SATATHITE—WARD

(From the Magdalena News)

As the curtains of night were lifting and a new day was breaking in all its radiant splendor upon our world, on the morning of Thursday, Nov. 17th, 1921, there was solemnized in the home of Mr. and Mrs. John H. Satathite, parents of the bride, in Magdalena, a quiet wedding. Rev. J. M. Glazier, pastor of the Medley Memorial Methodist Church officiating.

The charming bride, who was Miss Minnie L. Satathite, dressed in a beautiful white silk chepe de chine, entered the room leaning on the arm of the groom, Mr. Dowell Perret Ward, an affable young man, and a coming citizen of Reserve, New Mexico. Mr. Ward was groomed in a blue serge sack suit. Accompanying them, as best man and woman were Miss Millie Satathite, sister of the bride, who was dressed in a pretty pale blue silk crepe de chine, and Mr. W. D. Smith, dressed in a blue serge sack suit, who stood with the bridal couple as the nuptial ceremony was being read.

At 12 o'clock Wednesday, Nov. 16th, the bridal party was entertained at a dinner given by the bride's parents, while at 7 p.m. on the same day they were entertained at supper at the home of Mrs. Wildenstein, sister of the groom.

Cupid's dart has pierced another heart and we have given up one of our young ladies, who was an acceptable and popular member of the Methodist Church.

After the wedding ceremony, the happy couple partook of breakfast with the Satathite family, and at 9 o'clock they took their departure by auto for their home in Reserve.

The best wishes of the News and of all their friends, follow Mr and Mrs. Ward, for a long and happy wedded life.

CREDIT WHERE CREDIT IS DUE.

(From the Magdalena News)

Frank Hiler, Forest Ranger, of Datil, deserves much credit for his services to the stockmen of that locality recently. Mr. Hiler, while taking his fifteen days vacation from his duties as ranger, spent ten days aiding the stockmen in the shipment of their stock, and was responsible for getting a number of cattle buyers into the country, who bought over two thousand and head of steers. His services were rendered without compensation, only the satisfaction that comes from service to his fellowmen. Mr. Hiler is a son of Mrs. F. A. Hiler, of this city.

OVER US.

The Laney Brothers of Luna were in Datil Thursday en route to Magdalena. They are shipping and trading like most of the Catron County stockmen.

John Payne was a guest at the Reynolds home Thursday and Friday. He rode over on horse back.

Oliver King spent Thursday night in Datil. He had taken Mrs. King to Magdalena on her way to Texas for a visit. Mr. King entertained the Datil people with stories of his recent trip to Mexico.

The Warren Brothers are in Albuquerque this week.

Lon Austin was a Sunday visitor at Home. He is still with the Highway Construction Co.

Mr. Ramsour traded his Chandler car for an Overland. Mr. Ramsour is about the most frequent car trader we have in this district.

"Mayor" Chas. A. Ketner of Pumpkin Center was a Datil visitor last week. He had been to town for supplies.

L. B. Morre and M. A. Kiser and Mr. and Mrs. Terry of Tenn. were Datil visitors Sunday. Mrs. Terry will teach the Pumpkin Center school. If the country offers what they are looking for, Mr. Terry will locate here.

Fred Baldwin and Miss Rose were early visitors at the P. O. Saturday. Mr. Baldwin is plowing for spring planting and he is trying to get it done before the ground freezes.

Jack Roland and Com Tipton are hauling wood for C. D. Slassel this week.

Mrs. N. Cleaveland is managing the Lodge at present and seems to enjoy life there. The guests that stay over are from all quarters of the land, and many are most interesting.

Tom Reynolds is on a business trip to Cuchillo, Fairview and the Post this week.

DISCOURAGING

We are having a rather discouraging experience in moving our plant out from Socorro to Reserve. Two loads are at Reserve, one big load and the truck are bogged down in the Tuloroma at the Alexander crossing, and a load which includes some of the most important parts of the cylinder press are still at Socorro.

During the meantime Blackburn is getting out a midget edition of the Advocate, and we will continue this service until all of our machinery is at Reserve and we are able to issue the paper from our own material. We ask our readers to look over our shortcomings of the present, assuring them that just as soon as we can overcome the difficulties that are now delaying us, that we will give them an all home-print paper that we feel they will be perfectly satisfied with.

The editor is now at Reserve and intends to stay right on the job until he accomplishes and makes good all the promises outlined above.

NEARLY TWO HUNDRED CARS OF CATTLE AND SHEEP SHIPPED THE PAST WEEK

(From the Magdalena News)

Magdalena took on new life the past week when nearly two hundred cars of cattle and sheep were shipped from our stock yards.

The fact that the mines in and around Magdalena are mostly closed at present gives the town the name throughout the state as being dead and some even go so strong as to say there is nothing at all left for Magdalena in a business way. But we wonder how many towns in the state have shipped as many cars of stock the past week as we have. Our town is not dependent alone on the mining business, for there are miles and miles of country west of here covered with sheep and cattle and most of the stockmen on this territory do their trading in Magdalena. Many train loads of stock have gone out of town the past two months, and the people who think we are just about off the map, have another guess coming.

It was impossible for us to get a correct list of the stockmen who shipped the past week and how many they shipped, but here are a few of them:

Steers

Bodenhammer and Gatlin Bros. 250 Steers (Shipped to California).
C. N. Adair, of Luna Valley, 60 head.
S. R. Stiles, 400 head.
W. R. Morley, 300 head.
P. H. Goessling, 250 head.
Laney Bros. Luna Valley, 100 head.
C. W. Dawhl, 50 head.
Ira Sweeza, 50 head.
Tom Ogle, 50 head.
Geo. Webster, 10 head.
Medley and Owsley, 100 head.
J. H. Quinn, 25 head.
R. E. L. Estes, 18 head.
Albert Estes, 6 head.
Severo Lopez, David Jiron, Candelario Chavez and Manuel Jaramillo, together, 100 head.
Ballou and Homsley, 2 carloads.

