ESPANOLA HAS LIQUOR WAR

Whiskey Troubles 'Affecting Indian to be Aired in District Court

GOVERNOR RETURNED TODAY

Has Been Taking Needed Rest at Ranch Near Carrizozo Past Week.

Governor McDonald returned today from a brief sojourn at Carrizozo.

Treasurer's Receipts.

The following sums of money were received this morning in the office of State Treasurer O. N. Marron.

District Court.

Three suits were filed this morning in the district court.

Espanola Liquor Fight.

The first move in the fight of the liquor interests of Espanola against the injunction prohibiting the sale of liquor on the lands formerly held by the Indians and the transportation of intoxicants either by railroad or wagon road through the Indian country.

The board of education of the city of Santa Fe this morning filed a complaint with the clerk of the district court asking damages against Mrs. Ida Astler for failure to vacate the property on Lincoln and Palace avenues.

ROUGH RIDER COLONEL DISCOVERS ANOTHER TRUTH.

(By Special Leased Wire to New Mexican) Maysville, Ky., April 4.—Colonel Roosevelt said here today that hereafter in his campaign, he expected to emphasize the argument which he used in his speech in Louisville last night.

"I believe that I stated the issue more precisely than I have done before," said Colonel Roosevelt, "when I said that unless this country is a pretty good place for all of us, it will not be a good place for any of us."

As Colonel Roosevelt's car was attached to a regular train during the first part of his day's run, the schedule did not permit of any extended stops.

GENERAL HUEN HENG WAS ASSASSINATED.

(By Special Leased Wire to New Mexican) London, April 4.—A dispatch from Tien Tsin to the Exchange Telegraph company, says the reported assassination of General Huen Heng, vice president of the Chinese republic, is confirmed.

REBELS ROUTED NEAR PARRAL

Casualties Were Not Heavy During the All Night Fight

BANDITS ACTIVE IN DURANGO

American Consul Edwards Warned Not to Recognize Belligerency.

Campas in Flight.

It is officially stated that the rebel losses were three killed and twelve wounded, but the list is undoubtedly larger, as Campa in his flight was compelled to leave the wounded where they fell in the mountains and in the deep defiles and arroyos among them.

Heroic Woman.

Among the slain, was Campa's 18-year-old brother. A woman who accompanied her husband on the march fought bravely in the trenches, handling a rifle like a veteran.

An All-Night Fight.

Jimenez, Mex., April 4.—Darkness interrupted the fighting between liberals and government forces at Boca, twenty miles from Parral, last night.

Roberts Set Free.

El Paso, Texas, April 4.—Powell Roberts, the American arrested at Juarez, and taken secretly to Chihuahua, was tried yesterday by rebel court martial, charged with being a Maderista spy, and acquitted.

Bandits Get Busy.

Washington, D. C., April 4.—Renewed activities of the bandits near Yelardena, Durango, has necessitated the dispatch of additional Mexican federal troops to protect the population.

Warning to Consul.

American Consul Edwards at Juarez has been warned by the State Department to be exceedingly cautious to avoid any action which might be taken by the rebels as a recognition of their belligerency in any representation he might make to them, for the release of Powell Roberts, the El Paso citizen who was arrested in Juarez.

Four Rebel Generals Captured.

Mexico City, Mex., April 4.—An escort of General Francisco Villa's federal troops arrived at Mapimi, bringing as prisoners General Jose de la Luz Soto, and three other rebel chiefs yesterday, according to a special dispatch received today from Mapimi by El Diario.

AVIATOR RODGERS KILLED BY FALL INTO

Long Beach, Cal., April 4.—Cuthbert P. Rodgers, the first man to cross the American continent in an aeroplane, was killed here yesterday at 3:15 yesterday when his Wright bi-plane, which he had been soaring over the city, fell into the surf from a height of several feet and buried him in the neck was broken and his body crushed by the engine of the plane. He lived but a few moments.

LEGISLATURE RECONVENES

Both Houses Assemble Late This Afternoon After Long Recess

COMMITTEES ARE AT WORK

Important Business However Not Likely Until Latter Part of Next Week.

Senate.

A fire was created this afternoon at the capitol by the receipt of a telegram from U. S. Senator A. B. Fall at Washington, D. C., urging an immediate joint session of both Houses and his re-election to the long term of the Senate expiring March 4, 1912.

Both Houses of the legislature resumed their sessions this afternoon at three o'clock.

After the preliminaries, petitions were presented against prize fights and for the passage of the "Red Light Injunction Bill."

The following bills were introduced: Senate Bill No. 46, by Laughren, an act for the issuing of bonds and assumption by the state of the indebtedness of counties.

Senate Bill No. 47, by Barth, an act providing for payment of wages due employes in money or checks, of even date, when employment terminates.

Senate Bill No. 48, by Barth, an act providing for the filing of itemized statements by county and municipal officials.

Senate Bill No. 49, by Barth, prohibiting saloons and houses of ill fame within certain distance of schools, churches and public buildings.

Senate Bill No. 50, by Barth, an act to provide complete self government in towns of over 5,000.

Senate Bill No. 51, by Barth, authorizing county commissioners to levy a tax for building roads.

Senate Bill No. 52, by Barth, an act giving women equal property rights to men and defining marriage liabilities.

Senate Bill No. 53, by Barth, to exempt from taxation church and fraternal property.

Senate Bill No. 54, by Barth, to exempt from taxation property of widows and orphans not to exceed \$1,000.

Senate Bill No. 55, by Evans, an act to create a normal school at Portales.

Senate Bill No. 56, by Mabry, to abolish capital punishment.

Senate Joint Resolution No. 19, by Barth, providing for the appointment of a joint committee on salaries.

Numerous committee meetings were announced for tomorrow.

House.

Prayer by Vicar General A. Fourchegu, roll call and reading and approval of Journal, were the preliminaries, with Speaker Baca in the chair.

Moreno presented petitions from Mesilla Valley against proposed prize fight at Las Vegas. Tully suggested reference to Committee on Military Affairs. So referred amidst laughter.

Goodell presented memorial of people of Dona Ana county for good roads legislation, for completion of El Camino del Real to be paid for by state aids. Referred to Committee on Judiciary.

Llewellyn presented a petition from Albuquerque citizens against a proposed prize fight at Las Vegas and amending Governor McDonald for reported stand against prize fights. Her petitions of similar nature were presented and referred.

The Committee on Printing presented bids for printing the record of the House Bribery Investigation.

The following bills were introduced: House Bill No. 41, by the Speaker, an act to appoint a state loan commission and providing for carrying into effect the provisions of the constitution providing for the assumption of county debts by the state. Referred to Committee on Indebtedness.

House Bill No. 42, by Gage, providing for the erection of a normal school at Artesia. Referred to the Committee on Education.

House Bill No. 43, by Rogers, an act

(Continued on page four).

SULZER DEFIES HIS PARTY

Declares It Is Wrong in Opposing Battleship Appropriation

PROTEST AGAINST FREE SUGAR

Kentucky Delegation Wants More Money For River Protection.

Senate.

In session 2 p. m. Finance committee heard protests from Porto Ricans against free sugar bill.

Met at noon. Considered Indian appropriation bill, carrying \$7,465,255.

President Taft in message urged the passage of legislation to promote economy and efficiency in government service.

Kentucky delegation urged appropriation committee to report favorably bill appropriating \$250,000 additional for flood preventive work.

Sulzer Favors Battleships.

Washington, D. C., April 4.—Representative Sulzer of New York, who by reason of his chairmanship of the foreign affairs committee is in constant touch with the state department, took open issue today with his Democratic colleagues in the House, who went on record twice in caucus against any battleship appropriation this year.

He predicted that when the bill reached the Senate, provision would be made for two more battleships, and that the House will accept the amendment.

Mark Smith Turned Down.

Washington, D. C., April 4.—Senators Catron and Fall voted together with the majority, permitting navy surgeons to retire at sixty years instead of at 70.

Senator Mark Smith attempted to read into the record the memorial of the Arizona legislature, against the confirmation of ex-Governor Sloan for the federal bench.

An objection prevailed it being business for the executive session. Senator Ashurst introduced a bill for a public building at Prescott, appropriating \$60,000.

Classified Service for Land Offices.

The message stated that nearly \$62,000 could be saved annually by placing the pension agents in the classified service and that the field service of the general land office would be more efficiently and economically operated if it was provided by law that the offices of receiver of land offices be abolished and the duties transferred to the register, assisted by a bonded clerk and the register placed in the classified service.

It has been estimated that the adoption of this plan would cause an annual saving of \$200,000 according to the message.

Internal Revenue Collectors Too.

A direct saving in salaries, and an indirect economy through increased efficiency would follow the transfer of the internal revenue and customs of floors, now political appointees, to the classified service, the President said in his message.

In conclusion, the President, referring to all the reports and recommendations in his message, said: "Again I urge upon Congress the desirability of providing whatever funds can be used effectively to carry forward with all possible vigor the work now well begun. The \$200,000 required for prosecution of the inquiry during the ensuing year, and the \$50,000 estimated for the publication of the results, are inconsiderable in comparison with the economies which can be realized."

FEW HOMICIDES DURING MONTH OF MARCH.

Publicity Has Resulted in More Thorough Law Enforcement and Fewer Killings.

The homicide record kept in the office of the New Mexico Mounted Police shows only four killings for the month just past. The stories of the deeds do not disclose the familiar and revolting details of fatal drinking bouts, gambling games and immoralities. The first fatality did not occur until the month had more than half spent itself. The record follows: Oscar L. Brown, March 16 at Cuervo, Valencia county, W. B. Terry under arrest, gun shot, jealousy over Mrs. Terry; Juan Esquivel, 8 years old, March 17 at Gascon, Mora county, Maximiliano fired the shot but declared killing accidental; 22 cali-re rifle shot, accidental; Simon Lopez, March 20 at Mountainview, Torrance county, Juan Vialpando under arrest, Pasquel Vialpando, accused at large, gun shot, quarrel; Walter Orr, March 20 at Kenna, Chaves county, Haysell Smith under arrest, gun shot, killed while assaulting justice of the peace.

ACADEMY OF MEDICINE AT SOUTH BETHLEHEM, Pa.

(By Special Leased Wire to New Mexican) South Bethlehem, Pa., April 4.—The third session of the conference of the American Academy of Medicine at Lehigh University today was devoted to a discussion of teaching hygiene.

FLOUR MILL BURNED TO GROUND AT HATCH.

Deming, N. M., April 4.—Word was received by telephone this morning that the flour mill of Lafayette Clapp at Hatch, N. M., was burned to the ground last night. He had just completed the installation of a fifty horse power engine and other new machinery.

TAFT COUNSELS REAL ECONOMY

He Would Place All Washington Employes Under Civil Service

Annual Loss Is \$10,000,000

Special Message to Congress to Which Democrats Will Give Little Heed.

(By Special Leased Wire to New Mexican) Washington, D. C., April 4.—President Taft today submitted to Congress a message in which he made strong recommendations bearing upon greater efficiency in economy in the methods used in transacting the public business of the various executive departments and other governmental establishments.

The President referred to the "advantages to be derived from placing in the classified service the local officers under the departments of the treasury, of the postoffice, of justice, of the interior and of commerce and labor," and stated, "that indirectly the changes proposed will result in the saving of many millions of dollars of public funds" besides greatly increasing the efficiency of the service affected.

ABOVE HIGH RECORD MARK

Father of Waters on Rampage in Middle Western States

RATIONS FOR FLOOD SUFFERERS

Cairo Cut Off From Train Service and Another Levee Gives Way.

Cairo Cut Off From Train Service and Another Levee Gives Way.

Seven thousand persons homeless. Eight thousand persons have fled from flood threatened homes.

Eight persons drowned. Property loss will run into millions.

Ten states affected. State and federal government hurrying help to afflicted inundated cities.

