**Resolutions on the Resignation
of Hon. Charles A. Leland.**

Socorro, N. M., Aug. 24, 1900.

At a meeting of the Socorro Bar, held at the office of Silas Alexander, Esq., for the purpose of adopting suitable resolutions of respect for the Honorable Charles A. Leland upon his resignation from the bench of New Mexico as Associate Justice of the Supreme Court and Presiding Judge of the Fifth Judicial District Court of the Territory of New Mexico, the following committee was appointed to draft suitable resolutions, viz: W. E. Kelley, Elfege Baca and W. H. Winter. Said committee reported the following preamble and resolutions, which were unanimously adopted.

We, the undersigned members of the legal fraternity of Socorro, New Mexico, do most sincerely regret the resignation of the Hon. Charles A. Leland from the bench as Associate Justice of the Supreme Court and Presiding Judge of this the Fifth Judicial District Court of the Territory of New Mexico, over which he has so ably and impartially presided for the past two years. By his uniform courtesy, his prompt, fair and impartial rulings, his high sense of honor and his strict integrity in the performance of his arduous duties imposed upon him, which he has so uniformly, faithfully discharged, he has not only endeared himself to the members of the bar practicing in his court, but to all upright and law abiding people who have watched with pride his straight forward, and manly course in the administration of justice in his courts. In his faithful execution of the laws of the Territory he has been a terror to evil doers while inspiring admiration and confidence in the timid and law-abiding; therefore he is

Resolved; That it is with the deepest regret we recognize the fact that the condition of his health compels him to resign the high and honorable position which he has so honorably and faithfully filled on the bench of this Territory and District for the past two years.

Resolved; That in his resignation and leaving the bench of New Mexico it has lost a careful and able jurist, an honest, fair minded and upright judge, and one whose whole chief aim seemed to be to do his whole duty to the people, whose servant he held himself to be.

Resolved; That it is the earnest and sincere wish and desire of each and every one of us that by relief from the arduous duties of his office he may soon recover his health and the vigor of his young manhood and be permitted to round out the full life of usefulness and honor awaiting him.

Resolved; That while we deeply regret the departure of himself and family from our midst after two years of the most friendly and amicable social and business relations our best wishes go with him and his family, with hopes for his speedy recovery to health, as his ever faithful friends.

Resolved; That a copy of those resolutions and preamble be spread upon the records of the Socorro county District Court, and a copy be presented to the Hon. Charles A. Leland as a token of our high esteem, and that the newspapers of Socorro be requested to print the same.

(Signed) WILLIAM E. KELLEY,
W. H. WINTER,
H. M. DOUGHERTY,
A. A. SEDILLO,
A. A. FREEMAN,
ELFEGE BACA,
S. ALEXANDER.

Real Estate Transfers.

Frank H. Winston and wife to Henry M. Porter, land in twps. 7 and 9, ranges 14 and 15 west, April 14, 1900, \$1.

Mrs. Isabel Gonzales of Albuquerque is visiting her aunt, Mrs. S. Alexander, and family at their residence on Fischer avenue.

A. P. Frederick, post office inspector, arrived in the city Monday from Denver and later continued his journey to Magdalena.

Reverend Mark Hodgson came down from Albuquerque Monday to conduct the funeral services of his old friend and brother Lloyd Lundy.

DR. PRICE'S Cream Baking Powder

An absolutely pure and healthful baking powder. Scientifically prepared from the most highly refined ingredients. Does not contain alum, lime or other adulterant. Unequaled in strength.

PRICE'S BAKING POWDER CO., CHICAGO.

NOTE.—All cheap baking powders contain alum. Alum is a corrosive poison, the use of which in food is prohibited in many cities, and should be in all.

Dr. William Driscoll left Wednesday for Water Cañon to work his mines. The Doctor owns some valuable property in that district.

R. C. Montoya, a citizen of San Antonio who is well and favorably known in Socorro county, was a guest at the Windsor Sunday.

Orrin Rice has rented a house in El Paso. Mrs. Rice will join him Monday and they will become permanent citizens of the Gate City.

J. F. Cook returned this week from an absence of three months in the east where he disposed of a large shipment of cattle at good prices.

Mrs. Jos. Wickham returned Wednesday morning from Craig, Arizona, where she visited her daughter, Mrs. Sam Tinguely, and family.

Mrs. George O'Rear came down Thursday morning from a visit with friends in Magdalena and went on to join her husband in Los Angeles.

Why should you send out of town for your whiskeys, wines, or liquors when Biavaschi is selling the finest of guaranteed goods at living prices.

District Attorney S. Alexander went out to Magdalena this morning with his three bright young daughters to give them a pleasure ride.

C. C. Johnson came in Wednesday from a three weeks sojourn in Water Cañon. He expects to return Monday to his haunts in the mountains.

Oliver R. Smith, a graduate of the agricultural college at Manhattan, Kans., has accepted the vacant instructorship in the school of mines.

Mrs. T. A. Moore, wife of a former section boss here, came down from Magdalena Wednesday afternoon on her way to her home in Gallup.

M. Spellman, one of Kelley's merchants, was in town yesterday. Mr. Spellman expects to quit merchandizing and give his attention to mining.

The drouth is causing the coyotes to come down from the mountains into the valley. It would be well for everybody to see that his chickens roost high.

Mrs. Charles Mills and infant son returned yesterday morning to their home in Las Cruces after a vacation visit with Mrs. Mills' family in this city.

It is said that there are about fifteen cases on the Socorro county docket awaiting the attention of the judge whose appointment is expected from day to day.

Mrs. C. S. Bascom and granddaughter, Miss Louise Bascom, of Salt Lake City, Utah, who were guests of John W. Terry and family during the month of August, departed for their homes Tuesday morning.

