County Clerk

Vol. I.

East Las Vegas, New Mexico, Friday Evening, March 25, 1892.

No. 86.

LATE NEWS.

NOTHING SENSATIONAL.

WASHINGTON, March 25.—Rum was before the pension office investigating committee today and was questioned regarding the morality of the employes of his office without eliciting anything sensational.

PROVIDED FOR.

St. Petersburg, March 25.—Official messengers say that the provinces affected by the failure of crops are now provided with sufficient food to keep the inhabitants until May, and that a supply of seed for the next sowing is assured.

SATISFACTORILY ADJUSTED.

MONTREAL, March 25.—Vice President Shaughnessy, of the Canadian Pacific, says the points of difference between the road and trainmen have been submitted to a committee of engineers, and he has no doubt that the strike will be satisfactorily adjusted.

IDENTIFIED.

CINCINNATI, O., March 25.—The unknown man who fired a ball into his brain and then fell from the platform of an Ohio & Mississippi train near Medora, Ind., a few days ago, has been positively identified as James H. Wilkinson, a stock dealer in Texas.

MORE FLOUR FOR RUSSIA.

MINNEAPOLIS, Minn., March 25.—One hundred and seventy-five cars of flour, containing 220,000 barrels, were sent out today by the Washburn-Crosby company mills to the Russian relief association of Philadelphia.

GONE INTO LIQUIDATION.

BIRMINGHAM, Ala., March 25.—The American National bank has gone into liquidation. The bank originally had a capital of \$250,000. Nobody will suffer unless it be the stockholders through failure of securities to realize the amounts loaned.

WILL EXTEND OPERATIONS.

RAPID CITY, S. D., March 25.—It is generally reported here that the great homestake mining company will extend its operations by building stamp mills and a smelter at Upper Rapid. Its narrow gauge railway will be extended here. The change is made to secure more water and close connection with Wyoming coal fields.

AFTER TWO YEARS.

DUNBAR, Pa., March 25.—At 1 o'clock this afternoon ten bodies had been brought out of the mine in which the explosion occurred two years ago. Other bodies will be brought up as fast as possible. Crowds of relatives surround the pit and their grief is intense, notwithstanding the long period which has elapsed since the accident. Bodies thus far recovered have been identified.

A DAZZLINGLY BRILLIANT AFFAIR.

El Paso, March 25.—The G. A. R. entertainment adjourned this evening after a three days session, and a large number of the veterans left this evening on an excursion train into Mexico, but this city is still filled with blue coated veterans. The McGinty carnival in honor of the veterans last night was a dazzlingly brilliant affair. The pyrotechnic parade was witnessed by fully 10,000 people. At the session today O. G. Peterson was elected commander of the department of Texas.

CUTTING DOWN EXPENSES.

WASHINGTON, March 25.—The sundry civil appropriation bill last year carried an aggregate appropriation of \$38,000,000, while the bill this year amounts to only \$25,000,000, being \$13,000,000 less than the act of the current fiscal year. The largest cut ever made in appropriations for public buildings. Allowing the appropriation, among others, made for the Galveston harbor of \$450,000

in addition to this amount, available July 1, there was on March 1 \$830,000.

BECOMING SERIOUS.

LONDON, March 25.—The press generally in commenting on President Harrison's reply to Lord Salisbury's note, say that Behring sea matters are becoming serious and that it looks as if no agreement would be reached. They charge Harrison with assuming a war-like attitude for political purposes, only. A dispatch from Victoria, B. C., to Reuter's telegram company says it is reported there that Rear Admiral C. F. Hotham, C. B., commander-in-chief of the British coast station, has sent a cable dispatch to Esquimalt to the warships Melpomene, Champion and Warsprite, which have started for Esquimalt, and that they will reach there May 1, two months earlier than the time previously arranged for their arrival. This sudden change in the disposition of the ships has caused no little comment, and is taken to indicate a serious phase in the Behring sea dispute.

