THE COLUMBIA WINS.

The American Yacht Wins Three Straight Races and the Cup Stays at Home.

After one of the most exciting struggles in the history of yacht racing, the American boat Columbia has come off victorious over her British competitor, Sir Thomas Lipton's Shamrock II. Americans will of course feel gratified at the result of the races. Still there is many a man loyal to the stars and stripes who would not have grieved to see Sir Thomas take the cup away to England. America has held the cup for half a century against all comers and much interest would be added to the sport if she had to send a boat to British waters to bring the trophy back. Besides, Sir Thomas has impressed Americans so favorably that they would by no means grieve to see him victor.

Crown Mill will Start Monday.

The new machinery at the Crown Mill will be put into operation Monday morning. Ever since the burning of the mill on the 17th day of May the work of refitting has been pushed as rapidly as possible. There has been much delay, however, because of the failure of new machinery to arrive on schedule time. Socorro can now boast a first class flouring mill, equipped with the very latest and most improved machinery, with a capacity of 150 barrels of flour a day. The company has bought and stored 2,000,000 pounds of wheat this season, upon which operations will be begun at once. The company owning this valuable property is entitled to much credit for the energy displayed in repairing their loss by fire. Their efforts will doubtless receive a rich reward, in which the community will share.

Convict Attempts to Escape.

A well laid plan to escape from the territorial penitentiary at Santa Fe was brought to light Thursday and frustrated by the authorities of the institution. James Chambers, under life sentence for highway robbery in San Miguel county, was the originator of the plan. He left a chamber in a 14-foot smoke stack that he built in the prison yard a year ago. Wednesday he secreted himself therein to await a favorable opportunity to escape from the yard. He was missed at the evening count and his hiding place was discovered next day. None but "trusties" have escaped from the penitentiary since Hon. H. O. Bursum became superintendent and with very few exceptions they have been recaptured.

Important Decision.

An important decision was handed down by the territorial supreme court at a special term which adjourned Wednesday. The court ruled that the statute of limitation does not hold against a county or the territory, in other words that suit for the collection of delinquent taxes may be brought by the territory regardless of the lapse of time. This decision is sure to be of great benefit to the people of the territory and the only wonder is that it was not rendered long ago.

MRS. FREEMAN SUES THE SANTA FE

Her Old Action for \$20,000 Damages Revived.

Mrs. W. J. Freeman, now that she has secured her liberty and is once more in El Paso, has refilled her suit against the Santa Fe railroad for \$20,000 as compensation for personal injuries received while she was the company's agent at La Tuna, New Mexico. The filing of the original suit about a year ago marked the beginning of Mrs. Freeman's troubles. After the depot at La Tuna had been destroyed by fire she came to this city for treatment, refusing to go to the railroad hospital at San Marcial. A short time later she filed suit against the company for injuries received during the fire.

A week or so later she was arrested on various and sundry charges and placed in jail.

The public is well acquainted with the history of these criminal proceedings and it needs no repetition here. She was out on bond with the general understanding that she would never be tried in Texas, owing to a lack of evidence, when she was seized in the night time by virtue of an extradition warrant and taken to Socorro county, New Mexico. She subsequently escaped, but was recaptured at Las Cruces and held there until finally released on bond, whereupon she returned to El Paso, and today filed suit against the railroad company. —El Paso Herald.

Socorro County Schools.

Following is a list of Socorro county schools that will open Monday, with names of teachers employed:

District No. 9, Paraje, Mrs. Carlota Sayles; district No. 14, Old San Marcial, Crencio Torres; district No. 15, Valverde, Apolonio Valles; district No. 21, Luis Lopez, J. J. Trujillo; district No. 25, San Pedro, Giraico Jolaja; district No. 27, San Antonio, Pedro A. Vigil; district No. 30, Esccondida, Eliseo M. Chavez; district No. 35, Rincon, Avelino Lopez.

Other school of the county have already opened as follows:

District No. 11, Kelly, opened September 23, Miss M. A. Randol; district No. 12, Magdalena, opened September 16, H. M. White; district No. 13, San Marcial, opened September 16, Misses Linna Millard and Minnie R. McCoach; district No. 47, Mogollon, opened September 30, C. H. Kirkpatrick.

A Dilapidated Chinese.

Sam Chang, the Chinese nabob who operates the laundry on Court street, is in trouble. Sunday Sam got drunk. That was the beginning of his trouble, though it was joy unspoken compared with what followed. While full of hurrah juice to the very brim he visited a certain locality down on the river bottom and then tried to ride a horse home. All went well with Sam until he came in forcible contact with a tree, but how things went with him for the next twenty-four hours he knows not. At that time he was found lying unconscious where he had fallen and was brought to town. Sam was brought to after the doctor had taken a few pieces of broken bone and a small quantity of loose brain from a hole in his forehead, and thus it is that Socorro now numbers among her population a sadder and, probably, a wiser Chinaman.

City Marshal under Arrest.

City Marshal Rosalio Jaramillo was brought before Police Magistrate Camilo Baca Monday and placed under bond of \$4,000 to await the action of the grand jury. The charge against Marshal Jaramillo was to the effect that on Sunday, in the yard of the Catholic church, he clubbed Demetrio Olguin severely on the head without provocation. It is said that Mr. Olguin will prefer charges against the marshal before the city council at its next meeting, also that a petition of citizens will be presented asking the removal of that officer.

Two hundred head, more or less, of stock horses for sale. Inquire of F. Fisher at Brown's livery and feed stable, Socorro.

OF HOME INTEREST.

Mrs. Harris of Carthage is sick at the Park House.

Hon. H. O. Bursum made a brief visit in the city yesterday.

Hon. Frank A. Hubbell of Albuquerque was in the city Monday.