Jas. Thorpe of Kelly called on some of his Socorro friends Thursday. Mr. Thorpe and family have recently returned from a visit of three months in Arizona.

Hon. F. W. Parker spent Sunday with friends in this city. Judge Parker attended the band concert in the plaza and was much pleased with the performance.

Frank Andrews has brought suit against the board of county commissioners for a balance of \$717.75 due him on a contract for painting and repairing the court house.

"Fred Jenkins," the outlaw who was wounded in the fight near Alma, is on the road to recovery. He is under treatment by Dr. Swisher, the county physician.

Misses Lottie Brady and Dora Burchill have accepted positions as waitresses at the Windsor. The same young ladies were formerly at the Windsor but left two years ago.

A go-as-you-please fight occurred in one of the saloons of the city Wednesday. Several arrests were made by the marshal, who appeared upon the scene at the right time.

Doctor Kittrell will make a professional trip to San Antonio tomorrow but will return on Monday night's train and be in his office Tuesday ready to receive customers.

Mr. and Mrs. Jos. Eaton and family left Thursday morning for their home in El Paso after a pleasant visit with Mr. Eaton's parents, Col. and Mrs. E. W. Eaton of this city.

The board of county commissioners was in session this week for the purpose of appointing judges of election and judges of registration. The next meeting of the board will occur Oct. 1.

John Blinn was given a pleasant party Tuesday evening on the occasion of his sixteenth birthday. Many of John's young friends and some of his older ones were present to enjoy the festivities.

Sam Chang is now a guest at the Windsor. Chicken lice invaded Sam's former sleeping room and routed him, horse, foot, and pigtail, more decisively than a regiment of Boxers would have done.

Leo Cortesy left home Tuesday morning for Grand Island, Nebraska, where he will attend a well known commercial college. He was accompanied as far as Albuquerque by his mother, Mrs. A. Cortesy.

Invitations are issued to the marriage of Katherine Neill, sister of Reverend Mayo Cabell Martin, rector of St. Clement's church, El Paso, to Frank H. Seamon, brother of Professor W. H. Seamon, formerly director of the faculty of the New Mexico school of mines.

J. P. Kelley is in from Water Cañon today trying to rent a house for the winter. If he can secure a house he will move his family into town for the purpose of placing his children in the school of mines.

In front of Mrs. Berry's residence on Eaton avenue may be seen a crab apple tree in full bloom. The tree recently appeared to be dying but an abundance of water seems to have wrought a miracle in its condition.

District Clerk John E. Griffith received a letter this morning from relatives in Emporia, Kans., saying that Judge Leland reached that place in good condition. At Las Vegas the Judge was greatly distressed by the thin air of that altitude.

Hon. C. A. Leland and family departed Tuesday morning for their former home in Caldwell, Ohio. From there they expect to go to Asheville, North Carolina, where they will spend the winter in a sanitarium for the benefit of the Judge's health.

Professor Jones arrived home Sunday morning from a business trip to Missouri, returning by way of Pueblo and other points in Colorado. He says that business seems good in Kansas City and in fact in all parts of the east that he visited.

Professor Charles Mills of the agricultural college at Las Cruces left for home Sunday morning after a pleasant visit with friends and relatives in this city. Mrs. Mills continued her visit at the home of her parents, Mr. and Mrs. Joseph Wickham.

Hugh Freeman, the newly elected secretary of the republican county central committee, has every qualification necessary for filling that office in a highly satisfactory manner, and one beneficial to the best interests of the party.—Charlesbad Argus.

Doctor Kittrell's dental rooms have been much frequented this week. Among the Doctor's customers from a distance were David Baca and family of San Antonio, José Gonzales and family of Lemitar, W. H. Reid of Engle, and Mr. Thomas of Magdalena.

W. S. Stratton has given \$25,000 to the Colorado School of Mines. If some of New Mexico's wealthy men would be stricken with a like feeling of generosity toward the New Mexico institution their liberality would command the approval of all.—Mining Record.

There were recorded this week in the office of Probate Clerk H. G. Baca two deeds by which A. T. Harrison conveys to Winfield S. Baker, trustee, of Cook county, Ill., all his right, title, and interest in two mining claims in the Dripping Spring mining district, San Andreas mountains, for the consideration of \$6,000 each.

Messrs. Dougherty, Griffith, and Winter have been much interested for a few days in an attachment for bicycles which makes it easy to ride on the rails of a railroad. It is said that by means of this attachment an average rider can attain a speed of fifteen miles an hour.

Leo Schey, a son of A. Schey, chairman of the board of county commissioners, has gone into business with his brother Alexander Schey at Williams, Arizona. Leo was formerly employed for several years by Price Bros. & Co. of this city and is well and favorably known here.

The following new cases were filed in the office of District Clerk John E. Griffith this week: Miguel A. Vigil vs. Josefita Sais y Vigil, divorce; Adolfo Torres vs. Vicente Gallegos, injunction; Frank Andrews vs. Board of county commissioners of the county of Socorro, N. M.; contract.

Dr. M. A. Saylor yesterday closed the purchase of the Hubbard property immediately across the street from the school of mines. The deed conveys about 15 acres of land for the consideration of \$600. Dr. Saylor will put the house in good repair at once and make the place his home. The property is desirable and the purchase price very reasonable.

A petition signed by a considerable number of tax-payers was presented this week to the board of county commissioners praying them to appoint an expert accountant to examine and report upon the condition of the county's finances. The petition was not granted. The board gave as the reason for its action that there was no money in the county treasury available for that purpose.

REPUBLICAN NATIONAL TICKET.

For President,
WILLIAM MCKINLEY
of Ohio.

For Vice President,
THEODORE ROOSEVELT
of New York.

