt to criticize that which transpires far away from us, we are very likely to be mistaken. Our orientation is apt to be bad. We cannot understand all the ins and outs of conditions as we might were the incident nearer home.

Judge A. B. Anderson, of the Federal court, has restrained the organization of unions among the miners of West Virginia.

It is difficult for the outsider to understand the occasion for the excitement. The relation of a man to his union is a strictly personal matter.

President Lewis says that the operators agreed, in their contract with the unions, to withhold these dues and that Judge Anderson's order amounts to a breach of contract.

If the operators, in bad faith, procured such an order from Judge Anderson, in order to stealthily break their agreements with the unions, they should be ashamed of themselves.

As long as the strike of the miners does not assume proportions which are injurious to the general public, they have a right to quit, so far as the public is concerned.

A TRANS-CANADIAN HIGHWAY.

People on this side of the border have a keen interest in the plans of our Canadian cousins for the improvement of their highways.

Our motorists find that the Canadian roads are paved chiefly with good intentions.

Whatever the cost, Canada would find a trans-continental highway a splendid investment.

Many men refuse to steady up until the lose their balance—in the bank.

VERSE OF TODAY

A FLORAL ODYSSEY.

In autumn past among the rocks
With gray green lichens plect
The aster and the goldenrod
Unfolded side by side;

CRISP PARAGRAPHS

THEY DON'T GET MAN GLANDS.
If monkey glands will make old men young, why aren't old monkeys young?

NOR THE COLLARS, EITHER.
Russia is undergoing a tremendous change, according to a New York Tribune writer.

HE MEANS, GOD MARS!
Charles is reported as saying God called him to go back and assume the Hungarian throne.

WHAT SENSE HAVE COMMUNISTS?
Those communists in Paris who believe they can run the business of the United States, or any one of the states, are like Thompson's cat.

EDITORIAL OF THE DAY

THE SUBNORMAL STEEL TRADE.

(From the New York Times.)
In 1921 and 1924 the earnings of the Steel Trust in the third quarter fell just below nineteen millions.

This glance backward is necessary for estimation of the outlook, for history is the basis of prophecy.

The steel industry has been among the leaders in liquidation, both in prices and wages.

It is not desirable that the cost of production should be lowered by further reduction of wages.

answered the bunny. "What's cheeso for?" asked the Bear.

"For grating up on macaroni," answered the bunny, "or for toasting in the oven. Cheese gives one a good appetite—makes them hungry—you know."

"Goodness knows I'm hungry enough for your ears now," gurgled the Bear, "but still I wouldn't mind being made more hungry. Give me a bit of cheese," and the Bear lolled back in the easy chair while Uncle Wiggly took the sharp, scratchy grater out of his pocket.

"What's that funny thing for?" asked the Bear, leaning forward.

"To grate the cheese up proper and fine, so you may eat it and have a good appetite," answered the bunny.

"Ah, ha! Now I am to have an adventure!" thought the little

cheese in Uncle Wiggly's paw. "I wish those big cheeses could see me now!"

"Let me see what you do?" spoke the Bear, leaning nearer to the little cheese and the grater.

"This is what I do!" suddenly cried Uncle Wiggly. With that he quickly rubbed the sharp, scratchy grater up and down on the soft and tender nose of the Bear, instead of on the cheese.

"Ouch! Wow! Stop! What are you doing?" howled the Bear.

"Giving you a good appetite—but not for my ears!" laughed the rabbit. And then, with tears of pain came in the eyes of the Bear, blinding him, Uncle Wiggly caught up the little cheese and, with the grater, out of the den window he hopped, running safely home to his hollow stump bungalow.

"Look what I brought you, Nurse Jane!" said the bunny as he held up the little cheese. "We'll toast it for supper. And I had the most wonderful adventure!" And he told Miss Fuzzy Wuzzy the very story I have told you here. So everything came out all right. And

THE MARKETS

(By The Associated Press.)
New York, Nov. 3.—Comprehensive and substantial advances of stock prices today were influenced solely by the lower discounts announced by nine of the twelve federal reserve banks and concurred in by the Bank of England.

Financial interests generally regarded this as evidence that deflation had made further marked progress and that easier credit conditions soon would prevail in the world's leading markets.

The local money market reflected these phases for a time, the 5 per cent opening for call loans soon being cut to 4 1/2 points. Later, however, on demand for funds, the rate rose to 5 1/2 per cent, that figure holding in the close.

Bonds made a better showing relatively than stocks, most of the several Liberty series recording highest prices of the year, with slight 4 1/2 per cent notes, which rose to 104 on extensive accumulation.

