## TO RECLAIM SWAMPS

**BILL TO DRAIN OVERFLOWED LANDS INTRODUCED IN THE SENATE.**

### NOMINATIONS WIN

**Senate Committee Agrees to Report Favorably on Cortelyou and Garfield Republicans Prepare Plans for 1908 Campaign.**

Washington, Jan. 15.—Extensive plans for the reclamation of swamp and overflowed lands will be considered at an early meeting of the Senate Committee on Public Lands. The scheme is advanced in a bill introduced by Senator Clapp, which provides for the establishment of a "drainage fund" from all moneys received from the sale of public lands in Alabama, Arkansas, Florida, Illinois, Indiana, Iowa, Louisiana, Michigan, Minnesota, Mississippi, Missouri, Ohio and Wisconsin, except five per cent set aside by law for educational and other purposes.

Under the bill the Secretary of the Interior is directed to make examinations and surveys for the construction of works for the drainage of swamp lands and report to congress on or before July 1st each year as to the results. The reports are to include estimates of all contemplated works, the extent and location of lands which can be reclaimed, and all facts relative to the practicability of proposed projects.

**Ship Subsidy Bill Defeated.**  
Washington, Jan. 15.—By a vote of eight to seven the Senate ship subsidy bill was defeated in the House Committee on Merchant Marine and Fisheries today.

As the committee had no authority to sit during sessions of the house, and as objection was made to granting this authority, a vote on the Grosvenor mail subsidy substitute was prevented, and the committee adjourned to meet at four o'clock this afternoon.

**Considering Fortification Bill.**  
Washington, Jan. 15.—The house today, after the passage of a few measures of local interest, resumed consideration of the fortification bill.

**Nominations Reported Favorably.**  
Washington, Jan. 15.—The Senate Committee on Finance today agreed to report favorably the nomination of Postmaster General Cortelyou to be Secretary of the Treasury, and James R. Garfield, Commissioner of Corporations, to be Secretary of the Interior.

The vote on both Cortelyou and Garfield was unanimous, the members of the committee assenting to the view that the President should be allowed to select his own advisers.

**Republican Campaign Plans.**  
Washington, Jan. 15.—Plans for the national campaign of 1908 are already being formulated by the Republicans. A meeting of the executive committee of the National League of Republican Clubs is being held in this city for the purpose of making preliminary arrangements for opening the campaign. The committee consists of one member from each state, and the representation at today's meeting is large.

The delegates were given a reception at the White House today, the President extending to each of his callers a hearty greeting.

**RUSSIA HAS ENOUGH INTERNAL REVENUE.**  
St. Petersburg, Jan. 15.—The deficit in the budget of 1907 will, if the expectations of Finance Minister Minister Kokovsov are realized, be recovered entirely from internal

sources without resort to a foreign loan. In an interview with the correspondent of the Associated Press today the minister said he hoped that a large part of the deficit which has already been reduced from \$149,300,000 to \$121,300,000 by the surplus of 1906, will be balanced by an excess of income in 1907.

**Citizens' Farewell to Woodward.**  
The farewell testimonial to Adj. and Mrs. Woodward will be held at the Salvation Army Citadel tonight. It is expected that all the ministers and several other prominent men of Roswell will speak. There will be special music. This will be the last meeting that Adj. and Mrs. Woodward will participate in here, and their many friends should rally and give them a good send-off. The Roswell City Band will play.

The concert last night was the best ever given by the Army in Roswell, and the verdict of all was that it was well worth double the admission fee charged. Adj. and Mrs. Woodward will leave Wednesday or Thursday for Phoenix, Arizona.

**Live Stock Market.**  
Kansas City, Jan. 15.—Cattle receipts 12,000, including 400 Southern. Market steady.

Native steers, 4.00@6.75  
Southern steers, 3.25@5.75  
Southern cows, 2.00@3.75  
Native cows and heifers, 2.20@5.00  
Stockers and feeders, 2.75@4.75  
Bulls, 3.00@4.50  
Calves, 3.50@7.75  
Western fed steers, 3.75@5.75  
Western fed cows, 2.50@4.25  
Sheep receipts 6,600. Market steady  
Muttons, 4.75@5.75  
Lambs, 6.75@7.50  
Range wethers, 5.00@6.60  
Fed ewes, 4.00@5.35

## WELTER AND TAYLOR

**ELECTED JUSTICE OF THE PEACE AND CONSTABLE, RESPECTIVELY.**

### A RUNAWAY RACE

Kilgour, Sprung by Republicans on Election Morning, Beats Out Gilbert.—Welter Carries Both Precincts.—Close Race for Constable. The Vote by Precincts.

A. J. Welter was yesterday elected justice of the peace of consolidated Precincts 1-2, and J. H. Taylor, constable. Welter's plurality over Kilgour was 217, and over Gilbert 224. The result is eminently satisfactory to a great majority of the people. The vote was as follows:

For Justice-of-the-Peace.			
(Names)	Pct.	1.—P.	Tot.
A. J. Welter,	256	106	362
W. S. Kilgour,	94	51	145
J. C. Gilbert,	34	104	138
J. B. Bailey,	39	53	92
F. Williams,	57	35	92
D. P. Greiner,	25	52	77
J. W. Watkins,	51	11	62
J. H. Hamilton,	6	20	26

For Constable.			
(Names)	Pct.	1.—P.	Tot.
J. H. Taylor,	217	63	280
M. D. Loveless,	141	121	262
Guy Herbert,	57	166	223
W. L. Ray,	139	79	218

The election was probably the most exciting and strongly contested election of its kind ever held in this county. The great number of candidates, and the peculiar issues involved all added to the interest and uncertainty of the result. From the time the polls opened until they closed the candidates and their friends rustled votes wherever they could be found. At all hours of the day the polling places were surrounded by workers who really worked.

The feature of the day was the springing by the Republicans of W. S. Kilgour as a candidate for justice of the peace, and although Mr. Kilgour came out the morning of the election he made a hard fight of it and succeeded in coming in second at the finish, J. C. Gilbert, who was looked upon as being a probable winner being sent to third place.

