## HOW MONEY HELPS TO MAKE THE MAN

Money in the bank is more than money—it is character. The man with a banking account is seldom out of work. His thrift is recognized—he is looked upon as a reliable man. If a man is to be selected for promotion—the man with the bank account is apt to be chosen for he is looked upon as a reliable man and a good citizen. This bank solicits the accounts of wage earners, farmers, stockmen, merchants and all others who wish to become thrifty. It does not matter if your first deposit is small.

We received a letter from L.  
W. Ballew requesting us to send  
the Clipper to him at Ft. Worth,  
Tex. He says it is as dry there as  
it ever was in New Mexico and  
that he is coming back some day.

Dan Siane, a man that only had  
one hand and used to be around  
Cuervo, recently stood trial in El  
Paso for stealing horses and was  
sentenced to four years in the  
penitentiary.

Mr. Brewer, the blacksmith  
stated last Saturday evening that  
he would start to the Buxton  
neighborhood that night and we  
have not heard from him since  
up to this writing Wednesday.

Mrs. Sallie Ballew called at  
this office Monday and ordered  
the Clipper sent to her son-in-law,

homa, was here last week a few  
days but left last Monday morning  
again. Mr. Weber talked of  
putting a new thrashing machine  
into this locality to thrash wheat  
oats, maize millet and cane seed.  
It may be he can be persuaded to  
ship in one this fall.

J. A. Obanon and J. H. Wood-  
ward brought in a house from  
the country Tuesday that Sam  
Pepper had bought from Obanon.  
Sam had the country house set  
behind his city residence for a  
kitchen. Sam has had his city  
residence given a fresh coat of  
paint and his place begins to look  
like white folks lived there.

Ed Dudley was in town Tues-  
day and was sure highly delighted  
over the rain he had Monday  
evening. The music of the frogs  
since the rain made him  
feel like he had been trans-  
planted back to his old home in  
southeast Missouri where he could  
hear the croak of the frogs in the  
swamps the year around. Ed got  
very tired of the chills and fevers  
that sit around on the stumps near  
Caruthersville. Missouri and  
leap on nearly every person that  
passes near.

## STATEHOOD

BY JULY 4th.

Washington, D. C., June 10.—  
Before the meeting of the senate  
committee on territories at 10:30,  
Judge Fall for one hour defeated  
the constitutional convention and  
the constitution against the assault  
of H. B. Ferguson, A. A. Jones,  
J. D. Hand and Mc. Gill. He  
pleaded for a prompt approval of  
the constitution. At the beginning  
Chairman Smith read telegrams  
from boards of trade, urging  
prompt admission to statehood.

Question of Senator Hitchcock:  
"Did New Mexico not want state-  
hood bad enough to accept the  
Flood resolution?"

Judge Fall preferred the ap-  
proval of the present resolution  
rather than lose statehood. He  
would if given the choice, today,  
accept the Flood resolution.

After the meeting, a senator  
said that it appeared as if the  
people of New Mexico are scared  
that if they did not accept the  
Flood resolution they would lose  
statehood, that if the Flood resolu-  
tion is not accepted, the Demo-  
crats and Independent Republi-  
cans would combine to disapprove  
the New Mexico constitution.  
The senator said that there is  
nothing in such a report, and that  
certain Democrats, like Senator  
Bailey, would resent such at-  
tempted coercion. The indica-  
tions are that the committee will  
approve the New Mexico constitu-  
tion that the amendment will be  
accepted by the house, signed by  
the president and that the pro-  
clamation for the election of state  
officers will be issued by July 4th.

## A FINE RAIN

Cuervo sure had a fine rain  
Monday evening. The water  
rushed down the slopes in great  
shape. It wet the ground and  
put water in the holes and made  
the frogs happy. Before the  
rains ceased the frogs began choir  
practice and it was not long till  
they could sing like they used to  
in Negro-wool swamp in south-  
east Missouri except there were  
no big bull frogs to carry the  
bass, but all other parts were  
sung to perfection.