There are rumors of good developments in the Graphic mine.

L. J. Otto of Magdalena was a guest of landlord Dunnegan Saturday.

W. A. Cozine was in town Monday from his home in Water Cañon.

The famous Coyote water's now to be had at Katzenstein's Try it.

Hon. and Mrs. H. M. Dougherty's youngest child is reported quite sick.

Mrs. P. J. Savage went up to Albuquerque Monday for a visit of a few days.

The minstrel show billed for Thursday night came near failing to connect.

G. W. Cooper of Water Cañon had business in town Tuesday and Wednesday.

Duck shooting has afforded fine sport for the local nimrods for two or three weeks.

Attorney S. M. Ashenfelter of Silver City is in the city today on professional business.

Mrs. W. E. Martin came down Wednesday from Santa Fe to visit her many Socorro friends.

W. H. Sanders was among the visitors in town yesterday from his ranch north of Magdalena.

Mr. and Mrs. Paul J. Terry have taken up their abode in the Terry cottage on upper Fischer avenue.

J. H. Snyder of Louisville, Kentucky, general book agent, is at the Park House, and is looking up a location.

P. A. Marcellino has opened a photographic studio on the southeast corner of the plaza opposite the Park House.

John McKim of Bay City, Michigan, is at the Park House. Mr. McKim comes to New Mexico for his health.

Dr. Wm. Driscoll left Wednesday morning for the Magdalena mountains to look after his mining interests for a few days.

Rev. Doctor Thompson preached to good audiences at the Presbyterian church of this city last Sunday, morning and evening.

Miss Ruby Berry left Monday morning for Deming, summoned thither by the serious illness of her little niece, the daughter of Sheriff and Mrs. Cipriano Baca.

The public schools of the city will open Monday morning. It is to be hoped that parents will remember the date and send their children promptly and regularly.

Sheriff Blackington took Albert Sherron to Santa Fe Tuesday and deposited him in the penitentiary where he will serve a term of five years for stealing cattle.

For sale: One Smith-Premier typewriter, stand and extras; one flat top desk; one cylinder desk; one book case; one iron safe; other office furniture. Apply to J. P. Chase.

C. T. Brown shipped three tons of Black Range ore from Magdalena yesterday to Albuquerque. This ore will form a part of the exhibit from the Black Range district at the fair.

W. M. Borrowdale of Magdalena was a guest in town Tuesday. He arose bright and early Wednesday morning to take a shot at the ducks before the departure of the westbound train.

The familiar countenance of W. W. Jones has made glad the hearts of his Socorro friends this week. "Neighbor" has been in poor health of late but is now considerably improved.

Judge A. A. Freeman of Carlsbad arrived yesterday from the south to attend the session of the territorial supreme court, meeting here tomorrow, and before which he has several cases.—New Mexican.

Messrs. G. W. Bowman, Fred Davenport, and Wm. Glasson composed a pleasant party of pleasure seekers who spent a part of Tuesday and Wednesday viewing the wonders of Water Cañon.

Hon. A. A. Freeman made his Socorro friends a brief visit yesterday on his way home from Santa Fe where he had business before the supreme court. Judge Freeman is always heartily welcomed on his visits in this city.

T. J. Cox of the firm of Hood Bros. & Hudson, Frisco, was in town Monday on his way to visit his family in San Antonio, Texas. Mr. Cox expects to return about Nov. 10, and may then place two of his children in the school of mines.

Mr. and Mrs. Montague Stevens left Socorro Saturday night for Albuquerque where they expected to visit friends. While here Mr. Stevens received a carload of blooded bucks for his extensive sheep ranges 70 miles west of Magdalena.

C. H. Brown of Magdalena passed through Socorro Saturday, accompanied by his family, bound for Lamar, Colorado, where he has gone into business. Mr. Brown and family will be greatly missed by their friends and associates in Socorro county.

James Mackintosh of the Queen Group Mining company of Kelly was a guest in the city Thursday. The weather in the Kelly camp must be getting quite cool, as Mr. Mackintosh thought that the temperature at this lower altitude was uncomfortably warm.

Wednesday was San Miguel's day. The customary religious ceremonies were conducted. The usual festivities also were indulged in, beginning with a ball Tuesday night and closing with another ball Thursday night, both of which were well attended and much enjoyed.

Eddy Price left Monday for an absence of thirty days in the east. He will visit Chicago, New York, and other cities, not forgetting to view the marvels of the Pan-American Exposition. He will combine business with pleasure and lay in a stock of the latest novelties for the firm of Price Bros. & Co. with which he is connected.

Probate Clerk Hermene G. Baca returned Thursday from a week's sojourn in the western part of the county. He reported a frost at Frisco September 23. He also reported that sheepmen had been obliged to abandon the Gila reserve in compliance with government regulation. They look upon this as a great hardship, as there is now an abundance of good grass on the reserve.

Doctor and Mrs. J. Walter Fewkes of Washington, D. C., are visiting the city. Doctor Fewkes is the celebrated ethnologist of the Smithsonian Institution whose works on the American Indian and kindred subjects are known to students of ethnology the world over. He was sent by the Institute authorities to spend some time in investigating the Pueblo ruins in the vicinity of Socorro.

Socorro Chapter No. 8, R. A. M., held a regular convocation in the masonic hall Tuesday night and exalted to the august degree of Royal Arch Mason John E. Griffith and E. A. Drake. Several visiting companions were present. After the ceremonies there was served at the residence of Doctor and Mrs. Chas. G. Duncan on California street a sumptuous banquet which was graced by the wives and several of the lady friends of the companions of the Chapter.

