## TWENTY-EIGHT YEARS WITHOUT A FAILURE

That is the Fine Fruit Crop Record of W. T. Gorman

## TREES BEAR EVERY YEAR

Pretty Good Assurance for Mimbres Valley Fruit Growers.

The GRAPHIC referred last week to the giant corn grown by W. T. Gorman, one of our successful Mimbres Valley farmers, which calls to mind his great success as an orchardist. He has peaches, pears, plums, apples, apricots, grapes and other fruits that grow so luxuriantly in this region. He has trees in his splendid orchards that have been in constant bearing for more than a quarter of a century without a season's failure, and such luscious, beautiful fruit, too, as perfect as can be grown in any place in the world.

He has beans, alfalfa, corn and other crops that are of equal thriftiness. Alfalfa sown 27 years ago has rooted itself in the rich soil and is as fresh and green this year as a meadow. Experienced men like Hund and Hicks pronounce it as fine as can be grown.

All this serves to intensify the sure and unmistakably bright future of the fortunate farmers of this favored region.

### Notice.

By the Act of Congress, approved August 19, 1911, all homestead entrymen in New Mexico are granted a leave of absence from the 19th of August, 1911, to April 15, 1912. Homesteaders, however, who take advantage of this act and are absent from their homesteads, cannot claim credit for the time they are absent in making proof.

Under this act contests on charge of abandonment cannot be allowed unless it is explicitly alleged that the entry was made prior to February 19, 1911, and that the entryman had been absent for more than six months prior to the date of the passage of the act; or that the entry being made prior to February 19, 1911, the entryman had never established residence upon the same.

Of course nothing in this law or the regulations governing contests being brought on charges of fraud, illegality of entry, etc. It simply restricts the bringing of contests on a charge of abandonment as stated above.

The Secretary of the Interior has issued instructions that hereafter credit for residence will not be allowed during the time the land is not subject to entry by the person maintaining residence. That is, a person may not go upon the land embraced in the entry of another, even though the entryman had abandoned the land, and claim credit for any residence had thereon until the records of the local land office have been cleared of said entry by proper cancellation. Such residence is considered to be in the nature of a trespass and credit can not be allowed therefor.

The only exception to this ruling is in cases where residence was established and contest filed against the entryman looking to the cancellation of the entry, prior to Sept. 24, 1910.

## Roswell's New Daily is a Hummer.

The Roswell Morning News is proving itself a hustler and no mistake. It is a new, clean and enterprising sheet from first page to last, and has struck a winning gait. Editor Dills has a nose for news and a knowledge of how it ought to go to the public.

The business men of Roswell evidently haven't all heard of its advertising columns, but they will.

Mass will be celebrated, Monday, September 11, at 7:30 a. m.

## SANTA RITA A MOST ROYAL HOST

Excursion to Santa Rita Enjoyed by Over 200 Deming Rooters

## ARRANGEMENTS FINE

The Best Base Ball Game Ever Seen at the Big Mining Camp.

It was a jolly and well-satisfied crowd that came home on the special train from Santa Rita, Sunday evening, altho the miners succeeded in putting it on to Deming 3 to 2. The game was one of the best ever seen at the big camp and everybody on both sides was satisfied. Deming did splendid team work, every player doing his full share.

The entire party stopped first at Hurley to inspect the giant concentrators of the Chino Copper Co., where ever courtesy possible was extended by Supt. Sully and his men. A few of the party missed their train at Hurley and were conveyed to Santa Rita by auto.

At Santa Rita an inspection was made of one of the greatest mining propositions in the world, the Chino company estimating the amount of ore in sight as 35,000,000 tons, and it is the record all over the country that it is one of the best kept mining camps in the United States, if not in the world. Everything was done by Supt. Sully and his associate, Mr. Bartlett, for the comfort and pleasure of the guests, the Deming band and ball team accepting the hospitality of their private mess.

Santa Rita will always look good to Deming.

## Average Field Crops as Compared With Ours.

Government reports estimate that the average farm value per acre of all field crops was approximately \$15.47, compared with \$16.46 the year before. These estimates are based upon values of corn, wheat, oats, barley, rye, buckwheat, potatoes, hay, tobacco, cotton, rice and flax seed, which crops comprise more than ninety-five per cent of the total acreage of the field crops of the United States.

