NO. 2

HANNA CAPITULATES

He Has About Concluded To Withdraw In Favor of Ben Butterworth.

BIG SECRET SOCIETY ROW

Ex-Minister Taylor Says the Only Hope for Cuba Is From America.

RICHARD CROKER IS ILL

CLEVELAND, Ohio, November 5.—Hanna held a conference, to-day, with his trusty leaders and it is believed he will capitulate and retire from the senate fight in favor of Butterworth. He is greatly exercised. What Hanna's line of defense to the attacks of his foes will be, cannot be known. Evidently he is digging a deep cyclone cellar for himself and a few pitfalls for the other fellows. Mayor McKesson, who nearly beat Hanna, here in his own county, is believed to be either in Columbus or Cincinnati, this morning, in conference with ex State Chairman Kirtz and others. Forsaker and the members-elect of the legislature, refuse to talk now, and Hanna's hurriedly called council of war, to-day, indicates that the enemy is hatching a dark plot somewhere. Forsakerites say Hanna was beaten forty thousand by popular vote, Tuesday. They say this shows that the people of Ohio do not want him for senator and that all pledges are off, meaning the democrats, to-day, are keeping an eagle eye on the count in the close counties.

Richard Croker Ill.
New York, November 5.—It was reported, this morning, that Richard Croker had contracted a severe cold, which had settled on his lungs, and pneumonia is probable. His health has not been good for some time, and he is confined to his bed at the Murray Hill hotel. He was taken ill last night. Alarming rumors as to Richard Croker's condition were circulated this afternoon. Telegrams from Washington and other places asked if he were dead, but at the Murray Hill hotel it was stated that Mr. Croker only has a severe cold.

HAVEMEYER BETTER.
New York, N. Y., November 5.—Henry O. Havemeyer, president of the American Sugar Trust, was improving in condition this morning. An operation for appendicitis was performed.

QUICKLY CALLED.
CHICAGO, November 5.—Col. Henry T. Russell, vice-president of the Union drop force company, fell dead, this morning, while at luncheon with his wife and a party of friends in the Revor house dining room.

AMERICAN INTERVENTION.
Minister Taylor Declares It is the Only Hope of Peace in Cuba.

New York, November 5.—Ex-Minister to Spain Taylor is now here, and declares: "I am now the advocate of the intervention by the United States, because I am satisfied it is the only remaining means by which peace in Cuba can possibly be obtained."

HAVANA, November 5.—General Weyer is still in Cuba, the "Montezuma's" machinery has been disabled and it has put in at Gibara, and will probably have to come to Havana for repairs. The "Montezuma" is a new and strong ship. General Weyer returned here, to-day.

KEY WEST, Florida, November 5.—Advices from Havana, to-day, say that Captain General Blanco has decided to abolish for a few months, the import duties on cattle, in order to alleviate the sufferings of the many starving people on the island.

Down By the Stock Market.
NEW YORK, November 5.—The announcement of the failure of H. A. Patterson, one of the oldest members of the consolidated exchange, was made, this morning. He was caught on the long side of the stock market. Mr. Patterson was noted for his tremendous lung power and voice, which could be heard above the din of the exchange during the most active business.

After the Associated Press.
DENVER, November 5.—The associated press again showed its animosity to the silver interests, yesterday, by declining to carry the news of the change of front of Henry Watterson's Louisville Courier-Journal, who from defending the silver standard, became a pronounced silver advocate. It was the news feature of yesterday's dispatches, but the western press association alone carried it.

A Steamer on Fire.
NEW YORK, November 5.—A dispatch from Fire Island, at 10 o'clock, reports that the steamer "Southwark" has passed that place, returning to New York. She was limping into port, and displayed signals that she was unmanageable. Later dispatches from Fire Island say the steamer is on fire. The names are in the hold, among the cargo. The "Southwark" has a number of passengers on board.

A Dead Governor.
MILWAUKEE, Wisconsin, November 5.—Ex-Governor Ponder died, to-day, aged seventy.

A LODGE WAR.

Colored Members of a Masonic Organization at Odds.
CHICAGO, Ill., November 5.—War has been declared by the imperial council of the Ancient Arabic order of the nobles of the mystic shrine of North and South America, a Masonic organization composed exclusively of colored folk, against a rival organization which has its headquarters in St. Louis.