Sheep

The Becker-Mactavish Company shipped 32 cars of sheep; E. M. Otero 50, and Jose Y. Aragon 13 cars to Colorado markets.

Besides the cattle shipped out of the country, there were over seven thousand head changed hands the past week, Conrad and Reynolds of the nations ranch, being the largest purchasers.

BIG MERCANTILE CO. STARTING BUSINESS IN SOCORRO COUNTY

Beginning with \$100,000 of its capital stock subscribed, the Magdalena Mercantile company, of Magdalena, has filed its articles of incorporation. The authorized capital stock is \$150,000; The incorporators, place of residence and amount of stock subscription, are as follows: I. L. Davis, Magdalena, \$20,000; Fred Baldwin, Datil, \$25,400; Lee Baldwin Socorro, \$25,300; F. G. Bartlett Magdalena; \$25,400; S. Michaelis, Magdalena, \$3,800; J. D. Fraser, Magdalena, statutory agent, \$100—New Mexico Statutory Record.

RESERVE NATIONAL FARM LOAN ASSOCIATION NOTICE

We request that all applicants for loans in the association present their applications to the secretary at once. Most of the applications are now in and we wish to complete the organization of this branch so that the loans can be made as soon as possible.

L. A. Jessen, Secretary.

TRINCHERA

We had a one-inch snow the Thursday night of last week.

Mrs. Earl Smith and Alen. Bryan spent Wednesday at the Newton home.

Harry Bryan and Earl Smith are helping Mr. Goesting take his herd to town.

Mrs. Ida B. Rutter, Harry, Alene and Elizabeth Bryan went to town on Friday after noon, returning Saturday. They found Mr. Stetz and "Slim" Audre at their home. They had a big fire built in the fireplace and the Bryan's were doubly glad to see them on that account.

Robert Seitz spent last Saturday night at the home of Johnny Payne.

DATIL

Mr. and Mrs. Louis Ketcham of Portland, Oregon, have filed four miles southeast of Datil. They have their house up and are now digging a prospect well.

Mrs. Ollie Johnson and son, Eeal, with Miss Ruby Wright, all of Albuquerque, are now at the Lodge, having taken the place of Mrs. Swansey and Mrs. Rochester. Mrs. Johnson has had twelve years experience as a hotel woman and is certainly very competent.

Mrs. Rochester has leased the Collins Hotel at Quemado. She will have Mrs. Swansey assist her for a week or two.

Tops Hendricks accompanied his father on a few weeks outing, but returned to Datil Sunday. His father is here from Texas visiting for a few days.

Mr. Frank Anderson is in Magdalena. Mrs. Ross Miller is staying with Mrs. Anderson during his absence.

Mon Green was in Datil on his way to Magdalena. He was going in to take his mother, who was on her way to Texas for the winter.

Mrs. Drum is helping Mrs. C. D. Slassel while Mr. Drum is away on a hunting trip.

Mr. Otto Burt and Newt Biggers will bale hay for Mr. Morley in the near future. They have contracted to bale all of his hay.

Mr. and Mrs. R. W. Martin passed through Datil Sunday. Eddie Phaul was with them. They expect to be in Magdalena several days.

Mr. R. I. Gile of Quemado, and Mr. C. L. Talmadge of Elmendorf spent the afternoon and night at Datil Thursday. Mr. Talmadge expects to return to Willard in the early spring and continue his trip in his aeroplane, which he was forced to abandon at Willard due to slight damage by lightning. He flew from Colorado Springs to Willard, and will either trade his machine for a larger one and bring it on to Quemado or try flying with this same one. Datil hopes he will fly here and not

CAUGHT FROM THE NETWORK OF WIRES ROUND ABOUT THE WORLD.

DURING THE PAST WEEK

RECORD OF IMPORTANT EVENTS CONDENSED FOR BUSY PEOPLE.

(Western Newspaper Union News Service.)

WESTERN

Edward Cassidy, Jr., 12, went through smoke and flames and brought to safety his 6-year-old sister, Mary, who was alone in an upper room when the family home took fire in San Francisco.

Steve Maslich, Austrian, must die for the slaying of Marco Laus, a fellow countryman, near Salt Lake City, Aug. 3, 1919, the State Supreme Court held. The decision of the lower court was affirmed.

Mary Williams, negro woman, said to be the oldest negress in Texas, died at San Antonio, aged 112 years. She had lived in Texas forty years, coming from Louisiana, where for many years she was a slave.

Cornob, ridden by his owner, I. Jarvis of Edmonton, Alberta, set a new world record for the high jump by horses under 142 hands high at the horse show at Portland, Ore., topping the bar at six feet two inches. The Tank, former holder of the record, dropped out with the bar at five feet six inches.

Miss Lucy Stebbins, dean of women at the University of California, will direct activities of deans of women of western colleges for the coming year as the result of election of officers at Berkeley. Women students of western colleges, also in session, adjourned after selecting the University of Utah for next year's meeting.

D. C. Jackling, managing director of the Utah Copper Company, who is also heavily interested in other mining properties in the West, declared that estimates made by him indicated that the resumption of the production of copper would begin next spring, subject to the consumption being on as large a scale as within recent months.

Clubbng Sheriff George S. Bassett into insensibility with a piece of gas pipe, six prisoners escaped from the county jail at Fort Dodge, Ia. Sheriff Bassett had entered the jail to bring the prisoners extra blankets which they had requested as the result of a sudden drop in temperature. Bassett was seriously hurt, but is expected to recover.