If a Mimbres Valley farmer don't make from 4 to 15 times this amount he figures that his time has been almost wasted.

## Scott Says This Climate is the Best.

W. A. Scott, wife and daughter left Saturday, for Oklahoma to visit old friends and relatives for a few weeks. Mr. Scott has been successfully mining in the Floridas.

He has travelled extensively in all parts of the country and says the Mimbres Valley has everything beaten a mile when it comes to climate. He can see from experience our great mining prosperity and gives it as his opinion that the agricultural development will make this valley one of the most beautiful parts of Uncle Sam's domain. He feels very enthusiastic about this region and will be back on the job in a few weeks.

## Houglund's Big Beans.

H. H. Houglund and wife were in from the farm Saturday, and in conversation with the GRAPHIC editor gave a good account of their progress in farm development. They said beans were at least 2 1/2 feet high and coming fine. The rows are three feet apart and the plants make an almost solid mat of green.

Mr. Houglund gave the land a good irrigation before planting, applying the last water June 4. From that time to August 28 he applied no water at all and is now giving light waterings to ripen the beans. During the summer's growth there have been no irrigations.

For irrigation wells see Trowbridge & Wiley, box 175. They will do it right.

## BIG MONEY MADE IN RAISING ONIONS

The Shull Farm Shows the Immense Profits in Onion Culture

## EASY TO CULTIVATE

One Crop Will Easily Pay for a High Priced Farm.

The immense profits in onion culture in the rich Mimbres Valley is proven this year by what is being grown on the Shull farm east of Deming. They are harvesting this year 26,500 pounds per acre, which at 2 1/2 cents per pound will yield \$662.50 per acre, less the cost of growing, which is not at all excessive. The price quoted is what the onions bring in the local market. They could be shipped to eastern markets and still bring \$350 to \$400 per acre, and the price will never be lower for the very superior product we raise here.

There are many others growing very fine onions this year, E. D. Osborn reporting a very superior crop. He pulled one the other day that measured 19 inches in circumference and weighed 3 pounds and 2 ounces.

The country has its eye riveted on our onion fields.

## Sensible Ideas of a Sensible Man.

New Mexico is fortunate in having at the head of her very superior educational system a man who has grown up in the best literary atmosphere and has imbibed a vast amount of good as he went along. He knows good things and has a happy faculty of expressing them. We refer to Hon. James E. Clark, past, present and future Superintendent of Public Instruction of this great Southwestern Empire.

The other day he delivered an address before the teacher's institute of Luna county and said some things that those intelligent young people will remember as long as they live. Among other good things he said that a teacher should make every hour count during the school session and to give careful preparation to each lesson. He strongly urged the necessity of drill work in every subject. Drill, drill, drill, and the greatest of these is drill. He also recommended, with equal force, good business management of school affairs as well as personal affairs.

"Make yourselves independent of your positions and never hold a position you cannot live without. Broaden your business experience and make yourselves respected by being conversant with affairs other than the contents of text books."

"Lend dignity to the profession and establish assurance in your real worth and in your opinions on public affairs."

Supt. Clark is exerting an uplifting and helpful influence over the educational affairs of the new state. He is the right man in the right place and ought to stay for the next century.

## Sweet Potatoes Big Producers

A number of our farmers are growing sweet potatoes with very good results. In fact they produce enormous yields whenever planted in the valley. Other valleys of New Mexico are growing sweet tubers with excellent results. The Roswell Register-Tribune says:

"T. J. Johnson, the sweet potato king, estimates that the east side of the Pecos river will raise something like fourteen carloads of sweet potatoes this year. An increased acreage and a big yield are the features of this year's crop. Mr. Johnson is already bringing in sweet potatoes and has been shipping same to Pecos valley points for several days. He has potatoes that will yield 14,500 pounds to the acre. He expects to ship out by the carloads this year, having taken the preliminary steps last year when he shipped two carloads."

## FINE NEW SCHOOL BUILDING FORMALLY ACCEPTED

Architect Trost and Board of Education Pronounce Everything Right

## A BEAUTIFUL STRUCTURE

Superintendent J. B. Taylor Assumes Reins and Everything is Lovely.