CALL FOR A REPUBLICAN TERRITORIAL CONVENTION.

A delegate convention of the Republican voters of the Territory of New Mexico is hereby called to meet in the city of Santa Fe at ten o'clock in the morning on Wednesday, the third of October, 1900, for the purpose of placing in nomination a candidate from New Mexico to the 57th Congress, and to transact such other business as may properly come before the said convention.

The Republican electors of this territory and all those who believe in the principles of the Republican party and in its policies as announced in the National Republican platform adopted by the Republican National Convention held in the City of Philadelphia, June 19, 1900, who believe in and endorse statehood for the Territory of New Mexico and favor an honest, fair and just administration of public affairs in this territory, are respectfully and cordially asked to unite under this call to take part in the selection of delegates to the Territorial Convention.

The several counties will be entitled to representation as follows:

County.	Delegates.
Bernalillo	14
Chaves	2
Colfax	5
Doña Ana	6
Eddy	2
Grant	4
Guadalupe	4
Lincoln	4
Mora	7
Otero	3
Rio Arriba	9
San Juan	2
San Miguel	13
Santa Fe	9
Sierra	3
Socorro	8
Taos	6
Union	4
Valencia	9

Total.....114
Alternates will not be recognized.

Proxies will only be recognized if held by citizens of the same county from which delegates giving proxies were elected.

County conventions must be held on or before Saturday, September 29, 1900.

County committees will take proper action and call county conventions at such times and places as they may deem best before or on that date.

The chairmen and secretaries of the county conventions are earnestly requested to forward true notice of the proceedings of such names of the delegates elected to the Republican county convention to the secretary of this committee by the next mail after the call of such conventions.

Where there are no regularly organized county committees the members of this committee are authorized and directed to perform the duties of the county committee and act accordingly.

JOHN S. CLARK,
Chairman of the Republican Territorial Central Committee.
MAX FROST, Secretary.

CAPTAIN FALL may be elected to congress, but not this fall.

RECENT news dispatches indicate that John Bull is in the China shop with all four feet.

In view of that contract for 6,000,000 pounds of American beef the Russian Bear ought to contemplate the coming winter with complacency.

REAL estate in Socorro is again becoming desirable. Several pieces of property have recently changed hands at advanced prices. Come early and avoid the rush.

THE Grand Army of the Republic to the number of 40,000 has swooped down upon Chicago, captured the city, and is now holding high carnival within her gates.

To the present time there has appeared to be great apathy among the republican politicians of Socorro county. Now, however, there are premonitions of an eruption that will be likely to make the life of a politician of the county worth living.

It is now reported that Solomon Luna declines to become a candidate for delegate to congress. Even if the report be true the mention of Mr. Luna's name knocked the democrats so completely off their feet that they will be likely to take the entire count before getting up.

It is reported that Rev. Gallon has recently been disciplined for drunkenness. The reverend gentleman should petition the proper authorities to allow him to change his name. This thing of trying to live up to a name often over-taxes one's capacity in more respects than one.

ACCORDING to correspondence in the Sierra County Advocate the ghost that recently appeared to certain sober minded citizens of Socorro has found an imitator at Lake Valley. The public is warned against imitations. Don't accept any other "just as good." None genuine without our signature.

MR. BRYAN is fond of quoting Abraham Lincoln. Mr. Lincoln was excellent authority in his time, but republican doctrines have since been revised and enlarged to suit new conditions. The eloquent Colonel should not be so persistently oblivious of the fact that a great many things have happened since the 1860's.

JOSHUA S. REYNOLDS, the banker of Las Vegas, has presented the city of Albuquerque with a public building and four surrounding lots. The building, erected in 1890 at a cost of \$24,000, is according to the terms of the gift to be devoted to the purposes of a public library forever. Every citizen of New Mexico ought to feel gratified at this evidence of a survival of public spirit.

EX-PRESIDENTS Harrison and Cleveland have been invited to come forth from their retirement and serve on an international arbitration board in pursuance of the terms of the treaty of The Hague. The United States is the first government to show that she accepted the terms of the treaty in good faith and the administration has acquitted itself well in inviting two such distinguished citizens to a place so important a board.

IF in the early hours of morning you should meet a citizen of Socorro with red blotches over his face and hands, with a general air of weariness and despondency, and with a suicidal look in his eyes, don't flee from him, don't shun him. He is probably in a sensitive state of mind. It is not a case of small pox. The chances are that he has wrestled all night with one of the myriads of mosquitoes that infest the land and was "bested" though he feels much "worsed."

CAPTAIN A. B. FALL seems inclined to become a willing sacrifice upon the democratic altar. The Captain ought to know better, but as he doesn't some kind friend would do well to pluck him by the coat tail and remind him that there is to be no honor in receiving the drubbing that is sure to be administered to the democratic candidate for congress about sixty days hence.

SELECTIONS of 16,183.72 acres of public land have recently been made in the Las Cruces land office district for the school of mines. These selections have been approved by the United States land commission. It may be some time before the school realizes any revenue from this source but every such acquisition brightens the prospect for the future usefulness of the institution.

The New Mexico School of Mines will again open its doors September 10. The attendance last year was unusually large and a still larger attendance is already assured for the coming year.

The school has now been conducted long enough for its real usefulness to become apparent. Its graduates without exception are acquitting themselves well, nearly all of them holding responsible positions and doing valuable work. This is the chief test of the value of an educational institution, and the chief warrant for its continued support.

The outlook for the institution is encouraging. The last territorial legislature generously increased its revenue and there is good reason to believe that the general government is about to begin satisfactory annual appropriations for its maintenance and development. But the school has of late made many staunch and influential friends, and herein lies its greatest strength. Let all friends of the school of mines be of good cheer, for the time is near at hand when it will be recognized as the most valuable educational agency in the territory.