The Helen Mining company will resume operations in about two weeks at its mines at Graham in Socorro county. It operates the Confidence mine and mill and is installing new machinery. As soon as the new 400-horse power engine is in working order work will be resumed. The deepest working in the mine is now down 987 feet. It is the intention of the management to sink to the depth of 1,200 feet with the present hoist when it will become necessary to put in more complicated lifting machinery.—Santa Fe New Mexican.

J. J. Leeson has recently preserved in a large glass jar a collection of as large and fine pearls as could be found in many a day's travel. Mr. Leeson is in favor of the authorities' expending a small sum annually in this wise with a view to collecting a large and permanent exhibit of the county's products.

The Santa Fe has issued a very attractive poster for the territorial fair. The company offers the liberal rate of one and one-half cent a mile for the distance traveled. This rate will doubtless serve as a powerful inducement to swell the attendance at what promises to be the greatest attraction of the kind in the history of New Mexico.

New Episcopal Church Opened Last Sunday.

There have been several new buildings added to the park recently, the latest and most unique being a little Episcopal church. It is erected on the college road adjacent to the college buildings, midway to the park and the Las Cruces road.

When it is understood that this has become a populated neighborhood, and that there are some 200 students at the college, and that the nearest church heretofore was Las Cruces, it will be readily seen how much the present one is needed.

The first services were conducted last Sunday by the Rev. Joseph McConnell. The little building is well finished, and though modest in its adobe dress, seems perfect in workmanship and design. It was well filled by an appreciative audience.

The people of Mesilla Park and vicinity are to be congratulated in being able to open, free from debt, such a pretty and home-like little church.—Rio Grande Republican.

Norris & Rowe's Great Show.

Norris & Rowe's world renowned Trained Animal Shows will make their second appearance in Socorro next Monday, Oct. 7. This great moral show is recognized as the largest, greatest and best of its kind in existence. The principal actors are performing animals ranging from dwarf baby elephants to diminutive ponies. This will positively be the last appearance of this show in this country for several years as arrangements have been made whereby the shows will make a tour of Europe and incidentally show to the denizens of the old world what a thorough and up-to-date institution of this kind is.

Popular prices will prevail—25 cents for children and 50 cents for adults. This will also be the last circus of the season.

Superintendent Elfego Baca's Report.

Superintendent Elfego Baca has just completed his annual report to the territorial superintendent of public schools. Following is a summary of this report for Socorro county:

Number of school districts, 44; male teachers 30, female teachers 15, total 45; total enrollment 3,043; months taught 137; money on hand September 1, \$9873.66; money received from the county school fund, \$7,962.30; money received from poll tax and license fund, \$3,690.89; total money received, \$11,653.19; paid for rent, fuel, etc., \$654.16; total value of school buildings in the county, \$37,400.00.

After running for fourteen years, without missing an issue, the old Clayton Enterprise has taken a forty days rest—in respect to the memory of our deceased President—Wm. McKinley. Upon resuming publication it will start with a new editor and advocate Roosevelt's nomination for the Presidency in 1904.

Epiphany Church.

There will be services at the Episcopal church on Sunday at 11 a. m. and 7:30 p. m. At morning service administration of holy communion and sermon. Good singing. Come.

Albuquerque Fair, Oct. 12-19. Tickets on sale Oct. 14-18 inclusive at \$2.30 for round trip. Return limit, Oct. 21.

Thos. Jagurs, Santa Fe Agt.

OFFICIAL PAPER OF SOCORRO COUNTY.

SATURDAY, October 5, 1901.

New Mexico demands statehood of the 57th congress.

New Mexico is entitled to statehood because it is her birthright.

New Mexico is entitled to statehood because both national conventions of 1900 promised it.

New Mexico is entitled to statehood because the right of self-government is a sacred right.

New Mexico is entitled to statehood because the 195,000 American citizens who dwell within her borders almost unanimously desire it.

New Mexico is entitled to statehood because by the generous expenditure of her blood and treasure in support of the national government she has proved that she merits it.

New Mexico is entitled to statehood because in both peace and in war her citizens have repeatedly proved that there are no more loyal and patriotic American citizens than they are.

GOVERNOR OTERO'S call for a statehood convention to meet in Albuquerque, October 15, should arouse the interest and hearty co-operation of all who have the welfare of the territory at heart. The fate of the question of statehood for years to come will depend upon the wisdom of the proceedings of this convention; therefore the delegates composing the assemblage should be inspired with the conviction that they are backed by an earnest uncompromising demand for statehood for New Mexico.

The Territorial Fair.

It begins to appear that New Mexico is this fall to have a territorial fair worthy of the name. Former fairs may have been all that could be expected under the circumstances, but this time circumstances are not to be allowed so, full control, Albuquerque is very properly taking the lead and she is bestirring herself mightily. She is doing what she can directly by liberal contributions to make the fair a success as representative of New Mexico's resources. She is also doing what she can indirectly by striving to arouse something of her own spirit of enterprise in neighboring communities, all more or less interested in the matter. An unprecedented degree of success in this year's fair is already assured. Socorro county may be depended upon to do her full share toward making that assurance doubly sure.

A Timely Suggestion.

The last issue of the San Marcial Bee contains a valuable and timely suggestion by Hon. C. G. Cruickshank concerning the scandalous methods of assessment and taxation that now prevail in the territory. Doctor Cruickshank has had some experience in trying to bring about reforms in this regard and he therefore speaks as one having authority.

The suggestion is, briefly, to the effect that each county of the territory elect five commissioners each of whom shall act as assessor in certain assigned portions of their respective counties, that such assessors shall personally inspect the property to be assessed in their respective districts, and that the chairman of

each board of county commissioners shall be a member of a territorial board of equalization. The writer states that he hopes that his suggestion may lead to the passage of some sort of a law that will remedy present execrable conditions.

