### -: BRIEF WIRINGS:in the mining field as in railroads, and there can be more safety with greater pro-

"It requires some time to educate them up to the proper point, but they are learn-ing gradually, and every day Colorado's mineral resources and the opportunities offered capital for the development of mines as being backad one but the second New ORLEANS, La., Aug. 10.-The con-ference of the Farmers Alliance and the anti-lottery Democrats at Lafayette result-ed in an agreement in which a joint can-didgte will be nominated. The Farmer's

Alliance will name the governor, treasurer and superintendent of public education and the anti-lottery league the lieutenant governor, auditor, attorney general and State of Trade. NEW YORK, Aug. 10,-R. G. Dunn -Co's weekly report of trade say: While business in many lines is disappointing,

the feeling of confidence distinctly in-creases. The belief increases that the

country will be able to sell such vast quantities of grain abroad and to draw so AKRON, Ohio, Aug. 10.-The new Akron division of the Baltimore & Ohio Railroad HOBB'S MEDICINE CO., Props., San Francisco, Cal.

division of the Baltimore & Ohio Railroad was formally opened for business Satur-day. It runs from Chicago junction to this city and is sixty-six miles in length. It is of great advantage to eastbound tra-velers from the west from the fact that it shortens the distance between Chicago and Pittsburg by over eighty miles, while close connections are also made at Akron for Cleveland. If Governor Prince gives this year to the sutside world as much valuable information concerning New Mexico, and the territory as much beneficial advertising, as he did last year in his address at the Albuquerque fair, the exhibition will not be in vain, no matter what the other attractions may be .- Raton Range. are moving freely. The wool manufacture is distinctly improving,

Some of our merchants are in corres At western points the crop prospects are almost everywhere mentioned as unspondence with a first class miller, who makes inquiries concerning this valley as a location for a flouring mill. There can surpassed, and at St. Louis the demand for money in the interior grows more be no question but that this valley will, pressing and commercial horrowers are held closely to their needs. in a short time, become a great wheat producing region.-Roswell Record. The tone abroad is less strained and The English walnut and the almond

the Bank of France has gained in gold can be successfully grown in southern New Mexico, says the Albuquerque Citilargely but pressure in Europe must result if needs for breadstuffs are as large as is zen. The English walnut and almond have been for years successfully grown in Santa Fe, also the fig. There are English walnut trees in Santa Fe orchards that yield \$25 worth of nuts yearly. How's supposed Foreign imports of merchandise in New Yerk in July fall 19 per cent below the year, while the exports increase largely. The demand for money to move crops be-

that? gins to be felt by many banks. Hiram S. Maxim, The Scientist who Claims

to Have Solved the Problem of Aerial Navigation.

Quite a colony of Swiss farmers have already decided to settle in the lower Pecos valley, a few miles below Eddy. Land has been secured for them and they will arrive and commence the cultivation The name of Hiram S. Maxim is not as popularly known as that of some other inventors, but it is fast coming to the of the farms this fall. In another year s number of Swiss fruit growers will form a colony near this place and devote their attention principally to the cultivation of grapes and fruit. These colonies are as-sured facts.—Argus. front; as an electrician he stands second to none and his celebrated gun, improve-ments in fire arms and other inventions

are considered by experts the world over to be the best of their kind. Mr. Maxim J. S. Taylor has recently been making who is a New Yorker by adoption if not birth is full of original ideas. He has ranch and he thinks either the Nye pump tests of irrigation pumps on his Colfax invented a dynamo machine which of Greeley, or the Pulsometer, a Denver WBS

pump, will serve the people of New Mex-ico admirably. Water sufficient to supply from three to five acres can be raised fifty feet or less by either of these pumps. They are not expensive considering the remarkable work they can accomplish.

been computing the volume of grain to be handled and it is estimated that there will be an excess of 2,000,000 bushels over last year. This will make a total of 70,000,000. An order has been issued from northern headquarters to officers HAY,-:-GRAIN,-:-POTATOES here to perfect all equipments and cars to handle 12,000,000 bushels more than the road handled last year, which aggregated 16,000,000. Other roads figure on a procific people say their percentage of in-crease will exceed this. A sharp advance in lake freights is sn-ticipated. -:- Santa Fe, N. M. The Girls Object. MERIDEN, Conn., Aug. 10.—There is trouble in the south Meriden Catholic church. The Rev. Father Moore, the

pastor, is trying to interfere in the court-ship of some of the girls of his parish. There is a large number of very pretty girls in his flock whose charms have infatuated young men of the Protestant faith. The priest is bound that no Pro-testant shall court any Catholic girl, but the girls themselves are obstinate, and will not give up their beaux at the com-mand of the minister. Sunday the mat-ter came to a head when Father Moore refused communion to one of the girls whose love was stronger than her rever-ence for the canons of the priest. This action has aroused all the other girls who was inderim finate to the girls who was inderim finate to the girls

## PECOS VALLEY! THE THE GREAT FRUIT BELT of 1000 Miles Nearer all Eastern Markets than California.

The canal system of the PECOS IRRIGATION AND IMPROVEMENT COMPANY covers 300,000 acres of MAGNIFICENT LAND in this MATCHLESS LOCALITY. The land is all PUBLIC DOMAIN and enterable at the Government price, of

ONE DOLLAR AND TWENTY-FIVE CENTS PER ACRE!--\$1.25 + + + + Either under the Desert Act, Timber Culture, Pre-emption or Homestead Laws. The soil is a rich, chocolate-colored, sandy loam, from six to twenty feet deep, underlaid by lime-stone. In fact it is a Rime-stone region UNSURPASSED IN RICHNESS by the famous Cumberland Valley. With an altitude of 3,500 feet above sea level, it has—A CLIMATE WONDERFULLY EQUABLE AND HEALTHY !—No snows; no Northers; no iampness; no malaria; no consumption! PURE, and ABUNDANT WATER; so I here produces five cuttings of alfalfa the year, and two crops of grain; wheat, oats and barley being harvested in June and corn then planted in the same land being cut in the Autumn. For further particulars, address, "THE PECOS IRRIGATION AND MPROVEMENT COMPANY," Eddy, Eddy County, New Mexico,

My little son had a number S of bad ulcers and running sores to come on his head S and body, which lasted for four years. I tried all the doctors and many remedies, but the sores still grew worse, until I did not expect him to recover. My friends were confident that if the sores healed it would kill him. I at length quit all other treatment and put him on Swift's Specific, and less than three bottles cured him a sound and healthy child. S. S. S., also cured a sore on another of my children.