Nine thousand acres of manufacturing district of Cairo, Ill., under water.

Future City, and Urbandale, outlying home sections of Cairo, with combined population of 1100 flooded.

Hickman, Ky., factory district and part of home section flooded. Two thousand homeless.

Columbus, Ky., with outlying country under water, depriving 1,000 persons of homes.

Memphis, Tenn., river sections flooded, driving 12,500 from homes.

Many factories under water. New Madrid, Mo., 800 homeless.

Dorena, Mo., 700 homeless. Eight thousand persons fleeing from flood-threatened districts in towns between Hickman, Ky., and Helena, Ark.

The sunshine of a balmy spring day offered false hopes to the thousands of homeless persons in the great flood stretches of the Ohio and the Mississippi rivers today, for government forecasters at river points and in Washington said they could not hold out the promise of a cessation in the constantly rising flood above Cairo, Ill.

Washington, D. C., April 4.—With the Mississippi at Memphis three feet above the high record mark, and at Cairo, 1.7 feet above the highest previous mark, weather bureau officials today were unable to predict any cessation in the constantly rising flood below Cairo. Reports to the Bureau indicated the water would continue to rise slowly and no prediction was made as to when the flood would turn.

The river at Cairo stood at 53.3 feet, a rise of two-tenths since yesterday. The previous high record was 52.2 feet, made in 1832. At Memphis, the stage was 13.4 feet, a rise of eight tenths. The previous record was 40.3 feet, at Vicksburg the river stood at 47 feet, a rise of five-tenths.

President Taft directed the quarter-master general's department to furnish rations to any flood sufferers who are found to be in want. He also promised Senator-elect James and Representative Russell of Missouri, to do anything in his power to aid those made homeless and deprived of the necessities of life.

Cairo Cut-off.

Cairo, Ill., April 4.—Cairo is without train service today and is almost surrounded by water by the breaking early today of the Mobile and Ohio levee which protected the drainage district. All railroads pass through the drainage district which is now under from five to fifteen feet of water.

The lives of five hundred workmen were endangered and property valued in excess of \$5,000,000 was submerged when the Mississippi river tore a crevice 125 feet long in the Mobile and Ohio levee, around the drainage district north of Cairo. The levee broke after more than three hundred workmen had fought for five hours to fill a depression 70 feet long and five feet deep. Five hundred men were fighting on the Big Four levee in an effort to stem the rise of the Ohio. Fearing that the Big Four levee would not hold under the strain the tug Frances was ordered out with a rescue party on board and succeeded in bringing them in.

Thousand Buildings Flooded.

The levee broke at a point near the bridge junction. The territory flooded is what is known as the Cairo Drainage District. It is located just north of Cairo and comprises about 9,000 acres of ground.

It is estimated that the number of homes, business houses, and other structures flooded in the drainage district numbered nearly one thousand. Future City, a negro settlement in the flooded territory, has a population of more than a thousand. Urbandale, with a white population of about a hundred, had many well built homes. No loss of life is reported so far.

The city of Cairo, proper, is protected from the flooded section by a system of cross levees and the big force of men who were at work on the drainage levee have been thrown around the Cairo levee. The gauge this morning registered 53.9 feet.

GOOD ROADS ARE ASSURED

Delegates to Congress Are Working Out Program for Better Highways

\$10,000,000 BOND SUGGESTED

Colonel R. E. Twitchell of East Las Vegas Elected President.

(By Special Leased Wire to New Mexican) The New Mexico Good Roads Association this afternoon elected Colonel R. E. Twitchell of East Las Vegas, president; F. B. Schwentler of Albuquerque, secretary; and John Bowker, Jr., of Magdalena, treasurer. An executive committee with one member from each judicial district and with ex-governor L. Bradford Prince of Santa Fe, member-at-large, was also appointed.

The other members of the committee are: Jose D. Sena, John L. Zimmermann, H. O. Birsom, M. M. Shields, E. E. Lester, R. C. Masters, J. W. Stockard, J. A. Mahoney. The convention adjourned subject to the call of the president.

The New Mexico Good Roads Congress convened in the chambers of the supreme court at 10 o'clock this morning. The morning session was given over to the discussion of general good roads matters. The address by the Rev. Harvey M. Shields of Dawson, chairman of the board of county commissioners of Colfax county, was scholarly in terms and offered many helpful suggestions in solving good roads problems. Among other things he suggested a bond issue of \$10,000,000.

Francis E. Lester gave a practical discussion on the good roads problem from the county standpoint. Many of his suggestions will no doubt be embodied in resolutions to be offered later.

The convention early took up the matter of transcontinental highways and decided that it was not properly a question that might come before a state congress and it was therefore dismissed from discussion. It was pointed out that the business of the state organization was local rather than national.

The following were appointed on a committee to draft a constitution and by-laws for the congress: R. E. Twitchell, J. V. Tully and D. K. B. Sellers. This committee together with the committees appointed last evening will report to the convention and the real work of the congress will begin. If the delegates succeed in accomplishing the work outlined for this evening's meeting the congress will adjourn sine die.

Engineer Miller on Good Roads.

The following is a brief resume of the arguments for good roads and the plans for obtaining them taken from the speech of State Engineer C. D. Miller:

"Much has been said of the improvement of roads incident to the attraction of tourist travel, but I believe the most rapid and substantial development along this line that can come to New Mexico will result from the building of roads to aid our own citizens. It is always the farmer and the businessman that pays the taxes to build the roads and not the motor car tourist who is with us one day and is gone the next. It is only wise to serve the tourist where it can be done without expense and inconvenience to the citizens of the state.

Finish the Trunk Lines.

"Work has been done by the good roads commission in twenty-two counties of the state out of the twenty-six and the citizens are fully alive to the advantages of good roads. The state has dealt liberally with those counties that have evinced an interest in road construction. In fact the state has perfected its own roads for the benefit of the county highways, and it is high time that the state took up the work of completing its own system of thoroughfares and principally the Camino Real of the Pecos and Rio Grande Valleys.

Tax Automobiles.

"It takes large expenditures of funds to secure the comforts and advantages of good roads. What has been accomplished has been done with the paucity of \$175,000, expended over a period of nearly three years. The question for the Good Roads Congress to solve is the raising of additional revenue without placing an undue burden on the taxpayer. A tax on automobiles has been suggested and doubtless will be adopted. Get the back taxes, bond the state for a small sum and use the funds for the construction of state highways.

Take Roads Out of Politics.

"In legislating for the state roads the county trafficways should not be neglected or overlooked. The county road tax system is a cumbersome and uncertain source of revenue. An impartial system of collecting county road taxes and an efficient method for accomplishing this has not yet been devised and it is scarcely possible that the efficiency of the system will be increased until the roads are taken out of politics and the local highways re-

WILL SMASH JAP BUGABOO

That Is the Intent of Lodge Resolution as to Magdalena Bay

PRESIDENT TAFT IN ACCORD

Sulzer on Democratic Side Also Sanctions This Flank Movement.

(By Special Leased Wire to New Mexican) Washington, D. C., April 4.—The Lodge resolution, calling on the President to send to the Senate information obtained by the state department in its investigation of the report that the Japanese government was seeking from Mexico, a naval base at Magdalena bay, now is said to have been a part of an administration plan to smash the constantly recurring bugaboo of Japanese invasion or colonization of North America.

Acting Secretary of State Huntington Wilson and Representative Sulzer of New York, chairman of the House foreign affairs committee, had a long conference with President Taft today. Although no formal statement was issued, it was evident a thorough understanding exists between the President and the state department and members of the House and Senate foreign affairs committee as to methods to be employed in setting at rest reports that Japan entertained intentions hostile to this country.

It was said at the state department that the Lodge resolution probably will go to the Senate tomorrow and will tend completely to discredit the reports of any designs on the part of the Japanese government on Mexican territory.

**Only One Ticket at Silver City**—At the election at Silver City, Percy Wilson was elected mayor, and Jackson Agee, R. W. Gooding and W. P. Thompson, councilmen. There was no other ticket in the field.

**Fatally Injured in Lumber Camp.**  
Lancel Hargin, an employe of the American Lumber Company, was fatally injured near Sawyer by a log rolling on him. He is 23 years old and was taken to the hospital at Albuquerque.

**Sold Liquor Without Retail License.**  
On the strength of testimony offered by Fred Bowen before Justice of the Peace George R. Craig at Albuquerque, G. Toti, better known as "Broncho" Toti, was fined \$50 and costs being found guilty of selling liquor in retail quantities without a retail license.

**Smuggling in Luna County.**  
Hermans, Luna county, has an ammunition smuggling scandal. Colonel E. Z. Steever, commander of the Fourth cavalry, was informed Sunday that there was a shipment of ammunition and arms consigned to Hermans. He instructed Lieutenant Hall, stationed at Columbus, to proceed to Hermans with a detail of men and seize the shipment. This was done Sunday and 6,000 rounds of ammunition and a case of rifles were taken possession of by the United States officers.

**Various Causes for Divorce.**  
Objectionable pictures and literature are foundation stones upon which Mrs. Anna F. Streitenberger has based an application for divorce from William A. Streitenberger, whom she charges with extreme and repeated acts of cruelty. She says that her husband was accustomed to bring home such pictures and insist that she look at them, threatening to strike her if she did not. The couple were married December 5, 1908. Mrs. Susie B. Ott has instituted divorce proceedings against Harry D. Ott, proprietor of a cigar store at 538 Fifteenth street, in which she accuses him of cruelty and habitual drunkenness for the last year. They were married in 1904. That her husband refused to speak to her for weeks at a time except to tell her to go to hell, is the complaint made by Bertha Naomi Nies in a petition for divorce from Ernest F. Nies. They were married on May 5, 1909, and she accuses him of cruelty and non-support.

**SPEAKER CLARK WITHDRAWS IN NEW JERSEY.**  
Out of Courtesy He Leaves Field Clear to Wilson in Home State of Latter.

(By Special Leased Wire to New Mexican)  
Trenton, N. J., April 4.—Speaker Champ Clark, in a letter received today by Secretary of State Crater, withdraws his name from use on the ballot in the New Jersey primary election to choose delegates to the Democratic National convention. Mr. Clark does not give any reason for his action, but it is believed here his move was taken as a courtesy to Governor Wilson.

The letter says: "I respectfully decline to allow my name to appear on the presidential primary ballot as a candidate for the Democratic presidential nomination in New Jersey. Kindly withdraw my name upon receipt of this communication."

Governor Wilson's name will be the only one on the Democratic primary ballot, as no other petitions were filed except those for Mr. Clark, and Governor Wilson.

**ARIZONA SOLONS RECONSIDER WOMAN'S SUFFRAGE.**  
Yesterday Recommended Its Passage and Today Change Their Mind About It.

(By Special Leased Wire to New Mexican)  
Phoenix, Ariz., April 4.—Many women crowded the galleries of the lower house of the Arizona legislature today and were disappointed when that body decided to take up the equal suffrage bill tomorrow instead of today. Heated arguments preceded the roll call by which the motion to reconsider yesterday's recommendation that the bill should be passed was carried by a vote of 21 to 14.

**POLITICS AND POLITICIANS**  
Women Elect Entire Ticket.  
At Berino, Dona Ana county, the women voters succeeded in electing three women to the school board. Those chosen on Monday are: Mrs. S. G. Kilgore, Mrs. D. J. Jones and Mrs. Carl Price. At Anthony, the adjoining settlement, the women also took an active part and to them J. R. Livesey owes his election over R. C. Adams.

**Wonderful Cures Reported in Germany.**

The use of simple herbs as remedies instead of the more concentrated and usually more dangerous organic substances, has been revived very widely of late. In Germany a new school of physicians has arisen which throws out almost a whole of the pharmacopoeia and relies on an adaptation of the method of wild animals in curing themselves. . . . N. Y. World.