THE IRRIGATION CONVENTION.

At Las Vegas convened on the 15th instant and continued in session until the evening of the 17th. Las Vegas never does anything by halves, however, and therefore, to keep up the traditional reputation of the place, held three other conventions: for statehood, press convention and convention of civil engineers. All four conventions were pronounced successes.

The irrigation convention was composed of as fine a body of intelligent men as ever assembled in this country. The delegates from abroad and the visitors generally were treated with that courtesy and genuine hospitality that has always been a distinguishing characteristic of the Meadow City.—El Paso Bullion.

ORATORICAL.

There will be a contest for the Demorest medal at the Presbyterian church next Tuesday evening. The contestants are three pupils from each of the three schools, the academy, the seminary and the public school. Great interest is taken by the pupils, and there will no doubt be a large crowd there to hear it. The public is invited to attend.

The late meeting of the New Mexico press association, seems to have had no effect whatever in allaying the editorial inflammation up in Raton and Springer. Sturgis, Collier, Beringer and Hosmer still have each other by the ears, and evidently intend to until something gives away.—Democrat.

Any one proving to our satisfaction that he is too poor to pay 15 cents per week for the FREE PRESS can have it free.

The attacks being made by the Democrats in Congress upon sections of the McKinley bill is not doing their party any good. In New York the Knights of Industry have characterized the policy as "injurious to the American farm laborer and producer and in the interests of the foreign manufacturer."

A party who had bargained for some lots here went around a day or two afterward to pay for them, but found they had gone up 50 per cent. That strikes us as just a little too much under the circumstances, as our new road is not here yet.

When a young woman becomes engaged to be married she fancies everybody knows it; and, as a matter of fact, it isn't a difficult thing to detect.

So far the attempt to get up a union ticket for the city election at Santa Fe has been a failure.

If you drop 15 cents per week in the FREE PRESS slot we will do the rest.

THE G. A. R.

The encampment of the G. A. R. in this city promises to be a glorious success. In the evening at the opera house there will be a grand entertainment by Captain Jack Crawford, consisting of songs and recitations. The general committee has issued invitations to Governor Prince, ex-Governor Stover, ex-Senator Dorsey, and ex-Department Commander Down, of Santa Fe, and invitations will be extended to General A. J. Simpson, U. S. Consul at El Paso, Gen. A. G. Malloy, post department commander of Texas, E. A. Fisk, Judge O'Brien, Captain Eads, Judge E. V. Long and others. Col. Fountain, of Las Cruces, together with all the department officers are expected to be present.

The survey on the Denver and El Paso road has been completed north to the Vermejo river, leaving only thirty miles more to survey, and that part is of a nature that is easily done. The surveying corps will now go north to where they were compelled to stop by the storm in December, and survey south to the Vermejo. It will only be a very short time till everything connected with the survey will be completed and more solid business started.

There is considerable talk of petitioning Governor Prince for the release of young Segura, who was sentenced to the penitentiary for five years for rape. Now, if the young villain is guilty, let the law take its course. Society suffers too much already, and will suffer more from modern nauseating sentimentalism.

Miss Belle Henry was very much surprised and pleased on entering her father's office this morning to find a fine new Smith Premier type writer desk, in oak, with type writer, with a letter from her father presenting it to her as a gift for her efficient services in his office for the past nine years. It is a very fine present and one she appreciates highly.

Charlotte, the 2-year-old daughter of Albert Lawrence, died last night about 11 o'clock. She had had pneumonia and took a relapse. Mr. Lawrence is away at present, but has been telegraphed for and is expected home tonight. It will be a sorrowful home-coming, and the family have the sympathy of all in their affliction.

ELECTION PROCLAMATION.

For three members of the Board of Education, of the town of East Las Vegas, New Mexico.

