### ANDREWS' VOTE

Chas. Ballard Will Be the Only Democrat in the Council.—Penasco Returns Not Yet In.—Approximate Majorities of the Local Candidates. Money Carries Ten Counties.

Special to Record (8:57 p. m.)

Santa Fe, N. M., Nov. 10.—The returns received today give Andrews a still greater lead over Money, the former's plurality for delegate to congress being over 5,200. The pluralities by counties are as follows:

For Andrews.	
Colfax	866
Dona Ana	150
Lincoln	70
McKinley	151
Mora	250
Otero	150
Rio Arriba	875
Sandoval	1,050
San Miguel	450
Socorro	450
Taos	250
Torrance	508
Union	100
Valencia	1,084

The counties having pluralities for Money over Andrews are:

Pluralities for Money.	
Bernalillo	181
Chaves	550
Eddy	275
Grant	150
Leonard Wood	21
Luna	103
Roosevelt	390
San Juan	90
Santa Fe	72
Sierra	35

The legislature will stand: House, 19 Republicans, four Democrats and one doubtful.

The Council—Ten administration Republicans, one Catron Republican and one Democrat, C. L. Ballard of Roswell.

### Result in Eddy County.

Special to The Record.  
Carlsbad, N. M., Nov. 10.—Majorities so far in Eddy county are as follows: Money, 179; Ballard for council, 231; Ellis for house, 111. The two precincts not in will add about one hundred to the Democratic majorities all around.

### SLOW COMING IN.

The Local Returns are not All In Yet. Will Change Majorities Only.

The Plains precinct box got in yesterday, but neither the Glen nor Penasco box are in as The Record goes to press. However, the unofficial vote of both the Plains and Glen have been brought in. In the Plains precinct 32 votes were cast and every vote was a straight ticket. There were four votes for the Republican candidates and 23 votes for the Democratic ticket. Glen cast 35 votes as follows:

- Odem, 12; Woodruff, 23.
- Money, 18; Andrews, 17.
- Ellis, 17; Prager, 17.
- Ballard, 24; Tempke, 11.
- T. C. Tillotson is expected in this afternoon with the penasco returns.

With this precinct to hear from the majorities are as follows: Money, 481; Ballard, 655; Ellis, 197; Woodruff, 112.

From the special to The Record from Santa Fe it is certain Ballard is elected, being the only Democrat elected to the Council, but by what majority is now uncertain.

Money will carry Eddy county by about 275, Chaves county by about 500, and Roosevelt by about 400.

No farther returns are in from Lincoln county today. Ellis carries Eddy by about 200, Chaves by a little more than 200, and it is probable that he will carry Roosevelt by more than 400, which will make his majority in the district 800 less Prager's majority in Lincoln county which may be about 300.

Woodruff's majority will be right around the 100 point.

### ADAMS ELECTED.

Colorado Republicans Concede the Defeat of Peabody.

Denver, Colo., Nov. 11.—The Republicans now concede the election of Adams for governor on the face of the returns. The Democrats claim his plurality will reach 10,000. The rest of the state ticket is in doubt, although it is almost certain that Greenfell, Democratic candidate for superintendent of public instruction, is elected. The Denver News claims that Adams plurality is 9,646. The returns are still incomplete from many counties. The Denver Republican quotes Chairman Fairley with the statement that the entire Republican ticket is elected excepting Peabody. He says Peabody will come to Denver on even terms with Adams.

LATER.—Revised figures show all three Republican congressmen to be elected, Brook for congressman at large by 2,975 plurality; Bonygne by 2,785 and Hogg by 6,026.

### WEST VIRGINIA.

Everything Conceded to Republicans Including Five Congressmen and the Legislature.

Parkersburg, W. Va., Nov. 11.—The Democrats have conceded everything to the Republicans in West Virginia including five congressmen and the state legislature. The only dispute is as to the size of the majority for governor. The Republicans claim 10,000 majority, but the Democrats say it is only 5,000.

### THE GEATON CASE.

The Famous Murder Trial is Now on.—Jury is Secured and Territorial Begins its Case.

After exhausting the regular venire of jurymen and summoning several special venires a jury was at last secured in the famous Geaton case. The men who are to pass upon the life of the accused are,—Sim Newman, S. O. Crum, J. H. Charles, G. W. Bewling, Samuel Brown, G. N. Amis, J. R. Hart, R. H. McCune, J. V. Causey, L. S. Cass, Chris Totten, M. B. Garston.

The first witness for the Territory was the Mexican Chaves who testified as to the finding of the body in North Spring River. Sheriff Fred Higgins was the next witness on the stand, and is testifying as The Record goes to press.