It was Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute of Buffalo, N. Y., who first advocated the extended use of some of our native roots, such as: Golden seal and Oregon grape root, mandrake and queen's root, black cherry bark. These are the chief ingredients in Doctor Pierce's Golden Medical Discovery, which has been so well and favorably known for nearly half a century. A harmless cleanser and stomach tonic that nature has provided.

J. DONALD MATHESON of Ossining, N. Y. says: "I suffered for over five years with what the doctors told me was dilated condition of the stomach, associated with a catarrhal condition of some, and nervous heart. I had tried enough nux, bismuth, gentian, rhubarb, etc., to float a ship and naturally thought there was no cure for me, but after reading what eminent doctors said of the curative qualities of the ingredients of 'Golden Medical Discovery' I gave it a fair trial. Took the 'Discovery' and also the 'Pleasant Pellets,' and can truthfully say I am feeling better now than I have in years. I cheerfully give permission to print this testimonial, and if my 'doubting Thomas' writes me I will 'put him wild' to the best all-around medicine in the country today."

**WALL STREET SHOWS REMARKABLE STRENGTH.**  
United States Steel Reaches Highest Point Since September of Last Year.

(By Special Leased Wire to New Mexican)  
New York, N. Y., April 4.—United States Steel rose to 70 7/8 in the second hour in Wall Street today, its best price since September of last year. The movement, which later spread to the independent companies, coincided with the sale of the \$30,500,000 of five per cent bonds recently issued by the company. The tobacco shares continued their sensational advance in the second hour, the rise being associated with the majority report of the United States Senate Judiciary Committee which practically threw out the protest of the independent dealers.

Bonds were firm. Business slack at midday by which time transactions in United States steel amounted to about forty per cent of the whole. Amalgamated copper was the next most active feature with Reading below Union Pacific and American Can, common.

Steel increased its gain to 71 1/8, and the standard railway shares notably, Reading, Northern Pacific, Great Northern, preferred, and others in the same class were taken up.

General Electric increased its gain and Westinghouse Electric rose two points.

Amalgamated copper rose later to 82. Transactions in U. S. steel became less extensive, and trading in general fell back with the approach of the final hour.

The market closed strong. Little attention was paid to the jump in call money to five per cent, it being due in part to the fact that loans made today carry over until Monday on account of the intervening holiday.

**WILSON CAMPAIGN BANKRUPT FOURTH TIME.**  
New Jersey Governor Says His Campaign Depends on Friends and Their Brains.

(By Special Leased Wire to New Mexican)  
Washington, D. C., April 4.—Governor Woodrow Wilson came to Washington today on his way west and spent several hours in conference with political managers, Senators and Congressmen. "Our campaign is one depending upon friends and their brains," said Governor Wilson. "We have no money. Our campaign has been bankrupt four times, including the present. It is to confer with my friends in the two Houses of Congress that I am here." The New Jersey governor departed later for Chicago.

**ROOSEVELT HEADQUARTERS MAKE FOOLISH CHARGE.**  
Declare That Democrats Are Doing Their Best to Have Taft Nominated by Republicans.

(By Special Leased Wire to New Mexican)  
Washington, D. C., April 4.—The Roosevelt national headquarters, commenting today on the Wisconsin primary charge that "the Democrats are doing everything they can to assist in bringing about the renomination of Mr. Taft, for the perfectly obvious reason that they recognize in him the man who would give them the least trouble at the polls in November."

**TWO WOMEN AND CHILD KILLED IN WRECK.**  
Eighteen Others Injured in Crash of Chicago & Alton Train into Street Car.

(By Special Leased Wire to New Mexican)  
Chicago, Ill., April 4.—Three persons, including a woman and her one year old child, were killed and 18 injured today, when a Chicago & Alton train crashed into a street car, filled with passengers at South Kedzie and West 37th street.

The third person killed, also was a woman. Neither woman was identified.

# Legislators Listen!

Do not let this opportunity for true economy pass you by.

NEVER BEFORE have we been so absolutely determined to gain your patronage, and never before have used so much painstaking thought in the selection from large lines of SPRING AND SUMMER SUITINGS.

Why buy a "hand-me-down" suit made in New York sweat shops six months before the latest style plates are published, when you can get a suit made to your special order and shape in our store right here. Bring us a sample of any \$35.00 or \$40.00 suit and we will duplicate it.

FOR \$25.00 ONLY

Ask what kind of tailors we are of those who have already patronized us, and then be sure you will get something nobby for your money.

LADIES, do not forget that to-morrow we will have our COMPLETE STOCK OF SPRING AND SUMMER MATERIALS on display. Come in and inspect them. Here you get something different from the ordinary.

# CAPITAL TAILORS

East Side of Plaza, Next Door to First National Bank Bldg.

## DOING THEIR DUTY.

Scores of Santa Fe Readers Are Learning the Duty of the Kidneys. To filter the blood is the kidney's duty. When they fail to do this the kidneys are sick. Backache and most kidney ills follow. Help the kidneys do their work. Doan's Kidney Pills build up weak kidneys. Santa Fe people endorse our claim. Manuel Delgado, 140 Canon St., Santa Fe, N. Mex., says: "The public statement I gave in praise of Doan's Kidney Pills in 1902 still holds good. For four or five years I was subject to attacks of backache which were so severe that I was unable to work. I tried various remedies said to be cures for such troubles, but nothing benefited me until I used Doan's Kidney Pills. They promptly proved their worth and effected a cure which has been permanent. My experience with Doan's Kidney Pills has been gratifying that I gladly recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## LEGISLATIVE POINTERS

To the People of the State of New Mexico.

The message of His Excellency Governor John Joerns, first Republican governor of New Mexico, will be read and proclaimed to the people of New Mexico, at a regular session of the Third Legislative House of Representatives, which will be held in the House of Representatives hall on Tuesday the 8th, of April, A. D., 1912, at 8 o'clock p. m. And at the above session the first ballot for two United States Senators for the State of New Mexico will also be taken. All are cordially invited to attend.

### Third House—Special Session.

The House was called to order with the Speaker in the chair at 3:20 p. m. This being a special session to receive the report of the committee on rules and to elect a governor, the following was the order of business: Roll call, prayer and suspension of the reading of the journal until the next meeting. The report of the committee on rules was received and after proper amendments to the same were adopted it was ordered published.

D. Ortega having absented himself from the House without the consent of the Speaker, a committee of three was appointed by the chair to summon the gentleman to his post. The committee being discharged after performing its duties, the chair asked Mr. Ortega to give his reasons why he was not present at the regular hour. Thereupon, Mr. Ortega explained that personal matters kept him so busy that he was unable to attend as a member, and he further asked that his resignation be accepted as a member of the House. By a vote of 13 to 2 the resignation was turned down. In the meantime, it was noticed that Hon. D. Ortega had taken French leave from the House, whereupon Mr. Fish of Colfax county, moved that a committee of five be known as an investigation committee be appointed by the chair to look into the matter and report their findings at the special session to be held Wednesday at 3 p. m. The committee consisted of the following: Will Lapoint, chairman; C. Lucero, A. Clancy, L. Fish and E. Salazar.

Nominations for governor being in order the following were nominated: Hon. John Joerns and Hon. Lynn Fish. Mr. Fish having withdrawn in favor of Mr. Joerns the election of the latter was made unanimous. On motion of Hon. V. Ulbarri a committee of three was appointed to escort His Excellency Governor John Joerns to a place beside the Speaker. Then the governor in very eloquent terms made a short address outlining his policies, and for the benefit of the House announced that he was a "Stand-Patter." A committee of three was then appointed by the chair to escort the governor to his chambers. The House then adjourned until 3 p. m. Wednesday.

## What Good Fuel Is to an Engine

Right food is to the body—the source of vital energy.

## Grape-Nuts

is a good food in every sense of the word. It is made from food grains—wheat, barley, etc.—which are partially pre-digested, quick assimilation, fine flavour. Besides being rich in building elements the Phosphate (grown in the ground) Nature specially rebuilding the tissues of the brain and nerves can only be supplied through daily food.

"There's a Reason for Grape-Nuts"

Postum Cereal Co. Battle Creek

## EIGHTY-FIVE BILLS INTRODUCED

Two of These Have Become Laws Under Emergency Clause

SEVERAL OTHERS ALSO PASSED

Wide Range of Subjects Covered by Measures That Are Now Pending.

Although the first few weeks of the legislative session were occupied with preliminary organization and the Senatorial election, yet a good deal of work was accomplished. Almost a hundred bills were introduced in both houses, forty of them in the lower house, and two of these measures have already become laws. The following list of bills introduced in the House up to Thursday afternoon, three o'clock, April 4, covers a wide range of subjects and includes a number of complete codes that it must have taken much time and care to prepare:

House Bill No. 1, by W. H. Christman, an act appropriating the sum of \$25,000 for the replacing of bridges in San Juan county, New Mexico. Committee on Finance.

House Bill No. 2, by R. L. Baca, an act to provide for the paving of certain streets of the seat of government of the state of New Mexico. Committee on Finance.

House Bill No. 3, by Blas Sanchez, an act to repeal chapters 13 and 70, laws of the 38th Legislative Assembly, entitled "An Act Defining a Lawful Fence," also "An Act Providing for the Fencing of Gardens and Farms and providing for the recovery of damages in case of the same being trespassed upon by livestock." Committee on Judiciary.

House Bill No. 4, by R. L. Baca, an act to provide for the building of an addition to the Capitol and to authorize an issue of bonds to provide funds therefor. Committee on Finance.

House Bill No. 5, by W. H. H. Llewellyn, an act defining the eligibility, duties, powers and salary of inspector of mines and promoting the mining industry of New Mexico, etc., and providing an annual appropriation of \$10,000 therefor. Committee on Mines.

House Bill No. 6, by W. H. H. Llewellyn, an act for fixing the time for the holding of the terms of district court in the Third (Las Cruces) Judicial district. Passed both houses.

House Bill No. 7, by O. T. Toombs, an act providing for the exemption of certain property from attachment or execution. Committee on Judiciary.

House Bill No. 8, by John B. Burg, by request, an act to regulate the traffic of intoxicating liquors. Committee on Liquor Traffic.

House Bill No. 9, by J. W. Mullens, an act relating to the inspection of bees and creating the office of county inspector of bees and apiaries, to provide for the prevention and spread of bee diseases and penalties for failure to obey the provisions of this act. Committee on Agriculture and Manufactures.

House Bill No. 10, by J. W. Chavez, an act defining the crime of perjury and prescribing punishment therefor. Signed by governor and now law.

House Bill No. 11, by O. T. Toombs, an act creating a normal school at Clayton, providing a two-fifths mill tax levy for the purpose. Committee on Public Institutions.

House Bill No. 12, by John B. Burg, an act for the promotion of education in New Mexico. Committee on Education.

House Bill No. 13, by John B. Burg, an act relative to the form and execution of cost bonds. Committee on Judiciary.

House Bill No. 14, by G. W. Tripp, an act to provide for the punishment of any person who drinks any intoxicating liquor, or who is intoxicated in or upon railroad passenger cars in use for the transportation of passengers, or in or about any railroad station, depot or platform and for railroad conductors to make arrests therefor. Committee on Railroads.

House Bill No. 15, by J. R. Skidmore, an act relating to employees and providing that they have two hours time from the employment in which to vote and that there shall be no deduction from their wages for said two hours and providing against intimidation. Committee on State Affairs.

House Bill No. 16, by A. S. Goodell, an act for the issuing and service of subpoenas, subpoena and other process by the corporation commission. Committee on Judiciary.

House Bill No. 17, by A. S. Goodell, by request, an act to regulate the practice of medicine and osteopathy. Committee on Judiciary.

