CALL FOR A REPUBLICAN TERRITORIAL CONVENTION.

A delegate convention of the Republican voters of the Territory of New Mexico is hereby called to meet in the city of Santa Fe at ten o'clock in the morning on Wednesday, the third day of October, 1900, for the purpose of placing in nomination a candidate from New Mexico to the 57th Congress, and to transact such other business as may properly come before the said convention.

JOHN S. CLARK, Chairman of the Republican Territorial Central Committee.
MAX FROST, Secretary.

Call For Republican County Convention.

A delegate convention of the Republican voters of the county of Grant is hereby called to meet at Silver City at 1 p. m. on Thursday, September 27, 1900, for the purpose of electing four delegates to the Territorial Convention to be held at Santa Fe on the 5th day of October, 1900, for the purpose of nominating a delegate to the 57th Congress and also for the purpose of nominating a regular County ticket for the general election to be held in Grant county on the 6th day of November, 1900, and to transact such business as may properly come before the said convention.

The several precincts will be entitled to the following representation: Number 1 Central 9 delegates; No. 2, Pinos Altos 8; No. 3, Silver City 17; No. 4, Allison 5; No. 5, San Lorenzo 5; No. 6, Georgetown 1; No. 7, Cliff 4; No. 8, Lower Gila 1; No. 9, Pyramid 1; No. 10, Hatchita 1; No. 11, Deming 7; No. 12, Sapello 2; No. 13, Hamover 2; No. 14, Cocha 2; No. 15, Serna 1; No. 16, Gold Hill 1; No. 17, Mangus 1; No. 18, Black Hawk 1; No. 19, Steeplecock 1; No. 20, Lordsburg 3; No. 21, Pico Sierra 1; No. 22, Oak Grove 1; No. 23, San Juan 4; No. 24, Red Hook 1; No. 25, Fierro 1. Total 83.

Proxies will only be recognized if held by citizens of the same precinct from which delegates giving the proxy are elected.

Precinct primaries will be held on the 20th 21st or 22d of September at the option of the precinct chairman.

Chairmen and secretaries of the precinct primaries are hereby directed to forward to the secretary of this committee, immediately after holding their respective meetings, a true list of the delegates elected, signed by the chairman and secretary of the meeting.

For President—WILLIAM MCKINLEY, of Ohio.
For Vice President—THEODORE ROOSEVELT, of New York.

At the democratic caucus last Saturday night sixty votes were cast. Of these sixty twenty-four were registered here two years ago, and thirty-six were new comers, or new voters. It is known that Lordsburg has increased in population during the past two years, and if this is a fair sample of the increase there will be 250 on the register. There were 102 two years ago. The census enumerator found a population of 742, of whom 319 were Mexicans, or of Mexican descent.

LAST week the El Paso papers told a pitiful story of two little children being burned to death in that town. It seems they had in some unknown manner secured some matches, they were in an outhouse, and the little girl lighted one of the matches, and dropped it in a coal oil can. The coal oil exploded, covering the children with the burning fluid, causing immediate death. If this can had been filled with coal oil which had stood the New Mexico test of 120 degrees it would probably have cost a few cents more a gallon, but instead of exploding when the match was dropped into it, and causing the death of these two children it would have put out the flame of the match, and the children would have been alive today. There are some things of more value in this world than the few cents saved by buying cheap and dangerous coal oil.

The democrats of Arizona had the hottest time in their history last week, when they tried to nominate a delegate to congress at Phoenix. Two years ago it was thought that Col. Brody, the republican nominee, would surely be elected and Mark Smith concluded to let some other patriot bear the honors of defeat.

