ROSWELL DAILY RECORD.

VOLUME 7.

ROSWELL, NEW MEXICO, TUESDAY EVENING, JULY 13, 1909

NUMBER 113

COMPANY 1 WINS RACE

The race of the two horse companies of the Roswell Fire Department on Main street at seven o'clock last night was an event in which general interest was taken and which proved entertaining for all. Company No. 1, received the silver cup, making the three blocks' run, coupling and turning on water in sixty seconds. Company No. 2 turned on water eight seconds later. But the race is to be run over, on account of the fact that the winner had a little the shorter course to run and unintentionally "fudged up" a little at the start. The race will be run again next Monday evening at 7:30 on Main street and again the public is invited.

At seven o'clock the fire alarm sounded and the two wagons appeared out of the department house. First came Chief Whitehead; then wagon and Company No. 1, the old wagon with the lighter team, Jack Highman as foreman, Del Gregston, driver and Ewey Thackeray, Daniel Kirkpatrick and Ted Cordett hosenmen. Then appeared Assistant Chief Walter Gill, followed by company and wagon No. 2, the new wagon drawn by the heavy team of horses, ridden by Walter Davis, captain of the two teams, E. L. Cooper, foreman of Company No. 2, Carroll Smith driver and Henry Sellock and Walter Goldsmith hosenmen.

No. 1 took its position at the corner of Main and First street, to run north to Fourth street, a distance of three blocks. No. 2 took position at the corner of Fifth and Main, to run south to Second. At the drop of the flag, by O. Z. Finley, judge and time-keeper, both teams were to start and the one reaching the end of the three block run and turning on water first was to receive the award. The instant after Judge Finley raised the flag, No. 1 started to run, expecting the flag to be dropped immediately. But the flag was held in the air four seconds and then dropped. No. 1 stopped when the flag was not dropped, and then both started together when the right signal was given. In this way No. 1 had gained a little ground, estimated by different witnesses all the way from 25 to 100 feet. But the gain was not enough to make up eight seconds of time, and the judges awarded the cup to No. 1. Mayor Richardson delivered the cup with an appropriate speech.

The race was very exciting. The people, with their shouting, talk and laughter and by crowding out into the street, had interfered seriously with the start, but when the race was on they kept back nicely. Both companies put on fine exhibitions of running. Here they came, from both north and south. Passing each other near the judges' stand at the Third street corner they ran one more block to the hydrant stations. There is no discounting the fact that on this occasion No. 1 made the quickest coupling at the hydrant and this fact was influential in causing the decision to be made in spite of the bad start.

Both companies did splendidly and each has its friends and supporters. Either one can beat anything in the territory and it is yet to be seen which one will keep the cup. Both sides are confident of winning the race next Monday evening, and both sides are willing to run it again. No. 2 having formally challenged No. 1 this morning.

A point to be considered is that the court house block is 32 feet longer than the Grand Central block. In this the winners last night again had the better of the deal. This will be con-

sidered next Monday night. The course will be carefully measured. The start will be supervised by additional judges and the manner of making the coupling will be watched by them, also.

A noticeable point last night was the splendid appearance and condition of both wagons. Every piece of metal was shining. Every tool and article of use was in place.

The Silver cup awarded in this race is a gift from Chief Whitehead and Assistant Chief Gill. It is open to contest at all times and must be held by any one company only by meeting all corners. The Department offers a hundred dollars in cash additional to any out-of-town hose company that will come here and win it.

In his presentation speech last night Mayor Richardson stated that he had watched the growth of the Roswell Fire Department from a bucket brigade twenty years ago to its present magnificent organization, the best in the territory. At this statement the crowd cheered lustily. Probably a thousand people were Jack to see the exhibition, and the number will no doubt be doubled next Monday night.

ELKS TUESDAY NIGHT.

Regular meeting of Roswell Lodge No. 969, B. P. O. E. Tuesday, July 13th. A full attendance is desired as this is the only meeting this month. Lodge opens promptly at 7:30.

JACK JOHNSON SIGNS UP TO FIGHT AL KAUFMAN.
Chicago, July 12.—Jack Johnson yesterday accepted a guarantee of \$10,000 for a twenty round battle with Al Kaufman, the coast heavy weight, for August 27. The battle will take place at the Mission Club in San Francisco.

