No. 298

A SECOND SNOW STORM ARRIVES

TWO SEVERE ATTACKS IN OCTOBER BREAK ALL RECORDS FOR YEARS.

ONLY SEVENTEEN ABOVE

Bad Weather Will Continue For Several Days—Local People Snow-bound in Mountains—Sheep Suffer

"You needn't think this is going to be a one day storm over a small area," said Brandenburg, the weather man, Saturday, when speaking to the Denver newspaper men about the storm that was due. "It will last for four days, be general over the Rocky Mountain region and be the severest October storm that has visited the west in years."

It is common among the matter of fact people who always try to say the obvious thing to attempt to poke fun at the weather forecaster and say that he knows about as much about the weather as they do. Our clever people of this class seem slow to learn that meteorology has got to be an exact science and that storms can be foretold with reasonable accuracy. Once in a while changing air currents make the prophecy of little effect, but in nineteen cases out of twenty, as those who have carefully followed the weather prophecies made concerning this country can testify, the forecaster is accurate.

Warnings of the imminence of the present great storm were flashed to every part of the west and a great deal of damage was averted by enabling stockmen and farmers to make preparation for the bad weather.

It began raining in this city Saturday evening and during the night it turned to snow and grew considerably colder. Sleet and rain fell during the entire day Sunday and last night a heavy snow fell to a depth of three or four inches, and it has been snowing slightly all day today. The maximum temperature yesterday was sixty-two degrees, but the thermometer fell to twenty-two degrees above zero, a range of forty degrees. Last night the temperature dropped to seventeen degrees above zero. The snow has been exceptionally heavy in the mountains and if the bad weather keeps up the roads will soon be impassable.

Little damage was done by the storm in this city as the snow did not cling to the wires and branches of the trees as it did during the first fall of the season, and it melted rapidly on the street car tracks and sidewalks.

The storm is general all over the territory and even El Paso is in the throes of winter. Traffic on the railroads has been greatly delayed and many of the trains are hours behind schedule, especially from the east. It is considered one of the worst October storms that New Mexico has ever known and in many places assumed the proportions of a blizzard.

Reports from Albuquerque state that that city suffered severely from the elements. The rain, snow and sleet was accompanied by a wind of tremendous velocity which wrecked buildings, tore branches from trees, blew in a few windows and rendered conditions generally uncomfortable in the streets during the entire day yesterday. Tents were torn away or were soaked and flooded and invalids suffered greatly.

Like reports come from Santa Fe, Gallup and many other points over the territory, showing that the storm in Las Vegas was light in comparison. Sheepgrowers differ as to the results of the storm to flocks, although it is agreed that the storm will do a great deal of good for the ranges, since water was beginning to be needed. It is thought that owing to the splendid condition of the sheep the losses would be very light and only occasionally losses would be experienced where the sheep were caught on the open ranges without protection of any sort.

SENATOR BURTON ON WAY TO JAIL

St. Louis, Oct. 22.—Former United States Senator J. R. Burton of Kansas, accompanied by his wife and niece, arrived this morning from his home at Abilene and surrendered himself to begin serving his sentence of six months in the Ironton, Mo., jail. Apparently he has changed but little since his conviction a year ago. As he stepped from the train he said: "I am feeling very well, exceeding-

The change for the worse in the weather, coming at this time, will probably materially cut down the attendance at the republican county convention to be held in this city tomorrow.

A number of people from this city are snow bound at Harvey's ranch resort, El Porvenir, and other places in the mountains and consequently their friends and relatives in this city are greatly worried. Among the people missing are the bunch of "rough-riders," a merry crowd of young ladies and gentlemen of this city, who left horseback Saturday morning, when the day was fine and clear, for Harvey's, intending to return to this city Sunday afternoon. School took up this morning without the presence of two teachers of the Douglas Avenue school, Misses Tamme and Stonerod, and the First National bank had to worry along without the services of Ed. McWent and Charley Trumbull, all four of whom are taking an enforced vacation, being members of the party snow-bound at Harvey's. The "rough-riders," of whom there are several who were unable to make the last trip, are busy receiving the congratulations of their friends for their foresight.

RAILROADS ASSIST Y. M. C. A. MOVEMENT

WILL TRANSPORT DELEGATES FREE OF COST TO FIRST TERRITORIAL CONVENTION.

The following delegates leave tonight for Douglas, Ark., to attend the first convention of the Young Men's Christian associations of New Mexico and Arizona: H. O. Brown, Ira E. Perry, W. G. Ogle, W. J. Barnes, Ray C. Opper, T. A. Johnson, J. H. York, C. Newby, J. A. Strickland, D. S. Henderson and Earl A. Norton.

According to present indications, there will be about 125 delegates in attendance, from the associations at Douglas and Bisbee, Arizona, Las Vegas and Mesilla Park, New Mexico; El Paso, Texas, and from several cities where as yet no association has been organized, including Albuquerque, Santa Fe, Roswell, Phoenix, Prescott, Tucson, Sonora, Mexico, and others.

The purpose of the conference is to strengthen the existing associations and stimulate interest in unorganized fields. While the present plans extend only to the present year, it is expected that during the conference, a territorial committee will be elected, and a permanent organization effected, looking forward to a similar gathering each year.

The theme of the conference will be: "The social nature, a natural channel through which to influence the development of the man—spiritual, intellectual and physical."

The speakers include International Secretaries Goodman of New York, McDill of Chicago, Bruno Hobbs of Denver, General Secretary Starrett of Denver and the secretaries of the local associations.

Free transportation has been granted to all delegates by both the Santa Fe and El Paso & Southwestern railroads, which generosity has alone made possible such a large attendance.

CASHIER OF MISSOURI BANK DRIVES OFF TWO ROBBERS

Joplin, Mo., Oct. 22.—A. V. Manning, cashier of the County bank at Pineville, forty miles south of Joplin, early today exchanged shots with two robbers whom he encountered at work at the bank. No one was hurt and the robbers escaped without booty. The bank was wrecked by a charge of dynamite.

SUPERINTENDENT HORTON OF WESTERN UNION DIES

Omaha, Neb., Oct. 22.—Superintendent Horton of the Western Union Telegraph company died after one week's illness with a complication of lung, liver and kidney trouble.

ly well under the circumstances. I had a good night's sleep and am greatly refreshed this morning. I expect to go to Ironton today and begin the life which is laid out for me." Mrs. Burton maintained her composure remarkably well and declared with spirit: "I never was more proud of my husband than at this moment, when he is on his way to jail."

BLIZZARD SWEEPS OVER ENTIRE WEST

Great Damage to Traffic. Thirty Freight Cars Blown From Track in Utah. Two Passenger Cars Swept From Track By Terrific Wind and Conductor and Two Passengers Injured. Awful Damage to Property in Ogden. Four Feet of Snow in Cripple Creek. Storm Will Continue Over Tomorrow With No Rise in Temperature in Northern New Mexico.

Bulletin.—Ogden, Utah, Oct. 22.—A wind storm of thirty-six hours duration, that ended at four o'clock this morning, killed one, injured many and did \$100,000 damage to property.

Barns were overturned, roofs blown off, plate glass windows smashed, trees uprooted and telegraph and telephone poles prostrated.

The Catholic church suffered the greatest damage. The old church was blown down and the new one—unroofed and costly mosaic windows were demolished.

Railroad Service Disorganized

Salt Lake City, Oct. 22.—Railroad service between Salt Lake and Ogden is utterly disorganized. The terrific wind Saturday night and Sunday morning carried down all the telegraph wires, making the dispatching of trains in regular order impossible. Without telegraph service the Rio Grande is moving but few trains.

The Oregon Short Line is blocked by a wreck near Wood's Cross, where thirty freight cars were blown from the track during the storm. Two frail passenger coaches on the Salt Lake & Ogden road were blown from the tracks near Centerville and the conductor and two passengers were injured. The Salt Lake & Ogden line is blocked by many trees blown across the track.

In Salt Lake more than two thousand large shade trees were uprooted throughout the city, and frail buildings in course of construction were wrecked.

Storm Worst in Fourteen Years

Denver, Oct. 22.—The storm throughout the mountain region, which began here with rain Friday, changing to snow Saturday, subsided this morning. It is said to have been the heaviest in this vicinity since 1892. More than a foot of snow fell on the level and melted measured one and eight-tenths inches. The temperature, generally, fell to twenty degrees. Locally but little damage was done.

Sheep men in Wyoming, Colorado and New Mexico, it is believed, will suffer losses as they are unprepared for such severe weather.

Hundreds of tons of sugar beets, and thousands of barrels of apples are still in the open in the northern part of Colorado, and should the cold continue, the damage will be very great to the ranches.

Telegraphic service throughout the west was badly hampered and trains are indefinitely late.

Heavy Snow in Minnesota

Duluth, Oct. 22.—A blanket of heavy snow, six inches or more, fell last night in northwestern Minnesota, covering Vermillion and Mesa baranges and extending as far west as Rosiston.

Foot of Snow in Kansas

Ellis, Kas., Oct. 22.—A snow storm from Colorado is passing east and prevailed today in western Kansas. Passengers reaching here this morning on belated east bound trains, report a heavy snow storm between Ellis and Denver, some points assuming the proportions of a blizzard with from four inches to one foot of snow on the ground. The snow is drifting at a good many points.