In an address to the fraternity by the imperial grand potentate, John G. Jones, of this city, he declares that the Missourians are a little band of bogus and illegal so-called colored Shriners. The men connected with it, he says, are known all over the country as Masonic crooks and money degree peddlers. They never had and have not now the mystic shrine degree conferred upon them. The St. Louis faction, continues the potentate, is a place where all kinds of so-called Masonic degrees are manufactured and fixed for the order and given high-sounding titles. Any Mason who goes to the St. Louis factory can purchase a title and get any kind of a degree he wishes.

"Whenever you hear or see a Mason say that he hails from the St. Louis factory," concludes Potentate Jones, "it is a notice to all the world, and is of itself sufficient evidence and conclusive proof, to any and every honest, legal and self-respecting Mason, to avoid them as they would the most dangerous and contagious disease."

The Arabic order which has gone on the warpath against the St. Louis fellow-craftsmen, is a strong organization having shrines in Chicago, Indianapolis, Louisville, Kansas City, Cleveland, Dallas, Texas, New Mexico, Mississippi, Cedar Rapids, Philadelphia, Salt Lake City, New York, Baltimore, Washington and many other places.

A COMPOSER'S FAMILY.
He Left Them Nothing and the Wolf is At the Door.

LONDON, November 5.—Numerous subscriptions have been received in response to a public appeal issued by M. W. Balfe, a son of the famous composer, and who is in a condition of extreme poverty. He proposes to purchase a piano organ on wheels and a pony, and to go through the country playing airs from his father's operas. The manuscripts of Balfe's thirty-two operas, upon which a considerable amount could have been realized by their sale to collectors, were left by the composer's widow to the British museum. Balfe recently wrote to the queen explaining his condition, and received a reply expressing her majesty's sympathy. The misdeed, however, was not accompanied by a remittance.

TO DAVY JONES.
A Schooner Goes Down in a Storm With All on Board.

NEWPORT, R. I., November 5.—The master of the schooner "Cornelius," which arrived, this morning, tells a startling story of the loss of the schooner "Ellis," Captain Stevens, of Bradford, Conn., with all on board. He says he fell in with the "Ellis" near Stonington, Tuesday, in a storm, and he noticed trouble on-board the vessel. The master of the "Cornelius" says he took his eyes off the "Ellis" for only five minutes when she disappeared. He says she could have disappeared in any way except by going down, she carried a crew of eight men.

A Philadelphia Exposition.
PHILADELPHIA, Pa., November 5.—Omaha will not be the only city in the United States to have an exposition next year. An enterprise on somewhat the same lines is projected for Philadelphia under the auspices of the Commercial museum and the Franklin Institute. Preliminary steps to that end have already been taken and incorporation papers have been issued at the state capital. A large number of the most influential and wealthy residents of the city are actively interested in the scheme. The exposition will not be an all-summer affair, but will be confined to a portion of September and the whole of October. In a measure it will be international in character as representatives of several of the South American republics have thus early promised to take exhibit.

Session of the Cabinet.
WASHINGTON, D. C., November 5.—At a cabinet meeting, to-day, considerable time was devoted to a discussion of politics and the result of the election; also, a lot of routine matters were disposed of. Nothing definite was done with regard to Spanish affairs.

A Shaky Market.
NEW YORK, November 5.—The statement of Ex-Minister to Spain Taylor, that Spain wanted war, and the action of the chamber of commerce in calling for strikers and men, and the excessive weakness of sugar, caused a break in the market, to-day.

Some Consular Plots.
WASHINGTON, D. C., November 5.—The president appointed the following consuls, to-day: Abraham Jones, of Alabama, at Turpan, Mexico; Daniel Meyer, of West Virginia, at Buenos Ayres, Argentine; F. Theophilus Laiden, of Connecticut, at Fribourg, Baden.

ASSAULTED UNTO DEATH

A Santa Fe Militiaman Stabs His Wife To Death With a Rifle's Bayonet.