House Bill No. 18, by John B. Burg, an act to prescribe and regulate practice and procedure in civil causes in courts of record. Committee on Judiciary.

House Bill No. 19, by J. W. Chavez, an act providing for the transfer of causes from the State Corporation Commission to the Supreme Court and prescribing the procedure. Committee on Judiciary.

House Bill No. 20, by Blas Sanchez, an act in reference to the management, control and supervision of the state library. Committee on Judiciary.

House Bill No. 21, by G. W. Tripp, an act to provide for the procedure before the State Corporation Commission. Committee on Judiciary.

House Bill No. 22, by J. R. Skidmore, an act to safeguard the traveling public and employes upon railroads by limiting the hours of service of employes thereon. Committee on Railroads.

House Bill No. 23, by P. E. Carter,

an act relating to the liability of common carriers by railroad in this state for injuries or death sustained by their employes. Committee on Railroads.

House Bill No. 24, by J. R. Skidmore, an act to determine certain suits in courts outside of New Mexico by residents of New Mexico in certain cases and providing for the recovery of damages from such residents by such persons so sued. Committee on Railroads.

House Bill No. 25, by James W. Mullens, an act amending Section 4122 of the Compiled Laws of 1897, for the purpose of defining the rights of distillers with respect to the sale of their products. Committee on Judiciary.

House Bill No. 26, by O. T. Toombs, an act to authorize the reimbursement without charge to a new destination of property forwarded by a common carrier and to provide for the treatment of the same as an original shipment, and for the stopping and unloading of freight at stations other than that designated in bill or lading. Committee on Railroads.

House Bill No. 27, by J. R. Skidmore, an act to prohibit the hiring out of inmates of the state penitentiary or other penal institutions of the state of New Mexico and providing for their employment by the state, and providing for the repeal of all laws in conflict herewith and penalty for the violation of this act.

House Bill No. 28, by W. H. Christman, an act for a proposed amendment of the constitution for statewide prohibition. Committee on Temperance.

House Bill No. 29, by James W. Chavez, an act providing for the payment of per diem and mileage of the lieutenant governor and members of the legislature, appropriating \$57,255.10. This has become law.

House Bill No. 30, by Blas Sanchez, an act to enjoin and abate houses of lewdness, assignation and prostitution, to declare the same to be nuisances, to enjoin the person or persons who conduct or maintain the same and the owner or agent of any building used for such purposes.

House Bill No. 31, by H. M. Gage, for the creation of the county of Hinkle, Counties and county lines.

House Bill No. 32, by W. F. Rogers, an act defining an artesian well and to regulate the same, and the use of storage, reservoirs and ditches connected therewith and to prevent the waste of subterranean waters. Committee on Irrigation and Drainage.

House Bill No. 33, by J. R. Skidmore, an act providing that legal voters in the state of New Mexico whose occupation is such that they cannot vote in the precinct in which they are registered may vote elsewhere in the state as herein provided. Committee on State Affairs.

House Bill No. 34, by Thomas F. Cooney, an act to provide the manner in which and place where the death penalty may be inflicted. Committee on Judiciary.

House Bill No. 35, by P. E. Carter, an act to define lobbying and providing punishment therefor. Committee on Rules.

House Bill No. 36, by Thomas F. Cooney, an act providing for the appraisal of damage committed by animals of known owners upon cultivated fields and fenced land. Committee on Livestock.

House Bill No. 37, by Blas Sanchez, an act to prevent the running at large of hogs and swine. Committee of Livestock.

House Bill No. 38, by James W. Mullens, an act to authorize incorporated towns, cities and villages to construct permanent street improvements and assess part of the cost against the owners of property abutting upon such improvements and their property and against the owners of railways or street railways. Committee on Public Property.

House Bill No. 39, by O. T. Toombs, an act relating to the power of incorporated towns and villages. Committee on Judiciary.

House Bill No. 40, by Conrad Hilton, by request, an act authorizing the issuance of state bonds and to provide for the payment of interest and principal thereon in compliance with the requirements of Article Nine of the Constitution and Designation of Agency to assist therein. Committee on Finance.

Senate Bills. The bills thus far introduced in the Senate are as follows:

Senate Bill No. 1, by Squire Hart, providing for amendment of the constitution to eliminate the language qualification. Passed under suspension of the rules.

Senate Bill No. 2, by J. F. Hinkle, an act fixing the time for holding the regular terms of the district court in the Fifth Judicial District. Committee on Judiciary.

Senate Bill No. 3, by A. J. Evans, an act to regulate the manufacture, storage and sale of explosives, and providing penalties for violations of this act. Committee on State Affairs.

Senate Bill No. 4, by T. D. Burns, an act in reference to bribery; attempts to bribe and offers to accept bribe. Committee on Judiciary.

Senate Bill No. 5, by W. B. Walton, an act to restrain, suppress and punish corrupt practices in connection

Continued on Page Six.

## Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is usually a period of suffering and danger.

Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work.

Mother's Friend always nausea, prevents caking of the breasts, and in every way contributes to a strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers. BRADFORD REGULATOR CO., Atlanta, Ga.

with public elections. Committee on Privileges and Elections.

Senate Bill No. 6, by W. M. McCoy, an act defining legal fences and providing for the establishment of fences and fence districts and providing a procedure for the recovery of damages by trespassing stock in such districts. Committee on Judiciary.

OFFICIAL PAPER OF SANTA FE COUNTY. The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the State, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

NO DOCTORS' TRUST.

If any school of physicians wishes the law to prescribe rigid qualifications before granting a license to practice in New Mexico, that desire, if it is general, should be granted, and any such legislation passed, as the particular school may submit with its endorsement.

decide whom they desire to have elected Senator and thus cut off all criticism and fault-finding.

ABOVE HIGH RECORD MARK.

(Continued from Page One.)

Hard Fight to Save Embankments.

Memphis, Tenn., April 4.—While showing the effects of the flood, all the main line levees in Arkansas, Tennessee and Mississippi are today reported intact but it is conceded that a hard fight must be made, especially in the upper St. Francis district, to save the embankments.

At Star Landing, in Arkansas, the bank is caving near the base of the levee and government forces are being concentrated at that point.

South of Memphis, the flood has not reached the acute stage. In Memphis the flooded area in the northern section of the city, is steadily increasing in length and breadth.

Three Thousand Refugees.

Hickman, Ky., April 4.—Flood refugees were cheered after an all night vigil at the levees by the announcement that a train would reach Hickman this afternoon bringing food and clothing. The food situation this morning was serious.

Work or Be Shot.

Excepting those engaged in relief work, every able bodied man has been impressed for service on the levee. The deputy sheriff rode through town today and ordered groups of idle negroes to the levee, threatening to shoot those who disobeyed.

Ohio Above Flood Stage.

Cincinnati, O., April 4.—The Ohio river passed the flood stage here last night. This morning, the gauge registered 50.6 feet which was .6 of a foot above the flood mark. The weather forecaster predicted the river would reach 52, or 53 feet by tonight, but as all tributary streams above Cincinnati, are torrents, he was not prepared to say how much higher it would go.

Still Rising Rapidly.

St. Louis, Mo., April 4.—The Mississippi river registered 30.4 feet here today, a rise of .8 feet in 24 hours. It is predicted that the river will go to 31 feet by tonight and will remain stationary at 31 feet for several days. From Hannibal, where the gauge stood at 16.5 feet today, a rise of 1.3 feet in 24 hours, to St. Louis, the river is rising rapidly and has spread over the low lands.

Business at Standstill.

New Madrid, Mo., April 4.—Business has been at a standstill here since Sunday, because of the unprecedented flood.

Appeal for Government Aid.

Mayor Conrad telegraphed Congressman Russell that government aid is needed. One death, that of a negro, has been reported. On the streets, the water is from six inches to five feet deep.

Vain Effort to Close Breach.

Cairo, Ill., April 4.—The Mobile & Ohio railroad, with hundreds of railroad men and a large army of citizens, made fruitless efforts to fill up the break in the levee which protected the drainage district. Four freight cars were dumped into the break, but they had no effect, and all efforts were abandoned. The water spread rapidly. The subway into Cairo was closed and the city is said to be in absolute safety.

The Illinois Central announced it will continue to operate trains into Cairo, as its tracks will be kept above water.

Today the anxiety over the next development seemed to be west of Hickman, Ky., where the government levee is holding off the wide-reaching Mississippi from the fertile fields of the Reelfoot Lake region in Tennessee. There were numerous reports that the levee had been breached during the day.

Riders Warn Inhabitants.

Riders have hurried through the counties of northwest Tennessee, warning the inhabitants to flee. Thousands have gone into the high lands and from Hickman, as far south as Helena, Ark., residents of the river counties have moved to higher ground.

Should Move to Santa Fe.

With the break of the levees at Cairo last night, the threat of the flood menace at the junction of the two rivers was fulfilled. Perhaps at this point, the greatest damage to prop-

TO CURE A COLD IN ONE DAY. Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

erty has been done. Many manufacturing plants in 5,000 acres of the flood territory, have been inundated. Two residence sections are flooded, but the greater part of the city is safe. Provisions and tents reached Hickman this afternoon.

Government Forecasts Save Lives.

On the Missouri side of the Mississippi, opposite the Hickman flood territory, thousands of acres of fertile fields are under water and hundreds of persons are homeless. The levees south of Memphis are holding, but with the Mississippi expanding every hour, the menace is increasing.

Conservative estimates of the damage so far, place the losses at \$2,000,000 and more. At every river point, the flood stage sets a new record.

The tremendous value of the government forecast has been illustrated. While hundreds of homes have been inundated or swept away, the loss so far stands at only eight.

High Water in Montana.

Lewistown, Mont., April 4.—Spring Creek, which flows through this town, is out of its banks, and was carried away a number of bridges. One man was drowned today. High water is reported throughout Fergus county.

Army Engineers Besieged for Boats.

Washington, D. C., April 4.—Army engineers are beset with appeals from the Ohio and Mississippi river valleys for boats to rescue people who are cut off by the rising waters. The quartermaster general sees difficulty in meeting demands for tents. By Act of Congress, he is directed to furnish tentage for 12,000 Confederate veterans when they have their reunion at Macon, Ga., on May 1. If the new demand from the flood regions is met, the veterans may have to go without their tents.

Columbus Under Water.

Columbus, Ky., April 4.—The business district of Columbus is flooded four to five feet deep. The residence section has been abandoned. The inhabitants are encamped on the high hills above the town. The stores are being protected by boat patrol day and night. The damage in Columbus and vicinity will exceed \$100,000.

Brighter Outlook at Hickman.

Hickman, Ky., April 4.—With the pitching of tents sent here by the state and federal government and the distribution of food to 3,500 or 4,000 refugees, the flood situation assumed a brighter aspect today although the water in the business section has risen to about three feet.

Refugees continue to arrive from all directions—in boats, afoot, horseback, and in vehicles. Incoming Nashville, Chattanooga and St. Louis railroad trains, reached a point a mile from the town and fresh supplies are being received.

Between 400 and 500 men are at work strengthening the government levee protecting the Reelfoot lake basin. Reports that this levee is breaking are untrue.

Much Livestock Drowned.

Fears are entertained for the safety of eleven persons at Craig's Landing on the Missouri side. A rescue party probably will be sent after them. Hundreds of horses, mules and cows have been taken on rafts to higher lands in the Dorena, Mo., community, across the river from Hickman. Much livestock is said to have been drowned.

Fox River Dam Goes Out.

Aurora, Ill., April 4.—The Fox river dam at St. Charles went out today, an ice gorge tearing a hole in the center. The backwater flooded the lower portions of the city and citizens are panic-stricken. Dynamite is being used to break up the jam.

LEGISLATURE RECONVENES.

Continued from Page One.

to amend Chapter 17 of the laws of 1901, relating to the public health referred to the Committee on Public Health.