Blizzard in Colorado

Colorado Springs, Oct. 22.—A severe blizzard, which has been in progress for forty-eight hours, broke this morning. Heavy snows are reported in the

mountains and trains are somewhat delayed. The temperature here this morning is 15 degrees above zero.

Four Feet of Snow

A special from Cripple Creek this afternoon says that two feet of snow has fallen in the Cripple Creek district up to noon today and it is still snowing.

At Divide, twenty miles distant on the Colorado Midland railroad, over four feet of snow is reported.

Traffic Crippled

Pueblo, Colo., Oct. 22.—A blizzard, which has been raging in this city and vicinity since early Saturday afternoon slightly abated this morning. Railroad and street car traffic is badly crippled.

The Rio Grande railroad west of Pueblo suffered the most from snow which is unusually heavy along its line, ranging from sixteen inches at Florence to thirty inches at Buena Vista. Cattle and other stock suffered.

Forty-Two Inches at Beulah

Pueblo, Colo., Oct. 22.—A special from Beulah, twenty-eight miles west of this city, at noon today, says that forty-two inches of snow fell there and is still falling.

Special Forecast

Denver, Oct. 22.—Frederick H. Brandenburg, district forecaster makes the following special forecast of weather conditions:

There has been practically no change in the distribution of pressure in the last twenty-four hours. The intensity of the high area overlying the northern half of the Rocky mountain region, however, is less marked. The snow has been general in the last twenty-four hours in southern Wyoming, Colorado, northern New Mexico and northern Arizona, while rain has been falling in the upper Mississippi valley and along the Atlantic coast. Snow is indicated this afternoon and tonight in Southern Wyoming, Colorado and northern New Mexico. Tuesday fair, with rising temperature, except in New Mexico.

SAILORS PETITION MAYOR OF BOSTON

Men of Battleship Rhode Island Complain of Being Unnecessarily Confined on Board.

"As citizens of Boston, we ask you to exert your influence, that unjust conditions which now prevail aboard the Rhode Island may be remedied. Leave of absence, to which we are entitled, is being denied us, and we are being kept cooped up even though many of us are men of family."

This was the substance of a communication received by Mayor Fitzgerald from the jacks of the United States steamship Rhode Island, which is stationed at the Charleston navy yard.

"We know that the mayor cannot bring the power of his office to bear upon our commanding officer," explained a member of the crew last night, "but we do believe that by interceding with the authorities at Washington, he will be able to bring a change for the better."

It is the claim of the sailors that they are being unnecessarily confined in the Rhode Island, while men of the other vessels in the yard are being liberally favored with shore privileges.

Warren Island, of this city, who is in the naval service, is stationed on

the Rhode Island and likes the service very well, he writes relatives in this city. He says that he expects to make a trip to Panama soon.

BARON SPECK VON STERNBERG POSTPONES TRIP TO EL PASO

Washington, Oct. 22.—Baron Speck Von Sternberg, the German ambassador, has decided to postpone his trip to Texas until autumn. He finds that he will not have time this year to make as long a visit as he desires. Many changes have been made in the German consular offices in Texas and the ambassador is anxious to have an opportunity to discover what part the newly established German line of steamers to Texas is playing in the development of the southwest.

CHINESE IMPERIAL ARMY BEGAN MANEUVERS TODAY

Changfetu, China, Oct. 22.—The autumn maneuvers of the Chinese imperial army began today. About 30,000 troops are engaged and are equipped with the most modern accoutrements, rifles and guns, and present a highly creditable appearance. No less than thirty military attaches of foreign powers are watching the operations.

BIG REPUBLICAN RALLY

Grand republican rally at the Duncan opera house tomorrow night.

Delegate W. H. Andrews, Territorial Republican Chairman M. O. Bursum and Hon. George W. Pritchard will be among the speakers of the evening. Many of the delegates to the republican county convention will be present.

THREE BATTLESHIPS WILL TAKE ROOSEVELT TO PANAMA

Philadelphia, Oct. 22.—An official notice has been posted at the League Island navy yard to the effect that the cruiser Washington will leave on or about November 1 for Hampton Roads. The Tennessee, it is expected, will pass out a couple of days later, and the two warships will act as an escort for President Roosevelt to Panama. The president has selected the new battleship, Louisiana, for his flagship during the voyage. He plans now to go aboard the Louisiana at New York on November 8 and to join the convoy at Hampton Roads. The trip will require about six days each way.

LIMITED WRECKED AND NUMBER KILLED

New Orleans, Oct. 22.—The sunset limited on the Southern Pacific, which left New Orleans for California at 11:15 this morning, was wrecked near Boutte, Louisiana, this afternoon and a number of people are reported killed.

WM. JENNINGS BRYAN NOW STUMPING INDIANA

Indianapolis, Ind., Oct. 22.—Wm. J. Bryan began a three days' speaking tour of Indiana today. His first speech was made at Brazil.

ALBUQUERQUE BOY ARRESTED FOR ROBBERY

(Special to The Optic.) Albuquerque, N. M., Oct. 22.—Jake Gussieroff, 16 years old, is held at El Paso, Texas, on the charge of robbing his father, Max Gussieroff, a billiard hall proprietor of Albuquerque, of \$165, last night. He opened the small safe and skipped. The chief of police went after him this afternoon to bring him back.

Passenger trains Nos. 2 and 7 came very near having a head-on collision near Springer this morning. No. 7 is reported to have broken in two and was almost run into by No. 2 before the former train could take the siding. The passengers were badly jarrred up by the sudden application of the air brakes.

FIRST NEWS OF BIG HURRICANE

Mobile, Oct. 22.—The first news of the terrible West Indian hurricane, which visited the towns of Ruatan, Tela, Utilia, Colorado and El Provinco, Honduras, October 12th, was brought here last night by the Norwegian steamer Herald, loaded with a cargo of fruit. A number of vessels were wrecked, several destroyed, and buildings in each of the towns mentioned were badly damaged. The loss to the owners of fruit plantations

TRUSTEES WILL NOT SELL LAND

GRANT BOARD REFUSES PROPOSITION OF CHICAGO CO. FOR OPTION ON 150,000 ACRES.

SETTLERS GIVEN DEEDS

No More Mean Land To Be Tied Up By Contract Until 50,000 Acres Sold To Hazard Is Disposed Of.

The board of trustees of the Las Vegas grant at a special session this morning declined to consider a proposition from a Mr. Brown of Chicago, representing a big land selling agency, that would give him an option on 150,000 acres of land on the grant.

Mr. Brown proposed first to complete the sale of the 50,000 acres of land purchased by Ira G. Hazard, with the agreement that when this land should have been all sold he should secure another 50,000 at \$1.50 per acre and when that was sold a third 50,000 at not more than \$2.50 an acre. The board decided that until the 50,000 acres sold to Mr. Hazard had all been disposed of, no more land should be tied up by a contract.

Present at the meeting this morning were Messrs. Jefferson Reynolds, Eugenio Romero, F. H. Pierce, Jose Felix Esquivel and Isidor V. Gallegos.

Mr. Zimmerman reported having completed the sectioning of the 50,000 acres of land sold to Mr. Hazard.

President Reynolds, who had been appointed a committee to confer with the court regarding the amount of taxes to be paid on the grant lands, reported that the court had fixed the sum at \$7,500, \$2,500 to be paid down and the remainder in installments. Mr. Reynolds reported that he had paid over the \$2,500 that had to be paid at once.

The members of the board signed deeds for tracts of land of not more than 100 acres each to bona fide settlers as follows: Jose Manuel Gonzalez, Juan M. Romero, Jesus Maria Lopez, Florencio Boney, Albino Boney, Pablo Boney, Guadalupe Serna, Rafael Sanchez, Mrs. Crescenciana Jacob, John Antonio Gonzalez, George Scott, Romualdo Martinez, Juan Jose Moya, Anastasio Cordoba. The board adjourned to meet the second Monday in November.

OFFICIAL MATTERS

The following pensions have been secured for residents of New Mexico through the efforts of Delegate Andrews:

Pensions
Joseph A. Rymill, Fort Bayard, increased pension to \$12.00 per month from September 8, 1906.

Henry C. Thomson, Albuquerque, original pension \$8.00 per month, from August 8, 1906.

Felix Garcia, Chaparral, increased pension to \$8.00 per month from August 1st, 1906.

Postoffices
Mr. O. G. Myhre has been appointed postmaster at the postoffice newly established in Grant county, called Tyrone.

MAYOR OF KANSAS CITY WILL HAVE TO PAY FINE

Washington, Oct. 22.—The supreme court of the United States today refused to assume jurisdiction in the case of Mayor Rose of Kansas City, Kansas. A fine of \$1,000 was imposed against Rose by the supreme court of Kansas for assuming office as mayor after he had been deposed on a charge of failing to enforce the liquor laws of the state. The effect of the court's action will be to leave the sentence of the state court in effect.

will, it is stated, reach almost a million dollars. The British schooner, Southern Queen, was thrown on the beach at Ruatan and went to pieces in less than an hour. The Herald suffered somewhat and will be docked. A tidal wave accompanied the hurricane, and swept everything before it. Captain Henriksen reports that when he left, the beaches were strewn with vessels of all kinds, including three sailing vessels. No lives are reported lost.