It rained northeast and south  
east of Cuervo. The rain extend-  
ed southeast about five miles. Ed  
Dudley and Al Easley got a fine  
rain. Al Easley reports that his  
snakes all got drown and that  
the frog's choir practice kept him  
awake all night. We had always  
counted on Al Easley being fond  
of music before and believed that  
nice sweet music that the frogs  
make would have put them to  
sleep in great shape.

The train men report that it  
rained at Tucumcari Sunday night  
and Monday evening and at all the  
stations between here and there.

The prospects for the Urton  
Lake project and the new railroad  
grow brighter daily, assuring a  
bright prospect for Ft. Sumner  
on the Pecos.—Ft. Sumner Re-  
publican.

**ALASKA IS NEAR REVOLT**

**THE SMOLDERING FIRES OF ALASKA ARE READY TO BURST INTO FLAMES.**

**MAY DEFY U. S. ARMY**

**VANDERLIP OF NEW YORK MAKES STARTLING PUBLIC STATEMENT.**

Seattle, Wash.—"The smoldering fires of Alaska are ready to burst into flame, Alaska is at the breaking point. The people either will raise a flag, declare their independence and defy any army the United States may send against them, or will go over to Canada, root, branch and all."

Such was the declaration of Washington B. Vanderlip of New York. Vanderlip is not an applicant for a coal claim, and he does not own a pound of coal and is not seeking any. Vanderlip is en route to the Tanana valley. He is a mining engineer, a member of the Institute of Mining Engineers, a fellow of the Royal Geographical Society of London, and a cousin of F. A. Vanderlip of the National City Bank of New York.

Vanderlip pointed to the Cordova incident as proving the state of mind of the people against the government. At Cordova, not many weeks ago, the residents dumped a cargo of coal from the wharf into the sea.

He declared that the United States government had harassed, robbed, cheated, plundered, or allowed to be plundered the people of the territory. They are forced to pay exorbitant prices for their coal, he said, when there are billions of tons of coal beneath their very feet, even a pound of which they were prohibited from touching, but must buy Canadian coal.

Vanderlip narrated how justice, in innumerable instances, had been denied the people of Alaska through many years. He declared that monopoly had gained rights and powers, either through chicanery, bribery or other illegal means, and that the people of the territory, in every instance, had been forced to "hold the bag," see their lands gobbled up by "big business" or themselves prevented from enjoying either the fruits of the citizenship or of their labors. He added:

"The menacing spirit of unrest and even revolution is smoldering, and soon will burst into a consuming flame that will sweep over the territory. The men of that land are those who are accustomed to fighting.

"They have conquered the snow, the ice, the cold, the mountains and the ice-bound streams. They have fought the elements. They have fought for the gold and other mineral wealth beneath the frozen earth. They are fighters, and their fighting spirit has been aroused by the alleged injustice done to them.

"That they will rise against the government or make overtures to Canada in the hope of being justly treated I have not the slightest doubt.

"It seems strange and even uncanny that a territory of the United States would rise against the government, and for alleged injustice in the manner in which that territory is being governed, but I am convinced the United States Government will have a war on its hands, both to its own shame and to the unenviable light in which it will be placed before the eyes of the world, if the unjust conditions in Alaska are not alleviated."

**Buses Penitentiary Warden.**

Butte, Mont.—Ex-Convict Oram Stevens has begun suit for damages for \$100,000 against State Penitentiary Warden Frank Conley, alleging that as punishment he was kept in solitary confinement for months with an insane Italian, then later with a burly negro in a cramped cell, and fed bread and water.

**Santa Fe Train Kills Man.**

Las Cruces.—J. W. Luse, of Great Bend, Kansas, while walking the Santa Fe track from El Paso to Las Cruces, was struck by the south bound passenger train near Rincon and instantly killed. His neck was broken and brains dashed out. The train crew have made no statement and a coroner's inquest will be held.

**Sunday Schools Want Statehood.**

Albuquerque.—Fifty-one delegates from the far Eastern states to the International Sunday School convention in San Francisco, while stopping over here by a rising and enthusiastic vote, decided to send a telegram to Chairman Smith of the Senate territories committee, asking for speedy statehood for New Mexico.

