SEARCH FOR BODIES OCCUPIES WORKERS IN ALL FLOOD DISTRICTS

DEATH LISTS IN VARIOUS TOWNS INUNDED DURING THE PAST WEEK
WILL NOT REACH HIGH FIGURE FORECAST, IS THE GENERAL BELIEF.—
STATE TROOPS FIRE ON LOOTERS, AND ONE HUMAN GHOU IS KILLED

RELIEF FUNDS ARE POURING IN FROM ALL PARTS OF THE COUNTRY

Estimates of the number of persons who perished in the Ohio and Indiana floods still differ widely early today, especially at Dayton.

Money and supplies are pouring in from practically every part of North America, including Canada and Alaska. Even the far away island possession of Hawaii has made a substantial contribution.

Governor Cox said he had received contributions amounting to \$1,000,000 in money and that every hour brings additional aid.

The latest estimate of dead in various cities of Ohio and Indiana follows:

Ohio, Dayton, 150; Mansburg, 50; Hamilton, 75; Piqua, 50; Columbus, 60; Tin, 18; Chillicothe, 18; Middletown, 14; Fremont, 14; Massillon, 5; Troy, 9; Zanesville, 4; Harrison, 12; Valley Junction, 6; Cleveland, 2; Indiana: Peru, 20; Brookville, 16; Fort Wayne, 6; Terre Haute, 4.

The work of the searching parties at work in the flooded Scioto flood district today increased the list of bodies recovered from the water to fifty-six. The water was subsiding rapidly and the work of rescue was thus made easier.

The military authorities allowed hundreds to return to their homes in the flooded area to make repairs and clean up their houses. The health authorities took charge of the cleaning up process.

A looter was shot and killed early today on the West Side. The shot is said to have been fired by a private of the Marysville company. The looter's body dropped into the water and was not recovered. Many shots were fired at looters by state troops on guard during the early morning.

IN DAYTON.
Dayton, Ohio, March 29.—Citizens of Dayton swarmed over the central part of the city today for the first time since Tuesday morning, when the flood rushed over the town. The military announced that those who would dare the mud and occasional paths of flood in the hollows, might cross the bridges from other parts of the city without official permission.

The fire loss in the center of the city covers only four blocks, lying within the district bounded by Jefferson, St. Clair, Fourth and Second streets.

The Western Union succeeded today in establishing a telegraph office in the Beckel house in the center of the city and was immediately swamped with telegrams from persons desiring to assure friends and relatives of their safety.

The sun was out, fire engines were busy pumping water from basements from the principal buildings and a more optimistic spirit prevailed than at any previous time since the torrent of the Miami river rushed over the city.

Food poured in from every quarter by wagon, train and automobile. Gangs of men were everywhere busy with shovel and axe and pick, clearing away the debris. It was hoped to have one pumping station working within forty-eight hours, which would provide the hydrants with water in case of fire. In the Beckel house, which was at first supposed to have been burned with heavy loss of life, the water never reached the second floor. The lobby however, like every other building in the flooded district was inches deep with mud.

Nine Western Union operators were marooned in their office for forty-two hours. They subsisted on a barrel of cabbage which floated down the alley at the side of the building. Another refuge in this place was a horse, which stood in the water for twenty-four hours and partook liberally of the cabbage. Then, suddenly, it bolted into the street and was drowned.

Secretary of War Garrison arrived at Dayton this afternoon and at a conference with John H. Patterson, chairman of a committee of fifteen, decided to order federal sanitary experts here. Absolute curfew regulations are maintained and no one can be out after 8 o'clock.

Announcements were made by the relief committee today that until conditions become normal, no private messages to persons here will be delivered or answered as the wire capacity is taxed to the utmost to carry official and public business. The committee expressed the wish that people throughout the country refrain from sending messages of inquiry concerning the safety of relatives and friends here, as such are futile.

It is impossible to ascertain definitely any information concerning people in the flooded districts. As fast as bodies of dead are identified, the

names and addresses are being sent out by the News association and these lists, the committee declares must, in the circumstances, suffice.

Beautiful weather today rendered much more endurable the condition of the thousands of homeless. Food is being distributed expeditiously, but it is impossible, however, to provide milk for the thousands of babies in this city, including scores born since the flood came.

In a statement issued by the Citizens Relief committee today, it was declared that no further contributions of cast off clothing should be accepted because of the fear by this means some epidemic might be brought here. Committees in charge of policing and receiving donations in all cities are urged to refuse old clothing, no matter whence it comes, as it would be refused at Dayton, and only burden the transportation facilities.

Foodstuffs, and particularly bread, are wanted. There are few ovens and these only in private homes outside the flooded district in operation here.

FLOOD BULLETINS.
Washington, D. C., March 29.—Here is today's special flood bulletin issued by the weather bureau:

"The stage of the Ohio river at Pittsburgh Saturday morning was 24.6 feet, a fall of 5.6 feet since Friday morning. Reports from the stretch between Pittsburgh and Parkersburg are missing.

"At Cincinnati the morning stage was 66 feet, 16 feet above the flood stage, and a further rise of about two feet is expected. Present indications at Cincinnati point to a somewhat lower crest stage than first reported, about 68 feet, rather than near 70 feet.

"At Louisville, the morning stage is 41.1 feet, 13 feet above the flood stage. A further rise is expected. "Reports from Evansville are missing. The last advice from that point indicated that the lowlands are inundated.

"The Cairo stage this morning was 49.1 feet, 4.1 feet above the flood stage. The river at that point will rise more slowly for the next few days. The flood situation in the lower Mississippi remains unchanged."

LOWER VALLEYS ARE BEING FLOODED TODAY.

Indianapolis, Ind., March 29.—Final recession of the flood waters in Indiana today is expected to lift the veil that has covered so closely whatever loss of life has occurred in the flooded cities in the Wabash and White river valleys. Meanwhile the flood crest, sweeping down toward the Ohio, is spreading wide destruction in the southern valleys of the rivers and along the Ohio.

Sixteen bodies have been recovered in Brookville, twenty are known to be dead in Peru, but search of all West Indianapolis thus far has failed to establish any drownings.

Several small fire in West Indianapolis last night destroyed or damaged a number of homes, fire companies failing to get any water from the city mains.

Dayton, Ohio, March 29.—Though a search of the flooded districts here indicated that the loss of life in Dayton will be not more than 150 to 200, at a meeting of the undertakers, it was announced that a consensus of their opinion put the total dead at 800. These estimates were based on general conditions, and Dayton citizens today renewed efforts to explore every recess of the city to ascertain if their reckoning was correct. Large rescue parties went out today to succor the sufferers and recover the dead.

The sewerage, gas and wire communication systems, have been destroyed. Thousands of dead animals are lying about the streets. Two fertilizer firms began today to gather these animals.

The relief committee has sent out an urgent appeal to people not to dump refuse in the streets, but to dig cess pools, wherever possible. The sewerage system cannot be used for weeks and it will be necessary to do without for some time.

Efforts were made today to clear away debris in sections first cleared of flood water, and it was feared bodies might be found in these masses of wreckage.

With well organized crews doing this work, others took food to persons still marooned in Riverdale and North Dayton. It was believed, however, that by nightfall, most of these people could get out, so rapidly was the wa-

RELIEF FUND IS GROWING STEADILY

NEW MEXICAN AT TWO O'CLOCK
THIS AFTERNOON HAD RECEIVED
OVER \$250 FOR FLOOD SUFFERERS
AND WILL FORWARD MONEY TO-NIGHT.

The relief fund at the office of the Daily New Mexican is growing hourly and at 2 o'clock this afternoon more than \$250 had been received for the aid of sufferers from the terrible floods in Ohio and Indiana. The money will be sent tonight to the relief committee at Columbus, Ohio, where Governor Cox has requested all contributions to be sent promptly.

Those who desire to contribute to this fund must have their contributions at the New Mexican office by six o'clock this evening at which hour the fund will be closed so far as this newspaper is concerned because all funds received up to that hour will be forwarded tonight. The Woman's Board of Trade of Santa Fe sent a contribution of \$25 to the fund today and announced that it would continue to receive clothing and other supplies until noon Monday at which time it would send forward its collections to the relief committee at Columbus.

Following are the contributors to the fund at the office of this newspaper:

BANK CASHIER IS SHOT DEAD BY BANDIT

BARNES, KANSAS, IS SCENE OF
HOLD-UP IN WHICH BAD MAN
RUNS ABOUT A BLOCK AND IS
SHOT DEAD BY CITIZENS.

HE HAD \$600 IN
BAG WHEN HE FELL

Barnes, Kans., March 29.—Robert I. Brown, cashier of the Barnes State bank, was shot and killed by a man who had robbed the institution. Later a posse of citizens shot the robber to death as he was trying to escape town. Brown met death, when ordered to throw up his hands, he grabbed a revolver and fired at the robbers. Brown was at the counter counting money when he was confronted by a masked man, pointing two revolvers at him.

"Put 'em up," was the robber's command.

Brown, instead ducked, reached into a drawer, got his revolver and had emptied it without effect in the robbers' direction before a bullet through the head killed him. John Potter, assistant cashier, appeared at the back door and was met by two bullets from the robber's revolver, neither of which struck him.

He then left the bank on the run. Citizens, alarmed by the sound of shots, were in pursuit before he had covered a block. Within three blocks of the bank he fell before a volley of bullets, still clutching the bag of gold in his hand. He died within a few minutes.

The robber could not be identified. He apparently was about 35 years old, and is believed to have been a member of the Wyomere gang of bank robbers that has robbed a number of banks along the Nebraska-Kansas line within the last few years. Brown was 40 years old. He leaves a widow and three children.

The wound which killed the robber—there was only one found on his body—was by a bullet fired, it is believed, by a 17-year-old boy, James Clark, who led the chase. It entered the left side just below the heart.

REPUBLICANS J. PIERPONT IS NAME TICKET TONIGHT

CONVENTION WILL BE HELD AT
COURT HOUSE AND THERE WILL
BE MANY DELEGATES OF BOTH
SEXES.

TWO WOMEN LIKELY TO BE NOMINATED

**PROBABLE TICKET OF
THE REPUBLICANS.**
Mrs. A. M. Berger.
Mrs. E. C. Abbott or Mrs. R. J. Pala.
E. P. Davies.
Jose Sena.
Frank Gormley.

The above is the ticket "most talked" about in Republican circles today, as far as could be ascertained.

At 7:30 o'clock tonight the Republicans will meet in convention at the county court house to name it or some other. U. S. Senator T. B. Sturges will preside and Frank P. Sturges will be secretary.

Primaries were held by the G. O. P. in the four wards of the city last night and in one ward only—ward No. 1 were there instructions to delegates. These instructions required the delegates to vote for J. D. Sena and Frank F. Gormley "and two women." In the other wards the sentiment that two women should go on the ticket was voiced.

Now that the last of the conventions is about to be held, excitement is running high. As one man put it: "This impending election eclipses any other ever held in Santa Fe, affecting the affairs of the city, county, state or nation. The reason is plain: the ladies are delegates."

"I feel so nervous over it all that I think I shall never be a delegate again," said a Republican lady last night. Her friends twitted her again and again during the dance.

Whether there will be any stampeding of the convention tonight, remains to be seen. If the Republicans work mechanically as one of the Democratic orators declared the other night, perhaps it will be a stony scene will be witnessed.

These are the delegates who will put a ticket up tonight:

WARD 1.
(One-half vote each.)

Gregorio Rael, Jose D. Sena, Mrs. Frank Andrews, Mrs. E. R. Wright, Mrs. A. J. Chapman, Miss Conrad, Mrs. Delvina Gutierrez, Mrs. Josefa Borrego, Miss Eugenia Manderfield, Mrs. Manuel B. Otero, Geo. W. Armijo, Seferino Alarid, N. Salmon, Jose Ma. Somoya, Feliciano Sena, Nicolas Sena, F. F. Gormley, Ira L. Grimsbach, Euterio Ortega, Francisco Gutierrez, Santos Ortiz, Teofilo Sandoval, Luis M. Moya, Manuel Baca y Campos, Jose Griego, F. L. Frazier, Juan B. Moya, Feliberto Johnson, Jose F. Gonzales, Camilo Padilla y Garcia, and V. I. Alarid.

WARD 2.

Marcelino A. Ortiz, Frank Owen, Enrique Alarid, Celso Ortiz, Tomas Romero, W. G. Sargent, Climaco Trujillo, Jose C. Sanchez, H. L. Ortiz, Manuel Ortiz y Martinez, Romulo Lopez, B. M. Read, Facundo Ortiz, Mrs. E. C. Abbott, Mrs. Frank P. Sturges, Mrs. T. Z. Winters, Mrs. J. W. Collier, Mrs. K. F. Hall, Mrs. J. B. Read, Mrs. Benjamin Hill and Emile Migardot.

WARD 3.

Mrs. A. M. Berger, Mrs. Celso Lopez, Mrs. J. W. Akers, Mrs. Leo Hensch, Mrs. Chas. Closson, Mrs. Amado Martinez, Mrs. Victoriano Canales, J. W. Akers, Dr. David Knapp, T. B. Catron, Evaristo Duran, Ambrosio Ortiz, John Shoemaker, Jose M. Garcia, Anastacio Montoya.