SORES AND ULCERS

TROUBLESOME-OFFENSIVE-DANGEROUS

Nothing is more discouraging than to have an unhealthy sore or ulcer resist one treatment after another, sometimes scabbing over and apparently getting well, then returning with renewed energy and becoming worse than before. Sores and ulcers are not due to outside causes; if they were, salves, plasters, lotions, etc., would cure them. They are kept up by a diseased and polluted condition of the blood brought on by the absorption of refuse and waste matters of the body into the vital fluid. These accumulations find their way into the blood, usually because of an inactive and sluggish condition of the system. Nature intends that they shall be carried off through the usual channels of waste, but the different members failing to perform their duties properly leave the matter to sour and ferment. The blood then, in its effort to keep the system healthy, absorbs these poisons and at the first bruise, cut or wound the sore is formed, and the constant drainage of foul matter through it keeps the place open and irritated so it cannot heal. Another cause for old sores and ulcers is the polluting or weakening of the blood from the remains of some constitutional trouble or the effects of a long spell of sickness. S. S. S. begins at the fountain-head and drives out all poisonous matter and germs, and makes a lasting cure. As soon as the system gets under the influence of S. S. S. the inflammation gradually leaves, the flesh takes on a healthy color, and soon the place is permanently healed. Book on sores and ulcers and any medical advice without charge.

S.S.S.

PURELY VEGETABLE.

Book on sores and ulcers and any medical advice without charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.

"PUNCH" WRITES FROM THE CAPITAL OF SUNNY MEXICO

From Punch, Optic's Special Correspondent

City of Mexico, Oct. 16, 1906.—It will never do to be regarded as dull in this letter, so it is advisable to announce that I brought over a patent medicine Spanish dictionary that a druggist in El Paso gives away, with every box of pills, and now all I can order is medicine, with nothing the matter with me.

All travelers agree that Mexico City is the best policed place in the world, and they are so polite it is a real pleasure to be arrested.

Of all quaint sightseeing countries Old Mexico is the most interesting, and this city of half a million people should be the first visited, for more English is spoken on San Francisco street than Spanish, hence I only use my patent pill guide in the suburbs.

Extensive travel has warranted the erection here of a new million dollar hotel that will have two kinds of hot water.

A dozen theaters are open in full blast, opera principally appealing to the people. It consumes eight dollars to listen to one prima donna, and if you don't like it, the grind organs are free, and paid for by a wise and liberal government, simply to entertain and amuse the people.

But at present the country is agitated at the coming of a real Simons American circus, now on its way to the land of Montezuma. Flaring posters announce, "El Grandioso Circo Sells-Floto, Museo y Zoologico, Espectaculo," and after all these years to at least have a genuine sawdust, pink lemonade and peanut, clown galore, big Yankee show and menagerie and parade, has startled even the foreigners, to say nothing of the natives.

After investigating the field, the owners of the Sells-Floto shows have also decided to build here in the city a fine new million dollar hippodrome, besides the value of the land. This will enable the show to exhibit the year round, and make a saving of over thirty thousand dollars "wintering," from which no revenue is derived, for an elephant absorbs five halves of hay per day, whether you are paying to see him eat or not.

There are so many things worth while in Old Mexico, my next letter will tell of Guadalajara, a town of 200,000, that has only lately had a railroad. It is 300 years older than New York and should know better. Tourists call it the "show place" of the republic; the Catacombs and Cathedral.

Slopson, a Chicago drummer, joined me at Tlaxtlixco, after passing through the town, seven times he

said, seven times because he couldn't think of the name, and no one tried to help him think.

At the hotel I sprung my patent Spanish "essay at a glance, labor-saving, mail order foreign conversation book" and remarked to the clerk: "Tiene Ud. habbaciones que alquilar?" (Good morning, have you taken your enough medicine?) It was a p. m., but the book was wrong.

"Say, Rocks that's immense, let me have it," said Slopson, then continuing to the clerk, "and what's more (reading) Hay una barra 'e bebidas, en el hostellerio?" (Is there a bar in the joint?) Slopson sells a XX brand himself and is a corner sewer on booze, and he was also full of his own samples.

"You gentlemen both have good rooms," replied the clerk. "I don't know what you are talking about. Can't either of you speak English?"

"Gee, listen: let's stay a week," shouted Slopson, "It sounds like home: what'll you have?"

As there is only one pill guide in the party, Slop. has decided to accompany me to Guadalajara, as the clerk told him a new lottery opens there on Tuesday, free tickets with every street car ride.

"What do you want done with all those lottery tickets you have now?" inquired the clerk.

"Oh, hell, paper the bath room with them," answered my wicked Chicago companion.

Fondly thine,
PUNCH WHEELER.

Danger From the Plague

There's grave danger from the plague of Coughs and Colds that are so prevalent, unless you take Dr. King's New Discovery for Consumption, Coughs and Colds. Mrs. Geo. Walls, of Forest City, Mo., writes: "It's a Godsend to people living in climates where coughs and colds prevail. I find it quickly ends them. It prevents Pneumonia, cures La Grippe, gives wonderful relief in Asthma and Hay Fever, and makes weak lungs strong enough to ward off Consumption, Coughs and Colds. 50c and \$1.00. Guaranteed by all druggists. Trial bottle free.

Possibly a speech advocating the government ownership of all fish ponds would have brought Grover Cleveland right up out of his trance.—Washington Post.

PILES CURED IN 6 TO 14 DAYS

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded 50c

ESTABLISHED, 1876.

NORMAL UNIVERSITY NOTES OF INTEREST

Tennis Association Formed — Girls' Basketball Team Challenges High School—Society Events.

President and Mrs. Vert entertained at the Castaneda hotel Sunday evening a week, at dinner, the guests being the faculty of the Normal, the members of the board of regents and their wives. The affair was a most delightful one in every way.

In assembly last Thursday morning Prof. Sundstrom began his series of talks on the Aeneid, with remarks on Virgil's life, and an interpretation of his great work. This series of talks was one of a great number, previously begun on the masterpieces of literature, and will be followed by others. Last Thursday's talk certainly demonstrated the possibility of making such a subject interesting to the school in general.

Tennis interest is intense. Now that the court on the back campus has been put into such excellent shape, it is in almost constant use during recreation hours. A tennis association, consisting of faculty and student members has been formed, a constitution drawn up, and officers elected.

The first social event in the history of the Ciudadano Club occurred last Friday evening. Miss Thomas, acting in her capacity of lady patron, entertained the club very pleasantly at her home on Ninth street. A somewhat feminine aspect was given to the affair by the "button-hole contest," but that the young gentlemen were in no way ashamed of this unusual occupation and the results of it, was shown by the pride with which they displayed their finished products on Monday morning.

The girls have taken up basketball. A challenge from the Castle school has been accepted and practice is now under way.

Prof. Van Oot used the period of assembly exercises on Monday to explain a few points in the new football rules. The same period on Thursday will be devoted to a practical demonstration of the subject by the team.

The first number of the lecture course series was given in Normal hall last Monday evening by the Midland Opera Quintet. The troupe is composed of artists of ability, and if their entertainment is indicative of future numbers on the course we may prophesy some enjoyable evenings during the winter.

A Badly Burned Girl

or boy, man or woman, is quickly out of pain if Bucklen's Arnica Salve is applied promptly. G. J. Welch, of Teconsha, Mich., says: "I use it in my family for cuts, sores and all skin injuries, and find it perfect." Quickest Pile cure known. Best healing salve made. 25 cents at all druggists.

Anastacio Ortega, who shot and killed Manuel Grine, last month was given a hearing before Justice of the Peace Spring at Clayton and bound over to the grand jury in the sum of \$3,000. He is in jail in default of bond.

Torment of Tetter and Eczema Alayed.

The intense itching characteristic of eczema, tetter and like skin diseases is instantly allayed by applying Chamberlain's Salve and many severe cases have been permanently cured by its use. Sold by all druggists.

A certain railroad has erected a laundry plant and will hereafter do its own washing, having doubtless become wearied of seeing it done by others, legislators and the like, in the public eye.—Richmond Times-Dispatch.

SANTA FE.

Second Class Colonist Rates To California.

In order to relieve the demand for labor of all kinds in California and intermediates, affected by the earthquake, tickets will be on sale commencing August 27th instead of September 15th as heretofore, and continue daily until October 31st. Rate \$25.00 one way.

D. L. SATCHELOR, Agent.

Twelve new school districts in one of the smallest counties in the territory, that of Quay, established in the course of one year, because of the great influx of immigrants. What better indication of the marvelous growth and that this growth is of the right kind, than this single item of news from Quay county.

PASSING DAY

Drill tonight at the armory.

Closets were ransacked for more blankets and heavier underwear Sunday.

The republican county convention will be held at the court house in this city tomorrow.

A new cement crosswalk is being laid on the east side of Sixth street at the Douglas avenue crossing.

Two heavy snow storms in October has all records broken. It looks as if a hard winter was in store for the northern part of New Mexico.

The operator at the Western Union Telegraph office has recently purchased a fine new two-color typewriter which is a dandy.

The dance at the Fraternal Brotherhood hall Saturday evening was not well attended on account of the inclement weather.

The weather man has another guess coming for he predicted fair weather for this city Sunday. It was hardly possible to have missed it any farther.

Drill at the armory tonight and every member of the troop is urged to be present. Preparations will be made for a marksmanship contest Sunday and important matters will come up for consideration.