A Good Samaritan Dog. From the Philadelphia Record.

A butcher of Kalos street, Wissahickon, tells a dog story which he swears is true. He has a little dog that is so clever that it is sent every morning to the baker's with a basket in its mouth for a dozen rolls. The baker always gives it thirteen, but there came a day some time ago when the dog only brought home twelve rolls. Next day and the next it continued to be a roll short, and as the baker, being reproached, declared he had never placed less than thirteen in the basket, it was determined to watch the dog one morning. It got its basket filled at the baker's and then set out for home by a roundabout way. It entered the yard of a stranger, and in this yard was a little kennel, and in the kennel lay a mother dog with a litter of new-born pups. The visitor set down his basket, took out a roll in his mouth, pushed it into the kennel, took up his basket again, and came home. The trick was so captivating that the dog was not interfered with. He continued his attentions to his friend until she was able to be about again. Since then he has brought home thirteen rolls, as of yore.

WILL DOUBLE ITS CAPACITY. The Cerrillos Smelter Places an Order for 80,000 Brick.

The Cerrillos Smelter Company has contracted with the superintendent of the penitentiary for 80,000 brick which are to go into improvement now in progress at their plant. They are also giving out large orders for lumber and Superintendent Wells, who was in the city late on Saturday evening, said that these orders were given out with a view to doubling the capacity of the plant and bringing it up to date in every feature. The addition of a roaster, he said, would enable the smelter to handle a much wider range of refractory ores than otherwise could be treated. This will be good news for mine owners of south Santa Fe county, and they should now redouble their efforts to get out ores for supplying the smelter.—New Mexican.

CUTS AND BRUISES QUICKLY HEALED.

Chamberlain's Pain Balm applied to a cut, bruise, burn, scald or like injury will instantly allay the pain and will heal the parts in less time than any other treatment. Unless the injury is very severe it will not leave a scar. Pain Balm also cures rheumatism, sprains, swellings and lameness. For sale by A. E. Howell, Socorro; W. W. Borrowdale, Magdalena. Subscribe for THE CHIEFTAIN

IMPORTANT RULING.

The Supreme Court of New Mexico sustains Judge Parker in the Elephant Butte Dam Case.

United States vs. The Rio Grande Dam and Irrigation Company; affirmed.

The latter is what is known as the Elephant Butte dam case, and is by far the most generally interesting to New Mexico people of all the cases decided at this term. This decision stands as another defeat for the national government in its efforts to infringe upon the rights which the people of New Mexico and Colorado have to the use of the waters of the Rio Grande and its tributaries, and to pander to the interests of a few political schemers and town lot boomers owning lands on the international boundary line at El Paso and Juarez, Mexico. The supreme court in passing upon the case, sent it back to the third judicial district of New Mexico for further investigation on the point whether the impounding of waters at the Elephant Butte site would serve naturally to decrease the flow in the Rio Grande at that point where the stream was admitted to be "navigable"—800 miles below El Paso. Judge Parker heard the case, and decided it against the government, and the federal attorneys appealed to the territorial supreme court on fourteen assignments of error, among them being one to the effect that "the statement of facts contained in the court's finding does not justify the court in finding as a matter of fact and concluding therefrom that the amount of water proposed to be appropriated and impounded at Elephant Butte by the defendants will not substantially diminish the navigable capacity of the Rio Grande within the present limits of navigability. That the court erred in refusing to reopen the case upon application of the plaintiff and to permit the obtaining of additional evidence to establish facts necessary to a proper determination of the case."

Chief Justice Mills wrote the opinion in the case, holding that there was no error in the proceeding in the lower court, and fully sustaining Judge Parker's decision. United States Attorney W. B. Childers gave no notice of appeal, and in response to reportorial inquiries stated he was awaiting instructions from Washington.—New Mexican.

MCKINLEY'S EARLY AMBITION.

Would Have Been Satisfied with Election as Probate Judge.

President McKinley and Senator Scott, of West Virginia, both Ohio boys, were in the same regiment in the army of the civil war. They cast their first votes for Lincoln in 1864.

"I shall never forget that first vote," said Senator Scott to some friends around him. Some of the ballots were cast into soap boxes, some into candle boxes. There was no Australian ballot law then. I remember a conversation I had at the time with McKinley. He spoke of his study of the law and speculated in regard to his future. It was a special wonder with him whether he could reach a position which would bring him influence enough to elect him probate Judge in his native county.

Senator Scott at the day as little expected to be a Senator of the United States as McKinley expected to be President. It was intended that he should be a physician, but the war broke in upon his studies and after the war he was guided into new avenues.—Chicago Chronicle.

Have you a sense of fullness in the region of your stomach after eating? If so you will be benefitted by using Chamberlain's Stomach and Liver Tablets. They also cure belching and sour stomach. They regulate the bowels too. Price, 25 cents. Sold by A. E. Howell, Socorro; W. W. Borrowdale, Magdalena.

Symbols of Success

A vacant chair and a portrait on the wall—strange symbols of success! Yet, in many a home these are the symbols of the success of the man who did not find time to care for his health, or neglected the increasing warnings of disease which Nature gave him.

The stomach is the very center of vital power and must be kept in health if sickness is to be avoided. Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It increases the supply of pure, rich blood, and gives the body strength to withstand the strain put upon it by the struggle for success.

His Little Joke.

From London Tidbits. A gentleman walking along the streets of London on a recent muddy day suddenly stopped and began turning over the mud with the point of his umbrella. He had not been occupied thus for many minutes before a street arab came along, who, after watching the operations for a short time, broke out with, "I say, guv'nor, what are you lookin' for?"