DIVERSIFIED DISPATCHES

DALLAS, Texas, November 5.—A double murder and suicide occurred here, last night, caused by jealousy. James R. Boswell, of Temple, Texas, killed William Barton and Lizzie Weldman, at the woman's home, shooting each of them, and then killing himself. Barton came to Texas from Kentucky, and Boswell from Holy Springs, Mississippi. Barton and the woman had been in Dallas several weeks, and she was accompanied by a seven-year-old daughter, the only witness of last night's tragedy. Boswell became infatuated with Lizzie several years ago, and deserted a good wife on her account. All were well connected people.

TWO VICTIMS OF JEALOUSY.
DALLAS, Texas, November 5.—News reached here, last night, of a double tragedy at Durango, Mexico. Manuel Garcia, a desperate character, destroyed the home of Pedro Lopez, and killed him and his daughter. He was deeply in love with the girl, but she and her father refused to recognize his suit. He cut the throats of both his victims. He has not been captured.

TRASHY READING.
It Turns a Young Girl's Head and Causes Her to Commit Suicide.

ORANGE, N. J., November 5.—Because her father objected to her receiving the attentions of young men, pretty sixteen-year-old Cecil Guimares left her home in East Orange, last evening, leaving behind a note in which she declared her intention of committing suicide. This morning, after a night of frantic search by her parents and the police, the girl's body was found a half mile from her home. A small revolver, empty, lay beside her, and a note in her forehead told the story. Henry T. Guimares, the father, is a wealthy importer to New York, and the cause of suicide is sentimental novels.

MARRIED IN A LION'S DEN.
BOSTON, Mass., November 5.—Arthur C. Standrassy and Charlotte Wiberg, were married in a den of lions at the Zoo, last night, in the presence of 5,000 people. Four clergymen were prepared to successfully officiate in case the lions favored them. A quartet of giant lion tamers guarded the fierce beasts, while Rev. George Reader, of Ohio, tied the knot.

DEATH IN A WRECK.
EASTON, Pa., November 5.—Wilson Duval, the engineer, was killed, and several other trainmen were badly injured and assailed, by a wreck near Bound Brook, N. J., early this morning. The road will not be cleared until this afternoon. The wreck was caused by an accident to the trucks of the engine, which de-railed it.

AGAINST PICTURE FIGHTS.
HALIFAX, N. S., November 5.—Mayor Stevens has forcibly removed from the bill boards the vitaseope Fitzsimmons-Corbett fight pictures, under a municipal law. He is, however, powerless to prevent the exhibition, which will be given to-night.

SILVER MARKET.
NEW YORK, November 5.—Silver, 67 3/4.

INDIANS MURDERED.

The War Department Thinks Colorado Game Warden Worthily.

WASHINGTON, D. C., November 5.—General Otis, commanding the department of Colorado, telegraphs the war department, to-day, that Captain Wright, commanding the troops in northwestern Colorado, after scouting the country where the Indians were killed, recently, by game-wardens. There have been no depredations, and the farmers are returning to their ranches. There was never any danger of an uprising, and he confirms the officer's convictions that peaceable Indians were deliberately murdered by the state authorities, while pursuing licensed vocations.

CAPITAL INCREASED.
LONDON, November 5.—The "Anti-Coates monopoly" cotton combine, which was started to break the backbone of the great thread firm of that name, has received so many applications for stock that it has been decided to increase its capital from \$5,000,000 to \$15,000,000. The Coates company is capitalized at \$7,500,000. Fourteen leading firms of thread-makers, cotton, silk and linen, have been absorbed by the new anti-monopoly, and a war in the trade is looked for. The Coates people, however, are taking things comfortably, and say that there is room for both in the field.

THE MARINE BAND.
WASHINGTON, D. C., November 5.—As a result of the protest made by the labor organizations of Chicago against the employment of the Marine band at the "Chicago horse show," it has practically been decided by the navy department to prohibit the band hereafter, from accepting any private engagements. This, it is expected, will lead to the dissolution of the famous organization, as only the liberal allowances made to it by Senator Bruce and other resident millionaires have enabled the band to keep up its high standing.

A NEW GAME.
CHICAGO, Ill., November 5.—Something new in athletics was introduced at Tattersall's, last night. It is known as foot cycle polo, and bids fair to become very popular. The object in the game is to knock the ball with the polo sticks between the goal posts of the opposing club. When developed to a science, a contest on the recently devised pneumatic skates will be a treat to the devotees of football and polo, whose season of favorite sports has been cut short by the advent of winter.