of the territory were nearly solid for Smith. The delegates from the northern part were nearly solid for Wilson. The delegates from Maricopa county, in which Phoenix is situated, held the balance of power, and could decide the nomination. At the regular county convention Maricopa county elected Smith delegates, which insured Smith's nomination. Without Maricopa county Wilson had more delegates than Smith. The Wilson men brought in a contesting delegation from Maricopa. The fight in the convention started on the preliminary organization. If the Smith people could get the temporary chairman he would appoint a committee on credentials that would seat the Smith men from Maricopa. If the Wilson men could secure the temporary chairman he would appoint a committee on credentials that would seat the Wilson men from Maricopa. The chairman of the central committee was Tom Parish, a Wilson man. The secretary was a Smith man. C. M. Shannon of Clifton, was nominated by the Smith party for temporary chairman. The Wilson people nominated Reese M. Ling of Yavapai, for temporary chairman. Parish decided that neither Maricopa delegation could vote, and that Ling was elected. The secretary called the roll, and called the names of the Smith delegates from Maricopa, and declared Shannon elected. Then the fun commenced. Shannon made a rush for the stage and commenced his speech of acceptance. Ling got on the other end of the stage and there commenced his speech of acceptance. The sheriff of Maricopa county got between the two men and read the riot act. For three days the convention was presided over by Shannon, Ling and the sheriff. No compromise could be effected. Finally the Shannon end of the convention nominated Smith, the Ling end of the convention nominated Wilson and the sheriff declared the convention adjourned. As Arizona has the Australian ballot system, the tickets are printed by the counties, only one of the names can appear on the tickets, and the courts will have to decide who is the nominee. The party is split wide open, and the chances are good for the election of a republican delegate.

The Grant county republicans do not seem very anxious for nominations, but there is one thing sure, Sam McAninch will be renominated and re-elected to the office of probate clerk.

At Deming the democrats had a lively time last Saturday. The Tammany Hall section of the democrats, in that democratic stronghold, were for harmony, also for Blair. With them harmony was more important than Blair, so they made the Shannon people a proposition to divide the delegation, giving Shannon eight votes and Blair five. The Shannon crowd would not stand for this, wanting a larger proportion. This made Deming's Richard Croker hot under the collar, and he told Frank McGlinchey, who was leading the Shannon forces, that he would have to fight for all the delegates he got, and the fight was on, but McGlinchey was not in it. A solid Blair delegation goes to Silver City from Deming. McGlinchey, who had aspirations, will probably not have much candidate's money to handle on election day. It is dangerous for a small fry to mix with Deming's Tammany push at the primary.

The Alessandro Copper Mining company, of New Haven, Conn., filed incorporation papers today in the office of Territorial Secretary Wallace. The incorporators are Minott T. Wallace, Henry W. B. Manson, Melbourn J. Parkhurst, Frank E. Wallace, Harry W. Austin, Edward H. Parkhurst, Lucius P. Deming. The company operates in the Anderson mining district of the Middle Gila, in Grant county. Its capital is \$500,000 and its offices are at New Haven, Conn. Its New Mexico representatives are Lucius P. Deming, of Redrocks, and Frank J. Wright, of Silver City. Incorporation fee, \$45.—New Mexico.

Monday the writer was surprised when a tall, broad shouldered, blue looking young man came into the office, shook hands and called him by name. He was not recognized, but introduced himself as Hope Patterson, who a few years ago was one of the "little boys" in this village. A few "growing years" in Silver City and Los Angeles had so changed him that his friends could not recognize him. He was on his way to his old home at Gold Hill, and reports his family as enjoying themselves at Los Angeles.

J. M. Harper came in from the river the first of the week with some fruit, raised on his ranch. He had some as fine pears as ever grew on any man's ranch.

For You to Read

"What puzzled me in the beginning was that I kept losing flesh without any cause for it that I could see. I had a little trouble with my stomach, too, and after a while began to grow weaker and to cough. The cough, I thought, would soon go away and cure itself, but it didn't. It grew worse, and then I began to spit up a peculiar looking substance. I never thought of consumption, but one day I had a hemorrhage, and then was frightened in earnest and did just what you would do. I rushed to the doctor. He was either too busy, or something else, for he didn't do me any good. I kept going on down hill, and the outlook was bad. Things took a different turn, however, when I heard of Acker's English Remedy for Consumption, for I took it, and it not only cured my coughing and spitting, but also built up my whole system. I took on permanent flesh, and today am just as healthy a man as you can find in a week's travel. You may be sure I always keep Acker's English Remedy in the house, and it is a good thing I do so, for one night my youngest child was seized with croup. That hoarse, wheezy cough was the first signal, and I lost no time in giving the poor little sufferer proper doses of this grand medicine. In almost no time the disease was under control, and my child was saved. I advise every parent to have a bottle handy all the time. It serves the same purpose in keeping croup out of the house that a good lock and key serve to keep burglars out. It is both an expectorant and a tonic. It cured me of consumption and my child of croup, and I know what I am talking about." (Signed) Hon. M. HOGAN, picture frame manufacturer, 245 Center Street, New York.

