Attorney and Councellor at Law, He marched along the Rio Grande ALBUQUERQUE, NEW MEX And found some fine agricultural land Will be present at all temrs of Court of Bernalillo, Valencia, Socorro and Sier-ra Counties. That would produce phenomenal crops, And as Satanlooked, he licked hischops. Deal in good Gold, Silver and Coppe-Mining Properties in New Mexico. He saw the fertile valleys lie Like little Edens before his eye. Las Palomas, Rincon, and Mesilla too, Lay stretched in vendure before his FRANK I. GIVEN, M. D., view. Office--Post Office Drug Store. And held his sides in a mighty roar Hillsboro And laughed so hard he could laugh no N, M. more,

M.r Fulfur whoit is reported thought his name was sulphur for the time being. The remarkable tale is dold by that prince of nature fakirs, the editor of the Fort Summer "Reputlican," who unblushingly relates in in this wise:

\$2 Per Year

Like all sheep men, Mr. Fallur is constantly annoved by the depredations of wolves, coyotes, bob-cats and varmints partial to lamb meat and is always on the alert for his natural enemies.

Of late he has been getting a few wolf dogs together and has two or three extra good ones. They have killed several wolves and many coyotes. A few mornings ago he and his boy took the dogs out to see if they could not jump something. They got a bobcat going and the hounds made short work of the feline. That gave the bunters the cost fever and they concluded to try for some more.

Nothing developed for an hour or so and finally they decided to scout a nearby rocky guich. Riding np the guich some distance they came to a place where a lot of large boulders were beaped together with good cat holes under and among them. Mr. Fulfur told his son that if there was no cats there it was useless to go any farther.

About then the dogs got excited around a pile of big holes and the hunters rode up close and sat on their horses awaiting developments. A big cat developed. It went over the backs of the dogs at one jump, It is cat nature to climb something when pressed by dogs. There were no trees handy so the cat did the best it could. The second or third

## FRIDAY, November 25, 1910.

## Our neighbors to the south of us seem to have troubles of their own.

From all reports it seems that Governor Mills can't stop a clock. A few days ago the governor sent an invi'ation to District Attorney Klock to quit h s job forthwith. However, as that official refused to quit, the clock is still running and there's fun ahead.

The constitutional convention close at an early hour last Tuesday morning. Seven of the twenty-nine democrat delegates refused to sign the constitution and W. B. Walton, chairman of the territorial democratic central committee has issued a call for a delegate convention on December 17th to discuss the proposition of opposing or approving the constitution on election day.

## NOT THAT KIND OF TIES.

### Youth Unaware of Nature of Job He Asked For.

About 20 years ago, when I was in Spokane, Wash., a young fellow was sent there from Boston by his father for his health, and, incidentally, to make his fortune, says a writer in the Boston Herald. He worked at his trade as a tailor for his health and gambled for his fortune. Needless to say, he lost both, for, at that age, he being about 19, he was a delicate youth.

His money and job giving out about the same time, he looked around for something to do. Chancing to pass an employment office, he saw on the blackboard, "Tie-makers wanted, 1214 cents apiece." He walked in, and addressed himself to the man behind the desk, a big, raw-boned specimen, with a flerce mustache.

"I see you want tie-makers, sir," he said.

"Yes, we do, sonny; but don't you think you are rather too light for the job?"

"Oh, no," replied the young man. "I can sew."

"Sew," the other roared. "Why, great Scott! kid, these are railroad tles!"

### Excuse of Election Judge Blown Away by investigator.

In recalling incidents connected with Virginia politics some years ago a prominent Virginian recently related an account of an investigation of election frauds in the lower section of the state. In the course of the proceedings it developed that the First pub. Oct. 7-10 ballots in an important precinct had not been sealed after the final count, thereby being exposed to fraudulent practices. The chairman of the investigating committee closely questioned the election judge as to why the prescribed duty of carefully securing the ballots had been neglected. "Could you not obtain any mucilage in the town?"

## Geese Make Good Actors.

A farmer would scarcely believe that a goose requires only about 60 hours in order to prepare it for the footlights and a critical audience, and that a common pig, which has been bought In the market, will in 30 hours be competent to blossom forth as an actor. According to Mr. Clyde Powers, a trainer of wide experience and much patience, it takes a duck about three days to learn how to march on the stage, to follow the chorus, and to march off again at the proper time; it takes a chicken a week or more, and a turkey cannot grasp the art of acting before six months' time. Mr. Powers has tried to train a peafowl, but he finds that it is impossible. A goose is the most intelligent of all the feathered tribe, and a goose is also the only one of the domestic fowls that shows affection .- Helen Grant in Les-

is ready to mail. It will be sent to any person interested in fruit-growing on receipt of 7 cents to cover postage. The Stark Year Book for 1910 represents an entirely new idea in nurserymen's literature-it is a work of art as well as a

catalogue of Stark Nursery products. Within its covers are 32 full-page illustrations of fruits and flowers, representing 175 varieties, done in four colors, and exactly reproducing nature. 84 pages are devoted to descriptions, prices, and records.