The republican primary for the twenty-ninth precinct, to elect delegates to the county convention to be held tomorrow, will be held this evening in the council chambers of the city hall. Republicans are urged to turn out.

The Frank Rich Stock company gave their last production at the Duncan opera house Saturday night to a well filled house after spending a week in this city. They made many friends here during their stay who will give them an enthusiastic welcome if they ever return. It was one of the best stock companies that has

appeared in this city for several seasons.

Rumors are now rife that Secundino Romero and Don Margarito Romero have kissed and made up and will give the democrats the finishing touch by electing the republican ticket by the largest majority ever given in this county.

Mr. and Mrs. George Labadie were given a hearing before Justice of Peace Felipe Baca y Garcia and were found guilty of resisting and opposing an officer and were bound over to await the action of the grand jury in the sum of \$1,000 or \$500. As they could furnish no bond, they were placed in the county jail. Resisting an officer is a penitentiary offence.

Probate Clerk M. A. Sanchez has returned home to this city after a short visit to Sanchez, N. M. Mr. Sanchez met with an accident during his visit and has not yet entirely recovered from his injury. He was assisting to round up some steers when his horse fell, throwing him on his right arm, severely spraining and bruising it, and it causes him considerable trouble.

Fifty patients from the territorial hospital for the insane in this city attended the matinee at the opera house Saturday afternoon, the bill being "The Elopement." They occupied the reserved seats in the gallery and thoroughly enjoyed the play, in fact they were more orderly than spectators usually are in that portion of the house.

Richard Carle, the author-comedian, is always happiest when he creates a character that has something to do with the stage. In "The Maid and the Mummy," he introduces a broken-down theatrical manager of the Wilkins Micawber type; an ex-leading lady, Trixie Evergreen, who is madly in love with the manager; and a property man who makes up to resemble a mummy. The unusual characters in "The Maid and the Mummy" go far towards making that merry musical melange the big success it has proved during the past season. "The Maid and the Mummy" will be at the Duncan November 15th.

CASNOW & CO.

A Card

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents serious results from a cold. Cures la grippe cough and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Refuse substitutes. To be obtained of O. G. Schaefer.

Elizabeth Cracroft has been selected for the postmastership at Seama, N. M.

ESTABLISHED 1862

Rosenwalds

PLAZA

"Has Stood the Test of Time"

200 Tailored Suits for Women of Good Taste

EVERY DAY new garments come into this department and every day many go out. Never before has it been your good fortune to have such a stock as this to choose from. In it there is every color, every style, something to suit everyone who has good taste in dress. We selected these carefully and few of them are duplicates—hardly any two alike.

A Few Excellent Values

TAILORED SUIT of wool in the popular shadow plaids in red, navy, black and brown \$18.50

Handsome suit of Broadcloth in navy and red braid trimmed, velvet piping \$25.00

Suit of dark gray invisible plaid, Norfolk jacket and handsome skirt. Very desirable \$20.00

And many more at \$15.00 to \$35.00.

There Are Reasons

Stores have come and stores have gone—but the Rosenwald store remains. Why? Good reasons and plenty of them for its continued prosperity. First and foremost, the buying public know that it's the home of dependable merchandise—that that merchandise is priced right—that fair and honorable treatment is accorded to all—that what we advertise is found on our sales tables exactly as represented. Think it's a good place to trade, don't you?

Waists For Fall and Winter

You'll find it true economy to buy the waists ready to wear instead of trying to make them. That means, usually, a lot of hard work and an ill fit. The waists we show are the perfect fitting kind.

Special Values

All wool Albatross Waist in all colors \$1.65

Mohair Waist, in black and white \$2.00

Albatross waist, trimmed with val lace \$2.00

Embroidered Mohair Waist, white only \$3.25

An Unequaled Line Of Children's Coats

150 New and Hobby Styles

THE NEEDS of the children are well taken care of in this department. Here you have at least 150 new, fresh garments to select from. And everyone of them is a good one. Better look at these before you make your purchases. It means that you'll buy here—if you care to save a little.

Children's fancy Cloaks in neat plaids and checks, made to fit neatly \$6.00 to \$16.50

Children's heavy Kersey Cloaks in red and blue with plaid Monks' hood \$4.75

Children's Cloaks of all-wool novelty cloaking in green, red and blue, nicely trimmed \$5.00

Sizes, 6 years to 12 years.

Warm Gowns for the Cold Nights

Make your selections of these garments now, while the lines are full. New ones are here and the values are out of the ordinary. Some of them are plain, some nicely trimmed, all are cut full width and full length. A little later you'll find lots of comfort in these.

Fancy Striped Flannelette Gowns in a variety of styles \$1.00 to \$1.75 each

Finer styles in good weight and quality Flannelette 65c to 90c

Women's Flannelette Pajamas, in pretty colors, nicely trimmed \$2.00

Dress Fabrics

We are showing an immense line of the favored fabrics for the winter gowns. BROADCLOTHS in all colors are favored and our line is particularly attractive.

PANAMA CLOTHS are still in vogue and a pretty line of colorings.

NOVELTIES are shown in the choicest of designs and color combinations and priced to suit all.

"Las Vegas" Only Exclusive Dry Goods Store

We carry everything you need in Dry Goods and our stock is larger and more complete than any other Store in up-to-date Goods.

Sole Agents For
KENYON RAIN COATS
Give Double Service

They are stylish coats in modish and novel fabrics that do not reveal their rainproof character. You will be proud of a Kenyon when it is clear, and fond of it when it rains. No other garment serves so many purposes; none will so quickly win your favor nor prove so economical, so indispensable.

Children's
And Men's Cloaks

For your selection in numerous styles in plain and fancy cloaks, ranging in price from \$3.00 to \$12.50.

RATTLE OF THE RAILS

Facts About Boiler Explosion

Engineer Fred N. Dobbin and Fireman T. E. Brandon on Southwestern freight extra No. 173 were killed and Head Brakeman C. O. Gallagher was badly scalded in the explosion of the engine boiler at mile post 50, nine miles north of Alamogordo, at 3:25 o'clock Wednesday morning, says the El Paso Herald. Fireman Brandon was killed outright by the explosion while Engineer Dobbin lingered until 8 o'clock this morning and died in a hospital at Alamogordo. Gallagher was badly scalded and was taken to the Alamogordo hospital in a serious condition.

Dobbin's family resides at 1601 Myrtle avenue, and it is said that both Brandon and Gallagher reside here, although the directory does not contain their names and railroad men do not know where they reside.

The explosion occurred while the train was going at the rate of about thirty miles an hour. It is said that slight trouble had been experienced with the boiler on the run, but it was not regarded as serious. When the explosion came, Gallagher, the head brakeman, was in the cab with the engineer and fireman. The force of the explosion tore the boiler into many parts and Brandon was buried under a pile of debris and met death instantly.

The engineer was pinned under the wreckage and was scalded by the escaping steam and boiling water. When taken from the wreck he was unconscious and did not regain consciousness before death came. Gallagher, who was the farthest removed from the boiler, was also scalded. It is said that no other persons were injured.

The explosion left the engine lying in a heap on the track, but none of the cars were damaged. A wrecking train from Alamogordo hurried to the scene of the wreck and began the work of taking out the bodies of the men and removing the debris.

Rock Island train No. 29, due in El Paso at 8 o'clock this morning, was caught behind the wreck and was four and a half hours late in arriving here.

The bodies of Dobbin and Brandon will be brought to this city for burial.

If Gallagher's condition will permit he will also be brought here from Alamogordo for treatment.

A report brought to El Paso this morning from Alamogordo stated that Brakeman Gallagher had died. Southwestern officials do not confirm the report.

General Manager Simmons of the Southwestern and other officials left this morning for the scene of the wreck on a special, which also carried Miss Emily V. Dobbin, sister of the dead engineer.

Sale of Maricopa & Phoenix

The sale of the Maricopa & Phoenix and Salt River Valley railroad under foreclosure proceedings instituted by the Southern Pacific to satisfy a mortgage occurred on Monday morning on the steps of the Maricopa county court house at Phoenix, and was bid in by Frank Cox of Phoenix, for Peter Dunn of San Francisco, the well known corporation lawyer, who is chief counsel for the Southern Pacific and is merely the following of the law to clear the title of the railroad.

Mr. Dunn was also represented by Frank Shap of San Francisco, a lawyer who is associated with him there. The amount of the bid was \$778,750.21, the exact amount of the judgment.

There was but one bidder or rather two bids by the one bidder, as the sale was made in two parts and no one was present at the sale but the two attorneys, Sheriff Walker and Undersheriff Frank King, who conducted the sale and a few newspaper men.

The transaction has no effect whatever upon the road the management continuing as at present.

Weary Willie, Pest of Railway

Railroad men are having their troubles with the hoboes and yeggmen. Every train of loaded; if it were a ship it would be to the gunwales, says the San Bernardino Index. This morning seven blind passengers tripped off the Salt Lake overland and two of them were nabbed by the Santa Fe special officer.

Along the desert stations the yeggmen are the pest of the country. There is nothing too small or of too little value for them to steal. There is nothing too bold or brazen for them to attempt, once they congregate in large enough numbers.