### COMING TO ROSWELL.

Brigadier Ludgate of the Salvation Army is Expected Tonight.

Brigadier J. C. Ludgate, commander of the forces of the Rocky Mountain Chief Division, comprising the states and territories of Colorado, Wyoming, New Mexico and southwestern portion of Texas, will be in Roswell on Saturday and Sunday, November 12th and 13th to conduct a series of Salvation meetings in the Salvation Army tent on Main street. The Brigadier is a good speaker, a good singer and a good musician, and every one should make it a point to attend every one of his meetings. Our tent now is warm and comfortable and you need not fear catching cold.

On Saturday night the Brigadier will deliver his famous lecture, "Echoes from the International Congress." If you miss this you will miss a treat and will never have an opportunity to hear it again.

Sunday's meetings, both indoor and out, will be of the old time Salvation Army order, and, at night the dedication of two children.

Don't fail to take in all these meetings, no charge made, and all are welcome.

CAPT. & MRS. GRAHAM, Officers in Charge.

### M. K. & T. FLYER WRECKED.

The Fireman Was Killed and Ten Persons Injured.

Kansas City, Mo., Nov. 11.—The north bound Missouri, Kansas and Texas passenger train No. 110 known as "The Flyer," was wrecked today at South Mound Kansas. John Farrell, of Parsons, Kansas, the fireman, was killed, and ten persons were injured, two seriously. Among the injured were L. D. Montgomery of Dallas and Chester Godfer and A. W. Edmondson of Byron, Texas. The train was running at the rate of 40 miles per hour when the wreck occurred. The tender jumped the track carrying with it the engine, baggage and mail car, smoker and coach and two regular coaches. The injured were in the smoker which was badly damaged.

### BROKERAGE CO. ASSIGNS.

Concern Has Offices in Various Cities of the Country.

Boston, Mass., Nov. 11.—The Federal Stock and Grain Co., a brokerage concern having offices in various cities of the country, assigned today for the benefit of its creditors. The main office of the company is in this city.

The company was one of the largest concerns not connected with a stock exchange doing business in the east. Its capital was \$200,000 and it had five offices in this city. The recent rise in stocks was the cause of the suspension.

### To Welcome Prince Fushimi.

Washington, Nov. 11.—Assistant Secretary of State Pierce is busy just now preparing for the reception and entertainment of Prince Fushimi, a nephew of the Emperor of Japan who is expected in Washington next week. President Roosevelt will, of course, give a dinner for the Prince at the White House. As a member of the ruling house of Japan he will be entitled to a military escort while in Washington, as was Prince Henry of Prussia, who visited the United States two years ago. Another feature of the entertainment in honor of the Prince will be a brilliant reception at the Japanese legation.

### Irrigation Congress Promising.

El Paso, Tex., Nov. 11.—The twelfth National Irrigation Congress, which will open here next Tuesday, promises to be the largest and most influential we have plenty of fuel on body of the kind which has yet assembled in this country. The advance guard of delegates and visitors is already beginning to put in an appearance, and today the local arrangements committee and their colleagues of the national committee have been busy completing the final details of the convention program. The work of the congress will be divided into various sections for the discussion of matters relating directly or indirectly to the irrigation movement. There will be papers and discussions dealing with the increasing of production by irrigation in the Atlantic states as well as in the Pacific section; the forestry problem in New England, and along the Appalachian chain, as well as along the Rockies and Sierras, engineering applied to protect from devastation by flood, and drainage, climatology and rural settlement.

### Mrs. Riley Dead.

Last evening at 9:45 Mrs. Riley died at her residence on the South Hill. She had been here several months as a health seeker and was improving, but Wednesday she was taken with pneumonia and her weakened constitution was unable to effectively resist the disease. Her husband travels for the Cudahy Packing Co. and was not at home at the time of Mrs. Riley's death. He has been communicated with, and no funeral arrangements will be made until his returns.

### ARTESIA.

Miss Hunt's roomy house on West Main is going up rapidly. It is already rented.

We had some ice this morning on tubs or buckets of water outside. The leaves on many trees, however, are as green as summer. Even some tall castor beans are holding their foliage.

Mr. Burroughs, who bought the Ferguson place on Richardson avenue,

in the summer, has sold the town place and bought the Stephens farm of 320 acres.

Out on the John Richey ranch north of town they have struck a big flow. The well is said to be the equal of any yet struck in the Artesia country.