Hipolito Villa, brother of Francisco Villa, former bandit leader of Mexico, said that he had his two children, Maria Louisa, 6, and Abton, 4, whom his former wife, Mabel Silva, accused him of kidnapping, in a private school on his ranch at Torreon, that he intended to give them a good education and then release them and permit them to return to their mother if they so desired.

WASHINGTON

Eugene V. Debs, Socialist leader, now serving a ten-year term at Atlanta prison for obstructing the draft, may walk the streets a free man on Thanksgiving day, through the President's executive clemency, it was learned in an authoritative quarter.

Machinist's Mate Colton was killed and Lleuts. Steadha Aker and O. D. Spaulding were severely injured when seaplane No. 2,100, from the naval air station, Pensacola, Fla., went into a tail spin at an altitude of 1,000 feet and crashed off Barrancas Beach.

The new battleship Colorado, launched last spring with Mrs. Max Melville of Denver, daughter of Senator Nicholson, as its sponsor, is doomed to destruction if the American proposal to destruction of the American proposal as outlined by Secretary Hughes in his address at the opening of the disarmament conference should be agreed to by the other powers.

Armament delegates have cut the red tape of diplomacy—in one regard at least. They will dispense with the "formal and official call," long a sacred institution. Somebody figured out that if all the diplomats and attaches and advisors were all to call on one another in formal fashion it would use up more than 40,000 calling cards.

America's unknown soldier received the last congressional medal of honor and the last distinguished service cross which can be bestowed for deeds performed in the war, the War Department announced. The act of Congress authorizing the President to make these awards, as well as to bestow the distinguished service medal prescribed in effect, it was explained that the awards must be made within three years after the act justifying the award. The time limit has expired.

A bill appropriating \$250,000 to be used in refunding losses by Liberty Loan subscribers through failure of five banks in which they had placed partial payments has been passed by the house and sent to the senate. The banks were located in Pennsylvania, California, Ohio, Minnesota and North Dakota.

Shoot to kill, deliver the mail or die in the attempt, were the literal instructions which Secretary of the Navy Donby sent to 1,000 marines who left Quantico on the job of guarding the United States mail.

FOREIGN

Five hundred native gendarmes and officers were massacred by Kurds, after occupation of the town of Subbulak, according to a dispatch from Allahabad, British India.

Vital d'Arzac, a Toulouse newspaperman, covering the Landru trial at Versailles, left the court room, telling his comrades that the case was driving him crazy. He went to his hotel and killed himself with a revolver.

A member of the Russian social revolutionary party fired two shots at Foreign Minister Tchitcherin, who was in his reception room at the Kremlin in Moscow, according to authentic dispatches. Both shots missed. The assailant and 3,000 members of the Menshevik party were arrested.

Francois Jannard, living at Dijon, France, has but one hobby in life. It is that of killing vipers around his native town. A recent fifteen days' bag totaled 250, and in ten years Jannard has accounted for more than 20,000 vipers. Vipers are found only in central and southern France, but are extremely dangerous in those regions.

While a religious ceremony was in progress at the Guadalupe cathedral, Mexico City, a bomb was exploded on the altar below the image of the Guadalupe virgin. There were no casualties though the church was crowded, and no serious damage was done. The author of the outrage was arrested, the police saving him from being lynched.

Japan's governmental budget for next year, as unofficially reported, carries an expenditure estimate of 1,463,000,000 yen, being a decrease of 120,000,000 from last year's budget. The naval estimate, said to have been decided by the budget council, carries a reduction of about 80,000,000 yen. The army estimates showed a reduction of about 10,000,000.

Important documents were seized and millions of Romanoff rubles with considerable French and British money were discovered at Constantinople by interallied police in a raid on the office of the Russian trade mission at Constantinople. The police hauled down a huge red flag which the Bolshevik representatives had raised over their headquarters in celebration of the fourth anniversary of the soviet revolution.

GENERAL

President Harding has signed the good roads bill, carrying an appropriation of \$75,000,000 for road building, and \$15,000,000 for forestry projects.

Mrs. Lyda Southard was sentenced to serve from ten years to life in the Idaho state prison for the murder of Edward F. Meyer, her fourth husband. She was convicted after a trial lasting several weeks. The court imposed the maximum penalty under the Idaho laws. Attorneys

Charles Willson, 18 years old, a high school student, was found hanging in the bath room at his home by his mother, Willson, she told police, had gone to the bathroom two hours before to bathe. The boy is the third Chicago school student who has committed suicide by hanging in recent weeks.

At Watertown, Mass., is being built a sixteen-inch howitzer which will revolve in a complete circle, fires at a depression of 7 degrees to a 65-degree elevation, and is fired by compressed air. The rifle weighs seventy-eight tons, shoots twenty-eight miles, using shells weighing 2,340 pounds. The gun is thirty-five feet long and the total weight of gun carriage and all is 252,348 pounds. This is the first gun of its kind in the country, and is built for coast defense.

Commodore Ellsworth Price Berthoff, retired commandant of the United States Coast Guard, died in New York at the age of 58. In 1898 he received a gold medal and the thanks of Congress for heroism in saving the lives of 200 American sailors frozen in on a fleet of whalers at Point Barrow. To accomplish this feat, he led a party of three 1,700 miles overland in the frozen Arctic country. He retired as coast guard commandant in 1919.

Wishing one and all a happy New Year, the western canners beg to advise that the price of canned goods of every description will be sharply advanced about Jan. 1—perhaps an average of 20 per cent. The canners in convention in Chicago say the pack this year, principally of beans, peas, corn, tomatoes, fruits and salmon, will be about 7,000,000 cases short.