**Pioneer Hotel Man Dies.**

Albuquerque.—Frank E. Sturgess, for thirty years a citizen of Albuquerque, and nearly all that time proprietor of the Sturgess European hotel, a landmark for traveling men of the West and Southwest, died from a stroke of apoplexy. He was fifty-six and came to New Mexico in the early '70s, first settling at Las Vegas and later coming here.

**Fraternal Societies Meet.**

Santa Fe.—The Associated Fraternal Societies of New Mexico held a convention here with more than 100 delegates present, representing the Modern Woodmen, Woodmen of the World, Brotherhood of American Yeomen, Fraternal Union of America, Spanish-American Alliance, Royal Neighbors, Fraternal Mystic Circle and Royal Highlanders. The object of the organization is to fight off legislation which it is claimed is being imposed by states and insurance commissioners at the behest of straight line insurance monopolies.

**New Railroad Incorporated.**

Santa Fe.—Incorporation papers have been filed for the Taos, Sierra Nevada & San Francisco railroad, to be 750 miles long and a part of the thirty-sixth parallel continental railroad. It will first develop the counties of Taos, Rio Arriba, Santa Fe, San Juan, Colfax and Union in New Mexico, and the southern counties of Utah. One terminus is to be at Fort Sumner, on the Santa Fe cutoff, and the other on the Colorado & Southern in Union county, not far from Almaden. The line is to run through Santa Fe and Taos, the latter point having no railroad connection. The company's capital is \$800,000.

**Fatal Santa Fe Wreck.**

Albuquerque.—Engineer A. W. Green was killed and twenty passengers and trainmen were injured when the west-bound Santa Fe limited dived into a light engine near Domingo, N. M., thirty miles north of Albuquerque.

Railroad officials attribute the wreck to disobedience of orders by the engineer of the light engine. Both trains were traveling at high speed when the crash occurred but the solid steel cars of the limited withstood the shock wonderfully well and while the passengers were badly shaken, it is not believed that any of them are mortally hurt.

Relief trains were dispatched from Albuquerque and the dead and injured brought here and taken to a hospital. Traffic was blocked for twelve hours.

The wreck occurred at a double curve near the Indian village of Santa Domingo, which circles a high bluff and made it impossible for the engineers to see more than 100 yards ahead.

**New Railroad Proposed.**

Santa Fe.—A copy of the articles of incorporation of the Taos, Sierra Nevada and San Francisco Railroad Company of Monticello county, Utah, has been filed admitting the company to do business in New Mexico. The purpose is to build a railroad beginning at the western boundary of the county of Washington in Utah and running thence in an easterly direction through the counties of Washington, Iron, Kane, Garfield and San Juan to the eastern boundary of the county of San Juan in Utah, thence continuing in an easterly and southeasterly direction through the counties of Sandoval, Rio Arriba and Santa Fe, with the northern division passing through the counties of Taos, Colfax, Mora and Union and through the town of Taos, and continuing to the eastern boundary of Union county, the southern division passing through the counties of Bernalillo, Torrance, San Miguel and Guadalupe and terminating at or in the vicinity of Fort Sumner.

**Immediate Statehood Urged.**

Albuquerque.—The movement of the commercial bodies of New Mexico and Arizona to urge the United States Senate to pass the Flood resolution and admit the two new states at once is now well under way.

It is rapidly developing into a powerful movement of the plain business interests of both territories for immediate statehood, and to put an end to the suspense which is seriously affecting the development and prosperity of the territories.

**WOMEN MAY AVOID OPERATIONS**

**By taking Lydia E. Pinkham's Vegetable Compound**

The following letter from Mrs. Orville Rock will prove how unwise it is for women to submit to the dangers of a surgical operation when it may be avoided by taking Lydia E. Pinkham's Vegetable Compound. She was four weeks in the hospital and came home suffering worse than before.