Mrs. C. M. Shannon returned from her California trip yesterday.

E. W. Clapp left Monday for Albuquerque, to attend the annual meeting of the grand lodge, Knights of Pythias of New Mexico, of which lodge he is an officer.

The republican caucus to elect delegates to attend the county convention has been called to meet at the Jay Eye See on tomorrow, Saturday, night, at eight o'clock.

Mr. and Mrs. O. R. Smyth returned from their Los Angeles trip Saturday. While in Los Angeles Mrs. Smyth consulted an oculist, who gives her hopes of improving eyesight.

Hugh Williams has been appointed yardmaster at the Arizona & New Mexico yard. He will move his family up from Deming, and in the future be one of our citizens.

Mr. and Mrs. F. S. Lisk made a Saturday to Monday trip to El Paso, putting in part of their time in Juarez watching the Mexican celebration of the sixteenth of September.

W. D. Beasley, who was a carpenter employed by S. H. Buchanan, and was on the Arizona & New Mexico bridge that went down last May, has sued Mr. Buchanan in the court at El Paso for \$7,500 damages, for injuries he suffered from that accident.

A letter from Col. Wambough says that his family is safe with friends at Houston, and all are recovering from the terrible shock caused by their experience in the flood at Galveston. His house and contents are destroyed. He estimates the loss of life at Galveston at not less than 7,500.

Mrs. P. M. Chase and Mr. and Mrs. S. M. Chase and Miss Sylvia left Tuesday for an eastern trip. Mrs. Chase will visit her old home in Indiana, which she has not seen for many years. Mrs. S. M. Chase will visit her father at Bluffton, Indiana, while Mr. Chase will act as an escort and try and keep Miss Sylvia from getting lost.

Candidate for sheriff of Graham county, J. V. Parks, came down from Duncan Monday and spent a few hours in town. He could not stop long for he has not much time to waste outside of Graham county during the next few weeks. He was accompanied by his brother, John Parks, who had a severe hurt on his leg, which was but slight well, and who wanted to consult a doctor, and ward off possible blood poisoning. John's leg was fixed up so he will probably not have any more trouble.

S. Owens, who has been spending a month on the coast returned last Saturday afternoon, just in time to get mixed up in local politics. Mr. Owens is the chairman of the democrats of this precinct, and on his return was put on the Shannon ticket as a delegate to the county convention. He was not in town long enough to do any work for his election, and so went down with his ticket. Mr. Owens thinks if the democrats of this county are foolish enough to re-nominate Blair for sheriff that the county will have a republican sheriff during the next two years.

Court has been in session at Silver City doing its usual business. Ranger Ed Scarborough, who killed Ralph Jenks, his prisoner, when Jenks had secured his shot gun, and was trying to kill him, was indicted, practically at his own request. Last week a jury was drawn, and he was tried on the indictment. All the officers and prisoners who were present at the time of the killing were witnesses, and Mr. Scarborough went on the stand and told the story, as it has been printed. Judge Parker instructed the jury to find him not guilty. The trial lasted less than two hours. Come Zapata, who was accused of killing a comrade at a battle, was tried and convicted of murder in the third degree. Justice Newcomb, of Silver City, who was accused of various crimes and misdemeanors in his actions as justice, war before the court, and the court decided that what his accusers thought were crimes and misdemeanors were very creditable actions. It is all according to how you view a case, say his accusers. The grand jury rounded up many of the justices of the peace in the county for sending cases to the grand jury which should have been finished before the justice court. It also recommended that the insane persons in the county jail be sent to the insane asylum at the expense of the county, as it would cost but little more, and they could be better cared for there. The Silver City papers reported that the grand jury returned a "no bill" against Ben Brough, who shot up that town, wounding nine people and missing the man he shot at. A member of the grand jury assailed the LIBERAL that it brought in two indictments against him, one for each barrel of his shot gun. The jury also indicted the constable who was quarreling with Brough, and a six-footer deputy sheriff, who had created a disturbance at Silver City, and shot up his grup-

THE FIGHT IN DEMING.