A GREAT TURF SPRINTER RETIRED TO A FARM.

New York, July 13.—Rosenben, the one time greatest sprinter of the American turf, has been retired to the Wadsworth farm near New York. Rosenben broke down hopelessly after the Sheepshead race ten days ago when he was the medium of a heavy plunge by Davey Johnson, his owner, who bet thirty thousand dollars in a day and established the seven furlongs' world's record of 1:22.

FIRST SESSION OF GRAND LODGE OF ELKS TODAY.

Los Angeles, July 13.—The first session of the Grand Lodge of Elks was held this morning. Balloting for the grand lodge officers is now in progress but the result will not be known until late tonight. Today at Santa Monica thousands attended the Spanish sports, regatta and concert.

NELSON AND WOLGAST FIGHT TEN ROUNDS TONIGHT.

Los Angeles, July 13.—Battling Nelson and Ad Wolgast fight ten rounds at Grand Junction tonight at 133 at the ring side. Nelson is a six to ten favorite with even money wagered that he will not put Wolgast out in ten rounds.

CREST OF FLOOD PASSED TODAY AT KANSAS CITY.

Kansas City, Mo., July 13.—It is now believed that the crest of the flood has been reached and the waters are now subsiding. The Santa Fe resumed traffic to Chicago and the 2,000 people held in Kansas City by inefficient train service are now proceeding. The delay caused much hardship to travelers. The Mississippi has reached 33.4 feet at St. Louis this morning.

PERSIAN CAPITAL IN THE HANDS OF NATIONALISTS.

Teheran, Persia, July 13.—A thousand Nationalists entered the city at five o'clock this morning by three gates and the northern section of the city was soon in their hands. The Shah is expected momentarily to take refuge in one of the legations. The royalist troops occupy the central square and it is expected the nationalists will attack their position. Should the royalists refuse to surrender a battle will occur. Many of the royalists have deserted and the parliament buildings are in possession of Sipadar and Sardahasad, the nationalist leaders. The office of the Inter-European Telegraph Company is the only line working and it is now under fire.

THE CONFEREES WORKING ON THE TARIFF BILL.

Washington, July 13.—The conferees on the tariff bill this morning took up the lumber schedule. It is expected that the house conferees will make a strong fight for dollar lumber which was defeated in the senate. After a short discussion the public schedule will probably be put over until later.

The members of the senate finance committee are preparing a statement in reply to the charges made that the senate amendments will result in increasing the cost of woolen and cotton clothing, shoes and the other necessities of life. The statement will show that the rate on shoes has been reduced and that there is no increase on woolens and cottons. A list of 500 decreases will follow and an effort will be made to show that nearly all the increases are but provisions for the collection of rates fixed by the Dingley law and set aside by misinterpretation.

Franchise Tax.

Albany, N. Y., July 12.—As the first step toward reviewing unpaid special franchise taxes, involving \$41,000,000 in the state, an extraordinary term of the Erie county branch of the supreme court is called for today by Governor Hughes.

W. A. Wilson has bought of J. B. Cecil, of Artesia, a handsome new Carter Car of the three passenger runabout style. It has a four-cylinder engine with 22 horse power.

W. J. BRYAN TO W. TAFT

Lincoln, Neb., July 13.—William J. Bryan today addressed a letter to President Taft asking that the people be let vote on the popular election of senators. The letter says:

"Now that the states are going to vote on the ratification of an amendment specifically authorizing an income tax, why not give them a chance to vote an amendment providing for the election of United States Senators by popular vote. In your speech of acceptance you said you were personally inclined to favor such a change in the constitution. Would this not be an opportune time to present the subject to congress? The two constitutional amendments authorizing an income tax and the popular election of senators would make this administration memorable and I pledge you every assistance I can render in securing the ratification of these amendments."

DRESSMAKING, 320 E. 5th 1014

The Boston Wool Market.

Boston, Mass., July 13.—Large receipts, firm prices and average shipments are the features of the wool market. Considerable new business is reported at a time when it is usually extremely dull in both domestic and foreign grades. It is estimated that four million pounds of Montana wool changed hands during the last ten days. The bulk of the selling was in the natural state at 96.

THE SITUATION IN BOLIVIA.