WARD 4.

(One-half vote each.)
Mrs. Frances Hinojosa, Mrs. Jacobo Chavez, Miss Ramona Baca, Mrs. Lola C. Armijo, Mrs. J. M. Anaya, Miss Stella Sloan, Mrs. M. H. Byrd, Mrs. J. W. Chavez, Mrs. J. A. Rolis, Mrs. L. O. Moore, E. P. Davies, Will Salazar, R. L. Baca, Marcos Rael, A. B. Renahan, Edward Safford, Octaviano Rodriguez, Manuel B. Salazar, P. Lineau, Levi Hughes.

INDIANS TO BE TAUGHT BETTER FARM METHODS

Washington, D. C., March 29.—An effort to improve the instructions in farming which the Indians are receiving has been started by Acting Commissioner of Indian Affairs Abbott, who has begun an investigation to ascertain just what results the various Indian teachers have been getting. The reservations supervisors are asked to recommend demotion for incompetent teachers. The efficiency of the teaching force hereafter is to be measured by the production of the school farms and their ability to teach the Indian boy how to raise first class crops.

J. PIERPONT IS SERIOUSLY ILL

SON IN LAW IS SAID TO HAVE
ADMITTED THAT AMERICAN CROESUS
HAS NOT BEEN ABLE TO LEAVE
HOTEL SINCE EASTER.

London, March 29.—An unconfirmed dispatch from Rome to the Exchange Telegraph company, says:

"Herbert L. Satterlee son-in-law of J. Pierpont Morgan, admitted today that Mr. Morgan had not left his hotel since Easter Sunday, when he became ill during church service and was forced to return immediately to his hotel. He is taking a complete rest under the instructions of his doctors."

OMAHA BUILDING IN STORM'S PATH

Omaha, Neb., March 29.—The work of clearing away the wreckage of last Sunday's tornado is going rapidly forward and repairs are being made on hundreds of the less damaged buildings.

By Monday, it is expected the reconstruction committee will have matured its plans and secured sufficient funds to start general restoration work.

No bodies were found today in the wreckage handled and all the injured were reported improving. Tomorrow will see the last of the funerals of those killed Sunday.

The buildings trade union have adopted resolutions condemning any attempt to raise the price of labor on account of conditions.

Guards are still kept on duty, and extra guards will be on duty tomorrow on account of the prospective crowds of sightseers.

BULGARIAN TROOPS ARE NEAR HOLY CITY

London, March 29.—The Bulgarian troops pierced the Tebatalla lines in the neighborhood of Lake Derkos on the Black Sea today and are pushing forward victoriously on Constantinople according to a Central News dispatch from Sofia.

ANOTHER LOAN FOR CHINA NOW

**AMERICAN BANKERS ARE WILLING TO
ADVANCE THE MONEY PROVIDED THEY
ARE ASSURED NEW POLICY WILL
PREVAIL**

Washington, D. C., March 29.—President Wilson learned today that an American financial syndicate stood ready to furnish the republic of China a short term loan of about \$10,000,000 and would later negotiate a long term loan up to \$100,000,000 or what ever should be China's need. The syndicate has asked for assurances that the United States government would not participate in any way in the negotiations.

POLICY OF STATE OF KANSAS CITY DISPLEAS COURT

Kansas City, Mo., March 29.—Circuit Judge Jos. A. Guthrie, in preparing his decision, sentencing W. R. Nelson to a day in jail for contempt of court, following the publication of an article in Mr. Nelson's paper, the Star, concerning a divorce case, went outside the return made by Mr. Nelson on the citation, according to Judge Guthrie's testimony on cross-examination today at the hearing of the contempt case before C. C. Crow, commissioner of the Missouri supreme court.

Judge Guthrie said he was influenced by "other facts" including an article published in the Star, following the citation, and by what he conceived to be the "general policy of the Star toward the courts."

INSTRUCTION TO VOTERS.

The law allows women to vote at school elections.

All voters must be over 21 years old.

Each voter must have resided in New Mexico 12 months; in the county 90 days, and in the precinct 30 days next preceding the election.

Indians not paying taxes cannot vote.

No registration required for school election.

Each voter may select and vote for five members of the board of education next Tuesday, April 1st.

Polls open at 9 a. m. and close at 6 p. m.

Candidates for members of the school board of education are selected from the city at large.

You may, therefore, vote for five without regard to precinct.

You may scratch any name on one ticket and substitute it with any name on the other ticket.

You may use a sticker with name of your candidate and paste it over the name you scratch out.

PROGRESSIVE-DEMOCRATIC SCHOOL BOARD TICKET DISCUSS PROBLEMS

Ward 4.

It seems generally conceded that the Democratic-Progressive school board ticket will try the Republicans' mettle. It is generally regarded as a ticket to commend itself for "efficiency."

The New Mexican told some of the qualifications of Mrs. Jacob Weltmer yesterday. It was admitted in all circles today that it would be hard to find a candidate of superior qualifications for the post of school director.

A few words concerning the other members of the ticket:

H. H. DORMAN.

There is Harry H. Dorman. He would lend practical strength to the board for he is eminently a practical man and as such has been a success in Santa Fe. Mr. Dorman has extensive property here and he is sincerely interested in the advancement of the city. But he is not a real estate "infatuated." He loves the city practical rather than the city beautiful; he wishes to see the city forge ahead as a good place to live and a comfortable one as well. He has become the industry of the Chamber of Commerce and has just been nominated as its president. He is popular with his fellowmen and has just been elected secretary of the Santa Fe club. He is respected and trusted by the citizens of Santa Fe and has just been nominated for the school board.

Mr. Dorman should take an interest in the advancement of the schools for he has a daughter attending school here and another daughter who will attend when she becomes old enough.

Asked his views as to the needs of the schools—which needs he might assist as a school director, if elected—Mr. Dorman said: "I am a great believer in popular education. I recognize the value of an able corps of teachers if our children are to be given the education we expect them to receive; I see also the importance of keeping out all elements which shall disturb the working efficiency of teacher and pupil. There are certain crying needs, too, that I should like to see attended to at an early date. One is, the installation of a fire-proof staircase in the buildings and fire-escapes outside. The lives of our children and teachers are too precious to brook delay in the erection of these safety appliances, whose value is recognized the world over. Santa Fe wants no school tragedy which shall leave a blot on this fair city.

"If elected a school director I shall work for these improvements."

MARCELINO GARCIA.

A man who has served the city, county and state in many a capacity and never found wanting; a man who has resided here for so many years that every one knows him and what he will do; a man who is a staunch Democrat and who has a large following among the Spanish-speaking voters of Santa Fe and also among the Anglo-Saxons.

"I am but a plain man of plain, simple views," said Mr. Garcia when seen at his store this morning. "You may say this, however, as coming from me: I am unalterably opposed to injection of either politics or religion into this school board or into the public school business. I think the wonders and intricacies of the English language should be taught in the public schools and taught thoroughly so that pupils may come out with a good working knowledge of the tongue they will use. I think every effort should be made to promote the efficiency of the schools and no political or religious consideration should figure in the actions of the school board."

DR. C. O. HARRISON.

If Dr. C. O. Harrison, also a nominee on the ticket, if elected, he will add a new and interesting "school incident" to his life. Dr. Harrison is one of ten children and seven of these children, including himself, were school teachers. The doctor taught school for five years in Pennsylvania and both of his daughters have taught

CAUTION TO VOTERS ABOUT THE "TERMS."

While it is well understood that the five persons with the highest number of votes will be elected, there is some misunderstanding about the method of counting these votes. The vote is going to be counted for nominees according to the term and if ballots are cast for a candidate for a four year term and other ballots cast for the same candidate for a two year term, the ballots will not be ADDED, but will be listed separately. Great care, therefore, should be had in following the "terms" outlined on the ticket. Three candidates will be elected for four years each and two for two years each. Do not split up the vote and try to elect a man or a woman for a four-year as well as a two-year term.

EXAMPLE: If a voter wishes to scratch the Republican ticket, say, in favor of Mr. Dorman, let him or her paste the sticker over a TWO year term as Mr. Dorman is running on the Citizen's ticket for a two year term.

"I believe the public schools are intended for the plain people and the course of study should be so arranged, in my opinion, that when a boy or girl quits school he or she will be able to go out with a training in English and mathematics that will serve to good purpose during the struggle for a living. I do not believe there is needless trifles or foibles in this curriculum—just a plain, common sense way of handling the school problem. There is a lot of philosophy in the Three R's.

"As regards the kind of teachers I would vote for I may say I believe they should not only be qualified educationally, but also be men and women of high principles and good morals—teachers to set an example to the younger generation."

MRS. J. W. MAYES.

The new Mexican opened the discussion of qualifications yesterday with a brief history of Mrs. Weltmer's work for schools in Santa Fe. It is but proper to close with a few words about the other woman on the ticket—Mrs. J. W. Mayes. There has been a cry for women on the school board and that cry is answered by the Democrats and Progressives with the nomination of two ladies who are well known in this city and who have many qualifications to recommend them.

Mrs. Mayes, first of all, is recommended by a joint committee of the Santa Fe Woman's club and the Woman's Board of Trade. She has been a teacher of tried experience. She was principal of a school in Folsom, Union county, New Mexico. She taught in Texas as well as in this state and holds a first grade certificate in both states. She has taught school in all the grades and is therefore thoroughly familiar with the problems which must confront the teacher and pupil and incidentally the school directors who have to advise them.

Mrs. Mayes speaks Spanish fluently and enjoys a wide acquaintance in Santa Fe. She has children going to school in this city.

Discussing the problems she sees confronting the new school board to be elected Tuesday Mrs. Mayes said today:

"If I have a hobby it is vocational education. This kind of education has been carried on here in a small way in the domestic science and manual training departments, but I hope to see the day when there will be a vocational school in Santa Fe to fit pupils for the work to which they are called. I think a great step would be taken if this were done. If elected I shall do all in my power to further this idea of vocational education."

**YOUNG MAN CHARGED
WITH TERRIBLE CRIMES.**

Quincy, Ill., March 29.—Addressing the jury completed today to try Roy Pfanschmidt, District Attorney Wolfe charged that the killing of Charles A. Pfanschmidt, his wife and daughter, was deliberately planned by the son, who, driven to desperation for the need of money, would become the heir to the large Pfanschmidt estate. Then to conceal his crime, the young man also killed Miss Emma Kaempfen, a guest of the house, according to the district attorney.

FOR YOUR PRETTY HEAD AND YOUR DAINTY FEET.

It behooves the up-to-date girl to have her head and feet dressed well this spring, as hats, shoes and stockings are to be the most striking of the season's fashions.

Low shoes are to be worn almost to the exclusion of button boots this summer and the French heel will be seen in and out of season.

All sorts of eccentric ideas will be indulged in by the girl who is quite sure of the symmetry of her underpinning—and probably by those who are not so happy.

More or less of the ankle is sure to

show. For this reason many of the most daring dressers are wearing anklets with their satin slippers. Given a slender ankle, a beautiful evening dress, this is a rather pretty fashion.

There is a new stocking on the market that looks as though it were made of fish net, but it is much prettier in the stores than when worn. This stocking is illustrated in the center of out. Don't bind your ankle in sandal fashion with colored ribbon as it is illustrated at the left. It is sure to be ugly.

The hats shown in the picture are a little larger than have been shown earlier. They are for the young girl. The one in the center is of white panama and shows a little different trimming from last year. It is bound around the edge with brown velvet and has a pleating of the same velvet ribbon about the crown.

The style of the black hat is entirely in the way in which the white paradise feather is put on. The hat at the right is of leghorn, with a band of American beauty ribbon and an American beauty rose in the front.

SOCIETY

SOCIAL CALENDAR.

(Editors Note—Notices for this calendar should arrive at the office of the New Mexican not later than Friday evening.)

March 31, Monday—Lecture at Old Palace followed by reception in honor of Prof. Hill-Tout.

April 5, Saturday—Comis opera, "The Street" with Donald Brian, at Elks' theater.

April 10, Thursday—Meeting of the Art and Literature Department of the Santa Fe Woman's Club.

"SWEET 16" PARTY.

Miss Evelyn McBride celebrated her sixteenth birthday this week by giving a party to a score of her young friends. The affair was given at Miss McBride's home on Chapelle street.

RECEPTION.

The Ladies Auxiliary of the Museum of New Mexico will hold a reception at the Palace of the Governors on Monday evening, March 31st, immediately after the free lecture by Professor Charles Hill-Tout of Vancouver, B. C. The public is cordially invited to attend both the lecture and reception, the latter will be in honor of Professor Hill-Tout.

CONFIRMATION DAY.

Corinne Isabel, the baby daughter of Mr. and Mrs. William Arrighi, was one of the many little ones confirmed Sunday at the Cathedral by Archbishop Fitaval. In the evening a reception was held at the Arrighi home. One hundred guests were in attendance. The house was artistically decorated with ferns and flowers. Games and dancing were indulged in. Professor Ramirez's orchestra furnished the music.

A MUSICAL HIT.