The vote cast was a heavy one for such an election, particularly in the First Precinct, and here Mr. Welter made a runaway race of it, having things his own way. Welter also won out in the Second Precinct, beating Gilbert there by two votes. This was entirely unexpected, as it was thought that Gilbert would carry this precinct by a large plurality.

The race for constable was exciting and hard fought, and but sixty-two votes separated the winner and the lowest man. The election of Mr. Taylor was not assured until the last vote was counted.

The total number of ballots counted on justice of the peace was 994, and the total for constable was 983.

### METROPOLITAN LIFE

#### TO BE INVESTIGATED.

New York, Jan. 15.—An investigation into the methods of the Metropolitan Life Insurance Company, similar to that in the New York Life, which resulted in the indictment of George W. Perkins and Charles S. Fairchild, has been begun by District Attorney Jerome. President J. R. Hegman, of the Metropolitan, has been asked to appear personally at the criminal court building.

#### FRANCIS TO BE ENTERTAINED BY PRESIDENT DIAZ.

City of Mexico, Jan. 15.—Former Governor David R. Francis, of Missouri, who yesterday presented to

President Diaz the medal and diploma awarded the chief executive of Mexico by the St. Louis World's Fair officials, today called on Ambassador Thompson, Consul General Gottschalk and Albino E. Munro, the Mexican commissioner at the World's Fair. The Francis party will be entertained today at a luncheon to be given in their honor by President Diaz.

#### GUGGENHEIM ELECTED TO SUCCEED PATTERSON.

Denver, Colo., Jan. 15.—Simon Guggenheim, Republican, was elected U. S. Senator to succeed Thomas M. Patterson, Democrat, by the legislature today. He received a large majority of both senate and house in separate session, the vote being:

Senate:—Guggenheim, 22; Chas. S. Thomas, Democrat, 12.

House:—Guggenheim, 46; Charles S. Thomas, 15; Frank C. Goudy, Republican, 4.

All the Republican members present voted for Guggenheim, except Representative M. D. Vincent, of Delta county, who voted for Goudy.

Three Democrats after voting for Thomas, changed to Goudy as a compliment. They are: Kem, of Montrose; Ebbert, of Otero, and Bellesfield, of Pueblo.

#### MISSOURI DEMOCRATS ENDORSE ROOSEVELT.

Jefferson City, Mo., Jan. 15.—The lower house of the legislature today, over the protest of its Republican members, endorsed the action of President Roosevelt in discharging the negro soldiers connected with the Brownsville riots. A resolution endorsing and approving the action of the President was passed, the Democrats voting for it and the Republicans against the resolution.

## WIPED OUT BY EARTHQUAKE

**KINGSTON, BIG CITY IN JAMAICA, SAID TO BE DESTROYED.**

### MUCH LOSS OF LIFE

Telegraphic Communications are Cut Off and Messages are Accepted Only at Sender's Risk.—Land Line Restored to Within Five Miles of the Stricken City.—Panama Also Cut Off by Failure of Cable.

New York, Jan. 15, (2:00 p. m.)—The Western Union Telegraph Co. is in receipt of advices that Kingston, Jamaica, has been destroyed by an earthquake, with much loss of life.

The announcement issued by the Western Union is as follows: "The Western Union Telegraph Company has received advices that communication with Kingston, Jamaica, is interrupted, also to the Isthmus of Panama via Jamaica, caused apparently by an earthquake. Later advices are that the land line communication is restored to within five miles of Kingston, and traffic may be accepted at senders risk, subject to heavy delay. It is reported that Kingston is destroyed with great loss of life.

H. C. Kehm, of Chicago, and Wm. L. Hipp, of Houston, Tex., came in on the auto today from Torrance.

## WRECK KILLS FOUR

**OPEN SWITCH SWINGS PASSENGER INTO FREIGHT TRAIN.**

### \$500,000 FIRE

**Printing and Publishing Firm Burned Out.—Heavy Rains in Western Pennsylvania Cause Flood Warning to Be Sent Out.**

Kansas City, Mo., Jan. 15.—Two brakemen are known to be dead and another believed to be dead, and a fourth probably fatally injured in a wreck at Waldron, Mo., 12 miles from Leavenworth, Kansas, last night, caused by a head-on collision between Rock Island passenger train No. 26 and freight train. Several passengers were slightly injured. The dead are: Engineer Jas. McQueen of the freight; Baggageman Charles Hart, Engineer King of the passenger train is missing and believed to be under the wreckage. Fireman G. H. Mollwood probably is fatally injured. An open switch was the cause of the wreck.

**Half Million Dollar Fire.**  
Chicago, Jan. 15.—Half a million dollars worth of property was destroyed today by a fire that partially burned an eight-story building on Dearborn street, occupied principally by M. A. Donohue & Co., printers and publishers. A dozen other firms had their places of business destroyed.

**Flood in Pennsylvania.**  
Pittsburg, Pa., Jan. 15.—Flood warnings were sent out by the local weather bureau last night, stating that a stage of 22 feet would be reached by the river today. The crest of the flood early this morning was at Freeport and McKeesport. The rain falling about the head waters of the Allegheny and other rivers will swell the flood.

**Eleven Dead the Final Estimate.**  
Pittsburg, Pa., Jan. 15.—B. F. Jones, Jr., president of the Jones & Laughlin Steel Company, said today, relative to the recent catastrophe at the Eliza furnaces, that the books of the time keeper had been checked up and every man had been accounted for. The company's list shows eleven dead.

### ERRAND BOY SUCCEEDS EMPLOYER AS GOVERNOR.

Harrisburg, Pa., Jan. 15.—Edward S. Stuart was inaugurated Governor of Pennsylvania today, succeeding Samuel W. Pennypacker, to whose law office Stuart, when an errand boy delivered books. The inauguration was a simple ceremony.