Here is her own statement. Paw Paw, Mich.—"Two years ago I suffered very severely with a displacement. I could not be on my feet for a long time. My physician treated me for seven months without much relief and at last sent me to Ann Arbor for an operation. I was there four weeks and came home suffering worse than before. My mother advised me to try Lydia E. Pinkham's Vegetable Compound, and I did. Today I am well and strong and do all my own housework. I owe my health to Lydia E. Pinkham's Vegetable Compound and advise my friends who are afflicted with any female complaint to try it."—Mrs. ORVILLE ROCK, R. R. No. 5, Paw Paw, Michigan.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

For thirty years it has been the standard remedy for women's ills, and has positively restored the health of thousands of women. Why don't you try it?

When Coffee Shows What It Has Been Doing.

"Of late years coffee has disagreed with me," writes a matron from Rome, N. Y.

"Its lightest punishment being to make me 'logy' and dizzy, and it seemed to thicken up my blood.

"The heaviest was when it upset my stomach completely, destroying my appetite and making me nervous and irritable, and sent me to my bed. After one of these attacks, in which I nearly lost my life, I concluded to quit the coffee and try Postum.

"It went right to the spot! I found it not only a most palatable and refreshing beverage, but a food as well.

"All my ailments, the 'loginess' and dizziness, the unsatisfactory condition of my blood, my nervousness and irritability disappeared in short order and my sorely afflicted stomach began quickly to recover. I began to rebuild and have steadily continued until now. Have a good appetite and am rejoicing in sound health which I owe to the use of Postum." Name given by Postum Co., Battle Creek, Mich.

**THE TRUTH ABOUT BLUING.**

**Talk No. 3.**

Avoid liquid bluing. Liquid bluing is largely water. Water is adulteration, adds nothing to real value to the consumer. Think it over. Be wise. Use RED CROSS BAG BLUE, the blue that's all blue; makes the laundress smile on wash day. AT ALL GOOD GROCERS.

**A Compliment.**

Senator Depew, at a dinner in his honor, said of his notable oratorical gift: "I have received many compliments on my skill at after-dinner speaking but the naivest compliment of all came from an up-state farmer.

"Senator," said he, 'you might have typhoid and recover, you might have pneumonia and recover, you might have yellow fever and recover, but if you ever have lockjaw you'd bust!'"

**THE HEART**

If the blood is poor and filled with the poisons from diseased kidneys or inactive liver, the heart is not only starved but poisoned as well. There are many conditions due to impure blood—such as dropsy, fainting spells, nervous debility or the many scrofulous conditions, ulcers, "fever sores," white swellings, etc. All can be overcome and cured by

**Dr. Pierce's Golden Medical Discovery**

This supplies pure blood—by aiding digestion, increasing assimilation and imparting tone to the whole circulatory system. It's a heart tonic and a great deal more, having an alterative action on the liver and kidneys, it helps to eliminate the poisons from the blood.

To enrich the blood and increase the red blood corpuscles, thereby feeding the nerves on rich red blood and doing away with nervous irritability, take Dr. Pierce's Golden Medical Discovery and do not permit a dishonest dealer to insult your intelligence with the "just as good kind." The "Dr. Pierce's" has 40 years of proof behind it and contains no alcohol or narcotics. Ingredients plain printed on wrapper.

Dr. Pierce's Common Sense Medical Advice is sent free on receipt of stamps to pay expense of wrapping and mailing only. Send 31 one-cent stamps for the French cloth-bound book. Address: Dr. R. V. Pierce, Buffalo, N.Y.

**Never Despair.**  
 At a St. Patrick's day dinner in Boston Senator Lodge once said:  
 "Low as was Ireland's state then there was no cause for despair. No estate is ever so low but that it might be lower. Take the woodsawyer's case, you know."  
 "You need exercise, violent exercise, that's what you need," a doctor once said to this woodsawyer. "What is your business, my man?"  
 "I'm a woodsawyer, sir."  
 "Well," said the doctor, "suppose you don't grieve your saw for a month or so."—St. Louis Globe-Democrat.

**EXCUSE FOR HIS BLUNDERING**

Ideal Waiter, True to the End, Had Been Working Under Pretty Heavy Handicap.

