DANGERS OF THE GRIP. The greatest danger from La Grippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for la grippe we have yet to learn of a single case having resulted in pneumonia which shows conclusively that this remedy is a certain preventive of that dangerous disease. It will cure of that dangerous disease. It will cure la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by K. D. Goodall, De-pot drug store.

The people of the older states have in fact failed to understand that, after the far west was won from savage control by the courage, fortitude and perseverance of men who could rice and shoot, any special honor was due to those who had redeemed a rich domain from savage hands. Too often it has been assumed that the newer west, which for so many years was controlled by Indians as hostile to civilization as are the rebels in the Philippines, was not worth the saving. But as a matter of fact, the men who could ride and shoot, as Judge Springer pointed out, went forth from the east to open a field, not of fewer but of more opportunities.

New Mexico and Arizona came to us very much as did the Philippines. It was believed at one time that American deas could never prevail in these territories. They had been dominated by another race. As far as they had been rained in civilization, the training had not been in sympathy with that of American civilization. Had the antiannexationists, or the mere sentimentalists, had their way, what we now call the far west would have remained One hundred and fourteen tickets essentially Mexican; but fortunately, but it was done as any national task can be done, by courage, common sense and fearless determination.

" For eighteen years I suffered with weakness peculiar to my sex. I could neither sleep nor eat well, and was reduced to a mere skeleton. My skin was muddy, my eyes heavy, and I was dizzy much of the time. Doctors prescribed for me without avail; medicine seemed to do me no good. I was at the brink of despair when a friend told me what Dr. Williams' Pink Pills for Pale People had accomplished in a case similar to mine. I bought a box and took them. I bought more and took them until I was well and strong. Dr. Williams' Pink Pills for Pale People brought me new life and I recommend them to every suffering woman."-From the Republican, Peru, Ind.

Dr. Williams' Pink Pills for Pale People contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuraligia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexions, and all forms of weakness either in male or female.

Dr. Williams Pink Pills for Pale People are never sold by the dozen or hundred, but always in pack-ages. At all druggists, or direct from the Dr Wil-liams Medicine Company, Schenectady, N. Y., 50 cents per box 6 boxes \$2.50.

MEN WHO RIDE AND SHOO ple of New Mexico to the governor of New York last Sunday, Judge Springer said that the people of the Territory had a kindly feeling toward Colonel Roosevelt because he knew a good horse and a good gun, and how to ure them. More than that, he knew the part that good horses and good guns had played in the winning of the west. The people of the Territory of New Mexico, who were true to the Union in nes from the past and re-visits 1861, and who furnished 60 per cent more than their quots of soldiers in 1898, Judge Springer added, felt that they were often misunderstood by the cople of the east.