### RICHARDSON ELECTED SENATOR FROM DELAWARE

Dover, Del., Jan. 15.—Harry A. Richardson was today formally elected U. S. Senator to succeed J. Frank Allee. Both houses balloted separately. In the senate eleven votes were cast for Richardson, and five for Saulsbury (Dem.); Richardson received 25 votes in the lower house, and Saulsbury 10.

### VICTOR RECITAL AT THE PRESBYTERIAN CHURCH.

An entertainment of rare tone will be given at the Presbyterian church tonight. It will be a concert exclusively on the Victor talking machine, the machine in which the dog recognizes his master's voice. This machine is considered one of the finest on the market, and the one to be used tonight will be the best that is made. The program is made up of the best records that can be procured. Mmes. Adeline Patti, Mme. Emma

Eames, Mme. Melba, Sousa's Band, Pryor's Band, and others of the highest class musical entertainers in the world will be reproduced. It will be given for the benefit of the church, and an admission fee of 25 cents will be charged.

### SENATOR SPOONER ON BROWNSVILLE RESOLUTION

Washington, D. C., Jan. 15.—Senator Spooner today resumed his speech upon the Brownsville resolution, begun yesterday. He said that he agreed that it was for congress to determine the oath of enlistment, duration of term, pay, method of punishment and any other regulation for the government of soldiers, but he could not agree that the Commander in chief of the U. S. army in time of peace or war was under the supreme command of congress. The constitution, he said, made the President commander in chief of the army without defining his functions. He read from the decision in the Swaine case, in the Court of Claims, that congress may reduce or abolish military forces, but that so long as there is a force the commander in chief is supreme.

### BAILEY'S FRIENDS SAY HE WILL BE ELECTED.

Austin, Tex., Jan. 15.—The house today passed a resolution calling upon the attorney general to submit to that body all the documentary evidence in his possession implicating Senator Bailey in certain dealings with the Waters-Pierce Oil Co. The original resolution provided that these documents should be accompanied by the attorney general's opinion as to their merit, but Bailey's adherents objected to this provision so strenuously that it was stricken out. The friends of Bailey are jubilant, claiming he will be re-elected next week without further opposition.

### Three Deaths in Chihuahua Addition.

Miss Marguerite Ruiz, aged 26 years, died Saturday at her home in Chihuahua addition and was buried Sunday in the South Side cemetery.  
Jacob Castro, aged 68, died in Chihuahua addition Sunday as the result of sickness resulting from exposure. He slept out of doors about two weeks ago and took cold. Burial was made in South Side cemetery.  
The nine-months-old baby of Mr. and Mrs. Francisco Flores died Sunday at their home in Chihuahua addition and burial was made that day in the South Side cemetery.

### WALTON'S STUDIO.

High class portraiture, interior and exterior views of residences and business houses. Kodak work finished daily. Enlarging of all kinds, artistic picture framing and photographic supplies. 691F

A jury of six men this afternoon heard the evidence in proceedings to inquire into the sanity of Mrs. Monte Miller, in district court. The proceedings were held before Major Mark Howell as commissioner in lunacy, in the chambers of Judge Pope.

B. C. Bowen has resigned his position with W. W. Gatewood, and will leave the first of February for his old home in New Orleans. He may locate in Gulf Port.

W. E. Thrasher, of Dexter, returned on the auto today from a business trip to the central part of the Territory.

The Knights of the Maccabees will install their new officers Wednesday night at the K. P. hall.

J. L. Fisher left today for his home in Santa Fe, after spending a month here with F. A. Williams.

### U. S. WEATHER BUREAU (Local Report.)

MEMBER ASSOCIATED PRESS.

All advertisements to insure inser-  
tion in the same day's issue of The  
Record should be in the printers'  
hands before eleven o'clock in the  
morning. Orders for taking out any  
standing ad. should also be in the of-  
fice by eleven o'clock to prevent its  
being run that day.

Mr. Gilbert "also ran."

Threats of libel suits do not win  
votes.

The man who puts on most airs is  
usually all wind.

And Welter carried even the jung-  
le south of the dead-line.

"Explanations" that served yester-  
day will have to be revised today.

To those who also ran: Never  
count your votes until election day.

It is one thing to count promises,  
and quite another thing to count  
votes.

Not quite one-seventh of the vot-  
ers of Roswell are in favor of the  
"wide-open" policy.

Nearly three to one is what Welter  
did to the man who had "a cinch on  
the Mexican vote."

Knocking the stuffing out of politi-  
cal scarecrows seems to be another  
good use of the "big stick."

If President Roosevelt should come  
out on the Democratic ticket in 1908,  
he would get the Solid South all  
right.

It was all good-humored enough—  
but quite the most exciting election  
for justice of the peace ever held in  
Roswell.

Mr. Kilgour made a good race, con-  
sidering the fact that his name was  
not mentioned until the morning of  
election day.

The candidates for constable were  
all good men, and ran mighty close  
together. There is no dissatisfaction  
with the result.

The day when the "sporting" ele-  
ment controls in Roswell has passed.  
The town has reformed and settled  
down to business.

Another good effect of abolishing  
licensed gambling in Roswell is that  
there is now only a handful of the  
element that was once the supreme  
power in local politics.

The new councilman from the Third  
ward has reason to be proud of the  
confidence shown by a practically  
unanimous election. It is now up to  
him to deliver the goods.

The Record has no objection to  
Judge Gatewood exercising all the  
influence he can in politics,—but he  
should be a little more careful in the  
selection of his candidates if he hopes  
to win.

There were a half dozen good men  
defeated for justice of the peace. But  
with the number of candidates in the  
field, a bad man might have been  
elected. The Record believes that the  
best man won.

One good thing about President  
Roosevelt is his willingness to learn.  
He made an early start on the negro  
question that was unfortunate,—but  
he seems to be sincere in his desire  
to get right.

Kansas has elected a railroad attor-  
ney to succeed Senator Burton who  
is now in jail. The new senator, Cur-  
tis, was backed by the same gang and  
the same corporate interests that  
placed Burton in the senate.