At the entertainment given recently in Albuquerque by the Chicago University Glee club, a Santa Fe girl gave the "retort courteous" to the Varsity boys. It was Miss Mary McFie, the talented daughter of Judge and Mrs. John R. McFie of this city who had the presence of mind to do it. Says the Albuquerque Journal in the account of the affair: "A feature of the entertainment that was not on the program occurred when the Chicago U boys, spying a bunch of U. N. M. girls in the front row in the parquet, sang a touching little ballad entitled 'Girls, Girls, Girls.' The varsity girls, taken by surprise, but still game, rallied round the piano and led by Miss Mary McFie, director of music at the U. N. M., sang 'Smile, Smile, Smile.'"

BRIDGE PARTY.

One of the most enjoyable affairs of the season was the bridge party given by Mrs. Ernest Taschek on Wednesday afternoon in honor of Mrs. J. H. Burroughs of Steamboat Springs, Colorado. The tales were presented by Mrs. Taschek in beautiful Easter designs. After a very pleasant afternoon of cards delicious refreshments were served, the color scheme of pink and white being carried out in every detail. Mrs. Taschek is from the south and like all

southern women she is noted for her hospitality. Those present were Mesdames Burroughs, Corrick, Rolls, Vioy, Kegel, Weltmer, Haywood, Frank Andrews, Von Nyenheilm, Newhall, Davies, Woodruff, Wood, Wheelon, F. E. Andrews, Miss Cora Haywood and Miss Marion Burroughs.

WOMAN'S CLUB.

The club met in regular business session on Friday at 10 a. m., this being the annual meeting for the nomination of officers for the ensuing year, the election to be held two weeks hence.

The present officers were all nominated unanimously, by acclamation, the only change being in the position of corresponding secretary, held by Mrs. J. W. Giddings, who felt compelled to decline a re-election on account of lack of time to devote to official duties.

The meeting was enthusiastic and harmonious, and the spontaneous action in the re-nomination of the present officers was evidence of the club's satisfaction in the work accomplished by them.

The nominations are as follows: President, Mrs. L. C. Collins; first vice president, Miss Massie; second vice president, Mrs. R. F. Asplund; recording secretary, Mrs. Karl Green; corresponding secretary, Mrs. W. G. Hoover; treasurer, Mrs. Kate Hall.

The officers for the Art and Literary department were as follows: Chairman, Mrs. Pope; first director, Mrs. Hewett; second director, Mrs. Addison Hall.

Home and Child Welfare department: Chairman, Miss Conrad; first director, Mrs. S. G. Cartwright; second director, Miss Jessie March.

Civic Department: Chairman, Mrs. J. R. McFie; first director, Mrs. Weltmer; second director, Mrs. Kegel. The club was honored in the selection of Mrs. R. F. Asplund as recording secretary of the state federation, and the delegates from Santa Fe were congratulated upon securing the next state meeting for this city.

SANTA FE WINS IT.

Santa Fe ladies who went to the Duke City have returned triumphant. Why? Because Santa Fe is to get the convention of the New Mexico Federation of Women's Clubs in October. And that is October 1913 and not 1914.

Another honor for Santa Fe is the election of Mrs. Rupert F. Asplund of this city as recording secretary. The complete list of officers elected is as follows:

President—Mrs. W. J. Fugate, of Las Vegas.
Vice-president—Mrs. C. E. Mason, of Roswell.

Recording secretary—Mrs. Rupert F. Asplund, of Santa Fe.
Corresponding secretary—Mrs. F. L. Myers, of Las Vegas.

Treasurer—Mrs. D. A. Bittner, of Albuquerque.

Auditor—Mrs. Carrie B. Porterfield, of Silver City.

Woman's Clubs believes in progress and education, we endorse industrial and vocational education and recommend that special work be done along the lines of literature and library extension, as advocated by the legislative committee.

Resolved, that it is the desire of the federation clubs in New Mexico that under the new law whereby women can hold appointive offices in New Mexico, that we urge that women be appointed on the boards of all state institutions.

Owing to Miss Julia Lathrop's years of experience in, and knowledge of child welfare work, be it resolved that the State Federation of Woman's Clubs in New Mexico request that she be retained as head of the national children's bureau. (A special resolution, copies of which are to be sent to the president of the United States and to Secretary Wilson of the department of labor.)

Resolved that this federation adopt the "Council Fires" as the official state organ of the federation.

Resolved, that each club use its best effort towards securing advertisements, or otherwise financing "Council Fires." That an advisory board be appointed by the president to co-operate with the editors. This board will have no power to impose any financial obligations on industrial clubs.

Resolved, that the State Federation of Woman's Clubs put themselves on record to incorporate in their literary work the study of the Bible as a literary classic and the foundation of all law.

Resolved, that the individual delegates endeavor to stimulate an interest in music and art. In each club represented, first, by forming a department; second, by organizing a chorus, if practical; third, by adopting a practical outline of work; fourth, by lectures on both subjects.

Recognizing the true worth of our representative woman, Mrs. McDonald, in her appreciation of club work and thorough womanliness, as a federation we send her our greetings.

Resolved, that no traveling expenses shall be paid from the general fund, except those of the president. (Amendment to Section 1, Article of By-laws.)

Resolved, that a vote of appreciation be extended to the "Delinquent" and Mr. William Hard for their great help in getting better laws for women and children.

Resolved, that the sympathies of this federation be extended to the sufferers of the late disasters of flood and cyclone.

Resolved, that the convention learn with extreme sorrow of the terrible accident and loss Mrs. G. W. Young, delegate from Tularosa, has sustained in being seriously burned at the time of the loss of her home. Our sincere sympathies extended.

Resolved, that a vote of thanks be extended to the ladies of Albuquerque and members of the Woman's club and the Tuesday club, the Commercial club, and the University of New Mexico, for the delightful manner in which they have entertained the state federation. Also to the Albuquerque press, and the Santa Fe railroad for reduced rates.

THE FORUM.

To the Editor of the New Mexican:

There has been no doubt considerable discussion among those who have most to do with making up tickets for various public offices as to the qualifications of the candidates. In general, at the present time, it is a growing practice to select good men for administering our civic affairs—a practice, which, I believe, is indicative of gradually improving civic ideals in our own and other communities. Public officers are representative and should be so in a form of government such as ours. They represent not only the ideals of the community as a whole, but, in the case of legislative bodies and boards of various kinds, they represent groups of individuals—minorities as well as majorities. This, too, is necessary under our government. But in no case and under no circumstances is a public officer to represent private or personal interests either of himself or associates. Political parties are necessary as machinery for the expression of the wishes of majorities and minorities in state and nation until a better system is worked out. But there is very little necessity for activity by political parties in local government and none at all in connection with school elections. In local affairs they furnish the opportunity for endless manipulations to serve personal ends and to keep alive the party spirit at the expense of the public good.

Now as to the question of the election of members of our school board, those men and women should be chosen who will fairly represent the wishes of the various groups in the city, who desire such representation. I suppose, too, that the different portions of the city should be recognized. Political organizations do not require representation as they are artificial and intended for the expression of opinion in the nation. With respect to candidates to be chosen next Tuesday,

day, it will be found that good men and women have been nominated representative men and women, but with more consideration for party affiliation, I fear, than should be the case. However, there are other special qualifications which should be required in the case of members of school boards to a few of which I desire to call attention.

There are many matters affecting the conduct of the schools which should engross our attention just now. In this communication I have time to call attention to only a few in the form of questions addressed to the nominees for the school board.

1. Will you strive to conduct the schools on a business basis with annual budgets and reports published at the beginning and end of the school year "so that the people may know?"

2. To what extent, after hiring a capable superintendent, should the board grant him discretion in the management of the schools?

3. Do you believe that a board should hire teachers without reference to the wishes and recommendations of the superintendent?

4. Do you believe in the introduction and teaching of such branches as agriculture, domestic science and manual training?

5. Do you believe in playgrounds, school gardens and supervised athletic contests?

6. Do you believe in medical inspection of the schools and in the physical as well as the mental education of children?

7. Will you try to secure a proper truant officer and see to it that every child of compulsory school age attends some public or other school in the city?

8. Will you make ample provision for the proper education of all the children of all the people in our public schools and by records and reports keep the public advised of actual school conditions with recommendations as to remedies when needed?

9. Will you seek the advice and cooperation of parents and patrons with a view to determining their ideas as to education of their children?

10. Do you favor designating the Santa Fe high school as a county high school?

RUPERT F. ASPLUND,
Editor New Mexico Journal of Education.

The New Mexican of last Tuesday had in print the "Easter sermon" preached by Rev. Leonidas Smith to Masons. Part of the text was "Thou art Peter, and upon this rock will I build my church," after which the sermon starts as follows: "Upon this rock. What rock? Not the man Peter," etc. Of course, one of the fundamental principles of the Reformation being the right of private or individual judgment, the Rev. Leonidas Smith showed himself consistent with said principle by saying: "Not the man Peter, I want only to ask him one question, that I hope he will answer in his next sermon. The question is this: To whom do you refer the following words of Christ, that he said just after 'Thou art Peter'—'I will give to thee the keys of the kingdom of heaven,' etc. Does the word 'thee' refer to 'the man Peter,' or to Jesus Christ who, according to the private interpretation of the Rev. Leonidas is himself the rock. Did Christ say to himself: 'And I will give thee the keys of heaven?'"

TRANSFER OF FUNDS FOR RELIEF IS FREE

In a message to its local manager here, the Western Union Telegraph company today suggests that all funds collected for the relief of flood sufferers be deposited in a local bank and the Western Union will then handle a telegram free of charge instructing a bank at the flood headquarters to pay the amount deposited here.

The Western Union wired its local manager that because of the crippled condition of the lines due to the flood, only messages of the most urgent nature having to do with flood conditions could be carried free. These are subjects to the discretion of the local manager who shall mark them "dead-head-relief" if he accepts them for transmission. The Western Union, however, will not handle money except through the medium of the banks. Messages received by the local agent of the Denver & Rio Grande railroad instruct him to receive for free shipment, all supplies for flood sufferers addressed to mayors of cities, relief committees or persons authorized to receive supplies.

The Globe Express company which

also operate with the Adams and American Express companies, has received word to accept free, all supplies or monies destined for flood sufferers.

The money from Santa Fe donations will probably be sent in the shape of a bank draft.

POSTAL COMPANY IS READY TO AID ALSO

Mr. DeArcy, manager of the Postal Telegraph company in Santa Fe, said today that his company was ready to do anything within its power to aid the flood sufferers.

"We will receive funds here for transmission to the recognized authorities or relief committees in the flood districts," said Mr. De Arcy. "and there will be no charge for same. The Postal authorities have given all the aid possible during the flood and we will continue to donate our services as long as we can be of assistance."

From 27 to 58 degrees was the range of temperature here yesterday and the relative humidity was 25 per cent. At 5 a. m. today it was 37 degrees. Yesterday was clear and warmer and today also showed symptoms of spring.

ENTER THE BIG CONTEST AND WIN VALUABLE PRIZE

NEW MEXICAN'S \$5,000 CONTEST IS NOW ON—NOMINATIONS ARE IN ORDER—VOTES AND SUBSCRIPTIONS BEING RECEIVED DAILY BY EARLY BEGINNERS—ENTER YOUR NAME AT ONCE.

OPPORTUNITY OF A LIFE TIME
TO EARN \$1,000 IN GOLD COIN

Many complimentary remarks are being heard on every hand with reference to the progressiveness and liberality of The Santa Fe New Mexican in offering \$1000 in gold, and other valuable prizes valued at over \$5000, in its gigantic subscription campaign. The undertaking, while colossal in a way, has won instantaneous favor in Santa Fe and throughout the entire state of New Mexico.

The prime motive of this contest, of course, is to increase the circulation of The Santa Fe New Mexican, New Mexican Review and El Nuevo Mexicano, and we are willing to spend over \$5000 to gain this end. Every wide-awake, energetic man and woman of this city and state are given an unparalleled opportunity to profit by spare time, so it is a plan that works both ways.

NOW IS THE TIME TO START.

This contest is just starting off, and now is the time for you to launch your vote campaign. Don't put off entering the race until it is too late and some other candidate has secured the very subscriptions you had counted on, but enter your name now and get busy. It has been said that opportunity knocks at one's door but once. Now opportunity is knocking upon your door with a sledge-hammer, and it is using both fists to awaken you to the realization of what is in store for you. Why should you read this article and sit dreamily by and let opportunity pass to knock upon another's door? Be up and doing. Make your spare time be of value, and you will be glad when the contest is over and you have won a prize worth many hundreds of dollars.

CANDIDATES ARE NOW WORKING

Some of the candidates, realizing that an early start is half the battle won, are now out after subscriptions to The Santa Fe New Mexican, New Mexican Review and El Nuevo Mexicano. Each yearly subscription (old or new) carry a voting value of 25,000 votes during the first period, which ends April 19th, so it can be readily seen that a few such orders would amount up into the hundreds of thousands. Votes are allowed on other subscriptions in proportion to the length of time paid. Each five-year subscription to either of the weekly

publications also carry a voting value of 25,000 votes during this period, the price being \$5, which is the same as the yearly rate to The Santa Fe New Mexican (daily) by mail. (See voting schedule in big advertisement on another page of this paper.) Votes pile up rapidly through subscriptions. A trial or two among your friends and acquaintances will convince you of that fact.

GET IN THE GAME.