He was an immaculate servant. To watch him serve a salad was to watch an artist at work. To hear his subdued accents was a lesson in the art of voice-production. He never slipped, he never smiled, and his mutton-chop whiskers marked him as one of the old and faithful stock. But one evening, to the surprise of his master, he showed unaccountable signs of nervousness. When the chicken came on, he confused it with the pheasant. He served everything in the wrong order, made blunder after blunder, and put a final touch to his shame by upsetting the salt over the only superstitious member of the party. Then, at last, when the ladies had retired to the drawing room, he touched his master on the shoulder. "I beg your pardon, sir," he said in a respectful undertone, "but could you manage to spare me now? My house is on fire."

**MUNYON'S PAW-PAW PILLS**  
 TRADE MARK

A trial package of Munyon's Paw Paw Pills will be sent free to anyone on request. Address Professor Munyon, 53d & Jefferson Sts., Philadelphia, Pa. If you are in need of medical advice, do not fail to write Professor Munyon. Your communication will be treated in strict confidence, and your case will be diagnosed as carefully as though you had a personal interview.

Munyon's Paw Paw Pills are unlike all other laxatives or cathartics. They coax the liver into activity by gentle methods. They do not scour, they do not grip, they do not weaken, they do not start all the secretions of the liver and stomach in a way that soon puts these organs in a healthy condition and corrects constipation. In my opinion constipation is responsible for most ailments. There are 26 feet of human bowels, which is really a sewer pipe. When this pipe becomes clogged the whole system becomes poisoned, causing biliousness, indigestion and impure blood, which often produce rheumatism and kidney ailments. No woman who suffers with constipation or any liver ailment can expect to have a clear complexion or enjoy good health. If I had my way I would prohibit the sale of nine-tenths of the cathartics that are now being sold for the reason that they soon destroy the lining of the stomach, setting up serious forms of indigestion, and so paralyze the bowels that they refuse to act unless forced by strong purgatives.

Munyon's Paw Paw Pills are a tonic to the stomach, liver and nerves. They invigorate instead of weaken; they enrich the blood instead of impoverish it; they enable the stomach to get all the nourishment from food that is put into it.

These pills contain no calomel, no dope; they are soothing, healing and stimulating. They school the bowels to act without physic.

Regular size bottle, containing 45 pills, 25 cents. Munyon's Laboratory, 53d & Jefferson Sts., Philadelphia.

The military committee of the Senate will interrogate Gen. Wood, chief of staff of the army, concerning the necessity for the proposed change in army divisions and departments by which the work of administration will be concentrated in three cities of the country, Chicago, New York and San Francisco.

The Senate by 64 to 24 passed the resolution amending the constitution to provide for election of senators by direct popular vote. The Bristol amendment giving to the federal government supervision of such elections was adopted, 44 to 44, the vice president casting the deciding ballot. The House had already passed the resolution.

The Birbeck bank in High Holborn, which withstood a run last fall, caused by rumors that the institution was in trouble, has suspended payment. The directors estimate the deficiency at \$1,875,000, but the actuaries think \$3,750,000 will be nearer the mark. The total liabilities of the bank are \$13,380,910. An official receiver has taken charge.

The Canadian reciprocity bill now has sixty votes in the Senate, according to the White House count. The Root amendment will be killed by a comfortable majority in the same body, say the men who have studied the situation for President Taft.

The Senate committee on foreign relations decided to report favorably the treaty between Honduras and this country, providing for a loan of \$10,000,000 from banking interests of the United States to meet the Honduran debt. Of this amount \$7,500,000 is to be forthcoming at once.