Notice is hereby given that at the annual election, to be held on the 28th day of April, A. D. 1892, in the town of East Las Vegas, New Mexico, for the election of municipal officers for said town for the ensuing year, of which proclamation has been duly given, there will also be voted for and elected at the same time, three members of the Board of Education, of the town of East Las Vegas, New Mexico, as provided by law; each of said members to serve for the period of two years as a member of the Board of Education of said town; one from each of the three wards of the said town, as divided by Ordinance No. 36 of said town. In addition to all the requirements necessary to vote at the election of town officers at said elections, persons voting for members of the Board of Education must be residents and citizens of the ward or ward of said town, as divided by Ordinance No. 36 of said town, and no person will be entitled to vote for any other candidate for member of the Board of Education of said town, than the one residing in the ward of said ward.

J. M. CUNNINGHAM, Mayor.

REPUBLICAN TICKET.

For Mayor: J. M. CUNNINGHAM.
For Town Trustees: SENECA KLINE, THERON CRISPILL.
For Marshal: T. F. CLAY.
For Recorder: W. H. KELLY.

Roger Q. Mills' election to the senatorship in Texas was almost unanimous.

The Iowa local option law was lost by a strict party vote. The vote in the house stood 52 to 46.

Chicago surgeons recently opened a man's lung, took out an abscess and sewed him up and he is fast recovering.

Jerry Rusk is said to be planting a presidential boom in the seed distributing machinery. It's too late in the season for planting new booms.

Senator Cullom, of Illinois, is said to be quietly working up a presidential boom for himself. He will have to work hard to head off the Harrison boom which is making good headway.

It is claimed that the Louisiana lottery people are "playing possum" and are at work as hard as ever to get the new constitution adopted with a renewal of the charter of the lottery in it.

Colorado keeps coming to the front with rich strikes, the latest being a rich silver strike at Telluride and a strike of aluminum at Gunnison, the mineral running about 40 per cent, which is said to be the richest ever found.

The check of \$1,000, given by the Electric Street railway to the city of Albuquerque, as a guarantee that the road would be built, was forfeited to the city yesterday. We shall have an electric street railway here yet before Albuquerque gets hers.

A gentleman today remarked that he had always remarked one distinctive feature in the two old parties: The Republicans always pay their printing bills and support their newspapers, while the Democrats do neither one nor the other.

The printers' home at Colorado Springs will be dedicated on May 5th. A typographical tourist will have to be very far gone to stay in any place very long and we think the home will never contain very many inmates. The late Peter Bartlett Lee, Esq., would have been very indignant if a "home" had been suggested as a good place for him to stop.

A well to do, well fed London clergyman recently preached to a congregation of poor people in the slums and took for his topic: "How to be Happy, though Hungry." He eloquently reminded his hearers that though they might be hungry in this world, they would be filled in the next, and, therefore, discontent with their lot was a grievous sin.

We have received, with the compliments of the secretary, W. E. Baker, a copy of the constitution and by-laws of the Mesilla Valley Commercial club, of Las Cruces, a neat pamphlet of 16 pages. Mr. Baker says he has written here to get a copy of the constitution of the Las Vegas Commercial club, failing in which he sent for copies of the FREE PRESS of June 8, which contained the constitution, and which have been forwarded to him.

SEEKING HIDDEN TREASURE.

Tradition has it that there are two places in New Mexico where several millions worth of treasure are buried.

One is the famous Gran Quivira and the other is La Mina de San Lazaro, in the county of Santa Fe. For many generations search has been made for these hidden treasures, but without any satisfactory results. Even from Europe parties have come and, after long and experienced prospecting, have given up the search and declared the report a myth. Today, however, word comes from Galisteo, from so responsible a man as Hon. Nicolas Pino, to the effect that the ancient San Lazaro mine had been found at last. Such is the belief of the parties who have just discovered an old shaft and tunnel in the vicinity of Galisteo, which is in the immediate neighborhood where tradition has long located the San Lazaro. If the report is correct and this traditional mine has really been found, may it not lead to the discovery at some future day of something at the enchanted city of La Gran Quivira, where the grand cathedral yet stands, more than forty feet high, as a monument to thousands of human beings who lived, loved and worshiped there in the bygone ages. Full details of the find near Galisteo are awaited with interest.—New Mexican.

