With the recurring holidays each year is heard the plea, "Do your Christmas Shopping early," but like the seed of the proverbial sower, sometimes it bears fruit, sometimes it incities good intentions, and very often is not beard at add. We are optimistic. We believe that constant sug-gestion will bring results, therefore we reiterate, "Do your Christmas shopping early." We will not go at length into the advantages of shopping NOW. Everyone knows the saying about the early bird. We only wish to say that our shop is read, with the things that the Christ-mas shoppers want. mas shoppers want.

Incidentally, we might remind you that we have add-ed many new lines to those we carried last senson,

HANDKERCHIEFS

We show an unusually large and choice selection of hand embroidered linen handkerchiefs. These deserve special attention, on account of their exquisite work-manship and diversity of design. The same care, how-ever, which has characterized the selection of the higher priced qualities has been displayed in the less expnsive grades, making an assortment from which holiday gifts may be chosen with advantage.

We wish to direct your attention to our hemstitched plain initialed bandkershiets for men and women, in 1-8, 1-4 and 1-2 inch hem in both sheer and the heavier qualities,

LEATHER GOODS

We are showing beautiful effects of the latest ideas in HAND BAGS.

Our collection comprises bags priced from 75c to \$25 cach. They are made in a variety of leathers and col-ors, beautifully lined throughout, the cheaper numbers with silk; the higher priced ones in leather. One num-ber we wish especially to call to your attention is a pin Seal, leather lined throughout, beautifully fitted with coin purse, card case, powder buy, saits bottle and mirror, very specially priced at \$5.00.

GLOVES

The recognized superiority of the make of gioves we curry is assurance enough that we must lead in this line. We have endeavored to make our selections to meet every possible demand for men, women and chi¹³-ren. We can supply your wants for evening dress, street wear, motoring or school gloves.

In long, white kid gloves we have a splendid assort-ment, this item should appeal to women, because the present demand for long white kid gloves in greater than usual, and the social senson is just beginning.