Big Tim Murphy, union leader, former state representative and an alleged gunman, was found guilty in Chicago by a jury in Judge Kenesaw M. Landis' court of plotting the \$300,000 mail robbery at Dearborn station last April. Vincenzo Cosmano, union president and protégé of Murphy; Edward Gelrum, alleged driver of the bandit's car, and Paul Volanti also were convicted.

Governor Thomas E. Campbell issued a proclamation of emergency, authorizing the board of directors of state institutions to expend \$3,750 in repairing damage done to the capitol building and grounds by the Cave creek flood. Parties interested in the control of Cave creek met in the governor's office and agreed to steps to be taken to prevent future floods similar to that of last August.

William Hayes was sentenced at Ironton, Mo., to be hung for complicity in the murder of Herculaneum last Feb. 23 of Andrew Deck, federal prohibition investigator. The jury deliberated twenty-two hours. Hayes is the fourth man to be given the death penalty for the murder of Deck. Otto and Jess Thomas are yet to be tried.

The new electrically driven coast guard cutter Tampa, replacing a vessel of the same name, torpedoed and sunk during the war, was dedicated to the service of saving life and property at sea.

Southwest News From All Over New Mexico and Arizona

(Western Newspaper Union News Service.)

John T. Hughes, 47, pioneer, former publisher of the Arizona Daily Star and one of the most prominent criminal lawyers in Arizona, died at his home in Tucson after a long illness.

The general university extension work for the year 1921-22 is being actively encouraged. The Woman's Club of Casa Grande, Ariz., has arranged for a series of six lectures during the year.

Charles Clay, who for the past five years has been in charge of the hotel at Jemez, N. M., will start this month on the erection of a new \$30,000 hotel which will be supplied with hot and cold water direct from the springs.

The September record of the Biological Survey of New Mexico, according to reports received at Albuquerque, is made up of two predatory bear, seven wolves, six mountain lions, thirty-seven coyotes and eleven bob cats.

Roy, N. M., is to call another election to vote on bonds for the completing of the new school house. The new building has been started, but more money will be needed to finish the work according to the original plans.

Reports of the contractors of Las Vegas, N. M., show that there are now under construction at the present time twenty-three houses and several business blocks. The total amount of building in the city is estimated at over \$80,000.

The contractor who is erecting the new school building at Tres Piedras, north of Taos, N. M., reports that the concrete work on the building is completed and that the new school will be turned over to the board about the middle of December.

Montezuma valley came to the front the past week in the effort to secure a rail outlet from Farmington, N. M., to the south. Several enthusiastic meetings were held and the land subscriptions now total over \$1,500,000 and there is still about sixty days to raise the balance of \$1,000,000.

Secretary de la Huerta of the Mexican treasury department, issued a decree abolishing the duty on cattle and horses imported into Mexico, according to dispatches received at Nogales, Ariz. Secretary de la Huerta is reported to have said: "I take this step to enable Mexican ranchers to stock up with the best cattle obtainable."

The Albuquerque office of the U. S. forest service announces the promotion of J. H. Sizer of Roosevelt, Ariz., to forest supervisor of the Apache national forest, with headquarters at Springerville, Ariz. Mr. Sizer is now either to the service or to the Apache forest, on which he was at one time ranger and later deputy supervisor.

Arizona's College of Agriculture is growing. The attendance is larger than ever before. Extension work is reaching more people in the state than at any previous time. The agricultural experiment station is better organized for effective research than ever before. These facts furnish occasion for making a few comparisons of public interest.

J. A. Tatum, representative of the Southwest Lumber Company of Alamogordo, N. M., has just completed a 2,700 mile trip through New Mexico and Arizona and states that the copper mines in all sections of the southwest will soon be in operation. Mr. Tatum thinks that most of the mines will be running in the next six months and some of them before that time.

The Tucson chapter of the Rotary Club has appropriated the sum of \$1,000 to form a loan fund for the purpose of helping some worthy students of the University of Arizona on recommendation of the student loans and scholarships committee.

Miss Elsie Toles, state superintendent of public instruction of Arizona, announced that she had apportioned state school funds among the counties of the state. She said the apportionment had been made in advance of the usual time, which is in January, for the benefit of counties where funds have been exhausted and where it has been necessary to register warrants.

The Agricultural Science Club, headed by L. E. Freudenthal, recently organized at Las Cruces, N. M., to bring the farmers of Dona Ana county into closer touch with the New Mexico Agricultural College's experiment station and extension service, is planning a series of lectures on timely agricultural problems to be delivered over wireless telephone by experts connected with experiment stations located within the radius of the Las Cruces apparatus.

A committee of fifteen has been formed in Roswell, N. M., to assist in the marketing of the livestock of the valley. A big meeting will be held soon when all the livestock men of the valley will attend and ratify the committee and assist in the future plans of the organization.

Citizens of Gallup, N. M., have pledged over \$1,500 to the fund for the new railroad which is to run into that city from the San Juan valley. The drive was in charge of the Kiwanis Club and the balance of the \$2,500 will be raised soon.

FRANCE WILL BACK UP CHINA

EXTENT OF INTERESTS IN PACIFIC ARE EXPLAINED BY NATION'S COLONIAL MINISTER.

SARRANT GIVES STAND

SIX POINTS EXPRESS FRENCH STAND ON FAR EAST PROPOSALS IN INTERVIEW.

(Western Newspaper Union News Service.)

Washington.—France cannot rest indifferent to any settlement of Far Eastern questions, said Albert Sarrant, French colonial minister, who is a delegate to the Washington conference, in discussing questions with newspapermen.

"I am sympathetic toward the Chinese," he added, "I have an affection for them, acquired during the seven years in which I was governor of Indo-China. I believe I know the problems of the East, and France is disposed to consider measures for aiding China and in helping to make a new China."