Doctor Cruickshank's suggestion seems at least to point in the right direction. It can hardly be expected to be final. The day of miracles is past. Nevertheless, if in the direction indicated there is material for a just and equitable assessment law the name of the author of that law should occupy an exalted place among those inscribed in New Mexico's temple of fame.

COAL TO BURN.

It Exists in Vast Quantities in Western Socorro County.

Benjamin Crawford and Dell M. Potter have returned to Clifton from a three weeks' trip through Socorro county in New Mexico, and Apache county in Arizona, along the line of the proposed Durango and Clifton railway. They were after coal and found it in apparently inexhaustible quantities in veins from four to eight feet thick. They located 2,500 acres of coal land and also a number of other valuable mineral claims. While in Socorro county they visited the celebrated salt lakes, one of which exists in the crater of an extinct volcano. The water is as clear as crystal and many times stronger than the water of the ocean as far as salt contents are concerned. The United States government survey has taken soundings in the lake to the depth of 6,600 feet and found no bottom. They dug up some ancient pottery of Aztec origin from ruins along their route of travel.—New Mexican.

Stricken With Paralysis.

Henderson Grimett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. Sold by A. E. Howell, Socorro; W. M. Borrowdale, Magdalena.

Hot-weather Frivolities.

One of the frivolous diversions of the hot weather is thinking up puns on the name of well-known authors. A writer in the August Bookman has exercised his ingenuity to a considerable extent by a long list of punning questions and answers, of which these are the most amusing examples:
Why was Rider Haggard?
Because he let Rose Terry Cooke. When did Mary Mapes Dodge?
When George W. Cutter.
Why is George Canning?
To teach Julia Ward Howe.
What ailed Harriet Beecher Stowe?
Bunyan.

A new remedy for billiousness is now on sale at A. E. Howell, Socorro; W. M. Borrowdale, Magdalena, drug store. It is called Chamberlain's Stomach and Liver Tablets. It gives quick relief and will prevent the attack if given as soon as the first indication of the disease appears. Price, 25 cents per box. Samples free.

The Story of Sankey's Voice.
In a forthcoming number of The Ladies' Home Journal Cleveland Moffett is going to tell for the first time the real story of Ira D. Sankey's great voice. Not the least interesting of the incidents he will relate is the singer's own description of how that famous hymn, "The Ninety and Nine," came to be written.

How Are Your Kidneys?
Dr. Hobb's Guarana Pills cure all kidney ills. Sample free. Add: Herber's Specialty Co., Chicago, Ill.

A WORTHY SUCCESSOR.

"Something New Under The Sun."

All Doctors have tried to cure catarrh by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of catarrh, has at last perfected a Treatment which when faithfully used, not only relieves at once, but permanently cures catarrh, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "Snuffles, the guaranteed catarrh cure" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"Snuffles" is the only catarrh cure ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve hay fever or cold in the head.

Catarrh when neglected often leads to consumption—"Snuffles" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure catarrh in any form or stage if use according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "Snuffles" the "Guaranteed catarrh cure."

Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address Dept E 117, Edwin B. Giles & Company, 2330 and 2332 Market Street, Philadelphia.

The New Editors for One Magazine

It was announced several months ago that the editor of The Ladies' Home Journal contemplated making some sweeping changes in his editorial staff. Up to the present time ten new editors have been added to Mr. Bok's corps, and fifteen new departments planned for The Journal, a majority of which make their initial appearance in the October number.

The Christian Endeavors' President.

The Rev. Francis E. Clark, D. D., president of the World's Christian Endeavors Society, has written for The Ladies' Home Journal a strong article on the question: "Why Should a Young Man Support the Church?" Doctor Clark's recent trip around the world gave him opportunities for studying this subject in many phases which do not exist in this country.

Canadian Annexation Talk.

According to the Montreal Witness, which declares itself an opponent of annexation, there is some annexation sentiment in Canada. It finds that that region is becoming "gradually Americanized," though a large majority of its people are still against political union. The Americanization is being brought about, so it intimates, by the syndicate matter published in the Canadian papers, which is all made up in the United States, and by the United States plays, which are imported into Canada after they grow stale on this side of the line. "A more powerful engine of assimilation than this," it remarks, "could hardly be devised."

The Montreal paper misses some other important influences which are tending to "Americanize" Canada. Vast numbers of Canadians come to the United States every year to better their condition, and most of them stay here. Some of those who drift back to Canada remain only a short time, and then come to this country to reside permanently. These immigrants have a strong influence on all their acquaintances in Canada—on those whom they leave behind as well as on those whom they attract to this country. The United States, as shown by the census statistics, is growing twice as fast in population as Canada, which means that the gap between the two countries is broadening rapidly.

These influences are bound to have an effect on Canada in the direction of annexation. The few persons whom the Canadian papers now find in their region favorable to political union with this country will steadily increase. Some day they will be in the majority. Canada is gravitating into union with the United States just as surely as Cuba is, though the annexation in the Canadian case is not likely to come so soon as in the other instance. This is a law of political gravitation which the party leaders and party newspapers of Canada of to-day may fight, but they can not suspend. Annexation may not come within the next twenty-five years, but a quarter of a century is a short time in the life of a people. Many thousands of Canadians are solving the problem of annexation for themselves every year by coming here to reside, but the day is not very remote when they will be able to Americanize themselves without taking the journey.—Globe Democrat.

Tot Causes Night Alarm.

"One night my brother's baby was taken with Croup," writes Mrs. J. C. Snider, of Crittendon, Ky., "it seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from croup and whooping cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infalible for coughs, colds, throat and lung troubles. 50c and \$1.00. Trial bottles free at all druggists, W. M. Borrowdale, Magdalena.