The Santa Fe is organizing a regular campaign against the yeggs and tramps. The trainloads are guarded against boarding and those night trains on which yeggs find their way are met by officers, who place the men under arrest for evading railway fare. They are given a good stiff sentence and sometimes allowed to clear out of the country with the sentence suspended.

Greene to Have Wreck Proof Car

The Pullman company now have in hand the building of a new private car for Col. W. C. Greene to be called the "Independencia." It will be one of the richest and most handsome cars in the west. This car probably will not cost less than \$40,000.

The Pullman people are building a standard sleeper entirely out of pressed steel. It will be fire proof and telescope proof. It will be insulated with cork. This car could not possibly be destroyed in a wreck.

The composite body bolster and the platform are all one solid piece of cast steel. This is being built as an experiment. They are trying to find a car which will answer the public demand for something better and safer. Such cars will not cost a great deal more than the ordinary Pullman. If put into general use they will save thousands of lives. The only way one can be killed or injured in such a car would be to be thrown with violence against a seat.

Wounds, Bruises and Burns.

By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation set in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the greatest discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on the same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by all druggists.

Stock raisers near Clayton are reducing their herds as much as possible as the influx of immigrants makes range scarcer each month. The day of the festive cow puncher in that vicinity is on the wane.

A Young Mother at 70.

"My mother has suddenly been made young at 70. Twenty years of intense suffering from dyspepsia had entirely disabled her, until six months ago, when she began taking Electric Bitters, which have completely cured her and restored the strength and activity she had in the prime of life," writes Mrs. W. L. Gilpatrick, of Danforth, Me. Greatest restorative medicine on the globe. Sets Stomach, Liver and Kidneys right, purifies the blood, and cures Malaria, Biliousness and Weaknesses. Wonderful Nerve Tonic. Price 50c. Guaranteed by all druggists.

Lon Meredith, who was recently convicted of stealing cattle and sentenced to three and a half years in prison at Clayton, secured a new trial and is now out of custody on a bond of \$3,000.

An Awful Cough Cured.

"Two years ago our little girl had a touch of pneumonia, which left her with an awful cough. She had spells of coughing, just like one with the whooping cough and some thought she would not get well at all. We got a bottle of Chamberlain's Cough Remedy, which acted like a charm. She stopped coughing and got stout and fat," writes Mrs. Ora Bussard, Brubaker, Ill. This remedy is for sale by all druggists.

A. W. Thompson, ex-receiver of the United States land office at Clayton, returned home after an extended visit with relatives and friends in the east.

Blood Poisoning

results from chronic constipation, which is quickly cured by Dr. King's New Life Pills. They remove all poisonous germs from the system and infuse new life and vigor; cure sour stomach, nausea, headache, dizziness and colic, without griping or discomfort. 25c. Guaranteed by all druggists.

Antonio Cozro, of Brooklyn, had no bones and lived to be 21. What's the answer?—New York Mail.

PERSONAL MENTION

Frank Coe and wife spent Sunday hunting at Kroenig lakes.

E. T. Winters is planning to go on a bear hunt in the near future.

Jeff Keene left the city Saturday on a business trip to Apache Springs.

F. N. Wielandy, the popular salesman, was in the city from St. Louis Saturday.

E. H. Salazar left the city Saturday evening on No. 1 on a business trip to Santa Fe.

A. C. de Baca, who has been buying cattle in the vicinity of Aguilar for several days, has returned home to this city.

Deputy United States Marshal Harry Cooper of Albuquerque is serving papers over the county for the next term of court.

Pearle McCauley has arrived in Las Vegas from her home at Madison, Ind., and will make her future home in this city.

S. R. Dearth, who has been attending the Grand Lodge of the Eastern Star at Albuquerque, returned home to this city at an early hour Sunday morning.

Conductor Frank Hook and wife left the city Saturday afternoon on No. 2 for Chicago and other eastern points where they will make an extended visit.

Miss Nina Otero and Mrs. Nell B. Field of Santa Fe passed through this city late Saturday afternoon for a month's visit with friends in Chicago and Cincinnati.

Deputy Probate Clerk Apolonio A. Sena returned home Saturday evening on the Santa Rosa stage from the vicinity of Santa Rosa, where he has been campaigning.

Candidate for Delegate, O. A. Larrazo of this city, will address the democrats of Old Albuquerque tonight and tomorrow night will speak at the Elks' theatre in the Duke city.

Hon. Amado Chavez will move from Santa Fe to Albuquerque about the first of November, where he intends to practice law and attend to the settlement of land titles.

Dr. G. W. Harrison of Albuquerque was in the city Saturday on political business, but left Sunday for Mora to be present at the republican county convention being held there today.

Mrs. A. C. de Baca and children, who have been visiting with relatives at Parajito in Gaudalupe county for the past six weeks, returned home to this city with the family of Manuel C. de Baca.

E. L. Browne and wife of this city returned home on No. 8 Sunday morning from Albuquerque, where they attended the meetings of the Grand Chapter of the Order of the Eastern Star.

Miss Lizzie de Graff, who has been visiting for some time in this city and at Buena Vista ranch with her cousins, J. D. W. and Elmer E. Veeder, will leave early this week for Colorado Springs and from there will

return to her home at Kingston, New York.

Pablo Jaramillo, inspector of the Las Vegas grant, returned home Saturday from a trip to San Geronimo. The republicans of that neighborhood held their primaries Saturday.

Miss Louise Reed of this city, who was the leading lady in the "Matchmaker," is an understudy in one of Charles Frohman's companies this winter and will play the entire season in New York City.

Mrs. Minerva Reed returned home to this city late Saturday afternoon after attending the sessions of the Grand Lodge of the Eastern Star at Albuquerque. Mrs. Reed is the past grand treasurer of the grand lodge.

Hon. M. A. Otero, who has been looking after the interests of the Salado Live Stock company, of which he is president, at the home ranch for a couple of weeks, has returned to Santa Fe.

Hon. A. A. Jones of this city attended the democratic convention for Colfax county at Raton Saturday, delivering a speech in the evening. He joined Hon. O. A. Larrazo of this city,

democratic candidate for delegate, at Albuquerque today.

C. R. Boring, the popular prescription clerk at the drug store of E. G. Murphy, left this city Saturday evening for Chicago to resume the position he held before coming here. He has made a large number of friends in Las Vegas who regret to see him leave.

Taft and Tact are words that have nearly the same sound and exactly the same meaning.—Baltimore American.

Adjutant General A. P. Tarkington spent yesterday at Albuquerque, where he had charge of the rifle practice between companies B and G, First Infantry, New Mexico National Guard. He will come to this city on next Sunday on a similar mission and it is desired that every member of the troop turn out. The open range target practice season, which opened on May 1st, will close on October 31st, and the adjutant general is anxious that the national guardsmen of the territory all have good scores to their credit.

THE LAS VEGAS GRANT.

The last issue of La Vos del Pueblo in response to an editorial which appeared in The Optic, publishes a moderate, carefully-considered and able article, relative to the administration of the Las Vegas grant.

We have every respect for the opinions of La Vos. It is an influential paper; it is an able champion of whatever cause it advocates, and it has a wide circulation.

For such reasons we regret all the more that La Vos should line up on what we believe to be the wrong side of the grant question. We wish to suggest to the editor of the paper a view that we trust he will thoughtfully consider, seeking authority where he will and securing the advice of the ablest lawyers on the subject. If he finds our view to be the correct one, we trust he will retreat as gracefully as he may from his own position and not continue a course that is having the result of promoting unrest and ill-feeling and retarding the development of the Las Vegas grant.

First though we wish to call attention to the principal arguments advanced by La Vos.

Under our laws, argues the editor, every individual is given the right to manage his own property as he chooses. If such management does not interfere with the rights of the community, and he cannot be deprived of his property in any event without due process of law. When property is taken by process of law for the good of the state or for public exigencies, he must be paid the full value. The law also provides that the courts may intervene in matters relating to the estates of minors and demented persons, bankrupts, etc. But in no other cases, says La Vos, have either courts or legislature any legal right to, under the system of American jurisprudence, to interfere.

The editor then points out that under our system of government the people elect their own chief magistrate, their governors, their state, county and district officers, and that the officers of companies and corporations are elected by the majority of members.

It is contended that the Las Vegas grant is a quasi corporation, and as such should elect its own trustees. It is said that the act of the legislature authorizing the court to appoint trustees is no more legal than would be an act of the legislature directing that a railroad or The Optic be managed by persons it should appoint, and that the legislature should pass a law authorizing the people to elect their own grant trustees.

We might stop here to point out that La Vos first denies the authority of the legislature and then declares that the legislature should pass a law governing the management of the grant by the people themselves. The legislature either does or does not have authority, and in our opinion, it does not.

But, in general, the argument made by La Vos is cogent, convincing and apparently reasonable. It is as strong an argument as can be made from the standpoint of those who oppose the management of the grant by the court.

Wherein, then, does it fail? Let us see.

In the first place it is held, generally, and the weight of authority seems to support the opinion, that because the original grant by the Mexican government was an imperfect one, therefore when the grant was confirmed to the town of Las Vegas by the United States congress, it was a grant de novo. But that really has little bearing on the contention at issue. When this grant was made to the town of Las Vegas, a trust was created. Will the editor of La Vos not stop right here and ask himself if that is not true? Then let him, if he has any doubt, consult the highest authorities and learn

They are
Liver Pills

Ayer's Pills are liver pills. They act directly on the liver, make more bile secreted. This is why they cure constipation, biliousness, dyspepsia, sick-headache. Ask your doctor if he knows a better laxative pill. We certainly do not. If he does, then use his kind. We save an amount! We publish the price of our pills. Ayer's Pills.

whether or not the statement is correct.

