OFFICIAL PAPER OF SOCORRO COUNTY.

SATURDAY, JULY 18, 1908.

SECOND ANNUAL FAIR.

SOCORRO county will have her second annual fair next September. That is an established fact.

Socorro county's second annual fair is going to be an even greater success than the first annual fair. That, too, is an established fact.

Officers of the fair association have been elected for the second year, committees have been appointed, and things are already moving. Make a note of it.

If you are an officer of the association, boost. If you are a member of a committee, boost. If you are a citizen of Socorro county, whether officer or committeeman of the association or not, boost. If you are anybody at all, boost for the second annual fair.

The first fair did Socorro county more good than any other public enterprise in the county has done in the last twenty years. Everybody knows that. The second fair can and must be made to do the county more good than the first one did, and everybody knows that.

Everybody in Socorro county is urged to lend a hand in making the second annual fair the biggest possible success.

The battleship fleet is now said to be on its second leg. As long as the fleet is not on its last legs all is well.

Twenty years ago Socorro was the best town in New Mexico. In much less than twenty years from now she will be restored to the same proud position.

FORAKER says that "the country has paid a heavy price for the Roosevelt reign of terror." Few people would have thought that Foraker was so much under the spell.

ALBUQUERQUE is already assuming a generous attitude toward the Socorro county fair enterprise. The Duke City can well afford to do so. Socorro county has always been an exceedingly liberal patron of the territorial fair and her liberality will not be lessened by a return of the compliment. Reciprocity is the proper doctrine.

THERE is no longer any doubt that the Columbus and Mexican railroad will be built. It is positively and authoritatively stated that the work of construction will be begun at once. In fact, some of the contracts for the construction of the road have already been let. This road will pass north and south across western Socorro county and will be the means of developing a virgin region unsurpassed in natural resources by any other in the southwest. Socorro county will profit mightily by this enterprise and should be ready to avail herself of every advantage it offers.

SOCORRO is doing pretty well, thank you. On the campus of the New Mexico School of Mines, located here, a new fifteen thousand dollar dormitory is in process of erection. The Socorro Electric company is installing an electric light and power plant that is as modern and complete in all its equipments as any in the southwest. In less than ten days the Pan-American Federal Smelting and Refining company will begin the construction of a one hundred ton smelter within

the city limits. If these things are not evidence enough to convince any man that Socorro is flourishing, let him bend his ear to the ground and he will shortly hear the rumble of other good things coming to the Gem City that will cause him to sit up and take notice.

THERE are strong indications that Mr. Andrews will again be the republican nominee for delegate in congress. Other candidates have their supporters among the republican papers of the territory, to be sure, but the general sentiment appears to be strongly in favor of another term for New Mexico's present delegate.

It is gratifying to note a disposition to indulge in none but a perfectly free and fair discussion of the merits of the various candidates. If the territorial convention performs its function in the same spirit, no mistake can well be made and the candidate so nominated is morally certain to be elected, be he Mr. Andrews or either of the other distinguished gentlemen whom his friends are now urging for the honor of representing New Mexico in congress.

The Remedy That Does.
"Dr. King's New Discovery is the remedy that does the healing others promise but fail to perform," says Mrs. E. R. Pierson, of Auburn Centre, Pa. "It is curing me of throat and lung trouble of long standing, that other treatments relieved only temporarily. New Discovery is doing me so much good that I feel confident its continued use for a reasonable length of time will restore me to perfect health." This renowned cough and cold remedy and throat and lung healer is sold at all drug stores. 50c. and \$1.00. Trial bottle free.

A Hard Hit.
Martin W. Littleton, the eminent New York lawyer, is noted for his trenchant wit.

"At the beginning of his career," said an Albany judge the other day, "Littleton had an elderly, prosy, longwinded lawyer for an opponent in an assault case."

"The elderly lawyer in his concluding address spoke for six hours—an interminable, foggy, stupid speech. Then Littleton rose. He smiled slightly, looked at judge and jury, and said:

"Your honor, I will follow the example of my learned friend who has just concluded, and submit the case without argument."