Vote-getting will be found very interesting, and you will never regret the time and effort expended in this contest, as the time is so short and the prizes so numerous and valuable that those who really try are sure to win a big prize. Anyone who does not secure enough votes to win one of the many prizes offered will be paid a commission on all subscription money turned in. Hence, there will be no losers in this contest. Can anything be fairer and more liberal than that?

CLIP THE COUPONS.

All that is necessary to enter this contest is to clip the nomination blank appearing in the big page advertisement elsewhere in this paper, fill in your name and mail or deliver to the contest department of The Santa Fe New Mexican. This nomination coupon enters you in the contest with 5000 votes to your credit. Only one of these blanks will be accepted for each candidate nominated. There is another coupon appearing in the page advertisement which, when clipped out, name filled in and mailed or delivered to the contest department will count as 100 votes. You are not restricted in any sense in voting these coupons. Clip all you can and get your friends to do the same.

GET A RECEIPT BOOK.

Those who desire to enter the race and compete for the prizes offered should get a receipt book so that they can take subscriptions and give receipts for same. If there are any points that are not perfectly clear regarding this great prize distribution, call on or write the Contest Editor and full information will be given. Contest phone 31 J.

A Little Talk About Values

BY JOHN P. FALLON.

You value things by their usefulness, beauty, intrinsic worth, sentimental worth, or historic worth. You value most of the things you buy first by their utility and second by their pleasing qualities.

Some things are intended for service, others simply to look at and admire, while many things have both a useful and ornamental value.

Take two articles alike in form but much different in quality. One may be a real bargain at a dollar while the other would be dear at fifty cents. The reason for this is that the article of superior quality will give three or four times the service, wear, satisfaction and usefulness. In order to get the best value that money can buy, one must exercise judgment.

You need have little doubt, however, of the values offered by the merchants who advertise in The Santa Fe New Mexican. These merchants are known by the values they give. They know that a reputation for honest values is their most valuable asset and strive to give their customers the greatest values obtainable. Read their advertisements in The Santa Fe New Mexican closely and constantly every day and then you will have little need to worry about values.

WHO'S WHO IN WILSON'S CABINET---BY CORY.

(By J. Campbell Cory.)

The Garrison bluish of track tradition has nothing on the Garrison start as exhibited by President Wilson's new secretary of war. This cabinet officer spent just about the time of a taxicab voyage from the capital to the war department between taking his oath of office and getting down on the job. The formalities attendant upon his induction into his duties consisted of hanging his overcoat and hat on a peg and sitting down behind the big mahogany desk reserved for the boss of the army.

A Georgia mammy, reversing the brown cornakes on a steaming griddle, could show no greater facility in turning things upside down than did Garrison when he began to tackle the problem which his new work presented.

Garrison has a startling directness of manner. He doesn't beat around the conversational bush; he jumps over it. Take the case of Major General Leonard Wood, for a time chief of staff. It's a wide-open secret that many of Mr. Garrison's official advisers of the department hold no kindly feeling toward the man who rose from army surgeon to the highest military rank within fifteen years over the heads of men years his senior in age and service. Here is a conversation which took place in the presence of at least a half dozen persons in the secretary's office the other day:

"Have any congressmen spoken to you against General Wood since the fourth of March, Mr. Secretary?" inquired a searcher after truth, and then continued, "Can you answer that?"

Secretary Garrison shot a quizzical glance at the questioner, a newspaper correspondent, and replied, with a somewhat disconcerting avoidance of evasion:

"Yes, I can answer, but I won't."

Garrison has nearly a couple of years to travel before he reaches the half-century mark. His iron-gray hair is an accident and not a symptom of advancing years. His brusqueness is more a mannerism than an evidence of lack of sympathy. He is a six-cylinder worker and already has earned among those who have come in contact with him the title of the "live wire of the administration."

The secretary enjoys the distinction of having been born in the state from which he was appointed to the cabinet. Camden, N. J., was his birthplace, and his activities up to the time he was offered this job had taken him no farther than Jersey City, where he sat as vice-chancellor. The job of

"HE IS A SIX-CYLINDER WORKER."

vice-chancellor is no sinecure. Legal attainments are necessary for the proper discharge of the duties of the place, but the prime requisite is horse sense. The cases brought before a New Jersey vice-chancellor involve questions of equity rather than those of statute law. It was just this experience in an equity court that brought Garrison into the cabinet.

When Woodrow Wilson advanced from apprentice to journeyman cabinet maker he decided that the war department needed for its own good a chief who could decide cases on their merits and leave the statute law end of the business to the department of justice. He knew Garrison—had known him for years—and was sure

that precedent, formula and traditions would weigh little in the balance against common sense when he had a question to decide. Thus Garrison as secretary of war.

The new secretary knows he has a big job ahead of him. His announcement of the department's intention to increase the efficiency of the army indicates his realization of the possibilities of some scrapping before he hands over his portfolio. He wants to be ready. This part of his program is joy to the army, roller-top desk fossils and eager shave-tails alike. And they're predicting that he'll round the course and come under the wire in a form befitting the traditions of his turf-blest name.

SPORTING NEWS

BASEBALL'S UTOPIA, DUBUQUE, IA., WHERE THE THREE I LEAGUE WILL PLAY ITS GAMES IN MUNICIPAL BALL PARK.

Dubuque, Ia., March 29.—Municipal baseball, dream of idealists, has attracted the eyes of the baseball world to this city.

It remained for a Three I league town to drive the opening wedge in the plan which thinking men believe is the solution of the baseball problem.

Dubuque is building a stadium for athletic contests, football, tennis, a public playgrounds. Included in the seven-acre field will be a completely equipped ball ground with stands and bleachers. The field will be surrounded by an ornamental stone fence with appropriate entrances.

When the day comes that cities realize the enormous profits made by winning teams for a few baseball moguls, others may follow the lead of Dubuque of the Three I league.

Perfection hasn't been achieved by Dubuque is leading the progressives. The day will probably come when Dubuque will not only own the playing field, but the league franchise as well, applying the profit to municipal improvement or to reduce debt.

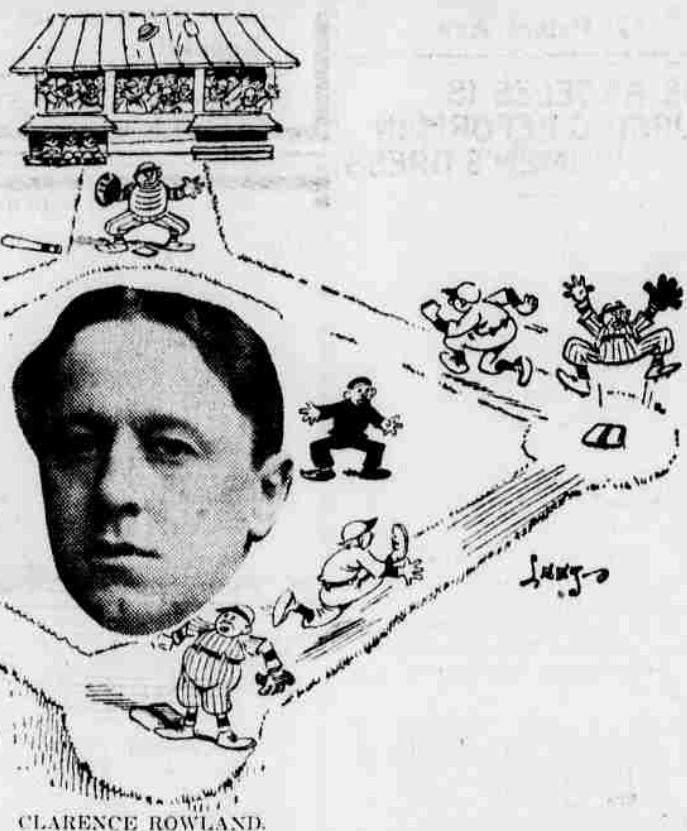

The park is the outcome of the combined thought of Eugene Adams, who is constantly doing something for the city; J. J. McLaughlin, alderman from the Fourth ward, and Clarence Rowland, owner of the Three I franchise.

The present ground is in the residence district, far from the heart of the town, and Rowland never realized any large dividends from his investment.

The idea-men went before the council and asked for an appropriation of \$1,000 to level the field. It was granted. Rowland was willing to pay \$500 a year for the use of the park during the playing season. He offered to build the fence himself and pay \$750 a year for ten years if permitted to use the fence for advertising, but Adams stopped this and the ornamental stone fence was decided upon.

And to make up for Rowland's loss of advertising or to help him give Dubuque a winning team, if possible, the city dads tendered the use of the ball grounds gratis. Dubuque believes in encouraging home industry and Rowland is a native son.

The park will be ready to play in next July. It will be up to date, handsome and modern. When the team is on the road the high school nine can use the park. The tennis players will have the use of the courts and the athletes of the track will

It is but six blocks from the courthouse and eight from the center of the city.

Dubuque has taken the first step. Which city will go her one better and build a ball park and finance its own club? Step up, cities, and declare yourselves. Don't be bashful.

COMISKEY HEARS FAMOUS PLAYER DIES IN ASYLUM

Chicago, Ill., March 29.—The fact that John "Jiggs" Donohue, the former Chicago American league first baseman, who won fame in the world's series games of 1906 between the two Chicago league teams, is dead became known here today. The man who was termed the greatest first baseman he had ever known, by President Comiskey of the local American league club, died in an insane asylum near Columbus, Ohio, five weeks ago.

Mrs. Donohue was notified of his death by an insurance company, in which he had a policy.

The player's first big league engagement was under "Connie" Mack at Milwaukee, during the infancy of the American league. In 1906, he accepted 1,986 chances at first base, a record which has never been equalled.

"Jiggs" also had the record on the fewest number of chances in a club game on May 23, having only one. He made one assist. It had never been known in baseball before where a first baseman was not given a chance to make at least one put out. "Jiggs" was one of nine brothers, all of whom were baseball players. Donohue died the nickname "Jiggs" from his club dancing.

FREDDIE WELSH IS LOOKING FOR FIGHT IN UNITED STATES.

Light Weight Champion of Great Britain is in New York and Hopes to Get Battle on Pacific Coast Soon.

New York, March 29.—Freddie Welsh, light weight champion of Great Britain and holder of the Lord Lonsdale belt, arrived here yesterday on the Murrah. He said that he would remain in this country for several months in search of a title bout with Willie Ritchie, the world's champion.

Welsh said he would agree to any fair conditions for a battle with Ritchie. He intimated that he would make 133 pounds ringside, and said that he would readily sign articles for a 20 round bout on the Pacific coast.

GOTCH SAYS IT FEELS GOOD TO BE BACK IN THE GAME.

Humbolt, Ia., March 29.—With nothing to say except that it "felt good to be in the game again," Frank Gotch left this afternoon for Kansas City, where on Tuesday night, he is to wrestle with George Lurich. His manager, Emil Klank, and trainers accompanied him.

WORK ON MONTANA PROJECT TO BE RESUMED.

Washington, D. C., March 29.—Construction of twenty-two miles of canal in the Milk River Irrigation project in Montana will begin soon, the reclamation service announcing today that bids for the work will be opened April 23. The canal is to be built under treaty with Canada, the Milk river flowing for 150 miles through that country before getting back into Montana.

Carroll McComas, Will West, Ethel Cadman, Harry Delf, Florence Morrison, Cyril Biddulph, Cissy Sewell, Victor Le Roy and others in addition to the famous array of sirens and the striking chorus of beautiful young women of excellent singing ability.

"The Siren" tells a pretty and romantic tale during the course of its three acts. Mr. Brian will be seen as a gay young marquis who gets in trouble by writing humorous verses reflecting upon the emperor. The minister of police, is ordered to trap the marquis. In order to do so properly and fasten the offense directly on him, the police chief must secure a specimen of the marquis' handwriting. The Sirens, the famous beauties of the court, are called in and are directed to use their wiles in leading this young man to destruction, by means of coaxing from him a billet doux or any other written message. They all fail, but a simple little country girl happens along to charm the young nobleman.

She betrays him innocently. Of course, everything comes out all right in the end.

"The Siren" differs from the ordinary run of musical comedies by reason of its very coherent plot and interest. Then there is to be seen the most beautiful dancing that has been shown on the stage in years. The Waltz Caprice in the second act is declared a far superior and more intricate dance than was the famous three-step of "The Merry Widow." This waltz has created a veritable furore wherever the piece has been seen.

The curtain falls upon the second act of "The Siren" in a manner unusual for musical comedy. All have departed from the stage, save Mr. Brian as the marquis and the innocent country girl. Discovering that the rural miss has betrayed him, the marquis denounces her in no uncertain terms. It is a scene worthy of any "straight" drama.

"The Siren" is the work of Leo Stein and Dr. A. M. Willner the noted Viennese authors, as concerns the book and lyrics. The music is from the pen of that inimitable master, Leo Fall. The tunes enchant and their tilt and swing will be hummed, whistled and sung for a year afterward.

SEARCH FOR BODIES OCCUPIES ALL WORKERS IN FLOOD DISTRICTS.

(Continued from page one.)

ter receding. The city water works, which have been out of commission since Tuesday morning, were restored at noon today, relieving what has been one of the most serious phases of the situation here.