CARTER HARRISON ON SILVER.

Hon. Carter Harrison, ex-mayor of Chicago, was at Creede the other day and made a speech in favor of free silver coinage, of which the following is an extract. It is easy to see where he stands:

"The demonetization of silver was one of the greatest crimes ever put upon the statute books. Silver and gold jointly were selected by nature and nature's God for money or coinage metals. Now, gentlemen, since you have asked me to talk to you, I will tell you what I know about it.

"In 1873 the statutes introduced for the demonetization of silver was unknown in the United States. The people knew nothing of it, the papers knew nothing of it, it was the work of a few Californians who had gold to sell; the bill was the one for the regulation of the coinage, and in this bill the word silver was purposely omitted, and the result was that we have only had gold since with which to pay our debts. I have studied this question.

"My recollection is that at the time silver was demonetized the world had about \$12,000,000,000 existing in the shape of money or money metals. The people of the world, excepting one nation, owed debts. England is the creditor nation of the world. There is a little patch of land in London covering not over twenty acres, known as Thread-needle street, in which are held debts, evidences of debts and bonds, so great that all the money in the world could not pay them.

"Now of this \$12,000,000,000 a little less than half was gold and a little more than half was silver. The demonetization of silver took away over half of our debt paying medium. Money itself has no value; it is merely the medium of exchange—the shadow of value. Years ago corn was the medium of exchange in New England, tobacco in Virginia, and coon skins in the western part of our country.

"These commodities were used to pay debts with. The gold bugs tell us that gold is the only valuable money. There is a place in the United States where neither gold nor silver is money—in Alaska. If you go to Alaska and buy furs and take with you a sack of silver or gold to buy furs you could not get a skin. Hudson bay blankets are the only medium of exchange the Indian will recognize. I have been in lands where copper coins are used, and others where iron was the medium of exchange. I have bought mangoes in India with a handful of cowrie shells, which are the medium of exchange authorized by the government, but if I walked across the street to the British postoffice I could not buy a penny postage stamp with a wagon load of cowrie shells. That is money which by common consent acts as medium of exchange. Where money has been plentiful the world has always been prosperous and the people happy; where money has been scarce times have been hard and the people unhappy and discontented.

"In 1816 to 1819 England was prosperous and the people were

One of our Largest Industries

A few evenings since our reporter's attention was called to the beautifully illuminated buildings of the Smith Premier Typewriter works on Clinton street, and upon investigation found that owing to a large increase in business they were obliged to run twelve hours a day, operating between 300 and 400 employees. Considering the rapid growth of the business referred to it is very apparent to the proprietor that it will be absolutely necessary during the summer months to build another factory, and in fact the plans are nearly arranged for the construction of a new building of dimensions 60x140 feet, seven stories high. This new structure, in addition to the present buildings, which have every nook and corner filled with operatives, will admit of working at least 600 people, and if the business continues to increase in the future as it has in the past it is very certain that the company at no distant day will require all the typewriter writers that 600 operatives can produce. We are informed that no other typewriter manufacturers in the state at present are pressed to fill their orders to the extent that they are obliged to work overtime.—Syracuse Journal, March 12.

happy. In 1819 England demonetized silver and made gold the only coin. Since that time the rich have been growing richer and the poor poorer. Before 1819 the poor-houses were comparatively empty, and since that date the masses have been supported by a poor tax and the almshouses have been filled.