A New Author's Good Work.

Frederick M. Smith showed more than ordinary literary ability in a short story, "The Blue Gown that Wouldn't Fit," which was published lately in The Ladies' Home Journal. A longer love story, the scene laid in Germany and the plot worked out with unusual cleverness, will soon appear in the same magazine under the title of "Christine."

The excitement incident to traveling and change of food and water often brings on diarrhoea, and for this reason no one should leave home without a bottle of Chamberlain's Colic, Cholera and Diarrhoea remedy. For sale by A. E. Howell, Socorro; W. M. Borrowdale, Magdalena.

When You Eat

Do you have a feeling of undue fullness in the stomach, belchings, or sour or bitter risings? These are but a few of the symptoms of the diseased stomach.

The worst thing which can be done for the stomach in such a case is to take some tablet or powder which merely gives temporary relief from discomfort. The best thing to do is to begin the cure of the disease by beginning the use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It makes the "weak" stomach strong, and puts the body in a condition of vigorous health.

"I was troubled a long time with dyspepsia, torpid liver, and constipation," writes Mrs. Julia E. Deal, of Oswego, Ireland Co., N. C. "Could scarcely eat anything at all; would have attacks of pain something like colic, and sometimes it seemed as though I could not live. I wrote to Dr. R. V. Pierce, stating my condition, and in a few days received a kind letter of advice, telling me to use Dr. Pierce's Golden Medical Discovery. I took four bottles, and one vial of Dr. Pierce's Pellets, and now I can eat anything I want and it don't hurt me. I have not been in bed a day since I took your 'Golden Medical Discovery,' and I have not since felt any symptoms of disease. I have not taken any medicine but twelve months."

Dr. Pierce's Pleasant Pellets cure constipation.

A Very Bashful Man.

A naughty eastern exchange tells of a young man who called to spend the evening with his girl. A storm coming up the girl's father asked him to remain over night. He was a very bashful young man and the next morning when invited to a seat at the table very reluctantly accepted. He was very nervous and agitated. He sat opposite a mirror and discovered that he had forgotten to comb his hair. Then he dropped his fork on the floor and as he stooped to pick it up upset his coffee. Matters went from bad to worse until finally the young man quit eating and put his hands under the table. The lose ends of the table cloth were lying in his lap and when he touched it he turned pale. He thought it was his shirt and in his nervous excitement while dressing he had forgotten to put the garment inside his trousers. That accounted for the smiles and his embarrassment. There was no time to lose. He hurriedly stuffed the supposed shirt inside his trousers. Two minutes later when the family arose from the table there was a crash. The dishes lay in a broken mass on the floor. The young man pulled two feet of table cloth out of his pants and fled through the door. He is now hiding and the girl is on the lookout for a less bashful lover.

A fine grand square piano can be bought cheap. Apply to I. J. Leeson.

Young Women

The entry into womanhood is a critical time for a girl. Little menstrual disorders started at that time soon grow into fatal complications. That female troubles are killing graveyards proves this. Wine of Cardui establishes a painless and natural menstrual flow. When once this important function is started right, a healthy life will usually follow. Many women, young and old, owe their lives to Wine of Cardui. There is nothing like it to give women freedom from pain and to fit young women for every duty of life. \$1.00 bottles at druggists.

Miss Della M. Strayer, Tully, Kan. "I have suffered untold pain at menstrual periods for a long time, was nervous, had no appetite, and lost interest in everything. In fact was miserable. I have taken four bottles of Wine of Cardui, with Theford's Black-Draught, when needed, and to-day I am entirely cured. I cannot express the thanks I feel for what you have done for me."

For advice in cases requiring special directions, address, give symptoms, the Ladies' Advisory Department, The Chattanooga Medicine Company, Chattanooga, Tenn.

INFORMATION FOR BIDDERS.

The Government Advertises Rural Free Mail Delivery on Star Routes.

No bid submitted under this advertisement will be considered unless the bidder shall agree in his bid that in the event of the service being awarded to him he will give his personal supervision to the performance of the same, and will reside on or contiguous to the route.

MAIL CARRIERS TO DEPOSIT MAIL ALONG THE ROUTES.

In addition to carrying the mail to the various postoffices on the star routes covered by this advertisement, the carrier on each route (except where otherwise specifically stated) will be also required to deliver mail into all boxes and hang small bags or satchels containing mail on cranes or posts that may be erected along the route, under the following conditions:

Any person living on or near any star route herein described, and not within the corporate limits of any town or within 80 rods of any postoffice, who desires his mail deposited at a given point on the line of the route by the carrier on said route may provide and erect a suitable box or crane on the roadside, located in such a manner as to be reached as conveniently as practicable by the carrier without dismounting from the vehicle or horse, and such person shall file with the postmaster at the postoffice to which his mail is addressed (which shall be one of the two postoffices on the route on either side of and next to the box or crane) a request in writing for the delivery of his mail to the carrier on the route for deposit at the designated point, at the risk of the addressee.

It shall be the duty of the postmaster at every such postoffice, upon a written order from any person living on or near the star route, to deliver to the proper mail carrier for that route any mail matter—placing in the respective satchels, where such are used, the mail for the persons to whom such satchels belong—with instructions as to the proper mail box or crane at which said mail matter shall be deposited; but registered mail shall not be so delivered unless expressly requested by the addressee in his written order.

The carrier on the star route will be required to receive from any postmaster on the route any mail matter or private mail satchel that may be entrusted to him, outside of the usual mail bag, and shall carry such mail matter or private mail satchel to and deposit it into the proper mail box or hang it on the proper mail crane placed on the line of the route for this purpose; such service by the carrier to be without charge to the addressee.