FRIDAY EVENING, NOVEMBER 6, 1917

STREET TALK.

A cool day. The oyster trade is increasing. Just twenty days till Thanksgiving. The finest eating and cooking apples, at Hofmeister's grocery. Holders of life's coupons, see ad. to-night. Jake Block has a full line of fine alligator Morocco slippers. Romero & Romero unloaded a car of flour, to-day. Buy your overcoat at Jake Block's; he has them from \$5.00 up. Fat turkeys will soon be displayed in the shop windows. For hats and caps, go to Jake Block's. Agent for the celebrated Juniper hat. The probate court has adjourned till the first Monday in December. Secure a sack of fancy rural potatoes at Belden & York's before they are all gone. Jewish services at the temple, this evening at 7:30 o'clock and to-morrow morning at 10. Nickel alarm clocks, to-morrow, at seventy-five cents. ROSENTHAL BROS. Something about both heaven and hell in The Optic's miscellaneous columns, this evening. Suits made by H. G. Trout, Lancaster, Ohio, Jake Block, agent, are in great demand. Band practice, this evening, at Prof. Hand's rooms. All members must be present. Mind this. Secure a sack of fancy rural potatoes at Belden & York's before they are all gone. Ramon Chavez is in town preparing things for the winter. A wedding is expected out that way soon. Full line of King heaters; also, of steel ranges, at S. Patten's, on Bridge street. Letter at this office, from St. Louis, for George W. Wilson, a job printer, supposed to be somewhere in the lower country. A full line of underwear for fall and winter is included in the great out sale at Jake Block's. A car-load of wall-eyed Chinamen, passed through the city, last evening, ticketed from St. Louis to San Francisco. To-morrow, Saturday, we will sell yard-wide L. L. unbleached muslin at five cents a yard. ROSENTHAL BROS. The small boy is busy hustling dimes to attend to-morrow afternoon's matinee at the Duncan. They all want to see the pictures. Hose company No. 1 meets in regular monthly session, to-night; regular monthly meeting of E. Romero hose company, to-night. "Woman Against Woman" will hold the boards at the Duncan, to-night. It is a play of true womanly resignation, and thought of others before self. Cooking stoves and all kinds of heating stoves are kept constantly on hand, at reasonable prices, at S. Patten's, Bridge street hardware store. John Otto, of McDonald's springs, is now disturbing apples, cider, fresh fruit, etc., for William Krosing, of Watrous, on the streets of the leading city. Rev. A. Hoffman, of Raton, advises some friends here that the Rev. A. G. the new M. E. superintendent, who has been residing with him, is very low. Volume 19, No. 2—The Optic, this evening. Forgot it, last night, in the usual rush and hurry of getting out an afternoon paper in the shortest days of the year. Everybody reads The Optic, and everybody ought to subscribe and pay for the paper, as well as advertise in it. It burns the proverbial midnight oil for the good of the town. The fund for the benefit of the Las Vegas military band has reached the \$700 mark, and is now on a lively home-stretch for the \$800 required annually for the entertaining purpose. Don Antonio Sena, a respected, well-to-do resident of Chaperito, and a man of family, is numbered with the silent dead, and his wife and children are mourning for him having reached this city, to-day. J. E. Estilano Rael, of Anton Chilo, called at this office, to-day, and denied the soft impeachment that he first approached a Catholic priest to marry him before getting the chief justice to tie the nuptial knot. Regular meeting of the ladies' league of the Presbyterian church, Saturday, November 6th, at 3 p. m., in the chapel. Members are earnestly requested to be present, and friends will be cordially welcome.