The statement is true. All our authorities so hold and every layman knows that where there is government or management by trustees, a trust is presupposed. Not one of those who wish to change the method of administering the grant denies the trust, but they say, let the people elect their trustees.

The editor of La Vos outlines what he claimed were the only grounds upon which the courts could interfere in the administration of property. But he omitted one ground as well established, as well defined, as those which he quoted.

Ever since this nation was born, and for hundreds of years while the nation was in the germ that had not been transplanted from England, the courts have recognized that where a trust in property is created, and no express trustees named, the property rights which spring from such trust come under the chancery jurisdiction of the courts.

This is the case with the Las Vegas grant, exactly. Is not this practice, approved by centuries of trial, a wise one? Have we not done well to entrust to the courts, the adjudication of such rights as men cannot well settle for themselves?

Why, even today, if congress could grant to forty people a tract of land and rule that they must settle the sub-allotments among themselves, without any recourse to the courts, half of the forty would have to be slaughtered before a satisfactory adjustment could be made.

It is fortunate for this nation, that where property rights are not expressly vested in known individuals or specified trustees that our equity courts control. So must it always be as long as there are men in the world who differ in opinion from each other. If we trust not our courts to adjudicate the matters that cause conflict, we have no other recourse.

But whether beneficent or not, wise or unwise, the law is as we have it, touching this matter. We can not change it. No power in the people who live on the grant, no power in the legislature, can deprive the court of the power it holds as a court of equity to control the management of this trust.

We believe this opinion to be correct. We believe it to be the opinion held by all the attorneys who have investigated the matter. If it is not the correct one, we would as lief be convinced by La Vos as anyone else. It is vitally important that the people who live on the grant know the facts as they are. We shall not endeavor to hold to our view in the face of convincing authority to the contrary, and we trust, if upon a further investigation of the subject, La Vos finds that the position it has assumed is the wrong one, it will frankly say so and will counsel its readers to take advantage of conditions as they are and unite in upholding the hands of the administration of the grant, so that the interests of the individuals

and of the whole community shall be best subserved.

MR. ANDREWS

The nomination of W. H. Andrews for delegate was approved in all parts of the territory, says the Western Liberal.

Mr. Andrews has accomplished a great deal for the good of New Mexico since he was elected delegate two years ago, and will be in a position to do much more during the coming term. It would be foolish for the people of New Mexico to elect a democrat to a republican congress, for they want much, and a democrat could get little. By returning Mr. Andrews with a bigger majority than ever he will be in a position to do much for the territory, and do more for statehood than could anybody.

With the conceded defeat of joint statehood in Arizona it is extremely probable that some sort of a deal will be made for the benefit of New Mexico, and with Mr. Andrews there to watch for our interests it is certain we will get all that is due us, and probably more. Many democrats concede this and will vote for him.

HORRIBLE WASTE.

For the first time in several years the Albuquerque fair has turned out to be a financial success. The income was \$23,208.50. This paid all the expenses of the fair, some four thousand dollars of old debts, and left a credit balance of \$5,612.17. The Albuquerque Journal printed a balance sheet, showing the source and amount of all expenses. Among the payments were the following, according to the Journal: "Leonardo Hunick, services of himself and men (fair grounds) (keeping clean during week) \$43.25." If it was worth that amount of money to the fair association to have Leonardo and his men keep clean during the week it was probably well spent, but would it not have been cheaper to have driven them so far out of town that they would not have offended the visitors during the fair? Why not have passed this bill up to the board of health?—Lordsburg Liberal.

No sooner does an investigator arrive in the city to inspect the lands east of the city offered for sale than the knocker approaches him with his little hammer and tries to dissuade him from making any investment. We regret to say that some of our business men must be included with the knockers. They are not many in number, but we unfortunately have a few citizens so short sighted and unprogressive that they do not want to see the city grow, because they fear competition in business. Fortunately the habits of the knocker are becoming so well known that he can accomplish little injury.

Las Vegas, New Mexico, has again suffered for the sins of Las Vegas, Nevada. A recent Scripps-McRae

telegram sent out from the latter town finds its way into the papers with the date line "Las Vegas, N. M." The telegram described the outrageous acts of a band of a hundred rascals, who held up people on the streets, broke into buildings and terrorized the population.

In one more year the Leesburg dam in the Mesilla valley will be completed and a new era of prosperity will come to the progressive people of the southern country. But when the great Elephant Butte project shall have been carried through to completion in its entirety, few parts of the west will offer many advantages to the fertile valley.

According to some of the eastern newspapers, New Mexico is stirred to the wildest excitement by the approaching vote on statehood. It would be difficult for these papers to get further from the truth. It is a fact, deplorable as it may seem, that practically nothing is being done in the territory to cultivate a strong statehood sentiment.

Students continue to arrive at the School of Mines and it is now safe to predict with certainty that the enrollment of the technical courses of the institution this year will considerably exceed that of last year. The School of Mines is progressing satisfactorily to all concerned.—Socorro Chieftain.

The mental specialist who declared that 85 per cent of the people of Chicago were crazy and that the other 15 per cent were on the verge of a nervous breakdown was evidently in the Windy city during the base ball tournament.

O. A. Larrazo, the democratic aspirant for the honor of representing New Mexico in congress, tried for the same honor four years ago and made a good impression, even though then, as now, his race was a hopeless one.—Socorro Chieftain.

Reports come from Grant county, once a democratic stronghold, that Delegate Andrews is sure to receive a majority and that indications point to the election of the whole republican ticket.

It is reported that Mr. Larrazo

and his friends have not yet accepted the easy Albuquerque money offered by those who are willing to make the rash wager that Andrews will have 12,000 majority.

"Why should the people of either New Mexico or Arizona wish to unite?"—Kansas City Journal. And why should the Kansas City Journal insist on butting into the business of New Mexico and Arizona.

If an elephant farm has to be started, it is well that it is to be established in Texas. Just think how awful it would be if it were located in New Jersey or Rhode Island.

A New Yorker says that decency and democracy are divorced in his state. When were they ever married in his state?

Ex-Senator Burton appears in a novel role. He wanted to go to jail because he is innocent and asked his lawyers not to apply for a pardon.

The Kansas City papers are so busy telling their papers what is the matter with Kansas that they have forgotten that there is a little something doing politically in Missouri.

Let the republicans turn out to the precinct primaries to be held in the city and town tonight.

Announcement!

Fire, Smoke
and Water Sale

Tuesday, October 16, a blaze was discovered in the rear of our store. The fire was not of great importance, but was sufficient to fill the entire store with smoke. A bursting fire hose attached to an upstairs stand pipe flooded the upper floor and damaged a great amount of merchandise on the first floor.

All woolen goods are affected by the smoke. Ladies' Suits, Skirts, Coats, etc., Men's and Boy's woolen wear of all kinds are some of the smoke damaged goods. We will conduct a great FIRE SALE as soon as the insurance is adjusted.

Prices will be lower than any ever made in Vegas. Remember your needs for a day or two we will announce the day of the sale opening soon.

Have You
A Cold Room?

In most houses there is a room without proper heating facilities—to say nothing of chilly hallways. Even though the heat of your stoves or furnace should be inadequate to warm the whole house there need not be one cold spot if you have a

PERFECTION
Oil Heater

(Equipped with Smokeless Device)

It will heat a room in no time and will keep it warm and cozy. Operated as easily as a lamp and perfectly safe. Wick cannot be turned too high or too low. Gives no smoke or smell because fitted with unique smokeless device. Can be carried about, which cannot be done with an ordinary stove. The Perfection Oil Heater is superior to all other oil heaters and is an ornament to any home. Made in two finishes—nickel and japan. Brass oil fount beautifully embossed. Holds four quarts of oil and burns nine hours. Every heater warranted. If not at your dealer's write nearest agency for descriptive circular.

THE Rayo Lamp is the safest and best all-round household lamp. Made of brass throughout and nickel-plated. Equipped with latest improved burner. Every lamp warranted. An ornament to any room whether library, dining-room, parlor or bedroom. Write to nearest agency if not at your dealer's.

CONTINENTAL OIL COMPANY

PERSONAL MENTION

M. M. McSchooler and family were in from Rock Springs ranch over Sunday. Fred Olney has returned from Chicago, where he was employed as a drug clerk. Charley Hammond came in from his mine and spent Saturday in this city on business.