Official reports and identification of flood victims poured in steadily today. As fast as the bodies were identified they were buried. The revised list so far reported showed the following dead:

Alexander Ford.
Mrs. — Brown.
I. Mason.
Mrs. — Hawkins.
Miss Hawke.
Mrs. James Wallace.
S. S. Cupp.
Christ Polk.
Virginia Snyder.
Howard Snyder.
Mrs. — Clemenceau or Clemson.
George Moagantshler.
George Blitz.
Mr. — Quinlan.
Mrs. — Young.
B. E. Harkreader.
Frank C. Scott, five years old.
John McConnell.

LISTS OF DEAD ARE BEING SLOWLY COMPILED.

Columbus, Ohio, March 29.—The identified dead reported at the various morgues through the city today were:

Mrs. Greenlee, Mrs. Sarah Covill, Albert Underwood, 11 years old; Mrs. Della McNeerney, John Stottler, Mrs. John Stottler, Walter Becker, Mrs. Keyes, Mrs. James Cooper and two children, Gus Gaven, Claude Hazellett, H. O. Mashem, Mrs. H. O. Mashem, Mrs. O. C. Toy, Mrs. Sadie Garfield, Mrs. Rhoda K. Wright, Sarah Scrella, Alma Diss, 8 years old; Hil-da Diss, 10 years old; C. M. Shoup, baby; C. H. Huston, Albert C. Gore, Mrs. Marie Clouser, Hannah Weethe, Edwin D. Damsell, Emma Louise Cooper, 5 years old; Frankie Ford, 12 years old; Mrs. Anna F. Hollubough, Mrs. Mary Miller, William Guy, Howard Preston, Arnold Welsengager, William French, or William Griffin, Mrs. Mae McDonald.

Besides this list of 37 identified dead and the nineteen unidentified bodies in the morgues, the authorities have reports of about ten bodies recovered by individual searchers and placed in houses on the edge of the flooded area.

FLOOD WATERS ARE RECEDING RAPIDLY NOW

Zanesville, Ohio, March 29.—The flood waters receded about four feet last night, making a total recession of about nine feet, but all the districts flooded are still under water, except about two square miles of the business district. The only buildings which have collapsed are the Munson Music store and the Indianapolis Brewing company, together with many residences.

The known drowned now number five. The exact number of dead will

not be known for several days. Food stations have been established and provisions are being distributed only to flood sufferers.

The town is still under martial law. Business men estimate the loss at \$10,000,000.

REFUGEES ARE FLOCKING TO CINCINNATI FOR AID.

Cincinnati, Ohio, March 29.—With the Ohio river covering the entire lower section of this city and with refugees from the stricken up-state towns coming in by hundreds, Cincinnati today faced a situation that will require the combined efforts of all its relief and civic organizations to cope with. Every hotel is crowded to its capacity, while every moving van, auto truck and freight street car has been pressed into service removing families from the flood area.

The Ohio river reached the stage of 65.9 feet at daybreak and was rising at the rate of 1 1/2 tenths of a foot an hour. More than 60 city block are under water to a depth of from half a foot to ten feet.

Suffering, however, has been at a minimum, owing to warnings sent out early that a stage of 70 feet would probably be reached before the waters began to recede.

LESS THAN HUNDRED DEAD IN HAMILTON.

Hamilton, March 29.—Less than a hundred is the estimate today of the dead in the flood here.

As the water recedes, the evidence of the property destruction is more appalling, but the death toll, it is believed, will not exceed one hundred.

FARMERS RESCUED BY BIG RIVER STEAMERS.

Cairo, Ill., March 29.—The Ohio river here today stood at 49.2 feet. Workmen are strengthening the drainage district levees north of Cairo which are being made ready for a high stage of the river.

Thousands of acres of farming land are under water in Missouri, Kentucky, and Illinois, and steamers today brought in refugees and livestock from the flood districts.

GOVERNOR COX ISSUES REPORT ON RELIEF WORK.

Columbus, Ohio, March 29.—Governor Cox today issued the following proclamation as to relief work:

"In order to simplify the situation growing out of requests coming from every direction with reference to funds and supplies, we suggest the following arrangements:

"That all supplies in the future be consigned to Colonel Edward T. Miller, in charge of general relief depot, Columbus, Ohio, and that all funds be sent to Colonel M. L. Wilson, treasurer of the commission representing the Red Cross, the state and citizenship. It is desirable that there be submitted by wire a statement giving car number and character of supplies that are shipped. There is every indication that the Ohio river will reach the highest stage in its history. Calls for food and clothing are coming from unexpected parts of the state. A critical situation has developed in all Ohio river towns. We are still greatly in need of help."

THOSE WHO OVERCHARGE LOSE THEIR MERCHANDISE.

Zanesville, Ohio, March 29.—Farmers or merchants found overcharging for goods have had their supplies confiscated. Diphtheria has broken out and an epidemic of disease is feared, as conditions are very unsanitary.

LIST OF BODIES RECOVERED AT PERU.

Peru, Ind., March 29.—Bodies recovered from wreckage in South Peru, are Rex Mase, Mrs. James Pomeroy, Miss Delight Shields, Albert Shields, B. & O. conductor; Mrs. Frances Strum, wife of physician.

The relief parties in charge of the work of recovery on the south side say more bodies may be revealed in the wreckage of the houses, which have fallen apart and are almost completely demolished.

Men with shot guns patrolled both sides of the river and looting was prevented. Lieutenant Governor O'Neill has issued a warning against crooks who are coming from Chicago.

ALLEGED GRAFTERS IN INSURANCE GAME ARE BEING TRIED.

St. Louis, Mo., March 29.—Harry M. Coudry, former business man, and Harry B. Gardner, began their defense in the federal district court here today, where they are on trial on a charge of using the mails to defraud, in the promotion of the "Continental Life Assurance company, and the International Fire Insurance company."

Harry L. O'Rear, who was bookkeeper for the two companies, testified that the \$56,000 shown on the books as having been paid to Gardner, did not go to him personally, but was paid out in salaries.

W. H. Thompson testified that he served as treasurer of the two companies from October 1909 to June 1910, but never actually handled any money. He said that his salary was \$500 a month.

W. H. Douglas, testified that the board of directors authorized the payment of 246 per cent in commissions to Gardner.

MEETS APRIL 10

As announced in the Social Calendar in this issue, the Art and Literature department of the Santa Fe Woman's club will meet the second and NOT the first Thursday in April. The meeting will be on April 10.

BRIDGE CLUB

Mrs. French entertained the Bridge Club at her home on Lincoln avenue Friday afternoon. Besides the members of the club the following guests occupied the three tables: Mesdames Hoover, Wells, Gray, Giddings and Concheby. Refreshments wound up a very pleasant afternoon for those who enjoyed Mrs. French's hospitality.

BIRTHDAY PARTY

Louise Wright celebrated her fifth birthday Tuesday afternoon by surrounding herself with her "pals" and playmates and entertaining them to their hearts' content. The little guests present were: Madeline Grimshaw, Sue Catron, Virginia McManus, Jessie McGillivray, Frank Parker, Mary Christine Hughes, Roger and Ruth Kirkpatrick, Elizabeth and John Leyert, Winifred Davies, Ellis Brown, Wesley Connor, Caroline Asplund, Frances Andrews, Gladys Gilmore, Catherine Howard, Frances Sargent, Dora Hall, Frances Wilson, Louise Prince, Catherine Zook and Elizabeth Worth. Games of all kinds, dainty refreshments and good cheer were all on the bill of fare and the tots will all remember the fifth birthday of Louise Wright.

SENATOR BARELA WOULD REVISE THE CONSTITUTION

Denver, Colo., March 29.—Senator Casimero Barela today introduced a joint resolution in the senate submitting to the voters at the general election in November, 1914, a proposal for holding a constitutional convention to revise the state constitution. No action was taken.

The house passed on Friday evening the senate eight-hour bill affecting 75,000 persons in Colorado employed in open pits, mines, smelters and other hazardous occupations. The bill now goes to the governor. The bill carries the emergency and savings clauses which will make it effective as soon as it is signed by the governor and prevent its being referred to the voters.

It is the same bill that was adopted at the last election by 23,000 votes, but law which carried at the same election by 3,000. The bill affects open pits and mines, smelters, reduction works, cyanide works, stamp mills and coke ovens.

The house also passed on third reading the "assumption of risk bill" and the measure providing that state funds shall be deposited pro rata in the banks of the state.

FEDERALS MARCH RIGHT BACK AGAIN AND INTO NACO

Naco, Ariz., March 29.—Again General Pedro Ojeda and his 400 federals have cut their way through the state troop lines and today are safe in Naco, Sonora.

General Alfaro Obregon, of the insurgents, has ordered that no attack be made on the border town until it may be done with the least danger to American citizens and soldiers on the Arizona side. A strong patrol of the Fifth and Ninth United States cavalry is drawn up here.

In yesterday's fighting below the border, Ojeda, although surrounded by more than 1000 constitutionalists cut through the lines and during the night arrived at his old garrison at Naco. The federals lost five killed and three wounded, while the state forces lost three killed and twelve wounded. The wounded were taken to Douglas.

El Paso, Texas, March 29.—The American mining settlements about Parral, Chihuahua, today are cut off entirely from railway or telegraph communication with the United States or the interior of Mexico. Chihuahua constitutionalists cut the Mexican Central railway below Chihuahua City. The road previously had been cut below Torreon.

SUFFRAGE IS APPROVED BY MR. ROOSEVELT

Madison, Wis., March 29.—In response to a telegram sent by Richard Lloyd Jones, asking that he wire Governor McGovern his position on woman suffrage, Theodore Roosevelt today telegraphed the governor as follows:

"I earnestly hope that all Progressives in the Wisconsin legislature will support the suffrage amendment. We, in America, should lead the way in this movement. We do not have to point to what has been done abroad. The Pacific coast and Rocky mountain states have tried the experiment and it has worked admirably.

"There is no difference between the work of the best women and the best men, and it seems to me sheer nonsense, when both are doing the highest kind of work for good citizenship, that the artificial line of sex should be drawn, as regards one form and only one form of that work, the exercise of the right of suffrage."

ESTANCIA SENDS CARLOAD OF BEANS TO SUFFERERS

Estancia, N. M., March 29.—The people of the Estancia valley have rendered quick and effective aid to the flood sufferers in Indiana and Ohio by collecting and forwarding at once, a carload of New Mexico beans for which this valley is famous.

At the prevailing price of beans this is a handsome donation and in addition it gives a sustaining and valuable food product to the stricken people.

The beans were contributed from all parts of the valley and this prompt response to the appeals of the flood sufferers reflects great credit upon the people of Estancia who believe in doing good and at the same time in adding to the prestige of New Mexico's title "The land of the bean."

A resolution unanimously adopted directs every Woman's club in the district to carry on a dress crusade in schools, churches and department stores.

WALL STREET.

New York, March 29.—The stock market closed strong. Indications that much of the buying of the week was of an accumulative character impressed the bear faction forcibly today and there was eagerness to cover shares.

Diminishing fears regarding the flood catastrophe and belief that the property losses would be smaller than was at first supposed, added confidence.

CANADIAN PACIFIC INCREASES WAGES.

Winnipeg, Man., March 29.—The Canadian Pacific railway announced today that it has increased the wages of engineers on its lines east of Fort William ten per cent and on lines west of Fort William five per cent. Negotiations have been in progress since January.

GREAT DRY DOCK AT HONOLULU TO BE REPAIRED.

Washington, D. C., March 29.—Rear Admiral R. Stanford, chief of the bureau of yards and docks of the navy, accompanied by Civil Engineer Frederick R. Harris, of the New York navy yard, started today for Honolulu.

There they will make a professional examination of the great naval dock at Pearl Harbor, work upon which was checked by the upheaval of the bottom, and will devise means of finishing the structure in time for the opening of the Panama canal.

There is more Catarrh in this section of the country than in other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

THE TICKET.

The non-partisan ticket placed in the field offering to the voters of the city candidates for the school board can be mentioned only in words of commendation.

It comprises a representative citizenship, and the novelty of having the names of two women of Santa Fe, well known and respected, gives it a strength that only can be determined when election day has passed and the ballots have been counted.

It is an innovation in the politics of the Ancient City, and the result will be watched with compelling interest.

We cannot too highly commend the nomination of Harry H. Dorman. He is one of our most energetic and live citizens when any matter comes up that is for the advancement and prosperity of our city and as a member of the school board the value of his services could scarcely be overestimated.

Marcosino Garcia, the well known and successful merchant, has been long recognized as one of the prominent leaders when any public matter has been under consideration, and is recognized as one of the most popular citizens of Santa Fe. He will poll a heavy vote, beyond question.

For twenty years or more Dr. Harrison has lived in Santa Fe, attending to his work and mingling among our people with the quiet, unassuming manner that has been so characteristic of him, always holding the respect and confidence of all with whom he came in contact. Doctor Harrison would be a valuable official as a school board member.

Mrs. Jacob Weltner's qualities are always mentioned in superlatives. Among members of all political parties no words are ever spoken of her that do not bespeak the highest confidence in her as a representative American woman, and one whose judgment and patriotic spirit would be manifest in any public position.