**DOCTOR PRESCRIBES CUTICURA REMEDIES**

"I wish to let you know of a couple of recent cures which I have made by the use of the Cuticura Remedies. Last August, Mr. \_\_\_\_\_ of this city came to my office, troubled with a severe skin eruption. It was dermatitis in its worst form. It started with a slight eruption and would affect most parts of his body, thighs, elbows, chest, back and abdomen—and would terminate in little pustules. The itching and burning was dreadful and he would almost tear his skin apart, trying to get relief. I recommended all the various treatments I could think of and he spent about fifteen dollars on prescriptions, but nothing seemed to help him.  
 "In the meantime my wife, who was continually suffering with a slight skin trouble and who had been trying different prescriptions and methods with my assistance, told me she was going to get some of the Cuticura Remedies and give them a fair trial. But as I did not know much about Cuticura at that time I was doubtful whether it would help her. Her skin would thicken, break and bleed, especially on the fingers, wrists and arms. I could do nothing to relieve her permanently. When she first applied the warm baths of Cuticura Soap and applications of Cuticura Ointment she saw a decided improvement and in a few days she was completely cured.  
 "I lost no time in recommending the Cuticura Remedies to Mr. \_\_\_\_\_, and this was two months ago. I told him to wash with warm baths of the Cuticura Soap and to apply the Cuticura Ointment generously. Believe me, from the very first day's use of the Cuticura Remedies he was greatly relieved and today he is completely cured through their use. I have great faith in the Cuticura Remedies and shall always have a good word for them now that I am convinced of their wonderful merits." (Signed) B. L. Whitehead, M. D., 108 Dartmouth St., Boston, Mass., July 22, 1910.

**STONE IN BLADDER REMOVED IN REMARKABLE WAY**

A year and a half ago I was taken with a severe attack of kidney trouble that pained me to such an extent that morphine had to be given me. Was attended by a doctor who pronounced it as stone in the bladder and prescribed Lithia Water. I took Lithia Water and tablets for some time and received no relief from them. I stopped taking medicines for some time and having some Dr. Kilmer's Swamp-Root in the house, I decided to try it and felt much relieved; while taking the second bottle commenced to pass gravel in urine until I had passed in all at least a half a dozen or more and have not suffered the slightest since and in all have taken one bottle and a half and feel very grateful to Dr. Kilmer's Swamp-Root. Yours very truly,

Over in England great preparations are being made for what they call Coronation Day. They are going to crown some scallawag king of England and call him George V. He does not amount to any thing and is very small potatoes and few in a hill but the people over there will be taught that he is made king by divine appointment and that he can do no wrong. He will have a vast income and be a figure head and have cabinet officials to manage affairs of the English government. He is not qualified to be head of a government and as matter of fact will not be. Some other man who is not so much in the lime light will be the real power behind the throne. It is a bit strange that a people like England would suffer such an imposition.

## SEVERE HAIL STORM.

Naravisa, Quay county experienced considerable damage Saturday afternoon from a hail and wind storm. The plate glass window of the First National bank was smashed, and the whole front of New Mexico news stand together with the front of the Odd Fellows lodge blown in. The stock and material of the Naravisa lumber and feed yards was badly damaged with the wreck of the buildings. The King hotel and many stores and residences were damaged, and windows smashed all over town. Great damage was done to vegetables in this vicinity, and much poultry was killed. In some places the hail was 8 inches deep; all the streets of the town were running small rivers, and roads were badly washed out.

Guess Who.

## Pleasant Valley Items

Quite a wind storm visited this section Wednesday night: it damaged the crops some as they were needing rain and not sand.

Mr. Chris Reineke, H. M. Woodward and W. T. Gragg were in Cuervo Thursday.

Mr. Chris Reineke, purchased a new cultivator this week, guess he must be going to farm or at least have it done.

Mrs. J. A. Powers who has been sick for the past three months died at her home Thursday 16th, at 5:20. The grave was prepared to bury the body in the Cuervo cemetery, when a message came requesting that the body be sent to her father at Ravenwood, Mo. so preparations were made at once to that effect; the Embalmer from Tucumcari came out Friday night and did the work successfully; Saturday afternoon the corpse was carried in to the 2:30 train.

Mrs. Weaver, daughter of the deceased, returned to her home in Hutchison, Kansas on the same train as she accompanied her that far on his way to Mo.

Dr. Woodward reports grandma Downing sitting up again.

Grandma Arnold is staying with Mrs. C. C. Cook while Mr. Cook is away at work.