One more step in advance for Deming. Her already superior schools are to add to the curriculum making the Deming schools equal to anything in the Southwest.

The Board of Education and Architect Trost have taken the building over from Rosch & Leupold, contractors, the formal acceptance being made Saturday. The new building, a fine engraving of which appears on

Deming's New High School Building, Formally Accepted Sept. 2, 1911

this page, will be put to immediate use by all grades above and including the seventh, the remodeled building, formerly occupied by the high school, accommodating all the grades below.

The new high school is at present the finest of its kind in New Mexico and is a lasting monument to the faithful and painstaking contractors, the Board of Education and the architect whose trained eye watched the construction from basement to roof.

Deming can congratulate herself today on having a very superior corps of teachers, drawing the highest wages in the new state and having as superintendent one of the foremost educators in the United States.

## Associated Press by Telephone.

D. R. Lane, one of the live ones of the Albuquerque Herald, was in town, Saturday, in the interest of his paper. In common with a string of papers from Colorado to Texas the Herald is starting to try the telephone instead of the telegraph for associated press dispatches. The first time Lane ever sat down to the machine he took 600 words in about six minutes, and says it is much more satisfactory than the telegraph, and much more rapid.

If you don't see it advertised, advertise in it.

Notice of Contest

Serial 0323 Contest No. 2612 Department of the Interior, United States Land Office, Las Cruces, New Mexico, August 20, 1911.

You are hereby notified that James Schaefer Taylor, who gives Deming, N. M., as her postoffice address, did on August 20, 1911, file in this office her duly corroborated application to contest and secure the cancellation of your homestead, entry No. 5171, serial No. 0234, made April 23, 1909, for 20 acres, range 24, range 9w, section 25, township 22s, range 24, N. M. P. Meridian, and as grounds for her contest she alleges that William Mueller, contestee, has wholly abandoned said tract of land; that said entry was made prior to Feb. 19, 1911, and that said entrant had been absent from said tract for more than six months prior to the passage of the Act of Congress, Feb. 19, 1911; that said entry being made prior to Feb. 19, 1911, said entrant had never established residence on the said tract.

You are, therefore, further notified that the said allegations will be taken by this office as having been confessed by you, and your said entry will be cancelled thereunder without your further right to be heard therein, either before this office or on appeal, if you fail to file in this office within twenty days after the FOURTH publication of this notice, as shown below, your answer, under oath, specifically meeting and responding to these allegations of contest, or if you fail within that time to file in this office proof that you have served a copy of your answer on the said contestant either in person or by registered mail. If this service is made by the delivery of a copy of your answer to the contestant in person, proof of such service must be either the said contestant's written acknowledgment of his receipt of the copy, showing the date of its receipt, or the affidavit of the person by whom the delivery was made stating when and where the copy was delivered; if made by registered mail, proof of such service must consist of the affidavit of the person by whom the copy was mailed, showing the date of its mailing, and the affidavit of the person by whom the copy was delivered, showing the date of its receipt, or the affidavit of the person by whom the copy was mailed, showing the date of its mailing, and the affidavit of the person by whom the copy was delivered, showing the date of its receipt.

Notice of Contest. Serial 0323 Contest No. 2612 Department of the Interior, United States Land Office, Las Cruces, New Mexico, August 20, 1911.

You are hereby notified that James Schaefer Taylor, who gives Deming, N. M., as her postoffice address, did on August 20, 1911, file in this office her duly corroborated application to contest and secure the cancellation of your homestead, entry No. 5171, serial No. 0234, made April 23, 1909, for 20 acres, range 24, range 9w, section 25, township 22s, range 24, N. M. P. Meridian, and as grounds for her contest she alleges that William Mueller, contestee, has wholly abandoned said tract of land; that said entry was made prior to Feb. 19, 1911, and that said entrant had been absent from said tract for more than six months prior to the passage of the Act of Congress, Feb. 19, 1911; that said entry being made prior to Feb. 19, 1911, said entrant had never established residence on the said tract.