Mrs. J. W. Mayes has been an active and an earnest worker in woman's club affairs and she has taken an especial interest in all matters that pertain to our public schools. As a student of these questions, she is particularly well qualified for the position to which she has been nominated.

The ticket thus personified certainly presents elements of unusual strength and deserves the support of the Santa Fe citizenship looking for improvement and growth of interest in our public schools.

THEIR KNELL SOUNDED.

The New Mexican has noted that, with the exception of but two or three newspapers, whose ownerships are so well known as to occasion no surprise, the press of this state has been practically a unit in denouncing the tactics of the Old Guard Republican machine and the dilatory methods of the last legislature.

It is not the intention of this newspaper to resurrect the departed ghost of New Mexico's first law making body, but since the senate is to hold over for another term, just a word at this time may be helpful in the light of future law making.

Large and small, the weekly press of this state, has fearlessly and openly attacked the Old Guard and denounced its methods. All of which means that the people of the state are sick and tired of the tactics that have dominated New Mexico politics in the past and that there is going to be a change.

Likewise, the press of the state has upheld the action of the governor in the use of his veto power at the recent session, showing that the question of county salaries is well understood by the rank and file of the voters.

Whether or not there will be an extra session, this newspaper neither knows nor cares, since the legislature had ample opportunity to have enacted the needed legislation while in session, even including a county salary bill that would have been acceptable to the people if not to the remnants of the Old Guard party organization.

But one thing is certain, and that is that the people of this state through their newspapers, have been thoroughly informed as to the kind of a legislature and the kind of legislation with which the governor had to deal and the people are standing ready to uphold the hand of the governor in the future as in the past.

Any unbelieving gangster who doubts the accuracy of the statement would do well to subscribe for about fifty weekly newspapers published at random over the state. Some of their comments are interesting.

GIVE SCIENCE A SHOW.

Are doctors and other scientists capable of giving a square deal to one of their number who has found something of value they all pretend to be looking for? Is there something about the study of science that makes a man so careful of guarding an old method that he will not recognize—in fact, will do all in his power to belittle—the discovery of a fellow scientist?

As a matter of fact, denunciation, contempt and frequently exile have been the prizes drawn by some of the world's greatest benefactors.

Whatever the motive of the physicians and surgeons in the attitude they have adopted toward Dr. Friedrich Franz Friedmann's alleged cure for tuberculosis, their actions serve but to recall similar treatment, and even worse, that has been accorded other medical pioneers.

Hippocrates, the first great physician, was looked upon by the most of the learned men of his time as a fakir, a crazy man, and people were advised to pay little attention to his teachings. Galen, the man who discovered the nervous system, the muscular structure, the value of the pulse in determining a patient's condition, was driven out of Rome by the doctors—not by the people whom he had healed. Harvey, who discovered the circulation of the blood in the sixteenth century, was denounced by the physicians and surgeons of that time in the bitterest manner.

Science and medicine were young in the day of these men.

But what of Jenner, the man who found smallpox vaccine; Simpson, who perfected anesthesia with chloroform; Pasteur and Lister? The latter were comparatively of recent date. When Jenner found that what he called cowpox would immunize a person from smallpox he was most vigorously condemned not only by doctors, but by the preachers. It wasn't until Jenner had inoculated a dear relative with vaccine and then deliberately tried unsuccessfully to infect him with smallpox germs that the doctors would pay the slightest attention to him. And it was a long time before they gave him more than their attention. Indeed, there are still people who refuse to believe in the value of vaccine in smallpox.

Pasteur was first greeted with jeers when he announced his germ theory and Lister faced a storm of abuse in London when he began his antiseptic surgery and rendered death a less certain follower of an operation.

But the medical world is not the only one that has suffered. Columbus was called crazy because he believed the world round; Fulton was abused when he built a steamboat; Westinghouse peddled the air brake from office to office before he could get a hearing from a railroad man; Bell was laughed at when he seriously proposed the telephone; Morse had to withstand many abuses and unkind words while he was trying to put the telegraph before the people; Langley died of a broken heart because of the ridicule to which his aeroplane was subject.

The list could include almost every epoch making discovery and invention. And it must be borne in mind that the men whose abuse was greatest, whose criticism was keenest and whose contemptuous laughter was loudest, were those engaged in business the invention was trying to benefit.

Is there something in this like the attitude of printers that caused Mergenthaler to go on the verge of starvation before he could get his typesetting machine (the Linotype) on the market, or is it like the attitude of the express companies toward the government's adoption of the parcel post?

You never can tell—and without expressing any opinion regarding Dr. Friedmann's discovery, it may still be pointed out what other pioneers have suffered.

REMARKS FROM THE SIDE LINE

We have with us again, Uncle Tom.

And Santa Fe contributed promptly and generously to the flood sufferers.

Senator La Follette is again insisting that he is a Republican—whatever that may mean.

"Dignity of the Dime," is the subject of an editorial in the Las Vegas Optic. Yes, Padg, times are hard.

People pay too much attention to how March comes in and how March goes out and not enough attention to the behavior of March while here.

The announcement that the supply of maple syrup is short this year, will have no visible effect upon the grocery supply labeled as "Pure Maple Syrup."

Job hunters are asking what President Wilson did with that open door policy he announced would prevail at the White House.

Kansas City sent a carload of pajamas to the flood sufferers. Really, we can think of nothing more suitable for a lot of hungry, half-drowned people than nice pink pajamas.

The legislative chaplain in Arizona who prayed for "newspapers and other busybodies" may have made a bit with the legislators, but how far his prayers went in other directions is a matter of speculation.

Cleveland has deposed the golden rule chief of police and New York has deposed quite a few golden rule officers. Apparently, however, while they had jobs, they made it a rule never to overlook any gold.

A sale of "lost" packages was held in El Paso the other day and the principal articles found, when the packages were unwrapped were Mexican hats and Mauser rifles. It looks like an investigation was in order.

The passage of the Webb law against shipping liquor into dry territory will cause the bootleggers to manufacture all they use now instead of only a part of it—which it may be remarked, is certainly hard on the purchaser.

"The probabilities are that Governor McDonald is not nearly so sick as some of his political enemies would have him be," says the El Paso Times. Probably he is not as sick as some of his political enemies, politically speaking at least.

One enterprising chamber of commerce wired the governor of Ohio that its city would sell potatoes to the flood sufferers at thirty cents a bushel. Even potatoes at thirty cents a carload would be no attraction in the fix those flood sufferers were in.

Giddy Life in a Small Town, Too. The Fort Scott Tribune tells of a Kansas City man who visited recently his "country cousin" in Fort Scott.

The man from the city, wishing to explain the joys of metropolitan life, said: "We have certainly been having fun the last two days. Thursday we automobiled to the Country club and golfed until dark, then we trooped back to town and danced until morning." The country cousin was not stumped in the least, so he began telling of some of the pleasures of simple life. "We have purty good times here, too. The other day we bugied out to Uncle Ned's and went out to the back lot where we baseballed all afternoon. In the evening we sneaked in the attic and poked until morning."

AMONG THE EDITORS.

They Were Not Disappointed. Everyone is anxiously waiting for the governor to veto the bill creating the new county—Portales Herald.

Charity and Post Offices. From the way that proffers of ambassadors are turned down by the patriots, it must be that they agree charity begins at home—Rock Island Tribune.

Where Pride is Justified. The cashier of the National Bank of Carlsbad gave Editor Reed one of those new nickels the other day, and he came out in a card of thanks in the Argus. We don't blame Reed. If somebody was good enough to give us a new nickel we'd get swelled up about it, too—Lakeview Progress.

More Lane Ducks Soon. President Wilson has made it plain that he will adopt and enlarge the merit system in federal service during his administration. In New Mexico, at least, this should result in numerous early vacancies if Senator Fall's

assertions may be believed that most of the federal appointments in New Mexico in the past went to "political hacks."—Sierra Free Press.

Time To Move the Well. If the women folks are left to fetch water and bring in wood and coal, in good conscience the well and the woodshed ought to be just as near the back door as it is possible to have them.

In the man of the house takes it upon himself to attend to these chores, it is pretty safe to assume that he won't wear out any more shoe leather than is necessary doing them.—Carlsbad Current.

Back to the Dark Ages. There seems to be a very general doubt as to the ability of any system providing New Mexico with an assessment which newly approaches being an equitable one. If this were true it might be advisable to revert to the old Roman system of farming out the taxes. This is still in vogue in parts of old Mexico. A corporation could be formed to assess and collect the taxes, and no doubt it would do it very thoroughly.—Silver City Independent.

How About Jimmy? Our state senator, W. M. McCoy, comes out of the second session of our state legislature, a bigger man in the eyes of the people than when he was elected to that assembly. He has shown himself a man capable of discerning the right and following the dictates of his conscience.

His acts in the legislature have been above suspicion and his vote will in every instance, be found recorded in the interests of the people. The bosses have no terror for this young man. Truly, Torrance county has a state senator.—Willard Record.

People come here for the first time and are amazed. They say to us: "Why, you do not realize what you have got." I wonder sometimes if we do.

I know this: That some of our business men are not taking an interest in the advancement of the city. They seem to be afraid to open the gate to let more people in for fear more people will bring more business houses, and they seem to fear competition.

Why, it is a fact, that people have come here to invest in real estate and have actually been advised not to. Think of it,—men in a city, doing business here, knocking their own town! It does not seem possible that such a thing could be, and as long as any of our citizens take that attitude, we cannot expect to see Santa Fe take the position that it should.

It is time for concerted action on the part of all our citizens. It is time that we awakened a get-together spirit. It is time for a little enthusiasm, instead of somnolency. It is time to forget little past differences and personal feelings and get into the game. There is no use in talking, the town that don't boost is a dead one. It has been demonstrated over and over.

The town that possesses a citizenship that believes in joining hands in advertising, in getting its name known and its advantages understood, is the town that prospers and grows big.

I cannot understand that spirit that is afraid of growth, the spirit that would retard, the spirit that would keep a town small. If there is any such spirit in Santa Fe now, inoculate it with the boost serum.

Santa Fe has, indeed, much. Few places have as much in the way of attractions and advantages. Let us get behind the chamber of commerce, all of us, and boost with all our might. Let us put this beloved old city on the map.

AUXILIARY TO BE FORMED BY MEN TO SEWING CIRCLE

Picture Rocks, Pa., March 29.—The mere men of this picturesque rockland town have formed an auxiliary to the local women's thimble club, and are demanding their rights as citizens.

The husbands and intend-to-be's of the women of the club accepted the invitation of the latter and brought their sewing bags and other equipment for work. After spending some time in doing fancy work, in darning their wives' hose and other household duties, the men organized an auxiliary under the name of "The Men's Sewing Square," and elected the Rev. J. N. Farle chairman. The motto, "Whatsoever a man sows that also must he reap," was unanimously adopted, after which a dinner was participated in, presumably served by the men.

\$3,000,000 SAVED BY BEING A BRIDE

London, March 29.—Wedding bells, it is said, will soon be ringing for Miss Mary Bell Shedd, of Lowell, the most talked woman in Middlesex county.

Under the terms of the will of her father, Freeman B. Shedd, who was a prime manufacturer, Miss Shedd will lose about \$3,000,000 unless she marries and has children. As such as this became known the young woman was deluged with marriage proposals.

Mr. Shedd died in Florida leaving about \$3,000,000 and a widow and daughter. When the will was filed it was found that Mrs. Shedd and her daughter are provided for during their lives. They will have the income of the money, but they cannot dispose of it unless Miss Shedd marries and has children. In case she leaves no child when at the time of her death the money will be divided among the Berry School of Rome, Ga., the Northfield Seminary, of the city of Lowell, and the General Hospital.

Miss Shedd is sole executrix of the will.

\$5,000.00 IN PRIZES

To Be Given Away Absolutely Free by

The Santa Fe New Mexican

The New Mexican Review, and El Nuevo Mexicano

To the Wide-Awake, Energetic Men and Women (married or single) of Santa Fe and the State of New Mexico

Who May Enter the Contest

The prime motive of this contest is to secure new paid-in-advance subscriptions to The New Mexican, New Mexican Review and El Nuevo Mexicano.

The plan adopted is the fairest and most impartial conceivable. This is not a "beauty" nor "popularity" contest, but a strictly competitive proposition for enterprising men and women.

The contest is open to every man and woman (old or young—married or single) of Santa Fe and the state of New Mexico.

All that is necessary to enter this contest and complete for the valuable prizes offered is to clip the nomination blank appearing below, fill in name and address, and bring or mail to the contest department of The New Mexican. Immediately upon receipt of the nomination coupon the candidate nominated will be entered in the race with 5,000 votes and full information, receipt blank, etc., will be sent. These 5,000 votes are given by The New Mexican as a starter ONLY ONE NOMINATION COUPON WILL BE COUNTED FOR EACH CANDIDATE. However, you are at liberty to secure as many vote coupons (good for 100 votes) as you can get, and full credit will be given for all that are sent in.

Candidates are expected to enter this contest of their own accord. Do not wait for someone else to send your name. If you do not care to compete in this big prize competition, send in the name of some friend or relative. By so doing you might be the means of that friend or relative winning a valuable prize, and he or she would be under everlasting obligations to you for having called their attention to this splendid opportunity.