Some people say that had the Re-  
publicans brought out Mr. Kilgour  
two or three days earlier he would  
have been elected. Not on your life.  
It would have only benefited the Dem-

# BRUSHES

...OF WORTH...

A good brush is the first  
essential of the toilet of  
particular people. A large  
variety of bristles can be  
found in our store. Any  
price desired.

Payton Drug, Book &  
Stationery Co.

ocrats a little sooner and made the  
the Welter vote larger.

Mr. Welter's vote was considerably  
more than the combined vote of the  
two men next highest, and equal to  
the combined vote of the other five  
candidates below these two. All other  
explanations of the result are super-  
fluous.

Elder C. C. Hill is perhaps the hap-  
piest man in town over the election  
of Welter. Some other ministers also  
did good work for Welter—but it  
was a fight with Elder Hill that dates  
farther back, to a time when the old  
Fourth ward push "ate him up alive."

It might be a good idea for the  
"sports" to sing low. There is a very  
strong and growing sentiment in Ros-  
well that is not even satisfied with  
high license and prohibition of gam-  
bling. There are lots of people who  
would like to vote the saloons out  
of Roswell.

President Roosevelt's hint that he  
may nominate negroes for several fed-  
eral positions in Ohio and see if the  
Senators will vote to confirm them  
is taking a mean advantage. The  
Southern negroes, not the Ohio ne-  
groes, are the ones for whom the  
hearts of Foraker and Dick bleed.—  
Kansas City Times.

A. D. Millice again comes to the  
Daily Record with his troubles—that  
is to say his question bureau has  
been re-opened, and interesting sug-  
gestions will be found in his ads.  
from day to day. Answering questions  
is a part of his business—and the  
truth of his assertions are proven by  
showing inquirers the goods.

President Roosevelt has made more  
friends in the South than any Repub-  
lican President the country ever had.  
People are beginning to see that he  
neither loves nor hates the negroes—  
and doesn't care a continental how  
they vote. Some of his theories may  
fall to solve the race problem—but  
when he runs up against hard facts  
he seems to believe in using any old  
club that happens to be handy.

Perhaps the Record owes it to S.  
P. Denning to explain that Mr. Den-  
ning never was a candidate for coun-  
cilman, refusing first, last and all the  
time to allow his name to be consid-  
ered. However, Fred J. Beck and the  
editor of the Record formed a con-  
spiracy to work up sentiment in his  
favor so that he might be forced to  
accept the nomination. There was no  
trouble about the sentiment being his  
way, and even Mr. Robinson would  
never have become a candidate had  
not Mr. Denning refused to run. Mr.  
Robinson proved to be the only pa-  
triot willing to sacrifice his time in  
working for the city.

### TELEGRAPHIC BREVITIES.

Salina, Kan., Jan. 15.—A meeting  
of the farmers, grain dealers and ship-  
pers of the state convened here today  
for the purpose of discussing the ques-  
tion of better freight rates. Several  
prominent speakers will deliver ad-  
dresses.

Greenville, S. C., Jan. 15.—The an-  
nual show of the Greenville Poultry,  
Pigeon and Pet Stock association op-  
ened here today, with a large atten-  
dance and numerous exhibits.

Jefferson City, Mo., Jan. 15.—A bill  
providing for the employment of con-  
victs on state pikes will probably be  
presented to the legislature as a re-  
sult of the convention here today of  
the Missouri Good Roads society. Of-  
ficials of the society declare that this  
is the only solution of the convict la-  
bor and good roads problems. Num-  
erous civic commercial and labor  
bodies of the state have endorsed the  
plan and the only opposition expected  
is from the owners of factories which  
now employ convict labor.

New York, Jan. 15.—The Distilling  
Company of America today paid a 1  
and 1/4 per cent. dividend on its pre-  
ferred stock, being the usual quarterly  
distribution of the profits of the dis-  
tilling "trust."

Boston, Jan. 15.—Representatives of  
the leading transcontinental roads  
met here today for the purpose of  
agreeing upon a schedule of summer  
tourist rates. The meeting will last  
three days.

Atlanta, Ga., Jan. 15.—County ral-  
lies of the members of the Farmers'  
Educational and Co-Operative union  
are being held thruout many states  
today. Delegates will be named to  
the general convention, which con-  
venes here a week from today.

Charleston, W. Va., Jan. 15.—The  
West Virginia state federation of la-  
bor convened in annual session here  
today. The passage of many bills in  
the interests of laboring men will be  
advocated. Officials report that the  
state organization has more than  
doubled in membership during the  
last year.

Springfield, Mass., Jan. 15.—A board  
of officers, appointed by Secretary  
Taft, met here today for the purpose  
of considering various designs of au-  
tomatic pistols with the view of se-  
lecting the one best adapted to fulfill  
the requirements of the military ser-  
vice.

Lincoln, Neb., Jan. 15.—Many prom-  
inent trotting and pacing horse breed-  
ers of this and other states are hold-  
ing a meeting here today. Many mat-  
ters of interest to the breeders of fast  
horses will be considered.

New York, Jan. 15.—The National  
Boot and Shoe Manufacturers' asso-  
ciation opened its annual convention  
today, with delegates present repre-  
senting many millions of dollars in-  
vested in the industry.

New Orleans, La., Jan. 15.—Sealed  
bids were opened today for surveying  
50,000 acres of sea marsh on the west  
bank of the Mississippi river, fifty  
miles below New Orleans. The pro-  
ject is in charge of President Faste-  
ring of the Buras Levee district.

Jacksonville, Fla., Jan. 15.—The Flo-  
rida F. & A. M. Grand lodge is holding  
its annual session here today, with  
delegates from all over the state in  
attendance.

Topeka, Kans., Jan. 15.—The Kan-  
sas National Guard Officers' associa-  
tion is holding a meeting here today  
to discuss legislative measures. A  
banquet will be held this evening.