House bill No. 44, by Nichols, an act to prohibit blacklisting. Referred to the Committee on Railroads. Adjourning to Monday afternoon at three o'clock.

TIME TABLE ALL LOCAL TRAINS

The following are the time tables of the local railroads:

"A. T. & S. F. Ry."

Leave— 8:10 a. m., to connect with No. 3 westbound and No. 10 eastbound. Returning, arrive Santa Fe at 12:10 p. m.

Leave Santa Fe at 3:30 p. m. to connect with No. 1 westbound and No. 2 eastbound. Returning arrive at Santa Fe 6 p. m. Leave Santa Fe at 6:20 p. m. to connect with No. 7 westbound and No. 4 eastbound.

Returning, arrive at Santa Fe at 8:35 p. m. Leave Santa Fe at 8:55 p. m. to connect with No. 8 eastbound and No. 9 westbound. Returning, arrive at Santa Fe, 11:30 p. m.

Passengers for the Belen cut-off and Pecos Valley points should now leave at 3:30 p. m. instead of 7:20 as heretofore. Connection leaves Albuquerque at 7:55 p. m. instead of 2:20 a. m.

D. & R. G. Ry.

Leaves 10:05 a. m. or north. Arrive 4:20 p. m. from north.

New Mexico Central Ry.

Leave 12:45 p. m., connects with No. 2 east and 1 south and west. Arrive 4:15 p. m. with connections from No. 3 east.

GOOD ROADS ADVOCATES

Opening Session of the Association at the Capitol Last Evening

EX-GOV. L. B. PRINCE PRESIDED

Mayor-Elect Sellers Advocates a State Bond Issue of \$1,000,000.

The delegates to the New Mexico Good Roads Congress met last evening in the Hall of Representatives in the capitol. Governor L. Bradford Prince, president of the New Mexico Good Roads Association, called the meeting to order. Lieutenant Governor E. C. de Baca extended the delegates of the state executive to the delegates on behalf of Governor W. C. McDonald who was absent at his Carrizozo ranch. Acting Mayor of Santa Fe Thomas P. Gable delivered an address of welcome and extended the freedom of the city to the good roads visitors. Senator Charles J. Laughren of Deming, and Colonel R. E. Twichell of Las Vegas, responded to the speeches of welcome with a few well chosen words of appreciation on behalf of the delegates to the congress.

As a preliminary to the work of the present session of the congress, President L. Bradford Prince reviewed briefly the history and accomplishments of previous meetings of the state association from its inception. Following the remarks of the president, Mayor-elect D. K. B. Sellers of Albuquerque, spoke of the pressing present problems which the congress must solve. Among other things he advocated a state bond issue of \$1,000,000.

State Senator H. B. Holt, chairman, of the roads and highways committee of the upper house of the legislature, in a brief address, assured the delegates of the hearty co-operation of the present state legislature in any practicable legislative program for the improvement of the roads of the state that they might present. State Representative J. B. Burg of Albuquerque delivered a few remarks in closing in regard to the national movement for good roads.

A committee on resolutions was appointed by the county delegations, one from each county as follows: F. B. Schwenther, H. M. Shields, F. S. Lester, W. L. Bishop, F. T. Cox, Raymond Harrison, Dr. R. C. Hoffman, J. V. Tully, Robert Masters, J. J. Sanders, Alexander Read, Dr. C. D. Taylor, M. C. de Baca, Julian Baca, B. F. Pankey, J. S. Clark, J. W. Giddings, B. G. Randall, Juan Casados, J. Becker, Jr., J. W. Campbell, William Atkinson and J. W. Chaves.

The committee on permanent organization selected in the same way, is as follows: D. K. B. Sellers, T. M. Burke, Charles de Bremond, Frank N. Hayner, H. M. Gage, Robert H. Bouliware, Jesus M. Casados, M. J. Moran, C. E. Blanchard, F. M. Brown, J. J. Sanders, C. H. Aldrich, Juan R. Ortiz, A. J. Evans, J. M. Martinez, Juan Dominguez, A. H. Hilton, G. H. Tucker, E. C. de Baca, T. P. Gable, J. W. Chavez, George M. Weil, O. T. Toombs, S. Baca, T. Labadie.

A legislative committee consisting of the following members and chosen as the preceding was named: D. K. B. Sellers, T. H. O'Brien, J. W. Stockard, Charles D. Miller, H. M. Gage, J. J. Clancy, Joseph Mahoney, J. V. Tully, R. H. Beddow, Charles Downs, Roy Prentiss, P. E. Carter, A. D. Vargas, W. H. Chrisman, Bonifacio Montoya, C. H. Brown, J. W. Chaves.

A meeting of the committees named was called for 9 o'clock this morning in the supreme court chamber and the congress adjourned to meet in the same place at 10 o'clock.

NOTICE FOR PUBLICATION. Department of the Interior, United States Land Office. Santa Fe, N. M., Feb. 8, 1912. Republication K-Aug. 12, 1911. (013791.)

Notice is hereby given that the following named claimant has filed no proof of his intention to make final prospect under the Act of March 3, 1899, secs. 16 and 17, (26 Stats., 854), as amended by the Act of February 21, 1892, (27 Stats., 470), in support of his claim 1293, serial 013791, for 145.57 acres in sections 20, 21 and 23, of T. 21 N., R. 1 W., N. M. P. M., viz: Manuel Aragon y Lucero, of Cuba, N. M.

Said proof will be made before Register or Receiver at U. S. land office, Santa Fe, N. M., on April 15, 1912. Claimant names as witnesses, the following, to prove his actual, continuous adverse possession of said tract for twenty years, next preceding the survey of the township, viz: J. J. Salazar, Felix Montano, both of Cuba, N. M.

Any person desiring to protest the allowance of said proof, or who knows of any substantial reason under the laws and regulations of the Interior Department why such proof should not be allowed, will be given an opportunity at the above-mentioned time and place to cross-examine the witnesses of said claimant, and to offer evidence in rebuttal of that submitted by claimant.

And especial notice is hereby given to Donaciano Lucero, whose small holding claim conflicts with the land herein described as to lot 2 of his claim 3253, 013791, containing .47 acres, that he will be given an opportunity at the above-mentioned time and place to protest or offer evidence in rebuttal of that submitted by claimant in final proof.

MANUEL R. OTERO, Register.

**PERSONAL MENTION**  
 A reception is a place where women fall to enjoy themselves if they are invited and get sore if they are not.  
 Joe Granito, a merchant of Cerrillos is in the city on business.  
 Tomas Gurule, a ranchman of Canoncito, is in Santa Fe buying supplies.  
 G. S. Gaspar, a merchant of Ortiz, Colorado, left Santa Fe yesterday for his home.  
 Blas Garcia and Nicolas Maes, ranchmen of Canoncito, are in the city buying supplies.  
 Captain Fred Fornoff of the New Mexico mounted police, is in Albuquerque for a few days.  
 Henry Rivera, a ranchman of Glorieta, is in the city transacting business and visiting friends.  
 Miss Clara D. True and Miss Bryan of the Espanola Valley, left the city yesterday for their ranch.  
 Former Delegate to Congress W. H. Andrews, returned last night to Santa Fe from Albuquerque.  
 Jacob Posner, the merchant of Questa, arrived in the city last evening and is a guest at the Palace.  
 Frank Jennings, the attorney of W. L. lard, arrived in the city last evening and registered at the Montezuma.  
 N. D. Meyer, the postmaster and merchant of Chamita, is a visitor in the capital and a guest at the Palace.  
 A. J. Leamy and P. J. Moran, post-office inspectors with headquarters in Denver, are guests at the Montezuma.  
 T. H. O'Brien, manager of the Dawson Coal and Coke workings arrived in Santa Fe and registered at the Palace.  
 Frank Meriweather, a prospector and miner from the San Pedro district, is in the city buying mining supplies.  
 Judge Edward A. Mann, the attorney of Albuquerque, arrived in the city last evening and registered at the Palace.  
 E. W. Deuel, division superintendent of the Denver & Rio Grande railroad, returned to his headquarters in Alamosa yesterday.  
 Miss Enriqueta D'Aguiro, teacher in the schools at Canoncito, is in the city making final report of the closing of her school term.  
 Miss Tiburcia Gonzales, teacher in the schools at La Cienega, is in the city making her final report to the county school superintendent.  
 The Rev. H. M. Shields, good roads delegate and county commissioner of Colfax county, is a visitor in the city and is stopping at the Palace.  
 Miss Julia D'Aguiro, teacher in the schools at Cow Springs, southern Santa Fe county, is in the city visiting with her parents on Cerrillos road.  
 T. B. Schwenker, the insurance man of Albuquerque, and Mrs. Schwenker, arrived in the city last evening and registered at the Palace.  
 R. S. Foote, of the Foote Company of Albuquerque, who is starting a branch store here, arrived in the city last evening and is stopping at the Montezuma.  
 E. H. Salazar, register of the United States land office at Ft. Sumner, spent last night in the city on his way to Santa Fe, where he goes to look in on the legislature.—Albuquerque Morning Journal.  
 Charles V. Safford, former territorial traveling auditor and later cashier of the Bank of Commerce of this city, has left for Washington, where it is understood he will take up his duties as private secretary to Senator A. B. Fall.—Albuquerque Herald.  
 E. J. Renahan left the city last evening for Salt Lake City, Utah, to superintend the construction of a power

house for the Westinghouse, Church and Kerr Company of New York City. Mr. Renahan had been in the employ of the company eight years prior to his residence in New Mexico.  
 I. F. Knapp, a prominent official of the forest service, with headquarters in Washington, arrived in Albuquerque last night and will be there several days on business. Mr. Knapp is well known here, having at one time been supervisor of the Pecos national forest, with headquarters at Santa Fe.  
 John L. Zimmerman, secretary of the New Mexico Good Roads Association, is a guest in the home of F. A. Jones on Palace avenue. Mr. Zimmerman was formerly city engineer of Santa Fe and county surveyor of Santa Fe county. He has been prominently spoken of for appointment as state engineer.

**ANTHRACITE COAL STRIKE CAUSES HEAVY LOSS.**  
**Railroads Postponed Improvements That Have Been Planned and Lay Off Many Men.**  
 (By Special Lensed Wire to New Mexican) New York, N. Y., April 4.—"Owing to the suspension of work at both the anthracite and bituminous mines," says an official statement issued here today on behalf of the Lehigh Valley railroad, "and the consequent loss of much of its normal tonnage, the Lehigh Valley Railroad Company, has been forced to reduce its working force by laying off train crews, shopmen and office workers."  
 "In addition, improvements and betterments involving the expenditure of many thousands of dollars, in labor and material, have had to be indefinitely postponed."  
 "At present 125 freight locomotives have been put out of commission, which has compelled the laying off of practically that number of complete freight train crews. Other locomotives and crews are operating on a short time basis."  
 "The total reduction in wages in the transportation and shop departments and in the offices, is a large sum monthly, exclusive of the curtailment in improvements, and betterments. The duration of the present suspension of work, at the mines still is in doubt and therefore it is impossible to predict when the railroad employees will be called back to their work."  
**Strike Breaker's House Dynamited.**  
 Philadelphia, Pa., April 4.—The home of an engineer employed in a colliery at Trevorton was dynamited today and partly wrecked. No one was injured. The colliery has been shipping a small quantity of coal since the suspension began. A mile west of Trevorton the Reading railway tracks were dynamited, but little damage was done. The colliery now is not in operation.  
 Pittsburgh, Pa., April 4.—Wild disorder prevailed when Chairman John Fagan one of the tellers who counted the votes cast in the election of district No. 5 of the Mine Workers of America, attempted to read his report at an adjourned session today. Friends of Michael Halepy shouted themselves hoarse to drown Fagan's voice and the meeting did not know the result until the chairman signalled the president, Francis Feehan, to take the chair, indicating that he had been re-elected.