The Department does not describe any particular design of box or satchel to be used for this service, but the person providing either should see that it is of such character as to afford ample protection to his mail. If there is a lock attached to the box, a key is not to be held by the carrier, as he is expected to deposit the mail without the necessity of unlocking the box.

The carrier is not required to collect mail from the boxes, but there is no objection to his doing so if it does not interfere with his making the schedule time. The law provides that every carrier of the mail shall receive any mail matter presented to him if properly prepaid by stamps, and deliver the same for mailing at the next postoffice at which he arrives, but that no fees shall be allowed him therefor.

Delivery of mail by star-route carriers will not be permitted over such portions of star routes as may have in operation the rural free-delivery service, except as an additional or supplemental service when shown to be necessary and practicable. Proposals will be received at

the office of the Second Assistant Postmaster General, Postoffice Department, Washington, D. C., until 4 p. m., December 3, 1901, for carrying the mails of the United States on the routes and by the schedules of departures and arrivals, as shown by the advertisement to be found at all postoffices in New Mexico and Arizona.

STAR ROUTES IN SOCORRO COUNTY.

La Joya to A. T. and S. F. R. R. station, 2 miles and back, 6 times a week. Present contract pays \$93.99. Sub. \$116.00. Bond, \$300.

San Acacia to Polvadera, 5.25 miles and back, 7 times a week. Present contract pays \$215.35. Bond, \$400.

San Marcial to Clyde, 3 miles and back, 6 times a week. Present contract pays \$112.99. Bond \$300.

Rosedale to San Marcial, 30 miles and back, 3 times a week. Present contract pays \$450. Bond, \$1,800.

Lava to Paraje, 6 miles and back, 6 times a week. Present contract pays \$178.99. Bond, \$700.

A Typical South African Store.

O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town.

SOZOLGOGZ.

Some one has asked, "what's in a name." Look at the above name. It looks like an aggregation of instruments of torture.

It's a name with a bomb shell on each end and a bottle of nitroglycerine in the middle. It is a name a tartar would be ashamed to own, a highbinder would despise and an American must execrate.

When you have no appetite, do not relish your food and feel dull after eating you may know that you need a dose of Chamberlain's Stomach and Liver Tablets.

EDUCATION IN NEW MEXICO.

Figures That Will Tell Their Own Story and Cannot be Denied.

Public education in New Mexico is having a phenomenal growth. In 1891 there was raised for school purposes in the territory \$55,191.17; the average daily attendance was 12,397 and the number of teachers employed was 407.

The report shows that, including the public, private and sectarian schools and the territorial educational institutions, the total attendance is 47,700 out of 53,008 children of school age. The total school property of all classes of institutions is valued at \$1,000,000, there being 800 schools and 1,000 teachers.

These figures tell their own story and are indicative of educational zeal and progress that must be in the highest degree satisfactory to all friends of public instruction.—Denver News.

A Moral Leader from Minnesota.

Professor Edward Howard Griggs, the young but widely-known writer and lecturer on educational subjects, who has become a regular contributor to The Ladies' Home Journal, was born in Minnesota and reared in Madison, Indiana.

SORES AND ULCERS.

Sores and Ulcers never become chronic unless the blood is in poor condition—it is sluggish, weak and unable to throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the sore, and great danger to life would follow should it heal before the blood has been made pure and healthy.

SSS is the only purely vegetable blood purifier known—contains no poisonous minerals to ruin the digestion and add to, rather than relieve your sufferings.

THE CHIEFTAIN.

CLEVELAND TELLS WHY

M'KINLEY WAS LOVED.

The Secret of His Power Outlined to Princeton Students.

Among the countless tributes to the memory of the late chief executive of the nation delivered by his grateful countrymen in all parts of the union, none was more impressive, fitting, or beautiful than the address of ex-President Cleveland to the students of the faculty at Princeton university at the memorial exercises held in that institution.

A vast wealth of poetry, metaphor and apostrophe has been drawn upon to extol the virtues of the late president and to express the affectionate regard and poignant grief of his countrymen. Nothing in the way of eulogy remains to be said concerning the public and private career of the distinguished dead. And yet Mr. Cleveland, whose personality impresses the public mind as one of stolidity and rugged austerity, touched beautifully and forcefully the secret of the late president's remarkable hold upon the affections of the people.

To be sure, this has been said eloquently and often, but Mr. Cleveland's utterances have especial weight and significance because they came from the ripe experience and reflection of a man who occupied the highest place in the gift of a nation and were spoken to a body of students at a great university. He said:

"The man who is universally mourned today achieved the highest distinction which his country can confer on any man; and he lived a useful life. He was not deficient in education, but with all you will hear of his grand career and his services to his country and his fellow citizens you will not hear that the high plane he reached or what he accomplished was due entirely to his education. You will instead constantly hear as accounting for his great success that he was obedient and affectionate as a son, patriotic and faithful as a soldier, honest and upright as a citizen, tender and devoted as a husband and truthful, generous, unselfish, moral and clean in every relation of life.

"He never thought any of those things too weak for his manliness. Make no mistake. Here was a most distinguished man—a great man—a useful man—who became distinguished, great and useful because he had retained unimpaired the qualities of heart which I fear university students sometimes feel like keeping in the background or abandoning."

Here is a message from an ex-president, the contemplation of which need not be confined to university students. It merits the serious reflection of mankind at a time when our tendency is to magnify mere erudition and smartness to the neglect of those qualities of the heart which lie at the basis of character. The ex-president merely sought to emphasize in the minds of university students the truth that has been exemplified in the lives of all great Americans who have had any enduring hold upon the affections of the people.

Kind hearts are more than coronets. And simple faith than Norman blood.—Chicago Record-Herald.

THE HOME GOLD CURE.