Cripple Creek, Colo., Jan. 15.—Charged  
with complicity in the murder of  
Isaac Leibo and Chris Miller during  
an election day quarrel at Goldfield,  
Colorado, Thomas Brown will be  
placed on trial in district court today.  
James Warford is now serving a life  
sentence in the penitentiary for the  
crime of which Brown is accused.

New Orleans, La., Jan. 15.—What  
is expected to be one of the greatest  
events of the New Orleans social  
season will take place tonight, when  
the Battalion Louisiana Field Artillery  
will give a military ball in honor  
of the Louisiana State National  
Guard Officers' association.

Atlanta, Ga., Jan. 15.—The opening  
session of the twentieth biennial  
meeting of the Union of America He-  
brew Congregations this morning was  
devoted to the perfecting of a perma-  
nent organization of the council and  
the submission of the reports of the  
boards and officers of the union. The  
afternoon and evening sessions will  
be marked by discussions of many  
important problems relating to the

welfare and progress of American  
Jews.

### TRUCK FARMING IN THE PECOS VALLEY.

From Lakewood Progress.  
The Lakewood commercial club last  
Wednesday evening had under discus-  
sion, "The benefits and profits to be  
derived from truck farming." A num-  
ber of splendid speeches were made  
by those who had had considerable  
experience along this line. It was the  
sense of the Club that no sort of farm-  
ing was as profitable as truck farming  
where it could be carried on success-  
fully and where a market could be  
found for the products.

It has been clearly demonstrated  
that no section of the world produces  
more vegetables to the acre than the  
Pecos Valley, and as to quality and  
flavor, it is a conceded fact that the  
products of this section are far super-  
ior to all others. The finest flavored  
cantaloupes in the world are grown  
in the Pecos Valley and they always  
command a fair price.

Tomatoes, cabbage, onions, celery,  
radishes, turnips and many other va-  
rieties simply grow to perfection here  
and are all paying crops.

The club appointed a committee to  
take up the matter of freight rates  
with the railroads and express com-  
panies, and endeavor to secure re-  
duced rates for these products and  
we are sure that a satisfactory agree-  
ment can be reached. And if not,  
the truck farmer can successfully pre-  
serve his surplus of vegetables for fu-  
ture use and sale. We are reliably  
informed that some of our merchants  
are now handling tomatoes canned by  
Mr. Boyd who lives only a few miles  
from town.

Let those who are in a position to  
engage in truck farming think over  
this matter, and we will later an-  
nounce the result of the committee's  
work as to rates and securing a mar-  
ket for these products.

### ROOSEVELT ON THE PANAMA CANAL.

President Roosevelt's special mes-  
sage to Congress concerning the Pan-  
ama Canal has been issued in an il-  
lustrated edition, which may be pre-  
pared from the Superintendent of Doc-  
uments, Government Printing Office,  
Washington, D. C., for 50 cents per  
copy.

The exhaustive manner in which  
this subject has been treated in this  
message, with the addition of 7 ap-  
pendixes and 26 full-page illustrations  
makes the publication a veritable  
text-book on this subject of world in-  
terest.

### To Try Dyer Case.

St. Louis, Mo., Jan. 15.—The case  
of David P. Dyer, Jr., indicted on a  
charge of embezzling \$61,500 from the  
United States sub-treasury at St.  
Louis will be called in United States  
district court today. Owing to the  
friendly relations Judge Finkleburg  
has sustained with the Dyer family he  
will not sit in the case and has called  
Judge John E. Carland of the fed-  
eral court of North Dakota to take  
charge of the proceedings.

### Demand a Demurrage Law.

Washington, D. C., Jan. 15.—The  
committee of seven appointed by the  
National Reciprocal Demurrage con-  
vention, which was held in Chicago  
recently for the purpose of devising  
a remedy for car shortage, is in Wash-  
ington today and will seek an audi-  
ence with the president. He will be  
urged to send to congress a special  
message recommending the passage  
during the present session of a law  
providing for reciprocal demurrage.  
Victor H. Beckman, secretary of the  
Pacific Coast Lumbermen's associa-  
tion, is chairman of the committee.  
Other members are H. H. Smith, of  
Detroit, secretary of the Michigan  
Manufacturer's association; A. J. Van  
Hoose of Memphis, president of the  
Southern Wholesale Grocers' associa-  
tion; E. M. Wasmuth, of Chicago, pre-  
sident of the National Hay and Grain  
association; E. M. Wayne, Walter Bo-  
gale and C. I. Millard, of Chicago.

According to Chairman Beckman,  
it is the intention of the Pacific North-  
west Lumbermen to attempt to put  
the Hill properties, including the Nor-  
thern Pacific and Great Northern  
roads, into the hands of a receiver.

### To Property Owners:

We have several cash customers  
for good residence property, vacant  
residence lots, and vacant business  
property. If you have anything you  
want to sell, call at our office and  
give us a description of your prop-  
erty. Our past record is proof that  
we can sell it.

### STREET CAR MEN

#### WANT REFORMS

Springfield, Ill., Jan. 15.—Representatives from all the unions of street car men of the state are holding a meeting here today to agree upon a reform bill which they intend to have introduced in the legislature. The proposed measure will provide that all electric cars shall be equipped with air brakes; that proper heating arrangements be made for the benefit of both passengers and motormen during the winter months; that no cars with running boards on the sides shall be allowed to be operated within the state, but that all cars shall have aisles thru the center; that all cars shall have a glass front or vestibule to protect the motorman from the elements; that a heavy fine be provided for a violation of any of these statutes. The street car men will also ask the repeal of the fellow servant law, which provides that damages for death or injury cannot be recovered if it can be shown that the accident was caused in any way by the negligence of a fellow worker. A strict employers' liability act is demanded in place of this law.

### PASSENGER MEN

#### HOLD A MEETING.

Lake Charles, La., Jan. 15.—Passenger officials representing all the railroads of the middle west and southwest are here today to attend the meetings of the Southwestern Excursion bureau and the Western Passenger association. The former will arrange all excursion business in and out of Texas, while the latter will handle the arrangements for passenger traffic in the territory between Chicago and Denver. The meetings which will last thru to-morrow, were brot here largely thru the influence of S. G. Warner, general passenger agent of the Kansas City Southern railway.