Mr. John Easley isn't an advent at all, he doesn't break horses on Sunday nor buy calves he just works the young animals to keep them gentle for the children to use and simply hauls home what people give him.

Grandma Wilburn spent Sunday at Mr. Arnolds.

John Davis visited Mr. H. M. Woodward Sunday.

Mr. Z. T. Crawford had a very severe attack of cramping one night last week.

Mr. Jack Wilks and wife of Los Tanos spent Sunday at Joe Obannon's.

Too late for last week. Crops that are free from weeds in this locality are looking fine.

Grandpa Wilson says we need not look for rain if we stay in N. M. for he has looked for it for three years and it hasn't come yet.

Mr. Bud Woodward was in town Tuesday.

W. T. Gragg lost a fine cow this week.

Dr. Ballard was in town Saturday. Mr. Reineke returned with him he reports Mrs. Reineke improving very rapidly.

The Bible Reading was very well attended Sunday.

## Newkirk Items

Newkirk, N. M. June 19.

Newkirk was visited by a fine rain Sunday evening. Beginning at 8:15 it rained for about 20 minutes. The hardest part of the storm had however passed in 12 minutes. About 3-4 inches of water fell. Monday afternoon we were favored with another rain. About equal in quantity but of longer duration. There was some hail but not destructive.

E. F. Curry had the misfortune to lose a horse by lightning Sunday night.

Geo. Rusby returned from Tucumcari Friday where he had been attending his wife who recently underwent an operation at the hospital there. He reports that she is rapidly improving. He left Saturday for Gallinas Springs, his sister Mrs. Barbara Conrad accompanying him.

R. A. Wiley was a caller at G. C. de Baca's Sunday.

Miss Flossie Grove is out again after her recent illness.

Master Kenneth Mehrans of Sunshine Mesa is in town for a few days.

W. H. Groye is in receipt of orders to remove the night office at this place to Los Tanos.

Our telephone service has not been in working order since the storm Sunday night.

We regret to record the death of William Glenn Rusby near Casaus, Guadalupe Co. Monday afternoon between two and three o'clock. He had gone to bring in a bunch of horses leaving the house about one o'clock. His continued absence cause uneasiness and his brother George went to look for him. He found him in a very short time, where he and his horse had been struck dead by a bolt of lightning. The body was brought to this place arriving here about 9 o'clock Tuesday morning.

Deceased was a young man 28 years of age and leaves a host of friends. He is survived by his parents, two brothers, Geo. and Henry, and two sisters, Mrs. Barbara Conrad and Mrs. Grace Jones of Tucumcari.

The body will be taken to Tucumcari for burial on the 2:50 train Wednesday morning.

The following letter explains itself:

Department of the Interior,  
General Land Office,  
Washington, June 1, 1911.

Hon. W. H. Andrews;  
House of Representatives.

Dear Sir: Referring to your recent personal call concerning the condition of entrymen in Fort Sumner, New Mexico, district, some of whose claims are being adversely reported upon by special agents of this office, you are advised that this matter has been called to the attention of the chief of field division at Santa Fe, N. M., with the suggestion that it is not the desire of this office that any entryman who has in good faith made settlement upon his entry and placed substantial improvements thereon shall be compelled to forfeit the same by reason of the fact that the unusual and excessive droughts in that locality have compelled him to temporarily abandon his claim. He has also been advised that this office considers it good policy in cases where bona fide settlers have been compelled to leave their claims because of climatic conditions that in so far as is practicable they be advised that the proper course is for them to apply for leave of absence.

Very respectfully;

FRED DENNETT,  
Commissioner.

## TAFTS OBSERVE

### SILVER WEDDING.

Washington, D. C., June 19.—President Taft and Mrs. Taft celebrated their silver wedding today. Twentyfive years ago William H. Taft married Miss Helen Herron, at her fathers home in Cincinnati. Mr. Taft was a young lawyer; Miss Herron had been a school teacher. Today, in the White House, they celebrate the quarter century of married life during which Mr. Taft became a United States judge, commissioner of the Philippines, secretary of war, and president.