Oils, steels, motors and equipments, more or less as named, were in the forefront of the day's operations at net gains of one to five points.

Speedy sale of the new Chilean \$16,500,000 bond offered further proof of sound investment conditions. Various railway and industrial bonds strengthened on the action of the federal reserve board, and international issues were better.

Total sales for value, \$17,275,000. Closing prices: American Can 28 1/2, American Smelting & Ref'g. 39 3/4, American Sulphur Tobacco 36.

Chicago, Nov. 3.—Potatoes—Market weak. Receipts 81 cars. Total U. S. shipments, 732.

MRS. L. H. HAGANS.

HOME-MADE PIES AND SANDWICHES. COLLEGE INN.

RODEO WILL BE HELD IN DEMING NOV. 10-11-12

Plans Are Made to Hold Rodeo and Armistice Day Celebration Jointly; Fort Bayard to Assist.

The Armistice rodeo being planned by the citizens of Deming and the residents at Fort Bayard is expected to surpass all other similar events ever held in the state. The military forces will contribute the color and zest to the meet, while the efforts of the civic dignitaries of Deming will help to make the entire program a success. One of the greatest features will be the parade on Armistice day, when the head of the column will be formed by the Twenty-fourth infantry and its band, followed by Troop C, New Mexico national guard. Then will come several other formations, a horse-drawn band by the civilians who will take part in the parade.

Applications for entry to the rodeo have come to the committee in charge from such distant states as Missouri, Oklahoma and Texas, but in an effort to keep the events in the most strictly amateur, the committee will restrict the entries to the immediate southwest.

Other events of interest on the program are races of various natures, including a free-for-all motor race to Cambary and back, boxing matches, a three-set comedy enacted by a Fort Bayard club and a grand barbecue which will be held the closing day of the rodeo.

SICK VETERANS IN SANATORIUM ASK FOR 'FAGS'

Miss Edith Childers, home service secretary of the Red Cross, received a call from sick soldiers in a local sanatorium yesterday. They told her they wanted fags in making compensation claims.

When Miss Childers arrived they informed her simply that they wanted cigarettes. The compensation claims could wait, could she supply cigarettes?

The secretary couldn't, but she promised to see what could be done. She is wondering if Albuquerqueans want to send the smokers to the boys.

Cigarettes left at the home service office in the postoffice building will be promptly delivered to the veterans.

LYNN H. FOX TO TALK ON SCOUT MOVEMENT AT ASSEMBLY TODAY

Lynn H. Fox, secretary of the Y. M. C. A., will be the principal speaker at the university assembly this morning in Rodey hall. His subject will be "The Boy Scout Movement in America."

Mr. Fox has been a leader in Boy Scout work for many years and has been largely instrumental in forming the scout troops in Albuquerque. The meeting will be open to the public.

RANCHER DIES AT AGE OF 109 YEARS

Rafael Olguin, 109-year-old shepherd of the San Juan, was found dead in his bed at his home yesterday morning. He had enjoyed robust health up to within a few days of his death. Mr. Olguin is survived by six sons and four daughters.

He was born at Pena Blanca and has resided in Sandoval for many years, engaging in the sheep and cattle business. Funeral arrangements will be announced by Crockett, who is in charge.

B THEATRE
TODAY AND TOMORROW
HIGHEST CLASS IN EVERY WAY

"I'LL REPORT YE TO YER CHAUFFEUR!"
She had already had to report the chauffeur to him. This life of domestic service wasn't being quite so easy as she had thought it would be. All the men kept offering kisses for tips.

REALART PICTURES PRESENTS

Constance Binney
in "ROOM AND BOARD"

The story of a girl who inherited a run-down castle, blue blood, and an imposing mortgage. Being Irish and plucky, she changed the castle into an asset, the mortgage into a memory, and herself into the happiest bride in Erin.

ADDED ATTRACTION:
"CIRCUS HEROES"
A Two-part "Percy & Ferdy" Comedy
REGULAR PRICES

LYRIC THEATER
(CONTINUOUS PERFORMANCE FROM 1 TO 11 P. M.)
TODAY AND TOMORROW

Katherine McDonald
—In—
"STRANGER THAN FICTION"
PHONES 118 AND 449.

She's a butterfly. She's Carmen. She's a gangster. She's a stunt-flyer. Four roles in one for Katherine McDonald, the American Beauty, in "Stranger Than Fiction."

Assisted by Wesley Barry
ADDED ATTRACTION:
TOM SANTSCHI
in "THE TEMPEST"
A Drama of the Romantic West