The gentlemen looked up and quietly remarked, "I'm looking for a sovereign, my boy." "You are eh? Then I'm with you, guv'nor," and the urchin fell to scraping in the mud with his fingers for all he was worth. Soon a second boy came along, asked the same question, received the same answer, and fell to in the same manner. Then a third, a fourth and a fifth appeared, and so on, until quite a large crowd joined in the search, and kept at it with amazing perseverance.

At last, when every available scrap of mud within a radius of at least 5 yards had been turned over two or three times, the crowd began to grow restless, and the first boy turned to the gentleman and asked,

"I say, guv'nor, where did you lose that sovereign?" "My boy," remarked the gentleman, calmly, as he walked away, "I have not lost any sovereign. I never said I had. I was merely looking for one."

WILL DOUBLE ITS CAPACITY. The Cerrillos Smelter Places an Order for 80,000 Brick.

The Cerrillos Smelter Company has contracted with the superintendent of the penitentiary for 80,000 brick which are to go into improvement now in progress at their plant. They are also giving out large orders for lumber and Superintendent Wells, who was in the city late on Saturday evening, said that these orders were given out with a view to doubling the capacity of the plant and bringing it up to date in every feature. The addition of a roaster, he said, would enable the smelter to handle a much wider range of refractory ores than otherwise could be treated. This will be good news for mine owners of south Santa Fe county, and they should now redouble their efforts to get out ores for supplying the smelter.—New Mexican.

When you want a pleasant physic try the new remedy, Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. Price, 25 cents. Samples free at A. E. Howell's drug store.

JAMES ADDISON REAVIS.

Fooled the Smartest Lawyers of America, and Came to Grief.

A tall, thin, gray-haired, haggard man, who lives in a lonely, squalid cabin home on the outskirts of Albuquerque, N. M., where he earns a pittance by looking after a bunch of horses along the Rio Grande, has been the boldest, most remarkable character the southwest, and very likely the United States has ever known. Senator Teller, of Colorado, said recently that this poor, broken, prematurely old man has been the most extraordinary forger of modern times, and Robert G. Ingersoll wrote a few years ago that this man was the most remarkable legal fabricator he had ever heard of.

He is James Addison Reavis, or as the people in this region used to know him, Prince Reavis. Through eighteen years of persistent scheming, ceaseless activity, and never-flagging perseverance, he built up a fraudulent title to 13,400,000 acres of the most valuable strips of Arizona and New Mexico. A dozen of the leading lawyers of America believed his claims to be unassailable, and for a time it seemed as if he would soon be vested with the rights of the property he claimed. The average career in forgery is limited to a dozen or possibly a score of checks, drafts or negotiable notes. But here was a man who forged long deeds in Spanish, inserted fabricated documents in ancient and guarded public records, invented royal Spanish cedulas, manufactured wills a century or more old, fabricated detailed probate proceedings during the eighteenth century, altered the alcalde's records at Guadalajara, Mexico, and the old cathedral records now kept at Madrid, Spain. He got up old and beautifully colored documents on parchment, showing the births and baptismal records of thirty-three ancestors, and altered archives at the City of Mexico as corroborative evidence. He created out of his own imagination a line of aristocratic, holy and rich ancestors from Seville, Spain, in 1704, to Monterey, Mexico, in 1856. He gave each ancestor an individuality, and had a lot of traditions concerning each ancestor. In this he exhibited as much art as a novelist does in conceiving a book full of characters. And he did this so ingeniously, and he worked out the plot so finely, that lawyers of national reputation believed his chain of evidence was flawless. * * * * The court of private land claims unanimously rejected Reavis claim. The same day he was arrested for conspiracy. He was tried speedily. Mrs. Reavis went on the witness stand. Under a searching cross-examination she broke down and confessed that she had been married solely because her husband wanted some one to help his claim to the mythical barony of Arizona. Amid her tears she told how she has been taken to Mexico to acquaint her with the local color of her supposed home there, and how she has been drilled daily for several years concerning what she was to say of her childish recollections and the Peralta history.

Reavis was convicted and sentenced to the United States penitentiary at Santa Fe for six years. That was in January, 1895. He earned time by good conduct, and last September he was set at liberty. There are four indictments hanging over him, but he is a shrunken, haggard man in wretched health, and it is not likely that he will ever be tried on any of them.—Chicago Inter-Ocean.

CHAMBERLAIN'S COUGH REMEDY A GREAT FAVORITE. The soothing and healing properties of this remedy, its pleasant taste and prompt and permanent cures have made it a great favorite with people

everywhere. It is especially prized by mothers of small children for colds, croup and whooping cough, as it always affords quick relief, and as it contains no opium or other harmful drug, it may be given as confidently to a baby as to an adult. For sale by A. E. Howell, Socorro; W. W. Borrowdale, Magdalena.

CLIFF DWELLER'S PARK. A Field of Prehistoric Ruins That Should Be Preserved. (Denver Republican.)

The land department of the general government has taken the preliminary steps for the creation of a national park that shall inclose the cliff dwellers' ruins in New Mexico. Nine townships, which would comprise a section fifty-four miles square, have been withdrawn from entry and sale. These lands lie west of the Rio Grande river and south of Espanola. They are full of cliff dwellings and felices, and of evidences of all kinds which demonstrate the existence of a prehistoric civilization of which but little is yet known. The principal work that has been done among them, and the most of the excavations made, have been under the direction of President Hewitt, of the normal university of New Mexico, who has mapped the region and demonstrated its rare archaeological value. The work is prosecuted every summer, and is carried on under great difficulties, it being necessary to transport water sometimes for thirty miles. That this vast field of ruins should be preserved from being despoiled by relic hunters, and saved for systematic scientific research is a proposition that no one will deny. The action of the federal land department is therefore timely, and will meet with the approval of all scholars and antiquarians. The exploration of these ruins may lead to discoveries that will throw new light on history and science, and to the establishment of the fact that the American continent is older than that of Europe, and was inhabited by men long before the existence of any known civilization across the Atlantic.