"In 1871 Germany conquered France and exacted an indemnity of \$1,000,000,000. The loyal people of France went down in their stockings and closets and the money was poured into the government and was sent in train loads to Germany. The money was locked up in Germany and silver was demonetized. France resumed specie payment and her people have always since been prosperous, while over 1,000,000 Germans have come to the United States

to escape the poverty caused by the demonetization of silver.

"In 1875 the Scandinavian countries, Sweden and Denmark, struck silver from the people's money.

"As a result thousands of Swedes and Danes have come to this country and are today at work on the grain farms of Minnesota, Dakota and Nebraska. Every three months King Otto gets his cabinet together and devises means to keep the people at home, but the only inhabitants of those countries today are the rich who can afford to live there, and those who are too poor to get away. I am a bimetalist because I believe when money flows freely men are prosperous and happy."

Poison in the Kitchen.

No article entering so generally into the food of every household is so generally and villainously adulterated as baking powder. These adulterated powders are shoved upon the public with the greatest persistency.

Throbbing advertisements in newspapers claiming this brand or that is absolutely pure, backed by analyses and certificates, and yet they are adulterated with ammonia or alum. It is to be hoped the law will take hold of these merciless manufacturers and punish them for destroying the stomachs of the unsuspecting consumer.

Amid all this fraud and deceit Dr. Price's Cream Baking Powder stands almost alone battling for pure food and continues to furnish a pure cream of tartar powder at almost the same cost to the people as the ammonia and alum powders are sold at, yet it costs much more to manufacture.

Dr. Price's Cream Baking Powder is of the highest strength. It produces the largest amount of leavening power attainable in a pure baking powder. It is free from ammonia or any other adulteration. No powder does such work. Housewives who have tested all use Dr. Prices only.

CHANGE OF PLACE OF ELECTION.

Notice is hereby given that by a resolution passed by the town council at a meeting held on Tuesday evening, March 22, 1892, the place of holding the annual election for town officers of the town of East Las Vegas, N. M., on Tuesday, April 5, 1892, was ordered changed from the temporary town hall to the office of H. S. Wooster, justice of the peace, on Douglas avenue, in the said town of East Las Vegas, N. M.

SANTA FE ROUTE.

LOCAL TIME CARD.

Table with 2 columns: Arrive and Depart times for various routes like No. 4 New York Express, No. 1 Mexico & Pacific Express, etc.

REPUBLICAN CALL.

A convention of the Republican party of New Mexico is hereby called to meet at Silver City, N. M., on the 14th day of April, 1892, at 10 o'clock a. m., to select delegates to represent the Republican party of New Mexico at the national Republican convention to be held at Minneapolis, Minn., on June 7, 1892.

The several counties of the territory are entitled to representation as follows:

Table with 2 columns: County and Delegates. Lists counties like Bernalillo, Chaves, Colfax, etc., with delegate counts.

County committees are requested to make all proper arrangements for the holding of county conventions, which shall not be held later than April 9, 1892.

County conventions shall be composed of delegates chosen at Republican mass meetings.

County committees will arrange for calling precinct mass meetings, which meetings shall be held not later than March 24, 1892. In the event of the failure of the county committee to issue the call for such precinct mass meetings and county conventions, and in counties where there may be no county committees, then such call shall be issued by the member of the territorial central committee for that county whose name stands first on the roll.

The chairman and secretary of precinct meetings will certify to the chairman of the county committee a list of delegates elected to the county convention.

The chairman and secretary of each county convention shall certify a list of delegates elected to the territorial convention, and mail the same to the secretary of this committee at Santa Fe, N. M., not later than April 10, 1892.

Under existing rules no alternate to the territorial convention can be elected, and no proxies will be recognized unless properly executed and given to persons resident of the county from which the delegate giving the proxy was chosen.

R. E. TWITCHELL, Chairman.

MAYOR'S PROCLAMATION.