You are, therefore, further notified that the said allegations will be taken by this office as having been confessed by you, and your said entry will be cancelled thereunder without your further right to be heard therein, either before this office or on appeal, if you fail to file in this office within twenty days after the FOURTH publication of this notice, as shown below, your answer, under oath, specifically meeting and responding to these allegations of contest, or if you fail within that time to file in this office proof that you have served a copy of your answer on the said contestant either in person or by registered mail. If this service is made by the delivery of a copy of your answer to the contestant in person, proof of such service must be either the said contestant's written acknowledgment of his receipt of the copy, showing the date of its receipt, or the affidavit of the person by whom the delivery was made stating when and where the copy was delivered; if made by registered mail, proof of such service must consist of the affidavit of the person by whom the copy was mailed, showing the date of its mailing, and the affidavit of the person by whom the copy was delivered, showing the date of its receipt.

## Deming's Fine Sanitary Sewer System Formally Accepted.

Mayor Corbett and Trustees Lindauer, Romb and Green, in company with Engineer G. W. Bloom and Supt. T. A. Caldwell gave the new sanitary sewer system a careful examination and test, Monday afternoon, the GRAPHIC editor performing the same inspection a little earlier in the day with Supt. Caldwell. As a result of this inspection the council formally accepted the sewer system at the regular meeting, Monday evening.

The work has progressed with as much speed as has been consistent with good results and the end leaves the council, contractor, engineer and superintendent feeling in the best humor possible.

The job has been well done from start to finish and will be of more value to the town than any of us can possibly imagine. Under the system to be inaugurated by the council the sewer will become an absolute money-maker for the city. The 40 acres owned by the town can easily be made into a municipal farm of great value.

The system, from end to end, is 7 1/2 miles in length and is adequate to accommodate a city of ten thousand people. There are 3,200 feet of 15-inch mains, 7,400 feet of 10-inch, 6,000 feet of 8-inch and 22,000 feet of 6-inch. The five flush tanks are automatic in action and will require no attention whatever. There are two septic tanks with partitions connected by syphon, either of which may be shut off from above the tanks. The first receptacle in each tank receives all discharge from the sewer and a small bug, that multiplies with wonderful rapidity, devours the solid matter and allows the water to pass into the second receptacle, where it is filtered and goes to the city farm 1/2 of a mile below. The sewer system is sanitary in all respects and the connections are all perfectly made.

The gentlemen who are responsible for the construction of this splendid sewer system are the progressive people of the most progressive town in New Mexico, those who performed the actual work being Engineer G. W. Bloom, representing Mr. Bullock for the city and Superintendent T. A. Caldwell, representing G. Jaeger, contractor of Rich Hill, Mo. J. Ed Jones was on the job for a short time, but was transferred to another contract.

The boys may all be proud of their good work and they have won scores of friends during their stay here by their gentlemanly and at all times courteous demeanor.

## Engineer Matthews Will Help Boost.

In a letter to the editor, Division Engineer J. D. Matthews of Tucson says:

"I beg to acknowledge receipt of the two kodak photographs taken of our party during our recent trip thru the farming lands of Deming. They certainly represent very fine conditions and will be pleased to use them to advertise your country whenever the opportunity presents."

## Final Word of the Campaign.

The voting box will be at the Graphic office all day Saturday. Place your money and the name of the young lady for whom the votes are intended in an envelope provided for that purpose and drop same in the voting box. Money must accompany the votes. You need not attach your signature to the ticket unless you so desire. Leave names and address of persons to whom you want the Graphic sent at time of voting, if convenient, or you may give us the names before the next issue of this paper.

This subscription campaign will close at 7 o'clock p. m. to-morrow, Saturday September 9th. No votes received after this hour. Get your subscriptions in on time if you want to help a worthy Deming girl get a \$400 piano.

Hon. Ralph C. Ely, Mr. H. H. Kelly and C. C. Parish M. D. are the Campaign Judges who will make the final count of the votes and award the prizes.

Who will get the piano? Read the scale of votes in another place in this paper and decide how many people you want to send the Graphic to and get your subscriptions in by or before 7 o'clock p. m. to-morrow, Saturday September 9th.

Look at the date on your GRAPHIC and see if you are paid up. If not kindly attend to it at your earliest convenience.