Biggest Gun in the World. The gun guarding the harbor in New York is the largest in the world. It is no less than a ton and a half heavier than any other gun in existence, and will throw a shell weighing 2,350 pounds, while the weight of the powder required for each charge is 1,500 pounds. It is said to carry sixteen miles, and every time it is fired means an expenditure of \$1,000, and it can be fired once in every two minutes. The cost of making was more than \$125,000—the total expense, including its armament and placing it in the harbor, amounting to \$500,000. The gun is so large that a man could crawl into it through the muzzle, and so capacious that fifty soldiers could shelter inside it. A hundred horses could barely draw its burden of 126 tons, and two and a half battalions of infantry could not carry it a dozen yards.

CURED OF CHRONIC DIARRHOEA AFTER THIRTY YEARS OF SUFFERING. "I suffered for thirty years with diarrhoea and thought I was past being cured," says John S. Hallway, of French Camp, Miss. "I had spent so much time and money and suffered so much that I had given up all hopes of recovery. I was so feeble from the effect of the diarrhoea that I could do no kind of labor, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in reach of all who suffer as I have." For sale by A. E. Howell, Socorro; W. W. Borrowdale, Magdalena.

Skin Diseases

When the excretory organs fail to carry off the waste material from the system, there is an abnormal accumulation of effete matter which poisons and clogs the blood, and it becomes sour and acid. This poison is carried through the general circulation to all parts of the body, and upon reaching the skin surface there is a redness and eruption, and by certain peculiarities we recognize Eczema, Tetter, Acne, Salt Rheum, Psoriasis, Hymepelas and many other skin troubles, more or less severe. While the skin is the seat of irritation, the real disease is in the blood. Medicated lotions and powders may allay the itching and burning, but never cure, no matter how long and faithfully continued, and the condition is often aggravated and skin permanently injured by their use.

The disease is more than skin deep; the entire circulation is poisoned.

The many preparations of arsenic, mercury, potash, etc., not only do not cure skin diseases, but soon ruin the digestion and break down the constitution. S. S. S., nature's own remedy, made of roots, herbs and barks, of great purifying and tonic properties, quickly and effectually cures blood and skin troubles, because it goes direct to the root of the disease and stimulates and restores normal, healthy action to the different organs, cleanses and enriches the blood, and thus relieves the system of all poisonous secretions. S. S. S. cures permanently because it leaves none of the original poison to reformat in the blood and cause a fresh attack.

Skin Diseases will be sent free upon application.

Healthy blood is necessary to preserve that clear, smooth skin and beautiful complexion so much desired by all. S. S. S. can be relied upon with certainty to keep the blood in perfect order. It has been curing blood and skin diseases for half a century; no other medicine can show such a record.

S. S. S. contains no poisonous minerals—is purely vegetable and harmless. Our medical department is in charge of physicians of large experience in treating blood and skin diseases, who will take pleasure in adding by their advice and direction all who desire it. Write fully and freely about your case; your letters are held in strictest confidence. We make no charge whatever for this service. Our book on Blood and THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

TEMPORARY INJUNCTION GRANTED.

Judge McFie Decides That Certain Mining Location Notices Are Valid.

In the suit of James A. Massie et al vs. H. O. Bursum, superintendent, an injunction proceeding brought to restrain the superintendent of the penitentiary from mining, removing and utilizing in the manufacture of brick, fire and other clays from certain lands located in the Arroyo de Sais, near the head of Palace avenue, Judge McFie yesterday decided that the lode mining location made by A. J. Fischer was good and valid so far as the phraseology of the location notice is concerned and granted a temporary injunction against the superintendent of the penitentiary until the case can come up and be heard on its merits, requiring plaintiffs to file an injunction bond in the sum of \$500. Solicitor General Bartlett, on behalf of Superintendent Bursum, has filed his answer in the premises which enters a general denial to allegations set forth in the original bill filed by plaintiffs and avers that the penitentiary authorities were upon the ground by and through permission from the city government which congress has vested with control of the land in controversy. W. H. Pope, as attorney for the plaintiffs, will file his reply in a few days and thus the issues involved will be squarely joined and the case will come up for decision on the facts within 30 days.—New Mexican.

Church Services.

Services will be held in the Presbyterian church of this city tomorrow at the usual hours, viz.: Sunday school at 10 a. m., preaching at 11 a. m., C. E. meeting at 7:30 p. m. Everybody is cordially invited to be present.

A fine grand square piano can be bought cheap. Apply to J. J. Leeson.

NOTICE OF SUIT

In the District Court of the Fifth Judicial District of the Territory of New Mexico, within and for the County of Socorro.

Firmin James, vs. William M. Hurst, et. als. No. 3260.

William M. Hurst, Laura B. Hurst his wife, Emilene Putman, Ferdinand A. Wyman, Trustee, and W. F. Wyman & Company, are hereby notified that a suit has been commenced against them and others in said District Court, by Firmin James, in which said plaintiff seeks to recover the sum of \$6,500.00, with interest at eight per cent per annum from July 28th, 1892, and costs of suit, upon a promissory note given by said William M. Hurst to plaintiff on said 28th day of July, 1892, and to foreclose a certain mortgage given by said William M. Hurst and wife to secure said note, upon the following described real estate, situated in the county of Socorro, Territory of New Mexico, to-wit:

The north half of the northwest quarter of section 17, the east half of the northeast quarter of section 18, in township 10, south, range 16 west, also the northeast quarter of the northwest quarter, the north half of the southwest quarter and the southwest quarter of section 30, township 6, south of range 14 west,

THE CHIEFTAIN.