## 25% Discount to Mail Order Buyers

is allowed from prices quoted in The Year Book for direct, all-cash-with-order business. Salesmen have been cut out-commissions formerly paid them is given to the planter-he can now have Stark Trees-the highest standard of tree-quality at prices usually asked for inferior nursery stock.

## We Pay Freight-Pack Free and Guarantee Safe Arrival

In addition to giving 25% discount we prepay freight to any point in the United States on orders amounting to \$10.00 (net) or more. All orders are boxed and packed free (most nurserymen charge extra for boxing and packing). We absolutely guarantee safe arrival, give liberal premiums and assure every customer complete satisfaction.

## \$15 per box for Delicious

Eight boxes of Stark Delicious, at the Denver National Apple Show, sold at \$15.00 per hox, while one box was sold for \$25.00. -J. W. Murphy, Glenwood, Iowa.

That is the world's record price for apples. All the newspapers reported it-it further opened the eyes of planters everywhere. Only surpassing quality-complete apple supremacy could command such a price. Stark Delicious is

fruit you will want more. Stark Early Elberta will increase peach-orchard profits where ever planted.

I believe Stark Early Elberta is one of the best varieties introduced since the first Elberta came. It will no doubt play an important part in sections such as we have here where growers do not want too many varieties but must have early and late kinds. In Early Elberta one has all the good qualities of Elberta and the additional feature of early ripening.—E. H. Favor, Horticulturist, Davis County, Utah.

If you have not yet planted Delicious or if your plantings of it have been small, make a big order for it this spring-don't wait another season. It is the greatest profit-producer in the whole list of apples-you simply can't afford not to have it in your orchard.

Don't be deceived by unscrupulous nurservmen offering you Delicious. There is but one Delicious and that is Stark Delicious-owned, controled and sold only by us.

Send your order early-our immense stock will be over-sold before the end of the sesson.

### Black Ben Wins **Carload Premium**

Black Ben won the \$500.00 carload premium at the Denver National Apple Show. Here's a telegram:

At National Apple Show just closed five hundred dollar carload premium was awarded a car of Black Ben apples grown on one hundred sixty Stark Trees at Fruita, Colorado. (Signed) Dr. S. T. Green, President Fruita Chamber of Comperce.

Have you Black Ben in your orchard? It pot get it in this spring-plant largely of it. As a commercial sort it is unsurpassed, a sure, regular producer of handsome profits. It sold this year at the Wenatchee Wash., Fruit-Grower's Ass'n sale, at the same price as Jonathan-\$2.00 per box, while Ben Davis brought only \$1.40, Gano \$1.50 and Mo. Pippin \$1.50.

You positively cannot make a mistake on Black Ben-plant it largely-you'll never regret it. As a filler for Spitzenburg, Newtown, Jonathan, Delicious, etc., it is excellent.

Our stock of Black Ben is immense-finer trees never grew. Get your order in early.

From a commercial standpoint 1 fully and heartily recommend Delicious, Biack Ben and Stayman Winesap as three of the finest varieties for commercial orchard planting. The esting qualities of Delicious and Stayman Winesap are superior to any other table upple while Black Ben is the apple for the masses. The keeping qualities of all three varieties are excellent. I came to the United States Land and Irrigation Exposition at the Coliseum, Chicago, with the Wenatchee Commercial Club Exhibit and have sold a number of boxes of Stark Delicious at \$10.00 per box. This, I think, speaks well for them. -C. W. Wilmeroth, Wenatchee, Wash. Note: Mr. Wilmeroth spent 32 years on South Water St., Chicago as an apple commission man. He probably is the best posted apple-man in the country.-Stark Bro's.

General Stock

We never grew a finer or larger, stock, of all the nopular western varieties than we are offering this spring. Tree-perfection is a description of every tree, and remember—we positively assure complete satisfaction. Most of the country's reliable nurseries are already sold out. The demand is ten times greater than the supply. We have the stock to fill every order for all sorts and the kind of stock that will make the buyer our lasting friend. But early buying is wise buying. It is to your advantage to order promptly.

Increase your orchard profits-do it by planting the splendid tested special sorts of Stark Trees. Begin now-don't wait until next season. Plant now and be that much nearer a big profit paying crop than you would be by waiting 6 months or a year.

Here is a brief list of varieties highly adapted to western conditions-the kind that will make a model orchard which will yield ~rofitable returns.