At the home of Mrs. Robert M. Ross on Wednesday was held the initial meeting of the new Woman's Club. The name was changed to the Woman's Literary Club, and colors and motto were adopted. The membership limit was placed at twenty. The committee on constitution and by-laws, Mesdames Gore, Sholars and Benson, reported and the document was adopted by article. The committee on program for the year, Mesdames Martin, Kemp and Cecil, also presented the outline for the year's work in English History. The next meeting will be at the home of Mrs. Allison, Wednesday, Nov. 23. Mrs. Martin is to lead and the subject will be "The Saxon Period." The members present Wednesday last were Mesdames Atkeson, Phillips, Benson, Kemp, Sholars, Martin, Cecil, Hodges, Gore and Ross.

## TALK OF PEACE

BUT AS YET THERE IS NO PEACE IN FAR EAST.

### MUCH DISCUSSION

Russians are Building Dugouts Near Mukden.—Both Sides Seem Content With a Suspension of Hostilities.—Not Believed That Oyama Will Attempt to Take Mukden.

London, Nov. 11.—A dispatch of the Associated Press from Washington confirming the statement made in yesterday's dispatches that Japan has indicated her willingness to entertain peace suggestions from President Roosevelt or King Edward created much interest here. Baron Hayashi said today: "After the fall of Port Arthur Japan would, I believe, be ready to treat for peace on the higher essential basis that Russia would evacuate Manchuria. Japan also agreeing to a similar evacuation. The two great difficulties in the way of any suggestion of peace are first the apparent opposition of Emperor Nicholas' present advisers to a settlement of any kind, second the preservation of Russian prestige. When a nation's prestige, if not gone is severely impaired it is a difficult matter even with the best intentions to preserve it."

The Associated Press learns that Queen Alexandria has been in constant communication with the Empress Dowager of Russia and Emperor Nicholas himself during the last few days. This is interpreted here as a hopeful sign and as possibly likely to lead though not in the immediate future, to the establishment of some modus vivendi whereby steps looking to arbitration might be initiated without offense to Russia.

Baron Hayashi, the Japanese minister said today that he had no news from Port Arthur in regard to its capitulation and discredited all such rumors.

Ignored by Russian Papers.  
St. Petersburg, Nov. 11.—It is considered significant that the Russian newspapers ignore Lord Lansdowne's suggestion regarding Russo-Japanese arbitration. They appear to be more concerned with his utterances on the subject of punishment of the Russian naval officers concerned in the North sea incident, which they regard as premature, declaring it will be time enough to talk of punishment when the commission establishes their culpability.

A dispatch received here today from General Sakharoff announces that last night passed quietly. He also reports that there were a couple of unimportant outpost affairs the previous day.

French Officials Know Nothing.  
Paris, Nov. 11.—The officials here profess to be unaware of the reported joint movement for mediation by Great Britain, France and the United States. It is pointed out that the main features of the situation are as follows: Japan is evidently weary of the war and desires the re-establishment of peace. Japan naturally looks to Great Britain and the United States to assist towards the cessation of hostilities. France as an ally has no influence with Japan, but has influence at St. Petersburg, whereas Great Britain and the United States do not exert a strong influence at St. Petersburg. Therefore France's only activity in such a joint affair would be at St. Petersburg. France does not desire to exert an influence with Rus-

sia which would be distasteful to her or tend to weaken the alliance. Therefore France will use the utmost circumspection concerning any joint movement.

### Exchange of Artillery Fire.

Mukden, Nov. 11.—There was a heavy exchange of artillery fire yesterday at the Russian right center. The Russian batteries began shelling the Japanese trenches and the Japanese batteries responded. During the night Russian volunteers dislodged a detachment of Japanese infantry from the trenches in front of Lone Tree hill. The Japanese continue to show activity on the left flank without, however, engaging in any serious movements. Comfortable dugouts are being built along the Russian lines and the soldiers seem to think that they will winter where they are. The idea that Field Marshal Oyama contemplates an attempt to take Mukden is not generally entertained. Both sides seem contented for the present with the suspension of hostilities. Warm clothing has been distributed among the troops.

St. Petersburg, Nov. 11.—There is a persistent but unconfirmed rumor here that General Grippenberg, commander of the Russian second army, has been stricken with apoplexy at Hilna. It is said that he had a stroke two years ago. Therefore his selection to command the second army created surprise at the war office.

### Revised Casualty List.

St. Petersburg, Nov. 11.—A corrected list of casualties of the ten days battle of Shalke river issued by the war office places the total killed and wounded at 22,350 of whom 900 were officers. The first returns contained duplications and some men were slightly wounded that they returned to the ranks in a few days.

