The Naw Maxican is the oldest users paper in New Mexico. It is sent to overy Fost office in the Territory and thes a large and growing circulation among the intelligent and progressive people of the southwest.

THESDAY, NOVEMBER 8.

THE city of Santa Fe had best get move on itself. High time

To me a state or not to be a state. thu is the question for New Mexico

The appointment of a torritor tary should be made promptly. Life is

This has been a dirty and low can paigu on the part of the Democratic campaign managers and has injured the territory greatly.

Wherever White Caplawlessness exists there is harm done to the particular local ity and to the entire territory. Pity it is TERRITORIAL PRESS COM-

COMMENDATIONS ON the NEW MEXICAN'S magnificent campaign are coming i daily. Thanks, men and brethren. The journal did its full duty during this campaign and will follow suit for many campaign to come.

ALL the south and west should take an interest in the Nicaragua canal conven-

Because we can not mind our own busi- Mrs. Bartlett is still in Chicago upon ness. Let us work together for statehood. several important sub-committees of the

Mrs. Bartlettis still in Chieago upon several important auth-enumitities of the great exposition.—New Maxican has increased it astaff and points with pride to its recording the eampaign just closed. The news from both sides was fearlessly and fairly presented to its readers. Every point of the territory was ecovered in mortant meeting was held, that this journal did not report. The scoop on territorial news that are now to its credit make its rivals green with enzy and when its opportunity for antiquant news is equal to its ability to intelligents of the large was now onhesitatingly that Mrs. Cora the handleng, they will need it.

THE SITUATION.

Mrs. Bartlettis still in Chieago upon several important sub-elementations of the swork indicates and points with provide to great exposition.—New Maxican and points with provided by the control of the contr

will be polled, and this of itself is in favor of Republicans. In Sama Fe city and county the situation is most gratifying. Our local page reports the figures latest obtainable and while the majorities cannot as yet be figured with much cortainty, enough is known to warrant the statement that the Democratic-white Can man and does not beamireh our gaing that has brought shame and debt to the tax payers of Santa Fe county has significant to fine tax payers of Santa Fe county has significant the property of the tax payers of Santa Fe county has significant to fine the property of the tax payers of Santa Fe county has significant to fine the property of the tax payers of Santa Fe county has significant to fine the property of the tax payers of Santa Fe county has significant to fine control of the control of

are certain of election. From the territory at large only me gre advices are obtainable at the hour of writing, but these all portend a Republi can victory, although the vote is close Easily, Quickly and Permanently Recount will be required to determine the result with any degree of accuracy.

The New Mexican has perfected an rangements to receive early reports from every county in the territory and to morrow hopes to be able to lay before its readers the result of the most splendid Republican campaign ever made in New

NEW MEXICO.

This territory is a little more than equal in extent to the six New England states and New York and New Jersey combined. It is as large as the United

ich one of its sixteen counties are tion Massachusetts. Connecticut. d Rhode Island combined. Radiating om its ancient capital, Santa Fe, are equalled opportunities for wealth applices and homes. Mines of coal d copper, iron, the precious metals d stones, joined to its unequalled agri tural facilities make our territory the essed spot of earth. Here we have rearces undeveloped, and opportunity for vestment such as are nowhere olse preented in the wide and wealthy world. A stailed comparison and enumeration of he items would rend like a fairy tale. It s sufficient to say that from the sunny dleys of Sau Juan, and the teaming ap of the Maxwell country, on the north

the Mesilla and Pecus, on the south here is no such land. It is useless to set orth the beauty of our mountains and alleys and the pleasures of our clinate. Every traveler who has comwest line sung their praise. But will ii this the energy of our dustrious people is clogged, the advanrous spirit of the pioneer is chilled, nd our mines lie idle, our fields on plowed, and wealth ungarnered. Why, ecause our people are feitered by intside control. Besides we are

labiting the investment of foreign cap ital. Now, fellow-citizens, a long pull, a strong pull, and a pull together for state hood. This is our only salvation, on only hope of remody. Congress can no more legislate intelligently for the needs of our people than it can for New York of Ohio. We have better resources than

burdened with a foolish law pro-

MENTS.

other. Let us therefor administer on

New Mexico at the World's Pair. The plans and picture of the Santa Fe table for the World's fair were exhibited by Mrs. Bartlett to Mr. Palmer and Mrs. Gen. Logan and about twenty other ladies of the board one day last week in Chicago. They were particularly delighted with the of the board one day last week in Chicago.
They were particularly delighted with the noveity and beauty of the design, and Mrs. Trautman, of New York, the first vice president expressed a desire to keep vice president expressed a desire to keep to canisters free of charge."

Defere to nemytices, Juan Benevides, all of Santa Fe, N. M.

Any person who desires to protest against the allowance of such proof, or Deutsche Leschulle. interest in the Nicaragua canal coavection called to assemble at New Orleans on article of such beauty and historical the 30th inst. The completion of this great project will mark an epoch in the history of the west that every resident thereof will feel the beneficial effects of New Mexico offers land with perpetual water at \$15 to \$25 per acre. California demands and gets \$100 to \$100 per acre for land not quite as good. Nor is that all: New Mexico offers immense tracts of public land with available water. Yet the title of migration flows past us. Why Because we can not mind our own business.

Nr. Bartlett is still in Chicago upon

THE SITUATION.

As returns from to-day's election begin to come in at the New Mexican's hour for going to press, things are looking right cheerful for the Republicaus all along the line. The weather being good generally all over the country, a full vote will be polled, and this of itself is in a way that press does not come to a fear the factor of Republicans. In Santa Factor of Republicans and the factor of the factor o

But it is to Santa Fe's superior climatic dvantages, and its fame as natural for the results of American medical authorities concede the superior advantages of the city's location.

The requisites of a climate curvilve of consumption, are according to the test medical testimony, sititude, dryness, equability of temperature, light and sunshine, and a porous soil. Moreover, if possible, these must be sought in localities interesting and attractive, where variety and occupation 1139 be had, and the social advantages are good.

An eminent German authority says: "The slittude most favorable to the human organism is about 2,000 meters," somewhat more than 6,500 feet.

The old adobe palace stands on the spot where the old Spanish palace had been crective was destroyed in 1680, and the present one was constructed between 1036 and 1680. In the latter years the Indians destroyed it. Full prestored in 1710, it had previously and after 1635. That ancient structure was destroyed it. Full prestored in 1710, it had previously and after 1635. The chapel in Santa Fe. It still remains the oldest church in use in New Mexico.

The walls of the old cathedral date in part

of Dr. Pierce's Favorite Prescription.