## Another Good Mining Story.

In a letter to the GRAPHIC, Wm. Rogers, a Cooke Peak miner, says:

"Having read with pleasure the able article from the pen of U. E. McDaniels, I thought an idea or two from me would do no harm. I am somewhat interested in the mining district, having two claims there, and a strike in any part of it is good news to me.

"I have studied the east side of the divide, and altho I do not claim to be posted in the names of all formations, I believe there are three ore zones here. The upper one crops out in the granite in the Dewey and Olympia group; the middle one in the Othello and Dendemonia and the lower one below the quartzite, where the Graphic, the Hitchens copper mine and the lead are situated.

"There are bills of porphyry here that look like the ore I have seen at the Catherine mine at Cripple Creek, and hauled from the Strong mine and loaded on the cars at Gillette during the early days of the Cripple Creek excitement.

"I believe the camp needs a metallurgist to make his headquarters here and buy ores on the dump, as there might be many tons saved which is now supposed to be worthless.

When we advertise, everything in the building line, we mean it. We can fit you out at prices that are very attractive, quality considered.—Deming Lumber Co.

## Tell us Why.

For several months we have been hammering away trying to get you to come in and give us your order for a new home. Some have responded, some have not. Now what we want is for the ones who have not been in, to come in and tell us a few good reasons why you have not been in. If there is one good reason for a man to pay rent when Laughren will build him a home on long time, rent-like payments, we want to know about it. Think it over, talk it over with your family and then drop in and tell us to go ahead with the plans or tell us why not.

## John C. Watson and Family are Here.

Deming is glad to welcome Attorney John C. Watson and his most estimable family, consisting of a wife and two young children, who arrived bag and baggage from Michigan, Friday evening, and are temporarily at home with Mr. Watson's law partner, Ralph C. Ely, pending arrangements for a desirable home.

Mr. Watson is one of the liveliest and best known young lawyers in his home state, and is coming to the liveliest city in the great new state with his eyes open and mind alert.

The kind things the GRAPHIC has been copying from Michigan exchanges concerning Mr. Watson are all deserved and will give him a strong introduction to the New Mexico bar.

The coming of Mr. Watson is in full keeping with our advanced civilization and we are delighted to accord him a hearty welcome.

Among other good things he is a Mason of high degree.

## Land Values Soar.

Every day brings new evidence of the value of close-in Deming land.

The land in this favored valley is all good, no one doubts that but there is a choice when it comes to location. The nearer the land is to market, to schools, to city advantages, the more valuable it is.

It won't be long before the close-in, deeded land, will be away beyond the reach of the man with a moderate amount of cash. Deming is growing, the valley is filling up and land values are advancing accordingly.

Wouldn't it be a good idea to get in now while the price is right and the payments easy? Let us tell you of our long contract and show you where the land is located.—Deming Real Estate & Improvement Co. Phone 24.

Our stock of building material is very complete, we try to keep things up in good shape, and aim to be accommodating to all, a trial will convince you.—Deming Lumber Co.

Township Plats for sale at this office.

## Four Prominent Louisiana Men Here.

Wessers, W. M. Cowan, W. M. Haute, H. W. Hair and Wm. Kinslow, leading citizens of Gueydon, La., arrived in Deming this week and were so favorably impressed with agricultural conditions that three of them purchased deeded farms and one picked up a good relinquishment, the Sherman Realty Company being responsible for the transaction.

It is their purpose to develop their property to the fullest extent. We are glad to extend a hearty welcome to this class of citizens.

## He Makes Business For You

Charles F. McDonald, a resident of Deming, is agent for the Mahon Novelty Co., of Kenton, Ohio, one of the largest advertising concerns in the United States. He has a complete line of samples of all kinds of calendars for 1912—business calendars, art calendars, wall pocket calendars, etc. He also has advertising novelties of all kinds for every line of business—advertising signs both indoor and outdoor of every description, school bags, pencils, penholders, rulers, etc., for the school children, diaries, money purses, coin bags, pocket books, bank books, etc., to present to customers and friends for Christmas or New Year. Resolutions.