### Soloists for Recital Monday Evening.

On the program to be given Monday evening under the direction of Miss Gardner for the benefit of the military company will appear the following soloists: Mrs. Gansul, Mrs. Page, Miss Rabb, Miss Norfleet, Mr. Stevens, Mr. Paylor, Mr. Hamilton and Prof. Axelsson. The program will be interspersed with quartets, string music, etc. Tickets will be on sale Monday at Daniel's drug store.

### On to El Paso.

If those who intend to go to El Paso to the Irrigation Congress will call up The Record office in the morning by phone, room may be reserved for them in a Pullman which may be chartered to take them to El Paso and return and at the same time be their home while in the city.

### Mr. and Mrs. Gatewood Entertain.

Last evening Mr. and Mrs. W. W. Gatewood entertained a number of their friends in honor of Mr. and Mrs. Grover of St. Louis who are visiting them. Mrs. Grover is a sister of Mrs. Gatewood. About thirty guests were present and the occasion was one of much pleasure and merriment.

Richey & DeFrest struck a big flow in their artesian well yesterday. The flow is five feet over a six-inch casing. The well is on the Richey tract about six miles northeast of Artesia. This is one of the largest wells in the Valley. It will irrigate a section of land.

THE RECORD IS THE OFFICIAL PAPER OF THE COUNTY OF CHAVES AND THE CITY OF ROSWELL.

All advertisements to insure insertion in the same day's issue of The Record should be in the printer's hands before eleven o'clock in the morning. Orders for taking out any standing ad. should also be in the office by eleven o'clock to prevent its being run that day.

Were you one of the scratchers?

Woodruff's appointments will be watched with interest.

Charlie Ballard will be the only Democrat in the Council.

Massachusetts, Minnesota, Colorado and Missouri have Democratic governors.

Money's majority in the Valley will be about 1,200, and Ellis' majority near four hundred.

It is all over now, let's go to work to pushing Roswell and the Pecos Valley to the front.

The only thing that will justify a Democrat in scratching, the way we look at it is the itch.

Roosevelt declares he will not ask for another term. Parker will also probably keep his word and not ask for a second term.

We copy today an editorial from that Republican organ the St. Louis Globe-Democrat showing the Republican view of it, which is not far from right.

Democrats should stop this "getting even" talk. Getting even is the poorest business the Devil ever mapped out for mortals. The thing for Democrats to do is not to "get even" but get together. There is a future.

**BRYAN AGAIN IN THE SADDLE.**

St. Louis Globe-Democrat (Rep.)

The overwhelming and contemptuous casting out of Parker and the Cleveland element of the Democracy yesterday will place Bryan's star again in the ascendant. The so-called conservative members of the Democracy have tried their hand at campaigning, and they have been beaten worse than the radicals were in 1896 or 1900. Bryan has been vindicated by the stupendous majority which has been rolled up against the man whom he opposed and denounced previous to the St. Louis convention, and whom he fought in that gathering.

A few days after the nomination of Parker the announcement was made by Bryan that he would immediately after the election, start out to reorganize the Democracy on radical lines. He said he would do this whether Parker lost or won. He is now in a position to carry out his promise. This work he can enter on under the best possible auspices. All his enemies in the Democracy are overthrown and discredited. There is no living thing in the United States so poor as to do any reverence to Parker, Cleveland, Pulitzer, Watterson or the rest of the spokesmen or tooters in the crusade which turned Bryan down in the St. Louis convention and nominated a man whom Bryan said was unworthy to lead his party even to defeat.

It is noticed in the wreck in New York that William R. Hearst is re-elected to congress. Hearst was an aspirant for the Democratic presidential nomination at St. Louis. All his papers said before and during the convention that Parker was unworthy of any honors at the hands of the Democracy. Not one of those papers, though still professing to be Democratic, had a good word to say for Parker during the canvass. Every one of them called out often and emphatically that Cleveland, Olney and the rest of the flag furlers should be ta-

ken off the stump. Hearst is vindicated by the magnificent majority which has been rolled up against Parker. Bryan, Hearst and Watson will overhaul the Democratic party in the next year or two and leave no place in it for Cleveland, Parker, Hill, Gor-

man or any of the other bosses who assisted in bringing about yesterday's razzle-dazzle. There are some very picturesque transmutations in store for the historic old Democracy between this time and the meeting of the national conventions of 1903.

Hagerman is 22 miles south of Roswell, in the heart of the Great Northern Canal system country. More alfalfa is shipped from Hagerman than any point in the southwest. Hagerman has a bank under construction, several good business houses and churches; as good a school as you will find in the valley. So do not buy until you investigate.

It had a very bad cough and the parents did not know what to give it. #### Only Makes a Bad Matter Worse.