### Three Eye League Meeting.

Chicago, Ill., Jan. 15.—The seventh annual meeting of the Three I baseball league is being held today at the Sherman house in response to a call issued by President Edward Holland. The circuit for the coming season will be agreed upon and officers elected for the ensuing year. The franchise left vacant by the retirement of Davenport will be awarded to either Clinton, Ia., or Danville, Ill. A majority of the magnates are said to favor the former town, which has been released by the Iowa league.

### Western Implement Dealers.

Kansas City, Mo., Jan. 15.—Hundreds of implement and vehicle dealers are here today to participate in the annual session of the Western Retail Implement and Vehicle Dealers Association. Many matters of importance to the trade will be considered during the three days of the convention, including mail order house competition and how to meet it. The Association now has nearly 2,000 members in Kansas, Missouri, Oklahoma, Indian Territory, Colorado and Texas. It operates an insurance company for the benefit of members which is said to have saved them over \$120,000 in premiums during the last eight years.

### STANDARD OIL

#### IS NOT GUILTY.

Chicago, Jan., 15.—Attorney John S. Miller acting in behalf of the Standard Oil Company, today pleaded not guilty to the eight indictments recently sustained by Judge Landis of the federal court. While it is the purpose of Federal officials to push the prosecution as rapidly as possible, the attorneys for the oil trust will interpose every legal obstacle that can be used to prevent a speedy trial. President Roosevelt is taking an active part in the case and thru James H. Wilkerson, special counsel for the government has insisted that all legal technicalities be swept aside as soon as possible. District Attorney Sims hopes to have the case set for trial before the first of next month. The indictments charge the Standard with the acceptance of railroad rebates for which, in event of conviction, maximum fines aggregating \$120,000,000 may be assessed. It is expected that the trial will result in one of the most interesting legal battles in the history of the country.

### A "BAD NIGGER"

#### BEGINS A LIFE TERM.

Leavenworth, Kan., Jan. 15.—The sentence of Frank Thompson, colored, considered one of the most desperate men ever confined in the federal prison here, expired today at the completion of a seven years' term for larceny. He will not be released, however, but will begin serving a life sentence for the murder of guard J. B. Waldrupe during the great prison mutiny of November, 1901. Thompson made his escape at that time but was captured within a few days after a desperate battle with the officers, during which the negro was shot in the head and seriously wounded. On March 17, 1903 the desperate convict made a murderous assault upon Guard Martin Yost. He was tried at Topeka for his complicity in the prison out break and was the only one of the mutinous convicts to receive a life sentence.

### MEETINGS OF

#### THE WOOL GROWERS.

Rock Springs, Wyo., Jan. 15.—The third annual convention of the Wyoming Wool Growers' association began today and promises to be the most important gathering of stockmen ever held in the state. Among the important matters to be considered are proposed legislation affecting the sheep industry, tariff revision, the twenty-eight hour law, range and forest regulations, the valid animal pest, car shortage and seab eradication. Many government officials and railroad representatives, as well as sheepmen, will discuss every phase of these problems. The delegates will leave tomorrow on a special train for Salt Lake where the national convention will be held.

### Salt Lake City, Jan. 15.—The Wool

Growers of Utah began their annual convention here today with a large attendance. The meeting will last thru to-morrow and will be followed by the forty-third annual convention of the National Wool Growers' Association, which will hold sessions on Thursday Friday and Saturday. A "fine and fat sheep show" is a feature of the meeting.

### Boise City, I., Jan. 15.—The morning

session of the Idaho Wool Growers' convention was devoted to business matters, including consideration of a report by W. H. Philbrick, manager of the salt plant. The report of the committee which went to Washington last winter in the interests of the thirty-six hour law was also read. This afternoon Dr. G. E. Noble of the State Live Stock Sanitary board will review the work of the past year.

### To Breed Better Babies

Columbus, O., Jan. 15.—Suggestions for improvement in the breeding of members of the human race, as well as animals and plants, will be considered at the annual convention of the American Breeders' Ass'n, which opened today. A committee of six scientists appointed by Dr. W. M. Hays, assistant secretary of agriculture, has been investigating the subject and will present its report to the convention, which is expected to authorize a series of practical tests. Dr. Hays the originator of the plan, has long been noted as a breeder of animals of plants and before becoming connected with the federal agricultural department was in charge of the Minnesota experiment station. Another famous member of the Breeders' Association is Luther Burbank, the California plant wizard. The Association has a membership of over 1,000, including some of the foremost scientists of the country.

One of the members of the committee is Dr. Alexander Graham Bell, the inventor of the telephone, who submitted a report on the intermarriage of deaf mutes. Professor Bell declares that such unions result in deficient progeny and the association will probably ask for the passage of

laws prohibiting such marriages. The union of blind persons or those otherwise deprived of their senses is also condemned by Professor Bell.

Major Charles E. Woodruff, a surgeon of the United States army, is another member of the committee and has submitted a report on the effects of immigration. Major Woodruff declares that statistics prove that the blonde races cannot exist in this country and will soon die out entirely. Nervous diseases, consumption and cancer are the foes of American blondes, according to Dr. Woodruff, and will in a short time accomplish their utter annihilation. He also declares that all Europeans who have lived among simple and primitive surroundings soon degenerate after coming to America. The Europeans best suited to thrive in this country are the Greek Slavs, Armenians, Huns, Servians and Bulgarians. Two-thirds of the insane and consumptives of this country according to Dr. Woodruff are found among the blonde peoples who have come here from the northern Europe or their direct descendants. He declares that 10,000,000 citizens of the United States are doomed to succumb to the ravages of consumption.

Other members of the committee of six are President David Starr Jordan of Leland Stanford University, Professor Charles R. Henderson of the University of Chicago, Professor C. W. Ward of New York and the Rev. J. E. Gilbert of Washington.