To the Editor of the LIBERAL. Deming, N. Mex., Sept. 17.—Precinct No. 11 (Deming and vicinity) will doubtless give a majority to the ensuing election for the Republican ticket; this desirable result will be attained if the faction which was defeated at the primary meeting of last Saturday evening will cast their votes as they now say they will. At the primary, at the Opera House last Saturday evening, the arbitrary action of Jos. A. Mahoney the precinct chairman of the Democratic party, in declaring John Corbett elected permanent chairman over Sigmund Schneider (who undoubtedly had the majority of the Democratic votes present) has created such outspoken dissatisfaction in the ranks of the untrified, that it can be safely predicted a Republican majority in this "Gibraltar" of Democracy at the ensuing election will result.

Democratic editors and politicians like to talk and write about "Trusts" and "Combinations," but right here in Deming one of the hotbeds of Democracy they can find a trust and combination entirely under democratic control, and the faithful are beginning to realize that this combination is killing "the goose that lays the golden egg." Just think of it; a Democratic trust is controlling the Ice business, the Hardware business, Furniture business, Grocery, and even the Coffee business, and some do say, that they have even gone in to controlling the Administration of estates especially the estates of wealthy deceased cattlemen, of this latter question more will be heard as the campaign progresses. Anyhow, any new enterprise not approved or sanctioned by the combination is given to understand it can "move on" as it will have no show in the locality of Deming.

However, there is an end to all things, and the masses of our people are beginning to realize that unless the brakes are applied, and a stop is made to the operations of this Deming trust and combine, that the business of Deming is or will soon be forever doomed, as this grasping combination is actually sucking the life blood out of the community, and like leeches they will hang on until there is not a drop left. It is the writer is not mistaken they will meet their "Waterloo" this fall; as the people will not submit to their dictatorship any longer. The result of the vote will show that the people will not submit to their rule or ruin any longer; that they must step aside and not interfere with legitimate enterprises that come here to build up this community. There are good men who do not belong to the inner circle, who will no longer hesitate to express their opinion, and if once understood by our people the result cannot be doubted. FAIR PLAY.

The democratic caucus of last Saturday night, called to elect four delegates to the county convention, which is to be held in Silver City tomorrow, passed of more quietly than was expected. There were two tickets in the field. One consisting of B. B. Ownby, J. O. Phillips, H. L. Gammon and J. P. Kerr was running on Sheriff Blair's record and was devoted to his nomination. The other consisting of S. Owens, E. W. Clapp, E. C. Belt and J. B. Jernigan, was opposed to the re-nomination of Sheriff Blair, and was devoted to the nomination of Bay Shannon for sheriff. There was no dispute over the organization of the caucus. L. C. McGrath called it to order and he was elected chairman, and E. W. Clapp was elected secretary.

The chairman appointed Deputy Sheriff Phillips and Constable Hardin as tellers. The tellers were requested to lay aside their shotguns, come up to the table and receive the ballots. With the modesty that is natural to these gentlemen they refused to be pasted from their guns, but came up to the table and received the ballots. The voting was fast, and to prevent any misunderstanding a roll was kept of the voters, and so there was no repeating. Two men were challenged, and it was claimed they had not been long enough in town to be voters, but they swore their votes in. Men watching the voting saw that there were many new voters, that is men who were not on the registry list two years ago, but were known to have been here long enough to be legal voters. When the ballots were counted it was found that it was not necessary to count the challenged votes, as no matter what names were on them they could not change the result, and so it was useless to quarrel about them. The Blair ticket was elected by an average vote of thirty-two, and the Shannon ticket received twenty-two, a vote of nearly two to one in favor of the Blair ticket. There were quite a number of the democratic push in town, which had intended to carry the caucus, that felt very sore over the outcome. Some of them threaten to get even of election day, if Blair is nominated, but it is probable that like most democrats they will forget this, and vote the straight ticket next November.