La Paz, July 13.—The ministers of Peru and Argentina are awaiting final instructions from their governments as to their course of action over the continued hostile demonstrations against the legations here. The Peruvians living in Bolivia are commencing to leave the country.

REVOLUTIONISTS SURRENDER IN COLUMBIA. S. A.

Bogota, Columbia, July 13.—General Ortiz, chief of the revolutionists, has surrendered to the government authorities and turned over the steamers and munitions of war taken from the government ten days ago.

CATHOLIC EDUCATORS IN CONVENTION IN BOSTON.

Boston, July 13.—The convention of the Catholic Educational Association opened this morning. The delegates were greeted by archbishop William H. O'Connell. Many of the distinguished educators of the Catholic church were present and the purpose of the convention is to bring about closer cooperation of the Catholic educators.

JOHNSON CONFESSES TO VERY MANY BIGAMIES.

San Francisco, July 13.—Christian C. Johnson, sentenced yesterday to seven years for bigamy, is said to have confessed today that he is the mysterious "John Madison" wanted throughout the country for bigamy and the systematic swindling of women by promises of marriage. Johnson's confession is full of inconsistencies and the police do not give it full credence. Johnson declared in his confession that he has been married to so many women that he cannot count them off hand.

"In 1906," Johnson said, "I quit my business of buying horses and from that day made my living by marrying and making love to women, supplying their money and deserting them. I have done this in ten states, at one of Portland and at other places in the central states."

It all upon them. "They kept me broke all the time," he said.

Johnson was born in Germany and formerly bought horses for the government. He married the first of his many wives, Mrs. Mary Brown, at Springfield, Mass., in 1905. He says he only married one woman under the name of Madison, getting \$1800 from her, "because she said she loved me." Johnson gives a list of 18 of his victims scattered throughout the country.

Miss Bertha Tripp, mother and father, Mr. and Mrs. S. R. Tripp, and brother, M. R. Tripp arrived Sunday night from Petaluma, Calif., and expect to locate in Roswell or vicinity. Miss Tripp is a trained nurse and can be found at 203 N. Washington, Ave.

Aden Brings On Three Cars.

C. R. Aden, who recently returned from an extended trip east upon which he secured the agency in Roswell for the Oakland Motor Car Company, of Pontiac, Mich., has brought on three of that company's cars as the first installment of his agency. The cars are all four-cylinder, forty horse power machines, some with seats for four and some three. They are built for heavy climbing, as well as for speed and make a decidedly neat appearance.

"THAT PRINCE OF TRAITORS," THOMAS PAINE.

London, July 12.—During "the times that tried men's souls," England placed a price upon the head of "that prince of traitors," Thomas Paine, thus esteeming the cranial appendage of the stormy petrel of the American revolution as of even greater importance than that of George Washington. Paine's great work, "The Rights of Man," stung the British autocrats to the quick, and its suppression was looked upon as a vital necessity.

While Paine is still denied his meed of honor and rightful place in history by the prejudices of that America he did so much to free, British newspapers, in the centenary year of his death, are recalling with pride that Paine was of English birth. Practically all of the great papers of England, including the Times, Mail, News and Manchester Guardian, have recently published appreciations of Paine, and a movement has been set on foot to erect at his birthplace in Thetford a magnificent monument to his memory.

English newspapers have praised Paine principally as a journalist, the Manchester Guardian referring to him as "the first journalist in the fullest and best modern sense of the word" and the first "to realize the value and power of a cheap press."

It is also pointed out that Paine was responsible for the first newspaper "beat" when, as a Philadelphia journalist, he answered a speech by the king before it reached America and had the journal containing his answer on the streets when the king's speech arrived.

The London Daily News says that Paine was more than a century ahead of his time, and declares that Paine's religious views have won such wide acceptance as to permit the election to the Presidency of the United States of a man who entertains similar religious opinions.

The Daily News adds that to Paine is due the first project of international arbitration, and also that Paine was the first to declare for the emancipation of the slaves, the first to champion the cause of woman, to insist upon the rights of animals, and to expose the criminal folly of duelling.

Perhaps the most interesting matter in regard to Paine which the Daily News points out is that he formulated, in the second part of "The Rights of Man," a detailed scheme for old age pensions and a graduated income tax. These radical reforms, the suggestion of which more than a century ago caused the English government to offer a liberal reward for Paine's head are now in full force and effect.