**50,000 BRITISH COAL MINERS RESUME WORK.**  
**Unexpectedly Large Majority However Voted Against Terminating Strike at This Time.**  
 (By Special Lensed Wire to New Mexican) London, April 4.—The Miners Federation, after a long conference today, decided to advise all the miners to resume work.  
 Many Miners Return to Work. London, April 4.—The decision of the executive committee of the Miners' Federation is the first step toward officially terminating the national coal strike, and a national conference called for Saturday of the whole federation now will have to decide whether the advice of the executive committee shall be adopted. A surprise awaited the executive committee of the Miners Federation when scrutinizing the ballots of the miners. The figures disclosed an unexpectedly large majority of 43,000 against the resumption of work out of a total vote of 445,000. The members of the executive committee finally decided that as a two-thirds majority of the miners had been requested to declare the strike, a two-thirds majority also was necessary to continue it. They therefore resolved to advise the miners to resume work and to summon a conference when the recommendation of the executive will be considered. In the meanwhile many miners in various coal districts, without waiting the decision of their leaders, have returned to the pits. Fully 50,000 miners went down the shafts today.  
 End is in Sight. London, April 4.—Indications point to the adoption of the executive committee's recommendations by the full conference of the delegations of the Miners Federation on Saturday and the coal strike generally is regarded as ended.

**PROVISIONS OF IRISH HOME RULE MEASURE.**  
**It Will Be Introduced in Parliament By Premier Asquith, on Next Thursday.**  
 (By Special Lensed Wire to New Mexican) London, April 4.—According to an evening paper, which quotes an unnamed Nationalist member of Parliament, as authority, the Irish home rule bill, to be introduced by Premier Asquith, in the House of Commons, April 11, will provide for an Irish parliament, to consist of two houses, which will sit at Dublin. Forty Irish members will be sent to the House of Commons at Westminster. Other provisions are: make no direct contribution to the imperial revenue. "The customs and excise of Ireland

 USE **BOSS PATENT FLOUR** AND YOUR BREAD TROUBLES ARE OVER.  
 Flour quality varies according to wheat quality. Poor wheat means poor flour, poor flour means poor bread. The gluten in hard wheat is the element that makes the bread raise. Hard wheat is rich in gluten—that's why it's hard. The more gluten the wheat contains the less flour you have to use—that's why the use of BOSS PATENT FLOUR means real economy, better results and better treatment of your digestive organs. :: ::

M., P. M. Meridian, has filed notice of intention to make Final Five Year Proof, to establish claim to the land above described, before The Register and Receiver, U. S. Land Office, at Santa Fe, New Mexico, on the 20th day of April, 1912.

A LITTLE DANDERINE WILL MAKE YOUR HAIR LUSTROUS, SOFT, FLUFFY, ABUNDANT

Get a 25 Cent Bottle Now and Forever Stop Falling Hair, Itching Scalp and Dandruff

If you Wish to Double the Beauty of your Hair in Ten Minutes surely Try a Danderine Hair Cleanse

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this--moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits particularly those who have been careless, whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Try as you will, after one application of Danderine you cannot find any dandruff or a loose or falling hair, and your scalp will never itch, but what will please you most will be after a few weeks' use when you will actually see new hair--fine and downy at first--yes--but really new hair sprouting all over the scalp. Danderine makes the hair grow long, heavy and luxuriant and we can prove it. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

(Continued From Page Three.)

same. Committee on Judiciary. Senate Bill No. 33, by W. M. McCoy, an act to enjoin and abate houses of lawlessness and assignation and prostitution, to declare the same to be nuisances, to enjoin the person or persons who conduct or maintain the same and the owner or agent of any building used for such purposes. Committee on Judiciary.

Senate Bill No. 34, by Juan Navarro, an act to repeal Chapter 70 of the Laws of 1909, providing for the fencing of gardens and farms and providing for the recovery of damages in cases of the same being trespassed upon by livestock. Committee on Judiciary.

Senate Bill No. 35, by B. F. Pankey, an act prescribing the mode of execution of persons convicted of capital crimes and fixing the time and place for such execution. Committee on Judiciary.

Senate Bill No. 36, by B. F. Pankey, an act to provide for the management and control of the lands of the State of New Mexico and the revenue derived therefrom, for the organization and maintenance of the state land office, for the selection of lands heretofore or hereafter granted to the State by Congress, and to define the duties and authority of the commissioner of public lands. Committee on Public Lands.

Senate Bill No. 37, by J. F. Hinkle, an act providing for the reimbursement of certain citizens of Roswell for expenditures made on account of erection and equipment of Lea Hall belonging to the New Mexico Military Institute, appropriating \$50,000. Committee on Finance.

Senate Bill No. 38, by Gregory Page, an act fixing the time for holding the sessions of the district court in the Second Judicial District. Passed under suspension of the rules.

Senate Bill No. 39, by H. B. Holt, an act providing a code for the law of liens and mortgages. Committee on Judiciary.

Senate Bill No. 40, by W. B. Walton, an act fixing the time for holding the court in the Sixth Judicial District. Committee on Judiciary.

Senate Bill No. 41, by W. M. McCoy, an act to provide for the study of the nature of alcoholic drinks and narcotics and of their effects upon the human system, in connection with the several divisions of the subject of physiology and hygiene, by the pupils in all educational institutions supported wholly or in part by appropriations from the state. Committee on Education.

Senate Bill No. 44, by A. J. Evans, an act to establish a board of medical examiners to regulate the practice of medicine and osteopathy. Committee on State Affairs.

Senate Bill No. 45, by T. J. Mabry, an act fixing the time of holding elections for members of boards of education in cities. Committee on Privileges and Elections.

WHOLESALE FOOD PRICES INCREASED 20 PER CENT.

Big Advance Over Last Year According to Bureau of Commerce and Labor.

(By Special Leased Wire to New Mexican) Washington, D. C., April 4.--Wholesale prices of food products increased 20 per cent in 1911, over the previous year, although wholesale prices generally of 257 articles declined 1.7 per cent.

An investigation of the Bureau of Labor into wholesale prices, results of which were announced today, disclosed these facts.

There was a notable decline in prices of metals and implements. Wholesale prices in 1911 were only one-fifth of 1 per cent below the high average of 1907, the year of highest prices within the period 1890 to 1911. They were 17 per cent higher than in 1900 and 44.1 per cent higher than in 1897.

THE FORUM

THE MEDICAL BILL.

There is, we take it, no misunderstanding on the part of intelligent people in New Mexico, with regard to the real purpose of House Bill 17. There can be no doubt but that the proposed medical practice act would drive Christian Scientists and others out of the healing field, and it makes little difference, in the end, whether the authors of the bill design to bring about such a state of affairs, or whether they do so inadvertently. Christian Scientists and Osteopaths see danger in the bill and it will be vigorously opposed at the hearing before the Committee on Judiciary.

The advocates of Bill 17 say that any one may practice whatever method he chooses after he has taken the prescribed examinations in such subjects as pathology, bacteriology, chemistry, toxicology, obstetrics, and so forth.

The doctors who favor this bill say it is perfectly fair to all concerned. We trust that our medical friends have not deceived themselves into thinking that any one is misled by this argument. It is absurd on the face of it.

Take for example, the Christian Scientist. He does not pretend to use drugs, or to manipulate his patient, but claims to heal by spiritual means only, by prayer to God, in accordance with Scriptural injunction. Now, those who are behind House Bill 17 say to the Christian Scientist: "You may heal by prayer, but you must first show us that you are familiar with Toxicology, bacteriology, and the like."

If this were intended as a joke, we might be induced to smile at it, but it is apparently advanced in all seriousness as a reasonable argument. It would be just as sensible to insist that the cab driver who takes you to the depot must be an experienced veterinarian!

The average doctor scorns Christian Science and its methods and denounces it as dangerous and silly. How inconsistent then and how dishonest, to pretend that this same practice can be made innocuous, by having Christian Scientists pass examinations in pathology and materia medica. "Your prayer is dangerous," says the doctor to the Christian Scientist, "but we will let you pray if you will study in a medical college for four years."

The framers of this bill must know perfectly well that Christian Scientists will not study medicine in order to qualify for their own particular method of cure. They must know that it would be unnecessary and foolish to do so, and the only conclusion to be reached is that this amalgamation of

opposites was never intended, and that the real purpose of the bill therefore is to prohibit the practice of Christian Science.

Suppose the medical bill were to pass as it now stands, and any one who has come up to the "regular" medical requirements, may treat the sick in any way he pleases. A sick man goes to an allopathic doctor and says "Pray for me." What would be the result? It is not easy to imagine what the result would be, but the Bible tells us that the "prayer of the unrighteous availeth nothing."

Let us have a clearing up of ambiguities and sophistries. Let the legislature put the medical law of the state on a plain, fair basis. Let the man who administers drugs and cuts into the human body with the surgeon's knife, show that he is capable of performing his work safely. But let us put no let or hindrance on conscience, on religious beliefs, on constitutional rights to "life, liberty and the pursuit of happiness," on the individual's right to appeal to faith in God for succor or relief in times of need.

C. L. Parsons, Sec'y, and Treas. of the C. H. Ward Drug Co., Pasadena, Calif., writes: "We have sold and recommended Foley's Honey and Tar Compound for years. We believe it to be one of the most efficient expectorants on the market. Containing no opiates or narcotics it can be given freely to children. Enough of this remedy can be taken to relieve a cold as it has no nauseating results and does not interfere with digestion. For sale by all druggists."

PLAYS AND PLAYERS.

Dante's Inferno. Once in a century only is it possible to produce such a work as Dante's "Inferno" in moving pictures. It has cost hundreds of thousands of dollars and the co-operation of famous artists and more than two years of time to accomplish this result. The five reels showing fully one hundred scenes and running more than a two hours' entertainment, will be shown at the Elks' theater on April 8 and 9, with special music and explanatory lecture. The educational and literary value of the reels has been specially commended by the University of Sorbonne in France.

Divorce Wanted. Captain John McClure has filed suit for divorce at Roswell against his wife on the ground of desertion.

AFTER LONG SUFFERING

These Two Women's Health Restored by Lydia E. Pinkham's Vegetable Compound--Read Their Own Statements.

Cheneyville, La.--"Some time ago when in poor health, suffering from female ailments, I began to take Lydia E. Pinkham's Vegetable Compound and Liver Pills. I soon felt better and gained in strength and flesh. A gradual improvement continued as I took the Compound, and from 120 pounds I now weigh 155, and feel that my life has been prolonged."

"I deeply regret that I did not know of your medicine long before I did. Friends often speak of the wonderful change in my health, and I tell them that your medicine did it."--Mrs. J. W. STANLEY, Cheneyville, La.

Distressing Case of Mrs. M. Gary. Chicago, Ill.--"I have used Lydia E. Pinkham's Vegetable Compound for backache and it has certainly made a new woman of me. After my first baby was born I was left a perfect wreck. I was so weak I could hardly do my household duties and suffered with an awful backache. But since I have used your Compound the pains in my back have left me and I am strong again."

"My mother used it also through change of life and speaks very highly of it. You can use this letter any way you wish. I think it is only fair for one who has suffered as much as I, to let others know of your great remedy."--Mrs. M. GARY, 2358 N. Ridgeway Ave., Chicago, Ill.

WHEAT MADE A LITTLE ADVANCE ON MARKET.

Weather in Argentina is Unfavorable and Crop Conditions in India Are Adverse.

(By Special Leased Wire to New Mexican) Chicago, Ill., April 4.--Wheat advanced today on news that Liverpool had accepted Canadian offerings and was seeking cargoes from the Pacific Coast. Reports were that the weather in Argentina was unfavorable and that growth conditions throughout India had been adverse. Initial prices were the same as last night to 1-8@1-4 up. July started at 95 1-2 to 95 5-8, a shade to 1-8@1-4 up, touched 95 3-8 and rallied to 95 5-8@3-4. The close was firm at 95 5-8@3-4 for July 1-4 above last night.