It does not cost you one penny to enter this race and compete for a prize. It is not even necessary for you to be a subscriber. It is all to win and nothing to lose.

Enter your name now—TODAY.

How Votes Are Secured

There are two ways to get votes in this contest (and votes get prizes), one of which is by clipping the coupons which appear daily in The New Mexican, and weekly in The New Mexican Review and El Nuevo Mexicano. The other, and better way, is by securing subscriptions to The New Mexican, New Mexican Review and El Nuevo Mexicano. The number of votes allowed on subscriptions depends on the period and the length of time subscription is paid. (See voting schedule below.) In sending in subscriptions be sure to state whether subscriber is old or new, giving full address, giving street and number, and rural route, if any. By so doing it will eliminate delays and facilitate the handling of subscriptions.

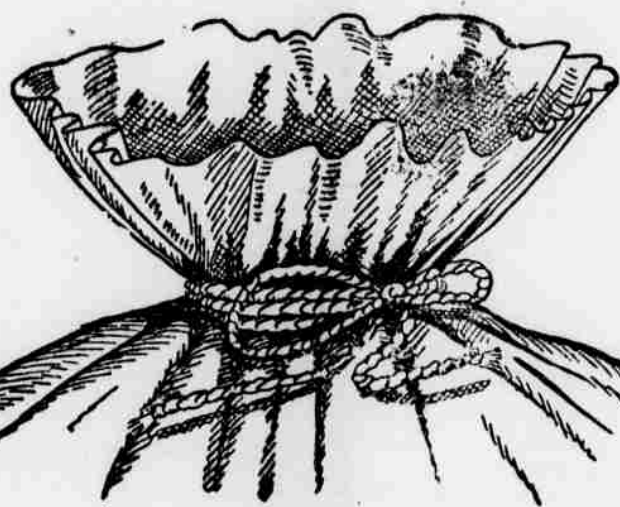

Candidates should use that portion of the receipt book intended for the purpose in sending in money for subscriptions.

How Prizes will Be Awarded

The Capital prize—\$1,000 in gold—will be awarded the candidate securing the greatest number of votes in the entire contest, regardless as to where he or she resides in the state of New Mexico.

The state of New Mexico has been divided into four districts. (See Division of Districts elsewhere.) Each district is separate and distinct and have their own individual set of prizes, and candidates in one district do not compete with candidates in other districts except in the case of the capital prize—\$1,000 in gold.

The candidates securing the greatest number of votes in each of the four districts will be awarded a \$450 Story & Clark piano; the candidate securing the second highest number will be awarded a \$200.00 Motorcycle; the third highest, a \$150.00 diamond ring; fourth highest, a vacation trip to Los Angeles, San Francisco, Salt Lake City, Denver and return; fifth highest, a \$75.00 Scholarship, and sixth highest, a \$25 gold watch. There are six prizes for each of the four districts, besides the capital prize—\$1,000 in gold—making in all twenty-five rich prizes, valued at \$5,000. See list of prizes elsewhere on this page.

There Will Be No Losers

Every candidate who enters this contest and turns in subscriptions will positively be rewarded for his or her effort. Those who do not secure enough votes to be among the twenty-five prize winners when the contest closes will be paid a commission of 5 per cent on all subscription money turned in during the contest. This assures compensation to every active candidate. YOU CANNOT LOSE. Therefore, enter your name or that of a friend at once and start out to win one of the twenty-five valuable prizes, valued at \$5,000. Someone from somewhere will win that princely sum—\$1,000 in gold. Why not you?

The Santa Fe New Mexican is giving this contest and the management guarantees each and every candidate an absolute fair and square deal. The New Mexican has the reputation of being "square, fair and above-board" and this big prize contest will be no exception to the rule, and candidates may rest assured that all will be treated with strict impartiality and the prizes awarded just as advertised.

The final counting of the votes and the awarding of the prizes will be placed in the hands of a committee of prominent business and professional men whose names will appear in an early issue of The New Mexican.

Address All Subscriptions and Inquiries to

Contest Dept. of The Santa Fe New Mexican
Santa Fe, New Mexico

Rules and Regulations

1. The contest officially opens Monday, April 7th, 1913, at 9 o'clock, A. M., and closes Saturday, May 24th, 1913, at 9 o'clock P. M.
2. Any man or woman (young or old—married or single) who is a resident of Santa Fe or the state of New Mexico is eligible to enter this contest and compete for a prize.
3. It is not absolutely necessary to be a subscriber to The New Mexican in order to enter the contest. The only restriction placed upon nominations is that the candidate be of good standing in his or her community. The New Mexican reserves the right to reject any nominations that they see fit.
4. The winners of the prizes will be decided by the number of votes received, said votes being represented by coupons clipped from the papers and by ballots issued on subscriptions.

5. Votes cannot be purchased outright. Every dollar accepted through the contest department must apply on subscriptions.
6. Cash must accompany all orders where votes are desired. There will be no exceptions to this rule. Votes will not be issued on back receipts covering past payments.
7. Votes must be asked for at the time of paying subscription, otherwise the subscriber waives the privilege of voting.
8. Votes are not transferable. Candidates cannot withdraw in favor of another. Should a candidate withdraw, his or her votes will be cancelled.
9. All votes issued on subscriptions may be held in reserve as long as desired, and polled at any time up to and including the last day of the contest.
10. Subscriptions may be secured anywhere in the wide, wide world, and votes will be issued according to the regular voting schedule. Candidates are not confined to their own town or district in securing votes or subscriptions, but may take subscriptions anywhere.
11. Any person or firm who is a subscriber at the time this contest is announced, Saturday, March 22nd, 1913, will be considered an OLD subscriber. Discontinuing The New Mexican and subscribing a few days later does not constitute a NEW subscription under the rules of this contest, nor changing one subscription to another name at the same address.
12. No employee of The New Mexican or his or her immediate family is eligible to enter this contest.
13. In case of a tie, the prize will be equally divided between the tying candidates.
14. Any question that may arise will be decided by The New Mexican and its decision will be absolute and final.
15. In accepting nominations candidates must agree to abide by the above conditions.

Division of Districts

In order to equalize the competition and afford candidates in the remotest sections of the state the same opportunity to win a prize as those who reside right here in the city of Santa Fe, the state of New Mexico has been divided into four districts. Each district has a separate and distinct list of prizes. In fact, there are four big prize contests, all being run under one general head. The division of districts is as follows:

District No. 1. Includes the city and county of Santa Fe.

District No. 2. Includes the counties of Sandoval, San Miguel, Taos, Mora, Colfax, Union and Rio Arriba, which embraces such cities and towns as Las Vegas, Bernalillo, Mora, Raton, Clayton, Taos, and Tierra Amarilla and others.

District No. 3. Includes the counties of Bernalillo, San Juan, McKinley, Valencia, Socorro, Sierra, Grant, Luna and Dona Ana, which embraces such cities and towns as Albuquerque, Gallup, Farmington, Aztec, Laguna, Socorro, Magdalena, Hillsboro, Silver City, Lordsburg, Deming, Las Cruces and others.

District No. 4. Includes the counties of Torrance, Guadalupe, Quay, Curry, Roosevelt, Lincoln, Chaves, Otero and Eddy, which embraces such cities and towns as Estancia, Vaughn, Santa Rosa, Fort Sumner, Tucuman, Clovis, Melrose, Portales, Carrizozo, Lincoln, Roswell, Alamogordo, Tularosa, Carlsbad, Artesia and others.

Four \$450 Story & Clark Pianos

PURCHASED OF LEARNARD-LINDEMAN CO., ALBUQUERQUE,
NEW MEXICO.

First Prizes for Each District.

MUSIC HATH CHARMS. This is doubly true if you have your own instrument with which to invent the music. The powers of music have been the subject for thought of philosophers, the poetry of gifted writers and the wonder of metaphysicians. Anything that tends to improve and cultivate the finer sense is to be valued, and it is generally conceded that the piano has come to occupy a sphere all of its own in this part of the world's work. The New Mexican, therefore, offers four brand new \$450 Story & Clark pianos as first prize for each of the four districts.

Some of the most eminent musical authorities have unreservedly declared that the Story & Clark piano is pre-eminently the piano for the home. Its features are tone, scale, action and construction, representing the most perfect application of science and skill in piano-making, producing a two-fold result. First: Greater possibilities in artistic musical rendition for the accomplished musician. Second: Wider opportunities to develop musical talent for the student of music. The Story & Clark piano is calculated to be an ornament to the finest home. These instruments have been ordered direct from the factory, and will be on display within the next two or three weeks at The Learnard-Lindeman Co., Albuquerque, N. M.

Four \$450 Story & Clark Pianos

One of these elegant Pianos will be awarded as First Prize in each of the four districts. Purchased of, and will be on display at the Learnard-Lindeman Co., Albuquerque, N. M. at an early date.

Four \$150 Diamond Rings

PURCHASED OF H. C. YONTZ, THE LEADING JEWELER, SANTA
FE, N. M.

Third prizes for each district.

Show us the man or woman who would not like to possess a beautiful solitaire diamond ring, valued at \$150, such as The New Mexican is offering as third prizes in each district, and we will show you a very unusual person, and one who has absolutely no appreciation of the beautiful. Apart from their beauty, diamonds are just the same as cash. The banks will accept them as collateral.

These valuable diamond rings were purchased of H. C. Yontz, San Francisco street, Santa Fe, where they will be on exhibition at an early date. Call in and inspect them and satisfy yourself as to the genuineness of our representation.

Four I. C. S. Scholarships

FIFTH PRIZES FOR EACH DISTRICT.

The successful man of today is he who in the past prepared himself to seize opportunities as they presented themselves; his success is the result of forethought and deliberation. He has considered carefully what would be the most favorable and congenial road to success for him, and he has devoted his best energies in that direction. Thus, the real "secret of success" lies in being prepared for opportunity, and this will be as true in years to come as it is today.

The International Correspondence Schools have done more to prepare people for success than any other single agency. The history of their students are a history of successes. The results obtained by their students are due to the I. C. S.'s unique method of teaching the science of the trades and professions by mail; their immense organization and large capital, which enable them to provide everything necessary for the success of the home student; and to what are now famous the world over—their incomparable textbooks. They carry specialization further than any other institution in existence, requiring their students to study only those subjects that are of practical value in their chosen work.

The New Mexican has been particularly fortunate in securing four scholarships in this well known institution and the winners will have their choice of any \$75 course offered in their catalogue.

For further information regarding these courses write or call on Mr. D. MacCurdy, 23 Barnett Building, Albuquerque, N. M.

ONLY ONE NOMINATION BLANK ACCEPTED FOR EACH CANDIDATE NOMINATED.

\$1,000.00 in Gold

Everyone knows what cash means. The amount offered here as Grand Capital Prize is sufficient to make the most skeptical "sit up and take notice." There is scarcely a person in the whole world who is not in pursuit of wealth. Money can buy most anything on earth that mortals desire to possess. Realizing this, The New Mexican offers \$1,000 in Gold Coin, a sum sufficient to start the recipient in a small business, make the first payment on a home, or serve as a "NEST-EGG" which will grow surprisingly within a few years. One Thousand Dollars is a large sum of money for a week of easy, enjoyable work. Thousands of persons in your very locality work all their lives and never accumulate as much money as it now lies within your power to secure. Today is the time to start in to win the cash. One Thousand Dollars means as much to you as it does to anyone else, and you can have it if you will enter this contest and put forth the proper effort. Some one is sure to get it. Will it be you or someone else?

The Santa Fe New Mexican's \$5,000 Contest is positively the greatest and most liberal inducement ever made to the newspaper reading public of New Mexico. The above list of prizes is certainly most elaborate, and they are of such a variety that they will appeal to most anyone. Surely there is among these many prizes one that you would like to have. If so, all that you have to do to get it is to enter your name in the contest and put forth a little effort. This big prize contest is just starting. Enter your name now and be the first in the field. The first announcement of the names of candidates who have entered will appear Monday, April 7th. Have a good start for the first publication of the list of candidates. IT IS ALL TO WIN AND NOTHING TO LOSE.

Four \$200 Indian Motorcycles

PURCHASED OF NEAL & KIRKPATRICK AGENTS, SANTA FE, N. M.

Second prizes for each district.

Motorcycles are growing more popular every day. Nearly everyone, whether residing in the city or country, wants a motorcycle. The machines, which are offered here as second prize for each of the four districts, are the regular model 4 H. P. single cylinder Indian, valued at \$200 each.

The INDIAN is a motorcycle as complete and satisfying as the most exacting ride could demand. The prime essentials of power, speed, flexibility, comfort, reliability and ease of control are positively superb in each instance. In addition, the 1913 INDIAN embodies a host of improvements and minor refinements which further elevates it toward the summit of mechanical perfection.

To state that all track records officially accepted by the Federation of American Motorcyclists during 1912 are held by the INDIAN seems almost sufficient evidence of its supremacy in speed, power and endurance. Wherever the INDIAN is entered in competition at home or abroad its record has been an almost monotonous repetition of victories, both on the road and track. The INDIAN'S best time for one mile is 36.4-5 seconds, a record speed of nearly 98 miles an hour.