Six points in a general way express the French attitude toward proposals put forth by the Chinese delegation on the Far East, he continued. These were:

First—France desires earnestly to aid China in realizing her aspirations, territorial, political and commercial.

Second—France would give up Kouang Tchou, which she leased from China in 1898, provided Great Britain gave up Wei Hei-Wei, and Japan Shantung, leased by the Germans at the same time, and the Port Arthur peninsula.

Third—France would not be unwilling to surrender her extra territorial privileges were other powers willing to do the same. France gave up these privileges in Japan in 1906 and was in negotiation with Turkey to give them up there in 1914, when the war came. However, the French feel that extra territoriality should be maintained until it is clear that the Chinese republic can give adequate security and justice to foreigners.

Fourth—The French colony of Indo-China did not belong to China but to Annam. Consequently, Indo-China, the great French colony with 25,000,000 inhabitants, does not come in the question, according to the French point of view. If, however, some question should be raised as to the rectification of the 900-mile Chinese frontier, the French government would be willing to discuss the boundary.

Fifth—France approaches the discussions of Far Eastern questions in sympathy with Japan's need for expansion and for raw material. The French delegation desires under all circumstances to take a conciliatory and pacific role.

Sixth—France is for open dealings of the powers with China and against any secret negotiations.

M. Sarrant remarked that he thought the extent of French interests in the Pacific were not fully understood in the United States. Indo-China alone, he said, had a population of more than 250,000,000, which was an indication of the measure of French interests in the Pacific. In addition, France has New Caledonia, Tahiti, the Marquesas, the New Hebrides, the Falklands and other groups of islands.

Big Home Shortage in U. S.

St. Louis, Mo.—There is a shortage of approximately 1,200,000 homes in the United States, but the outlook for building activities is good, according to members of the commission of the Associated General Contractors of America, who met at St. Louis.

Denies Immorality Charges.

Grand Rapids, Mich.—Denial of charges of immorality brought by John W. Hansel and Mrs. Hansel, formerly of Nashville, Tenn., against the House of David, a religious colony at Benton Harbor, is made in answer to the Hansel suit, filed in the United States District Court here. The Hansels, expelled from the colony a year ago, are suing to regain property said to have been turned over to the cult when they were admitted, and for compensation for services up to the time they were expelled.

2,800,000 Communists in Europe.

Riga.—The Moscow Pravda, a copy of which has been received here, contains an article estimating the forces of communism in Europe. It says that fifty-one communist parties with a membership of 2,800,000 have joined the communist internationale. Russia, with a membership of 500,000, occupies first place in the ranks, while Germany and Czechoslovakia, each with 300,000 come next. Then follows France with 130,000, Norway with 97,000 and Italy with 70,000.

Ticket Purchasers Broke Law

Wichita, Kan.—Purchasers of tickets to the scheduled fifteen-round bout between Mike Gibbons and Mike O'Dowd, which recently was prevented by Kansas state officials on the ground that it would be a prizefight, entered into an illegal agreement, Judge W. P. Campbell ruled here. The decision was given in a suit filed for \$66 paid for seat reservations. After the decision the Wichita Athletic Association announced seat money would be refunded.

THE ECONOMY

BAKING POWDER

CALUMET

Calumet possesses the farthest-reaching baking powder economy. It is the most economical leavening agent. It saves in more ways—and makes more important savings than most other baking powders.

You save when you buy it. The price is moderate—it leaves you money over the cost of high-priced brands for purchase of other articles. Costs but little more than cheap powders—far more valuable in quality.

You save when you use it. Possesses more than the ordinary raising force—you use only half as much as is ordinarily required.

You save materials it is used with. Calumet never fails with any kind of recipe or with any kind of flour—always produces perfectly raised, delicious bakings.

You'll notice a great difference when you use Calumet. Calumet produces light, sweet, wholesome, flaky bakings. You will notice with some of the cheaper brands the bakings are soggy, heavy, dark in color, and sometimes have a bitter taste.

Used by leading chefs and domestic scientists, and by more housewives than any other brand. Made in the world's largest and finest baking powder plants.

Best by test. A trial proves it.

The Law Says 16 oz. to a Pound
A pound can of Calumet contains full 16 oz.
Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

It might be well, while correcting our disobedient offspring, to remember that we did not die young. Don't fail to lay up something for the rainy day, if it's nothing more than the borrowed umbrella.

"Oh, you can never fool my Ma, I know just what she'll say, That that's as much like Faultless Starch, As night-time is like day."

FAULTLESS STARCH

WESTERN CANADA Land of Prosperity

offers to home seekers opportunities that cannot be secured elsewhere. The thousands of farmers from the United States who have accepted Canada's generous offer to settle on FREE homesteads or buy farm land in her provinces have been well repaid by bountiful crops. There is still available on easy terms

Fertile Land at \$15 to \$30 an Acre—land similar to that which through many years has yielded from 20 to 45 bushels of wheat to the acre—oats, barley and flax also in great abundance, while raising horses, cattle, sheep and hogs is equally profitable. Hundreds of farmers in western Canada have raised crops in a single season worth more than the whole cost of their land. With such success comes prosperity, independence, good homes and all the comforts and conveniences which make life worth living.

Farm Gardens, Poultry, Dairying are sources of income second only to grain growing and stock raising. Attractive climate, good neighbors, churches, schools, good markets, railroad facilities, rural telephone, etc.

For illustrated literature, maps, description of farm opportunities in Manitoba, Saskatchewan, Alberta and British Columbia, reduced railway rates, etc., write

What to Take for CONSTIPATION

Take a good dose of Carter's Little Liver Pills—then take 2 or 3 for a few nights after. They cleanse your system of all waste matter and Regulate Your Bowels. Mild—as easy to take as sugar. Genuine bear signature—Beehive Brand. Small Pill. Small Dose. Small Price.