It Can't be Beat.
The best of all teachers is experience. C. M. Harden, of Silver City, North Carolina, says: "I find Electric Bitters does all that's claimed for it. For Stomach, Liver and Kidney troubles it can't be beat. I have tried it and find it a most excellent medicine." Mr. Harden is right; it's the best of all medicines also for weakness, lame back, and all run down conditions. Best too for chills and malaria. Sold under guarantee at all druggists. 50c.

Where the Honey Is.
"Say," remarked the lazy horsefly, "why don't you take things easy? Why do you work so hard?"

"Because I like it," replied the busy bee. "You must have observed that usually when I'm at work I'm in clover."

Best the World Affords
"It gives me unbounded pleasure to recommend Bucklen's Arnica Salve," says J. W. Jenkinson, of Chapel Hill, N. C. "I am convinced it's the best salve the world affords. It cured a felon on my thumb, and it never fails to heal every sore, burn or wound to which it is applied. 25c. at all druggists."

Ice cream. Remember the time and place. Tuesday evening, court house park.

The Badge of Honesty

Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of the ingredients composing it is printed there in plain English. Forty years of experience has proven its superior worth as a blood purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone and Mandrake root, Bloodroot and Black Cherrubark are extracted and preserved by the use of chemically pure, triple-refined glycerine. Send to Dr. E. V. Pierce at Buffalo, N. Y., for free booklet which quotes extracts from well-recognized medical authorities such as Drs. Bartholow, King, Scudder, Coe, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in "wasting diseases" where there is loss of flesh and gradual running down of the strength and system.

"The Golden Medical Discovery" makes rich pure blood and so invigorates and regulates the stomach, liver and bowels, and through them, the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed. In treating old running sores, or ulcers, it is well to insure their healing to apply to them Dr. Pierce's All-Healing Salve. If your druggist doesn't happen to have this Salve in stock, send fifty-four cents in postage stamps to World's Dispensary Medical Association, Dr. Pierce's Pleasant Pills, Buffalo, N. Y., and a large box of the "All-Healing Salve" will reach you by return post.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, modern remedy of known composition, not even though the urgent dealer may thereby make a little bigger profit. Dr. Pierce's Pleasant Pills regulate and invigorate the stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

Beecher's Wedding Fees.

When Collis P. Huntington was married for the second time Henry Ward Beecher performed the marriage ceremony. Huntington's first wife had been dead less than a year, and he desired the second marriage kept secret until his return from Europe. He gave Mr. Beecher a marriage fee of \$1,500. When Huntington returned some months later he went through a public ceremony, and Beecher again officiated.

He gave Beecher another fee of \$1,500. The great preacher had his humor aroused by his second fee. Turning to Huntington, he said, "Collis, I do wish you were a Mormon."—Lyceumite and Talent.

Just Exactly Right.

"I have used Dr. King's New Life Pills for several years, and find them just exactly right," says Mr. A. A. Felton, of Harrisville, N. Y. New Life Pills relieve without the least discomfort. Best remedy for constipation, biliousness and malaria. 25c at all druggists.

Not in the Succession.

The young pastor was examining the Sunday school and asked the class just in front of him if any of them could tell anything about the Apostle Peter. A little girl raised her hand.

"Come up here, my little lady," said the minister. "I am much gratified to see that you have remembered your lesson. Now,

tell the school what you know about Peter."

WOMEN ARE WARNED.

Flies Great Producers of Typhoid Fever.
NEW YORK, March 19.—That the woman who wishes to prevent typhoid fever, and various infantile diseases in her family will do well to make a large investment in window and door screens for the coming summer was one of the lessons the women at the meeting of the food investigation committee of the Consumers' league learned Tuesday afternoon.
"Flies are among the most dangerous of disease carriers," Dr. John E. Huber told the audience, "and one fly which was examined was carrying on its legs 100,000 diseased bacteria and making straight for a bottle of milk."

It is fly time and we have a complete stock of screen doors and fixtures.

Put in Your Screens.
 By DR. DOWNEY L. HARRIS, City Bacteriologist.
 THE fly season will soon be here, and those who put in their screens promptly will be taking the best of precautions against having disease germs introduced into their homes by flies. There is no doubt that flies and other insects transmit their germs, and that some of them find their way into food and drink, causing sickness. The extent of infection from this source cannot be exactly known, but the safest way is to keep the flies out.