TERRITORIAL NEWS

GAVE DEPUTY SIX AUTOS—

Gus Linberg, who some days ago, became possessed with the unalterable conviction that he was the discoverer of a notice power that would revolutionize the world, and who, after making a vain attempt to wed the chambermaid at the Prescott hotel, attempted suicide by drinking a bottle of hair oil, was early yesterday morning lodged in the territorial asylum for the insane at Phoenix, being taken there by Deputy Sheriff John Merritt, who, en route to the asylum, was informed by Linberg that he was the possessor of six automobiles and \$100,000, presented to him by the latter, says the Prescott Journal-Miner. The deputy sheriff, however, despite the fact that his eyesight is perfect, failed to find any of the "devil wagons" or catch sight of any of the \$100,000. In his insane enthusiasm, the demented man continued a conversation with the deputy from the time of leaving the jail there, where he had been confined the past week, until reaching his destination, in which he discussed his great motive power discovery and his new hot-air machine invention, calculated in his mind, to revolutionize the present power of steam and electricity, finally desisting, as he neared Phoenix, to turn his attention to the manufacture of automobiles, six of which he presented to the deputy before bidding him farewell, in addition to a check of \$100,000 and a consignment of autos for his late companions in the county jail. Linberg was formerly a resident of the Walker district, where he followed mining, and where he still owns a promising claim. It is feared by his friends that he will never recover the use of his faculties.

BIG COPPER STRIKE—

A strike of great richness was made in the Torpedo mine about two miles from Las Cruces Friday and the citizens are very much excited in consequence. In unwatering a portion of the mine workers under George E. Fitzgerald unearthed a vein of 75 per cent copper five feet wide. The strike was made in an old portion of the mine which had been worked under former owners, but upon striking a current of water the mine had been abandoned because pumps of sufficient capacity to overcome the water were not at hand. Recently the mine changed hands and the new management proceeded to unwater the old workings. After this had been accomplished, prospecting commenced, with the result that the strike above mentioned was made. In unwatering the old workings steel drills, the drilling hammer, the rails of the tramway and other articles were found, showing with what haste the former miners had left the workings when the water vein was struck. It is said to be the intention of the present owners to organize a \$5,000,000 company to develop the mine.

MAN CUT IN TWO—

J. F. Keyo, age 35 years, was killed at Rincon Friday night in the Santa Fe yards by having a string of cars pulled over him. The coroner's jury found that he lost his life as a result of his own negligence. Keyo was a consumptive and had been stopping at the Fort Bayard sanitarium for some time, and having regained much of his strength, thought that he would like to go to work at

his old profession, that of telegraphing. He had received an offer from the Santa Fe at San Marcial and was on his way to accept the position when killed. When Keyo reached Rincon he had been drinking heavily. He left the Silver City train and ate a lunch at the Harvey house and then disappeared. A short time after 12 o'clock his body was found cut in two lying across a sidetrack, where a string of cars had been backed over it.

GUADALUPE CONVENTION—

The republican county convention of Guadalupe was held Thursday at Santa Rosa, the county seat. The following candidates were nominated: For member of the council from the fifth district, which is composed of the counties of San Miguel, Quay and Guadalupe, Manuel C. de Baca; for member of the house of representatives, Nasario Gallegos; for sheriff, Martin Serrano; treasurer and ex-officio collector, Jose Y. Armijo; assessor, Macabio Romo; for probate clerk, Placido Baca y Baca; for judge of the probate court, Manuel Gonzales y Armijo; for superintendent of schools, Fidel Gallegos; delegates to the constitutional convention, Celso Baca and F. D. Morse; commissioner first district, John Chapman; for surveyor, Lorenzo R. Labadie.

MOTION SUSTAINED—

Judge W. H. Pope, Friday, at Roswell, sustained the motion of the government for a continuance of the alleged land fraud cases against Tailmadge brothers J. H. McKinney and C. C. Young of Kansas City. The continuance was bitterly fought by the defense, who demanded an immediate trial and claimed that by a fair and speedy trial, they would be vindicated and acquitted. The principal ground on which the government wanted continuance was that the old cases, take to the supreme court on appeal by the government, had not been settled. These celebrated cases in which the defendants claim persecution, have cost them and the government combined over one hundred and twenty-five thousand dollars.

BAD MAN ARRESTED—

Ramon Sandoval, notorious bad man from the San Juan, was brought to Tierra Jaramilla on Tuesday last by Deputy Sheriff Pedro Quintana, of that county, charged with having shot up the town of Rosa last Saturday, shooting at everything that came his way, but when he encountered a half dozen determined citizens, headed by the deputy sheriff, he was soon overpowered, bound and brought to jail. He has been terrorizing that part of San Juan county and the southern part of Archauleta county for some years. Sandoval is under indictment now for shooting up a dance at another place. Judge McPie will attend to his case at the next term of the district court.

MOSHER FOUND GUILTY—

George W. Mosher, charged with obtaining money under false pretenses, was found guilty by a jury in the district court at Albuquerque and the penalty attached is from one to three years in prison. He was tried on the specific charge of inducing the Postal Telegraph company to cash a check for which he had no money in the bank.

STREET CAR SCHEDULE. In Effect May 7.

The street car company has now inaugurated a schedule that aims to meet the demands of Las Vegas people to the fullest extent. Trains leave points named every fifteen minutes. In fact a car can be found at any given point on the track every fifteen minutes.

Plaza 6:37 1/2 a.m.
 Castaneda 6:45 a.m.
 St. Anthony's 6:52 1/2 a.m.
 These cars continue every fifteen minutes all day until evening, when the last car can be had at.....
 Plaza 10:37 1/2 p.m.
 Castaneda 11:00 p.m.
 St. Anthony's 11:07 1/2 p.m.

The car returning from the Sanitarium reaches the Castaneda at 11:15 and goes direct to the barn.

This schedule is so complete and takes in so many hours of the day that citizens desiring to attend parties or functions in the evening may do so and be sure of a car home. It is hoped the people will take advantage of this effort to serve them.

WOMAN

"Woman" is the name of a new magazine for women. The first number is just issued. Your newsdealer has it. You can get it from him, and it is worth your while getting it. There is nothing startling about this magazine. There should be nothing startling about a decent magazine for women and the home. But this particular magazine is unique among all the so-called publications for women. You might not like it a little bit, and then, again, it might hit your fancy good and hard.

If you like fiction—good, wide-awake, snappy stories—both serials and short stories—you will like "Woman." In fact, fiction is the big feature of the magazine.

All the other magazines for women are cast on the same model—a little bit of fiction, a few articles, more or less chit chat, some wise advice, a fashion department and a smattering of general miscellany. "WOMAN" doesn't look any more like this conventional model than a yellow dog looks like a race horse. It is built on new lines for a strictly woman's publication. To know what it is like you will have to get a copy of it. It would cost too much to tell you all about it in this advertisement.

The price of "WOMAN" is TEN CENTS A COPY, and the magazine is a very big one—192 pages.

By the way, two rattling good serial stories begin in this first number and it contains a big lot of other good things. You would do well to ask your dealer for it before his supply is exhausted.

THE FRANK A. MUNSEY COMPANY, New York.

DR. LEFKOVITZ DISCUSSES THE MERCHANT OF VENICE

Pleasant and Novel View of the Purpose and Teachings of the Play Presented.

At Temple Montefiore Friday night Rabbi Dr. Lefkowitz delivered an able and thoughtful lecture on Shakespeare's "Merchant of Venice." The view of the play and of its purpose, advanced by the doctor is not the usual one, but is plausible and interesting. As interpreted by the rabbi, the purpose of the "Merchant of Venice" was to teach mutual tolerance and the lessons of brotherhood and humanity. In a cruelly intolerant age, it was irresistible. The wrong that had been done to his people were the deepest that could be inflicted upon any human beings. How many, even today, could wholly blame him for his effort to revenge himself upon the man who had most bitterly insulted him, disgraced his people and made mock of his sacred faith? And when the tables were turned and Shylock was again the victim, the Christians who had been preaching mercy—what mercy did they show?

"But, nevertheless," said the speaker, "the course of Shylock could not be justified. His faith taught that the province of revenge lay with God and not with man. Shakespeare showed also as an example to the world the defects in the Jew's as well as in the Christian's character. He depicted the bitter wrongs done to the Jews, the inconsistencies of those who persecuted them, and while he did not make his principal character more than a human being, yet by presenting so powerfully the conditions of the times, and pointing weaknesses as well as strength in all his characters, he appealed most strongly to the people of his own and all ages to be kinder and more forgiving. He showed that none had a monopoly of truth or justice or mercy or wisdom. The doctor closed with an eloquent plea for a better present day understanding among the people of the earth, for more of the spirit of true brotherhood that recognizes that above and around all humanity is the guiding love and infinite power of the Father in Heaven.

"But," said the speaker, "although though it is a view not accepted by the critic, I cannot admit that either of the conceptions I have outlined is the true one." The doctor then forcibly expressed his leading thought, that the great purpose of the immortal play was to teach the intolerant people of an intolerant age the divine lessons of brotherhood and humanity, and he said that this view was every day becoming better understood in the light of the realization of today that Jew and Christian and Mohammedan were all children of the one loving Father.

Dr. Lefkowitz touched upon the qualities of the leading characters of the play. He described Antonio as the noblest and truest gentleman of his time, of pure Roman lineage, and the generous, impulsive, improvident Bassanio, both typical of the best of their class, but both prejudiced towards the Jew and capable of tarnishing their claim to gentility by stooping to the grossest insults. He did not believe that Shakespeare, the artist, the genius, intended to justify these latter traits, but to depict them in such manner that all who read might understand their glaring incongruity.