Of the INDIAN'S big leadership in popularity, conclusive proof may be found by "counting the Indians on the road"; by examining the State records of registration; by comparing the output of the various motorcycle factories; and by the enthusiastic praise of every INDIAN rider.

After careful consideration The New Mexican selected the INDIAN as its prize motorcycles. These machines were purchased of Neal & Kirkpatrick, Santa Fe, N. M., local agents for the Indian motorcycle, and will be on exhibition at an early date.

Here is your chance to secure one of these valuable motorcycles for a few weeks work. Start out today.

Four Trips to the Pacific Coast

Fourth prizes for each district.

How would you like to take a trip to Los Angeles, San Francisco, Salt Lake City, Denver and return? Sounds attractive, doesn't it? Los Angeles is the mecca for tourists, and a gathering place for pleasure-seeking people for all the world. Los Angeles has the most perfect electric railway system in the world which affords scores of side trips to the many points of interest within a few minutes ride from the big terminal station.

San Francisco is one of the show places of the American continent. There are hundreds of historical and interesting points to be seen there, such as the Old Missions, Golden Gate Park, the Presidio, the Cliff House, the site of the great Exposition to be held there in 1915, and dozens of other places too numerous to mention.

Salt Lake City and Denver are included in the itinerary, where all points of interest may be visited.

These trips are the fourth prizes in each of the four districts. Can you imagine anything nicer than a vacation trip to the Pacific Coast this summer?

Four \$25 Gold Watches

PURCHASED OF H. C. YONTZ, THE LEADING JEWELER, SANTA
FE, N. M.

Sixth prizes for each district.

It would be an honor to win one of these fine gold watches. It would stand as a memento for a record of achievement, and something you would be proud to exhibit to your friends and acquaintances long after the contest is over and forgotten. These watches are high class in every respect, and will be on exhibition at an early date.

Thousands of Women

Have Been Restored to Health By Lydia E. Pinkham's Vegetable Compound.

There is no doubt about this fact. Why! during the last 30 years we have published in the newspapers of this country volumes of letters from women who have been relieved of all their suffering by the timely aid of this grand old medicine. Letters like the following, true, genuine and honest expressions of gratitude coming from grateful hearts. Surely you can believe these women.

Mrs. L. S. BRENNER, Hudson, Mich., says:—
"Sometime ago I was taken with a terrible pain in my right side, such sharp pains just like a knife sticking me. I tried hot applications but that did no good. I went to our family doctor (we were living in Fayette, Ohio, at that time) and he said it was organic inflammation. I doctored with him a while but kept getting worse. The pain was so terrible I could hardly stand on my feet. I would have that sharp pain in my right side, and a dull heavy pain the whole length of my limb. I realized that something had to be done quickly, so I looked up all of your advertisements I could find, and saw several that described my case. I got a bottle of Lydia E. Pinkham's Vegetable Compound and it helped me from the first dose, and when I had taken two bottles my trouble was gone. Your medicine has done so much for me that I am willing you should publish this letter for the sake of other suffering women."—Mrs. L. S. BRENNER, Hudson, Michigan.

Mrs. L. E. BOWERS, Girard, Pa., says:—
"I take pleasure in informing you of what Lydia E. Pinkham's Vegetable Compound has done for me. I had a sick spell last February, and for some months after that I was not regular and had many bad feelings. I was tired all the time, had dull headaches, not much appetite, and also what the doctor called organic inflammation. Your Vegetable Compound has entirely cured me and I feel that too much cannot be said in its praise as I am now able to do my own work. You are perfectly welcome to use my testimonial for the benefit of others."—Mrs. L. E. BOWERS, R.F.D. No. 1, Girard, Pa.

Mrs. ELIZABETH GENTILCORE, Buffalo, N.Y., says:—
"I feel that I must write to you about your wonderful remedies. About ten years ago I was troubled with female weakness and was all run down. I was tired all the time and could hardly walk without feeling dizzy. I also heard about Lydia E. Pinkham's Vegetable Compound, took it, and also used the Sanative Wash. I got stronger, and have not had those dizzy spells since. I feel that I owe my health to you, and hope your remedies will help others as they have me. I tried most everything I heard of, and yours are the best medicines for women's ailments."—Mrs. ELIZABETH GENTILCORE, 26 Glen Street, Buffalo, New York.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

NEWS OF THE STATE

FOOLED THE DEPARTMENT.

An alarm of fire was turned in Tuesday night and the fire department made a run to the scene of the supposed conflagration, but on arriving there found the smoke and flames were caused by burning paper in the stove.—Carlsbad Current.

PIE AND POCKET BOOKS.

The closing exercises of the Sugar valley school will be pulled off at the Cain school house next Friday night. Everybody is invited to attend. The ladies will be expected to bring a pie and the gentlemen will be expected to bring their pocket books.

A pie supper will be given before the exercises are closed. Everything will be done to make the occasion interesting.—Cuerpo Clipper.

BAD WEATHER FOR DUCKS.

A hunting party consisting of Chas. Spiess, John Clark, Dave Winters, M. M. Padgett, Judge Leahy and Wm. Harper, with W. H. Coleman as chief cook and bottle washer, came up from Las Vegas Sunday week ago and camped out at the lake to slaughter the ducks. But their luck was not excellent, so they returned home Tuesday afternoon.—Wagon Mound Pan-tograph.

COMING TO SUNSHINE STATE.

Twenty-one homeseekers came in last night from Illinois, Kansas, Nebraska, Missouri, Wisconsin and other states, and are seeing the project today. This morning they inspected the dam and flume and went on down the country. Last night the Commercial club kept open house for them.

A TEN CENT BOX OF "CASCARETS"

Keep Your Liver and Bowels Active and You Feel Bully For Months.

Put aside—just once—the Salts, Cathartic Pills, Castor Oil or purgative waters which merely force a passageway through the bowels, but do not thoroughly cleanse, freshen and purify these drainage or alimentary organs, and have no effect whatever upon the liver and stomach.

Keep your inside organs pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the intestines and bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Bloating, coated tongue, indigestion, Sour Stomach or Constipated bowels. Cascarets belong in every household. Children just love to take them.

them, and tonight the Masonic lodge will hold a smoker in their honor. The Farmers Irrigated Land company this morning requisitioned seven autos to carry the party through the project.—Carlsbad Argus.

SENIOR HONORED.

Last Wednesday Herbert Smith received a wire from Professor Chilco of the Bureau of Plant Industry informing him that he had been appointed to the position of assistant in dry land agriculture at the Tucuman station. Mr. Smith will work with Jesse Mundell, '08, who has charge of the station. Herbert has been especially interested in the subject of dry farming for some time. Last summer he worked at the station and did such excellent work that he was well recommended for the position that he now holds. Smith is a good student and has done very creditable work in agriculture, and has very nearly enough honors to graduate now. He will keep up his regular studies until commencement when he will return to graduate with his class. His many friends here have been very glad to hear of Smith's good fortune.—State College Round-up.

UNDER BURGLARY CHARGE.

Late Tuesday afternoon a man walked in from the south carrying an overcoat and, some say, a suit case or grip. He was tired and rested on the platform of the People's warehouse for a time. Just before the south-bound passenger train came he moved up the track north of the depot. He was seen about town several times during the evening, and got a "hand out" from the back door of the hotel for supper.

About 9 o'clock, Constable Carl Gordon phoned up from Carlsbad to look out for him. Efforts were made by Constable Wilder to locate him that night, but he could not be found. Early Wednesday morning he was seen by Walter McDonald coming away from the church where he had spent the night. Constable Wilder was notified who, with Walter McDonald, arrested him at the Mexican houses in the south part of town, all efforts to find the suit case or the big gun which he was supposed to have proving fruitless.

FRIEGHT BY MOTOR TRUCKS.

The transportation problem between Silver City and Mogollon, which has attracted many different people with a solution, since it is probably the longest regular freight haul in the United States today, seems to be solved by the type of motor truck which is now being used out over that strenuous route. Two White motor trucks that have been operating over mountain roads in the vicinity of Globe, Arizona, were brought to Silver City by C. O. Bean and are being operated for the owners of the Little Charlie mine at Mogollon. They completed their first round trip Friday last, and while it was not a success in every sense of the word, owing to an accident to one of the machines, it was successful in demonstrating that these machines can be run over the route with a full load and make good time. On the first trip a hidden flaw in the crank shaft on one of the machines developed into a break, but the other made the trip in fine order, negotiating the dreaded Mogollon hill with surprising ease. The machines were loaded for the return trip and left for Mogollon Saturday about 2 o'clock. These trucks are of 5 tons capacity and on low gear make from four to seven miles per hour, while the high gives them considerable more speed than this. The drivers claim to make the trip to Mogollon, with the exception of stretches of mud, almost entirely on the high gear. The cars are chain driven and have solid rubber tires which are flat like steel tires, except that they are in two pieces. The trucks weigh over 8,500 pounds. Should these prove successful they will just about make up for the shortage of teams on the Mogollon trail, but it is understood that others will be put on later.—Silver City Independent.

HOW ONE WOMAN WON Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help. I had almost lost my reason, but thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it." Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health. It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical. Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women. In every community, there live some who have been benefited by Cardui. The beneficial effects of this time-tested woman's remedy, soon show themselves in many different ways. Try it.

HIGH SCHOOL DANCE.

The high school boys and girls had the time of their lives last night. The occasion was a party and dance given by Colonel J. D. Sena, president of the city school board, as a sort of "house warming" now that the old Fort Marcy building has been repaired and made new by many ways. Some time ago Mr. Sena promised the high school boys and girls that upon the completion of the repairs of the old Fort Marcy building, he would give a party in their honor, true to his word, Friday night he fulfilled his promise, and the event will go down in the social calendar of the Santa Fe high school, as a most delightful affair.

Throughout the day, the remodelled building was open to the public for inspection, and many of the citizens of Santa Fe availed themselves of the opportunity of seeing the changes that have been wrought. Every room has been made in ship shape order, the walls have been recoted with new plaster, and tinted in well blended colors; the cozy old fire places have been restored; the wood work cleaned and painted; the windows screened in a substantial manner; new hardwood floors laid throughout the building; modern heating plant provided for; perfect plumbing and artistic electrical fixtures installed.

The several rooms have been finished with the latest school equipment, consisting of sanitary desks, and the celebrated Peabody hardwood arm-chairs, mounted upon iron pedestals. The assembly and recitation rooms have been fitted up with the Hyloplate blackboards, making the building with its equipment, one of the most modern and attractive in the southwest.

The guests consisting of the high school pupils, the teachers and friends began to arrive about eight o'clock, and by eight-thirty the happy animated little people were playing games and selecting their partners for dancing.

GIRLS WOULD MARRY THE COLLEGE MAN IF HE BE PERFECT

St. Louis, Mo., March 29.—Letters and telegrams from young women making offers of marriage are coming to H. L. Shrader, a Kansas City student at the Missouri University at Columbia, who was recently adjudged the most nearly perfect man physically among 1500 students there.

Since the publication in the university paper of the assertion by the athletic directors that he was perhaps the most nearly perfect man physically in America, Shrader's mail has been very heavy almost every day. He has received offers of marriage, engagements and boxing and wrestling engagements, but the greater numbers of letters are from young women.

"The writers of those letters are evidently in earnest and sincere in their notions, and it would be a gross breach of confidence and an unmanly thing in me to show the letters; no one but a coward would do that," Shrader says.

However, I think it not wrong for me to say that several young women have written me asking that I correspond with them, and exchange photographs with a possible view of marriage, for the benefit of the race. One young woman sent me her photograph. She is a beautiful girl, and she is of excellent family, and I do not think the less of her for writing. It shows that she is a very sensitive person."

Shrader says.

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help. I had almost lost my reason, but thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it." Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health. It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical. Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women. In every community, there live some who have been benefited by Cardui. The beneficial effects of this time-tested woman's remedy, soon show themselves in many different ways. Try it.

HIGH SCHOOL DANCE.

The high school boys and girls had the time of their lives last night. The occasion was a party and dance given by Colonel J. D. Sena, president of the city school board, as a sort of "house warming" now that the old Fort Marcy building has been repaired and made new by many ways. Some time ago Mr. Sena promised the high school boys and girls that upon the completion of the repairs of the old Fort Marcy building, he would give a party in their honor, true to his word, Friday night he fulfilled his promise, and the event will go down in the social calendar of the Santa Fe high school, as a most delightful affair.

Throughout the day, the remodelled building was open to the public for inspection, and many of the citizens of Santa Fe availed themselves of the opportunity of seeing the changes that have been wrought. Every room has been made in ship shape order, the walls have been recoted with new plaster, and tinted in well blended colors; the cozy old fire places have been restored; the wood work cleaned and painted; the windows screened in a substantial manner; new hardwood floors laid throughout the building; modern heating plant provided for; perfect plumbing and artistic electrical fixtures installed.

The several rooms have been finished with the latest school equipment, consisting of sanitary desks, and the celebrated Peabody hardwood arm-chairs, mounted upon iron pedestals. The assembly and recitation rooms have been fitted up with the Hyloplate blackboards, making the building with its equipment, one of the most modern and attractive in the southwest.

The guests consisting of the high school pupils, the teachers and friends began to arrive about eight o'clock, and by eight-thirty the happy animated little people were playing games and selecting their partners for dancing.
