TWELVE YEAR OLD BOY AT LAKE ARTHUR DISAPPEARED .- WAS FOUND UNCONSCIOUS.

IS SON OF JOE J. BOYD.

Did Not Go Home From School Friday Evening and Was Not Seen Until Eleven O'clock Sunday, When He Was Found Near the Pecos River, Unconscious but Without Perceptible Wounds.

Residents of Lake Arthur report a mysterious case. On Friday afternoon, when Sam Boyd, the twelveyear-old son of Mr. and Mrs. Joe J. Boyd, started home from school he went down toward the Pecos river, but when he did not come home that evening his parents supposed he had nightgone to spend the night with friends across the river. All day Saturday passed, and when he failed to appear Sunday morning a search was begun. At eleven o'clock he was found near the Pecos river in an unconscious condition, but without marks or wounds of any kind. Everything possible was done to revive him, but at eleven o'clock, when an auto left Lake Arthur for Roswell, he was still illness or injury, and his wandaring 2.50@4.25 away from home are all a complete

A Pretty Home Wedding. Albia, Ia., Tribune, Nov. 18.

At the delightful home of Mr. and Mrs. A. A. Mason, on South Main street, last night at eight o'clock oc-

curred the marriage of their daughter, Edna, to Mr. Drew Elliott Prait, of Roswell, New Mexico. The ceremony was performed by Rev. H. G. Rice, and a great multitude of friends of the Judge and his wife and the bride, were present to witness the impressive and solemn ceremony and to congratulate the happy couple in the vows they had taken, and to wish them a long and happy voyage over the matrimonial sea. Mrs. Tisle Mc-Dougal, sister of the bride, played a wedding march, assisted by Miss Lee, of Centerville, with a violin; and preceded by the Rev. and Miss Lulu Godfrey and Miss Edith Skean as maids of honor, and little Miss Martha Mc-Dougal as ring bearer, the couple approached a bower that had been arranged in the south parlor, where they took their stand beneath the festooning of foliage and cut flowers. The ring service of the Presbyterian church was used, after which congratulations were in order by relatives

A two-course supper was served. and the evening was passed in social converse and merrymaking

Very many valuable and handsome gifts were bestowed, including a deed to a house and lot in Roswell, and a substantial check.

On the 23rd inst. they will leave for an extended trip through the west, accompanied by Judge and Mrs. Mason. They will be at home in Roswell after the first of next year.

Mrs. Pruit was born and raised in Albia. She is possessed of all womanly traits of character, and goes to her new home bearing the warmest groom is known here only to the bride and her parents, they having formed his acquaintance while sojourning in New Mexico last winter. He is of gentlemanly bearing and suave manners, and makes friends on acquaintance. He came to know last night that he was taking from one of our best homes a noble girl to become his life partner.

#### SOMETHING DOING UNDER THE CARLSBAD PROJECT.

From Carlsbad Argus.

There is something doing in Carlsbad and throughout the Carlsbad project. Only a few months ago people growled about the large number of vacant houses and other signs of a dead town and country, little knowing that people in all parts of the United States were investigating the resources of the Project, and the opportunities for business in Carlsbad, Loving and Malaga. As soon as the busy season was fairly over these people began to come to see for themselves what was here. Their coming and going were not noted by the people who growled about the place that feeds them. House after house was taken by the incoming people in Carlsbad until today the rental agents are ready to hang out their signs, "standing room only." Every desirable house is occupied and the wide awake men of the town are already considering the advisability of building more houses. In the country lands that have lain idle for many years are again tilled by new owners, who after careful investigation have decided that the climate, the soil, the water supply, the substantial irrigation works give assu rance of a bright and prosperous future. In the country old houses have been remodeled and enlarged, and new houses are going up on lands that are being brought under cultivation for the first time in the history of the Valley. The stream of prospectors is growing larger from week to week, and the population of both Carlsbad and the Project is being add ed to constantly. Up to a few months back, when a sale was made it meant no addition to the population, and the one who sold moved to some other section; now this is changed; the old settler may reduce his holdings, but will retain enough of his land for a profitable farm for himself.

In addition to the general improvements in the town and country, certain public improvements must be who owns the telephone system in this part of the valley, finds that it Is outgrowing the facilities that at one time were considered far in ad- ROSWELL DRUG & JEWELRY CO. vance of requirements. The increase in patrons of the telephone system has necessitated the extension of lines both in the town and in the country. The 141 line has been extended for a considerable distance below the power station, four miles below town. The business of the line became so heavy that an addition