It is said that several thousand pounds have already been offered by wealthy admirers of Paine toward the monument at Thetford, and that the project now appears to be a certainty. There is only one small Paine memorial in America, and the English memorial will be so much more imposing as to serve as proof that "republicans are ungrateful." As one London paper says: "The monument should be erected, if only to show that monarchical England can be more magnanimous to its greatest enemy than republican America to its foremost friend."

THE HARVESTER TRUSTS' GRIP ON THE COUNTRY.

Special to The Record.

Washington, July 13.—The United States renave has again heard the story of the harvester trust, the friend and ally of the Republican party.

To deaf ears on the majority side of the senate, Senator Stone of Missouri narrated, step by step, the organization of one of the most infamous industrial combinations in the world.

The harvester trust has done what the agricultural implement business what the Standard Oil company has done to the oil business. Only it has performed more work in the dark than Standard Oil.

The Rockefeller of the harvester trust is J. Pierpont Morgan, although 90 per cent of the farmers are not aware of it. The firm of J. P. Morgan & Co., through George W. Perkins, organized the International Harvester company of New Jersey in 1902. This merger swallowed all the properties of the McCormick Harvesting Machine company, the Deering Harvesting Machine Company, The Champion, the Plano, and the Milwaukee Harvesting Machine Company, representing 80 per cent of the business of the country. Other smaller concerns have since been forced to sell. Then came the organization of the International Harvester Company of America, under the laws of Wisconsin.

Mr. Morgan is president, and Mr. Perkins is director, of both companies. The New Jersey corporation is the manufacturing concern and the America is its selling agent. The new corporation continues to manufacture the machines of the various former companies, preserving their separate makes and identities, and sells them at a uniform price. There is now no competition as to the prices on these machines, which are advanced regularly and systematically. When a small concern attempts to undersell the trust, it is swallowed.

Promoter Perkins, on the witness stand in New York, admitted that the trust had purchased the D. M. Osborne Company's business, because that concern cut the prices of harvesters and mowers abroad and at home.

Arkansas has banished the harvester trust from its state. A commission appointed by the supreme court of Kansas has investigated the International Harvester Company of America and in his report finds the concern is a trust and a monopoly doing business in violation of the laws of the state. An ouster suit is being vigorously pressed against the harvester trust in Missouri by Attorney General Elliott W. Major.

The local department of the federal government refuses steadfastly to become interested in the wealth of damaging evidence that has been taken against the harvester trust. The harvester trust assists in keeping the Republican party in power, and in return payment receives excessive protection, immunity from prosecution, and the privilege of extorting most any price it wishes from the American farmer. The trust now controls 85 per cent of the implement business. It was shown in the senate that the trust was extorting unreasonably high prices. An amendment placing agricultural implements on the free list was submitted and defeated by the Administration.

The wickedness of the harvester trust is a long, long story. Although in 1907 it cleared \$8,000,000 in profits at the beginning of 1908 it advanced prices to the whole seller 5 per cent. For example, a 6 foot binder was boosted from \$95 to \$107.50, based on the sales of \$46,000,000 in 1907, the 5 per cent. increase would aggregate approximately two and one-half million dollars.

But to secure a good idea of Mr. Morgan's creation read part of a speech made in the Senate on January 22, 1908, by Senator Hansbrough of North Dakota.

"At the time this monopoly was created the average price of a self-binder to a farmer in my part of the country was from \$95 to \$105. Today the same machine costs \$145.

"That is not all. The trust has obtained a control over binding twine, and over several manufacturing establishments devoted to the making of engines, cream separators and manure spreaders. They have also secured a monopoly of the harness business as well as other necessary articles, to capture and control the delegates who will represent that state in the next Republican national convention.

"Not alone this, but the effect has gone forth from this monopoly that I am to be defeated for the United States senate because I had the temerity to offer a resolution of investigation."

Senator Hansbrough revealed the harvester trust in Congress, and now his seat in the Senate is occupied by another.

FROM ROSWELL TO CARRIZO IN EIGHT HOURS.