WHEREAS, We, the members of the Luna County Institute, have enjoyed the advantage of the annual assembling: Be it RESOLVED, That we extend to County Superintendent Ney B. Gorman a vote of thanks for this beneficial session. RESOLVED, That we express our thanks and appreciation to Prof. J. F. Doderer for his kindness and his very able and efficient instruction. RESOLVED, That his concepts of education have been an inspiration to this body of teachers. RESOLVED, That we express to Hon. J. E. Clark, our able State Superintendent of Public Instruction, our sincere thanks for the practical ideas he gave us and for his cordial and helpful co-operation. RESOLVED, That we thank Editor W. E. Holt and other citizens for their interest manifested in the work. Be it further RESOLVED, That we make the following recommendations which we consider will be for the advancement of education in our county. 1. That all pupils be furnished with free text books and other school supplies. 2. That all pupils be subjected to a physical examination and free treatment be furnished. 3. That instruction be given to district boards as to the construction of school buildings with regard to the placing of windows and other sanitary requirements. 4. That school boards request teachers to visit other schools. 5. That school libraries be established in all communities. 6. That schools be furnished with one or more periodicals. RESOLVED, That these resolutions be read before the Institute and a copy be sent to the county papers for publication.

If you are not satisfied with the material you buy of us, come back. We are going to stay here, and so are you, and we want you to advertise for us, and if you are satisfied you will. You will find us back of every article we sell.—Deming Lumber Co.

E. W. Clapp Surely Likes Deming.

The Deming country has a good friend in E. W. Clapp, general freight and passenger agent of the S. P.

Wherever he goes he tells the newspapers of the great possibilities of the Deming region.

The other day he was in Phoenix and the Republican took occasion to say:

"Passenger Agent Clapp of the Arizona & Eastern, who is in town for a day or two, said yesterday that 150,000 acres near Deming, N. M., are to be irrigated from driven wells with electrically driven pumps and that the wells sunk in the environs of Deming for that purpose, give a practically unlowerable supply of water at fifty feet."

Mr. Clapp also gave an interview to the same paper, referring to the new manner of advertising adopted by the S. P., in which he said:

"We are authorized to advertise Arizona and New Mexico through the east, north and south, and boost them everywhere as strongly as possible.

"Thousands of posters are being gotten out to be sent east, announcing the September colonist excursion to Arizona, New Mexico and California, and calling on all interested persons to communicate with agents of the Southern Pacific or Arizona & Eastern lines. They will be posted in waiting rooms or distributed from all the agencies of this company in the north, middle west and south.

"These posters are so printed—such sizes of type are selected—as bring the words Arizona and New Mexico out prominently, so that they attract the eye anywhere. Two of these are being posted in every ticket office in Arizona, New Mexico and Southern California. In 160 Arizona and New Mexico even all reference to California is left off 320 "I made up my mind when we started to get out this new printing," said Mr. Clapp, "that if I could bring it about, we would abandon that legend about California."

Sensible Ideas of Hening.

If New Mexico owes a debt of gratitude to any of her booster citizens, she owes it everlastingly to H. B. Hening, secretary of the Bureau of Immigration. He has been the first, second and third trick operator for the whole of the big state since the boosting game commenced. In fact he commenced it. He thinks of new stunt every day that makes the effete East sit up and read.

In the last issue of the Bulletin Hening voiced the sentiment of the GRAPHIC and every other booster publication in the new state when he called attention to the radically wrong impressions created by the Eastern cartoonists, who invariably represent us as the wild and woolly west with boots on. It is manifestly unfair and does anything but tell the true story.

Hening doesn't lay it to the cartoonists who are mighty intelligent fellows and know that New Mexico is not a desert nor a rendezvous for armed and booted bad men. But they know that the pictured gun man will strike the popular fancy and so he draws the said bad man and helps the popular impression on a little further.

We have been admitted to statehood and we are a mighty good state. We know it. But the chap back in Illinois and Ohio and New York and Massachusetts does not see it. He has a very different idea of us—the cartoonists' idea. We have before us the very considerable undertaking of uprooting this popular idea; of getting the truth about us into the minds of the people of the nation. Just now while we are before the country; and during the coming year while we will be kept constantly before the country is the time of all times; our golden opportunity to get the truth about New Mexico before the nation and to destroy for good and all the myth of the bad man, the cactus and the sand dune.