Weak and Worn?

Has winter left you dull, tired; all worn out? Do you have constant backache, with headaches, dizzy spells, sharp, shooting pains, or annoying kidney irregularities? Influenza and grip epidemics have left thousands with weak kidneys and failing strength. Don't wait until serious kidney trouble develops. Help the weakened kidneys with **Doan's Kidney Pills**. Doan's have helped thousands and should help you. Ask your neighbor!

A Colorado Case

Mrs. C. Silkes, 517 W. Third St., Florence, Colo., says: "My kidneys were weak and I had backache. Sometimes my head ached so severely that I couldn't sit up. My sight blurred and I had dizzy spells. One of my family had received so much relief by using Doan's Kidney Pills that I bought some. They cured me of kidney trouble."

MOTHER! OPEN CHILD'S BOWELS WITH CALIFORNIA FIG SYRUP

Your little one will love the "fruity" taste of "California Fig Syrup" even if constipated, bilious, irritable, feverish, or full of cold. A teaspoonful never fails to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the sour bile, and undigested food out of the bowels and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup," which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.—Advertisement.

Isn't a female cashier a countess?

SHE DYED A SWEATER, SKIRT AND CHILD'S COAT

Each package of "Diamond Dyes" contains directions so simple any woman can dye or tint her worn, shabby dresses, skirts, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything, even if she has never dyed before. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is sure because Diamond Dyes are guaranteed not to spot, fade, streak, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.—advertisement.

Most epigrams won't stand analysis.

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it. A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments; corrects urinary troubles and neutralizes the uric acid which causes rheumatism. You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores. Advertisement.

Years teach more than books.

How's Your Stomach? Any Weakness or Distress?

Red Cloud, Neb.—"Some time ago I wrote to Dr. Pierce's Invalids' Hotel for his advice in regard to my stomach trouble, which I was sure was neuralgia. I began taking Dr. Pierce's Golden Medical Discovery along with the 'Anuric Tablets' and feel that I have been greatly benefited by their use. I had about given up when I wrote Dr. Pierce—now I am feeling fine. I have every faith in Dr. Pierce's medicine."—Mrs. Dora Coleman.

If you need a building-up tonic for stomach and blood obtain Dr. Pierce's Golden Medical Discovery from your nearest druggist, or write Dr. Pierce, President Invalids' Hotel in Buffalo, N. Y., for free medical advice.

W. N. U., DENVER, NO. 47-1921.

HOW "BIG 3" WILL RANK IF HUGHES' PLAN IS ADOPTED

Washington, Nov. 14.—How the navies of the United States, Great Britain and Japan would be constituted, so far as capital ships are concerned, is shown in the following comparative table:

UNITED STATES.				
Laid down.	Name.	Class.	Main battery.	Displacement.
1916-'17	Maryland	Dreadnaught	8-16 in.	32,600

ACTUALLY MEANS NAVAL LIMITATION

Secretary Hughes Lays Definite Proposition Before International Conference.

WOULD JUNK 66 WARSHIPS

U. S. Plan Would Stop Building War Craft Until 1931—Yank Fleet Would Equal Britain's, and Japan Rank Third.

Washington, Nov. 14.—A radical reduction and strict limitation of naval armament by the chief naval powers was proposed by the United States "right off the bat" at the opening of the international conference here.

Washington, Nov. 14.—A radical reduction and strict limitation of naval armament by the chief naval powers was proposed by the United States "right off the bat" at the opening of the international conference here. Actually before the delegates were aware of what was happening Secretary Hughes, true to his promise, had laid the cards of Uncle Sam's hand face up on the table.

The effect of the unexpected move was heightened by the spontaneous endorsement of the executive proposals on the spot by the legislative branch of the American government. The senators, who occupied one balcony, and the representatives, who were in another, simultaneously arose as Mr. Hughes concluded presentation of the reduction program and loosed a torrent of applause.

Huge Saving From the Start. It is pointed out that the proposals mean in the direct, immediate matter of economy to the American people a saving of \$290,000,000 through the scrapping of the 15 capital ships now building. It would cost that sum to complete them. Already \$332,000,000 has been spent on them.

Moreover, there would be a total annual saving of \$200,000,000 in maintenance of the 30 capital ships, built and building, which it is proposed to junk.

Also it would be possible to man the navy with 60,000 instead of 120,000 men.

Here's the American Plan.

The American proposals summarized follow:

1. The United States, Great Britain

and Japan agree to a navy building holiday for ten years, during which time no new ships shall be built.

2. All uncompleted capital ships and numerous specific older capital ships to be scrapped at once.

3. All building programs, either actual or projected, to be abandoned at once.

4. The sea power of the three nations to be maintained on a basis of a tonnage parity between the American and the British navies and of a Japanese navy of three-fifths the tonnage of either of the others.

5. The capital ship to be the unit of measurement of naval strength and a proportionate allowance of auxiliary craft to be prescribed.

Size of Replacements. 6. The size of the capital ships built for replacement shall be limited to 25,000 tons, compared with 40,000 tons, the maximum now building, and aggregate capital ship tonnage is to be limited to 500,000 each for England and the United States and 300,000 for Japan.

7. Auxiliary cruisers and destroyers, the keels of which have been already laid, to be completed, but replacements to be on a basis of a maximum 450,000 tons each for England and the United States and 270,000 tons for Japan.

8. Same provision for submarines, with the maximum tonnage 90,000 each for England and the United States and 54,000 for Japan.