U. S. MARSHAL KILLED.

The Mogollon Mountains the Scene of Another Fight With Outlaws.

The following letter was received yesterday morning from a correspondent of THE CHIEFTAIN: Cooney, N. M. Aug., 28, 1900.

EDITOR CHIEFTAIN:

The Mogollons were the scene of another shooting affair yesterday morning over the range at the head of Willow creek.

Deputy Sheriff and United States Marshal Johnson of Silver City was over on Willow Creek looking for stolen cattle and had arrested Ralph Jenks on suspicion. Jenks is a cattleman who ranches on the creek. While the officer was bringing his prisoner over the hill he was shot several times from ambush by parties who had gone round to head him off. The news was brought in this morning by a brother of the prisoner. It is not yet known whether Johnson was killed or only wounded. Deputy Foster with a posse has gone over to get Johnson and arrest the parties who did the shooting. I will write the particulars later.

MOGOLLON.

Since the receipt of the above letter it has transpired that Marshal Johnson was killed.

Chloride Letter.

Chloride, N. M., Aug. 29, 1900. EDITOR CHIEFTAIN:

Miss Pink Sullivan has gone to San Marcial.

Mr. Walter Hearn, with Mrs. Hearn and Miss Sullivan, returned from Diamond Creek the first of the week and report a very pleasant trip.

Mr. Greene is authority for the statement that work will be resumed on the May mine as soon as the weather is cooler. They are afraid of trouble with bad air at present.

Chris Rugsesser brought in some fine looking ore from his Great Eastern claim in the Cuchillos. It is a high grade copper glance running 40 per cent copper and 125 ounces in silver.

Mr. Henderson was in town the first of the week. He reports that he and his partner, Ross, are having trouble with bad air and an increased flow of water in the shaft of the Ben Harrison.

Mr. Fred McCrath will leave for the east about the first of September. He goes to Michigan to enter college and study dentistry. He expects to practice in this territory after graduation.

Mr. Stewart Greene came in on Tuesday from Cascade, Colo., to spend the fall and probably the winter. His health is delicate and he will rough it with Mr. Coddling at the Hoosier Boy camp.

Lew Kruse has been working on the Cliff mine since his return from El Paso. He expects to have some parties in to examine it and is putting everything in shape. This is a good property and it is hoped that he may make a sale. M. W. M.

Gone to His Rest.

Sunday, August 26, at 10:30 a. m. at the residence of his son-in-law, Anton Mayer, in this city, the spirit of Lloyd Lundy crossed the dark river "whence no traveler returns." Deceased was born in Munsie township, Liconn county, Pennsylvania, December 3, 1819.

For over 65 years brother Lundy was an honored member of the Methodist church. Those who knew him best know that he has not lived in vain. If all Christians shall strive as earnestly to advance the Christian standard it will hasten the day when o'er the earth shall swell the song that angels sang on the plains of Bethlehem—"Peace on earth, good will to men."

When the aged lie down to sleep we remember the words of the psalmist, "though they be so strong that they come to four score years, yet their strength is but labor and sorrow." Though the tendrils of a lifetime be roughly riven asunder by the hand of death, we still may say, "Lord, thy servant has fought a good fight. May his rest be sweet and secure." X.

Church Services.

Services will be held in the Presbyterian church of this city tomorrow at the usual hours, viz.: Sunday school at 10 a. m., preaching at 11 a. m., C. E. meeting at 7:30 p. m. Everybody is cordially invited to be present.

ADDITIONAL LOCALS.

Married, in this city, Saturday, September 1, 1900, Paul J. Terry and Miss Margaret M. Fitch, both of Socorro. Rev. M. Matthiasson, pastor of the Presbyterian church, officiating.

Otto Tuschka, a graduate of the school of mines who is well known in Socorro, arrived in town Monday morning for a visit of a few days. Mr. Tuschka was assayer for a Mexican mining company until three months ago when he accepted a position in the Seamon assay and chemical laboratories of El Paso.

Sheriff Blackington was called to Rosedale Wednesday by telegram on official business. It seems that an American had slapped a Mexican on some provocation and the latter with a relative returned armed to avenge the blow. On arriving upon the scene the sheriff easily put an end to all danger of disturbance.

Hon. Elfege Baca, a prominent attorney of Socorro and one of the leading republican politicians in the southern part of the territory, is in the city on business. Mr. Baca is a candidate for the judgeship of the Fifth judicial district made vacant by the resignation of Judge Leland. It is understood the gentleman is also making arrangements to establish a Spanish republican weekly at San Marcial.—Journal-Democrat.

L. K. Hanna of San Antonio has bought the Wattlelet property across the street from the residence now occupied by Mr. Wattlelet and family, and will take possession in a few days. It is reported that the consideration was \$500. Mr. Hanna has secured a pleasant home and he and his family are so well spoken of that all good citizens of Socorro may feel assured that the addition to their number is a most desirable one.

Joseph Price, senior member of the firm of Price Bros. & Co., arrived home this morning from a trip to New York and Chicago where he went to purchase fall and winter stocks of goods. While attempting to board a crowded cable-car in Chicago Mr. Price had the misfortune to fall and quite seriously injure both his knees and one shoulder. He is now under the doctor's care and hopes soon to be in perfectly good condition again.

Jos. E. Smith has secured a lease for a term of years on the old Park House property and will at once invest about \$1,000 in repairs and improvements on the building. Every thing will be put in excellent condition for the accommodation of guests. It is understood that Mrs. J. M. Hill is to have charge and will conduct a first class boarding and rooming house. The location is an exceedingly pleasant one and Mrs. Hill will doubtless merit and receive a generous share of patronage.