One Man Saved

From a wreck will attract the world's attention the life-saver. Yet let the life-saving be continued every day, and very soon it attracts no public attention. If the scene of the saving of one life by that life-saving remedy, Dr. Pierce's Golden Medical Discovery, could be made to stand out alone, like a picture on a screen, it would attract the notice of the whole nation. By a curious contradiction the very frequency with which the "Discovery" saves life, robs the fact of general interest. For obstinate coughs, bronchitis, weak lungs, and other diseases of the respiratory organs, "Golden Medical Discovery" is the one medicine which offers certain help, and almost certain cure. It contains neither alcohol nor narcotics.

"Only for Doctor Pierce's Golden Medical Discovery I think I would be here to-day," writes Mr. Moses Miles, of Billiard, Vista Co., Wyoming. "I had asthma so bad I could not sleep and was compelled to give up work. It affected my lungs so that I coughed all the time, both day and night. My friends all thought I had consumption. My wife insisted on my trying "Golden Medical Discovery." I have taken four bottles and am now a well man, weighing 155 pounds—thank you, Dr. Pierce."

The Mexican population of this section celebrated the sixteenth of September this year in a more extensive way than ever before. They erected a stand below town, and there Saturday evening had speeches, singing and music, which lasted until a late hour. This was attended not only by the Mexicans, but by many Americans, who, though they could not understand the language used, could understand the spirit of patriotism that prevailed the meeting. On the night of the sixteenth there was a ball at the Knights of Pythias hall, which lasted until early the next morning, which all who attended enjoyed very much. One noticeable thing about the celebration was the absence of drunks. The word had gone out among the Mexicans that no one should drink during the celebration, and the order was religiously obeyed. When next the Americans celebrate the Fourth of July they would do well to adopt this portion of the Mexican celebration.

Last Friday the big grey gelding that the Roberts & Leahy mercantile company has been driving in its team, was taken sick, and despite all that could be done for it died. Soon afterwards Jumbo, the pony that the children rode, and which was such a favorite with all the boys in town, was taken sick, and was dead in a few hours. All the horse owners in town were scared, thinking a fatal epidemic had broken out among the horses, which was likely to carry off many more. What killed the horses no one can say, but luckily no more were taken sick.

Cured of Chronic Diarrhoea After Thirty Years of Suffering. "I suffered for thirty years with diarrhoea and thought I was past being cured," says John S. Hallway, of French Camp, Miss. "I had spent so much time and money and suffered so much that I had given up all hopes of recovery. I was so feeble from the effects of the diarrhoea that I could do no kind of labor, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in reach of all who suffer as I have." For sale by Eagle drug mercantile company.

HER MEMORY

IT WHISPERED FOR YEARS.

From where he sat Professor Helfen could see beautiful, ever undulating stretches of green meadows...

"Come back to Erin, matron, matron!" Joyously sweet and clear, tender and serene, came the voice.

"My good woman, think! She has a fortune in her voice. She has a voice that is a thousand tongues.

At the end of the third act, an act of triumph for the little unknown country girl, a note was heard here.

Paul knocked at the door the stage hand pointed out to him. He had evidently been expected.

"Who?" said a voice inside, answering his knock. "—Paul!" And the door slowly opened.—Chicago News.

when she asked me if I wore that sort of tight trousers that looked as if they grew on me."

"And then I went to the old orchard, Paul. It was just such a night as that one—the night you told me not to forget."

Only a man in the presence has sat motionless in all the excitement. So this was Bertina, this beautiful woman who moved these thousands at her presence.

They were all here to see her. All had an equal right to look at and listen to her—who by rights should be his throne.

Paul knocked at the door the stage hand pointed out to him. He had evidently been expected.

"Who?" said a voice inside, answering his knock. "—Paul!" And the door slowly opened.—Chicago News.

Science has come to the conclusion that scurvy is caused by the impoverished condition of the blood, and that, in turn, is caused by poor food, and especially by tainted meat.