9. Total tonnage of airplane carriers to be limited to 80,000 each for Eng-

EFFECT OF THE AMERICAN PROPOSAL ON THE THREE BIG NAVAL POWERS

Washington, Nov. 14.—How the American plan for the reduction and limitation of naval armaments would affect the three great naval powers is shown at a glance in the following table:

	United States.	Great Britain.	Japan.
Capital ships building to be scrapped	15	4	7
Capital ships building to be completed	3	6	8
Capital ships projected to be abandoned	0	0	0
Capital ships projected to be completed	0	0	0
Tonnage of building capital ships scrapped	618,000	172,000	283,100
Tonnage of projected capital ships abandoned	0	0	300,000
Old battleships scrapped	15	19	10
Tonnage of old battleships scrapped	227,740	411,375	159,328
Total capital ships scrapped and abandoned	30	23	25
Total tonnage capital ships scrapped	845,740	583,375	448,028
Capital ships retained	18	22	10
Tonnage capital ships retained	500,650	604,450	299,700
Eventual tonnage of capital ships	500,000	500,000	300,000
Tonnage limitation on auxiliary cruisers and destroyers	450,000	450,000	270,000
Auxiliary tonnage to be scrapped	757,807	0	0
Tonnage limitation on submarines	90,000	0	54,000
Submarine tonnage to be scrapped	0	0	0
Tonnage limitation on airplane carriers	80,000	80,000	80,000
Airplane carrier tonnage	10,400	0	0

land and the United States and 45,000 for Japan.

10. Only capital ships and airplane carriers 20 years old, cruisers 17 years old, and destroyers and submarines 12 years old may be replaced.

No Limit on Naval Aircraft.

11. Limitation of naval aircraft deemed impracticable because of easy converting of commercial aircraft to war uses.

12. Conversion of merchant marine to warships to be regulated by agreement.

13. No ships to be built for or disposed of to other nations.

BRITISH EDITORIAL OPINION.

London, Nov. 14.—The London Times says in an editorial: "President Harding of the United States set the right note for the Washington conference when he assured the delegates that he welcomed them not alone for their high purpose, but for their high faith. If that faith be strong enough, general enough, and continuous enough in the masses of the people whose wills are the force behind the conference, success in the great objects of the conference will be attained."

An editorial in the Daily News says: "By a single gesture America has changed the whole face of international affairs. A despairing world has been shown a path of salvation. This path, which was missed at Versailles, is revealed once again at Washington as broad and straight."

The Daily Express says in an editorial: "Valiant if staggering is the proposal of the United States. It brings an ideal to the verge of practical politics."

The Morning Post in an editorial says: "Fleets and armies are but instruments of warfare. Neither France, America, nor Great Britain desires to spend one penny more than the sum requisite to secure that justice and those rights to which President Harding referred."

The Daily Chronicle's editorial says: "The world is in debt to the United States for its broad humanity and incisive vigor. It is our English way to turn over critically all proposals affecting the strength of our navy, but it should be at once said that, apart from certain reservations on account of the vastness of the sea area which we patrol, the American proposals strike us as being quite fair to ourselves."

FRENCH LIKE PLAN.

Paris, Nov. 14.—Dispatches outlining the developments at the opening of the armament conference in Washington take first place in all the Paris newspapers.

President Harding's high idealism, as evidenced in his opening address, is termed by the Petit Parisien "a ray of sunlight coming to rekindle the heart of our people, so greatly touched by the war."

The Journal, while approving the American proposals set forth by Mr. Hughes, says the problem confronting the conference in this respect is the attitude to be taken by Japan.

AMERICAN EDITORIAL VIEWS.

Following are American editorial comments made on Secretary Hughes' proposals for the limitation of armaments:

Philadelphia Public Ledger—The proposals strike straight and clean home to the heart of the world. At one stroke America has cut the ground from under the feet of those who would maneuver, hesitate and delay.

Buffalo Express—The United States is saying, in effect, to its only rivals for sea power: "We will stop this competition for naval armament if you will, we will sacrifice if you will, and we will sacrifice more than we ask you to give up." Will they? How can they refuse?

Detroit Free Press—If well begun is half done, then the world has the right to hope for great things.

Providence Journal—The sacrifice will be more apparent than real. The relative naval strength of the powers is to remain practically as it is. No country will be more exposed to invasion or conquest or more efficient in offense by reason of the plan.

Boston Herald—Mr. Hughes' address is simply business, straight, specific, definite. The peoples of the world are waiting upon Washington with anxious hearts.

Cleveland Plain Dealer—The calling of the conference and its manner of beginning has a meaning infinitely great, not only to America but to all the war-weary men and women of all civilized nations.

Reserve Items

Mrs. Fred Lant and her two daughters, Misses Mabel and Thelma, of Glenwood are visiting with friends and relatives this week. It isn't very often Mrs. Lant gets back to Reserve to visit and we are always glad to see them.

Mr. and Mrs. J. A. Orr of the Tularosa country were visitors Monday and Tuesday of this week.

S. J. Kidder, County Commissioner, and Harry Booth, both of Mogollon, were in Reserve for a few days this week.

S. C. DePass of Dallas, Texas, arrived in Reserve a few days ago. Mr. DePass expects to spend several months in our little town.

William and Leslie Laney were over last week to pay their taxes and look after other business matters.

G. W. Evans and J. B. Crain from the O Bar O country were in town Tuesday looking after business matters.

W. J. Andrus, Fred Graham and Shack Simmonds, all from the Apache paid the County sent a visit this last Tuesday to attend to tax matters.

Attorney Fred Nicholas, J. S. MacTavish and his son Ian, all of Magdalena, spent Saturday and Sunday in town.

Jack Fraser and Fred Baldwin drove out to Reserve last week, coming by way of Quemado and Datil, where they had spent a few days.

John Jones of Quemado, was an out of town visitor this week, looking after business matters.