An easy feeling prevailed regarding corn because of the fine weather. May opened 1-8@1-4, to 1-4@3-8 lower at 74 7-8 to 75c, sold at 74 3-4 and then recovered to 75. 1-8@1-4. The close was firm, with May 1-8@1-4 net higher at 76 3-8.

Oats were poorly supported until the market had made a dip when commission houses took to the buying side. May started unchanged to 1-1-16 off at 54 5-8 to 54 5-8@3-4, declined to 54 1-2, and later turned back to 54 3-4.

Buyers of provisions seemed to be keeping in strict seclusion and quotations suffered. First sales were 2 1-2 to 22 1-2 down with July 1-40 to 17-50 for pork; 10-00 to 10-02 1-2 for lard; and 9-82 1-2 for ribs.

WANTS

WANTED--Girl to help care for a child. Telephone Black 135.

FOR RENT--Three room house. Furniture or not. D. S. Lowitzki.

LOST--Bay saddle horse, just been clipped, weight about 850 pounds. Finder return to Palace Hotel, Roswell.

REGULAR SESSION. Santa Fe, N. M., April 1, 1912. The Board of County Commissioners met as per call of the chairman with all members present. Mr. M. A. Ortiz was in attendance as clerk of the board.

In the matter of the complaint of Gregorio Vigil that the road near Rio Del Medio has been obstructed by one Vicente Jimenez, the board appointed Commissioner Jiron to advise said Vicente Jimenez to clear said road.

In the matter of the claim of Trinidad Alarid, assessor for taxes for the years 1910 and 1911, said claim was ordered paid.

In the matter of the claim of Glenville A. Collins, assessor for his assignee, Mr. R. H. Hanna for taxes for the year 1906, said claim was ordered paid, as also the claim of Assessor Teleforo Rivera.

Exemption was allowed Mrs. Fannie Atkinson of Precinct No. 17 for the year 1911.

Exemption was allowed to C. D. Miller of Precinct No. 16, for the year 1911, and also to Mr. Richard Ewell of Precinct No. 17 for the year 1911.

On motion of Commissioner Kinsell the board adjourned until ten o'clock a. m. Tuesday April 2, 1912. JOSE ORTIZ Y PINO, Chairman. M. A. ORTIZ, Clerk.

Regular session. The Board met as per adjournment with all members present. Mr. Ortiz was in attendance as clerk. On motion of Commissioner G. M. Kinsell, the claim of Ventura Varos and Frank Mendoza for work done as per contract to filling the approaches of the bridge at Galisteo, N. M., was ordered paid.

In the matter of the application of Peter S. Miller of Precinct No. 10, exemption was not allowed for the year 1909 for failure to make his return.

On motion of Commissioner Jiron, Dr. David Knapp was appointed County Physician for the year 1912.

Exemption was allowed to M. M. Barbar of Precinct No. 17, for the year 1911.

On motion of Commissioner Kinsell the following persons were appointed as delegates to the Good Roads convention to be held in the city of Santa Fe, on the 3rd day of April, 1912. Julius H. Gerdes, Fred Muller, Nathan Salmon, John H. Walker and Carlos F. Abreu. The Clerk was instructed to notify them officially of their appointments.

There being no further business the Board adjourned subject to the call of the Chairman. JOSE ORTIZ Y PINO, Chairman. M. A. ORTIZ, Clerk.

REPORT OF SECRETARY OF STATE LUCERO

Statistics of Corporation Filings and Finances That Are of Much Interest and Importance at This Time.

To the Hon. Wm. C. McDonald, Governor of New Mexico, Santa Fe, New Mexico:

Sir: In compliance with your request dated January 18, 1912, for a detailed report of the transaction of business in the Secretary's office from the date of the adjournment of the last Territorial Legislative Assembly to the present time, inclusive, I have the honor to submit the following:

I took charge of the Secretary's office, as Secretary of State, on the 15th day of January, 1912, and up to that time I am reporting the business done in the office under the Territorial administration. To do this I have had to take the books and records kept by my predecessor, the Hon. Nathan Jaffa, which I find show the following:

CORPORATIONS. I am including a report on corporations, inasmuch as you have asked for a report of the business in the Secretary's office for the past three years, although the filings, records, fees, etc., have passed out of my charge. Still, this data may be of use to the legislature in considering the subject of revenue from corporation filings etc.

You will note a comparison of the number of corporations filed in New Mexico for the years 1909, 1910 and 1911 does not appear as favorable as we might expect, but this difference in numbers, decreasing a little in number from 1909 to 1911, is accounted for from the fact that New Mexico was in the midst of the statehood struggle, and I have no doubt the uncertainty of things in that respect caused some corporations, or those expecting to file companies, to wait for statehood. However, the total authorized capital stock represented by the corporations filed in those years does not differ so greatly. See tabulated figures further on relative to corporation filings, fees etc.

The incorporation of industrial, irrigation, mercantile, manufacturing and mining and smelting companies has continued nearly as good as in former years, even in the face of a change to statehood and in the laws etc.

We have filed in this office two large railroad corporations in the last three years, which, if completed will be of great benefit to New Mexico, viz. the Arizona and Eastern Railroad Company, which is a merger of various small lines in the southwestern part of New Mexico and southeastern Arizona, with a proposition to build an extensive line from a point on the San Francisco River in western New Mexico, in the vicinity of Morolon, Grant County, northeast to Farmington, traversing a portion of the state which is entirely without railroad facilities. This Company represents 187.5 miles of railroad with large capitalization, and will have 250 miles of branch lines, and 450 miles of main line in New Mexico. Another important line to be built is Taos, Sierra Nevada and San Francisco Railroad, which will run from a point in southeastern Utah to Farmington, New Mexico, thence through McKinley, Rio Arriba, Sandoval and Santa Fe Counties, with a northern division to pass through Taos, Colfax, Mora and Union Counties, and a southern division to pass through Bernalillo, Torrance, San Miguel and Guadalupe Counties to Fort Sumner, New Mexico.

A number of corporations have been filed in the last three years for the purpose of installing pumping irrigation plants, large orchards, nurseries, sugar beet factory, etc., from which direct benefit will be derived by the people of the state very soon. The business of Farmers' Packing and Storage Associations is springing into existence, which indicates that the state is beginning to produce more than can be consumed at home, and that the agricultural interests of the state are becoming more and more important each year.

New mining, power and transmission companies are being filed at regular intervals, and it is hoped that statehood will bring more capital in the mining business as there are undoubtedly good properties in New Mexico waiting development on a large scale.

The tabulations of corporation fees further on speak for themselves, and will give the legislature a basis to figure the revenue of the corporation commission office, by adding the fees which formerly went to the Territorial Secretary personally.

With a few changes in the corporation laws, fee schedule for filing, and in the publication requirements, there seems to be prospect for a greater number of corporations entering our state for filing and business. At the same time we should not make such tax laws that take promoters will make this state their home.

STATE OF CREATION OF FOREIGN CORPORATIONS ADMITTED DURING 1909-1910-1911.

Table with columns for Foreign, Number, Authorized Capital, 1909, 1910, 1911. Lists various states like Arizona, California, Colorado, etc.

CLASSIFICATION OF CORPO RATION FILINGS FOR CALENDAR YEARS 1909-1910-1911.

Table with columns for Character of Business, Number, Authorized Capital, Mileage, 1909, 1910, 1911. Lists categories like Banks & Trust Companies, Insurance, etc.

Incorporation Fees Paid Territorial Treasurer for Calendar Years, 1909 to 1911, inclusive.

Table with columns for Quarter, 1909, 1910, 1911. Shows fees for the first quarter.

Table with columns for Second, Third, Fourth, Total. Shows financial figures for different periods.

Total Incorporation Fees Received in 1911. Fees for filing and certified copies etc., which went to the Territorial Secretary personally during the year 1911.

STATE CORPORATION COMMISSION.

The State Constitution created another office which was not known under the Territorial form of government, which is designated as the State Corporation Commission. Since the inauguration of the State Government, which dates from the 15th day of January, 1912, all business relating to corporations is transacted through the office of the State Corporation Commission, which is composed of three members.

Non-residents wishing to know something about the new State and its resources will invariably write to the Secretary of State, for such information, when they have no other means of obtaining it, as is frequently the case, and these letters must be answered promptly, if the state is to profit by the dissemination of such information.

Inquiries are also received in regard to the annual quantity and value of agricultural and dairy products, the amount and value of lumber manufactured annually, and of the mineral output; also as to the number of cattle, horses, sheep and other domestic animals. In view of this, I would suggest that you recommend to the Legislature that some provision be made for collecting, compiling, and publishing reliable statistics covering the resources and industries of the State, believing that it would be highly beneficial in attracting capital and inducing desirable citizens to locate within the State.

THE ADOPTION OF A UNIFORM SYSTEM OF ACCOUNTS AND REPORTS OF COUNTY OFFICERS.

Uniformity in accounting has long been recognized as essential by the Government in the management of its various large departments, such as the Treasurer's and Postal departments. To attain the highest standard in governmental affairs, uniformity in classifying the receipts and disbursements is kept; every expense is charged under a proper heading and reporting at fixed dates, for the purpose of comparison with the preceding periods and business of the same character, and for the purpose of checking extravagant expenditures or economizing when the expense is found to exceed the earnings or income.

Without the correct and scientific accounts the business is very apt to result in failure and loss to those interested therein. When a private business fails it ceases, but in public business the taxpayers suffer, as it cannot be closed up; consequently, an inexpensive and correct system of accounting and reporting the receipts and expenditures of public moneys would be for the benefit of the tax payers, and the enactment of a law requiring a uniform system of accounting, in each county, would, in my judgment, lead to retrenchment in expenses and lower tax levies. Efficiency and economy in the administration of public business can be developed and maintained by a uniform system of accounting and reporting and the publication of comparative reports and statistics. In several of our States, to my knowledge, laws have already been enacted providing for such a system.

Under the laws of this state there is no prescribed system of keeping records of accounts or method of reporting the transactions of public business; there is no way of ascertaining or comparing the financial conditions or expenditures of one county with those of another, except by applying to each county for a record, which would be of little account, as no two would be prepared alike. If the accounts of each county were kept in the same manner, and annual or semi-annual reports were made to some State department, to be tabulated and published, those having charge of county affairs would thus be enabled to know whether their expenditures were reasonable, besides, such a system would permit of credit being given to those who were economically disbursing public funds and aid in checking those who were not.

WEIGHTS AND MEASURES.

The Legislature which convened in 1907 passed a law on weights and measures, but said law, so far as known, has remained a dead letter on our Statute books since only seven of the counties of the State have complied with its requirements by buying the necessary scales to do the work which the law intended should be done. During the last two years the need of proper weights and measures laws has been recognized to such an extent that the Legislatures of thirty seven states considered bills on the subject, designated either to supplant or amend the old State laws, and twenty seven of them enacted more or less complete Statutes on the subject. This record is most satisfactory and emphasizes the great necessity for such legislation. In view of this, I suggest that you recommend to the Legislature the passage of whatever additional legislation may be necessary for the enforcement and strict compliance with the provisions of the law now in force in our Statute books on the subject of weights and measures.

ELECTIONS.

The experience of the last State Canvassing Board developed the necessity for more stringent legislation, on the subject of making election returns, both to the county and to the state. The State Canvassing Board was terribly handicapped at times in the performance of its duties, because of what seemed unnecessary delay on the part of some counties to transmit promptly all the precinct election returns as required by law. All this caused much delay, and entailed additional and unnecessary expense to the Canvassing Board. In view of this, I would suggest that you call the attention of the Legislature to this fact in order that remedial legislation might be passed upon the subject. I would suggest also that in the matter of the creation of new precincts in the different counties, a time limit be fixed within which to do this, before any general election, so that no precinct in any County might be overlooked by any clerk when sending out the necessary things for the holding of an election.