Another Good Play. The Bitter theater company, evidently do not know what poor playing is, as each night but adds to the evidence that this is the best theater company that ever played a week's engagement to Las Vegas. "Unshaven—The Outlaw of '86," held the boards last evening. It is an exceptionally strong play, made up with fine Irish characters. The Irish wit that sparkled all through the play, kept the audience in laughter, the entire evening. The triograph was, of course, splendid, and the kissing scene was much superior to that exhibited the previous evening—from an artistic viewpoint. The curtain will not rise at the opera house, to-morrow night, till 8:30 o'clock, instead of 8:15. The great five-act society drama, "Woman Against Woman," will be on the boards at the opera house, to-night. At the matinee by the Bitter people, to-morrow afternoon, twenty-five triograph pictures will be shown; admission, twenty-five cents; children, ten cents. Stand Alone, Fellows. That comely blonde may indulge you, smiles, boys, and even consent to a short oop in the seclusion of a closed carriage; she even might consent to an elaborate lunch after the theater; but, boys, she will allow you to go so far, she is shooting at larger game, and a coyish glance is all you may expect for your pains. You had best stand back and let the older "old boys" have a whirl; perhaps they will have better success. At any rate, if they get burned, they are old enough to know better, and by standing aside, young friends, you will be better off in pocket, if not satisfied with the unsuccessful conquest. COURT CULLINGS. It is said that new evidence is being unearthed in the Aguilar murder case. Antonio Lucero has qualified as executor of the Salazar estate, his bond having been approved and filed and the oath taken. Tom McElroy has been appointed a deputy U. S. marshal for the counties of San Miguel, Granddale, Mora, Union, Colfax and Taos. The fellow who was tried before Judge Wooster for shooting at a neighbor, out at Las Colinas, has been bound over to appear before the Territorial grand jury. Persons not having taken out licenses for their business, ought to attend to the matter, before the Territorial grand jury meets. Something may follow, you know. The Scottish mortgage and land investment company of New Mexico, limited, has filed a suit against Margarito Romero to revive a judgment and asking damages in the sum of \$5,498.36. U. S. court convened this morning, heard the report of the grand jury, disposed of some cases, and took an adjournment till to-morrow morning, when court will again meet and adjourn, the chief justice taking the evening train for Santa Fe. The following indictments were returned by the U. S. grand jury, for adultery, this morning: Jose de la Cruz Gardinas, Telesforo Yarela, Anastasio Sanchez; for fornication, Juanita Padilla, the latter two parties pleading, "not guilty." Messrs. John H. Knabel and Edgar A. Cayples, both former residents of Santa Fe, where they practiced law, and now attorneys in Denver, have been employed to defend young Jose Sanchez, son of Sheriff Sanchez of Valencia county, in the young man's trial on the charge of murdering his young wife in a Denver hotel, last Friday morning. U. S. District Attorney W. B. Childers has gone to Washington on legal business before the United States supreme court. Incidentally, Mr. Childers will look after the condition of his fences and will endeavor to ascertain how long he will hold on to the very nice and good billet as attorney of the United States for New Mexico, at least so says that political barometer, the New Mexican, at Santa Fe. HOOPS AND HORNS. W. J. Farr loaded 3,150 head of sheep at Lamby, yesterday, for Greeley, Colo. W. A. Colt loaded twelve cars of sheep at Springer, yesterday, for Fort Collins, Colo. W. A. Drake, yesterday, loaded thirty-three cars of sheep at Albuquerque for Fort Collins. Capt. J. H. Riley fed eleven cars of steers at the local yards, yesterday, for his alfalfa farm at Fowler, Colo. W. A. Colt loaded 5,000 head of sheep, to-day, at the local yards, purchased of Chas. Heild, for Fort Collins. R. H. Stockwell, of Shelton, Neb., is shipping several thousand head of lambs from the Las Vegas stock pen. G. F. Patrick, of Pueblo, had four car loads of cattle at the Albuquerque stock yards which went east, yesterday. J. B. Manly, of Trinidad, Colo., who is investing heavily in sheep, this season, and having his pockets with coin by doing so, was a passenger for Albuquerque, last evening. Twelve double-deck cars, loaded with more than that many hundred hogs, passed through the city, this morning, for the Mexico City market. They were all beauties, too. Twenty-four head of cattle, valued at \$45 each, have been stolen recently from the ranch of Nicolas T. Cordova, at Alamogordo. Also, he lost 200 head of sheep by theft, last month. Parties are suspected and arrests may follow. G. C. Ruffner, a sheep man of Prescott, Arizona, passed through the city, last evening, homeward bound. He made inquiry in the depot platform for C. F. Jones, who was an old schoolmate and friend. The forecast of last week, Timothy Ring, J. England, Jack Gallagher and Parson Bros., of the mountain district, Colfax county, sold their best cattle for shipment to Kansas. They received for yearlings, \$21; for two, \$27; for three, \$30. Wm. Fraser, the Chillum sheep-raiser, is in Albuquerque, and he states that he put off the shearing of his flocks until spring, for the reason that he had a good object in view a few years ago when he sheared in the fall and lost from freezing, about 1,400 sheep during the winter. Elias Garcia, a sheep-raiser whose headquarters are in Albuquerque, returned to that place from the dipping pens of Francisco Lucero on the upper Rio Puerco, where 5,000 of his sheep were dipped. Mr. Garcia states that he did not shear his sheep this fall, believing in one shearing a year, and that in the spring time.