Professor F. A. Jones, director of the School of Mines at Socorro, went south this morning after spending the summer in Kansas City and other Missouri points. Prof. Jones says the school will open September 10 with very favorable prospects. He is confident that the senate bill donating \$15,000 annually to each of the schools of mines in the states and territories will pass the house next winter. This will place the Socorro institution in the front rank of territorial colleges, and will be a decided stimulus to the mining interests of the territory.—Journal-Democrat.

A remarkable occurrence took place one day this week as the noon train from Magdalena was coming down the grade in the edge of town. A female burro and her young were grazing near the track. The approaching train frightened the little one and it ran upon the track directly in front of the locomotive. The mother, apparently appreciating the danger which menaced her offspring, ran up to it and placing her nose against it pushed it off the track. The saving of her young, however, cost the mother her life for before she could get off the track herself the locomotive struck her and killed her. Several who witnessed the act of the mother were quite affected by its heroism and were impressed with the conviction that even the despised burro has some redeeming traits.

When you want a pleasant physic try the new remedy, Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. Price, 25 cents. Samples free at A. E. Howell's drug store.

Mt. Carmel's Twenty-Second School Opening.

As usual classes will be organized at Mt. Carmel on the first Monday of September.

It is worthy of mention that this is the oldest educational establishment in Socorro, and has progressed with time, observing, as it does, all the points of modern educators in science and art, laying at the basis solid principles of morality and Christian refinement.

The Sister's school was commenced in Socorro in the autumn of 1879, before the railroad was extended through this part of the territory.

At present there are remaining but two of the first band of sisters who took possession of Mt. Carmel to relate the incidents of their four days journey from Santa Fe to Socorro, and their arduous labors in planting the seeds of knowledge in the uncultivated fields of this region of the Rockies. But "perseverance wins the crown," and round by round the ladder has been climbed till, in the early dawn of a new century, we see a glimmer of aureole manifesting to the world that Socorro is neither the last nor the least among the cities of scientific, moral and intellectual development.

In the convent school the standard of excellence is the highest, and the system of monthly examination and reports will determine the merit of pupils to receive class and conduct rewards at the close of school.

Day pupils are admitted on moderate terms, the price varying with course of study pursued, and boarders receive special attention and instruction.

For further particulars apply to SISTER SUPERIOR, Mt. Carmel Convent, Socorro, New Mexico.

A ROUGH RIDER STORY.

It Was Told by Governor Roosevelt While He Journeyed Through Kansas.

(Alton Enterprise.)

"During the storming of San Juan hill," said Governor Roosevelt, while remarking on the extreme heat, as he journeyed through Kansas, "I was requested by one of my men to betake myself to the very hottest region, but when it comes to a hot day I always congratulate myself that I didn't go.

"There was a young fellow from Arizona—Rusby by name—who was shot straight across the top of the head. I happened to overtake him, and saw by the way the blood was streaming down his face that he was in no condition to stay in the front. Riding up to his side I tapped him on the arm and said, 'You go to the rear.'

"Well, I'll never forget the face that fellow turned toward me," said the governor. It was one mass of blood and this added horrible fierceness to the look he gave me.

"You go to hell," he said, as he struck out on a run up the hill.

"I couldn't forget such a fellow, and I got him a commission in the regular army. He's now in the Philippines."

The Ice Habit.

The ice habit is making rapid progress in Great Britain largely owing to the calls of Americans. To-day all first class establishments put ice upon the tables in small tubs and guests pick out as much as they desire with ice tongs. Though few saloons and restaurants have refrigerators, many private houses are now provided with them. The consumption of ice would be much greater if regular companies distributed it, but the business is now largely in the hands of fishmongers. The yearly consumption of ice in England is 450,000 tons and in London 160,000 tons. Much of the ice is brought from Norway and a considerable quantity is manufactured.—Scientific American.

Notice to Teachers.

I hereby announce to the teachers of Socorro county that an examination of teachers will be held in the city of Socorro on the 14th and 15th days of September, 1900, for the purpose of issuing teachers certificates to those qualified to teach in the public schools of the county of Socorro. A. C. TORRES, County School Sup't.

KNOW YOUR FUTURE.

Madame Montague, one of the most noted Palmists and Clairvoyants of the day, is here and will remain

a few days only. Madame Montague is direct from Old Mexico and El Paso, where she has been for five months, and her parlors were packed with prominent people, some coming over 250 miles to receive advice. She locates lost or buried treasures, reunites the separated, advises in lawsuits, love, marriage, divorce, or any thing pertaining to your life's history, gives also the Egyptian talisman that brings success in all undertakings.

WINDSOR HOTEL, Room 2.

He Has the Idea.

Here is a staggerer, said to have been received by an Alamo-gordo candidate for office the other day.

"Dear sir and Fren—Hearin that you wur in the Raice fer offis, I want to know if you would caire for the voat-of my Settlements. As I goes, so goes that voat. The Settlement Swairs by me, and what I tells 'em to do they does. It is a mixed voat, but it is an intelligent voat, if I does say it myself. It is a voat that kin read, rite and count. If you wants that voat let me know. If you don't want that voat, I know who does."—Citizen.

Paying Propositions

We all are looking for them in these stirring times. Don't think that mining is the only business in which they are to be found. I have them to offer in the following lines of business as well.

HERE THEY ARE

1. Livery, Feed and Sale Stables.
2. Hay, Grain, Coal, Lime and Cement.
3. Agent for the Columbus Buggy Company.
4. City Freight and Passenger Transfer.
5. First-Class Corral in Connection.

C. T. BROWN, Socorro, N. M.