BONDS.

I find that some of the State officers and their assistants, who are entrusted with the handling of public money, are not now required by law to give a bond to the State. I suggest, therefore, that the attention of the Legislature be called to this matter in order that a law may be passed, by said body, requiring all public officers, entrusted with the keeping of public funds, to give bond to the State for the faithful performance of their duties.

PUBLIC HIGHWAYS.

Believing, as I do, that nothing contributes more to the material advancement of any country than first class roads, I feel that we cannot do too much in the matter of pushing ahead the work already started to give New Mexico a system of public highways, so to speak, which shall be second to none in the United States; but to do this and do it effectively, money must be raised from other sources than those already provided by law for the maintenance of public roads. Therefore, I suggest that you recommend to the first State Legislature the passage of an automobile law, such as is in force in nearly all of the other states of the Union, providing, for instance, that every owner of a motor vehicle or motor bicycle which shall be driven in this state shall, within ten days after he becomes the owner of such motor vehicle or motor bicycle, file in the office of the Secretary of State an application for a certificate of registration properly sworn to, setting forth his name and address, with a brief description of the vehicle or bicycle, to be registered including the name of the maker, factory number, style of vehicle or bicycle and the motor power, and the amount of such motor power stated in figures of horse power on a blank to be prepared and furnished by such Secretary of State for that purpose and shall pay to such Secretary of State a registration fee for each calendar year for each motor bicycle so registered, the sum of two dollars, and the registration fee for each calendar year for each motor vehicle so registered of twenty-five horse power and less, the sum of four dollars; for each motor vehicle of thirty-five horse power and more than twenty-five horse power the sum of six dollars; for each motor vehicle of fifty horse power and more than thirty-five horse power the sum of eight dollars; for each motor vehicle of more than fifty horse power the sum of ten dollars, etc.; and providing further that all money so received by the Secretary of State except as he is entitled to receive for issuing certificates, shall

be deposited in the State Treasury and set apart as a special fund to be known as the "Road Fund," which shall be used solely for the permanent improvement of the highways of the state outside of any incorporated city, town, or village, and shall be subject to appropriation by the General Assembly for that purpose only.

BLUE BOOK.

It was the custom during the regime of the Territorial government for the Secretary of the Territory to get out and publish, every two years, what was called the "Territorial Blue Book." This book contained the official register of the Territory, including that of the different counties, as well as other valuable information relative to the history and natural resources of New Mexico.

Since this book was the means of disseminating much valuable information, relative to New Mexico and its natural resources, all of which resulted, as I believe, in much material benefit to the people of the whole Territory, I suggest that you urge upon the Legislature the advisability of continuing this work and the making of ample appropriation for its publication, by me, at the proper time.

The following tabulated statements have been prepared for the information of the members of the Legislature showing approximately what it will cost to maintain the State Government as now constituted:

SALARIES AND EXPENSES OF STATE OFFICERS AND STATE DEPARTMENTS.

And Estimated Expense of 1912 Legislature.

Large table listing salaries and expenses for various offices including Executive Office, State Secretary's Office, State Auditor's Office, State Land Office, Office of Superintendent of Public Instruction, Office of State Corporation Commission, Office of Mounted Police, Office of Game Warden, Office of Superintendent of Insurance, and Capitol Custodian Committee.

as authorized by the Constitution of the state, with other salaries and appropriations as provided for by the Legislature of 1909.

RECAPITULATION OF EXPENSE OF STATE GOVERNMENT: Salaries, Contingent Fund etc.

Table listing various offices and their amounts, including Governor, Secretary, Auditor, etc., with a total of \$232,950.00.

REVENUE.

From the above statement it must be a self-evident fact that this state must increase its revenues from year to year, even under the most economical administration of affairs. The rapid growth in population, as well as its commercial and industrial development, make necessary the enlargement of its list of officers, as well as its educational, charitable, and penal institutions, and all of these must be maintained.

The low valuation placed upon our taxable real and personal property, as shown by the summaries of the assessments made by the various county assessors, and the continued decrease in such valuations every year, has resulted in an increased rate of levy out of proportion to the increased revenue required. If we would avoid larger levies and the consequent increase of the direct tax upon real and personal property, we must not only amend our assessment laws, but must look to other sources for a revenue adequate to the increasing needs of the state.

The fixed, current, or expenses of the state will amount, annually, to nearly \$232,950.00. This year this amount will be increased to \$287,950.00 on account of the meeting of the Legislature for a ninety days session.

To raise this sum annually we are limited by the Constitution to a levy of four mills upon the dollar, which means that we must have not less than 80 million dollars worth of taxable property in the whole state, to draw this revenue from, if we would avoid a big deficit at the end of every fiscal year of the State administration.

In view of the fact that the amount of taxable property returned last year in New Mexico did not exceed the sum of sixty five million dollars, and in view of the further fact the tax levy in most counties is already too high, it seems to me that the most important subject, and the one most worthy of your careful consideration, as well as that of the legislature, is the question of the revenue for the state; and before any appropriation is made, the source from which it is to be met should be carefully considered.

It is claimed, and rightly so, I think, that if the officers, to whom is confided the duty of enforcing and who are sworn to comply with our assessment laws, would, in conformity with their oath, strictly comply with its provisions, there would be little cause of complaint relative to assessment, and no occasion to suggest plans to compel the enforcement of our statutes. Inequality of taxation, it is asserted, is due not to the fact that property is assessed too low or too high, but to the fact that it is assessed unevenly.

Without attempting to suggest a remedy I merely call the attention of your Excellency, to these facts, that you may in turn bring them to the attention of the Legislature.

MISCELLANEOUS.

Although there is no law upon the subject, I took it upon myself to order the necessary stationery and other writing materials for the use of the Legislature during the time it shall remain in session and I trust that the necessary appropriation will be made, by the said Legislature, for the payment of the things thus bought.

I beg to call the attention of the Legislature, also, to the fact that it must adopt a State Seal, State Flower, State Flag and State Colors if we are to keep abreast with the times.

In the matter of assistants or clerks in the different state departments, I suggest that they be required by law, as are their principals, to file their appointments, oath of office and bonds (when required to give one) in the office of the Secretary of State, who should be the custodian of all State papers, bonds, appointments and oaths of office. In case of the appointments of clerks or assistants in the different state departments, the Constitution requires that such employees file with the Secretary of State, a statement as to their period of residence in the state prior to their appointment.

REVENUE OF STATE SECRETARY'S OFFICE.

The following is a list of the revenues received in the State Secretary's Office, and which may be increased substantially by the passage of a Motor Vehicle Law for the registration and license of automobiles, motorcycles etc.

Fees for Filing Notaries Public in 1909, 1910 and 1911. 1909... \$997.50, 1910... \$82.50, 1911... \$772.50. Average for 1 year \$874.00.

Fees for Itinerant Vendor's Licenses: The fee from this source is very irregular, having paid nothing in 1910... \$50.00.

Fees for Filing Trade-Marks: Filed in 1911, 15 Trade-Marks at \$5.00 each... \$75.00.

Miscellaneous Fees: The amount of fees received for certified copies of laws, service of process against corporations, filing oaths of office, recording bonds of officers etc., are uncertain, and it is difficult to estimate what the receipts will be for a year, for the reason that during the years when new officers take charge, the revenue from this source will be much greater than during ordinary years during which only an occasional bond and oath of officials are filed.

My estimate on the last above class of fees is: For filing Bonds and oaths state officers during 1912... \$150.00. For certified copies of laws, miscellaneous certificates etc... \$100.00. The above is given to show about what the fees of the State Secretary's Office will be, after having taken the corporation business from the office.

CONCLUSION.

In closing this report, it gives me pleasure to acknowledge the courtesies and advice received from the Chief Executive, the Attorney General and other State officers, in discharging the duties of my office. Also to acknowledge the courtesies and consideration which I received at the hands of my predecessor, the Hon. Nathan Jaffa, and his able assistants Messrs. Edwin F. Coard, C. F. Kanen and Juan J. Ortiz, who, upon my taking charge of the Secretary's office, did everything in their power to assist me in getting a thorough acquaintance with the business of my department from the very beginning of my term of office. To each clerk and employe of this department, as now constituted, I am under personal obligations for their faithful attention to every duty. They are deserving of commendation for their integrity and devotion to the interests of the State.

Very respectfully yours, ANTONIO LUCERO, Secretary of the State of New Mexico.

PARIS BANDITS STRANGLE EXPRESS DRIVER. (By Special Leased Wire from New Mexico) Paris, April 4.—Four bandits today leaped onto an expressman's wagon, near Choisy Leroi, about six miles from Paris, strangled the driver, looted the wagon of many valuables and then tossed the body to the roadside. No trace of the bandits has been found.

get back.

False Alarm of Murder—Deputy  
Sheriffs Dick Lewis and Quirino Coun-  
ter were called to Martineztown near  
Albuquerque by the report of a mur-  
der and found that a drunken man was  
beating his wife. The drunk was taken  
into custody.

Returns of School Election—County  
School superintendent J. V. Conway  
announces that the returns from the  
Santa Fe county school election held  
April 1, have practically all been re-  
ceived and that the result will be an-  
nounced in a day or two. A contest  
from Cerrillos has been filed with the  
superintendent questioning the legal-  
ity of the election there on the ground  
that citizens were not allowed to vote  
without presenting a poll tax receipt.  
State Superintendent Aivan N. White  
has held that the payment of poll tax  
is not a requirement.

### Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing  
eczema through the blood has been  
given up by scientists, many different  
salves have been tried for skin diseases.  
But it has been found that these salves  
only clog the pores and cannot penetrate  
to the inner skin below the epidermis  
where the eczema germs are lodged.  
This—the quality of penetrating—  
probably explains the tremendous suc-  
cess of the well known Liquid Eczema  
remedy, all of wintergreen, thymol, gly-  
cerine, etc., as compounded in D.D.D.  
Prescription.  
We have sold other remedies for skin  
CAPITAL PHARMACY, SANTA FE, N. M.

How About Purifying your blood  
and cleaning your system with Zook's

A Case of Blackmail—Paul Doran,  
manager of the Palace hotel, lost his  
horse some days ago, and though he  
has had men scouting the hills look-  
ing for the animal for the past three  
days, it cannot be found. Yesterday  
Mr. Doran received a card through the  
mail bearing the message to the effect  
that if Mr. Doran left a sum of money  
at the southwest corner of the hotel  
porch a note would be deposited that  
would tell of the whereabouts of the  
lost horse. The letter set last night  
for the placing of the money, but  
though careful watch was kept no one  
turned up to receive it. The message  
was written on the picture post cards  
that come in the packages of Her-  
shey's chocolate and was plain and  
explicit. The case will be turned over  
to the police.

### Easter Plants NOW AT THE Clarendon Garden

Down Town Stand at Butt Bros.' Drug Store.  
Phone Black 12.

# THE BIG STORE

## COME! COME! COME! COME! COME!

### We Are Ready for Your Inspection

**THE RULE** That every woman must appear in a NEW SUIT or DRESS on  
Easter Sunday is becoming more firmly established each year.  
By that allow us to call your attention to our

### Up-to-date Line of Suits and Dresses

We have purchased the very best that is in the market, and we are  
showing a large assortment, the like of which has never been shown in any other  
store in the history of Santa Fe.

### WE DON'T STATE PRICE

WE WANT YOUR PERSONAL APPEARANCE IN OUR STORE  
so we may meet you face to face and so you may EXAMINE THE  
GARMENT and judge for yourself as to quality, style and price.

This Store is the Home of Hart, Schaffner & Marx Clothes