RAILROAD RUMBLINGS. C. M. Fisher, of the Atchison's fuel department, came down from Trinidad, last evening. C. M. Meade, the Atchison civil engineer, was south-bound from his Pueblo headquarters, last evening. C. C. Wray, ex-chief dispatcher at Las Vegas, now fills an important railway position at San Bernardino, Cal. S. Harman, of the Atchison store house in this city, has been called to Topeka by the serious illness of a brother. Frank Harris, of the Atchison's secret service bureau, came up from the south on a freight train, yesterday afternoon. Mrs. F. C. Webb, wife of the superintendent of the U. P. Denver & Gulf, was a passenger into Trinidad, Colo., yesterday. Car Repairer Williams departed from the Las Vegas hospital for El Paso, Texas, last evening, leaving but three patients in the institution. Pete Murphy, of the railroad water service, went up north on the early morning train in time to be industriously at work when the whistle blew. Assistant General Superintendent Avery Turner, of Topeka, formerly an ordinary passenger conductor out of Las Vegas, got off No. 1 at El Moro, Colo., yesterday. H. R. Nickerson, general manager of the Mexican Central railroad, accompanied by his wife, passed through on No. 32, this morning, en route for Kewanee, Kansas. The ladies' auxiliary to the O. R. C. is arranging to give an exhibit and an oyster supper, up at Katon. The date will probably be between the 15th and 20th insts. Curt Andrews, an engineer on the Chicago extension, and his wife, stopped off at Katon, for a few days, on their way east from the City of Mexico, where they had been on their wedding tour. A determined young lady, whose name was not learned, was the heroine of a romantic marriage up at Bloom station, yesterday. She was married to the station agent at that place, being accompanied down there from La Junta by the officiating clergyman, license in hand. There will be no electric headlights used on Atchison engines until this branch of locomotive equipment has been perfected to a greater degree than at present. The two electric headlights which were placed on engines on the eastern division for experimental purposes, have been taken off and sent back to the manufacturers. Within the next month, all Atchison first-class passenger coaches, chair cars and dining cars will be lighted by electricity, instead of by oil lamps and kerosene, as at present. A force of workmen, from New York City, are now placing the electric equipment on the cars at the old Sixth street roundhouse in Topeka. The electricity will be generated by the movement of the cars, and practically the only expense will be that attending the original equipment of the cars and the cost of keeping the dynamo and other apparatus in order. While not as cheap as lighting by oil lamps, it will be cheaper than kerosene, and will give the best light possible on railway cars. Fresh turkeys, ducks and chickens, at Hofmeister's. SEVENTEEN YEARS AGO. NOVEMBER 6th, 1887. Henry Coors bet \$25 that New York would go republican by 35,000. A. C. Schmidt was manufacturing several new wagons for his customers. Francis Pete had moved to the east side, so as to be nearer to his business. Lewelling's White Oaks back started for the Lincoln county camp, with a good passenger list. The scheme to sink wells on the White Oaks road was being agitated again, and with a public meeting that succeeded favorably to result in success. F. C. Marshall had bet two fine hats that Garfield would have a majority of forty in the electoral college. W. G. Ward won two hats and two pairs of boots on a similar wager. The gayest snow storm of the season was upon us. It had come rather unexpectedly and was undoubtedly brought about by the late elections, or the conditions of the atmosphere caused thereby. Secure a sack of fancy rural potatoes at Belden & York's before they are all gone. The congregations at the Baptist special services are increasing. The interest is becoming more marked. All the religious people are earnestly requested to attend. Last evening, "The Birth of the New Birth" was discussed. The speaker revealed his thorough acquaintance with the scriptures. He proved all assertions by the truth of "Holy Writ." The same subject will be continued to-night (Friday). Time is rapidly passing away. Let all turn out to participate in this religious work.