Notice is hereby given, that in accordance with the provisions and requirements of the laws of the territory of New Mexico, the annual election of municipal officers for the town of East Las Vegas for the ensuing year, will be held on the first Tuesday of April, A. D. 1892, being the 5th day of April, at which election there will be voted for the following named officers:

One Mayor, for said town, to hold his office for the period of one year. Two members of the Board of Trustees, to hold office each for two years.

One Marshall, to hold office for one year. One Town Recorder, to hold office for one year.

The place of holding said election will be at the office of H. S. Wooster, Justice of the Peace, on Douglas Avenue in the said town of East Las Vegas.

At said election, the polls will be opened from 8 o'clock in the morning and continue open until 3 o'clock in the evening of said day, at which election all qualified electors of this territory, who shall have actually resided within the limits of said town for a period of not less than 30 days prior to the day of said election, and who shall not be in default of his poll tax for the current year, will be entitled to vote.

The following named persons have been appointed by the Board of Trustees of said town as judges of said election, to-wit: H. S. Wooster, Charles Tamme and John A. Ross. And the following named persons have in a manner been appointed to act as clerks at said election: W. B. Thomas and N. B. Roseberry. J. M. CUNNINGHAM, Mayor.

East Las Vegas, N. M., March 8th, 1892.

ORDINANCE No. 42.

Whereas, it is apparent and evident to the Board of Trustees of the town of East Las Vegas, New Mexico, that the funds and means provided by Ordinance No. 38 and No. 39 of the said town of East Las Vegas, (being ordinances of said town providing for the issuing and sale of bonds of said town for the amount of seven thousand dollars per value bearing interest at the rate of six per cent per annum for the purpose of raising money to erect and build on a suitable site upon which to erect needed buildings for the use of said town, and to erect and build on such site, such building or buildings as are needful and suitable for the use of said town for Town Hall, calaboose, and the Fire Department as well as other town purposes), will be insufficient, for such purposes.

And whereas, from the sale of said bonds the moneys received therefrom has been used in the purchase of a suitable site for such town building and the erection and construction of such buildings for town purposes has been contracted for and been commenced, but that the moneys received from the sale of said bonds will be insufficient to complete and finish said buildings according to the plans and specifications adopted by the Board of Trustees of said town for the erection and construction of said town buildings and for the purpose of providing and obtaining means for the completion of said buildings according to the plans and specifications accepted and adopted by said Board of Trustees of said town, and inasmuch as such bonds will be issued or sold at a price of not less than fifty cents of the par value thereof as provided and in the manner set out in the following ordinance, and the money derived from the sale of said bonds will be used exclusively in the completion and finishing of the town buildings now under contract and in course of erection in said town and for no other purpose, therefore:

Be it ordained by the Board of Trustees of the town of East Las Vegas, New Mexico: That there be issued bonds of the said town of East Las Vegas to the amount of ten thousand dollars, their value, bearing interest at the rate of six per cent per annum, interest payable semi-annually on the first day of January and the first day of July, of each and every year, commencing the first day of January A. D. 1893, until the full payment of the principal of said bonds be made as provided for in the ordinance and said bonds to be designated and known as the town hall completion bonds.

Said bonds to be issued under this ordinance to run, mature and to become absolutely payable in thirty years from the date of the issue of same, but redeemable and payable at the option and will of said town at any time after the expiration of ten years from the date of their issue upon the tender or payment of the face value of same or any of said bonds and the accrued interest thereon.

Such payment to be made in the legal tender of the United States, and public lands, newspaper published and circulated in said town at any time after the expiration of said ten years, for the period of thirty days, ending for the redemption of all said bonds, or any of same, newspaper at the place where said bonds are made payable, shall be construed to be full notice to the holder of said bonds, or bonds of the desire and wish of said town to redeem the same, and the same shall not draw interest after such notice and call for redemption by said town.