Perhaps you have never thought of it, but the fact must be apparent to every one that constipation is caused by a lack of water in the system, and the use of drastic cathartics like the old fashioned pills only makes a bad matter worse. Chamberlain's Stomach and Liver Tablets are much more mild and gentle in their effect, and when the proper dose is taken their action is so natural that one can hardly realize it is the effect of a medicine. Try a 25 cent bottle of them. For sale by all druggists.

WANTED.—Two dining room girls. Apply at once at the Grand Central.

#### Chamberlain's Cough Remedy is Pleasant to Take.

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. L. Roderick, of Poolesville, Md., in speaking of this remedy says: "I have used Chamberlain's Cough Remedy with my children for several years and can truthfully say it is the best preparation of the kind I know of. The children like to take it and it has no injurious effect. For sale by all druggists."

#### INFORMAL RECEPTION.

Mrs. and Miss Costa Entertain in Honor of Rev. Twitty and Wife.

On Wednesday evening, November 9th, Mrs. and Miss Costa gave an informal reception at their home to a few of their Methodist friends in honor of Rev. Dr. S. R. Twitty and wife, formerly of Nashville, Tenn. Dr. Twitty is now pastor of the First Methodist church, south, and although he and his wife have been in Roswell but a short time, they have endeared themselves to all who know them. It afforded great pleasure to those present to meet them. A most enjoyable evening was spent with various amusements, among which was "Unsent Telegrams." Each guest wrote a telegram formed by the letters of his name, using each letter in sequence as the first letter of a word. Many amusing and original ones were written of which a few are as follows: "Few Rats Are Now Killed Safely."

"Tell William I Tried To Yield."

"Come Over, Break Eggs and Noses."

"Thomas Will In Time Tell You."

"Have All Musical Idiots Left Town Or Not?"

"Stand True in Love Well Ends Long Love-Scrapes."

Music was rendered during the evening. Miss McCune sang "Marguerite." Miss Costa sang several selections. Mrs. Williams gave two readings which were much enjoyed. Mr. Williams delighted the company with his rendition of "Love's Old Sweet Song," in a rich baritone voice.

Delicious refreshments were served. The following were present:

Mr. and Mrs. S. R. Twitty, Mr. and Mrs. R. M. Parsons, Mr. and Mrs. R. S. Hamilton, Mr. and Mrs. Shaver, Mr. and Mrs. Williams, Mr. and Mrs. Samuel Brown, Dr. and Mrs. Walter Buckley; Mesdames Kirby, Franks, Dills, Nordteet, Cobean, Craig, Costa; Misses Lillie Robinson, Carlton, McCune, Myrtle Hankla, Eva Higday, Sadie Costa; Messrs. Stillwell and Williamson.

#### WOMAN'S CLUB.

The American Stage Was the Subject Under Discussion.

The American Stage was the topic discussed at the Woman's Club Wednesday afternoon. Mrs. C. A. Baker who had the day in charge, in her introductory remarks gave a brief history of the stage, touching on its growth and its past and present standing. Mrs. Bonny told of the Dean of the American stage, Joseph Jefferson, going at length into this many-sided man's brilliant career. Miss Dillard gave such a delightful insight of the best loved perhaps of all American actresses, Clara Morris, one felt as if they had really had a chat with this noble woman when Miss Dillard finished her paper.

Mrs. Norvell read so much that is new and old of the Booths, her paper was full of most interesting facts concerning this famous family.

Julia Marlowe and E. H. Sothorn were handled most entertainingly by Mrs. White.

The program closed with a paper on Richard Mansfield, by Mrs. Baker. She dealt with this man's ideals in his art and his life exhaustively.

There was an unusually large percentage of the members present, who gave an earnest and interested attention to the excellent program.

THE DOUBLE BREASTED SUIT IS IN VOGUE

Never has the double breasted sack been so popular as now, and this famous mark of quality. There are good reasons for this. The Alfred Benjamin & Co's. double breasted is a pre-eminent stylish suit, trimmed and tailored in the custom manner from the most dressy and durable fabrics. The long, wide peaked lapels and shapely shoulders give a distinction rarely found in ready made clothes. The price is right.

YOUR OVERCOAT The "Crofton" Style

was introduced into America by Alfred Benjamin & Co., Makers, New York. It originated in London years ago, but was adopted in this country at a comparatively recent date. The "Crofton" is not the ordinary belted overcoat. It has all the characteristics of its English prototype—the tourist coat—with a certain charm of cut that only American designers can give to a garment. Made from English and Scotch mixtures in the best custom manner. Fifty inches in length. The ideal coat for street wear or travel. Our prices are always moderate.