The delegates to the convention expect to learn, from the reports presented by these distinguished scientists, how heredity and environment affect the development of human beings, particularly with reference to physical defects. If the matter is considered serious enough laws prohibiting the marriage of defectives will be recommended and the members will attempt to secure their passage by the legislatures of all states. The convention will last thru to-morrow and Thursday.

### COTTON MEETING

#### AT BIRMINGHAM.

Birmingham, Ala., Jan. 15.—The executive committee of the Southern Cotton Association met here today and will hold a two days' session prior to the opening of the general convention on Thursday. Many important matters will be considered by the committee, including the action of President Harvie Jordan in asking the postoffice officials to issue a fraud order against the New York cotton exchange. President Jordan has been endorsed for re-election by several of the state branches, altho several other candidates will probably be in the field.

### MINE WORKERS

#### OPEN A CONVENTION.

Indianapolis, Ind., Jan. 15.—Delegates from all the coal districts of the country are in attendance at the eighteenth annual convention of the United Mine Workers of America, which opened this morning. Owing to the fact that there is no scale of wages to be considered the meeting is not as large or important as that of last year. There will be no opposition to the re-election of John Mitchell as president, T. L. Lewis as vice-president and W. B. Wilson as secretary and treasurer. One of the most important matters to be considered is proposed legislation for the protection of the miners against injury and death.

### Inaugurate Tennessee Governor.

Nashville, Tenn., Jan. 15.—With one of the most impressive inaugurations ever held in the state General Malcolm R. Patterson today became governor of Tennessee. Hundreds of Democrats from all over the state witnessed the ceremony. General Patterson resigned as representative from the Tenth Tennessee district to become governor. His predecessor, Jno. I. Cox has been elected to the state senate and will immediately take his seat in that body.

### To Boom Missouri Immigration.

Jefferson City, Mo., Jan. 15.—A committee representing the Missouri Immigration association will ask the Missouri legislature to appropriate \$50,000 for the purpose of maintaining a state board of immigration and an immigration bureau at St. Louis. The appointment of an immigration commissioner will also be asked.

### New England Collie Show.

Boston, Jan. 15.—The annual bench show of the New England Collie Club opened today in Berkley hall, with scores of the best specimens of this most intelligent of canines on exhibition. Several of the best dogs from the kennels of the Princess de Montglyn, one of the most enthusiastic admirers of this breed in the world, are among the exhibits. James Mortimer will act as judge and will award the many handsome prizes offered by the management of the show.

Cedar Brook, formerly W. H. McBrayer.—Oriental. 59ft

### MONEY FOR THE

#### TENNESSEE SCHOOLS

Nashville, Tenn., Jan. 15.—Appropriations of \$50,000 for the University of Tennessee, \$75,000 for three normal schools, \$25,000 for public high schools and \$50,000 for the establishment of schools in the sparsely populated districts of the state will be asked of the state legislature by the Tennessee Public School Officers' association, which opens a three days' session at Carnegie Library today. Educators from all over the state are here to attend the meeting. There is now a large surplus in the Tennessee treasury and the visitors demand that this be used for educational purposes. A general meeting of the alumni of the University of Tennessee will be held today and a banquet will be given at the Maxwell House, when some of the leading citizens of the state will deliver addresses. The university will this year celebrate its centennial anniversary, having been founded in 1807 as East Tennessee college.

### FOR AN EUROPEAN

#### AUTO INVASION.

New York, Jan. 15.—At a meeting today of prominent automobile owners and manufacturers plans were considered for a 4,000 mile endurance race thru France, England, Germany, Italy, Austria and Belgium. The competition will be open only to American cars and the entry list will be limited to fifty. The object of the race is to demonstrate to Europeans the superiority of American motor cars. A \$3,000 trophy will be given the winner. It is expected to raise \$300,000 to pay the expenses of the project, which has received the endorsement of W. K. Vanderbilt, M. J. Rothschild, E. R. Thomas and other wealthy motor enthusiasts. The contest will begin about the first of June.

### JEWISH MULTI-MILLIONAIRE FOR SENATOR.

Denver, Col., Jan. 15.—After ten years of waiting and working and the expenditure of a million dollars, Simon Guggenheim, Jew, multi-millionaire and head of the smelter trust, will be elected to the United States senate when the state legislature meets in joint session today to ballot on a successor to Senator Thomas Patterson.

Simon Guggenheim is 39 years of age, a native of Philadelphia and is well educated and a linguist. He is one of seven brothers who practically control the smelter business of the country, as well as silver output and a large share of the copper production. The wealth of the Guggenheims is variously estimated at from 100 to 200 millions.

The future solon has long been the western representative of the Guggenheim "trust" and is considered one of the ablest mining experts of the country. He came to Colorado in 1889, residing for many years in Pueblo. In 1898 he moved to Denver and was nominated for governor by the silver Republicans, but declined the nomination. Since that time it has been the greatest ambition of his life to be elected senator, and his political foes declare that has spent over \$1,000,000 during the last campaign to accomplish this purpose.

Guggenheim declares that he will go to the senate, not to represent the smelter trust or any other special interest, but to represent the people of Colorado. "An honorable ambition is permitted to every man, even the wealthiest," he says, and "it is my ambition to serve my country."

Many Republicans have opposed the candidacy of Guggenheim, owing to his wealth and great private interests and President Roosevelt has refrained from giving him executive indorsement.

### TO WAGE WAREFARE

#### AGAINST THE TRUSTS.

Austin, Texas, Jan. 15.—The inauguration of Colonel Tom Campbell as governor of Texas is expected to mark the beginning of a warfare on the trusts even more radical and prolonged than that which distinguished the administration of the late governor Hogg. Campbell was elected on a platform containing many radical planks, and when he accepted the nomination he declared that every demand of the people should be enacted into law by the legislature, even if it should be necessary to keep the law-makers in continuous session from the beginning of his administration to the end. That he is a man who will attempt to live up to his promise not even his enemies deny, hence it is likely that the Campbell regime will soon become famous thruout the country thru a fierce and uncompromising warfare against all illegal business combinations.