The Bureau of Immigration is going to start the new work with a personal letter to the editor and the star cartoonist of every metropolitan newspaper in the United States. We are going to ask these men to give us a fair start. It is just one of a thousand steps that must be taken during the coming year. We believe that every community in New Mexico will join heartily in the work for the new state and if they do, at the end of the year the coun-

Upon motion, duly seconded and carried, the Village Marshal is ordered to purchase the necessary material and to construct an eight-wire fence around the ceptic tank and a corrugated iron shed over the discharge pipe.

Trustee H. D. Green thereupon introduced the following resolution and moved its adoption:

"Be it resolved by the Board of Trustees of the Village of Deming, That no police or peace officer of the Village of Deming, Luna county, New Mexico, shall enter a saloon or place where intoxicating liquors are sold, in said Village, while on duty, except in the rightful discharge of his duty. For any violation of this rule he shall be liable to suspension, and in case of repeated violation, to removal from office."

The motion being seconded by Trustee S. Lindauer, and the question being upon the adoption of the foregoing Resolution, and all Trustees voting "aye" (5), and "no" none, said motion was by the Chairman declared carried and the foregoing Resolution duly adopted.

The Clerk presented proof of the publication of the ordinance to be numbered No. 64, entitled:

"An ordinance creating the office of Plumbing Inspector; prescribing the powers, duties and compensation of said officer; and regulating the business of plumbing and drain laying in the Village of Deming, New Mexico."

as a proposed ordinance in the Deming Graphic, in the issue of August 25th, 1911; and the Chairman declared said ordinance to have been duly published as a proposed ordinance for more than three days prior to the date of this meeting, in strict compliance with Chapter 79, Laws of New Mexico of 1909.

Thereupon it was moved by Trustee S. Lindauer, seconded by Trustee Julius Rosch, that the rules be suspended and said ordinance placed upon its third reading for debate and amendment, and the vote upon said motion being "ayes" five and "noes" none, the Chairman declared said motion carried and the rules suspended.

Said ordinance was then read a third time in full by the Clerk. No amendment to said ordinance being offered, it was moved by Trustee Lindauer, seconded by Trustee Rosch, that said ordinance be finally passed as read.

The roll was called on the motion with the following result: Those voting "aye": Trustees Green, Kelly, Lindauer Rosch and the Chairman (5), and those voting "no" none. And the motion was by the Chairman declared carried and said ordinance duly and finally passed.

The Clerk presented proof of the publication of the ordinance to be numbered No. 65, entitled:

"An ordinance providing the manner in which, and the terms and conditions upon which connections shall be made to the Sanitary Sewer System of the Village of Deming, New Mexico."

as a proposed ordinance in the Deming Graphic, in the issue of August 25th, 1911; and the Chairman declared said ordinance to have been duly published as a proposed ordinance for more than three days prior to the date of this meeting, in strict compliance with Chapter 79, Laws of New Mexico of 1909.

Thereupon it was moved by Trustee C. J. Kelly, seconded by Trustee S. Lindauer, that the rules be suspended and said ordinance placed upon its third reading for debate and amendment, and the vote upon said motion being "ayes" five and "noes" none, the Chairman declared said motion carried and the rules suspended.

Said ordinance was then read a third time in full by the Clerk. No amendment to said ordinance being offered, it was moved by Trustee Kelly, seconded by Trustee Lindauer, that said ordinance be finally passed as read.

The roll was called on the motion with the following result: Those voting "aye": Trustees Green, Kelly, Lindauer, Rosch and the Chairman (5), and those voting "no" none. And the motion was by the Chairman declared carried and said ordinance duly and finally passed.

The Clerk presented proof of the publication of the ordinance to be numbered No. 66, entitled:

"An ordinance amending ordinance No. 14, compiled ordinances of the Village of Deming, entitled 'Fire Limits and regulating the construction of buildings therein.'"

as a proposed ordinance in the Deming Graphic, in the issue of August 25th, 1911; and the Chairman declared said ordinance to have been duly published as a proposed ordinance for more than three days prior to the date of this meeting, in strict compliance with Chapter 79, Laws of New Mexico of 1909.

amendment to said ordinance being offered, it was moved by Trustee Kelly, seconded by Trustee Rosch, that said ordinance be finally passed as read.