J. W. Stockard, of the Roswell Auto Company returned Sunday over the auto route via Torrance from Carrizozo, where he delivered the Model 16 Buick that was sold last week to Sheriff Stevens, of Lincoln county. His auto trip from Roswell to Carrizozo was full of interest, and was made in eight hours, actual running time. Mr. Stockard's verdict is that the auto road from Roswell to Carrizozo is not only practical but can be easily accomplished. The Piecho hill is an easy proposition compared with the Nogal hill, he says.

With Mr. Stockard driving and Messrs. Holiday and Hunt as passengers, the car left Roswell at 7:10 Saturday morning. Passing over the Piecho hill road, the party reached Lincoln in time for dinner, having stopped at the junction of the Bonito and Ruloso for a short time on the way. After a two hours' rest at Lincoln, the road was taken again and although they stopped at Captan, the Rock Island tank on top of Nogal hill and at Nogal, the car reached Carrizozo at 6:10, just eleven hours after leaving Roswell. Additional to the stops mentioned, the car was bogged down for a short time at two different places.

The run was a very pleasant one. Except at the two ends of the road, the whole country passed over has had rain. Mr. Holiday was going to the mountains for a pleasure trip and Mr. Hunt, an auto machinist, went to work on the new auto route at Carrizozo.

Mrs. C. Southern came down from Clovis last night for a short visit in Roswell.

Most everybody thinks the other fellow has a snap.

It's enough to make everybody want start off discovering the north pole.

Senator Gore seems to be one of the few senators who really have their eyes open.

The tariff is just about revised by its friends and as usual the poor consumer gets it in the neck.

The saloons of the country are being gradually driven out and the time will come when the business will be unknown.

Tucumcari has raised a bonus of over seventy-five thousand dollars for railroad from that place to Texico and it is asserted that the road will be built.

Pittsburg has not only the largest pig in the United States but also the worst bunch of political grafters. Fake patriotism is made to cover a multitude of sins these days.

It looks as though Jack Johnson, the Cullud Pug, will have hard work finding a serious competitor. All reports indicate that Jim Jeffries has fallen down and darktown reigns supreme.

Laws are supposed to be made to be enforced and obeyed. Yet in New Mexico every year hundreds of laws costing thousands of dollars are placed on the statute books and that is the end of them.

There is no use in asking The Record to suppress news. Before this will be done we must be shown that its publication will injure some innocent parties and that its publication would be absolutely unjustifiable. Otherwise it will appear in this paper.

A senator was originally supposed to represent his state. This idea has been twisted and perverted until today the average senator represents some special interest or trust. This condition of affairs has put the average senator in the shape described by spelling the word senator backwards.

Taft is anxious to save the over-worked senators and representatives from the trouble of bothering with the corporation tax bill and will handle the matter himself. The report that he proposes to have the tax cut in two is perhaps the real reason for his interfering. Such is the influence of the great corporations.

The attention of The Record has been called to a tract of ten acres south of Roswell which is clearing every year one thousand dollars for its owner, an average of one hundred dollars an acre, and this land is not planted in orchard either. This is but one of many samples of what can be done with small farms in the Pecos Valley. The day of intensive cultivation of small tracts of land is coming nearer and the large farm is doomed.

A great many of the newspapers of the United States and of this Territory are busily engaged in trying to convince the people that political platforms do not bind and that persons elected to office on them should disregard them whenever they judge best. In other words the people of the country are to be regarded as just so many votes to be cast and then thrown aside until needed again.

Now that the Standard Oil Company has been enabled to successfully manufacture butter as a by-product of petroleum we may look to see the butter-making farmers put out of business by the enactment of laws designed to give the control of the butter business to the great trust, this

tion which elected him to congress. Quay county stands second in the territory and employs nearly sixty teachers, and we are very proud that she filled him to the tune of 500 majority for his opponent.—Tucumcari Sun.

JIM BONNER WANTED FOR JUMPING A BOND. Jim Bonner is being held in the county jail awaiting the arrival of Sheriff M. V. Sanders, of Mobeetie, Wheeler county, Texas, who wired today that he had left for Roswell, coming with requisition papers to take Bonner back on the charge of jumping a \$2,000 bond, which had been given under a charge of cow stealing. Bonner has been in jail here sometime having been arrested by Captain Fred Higgins of the mounted police, first on a charge of a statutory offense and later held on the charge of peddling whisky without license. The first charge was dismissed sometime ago and the second was dismissed yesterday for lack of jurisdiction, as the alleged offense occurred in another county. He was arrested here under the name of Thomas Johnson.