Said bonds to be issued of such denominations and for such amounts as the purchaser or purchaser hereof may desire, but only in multiples of one hundred dollars, and no bond to be issued for the face or par value of less than one hundred dollars. Said bonds to be sold by the Town Trustees of said town to the highest bidder or bidder for the entire issue of said bonds or for any portion thereof, and the sale of said bonds to be by public sale and published in said town paper published and circulated in said town at the time of the sale of same, and on sealed bids to be received by said town for the entire or any portion, but no bid to be received or considered, nor shall any of said bonds be sold for a price less than ninety-five cents of their par value.

The issuing of said bonds and the creating of said indebtedness by said town by reason of the purchase hereof by the purchaser or purchasers of said bonds, and the payment of said bonds, shall not be a lien upon the property of said town, and the property of said town shall not be sold to pay the same, and the property of said town shall not be sold to pay the same, and the property of said town shall not be sold to pay the same, and the property of said town shall not be sold to pay the same.

Enacted the 5th day of March, A. D. 1892.

Witness my hand and the seal of said town, this 5th day of March, A. D. 1892.

Attest: W. H. KELLY, Recorder pro tem.

MAYOR'S PROCLAMATION.

To the qualified electors and property tax payers of the town of East Las Vegas, N. M.: In accordance with the requirements of the laws of the territory of New Mexico, and in accordance with the provisions of Ordinance No. 42 of the Board of Trustees of said town, the annual election of municipal officers of said town will be held on the first Tuesday of April, A. D. 1892, being the 5th day of April, at which election there will be voted for the following named officers:

One Mayor, for said town, to hold his office for the period of one year. Two members of the Board of Trustees, to hold office each for two years.

One Marshall, to hold office for one year. One Town Recorder, to hold office for one year.

The place of holding said election will be at the office of H. S. Wooster, Justice of the Peace, on Douglas Avenue in the said town of East Las Vegas.

At said election, the polls will be opened from 8 o'clock in the morning and continue open until 3 o'clock in the evening of said day, at which election all qualified electors of this territory, who shall have actually resided within the limits of said town for a period of not less than 30 days prior to the day of said election, and who shall not be in default of his poll tax for the current year, will be entitled to vote.

The following named persons have been appointed by the Board of Trustees of said town as judges of said election, to-wit: H. S. Wooster, Charles Tamme and John A. Ross. And the following named persons have in a manner been appointed to act as clerks at said election: W. B. Thomas and N. B. Roseberry. J. M. CUNNINGHAM, Mayor.

East Las Vegas, N. M., March 8th, 1892.

ORDINANCE No. 42.

Whereas, it is apparent and evident to the Board of Trustees of the town of East Las Vegas, New Mexico, that the funds and means provided by Ordinance No. 38 and No. 39 of the said town of East Las Vegas, (being ordinances of said town providing for the issuing and sale of bonds of said town for the amount of seven thousand dollars per value bearing interest at the rate of six per cent per annum for the purpose of raising money to erect and build on a suitable site upon which to erect needed buildings for the use of said town, and to erect and build on such site, such building or buildings as are needful and suitable for the use of said town for Town Hall, calaboose, and the Fire Department as well as other town purposes), will be insufficient, for such purposes.

And whereas, from the sale of said bonds the moneys received therefrom has been used in the purchase of a suitable site for such town building and the erection and construction of such buildings for town purposes has been contracted for and been commenced, but that the moneys received from the sale of said bonds will be insufficient to complete and finish said buildings according to the plans and specifications adopted by the Board of Trustees of said town for the erection and construction of said town buildings and for the purpose of providing and obtaining means for the completion of said buildings according to the plans and specifications accepted and adopted by said Board of Trustees of said town, and inasmuch as such bonds will be issued or sold at a price of not less than fifty cents of the par value thereof as provided and in the manner set out in the following ordinance, and the money derived from the sale of said bonds will be used exclusively in the completion and finishing of the town buildings now under contract and in course of erection in said town and for no other purpose, therefore:

Be it ordained by the Board of Trustees of the town of East Las Vegas, New Mexico: That there be issued bonds of the said town of East Las Vegas to the amount of ten thousand dollars, their value, bearing interest at the rate of six per cent per annum, interest payable semi-annually on the first day of January and the first day of July, of each and every year, commencing the first day of January, A. D. 1893, until the full payment of the principal of said bonds be made as provided for in the ordinance and said bonds to be designated and known as the town hall completion bonds.