A. G. Hill left Reserve rather early Tuesday morning on his way to Magdalena taking with him Mr. Dowell P. Ward and Miss Minnie Satathite, but we think he will bring Mr. and Mrs. Dowell P. Ward back with him.

Mr. Knott of the Live Stock and Agricultural Loan Company of New Mexico is staying at the ranch of W. J. Andrus. Mr. Knott is inspecting various ranches in this vicinity for his company.

Geo York and C. E. Tipton of Datil were County Seat visitors early this week.

Mrs. Campbell of the Luna District and Miss Hiser of the Spur Ranch rode in town late Monday evening to visit with Miss Beatron Campbell of this place.

FORECLOSURE SALE

WHEREAS by that final decree made and entered on the 13th day of September 1921, in the United States Court for the District of New Mexico, in Equity cause No. 833, wherein Anne E. McKay is plaintiff and the Alberta Development company, a corporation is defendant, W. B. Walton was appointed Special Master of said court to sell the real and personal property in said final decree, and hereinafter described to pay indebtedness of \$57,328.57, together with 10 per cent attorney's fee thereon, amounting to \$5,732.85, due from said defendant to said plaintiff, together with interest from said 13th day of September, 1921, upon the total sum of \$63,061.42 at 6 per cent per annum until paid, which indebtedness was by said court adjudged to be a lien upon said real and personal property under the provisions of a certain mortgage executed and delivered by the defendant to the plaintiff, dated January 18th, 1916, and recorded January 31, 1916, in Volume 85 of Mortgage Records, pages 284 et-seq, County of Socorro, New Mexico, which mortgage was by said court adjudged to be foreclosed, and all of said real and personal property being situate in the Cooney Mining District, formerly Socorro, now Catron County, New Mexico.

NOW THEREFORE as such Special Master I will, at the hour of ten o'clock a. m., on the 16th day of December, 1921 at the front door of the United States postoffice building in the town of Mogollon, Catron County, New Mexico, sell at Public auction to the highest bidder, for cash in hand, the following described real and personal property in said mortgage and final decree described, reference thereto being here had for a more particular description thereof, to-wit: The "IDA MAY" Lode Mining Claim, a patented mine, containing 13,192 acres, and designated by the Surveyor General of New Mexico as Mineral Survey No. 1372; the "INDEPENDENCE," "ANACONDA," "COMET," "UNION," "DON'T CARE," "NEW CHUM," "CRESCENT," "THURSDAY" and "WOLFTONE" Lode Mining claims, being a group of patented mining claims designated by the Surveyor General of New Mexico as Mineral Survey No. 1558; The "GOOD HOPE" Mining Claim being a patented mining claim containing 20,544 acres, more or less, and designated by the Surveyor General of New Mexico as mineral Survey No. 1383; the "GOOD HOPE" No. 2 Lode Mining Claim, bounded with corners marked with rock set in the ground with mound of stone along side; beginning at corner No. 1 from which the 1/4 corner on S. Line of Sec. 28, Tp. 10 S. R. 19 W. N. M. P. M., lies N. 39 degrees 50 minutes E. 2097.1 feet distant, thence S. 26 degrees, 32 minutes W. 600 feet to corner No. 2, thence S. 53 degrees, 28 minutes E. 1500 feet to corner No. 3, thence N. 36 degrees, 32 minutes E. 600 feet to corner No. 4, thence 53 degrees, 28 minutes W. 1500 feet to corner No. 1; The "WOLFTONE" Mill-site bounded; beginning at corner No. 1 from which the 1/4 corner on S. line of Sec. 28, Tp. 10 S. R. 19 W., N. M. P. M., lies S. 8 degrees, 09 minutes E. 6929.8 feet distant, thence S. 76 degrees, 55 minutes E. 452.72 feet to corner No. 2, thence S. 20 degrees, 02 minutes W. 462.35 feet to corner No. 3, thence N. 76 degrees, 55 minutes W. 452.72 feet to corner No. 4, thence N. 20 degrees, 02 minutes E. 462.35 feet to corner No. 1; all right, title, interest, claim and estate of the Alberta Development Company in the "ISABELLE" Lode Mining Claim held by said Company under option in writing, subject to the performance of annual assessment work, and described as follows: Beginning at a monument of stones erected at the point of discovery, being the initial monument upon which notice of location was posted, running thence along the vein 1,500 feet to a monument of stones, being the West end center of the claim; thence Northerly 300 feet to a monument of stones being the Northwest corner, thence 1,500 feet to a monument of stones, being the Northeast corner of claim, thence 300 feet to a monument of stones, being the East and center, thence 300 feet to a monument of stones, being the Southeast corner, thence 1,500 feet to Southwest corner, thence 300 feet back to West end center, which makes en-

The discovery shaft upon this claim is about 20 feet in a westerly direction from the initial monument upon the claim. The claim lies about three quarters of a mile from Mogollon, Northwesterly and is located on the divide between Silver and Mineral creeks and joins the Anaconda Mine on the West; also all of the mill hoisting plant and machinery, tools, supplies and equipment and personal property of said Albert Development Company situate on or appurtenant to said mining premises, or wheresoever situate, at the date of said mortgage or thereafter acquired; Together with all the mining and corporate rights, privileges, immunities, franchises and options of said Alberta Development Company.

The plaintiff or other holder of the judgment debt in said cause may become a purchaser at said sale and apply the judgment debt, or, to wit, in liquidation of any bid made by her, him or them; all other bidders must, before bidding at said sale, deposit with the Special Master in cash, or certified check the sum of \$5000.00 as a guarantee of good faith, deposit made by successful bidder to be credited upon his bid, and deposits made by unsuccessful bidders to be returned to the depositor. The premises and personal property to be sold in one parcel and as a whole
