APPROPRIATIONS HELD UP.

Can Money Derived from Sale of Land Granted for Specific Purposes Be Used for General Purposes?

The 35th general assembly authorized in the general appropriation bill the loaning of certain sums of money to certain territorial institutions on condition that these loans should be repaid out of the proceeds of the sales of public lands belonging to the respective institutions.

Territorial Treasurer Vaughn has raised an interesting legal question in regard to these loans. The lands were given to the ter-ritory by the United States gov-ernment to be allotted to certain institutions for specific purposes. Mr. Vaughn does not believe that the proceeds of the sale of those lands can be used to repay Young Corbett and Terry Mc-Govern will box in San Francisco for any other purposes than those specified in the act granting the lands. The appropriation bill passed by the late territorial legislature authorized the loans reterred to for other purposes.

Treasurer Vaughn has sub-

mitted the question of the legality of these proposed loans to the court and refuses to allow the money thus appropriated to be drawn upon until the court has rendered its decision. This action is proving disappoinsing to some of the educational institutions of the territory, as they are already clamoring for the loans authorized by the legis-

Last Sad Rites Sunday in Honor of a Respected Citizen.

A large number of relatives, friends, and acquaintances gathered at the Presbyterian church in this city Sunday to pay a last tribute to the memory of James C. Baldwin. Rev. C. F. Taylor delivered an eloquent and impressive funeral sermon, which was followed by the Masonic church service. At the grave the beau-tiful Masonic burnal service was impressively conducted by Worshipful Master Geo. E. Cook. Worshipful Master Geo. E. Cook.
Mr. Baldwin was a Mason of high rank. The thirty-second degree of Scottish Division of Scottish Divisio degree of Scottish Rite Masoury was conferred upon him on the top of Pike's Peak a few years

ago. The accident which resulted in the death of Mr. Baldwin occurred as follows: On Friday afternoon, March 20, at a point 439 miles south of Engle he went down into a well that was being dug to inspect the work. As he was drawn to the top of the well the rope by some strange fatality became loosened and he fell 45 feet to the bottom, receiving internal injuries from which he died in a few hours. A special train was dispatched to San Marcompany's road in eastern New cial for medical aid, but the physician's skill was of no avail.

The citizens of Socorro are not slow to contribute to the promotion of a public enterprise when they can feel assured that their money will be used for the purpose for which it is subscribed. Following is a list of those who have promptly and cheerfully paid the sum of \$5.00 each subscribed for the improvement of the park, vie:

tain, P. J. Savage, Abran Abeyta, H. Chambon, and Price Bros.

Others who have subscribed but have not yet paid will be called upon as the money is needed, and an itemized financial statement will be published from time to time. The fund for the purchase of seats for the park is growing. The names of subscribers to this fund and the amounts subscribed will be published in due time. Doctor Kittrell is doing his work well and it is to be hoped that all subscribers will pay promptly.

Bernalillo County's Two Assessors.

J. M. Sandoval was elected assessor of Bernalillo county last fall. Since the division of the county by act of legislature he still claims to be a resident of Bernalillo county, and doesn't quite understand how he can be legislated out of an office to which he was duly elected. A Narrow Escape.

J. L. Terry, superintendent of the New Era mine in the Black Range, writes C. T. Brown of this city that he and a miner named Tucco had a narrow escape from sudden death a few days ago. The two men were at health and spirits in spite of the bottom of a shaft when some two-inch planks were being lowered to them. One of the planks broke from its fastenings and plunged to the bottom of the shaft. It struck Tucco and broke his hip, but Terry escaped unharmed.