While the Senate is completely impervious to all moral suasion, a monster petition such as could be sent from the churches without regard of political affiliation or denominational differences would have a tremendous effect.

W. E. Quarles, of Denver, formerly a traveler for the American Steel & Wire Company, arrived last night to accept a position as traveling salesman for the Roswell Hardware Co.

COURT STARTS ON JOB OF GETTING WELLS JURY. The trial of J. H. Kingston against J. W. Walters, a land suit from Lake Arthur, came to an abrupt end in district court yesterday afternoon when plaintiff moved for permission to amend petition, and then defense moved for a continuance to next term both of which motions were granted. All this came after a great amount of evidence had been taken. This case out of the way court was open to take up the trial of W. T. Wells, on the charge of murdering Ollie Shirley. All of today was occupied in getting a jury, and that task will probably take another day, as a special venire will probably be issued. At noon eleven jurors had been accepted by defense subject to challenge.

ORDINANCE NO. 190. An Ordinance levying a tax on all taxable property within the City of Roswell for School Purposes for the Fiscal year 1909-1910.

The Roswell Board of Education having passed a resolution on July 5, 1909, levying a tax on all taxable property within Roswell School District No. 1 for the support of the city schools for the Fiscal year 1909-1910 and for paying interest on school bonds, now, therefore,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROSWELL:

Sec. 1. That there is hereby levied on all property, real, personal or mixed situate within the City of Roswell which is subject to taxation for Ter-

ritorial purposes a tax of fifteen (15) mills on each and every dollar of taxable property within said City for the support and maintenance of the City schools therein.

Sec. 2.—That there is hereby levied in addition to the fifteen mills provided for in section 1 hereof, a tax of two (2) mills on each and every dollar of property within said City which is subject to taxation for Territorial purposes to pay the interest on the school bonds heretofore issued.

Sec. 3. The above levies are to be placed upon the tax rolls of Chavez county, New Mexico for the year 1909 as provided by law; and the City Clerk of the City of Roswell is hereby directed to certify a copy of this ordinance to the Clerk of the Board of County Commissioners of said County for the purpose of being placed upon the tax rolls thereof.

Sec. 4.—This ordinance shall be in effect upon completion of publication as required by law.

Passed this 9th day of July, 1909.
Approved this 9th day of July, 1909.
G. A. RICHARDSON,
Mayor of the City of Roswell.

Attest:
W. T. Paylor,
(Seal) City Clerk.

ORDINANCE NO. 188. An Ordinance Amending Sections 5, 14, and 35, of Ordinance No. 143 Passed August 4, 1908.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROSWELL:

Sec. 1. That sections 5, 14 and 33 of Ordinance No. 143 of the City of Roswell passed August 4, 1908, be and same hereby are amended by striking from said sections the words "24 hours" wherever same occur, and by inserting in each of said sections in lieu of said words the words "Immediately."

Sec. 2. This ordinance shall be in effect upon completion of publication as required by law, and all ordinances or parts of ordinances in conflict herewith are hereby repealed.

Passed this 9th day of July 1909.
Approved this 9th day of July 1909.
G. A. RICHARDSON,
Mayor of the City of Roswell.

Attest:
W. T. Paylor,
(Seal) City Clerk.

THREE TOWNSHIPS ARE WITHDRAWN FROM ENTRY.

The following is an extract from a letter from the Secretary of the Interior to the Commissioner of the General Land Office, dated February 20, 1909, and will be of general interest here when it is understood that it withdraws from entry three whole townships east of Roswell, being in the second and third tiers of ranges just this side of the Texas line.

"The unappropriated public lands in unsurveyed Township 9, South, Ranges 36 and 37 East and Township 10, South, range 37 East are hereby withdrawn from settlement entry and all forms of appropriation under the public land laws."

The above land is withdrawn from all forms of entry in order that it may be taken up under the Santa Fe Pacific railroad selections under Act of April 21, 1904. The notice of withdrawal has been received by the Roswell land office.