The doctor drew a skillful picture of Shylock, the shrewd, the intelligent, the master of logic and reason, but who was nevertheless shown as revengeful and cruel. Judging from merely human standpoints, the action of Shylock was natural enough, judged by the Christian example of the

age, it was irresistible. The wrong that had been done to his people were the deepest that could be inflicted upon any human beings. How many, even today, could wholly blame him for his effort to revenge himself upon the man who had most bitterly insulted him, disgraced his people and made mock of his sacred faith? And when the tables were turned and Shylock was again the victim, the Christians who had been preaching mercy—what mercy did they show?

"But, nevertheless," said the speaker, "the course of Shylock could not be justified. His faith taught that the province of revenge lay with God and not with man. Shakespeare showed also as an example to the world the defects in the Jew's as well as in the Christian's character. He depicted the bitter wrongs done to the Jews, the inconsistencies of those who persecuted them, and while he did not make his principal character more than a human being, yet by presenting so powerfully the conditions of the times, and pointing weaknesses as well as strength in all his characters, he appealed most strongly to the people of his own and all ages to be kinder and more forgiving. He showed that none had a monopoly of truth or justice or mercy or wisdom. The doctor closed with an eloquent plea for a better present day understanding among the people of the earth, for more of the spirit of true brotherhood that recognizes that above and around all humanity is the guiding love and infinite power of the Father in Heaven.

HAVE YOU CATARRH?

Breathe Hyomei and Get Relief and Cure. Sold Under Guarantee.

If you have catarrh, with offensive breath, burning pains in the throat, coughing, raising of mucous, difficulty in breathing, sneezing, huskiness, discharge from the nose tickling and dropping at the back of the throat, especially at night, coughing spasms, etc., begin the use of Hyomei at once. Its healing medication will give relief in a few days and its continued use will completely drive all catarrhal germs from the system.

Hyomei contains Nature's healing oils and balsams, the germ-killing properties of the pine-forests, and goes with the air you breathe to the most remote cells of the respiratory organs, searching out and killing all catarrhal germs and soothing and healing any irritation there may be in the mucous membrane. It is easy and pleasant to use Hyomei, pleasanter than most of the stomach dosing, as its healing air is breathed through a neat pocket inhaler, which can be carried in the purse or vest-pocket, and carries medication to just the spot where relief is needed.

The complete Hyomei outfit costs but \$1. extra bottles, if needed, 50 cents, and E. G. Murphy gives his personal guarantee that with every package that money will be refunded unless the treatment cures. This shows his faith in the power of Hyomei to cure catarrh.

"Dropping Buckets Into Empty Wells"

The average man is taught, from infancy, the potency of "keeping at it;" and he sometimes allows his zeal to dull the edge of his judgment, and "keeps at it" until failure gets a "hammer-lock" on him.

PERSISTENCY in advertising is so all-important that it is the aim of all intelligent business men—and yet persistency in advertising in THE WRONG MEDIUMS AND IN THE WRONG WAYS has "befuddled" many an enterprising man, and wrecked many a promising business venture. In "The Task," Cowper states the matter with great force. He wrote: "MAY COMMON-SENSE DEFEND ME FROM THE TOIL OF DROPPING BUCKETS INTO EMPTY WELLS, AND GROWING OLD IN DRAWING NOTHING UP."

A WOMAN TO BE PRETTY

What Were Luxuriant and Glossy Hair, No Matter What Color.

The sweet contour of a female face, the sweetest smile of a female mouth, lose something if the hair is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 2c. in stamps for sample to The Herpicide Co., Detroit, Mich.

E. G. MURPHY, Special Agent.

Mountain Resorts

CUTLER RANCH RESORT

In the beautiful Rociada valley near the mountains. A delightful place to spend the summer. Good fishing nearby. Tents for those who wish them. THE WEATHER.

October 22, 1906.

Temperature.

Maximum 62
 Minimum 22
 Range 40
 Precipitation14 of an inch

Forecast.

17 degrees above last night.

Born, to Mr. and Mrs. J. G. McNary, Sabbath morning, a daughter.

The stove and fuel dealers have been doing a rushing business today.

Goldstein Bros. have removed their tailor shop from Bridge street to No. 618 Douglas avenue.

Tom Blauvelt has found it necessary to install a large fire proof safe in his barber shop on Railroad ave.

Alfred Manby, Hugh Wood and several other cattlemen who reside in the vicinity of Shoemaker, shipped twelve car loads of cattle from Wagon Mound Saturday for the Kansas City markets.

It is rumored in the city that Rev. A. P. Morrison, superintendent of the Mexico M. E. English mission, resigned the position at the twenty-second annual conference of this denomination, just held in Roswell.

The Ladies of the M. E. church will have their neighborhood sewings at Mrs. Michaels, 718 Fifth street; Mrs. Kirk's, 212 Ninth street; Mrs. Koogler's, 911 Columbia avenue and Mrs. Dearth's, 1023 Third street on Tuesday afternoon at 2:30.

Mrs. Rita Trillas de Martinez died suddenly on the west side yesterday, immediately after eating a hearty dinner. She was sixty-five years of age, and the wife of Cipriano Martinez, who is at present employed in Wagon Mound.

C. K. Freeman, the electrician who left Las Vegas on a wheel on August 17th, along with two other bicyclists, destined to California, has returned to the city by train. Mr. Freeman was "all in" upon reaching Salt Lake City and separated from his companions in the Mormon city.

Dr. G. W. Harrison of Albuquerque and Don Mariano Larragoite, lately of Rio Arriba county, left this city today for Mora county, where they will address the republican convention of that county in favor of joint statehood.

Hundreds of rabbit hunters and also sportsmen after larger game left the city today loaded to the muzzle for anything with four legs or a pair of wings. About every other man on the street carried a shot gun and when the supply of breech loaders was exhausted, rifles were put in commission. The heavy blanket of snow makes hunting enjoyable.

Says the Goshen, Ind., Democrat: Judge E. V. Lusk, for many years a resident of Warsaw, and since 1886 a resident of New Mexico, is in South Bend visiting his son-in-law and daughter, Dr. and Mrs. Thomas A. Olney. Judge Lusk served as chief justice of New Mexico during Cleveland's first administration and takes pleasure in styling himself an Old-Line Democrat.

Rev. R. A. Morley has returned from the annual sitting of the New Mexico English M. E. mission at Roswell, bringing the information that he has been made conference evangelist with the whole of New Mexico as his parish. His successor as pastor of the First M. E. church in this city has not yet been named, neither has the successor of Sup't. Morrison, who has been transferred to the M. E. pulpit in Oxford, Ohio, the university city.

FAILURE DRIVES A FAMOUS LONDON BANKER TO SUICIDE

London, Oct. 22.—P. Macfadyen, head of the Macfadyen Bankers, whose suspension was announced Saturday, committed suicide within an hour after posting a notice of the failure on the door of the bank, by throwing himself before a train in a tunnel a half mile away from his place of business.

"I hear that the baron wants to get a divorce from his wealthy wife."
 "Yes, he was only temporarily embarrassed when he married her."
 — Translated from Fliegende Blatter.

PASSING DAY

Tomorrow's county republican convention will be a whopper.

The Monarch Laundry is now ready to receive work. 10-109

The grand and petit jurors for the territorial court will be drawn tomorrow.

The most fun of the year at the Y. M. C. A., October 31. 10-103

Thirty-four loads of sheep were shipped Friday from Wagon Mound for the eastern markets.

Lowney's fine chocolates and bonbons at Schaefer's. 10-82

The Y. M. C. A. basket ball teams will practice Tuesday evening at 8 o'clock. All interested please be present.

Don't fail to see the basket ball game and thirteen other attractions at the Y. M. C. A., Oct. 31. 10-103

T. A. Gray, inspector for the cattle sanitary board at Clayton, has forwarded his resignation to take effect on the first of January.

We now have the largest and most complete laundry in New Mexico. You are cordially invited to call and inspect it. Monarch Laundry, Plaza. 10-109

The Gudum Stock company which was to play here on Oct. 29 and 30 has cancelled its dates owing to the illness of the leading lady.

Fresh Lowney's candles at Schaefer's. 10-82

Jake Schwinn accidentally lost a fine valuable diamond ring Saturday. He does not know how the loss occurred and has no recollection of taking it off any place.

The Ladies' Guild will meet Tuesday afternoon at 2:30 with Mrs. E. G. Austin, north side of Plaza.

A unique sign decorates an office in this city. It reads as follows: "Do not smoke hair, onions or cigarettes here." The proprietors say they have no preference. Any one is as bad as the others.

Fifty car loads of cattle are being shipped out of Springer by the Red River Cattle company. They were purchased by Frank Springer of this city, who will place them on his pasture near Pueblo, Colo.

Van Casey, who has been the cattle sanitary inspector at Gallup, has tendered his resignation, to take effect on the first of November, and in the future will devote his time to looking after his cattle interests in Texas.

The cattlemen and sheepmen of the territory would do a great deal of shipping at present if cars could be secured. It is almost impossible to secure cars as the railroad has not got them.

H. M. Porter shipped nineteen car loads of cattle from Cimarron Saturday, being the first shipment of cattle to go over the new St. Louis, Rocky Mountain & Pacific railroad. The stock yards have just been completed at Cimarron and considerable cattle will be handled from there in the future.

YOU WOULD NOT WEAR

a green necktie with your dress suit, because it is not good form. Why do you, then, wear gloss-finished collars and cuffs? They are just as bad form as the green necktie. Our "Velvet Finish" is the only correct thing for any occasion.