An Ingenious Treatment by which Drunkards are Being Cured Daily in Spite of Themselves.

No Nauseous Doses. No Weakening of the Nerves. A Pleasant Positive Cure for the Lignor Habit.

It is now generally known and understood that Drunkenness is a disease and not a weakness. A body filled with poison, and nerves completely shattered by periodical or constant use of intoxicating liquors, requires an antidote capable of neutralizing and eradicating this poison, and destroying the craving for intoxicants. Sufferers may now cure themselves at home without publicity or loss of time from business by this wonderful "home gold cure" which has been perfected after many years of close study and treatment of inebriates. The faithful use according to directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our records show the marvelous transformation of thousands of Drunkards into sober, industrious and upright men.

Wives cure your husbands!! Children cure your fathers!! This remedy is no sense a nostrum but is a specific for this disease only, and is so skillfully devised and prepared that it is thoroughly soluble and pleasant to the taste, so that it can be given in a cup of tea or coffee without the knowledge of the person taking it. Thousands of Drunkards have cured themselves with this priceless remedy, and as many more have been cured and made temperate men by having the "cure" administered by loving friends and relatives without their knowledge in coffee or tea, and believe today that they discontinued drinking of their own free will. Do not wait. Do not be deluded by apparent and misleading "improvement". Drive out the disease at once and for all time. The "home gold cure" is sold at the extremely low price of One Dollar, thus placing within reach of everybody a treatment more effectual than others costing \$25 to \$50. Full directions accompany each package. Special advice by skilled physicians when requested without extra charge. Sent prepaid to any part of the world on receipt of One Dollar. Address Dept. E 117 Edwin B. Giles & Company, 2330 and 2332 Market Street, Philadelphia. All correspondence strictly confidential.

THE SANTA FE'S EARNINGS.

Annual Report of President Ripley Shows an Increase for the Last Year Fiscal Year of \$8,242,744.

The annual report of President Ripley of the Atchison, Topeka & Santa Fe railway, for the fiscal year ended June 30 last shows the total earnings were \$54,474,822, an increase of \$8,242,744 over the previous year. The total operating expenses were \$32,262,045, and increase over the previous year of \$4,741,445. The net earnings were \$22,211,877, an increase of \$8,501,298, after deducting the interest charged on \$8,029,746, there remained \$14,183,401 applicable for dividends and surplus purpose.

RAPID RAILROAD BUILDING.

The Rock Island Extension Through New Mexico is Being Pushed to Completion.

The Chicago, Rock Island & Pacific railroad's El Paso line that will place Kansas City 322 miles nearer Mexico than it is at present, has reached the Canadian river in Texas, where the construction forces have gone into camp awaiting the completion of the gigantic steel truss bridge that is to span the river and a deep box cañon at that point. The work marks an era in railroad building in the west due to the rapid pace set by the men at the front. Progress has been made at the rate of from two and one-half to three miles per day. The latest appliances in track-laying have been used, for it was no easy task to handle the 80 pound steel rails at that rate. Not a yard of steel of lesser weight has been used on the main line or side track and the work has been done so well that actual operation follows two days after the steel gang goes over the ground.

On January 1 of this year the Chicago, Rock Island & Pacific broke ground at Liberal, Kas., with 460 miles of road ahead before a junction could be effected at Alamogordo, N. M., with the El Paso & Northeastern railroad, the southern extension of the same line. The work from Liberal, to Santa Rosa, N. M., was placed under the direct control of the Chicago, Rock Island & Pacific, the parent company with J. H. Conlen, vice president of the Chicago, Rock Island & Mexico, as chief engineer and general manager, while to Santa Rosa the contract was under the name of the El Paso & Northeastern. The eastern end of the line will be completed to Santa Rosa by the first of January, 1902, and as the El Paso & Northeastern has been more or less delayed, the forces of Superintendent Conlen will put in 50 miles of grading to help the southern company, thus completing the 545 miles between Kansas City and El Paso by March 1, 1902.

The completion of the Rock Island route will put Kansas City 222 miles closer to the Rio Grande than it is now by the Santa Fe system. There will also be a saving of fifteen hours in time. Again the El Paso route will shorten the line between Los Angeles and Kansas City 40 miles over the Santa Fe while the building this fall of the new Missouri cut-off between

Trenton, Mo., and Belknap, Ia., will give the Rock Island an advantage of eighteen miles over competing lines between Chicago and Los Angeles. The building of the Rock Island-El Paso road will make a new transcontinental system. Tomorrow the Rock Island will begin to run trains to Lawton, Ok.—Kansas City Star.

When you have no appetite, do not relish your food and feel dull after eating you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. Price, 25 cents. Samples free at A. E. Howell, Socorro; W. M. Borrowdale, Magdalena.

NEW MEXICO RANGES.

They Will Save the Cattle of Kansas and Missouri This Winter.

The eye alike of the cattle speculator and the legitimate stockman is now closely and significantly scrutinizing the cattle situation in Missouri and Kansas.

In both of these regions there is practically no winter feed for stock, corn being a failure and hay short and scarce a drouth condition which has pulled the price of cattle down from \$15 to \$25 to from \$7 to \$12 per head. All of the big stock shipping centers are cattle congested, the farmers anxiously seeking sale for stock they can not winter.