### Kansas League Meeting.

Coffeyville, Kan., Jan. 15.—At a meeting of the Kansas State League here today a circuit will be decided upon, a schedule committee appointed and the salary limit and other important matters considered. President Fred McDaniels of Bartlesville, I. T., will preside at the meeting.

**PECOS VALLEY OIL FIELDS ARE TO BE DEVELOPED.**  
El Paso Herald.  
In connection with the probable building on an airline railway from El Paso to the Pecos Valley of New Mexico, the reports to the Herald from Carlsbad regarding the oil situation are very interesting to our folks. It is stated that eastern capitalists affiliated with important oil interests will undertake, on a broad and systematic scale, the development of the petroleum prospects in trans-pecos Texas, and the adjacent oil region of New Mexico.  
The time is well past when El Paso could be stampeded by such news, pleasing as it is. But we do not underestimate the tremendous importance of the creation of another Bakersfield right near home. That oil is there is well known to experts and common people alike, but how economically and abundantly it can be produced for the market is yet to be determined.  
El Paso might be the largest fuel oil market in the west if the supply could be assured. Owing to the long haul on coal, the very high prices, precarious mining and transportation conditions, and tight monopoly, there is not a manufacturing, mining, or smelting concern in the southwest which would not welcome cheap and abundant oil. The railroads, too, would use it for like reasons, and it is not hard to imagine schools and office buildings heated by fuel oil, and cheap motors of every kind to decrease the cost of power in every industry.  
The dream is pleasing, and El Paso, in common with all the southwest, will watch the Pecos Valley developments with ardent interest. To the Pecos Valley itself, the development of the oil fields on a commercial scale would mean the creation of one or more thriving cities and a great influx of new blood and new capital to be applied to the general development of the resources of the region.

**DRILLERS WILL WORK FOR ROSWELL OIL STOCK.**  
Dave Green, head driller, Fred Knief, W. H. Ellinger, Isaac Canfield and Carl Canfield, who have had charge of the work of the Roswell Oil Company, have agreed to work for the coming thirty days for stock in the company, rather than the cash. They have done this on their own proposition, too, which shows the confidence they have in the future of the prospect well. Mr. Greene is a driller of 18 years' experience and has been all over the United States in this work. Mr. Canfield is known to be a veteran in the oil drilling business. The others are all experienced drillers. Their opinions should be as good as the best. It might be added that four of the five are men with families which shows that they are not adventurers.  
Three four-horse teams are now hauling coal to the well and the work will be continued indefinitely. The well is now down 1,725 feet.  
J. H. Galey, the millionaire Pittsburg oil man is still expected, almost any day. When he comes there will no doubt be something doing.

**Ought Not Be Puzzled.**  
Roswell, N. M., Jan. 14, 1907.  
Editor Roswell Daily Record.  
Concerning Christian Science one who signs, "An Observer," says: "What puzzles me is, why so many thousands of educated and bright minds in America and Europe, such as doctors, lawyers, judges, merchants etc., are embracing Christian Science."  
Ignorance or disbelief of the teachings of the Bible is the why.  
W. T. JONES.  
**Lectures at Military Institute.**  
Arrangements have been made to have Chaplain Bateman, of Ft. Bayard, N. M., an officer in the U. S. Army for many years, to deliver lectures at the Gymnasium in the Military Institute Friday and Saturday nights of this week. His subject Friday night will be, "The Campaign of Santiago, 1898, as Seen by a Chaplain." Other subjects from which he will draw his Saturday night address are "Army Life in Garrison and Field," "Men and Guns," "Wit and Humor in Life and Literature," "Cracks," etc. An admission fee of 25 cents will be charged, and all are invited.

**Woman's Club.**  
The Woman's Club will meet tomorrow afternoon at 2:30 at the Carnegie Library, subject, "Louis XIV." Program will be in charge of Mrs. J. J. Hagerman and Miss Edith Rodkey assisted by others. All members are requested to be present.

**New Well Has Good Flow.**  
A new artesian well was finished yesterday on the place recently bought by W. G. Hamilton of the Milne-Push company. The well has an eight-inch casing and the water flows eight inches above the top. It was drilled by Hutchinson & Carper.

Vernon G. Hagaman and wife to T. S. Chambers, for \$12,000, the SE quarter of 19 and part of the NE quarter of 19-13-26.  
Cornelius W. Dittmore and wife to J. S. Lenox, for \$1 and other consideration, a lot 164 by 17 feet in lot 62, Belle Plain.  
W. C. Buchly and wife to O. Martin, for \$250, ten acres in 1-11-23.  
O. Martin to Guy L. Echols, for \$250, same as above.  
James J. Hagerman and wife to J. M. Mooneyhan, for \$30, lot 20, block 12, Hagerman.  
Joseph M. Mooneyhan and others to Otto G. Lange, for \$185, lot 20, block 12, Hagerman.  
J. J. Hagerman and others to the Felix Irrigation Co., for \$1 and other consideration, a small tract of land in 35-10-24; also lot 3, block 5, Hagerman.  
The Pecos Valley Town Company to the Felix Irrigation Co., for \$1 and other consideration, lots 4, 5 and 6, block 5 and lot 10, block 12, Hagerman.  
A. R. Hamilton to M. M. Garland, a water right deed.

**Robinson Had No Opposition.**  
The count of votes showed last night that Will Robinson had received 83, S. P. Denning 2 and W. H. Cosgrove 1, in the special election of alderman from the Third ward to fill the vacancy created by the resignation of C. L. Stone. Only the voters of that ward, of course, had an interest in this special election which was only a side-show to the main circus of the day.

**Notice.**  
The Board of County Commissioners of Chaves county, N. M., will meet at the court house in Roswell on Saturday, Jan. 19, 1907, at 10 o'clock a. m., to canvass the precinct election returns, and to transact any other business coming before it.  
By order of the Board.  
W. M. ATKINSON, Chairman.  
Attest: F. P. GAYLE, Clerk. 14