The roll was called on the motion with the following result: Those voting "aye", Trustees Green, Kelly, Lindauer Rosch and the Chairman (5), and those voting "no" none. And the motion was by the Chairman declared carried and said ordinance duly and finally passed.

The Clerk presented proof of the publication of the ordinance to be numbered No. 67, entitled:

"An ordinance requiring the construction of cement sidewalks on certain parts of Iron street and on certain parts of Ash street in the Village of Deming, New Mexico."

as a proposed ordinance, in the Deming Graphic, in the issue of August 25th, 1911; and the Chairman declared said ordinance to have been duly published as a proposed ordinance for more than three days prior to the date of this meeting in strict compliance with Chapter 79, Laws of New Mexico of 1909.

Thereupon it was moved by Trustee Kelly, seconded by Trustee Green, that the rules be suspended and said ordinance placed upon its third reading for debate and amendment, and the vote upon said motion being "ayes" four and "no" one, the Chairman declared said motion carried and the rules suspended.

Said ordinance was then read a third time in full by the Clerk. No amendment to said ordinance being offered, it was moved by Trustee Kelly, seconded by Trustee Green, that said ordinance be finally passed as read.

The roll was called on the motion with the following result: Those voting "aye", Trustees Green, Kelly, Lindauer and the Chairman, (4), and those voting "no", Trustee Rosch (1). And the motion was by the Chairman declared carried and said ordinance duly and finally passed.

Thereupon Trustee Lindauer moved that the rules be suspended and that the ordinance to be numbered No. 68, entitled:

"An ordinance amending ordinance No. 9, compiled ordinances of the Village of Deming, entitled: 'An ordinance licensing and regulating the sale of intoxicating liquors in the Village of Deming, and for other purposes,' approved April 21st, 1908."

introduced for passage at the adjourned regular meeting held on the 21st day of August, 1911, and laid over for consideration at this meeting, be read a second time and considered by sections.

The motion being seconded by Trustee Green, and the roll being called upon said motion, and Trustees Green, Lindauer and Rosch (3) voting "aye", and Trustee Kelly and the Chairman (2) voting "no", the motion was by the Chairman declared carried.

The ordinance was then read a second time and considered by sections, and each of the two sections separately adopted as a proposed ordinance by the following vote, Those voting "aye" three (3); those voting "no" two (2).

It was moved by S. Lindauer, seconded by H. D. Green, that final action on said ordinance be postponed until September 12th, 1911, and that the Village Clerk cause said ordinance to be published in full as a proposed ordinance in the Deming Graphic, a weekly newspaper published and of general circulation in said Village, in the issue of September 8th, 1911.

The roll was called upon said motion with the following result: Those voting "aye" Trustees Green, Lindauer and Rosch, three (3); those voting "no", Trustee Kelly and the Chairman, two (2). And the motion was by the Chairman declared carried, final action on said ordinance postponed until September 12th, 1911, and said ordinance ordered published as a proposed ordinance in the issue of September 8th, 1911, of the Deming Graphic.

Thereupon Trustee H. D. Green, seconded by Trustee Rosch, that the Board proceed to ballot for Plumbing Inspector, and all Trustees voting in favor of said motion the same was by the Chairman declared carried and the election of a Plumbing Inspector declared in order.

The ballot being cast upon the office of Plumbing Inspector, there were five votes cast, of which Thomas Hudson received three (3) votes and W. R. Thomas received two (2) votes.

Upon motion by Trustee Lindauer, duly seconded, said election was made unanimous, all Trustees voting in the affirmative. And Thomas Hudson was by the Chairman declared elected to the office of Plumbing Inspector of the Village of Deming, subject to the provisions of ordinance No. 64 of the ordinances of the Village of Deming, approved September 4th, 1911, said appointment to become effective when said ordinance No. 64 goes into effect.

Upon motion, duly made, seconded and unanimously carried, the meeting was adjourned to September 12th, 1911, at 8 p. m.  
Approved:

My aim is to succeed in this and to please my customers, and I assure you whatever favor you may do for me, your interest will be considered.

Under the new management I will continue shoe and general repair work in connection with the new and second hand goods.

Trusting I may have your valuable patronage, I am, Respectfully,  
A. S. Daniel.

New house for sale.