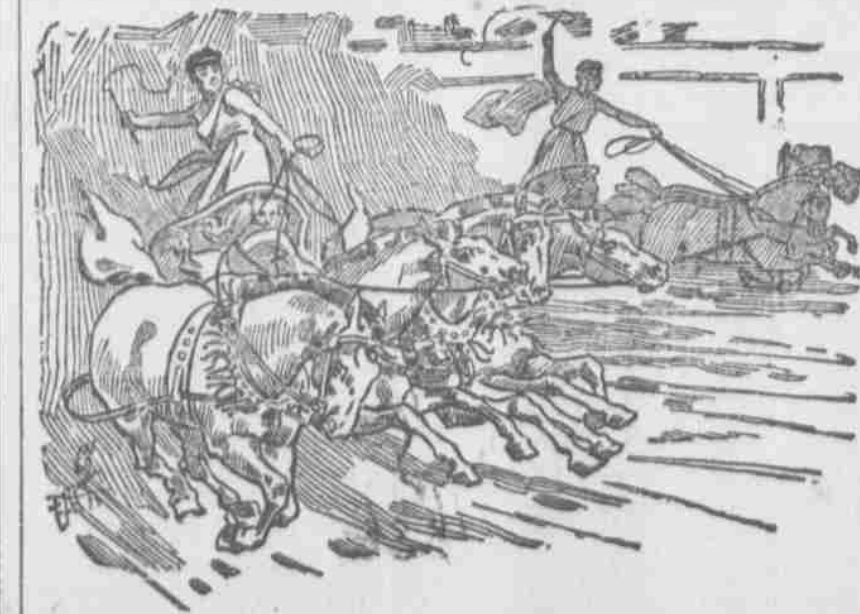

It is estimated that in these two states hundreds of thousands of cattle will be thrown on an ever falling market by the time snow fairly flies. There exists, however, a partial remedy for the Missouri and Kansas farmer and big money for cattle buyers in the magnificent New Mexican ranges grass crop of this season. From Trinidad, Colo., along the line of the Santa Fe railroad to the Texas state line is enough grass to winter, feed and fatten ten times the number of cattle contained in Missouri and Kansas. If, therefore, the Santa Fe railroad would grant what is known as "starvation stock rates" and thus allow the shipment of these now cheap cattle to New Mexican grazing grounds at an average transportation cost of \$4.50 per head, a market would at once be opened whereby the Missouri and Kansas farmer would escape the total stock loss, the cattle buyer reap large profits next year, the Santa Fe railroad do from \$500,000 to \$1,000,000 of new business, and a more or less permanent stocking of New Mexican ranges with excellent cattle grades be inexpensively achieved.—Rocky Mountain News.

DON'T TOBACCO SPIT AND SMOKE Your Lifeway!
You can be cured of any form of tobacco using easily, be made well, strong, magnetic, full of new life and vigor by taking **NO-TO-BAC**, that makes weak men strong. Many gain ten pounds in ten days. Over **500,000** cured. All druggists. Cure guaranteed. Book let and advice FREE. Address **STERLING REMEDY CO.**, Chicago or New York. 437

RETURN OF THE GREAT MORAL SHOWS
Norris & Rowe's
BIG TRAINED ANIMAL SHOWS
At Socorro, Monday, Oct. 7.

The Oldest, Richest, Greatest, and Largest Institution of Its Kind in the World.

TRAINED BABY ELEPHANTS. TRAINED GOATS—SEALS.
TRAINED DOGS AND PONIES. TRAINED MONKEYS—ELK.

300 Performing Animals. 20 Funny Clowns.

GRAND SPECTACULAR STREET CARNIVAL and Children's Fairyland Parade at 11 a. m.

Prices—Children, 25 cents. Adults, 50 cents.

NEW GOODS

We are now receiving them daily from recent purchases in eastern markets. They are up to our usual standard of excellence in large quantities and

IN GREAT VARIETIES.

Remember that we always sell good goods at low prices. We know that it is to our interest to please our customers. These goods will please and everybody is invited to

TAKE A LOOK AT THEM.

We Are Ready for the Fall Trade.

PRICE BROS. & CO.

THE NEW MEXICO

SOCORRO, N. M.

SCHOOL OF MINES

FALL SESSION BEGINS SEPTEMBER 9, 1901.

REGULAR DEGREE COURSES OF STUDY:

- I. Chemistry and Metallurgy
- II. Mining Engineering
- III. Civil Engineering

Special courses are offered in ASSAYING, CHEMISTRY AND SURVEYING.

A PREPARATORY COURSE is maintained for the benefit of those who have not had the necessary advantages before coming to the School of Mines.

TUITION—\$5.00 for the preparatory course; \$10.00 for the technical course.

There is a Great Demand at Good Salaries for Young Men with a Technical Knowledge of Mining.

For Particulars Address F. A. JONES, Director.

First National Bank

ALBUQUERQUE, NEW MEXICO.

Authorized Capital	\$ 500,000.00
Paid Up Capital, Profits and Surplus	175,000.00
Deposits	1,200,000.00

—OFFICERS—

Joshua S. Reynolds, President.	Frank McKee, Cashier.
M. W. Flournoy, Vice President.	C. A. Hawks, Assistant Cashier.

—UNITED STATES DEPOSITORY—

—DEPOSITORY FOR A. T. & S. F. AND A. & P. RAILROADS.—

Socorro Bottling Works and Confectionery

A. F. KATZENSTEIN, Proprietor.

Dealer in Fine Candies, Fruits, Stationery, Tobacco, and Cigars.

Manufacturer of all kinds of Mineral Waters.

Agent for the Celebrated Coyote Water.

All Mail Orders Promptly Filled.

Socorro, New Mexico.

Paying Propositions

—We all are looking for them in these stirring times. Don't think that mining is the only business in which they are to be found. I have them to offer in the following lines of business as well.

HERE THEY ARE

1. Livery, Feed and Sale Stables.
2. Hay, Grain, Coal, Lime and Cement.
3. Agent for the Columbus Buggy Company.
4. City Freight and Passenger Transfer.
5. First-Class Corral in Connection.

C. T. BROWN, Socorro, N. M.