Said bonds to be issued under this ordinance to run, mature and to become absolutely payable in thirty years from the date of the issue of same, but redeemable and payable at the option and will of said town at any time after the expiration of ten years from the date of their issue, upon the tender or payment of the face value of same or any of said bonds and the accrued interest thereon.

Such payment to be made in the legal tender of the United States, and public lands, newspaper published and circulated in said town at any time after the expiration of said ten years, for the period of thirty days, ending for the redemption of all said bonds, or any of same, newspaper at the place where said bonds are made payable, shall be construed to be full notice to the holder of said bonds, or bonds of the desire and wish of said town to redeem the same, and the same shall not draw interest after such notice and call for redemption by said town.

LAS VEGAS

Hot Springs.

NEW MEXICO.

A COZY NOOK IN WINTER.

In the states we occasionally have an autumnal day when there is just a tinge of frostiness in the air and a vast sea of sunlight through which the earth exultingly plunges; not a cloud in the sky, scarcely a breath of wind stirring the dust heaps, when effort of mind and muscle has no limit.

In New Mexico—the land of all lands where "it is always afternoon," such days are the rule, not the exception; and no other nook in New Mexico has so delightful a climate at all seasons of the year as Las Vegas Hot Springs. From November to April scarcely a day passes during which the sun does not shine brilliantly and continuously. During the summer months, when lower countries are sweltering in the heat, there is the same genial warmth and glow without the enervating effects of excessive humidity. The average mid day winter temperature is from 50 to 60 degrees Fahrenheit. In summer the highest flight of the thermometer rarely exceeds 80 degrees at noon, and the average for that hour is only 75. The altitude (7,000 feet above the sea), the picturesque valley, the high, pine covered mountains, the even temperature, and warm, dry air, combine to make this a favorite resort for tourists and an ideal place for invalids.

Las Vegas Hot Springs is located on the southeastern slope of the Santa Fe range of the Rocky mountains, six miles from the thrifty city of Las Vegas. There are upward of forty hot and cold springs; the water from the best of them being conducted in pipes to a large and handsome bath house of modern construction. Almost all forms of chronic disease yield to the curative effects of these wonderful waters. It is not claimed nor expected that everybody will be made well. It is confidently asserted that where there is anything left to build upon good results almost always follow a thorough course of treatment at the Hot Springs, and some remarkable cures have occurred. Persons who have failed to receive relief elsewhere for rheumatism, catarrh, lung trouble and diseases of the blood are invited to try the great New Mexico sanitarium. Skilled physicians are always in attendance.

A branch line of the Atchison, Topeka & Santa Fe railroad connects the city with the springs. Five daily passenger trains each way render it easy of access from Las Vegas. Telegraph and telephone lines give additional communication with the outside world.

But the chief feature of the place, aside from its pre-eminence as a resort for invalids, is the MONTREUX HOTEL, a commodious and massive structure of stone, crowning a slight eminence near the station. It may be doubted by those who know nothing of western push and enterprise, but here, in the very heart of old Spain-in-new-America, is the finest watering place hotel west of the Alleghenies. Perhaps there are a few others that are larger—they are not many. Certainly none are more satisfying to the eye or more restful to the tired, dusty, worn-out traveler. Large, handsome rooms, a fine cuisine, a commanding location and a careful catering to the wants of all guests make the Montreux hotel peculiarly suitable as a stopping place for transcontinental tourists via the Santa Fe route and for all classes of rest, pleasure and health seekers the country over.
